## **The Banco de España and the CNMV sign a cooperation agreement with the Spanish Red Cross to promote financial education**

The Spanish National Securities Market Commission (CNMV) and the Banco de España have signed a cooperation agreement with the Spanish Red Cross, under the framework of the Financial Education Plan, to promote financial education among the various groups served by this social organisation.

The agreement not only sees the Spanish Red Cross join the network of partners to the Financial Education Plan, but also the engagement of the Banco de España and the CNMV in the provision of financial training sessions for groups at risk of social exclusion. This strengthens the drive launched by both authorities to ensure the sustainability and development of activities that contribute to social well-being.

The Financial Education Plan was launched in 2008 by the Banco de España and the CNMV to promote financial education among the Spanish public, supported by an extensive network of partners from various spheres committed to working towards this objective.
