

**The Financial Services and Markets Authority (FSMA) warns the public against the fraudulent activities of Furst Kredit, a company that is offering credit illegally to consumers.**

Furst Kredit is not authorized or registered in Belgium as a lender or credit intermediary. **Therefore, Furst Kredit may not offer credit in Belgium.**

According to the information available to the FSMA, it seems that the credit being offered by Furst Kredit is **entirely fraudulent**. The company operates as follows: if a consumer tries to take up the offer, he or she is asked to make certain payments supposedly to cover various **costs** relating to the credit (for example, so-called dossier fees or administrative costs). Once these costs have been paid, the consumer does not receive the credit, and it is almost impossible to recover the sums that were paid. More information about this type of consumer credit fraud is available in the [general warning](#) published by the FSMA on 29 July 2019.

**The FSMA therefore very strongly advises against responding to any offers of credit made by Furst Kredit and against making any payment to the company.**
