

**GAMESA CORPORACION TECNOLOGICA, S.A.- SIGNIFICANT EVENT**

**As per set in Section 82 of the Act 24/1988, of the Stock Exchange, GAMESA announces the following statement:**

Gamesa Corporación Tecnológica, S.A. (Gamesa), through its subsidiary Gamesa Eolica Brasil Ltda., has signed two new contracts for the supply of a total of 150 megawatts (MW) in Brazil. One of the contracts, signed with Serveng Energias Renováveis -subsidiary of the infrastructure group Serveng-, encompasses the supply, transportation, installation and commissioning of 54 turbines G114-2.0 MWs (108 MW of total power) in the state of Rio Grande do Norte, slated for supply over the course of 2016 and 2017 and with the facilities due for commissioning by the end of 2017. The second contract, signed with the utility Companhia Hidroelétrica do São Francisco (Chesf) and the developer Sequoia Energia, covers the supply of 21 wind turbines G97-2.0 MW (42 MW of total power) in the state of Bahia, scheduled to be commissioned during the first half of 2016. Both contracts include the long term provision of operations and maintenance services to the wind farms.

With these new agreements, Gamesa has accumulated in 2014 an entry of orders for more than 3,300 MW, driven by the strong activity of the last quarter of the fiscal year.
