Fitch Upgrades BBVA Leasing 1's Class B Notes

Fitch Ratings-Madrid/London-16 November 2018: Fitch Ratings has upgraded BBVA Leasing 1, FTA's class B notes and affirmed the class C notes, as follows:

EUR11.3 million Class B notes upgraded to 'A-sf' from 'BB+sf'; Outlook Stable EUR61.3 million Class C notes affirmed at 'Csf'; Recovery Estimate 20%

BBVA Leasing 1 FTA is a securitisation of a pool of leasing contracts originated by Banco Bilbao Vizcaya Argentaria S.A. (BBVA; A-/Stable/F2). The leasing contracts are extended to non-financial small- and medium-sized enterprises domiciled in Spain. BBVA is also servicer, account bank and swap provider for the transaction.

KEY RATING DRIVERS

Increasing Class B Credit Enhancement (CE)

CE for the class B notes has continued to increase to 66.4% from 42% since the last annual review. The class A notes have been paid in full and the class B notes are now the most senior class outstanding. The balance of the class B notes has decreased to EUR 11.3 million from EUR 28.1 million over the last 12 months.

Large Principal Deficiency Ledger (PDL)

The class C notes are under-collateralised as the transaction maintains a large PDL of EUR38.3 million as of 31 August 2018 due to the weak past collateral performance. Consequently, Fitch believes the class C notes' default is inevitable, as reflected by their 'Csf' rating. We have maintained the Recovery Estimate at 20% as the PDL has remained stable.

Highly Concentrated Portfolio

The portfolio has high levels of concentration due to the amortisation of the collateral. Only 1.4% of the original collateral remains outstanding and the top 10 obligor concentration has increased to 20.8% from 17.9% of the outstanding collateral balance. The largest industry and geographical concentrations are to real estate and Cataluna, which represent 31.9% and 34.8% of the portfolio, respectively.

Stable Performance

Cumulative loss rates have remained stable at around 2.8% since the last annual review due to the limited defaults and recoveries in the transaction over the last year. 90dpd delinquencies increased to 1.3% from 0.5% and appear volatile but this is due to the low granularity of the portfolio as small number of receivables can result in sharp movements of delinquency ratios.

RATING SENSITIVITIES

The class B notes' rating is relatively robust to asset assumptions due to the high CE and low remaining balance. However, the transaction could be exposed to significant performance volatility due to the high concentration levels of the portfolio. The class C notes' rating would be unaffected because it is already at a distressed level.

USE OF THIRD-PARTY DUE DILIGENCE PURSUANT TO RULE 17G-10

Form ABS Due Diligence-15E was not provided to, or reviewed by, Fitch in relation to this rating action.

DATA ADEQUACY

Fitch has checked the consistency and plausibility of the information it has received about the performance of the asset pool and the transaction. There were no findings that affected the rating analysis. Fitch has not reviewed the results of any third-party assessment of the asset portfolio information or conducted a review of origination files as part of its ongoing monitoring.

Fitch did not undertake a review of the information provided about the underlying asset pool ahead of the transactions initial closing. The subsequent performance of the transaction over the years is consistent with the agency's expectations given the operating environment and Fitch is therefore satisfied that the asset pool information relied upon for its initial rating analysis was adequately reliable.

Overall and together with the assumptions referred to above, Fitch's assessment of the information relied upon for the agency's rating analysis according to its applicable rating methodologies indicates that it is adequately reliable.

In issuing and maintaining its ratings and in making other reports (including forecast information), Fitch relies on factual information it receives from issuers and underwriters and from other sources Fitch believes to be credible. Fitch conducts a reasonable investigation of the factual information relied upon by it in accordance with its ratings methodology, and obtains reasonable verification of that information from independent sources, to the extent such sources are available for a given security or in a given jurisdiction. The manner of Fitch's factual investigation and the scope of the third-party verification it obtains will vary depending on the nature of the rated security and its issuer, the requirements and practices in the jurisdiction in which the rated security is offered and sold and/or the issuer and its advisers, the availability of pre-existing third-party verifications such as audit reports, agreed-upon procedures letters, appraisals, actuarial reports, engineering reports, legal opinions and other reports provided by third parties, the availability of independent and competent third- party verification sources with respect to the particular security or in the

[Press Release] Fitch Upgrades BBVA Leasing 1's Class B Notes

particular jurisdiction of the issuer, and a variety of other factors. Users of Fitch's ratings and reports should understand that neither an enhanced factual investigation nor any third-party verification can ensure that all of the information Fitch relies on in connection with a rating or a report will be accurate and complete. Ultimately, the issuer and its advisers are responsible for the accuracy of the information they provide to Fitch and to the market in offering documents and other reports. In issuing its ratings and its reports, Fitch must rely on the work of experts, including independent auditors with respect to financial statements and attorneys with respect to legal and tax matters. Further, ratings and predictions about future events that by their nature cannot be verified as facts. As a result, despite any verification of current facts, ratings and forecasts can be affected by future events or conditions that were not anticipated at the time a rating or forecast was issued or affirmed.

The information in this report is provided "as is" without any representation or warranty of any kind, and Fitch does not represent or warrant that the report or any of its contents will meet any of the requirements of a recipient of the report. A Fitch rating is an opinion as to the creditworthiness of a security. This opinion and reports made by Fitch are based on established criteria and methodologies that Fitch is continuously evaluating and updating. Therefore, ratings and reports are the collective work product of Fitch and no individual, or group of individuals, is solely responsible for a rating or a report. The rating does not address the risk of loss due to risks other than credit risk, unless such risk is specifically mentioned. Fitch is not engaged in the offer or sale of any security. All Fitch reports have shared authorship. Individuals identified in a Fitch report were involved in, but are not solely responsible for, the opinions stated therein. The individuals are named for contact purposes only. A report providing a Fitch rating is neither a prospectus nor a substitute for the information assembled, verified and presented to investors by the issuer and its agents in connection with the sale of the securities. Ratings may be changed or withdrawn at any time for any reason in the sole discretion of Fitch. Fitch does not provide investment advice of any sort. Ratings are not a recommendation to buy, sell, or hold any security. Ratings do not comment on the adequacy of market price, the suitability of any security for a particular investor, or the tax-exempt nature or taxability of payments made in respect to any security. Fitch receives fees from issuers, insurers, guarantors, other obligors, and underwriters for rating securities. Such fees generally vary from US\$1,000 to US\$750,000 (or the applicable currency equivalent) per issue. In certain cases, Fitch will rate all or a number of issues issued by a particular issuer, or insured or guaranteed by a particular insurer or guarantor, for a single annual fee. Such fees are expected to vary from US\$10,000 to US\$1,500,000 (or the applicable currency equivalent). The assignment, publication, or dissemination of a rating by Fitch shall not constitute a consent by Fitch to use its name as an expert in connection with any registration statement filed under the United States securities laws, the Financial Services and Markets Act of 2000 of the United Kingdom, or the securities laws of any particular jurisdiction. Due to the relative efficiency of electronic publishing and distribution, Fitch research may be available to electronic subscribers up to three days earlier than to print subscribers.
