A. Executive summary

1. Presentation by the Chairman of the Board of Directors

The aim of our good governance practices is to ensure that both the Company's management model and the decisions of the Board of Directors and its Committees are focused on preserving the long-term interest of our stakeholders and guaranteeing the group's sustainability. Our corporate governance system is in a constant review and improvement process, incorporating the main recommendations of the international markets and the latest trends in this area.

Our Board is composed of Directors with broad professional experience and diversity in terms of training, origin, gender and age. Following the latest appointments, the percentage of women has risen to 33%, 13% higher than in 2018. Among the main developments of 2019, it should be highlighted that the agreement at the General Shareholders Meeting on 31 May to reduce the number of Directors to 15 in line with the recommendation established in the Good Governance Code for listed companies.

Throughout 2019, the Board and the Committees have continued working on the oversight of the most significant matters for the Company and on making decisions on relevant matters, such as the monitoring of the Strategic Plan, sustainability action plans or aligning the Company with the objectives of the Paris Agreement to have zero net emissions in 2050.

In this year, we will continue to work on the constant improvement of our Good Governance system, supported by the continued dialogue and the engagement with our interest groups under our principles of efficiency, respect, anticipation and value creation, involving them in the future of Repsol.

3. The Board of Directors

The Company's corporate governance system, established in accordance with the best national and international reference standards, guides the functioning of the Board of Directors based on the principles of efficiency, respect, anticipation and value creation.

Repsol's Board of Directors has the size and structure necessary to promote efficient functioning and maximize participation, in accordance with the Company's share capital structure as well as the geographical distribution and complexity of their business. Its composition was determined based on criteria of complementarity, balance, and diversity of knowledge, professional experience, nationality and gender¹.

All shareholders with significant shareholder and with the right to proportional representation are represented on Repsol's Board of Directors.

¹ Further information on the composition of the Board of Directors may be consulted in section "B. REGULATORY INFORMATION – 3. Repsol's governance body" of this Report.

² With effect from 31 December 2019, when Mr. Luis Suárez de Lezo Mantilla concluded his executive functions as General Secretary of the Company, he has been reclassified as "External Director" by the Board.

As established in the Company Bylaws, the Board must be formed by a maximum of sixteen (16) and a minimum of nine (9) Directors. The General Shareholders's Meeting held on 31 May 2019 approved the number of members of the Board of Directors at fifteen (15).

³ Mr. Brufau was the Chairman and CEO of Repsol until April 30, 2015 and, therefore, cannot be considered an Independent Director. He also cannot be classified as a Proprietary Director, given that he does not have a significant stake and has not been appointed as a result of being a shareholder or representing shareholders of the Company.

⁴ Mr. Reichstul was an Independent Director from December 2005 to May 2017 and, therefore, cannot be considered an Independent Director. He also cannot be classified as a Proprietary Director, given that he does not have a significant stake and has not been appointed as a result of being a shareholder or representing shareholders of the Company.

⁵ Mr. Suárez de Lezo was Executive Managing Director of Repsol until December 31, 2019 and, therefore, cannot be considered an Independent Director. He also cannot be classified as a Proprietary Director, given that he does not have a significant stake and has not been appointed as a result of being a shareholder or representing shareholders of the Company.

Key issues

Changes to the composition of the Board

- Appointments of Ms. Arantza Estefanía Larrañaga and Ms. Teresa García-Milá Lloveras at the General Meeting of May 31, 2019.
- Expiry of the term of office of Mr. Luis Carlos Croissier Batista and of Mr. Ángel Durández Adeva.

Structure

- Wide majority of **Non-Executive Directors 93.33%**
- More than half of **Independent Directors 53.33%**
- The term of office of the Director is for **4 years**.
- Independence of the Committees.

Diversity

- Presence of women of the Board of **33%**
- Repsol's commitment to increase the percentage of women of the Board of Directors to 30% by 2020 **ACHIEVED**.
- **International representation** of the Board of **26.6%**: Rene Dahan (Dutch), Robinson West (American) y Maite Ballester (Spanish and American passport) and Henri Philippe Reichstul (Brazilian). Additionally, other Directors have a broad international experience.

Separation of the role of chairman and CEO

- Since April 2014, the positions of Chairman of the Board of Directors have been **separated**. **Josu Jon Imaz** is the **Chief Executive Officer** and discharges executives functions and **Antonio Brufau** holds the position of **Chairman of the Board of Directors**.
- The separation of functions ensures the balance of powers, promoting the independence and objectivity of the Board in its supervisory tasks.

4. Interaction with investors

Repsol is committed to following best practices, and voluntarily incorporates recommendations from shareholders, investors, proxy advisors and other stakeholders, such as financial analysts, regulatory and supervisory bodies, or credit rating agencies, among others.

The Company therefore continuously assesses the expectations of these stakeholders, engages in ongoing dialogue with them and regularly reports in a transparent manner on its financial, governance, environmental and social performance. The Chief Executive Officer, Josu Jon Imaz, manages and leads specific roadshows on the Company's environmental, social and corporate governance (ESG)⁶ matters, responding to requests for information from stakeholders.

The Board of Directors is informed on a regular basis of the perceptions and expectations of shareholders, investors, proxy advisors and other stakeholders.

In 2019 Repsol held the 6th Sustainability Day with ESG investors, for the purpose of making them aware of its strategy and performance regarding sustainability, as well as the actions being taken by the Company to respond to the energy transition challenge.

Repsol Shareholders Community

In order to strengthen the Company's direct and two-way relationship with individual shareholders, Repsol established the “Repsol en Acción Community” channel, where the Company's shareholders may sign up voluntarily.

Repsol Shareholders Advisory Committee

The Company has had the Repsol Shareholders Advisory Committee since 2014, which was created with the aim of improving the dialogue between the company and its shareholders and is part of the Repsol Group's corporate governance policy, as an initiative to promote and establish channels for a regular exchange of information with groups of shareholders. The Committee is composed of twelve (12) minority shareholders, the ED CFO, who chairs it, and the ED Investor Relations Director as the Vice-chairman.

The shareholders members of the Committee have submitted various proposals to improve the relationship and communication with this group, which have been analyzed in full and applied when deemed appropriate.

Information provided to the market

The Repsol Group has a Investor Relations Division whose responsibilities include ensuring that the information supplied by the Company to the market (financial analysts and institutional investors, among others) is transmitted in an equitable and symmetrical manner and on a timely basis and, in accordance with the Repsol Group's Internal Code of Conduct in relation to the Securities Market, that such information is accurate, clear, complete and, when required by the nature of the information, quantified, without being misleading or confusing.

The Repsol Group has also approved and published a [communication and contact Policy for shareholders, institutional investors and proxy advisors](#) that defines and establishes the principles and guidelines for contacting and communicating with these groups.

B. The Repsol Corporate Governance System

1. Regulatory Framework

The external regulatory framework of reference and the Company's internal regulations regarding corporate governance are described below.

1.1. EXTERNAL REGULATORY FRAMEWORK

Revised Text of the Spanish Corporate Enterprises Act, approved by Legislative Royal Decree 1/2010, of July 2 (the "Corporate Enterprises Act")

It constitutes the main regulation that governs in general the functioning of corporate enterprises under Spanish law.

With regard to companies whose shares are admitted to listing on an official secondary market, particular mention should be given to Title XIV of this law, which governs the special characteristics applicable to these types of companies under the ordinary regime. Among others, according to the provisions of article 540 of the Corporate Enterprises Act, includes the obligation to report to the Spanish National Securities Market Commission (the "CNMV") and publish a corporate governance report on an annual basis (the "Annual Corporate Governance Report") as a Material Event.

CNMV Circular 5/2013, of June 12 ("Circular 5/2013"), amended by CNMV Circular 2/2018, of June 12 ("Circular 2/2018")

This Annual Corporate Governance Report, corresponding to 2019, is prepared pursuant to section 540 of the Spanish Corporate Enterprises Act (Ley de Sociedades de Capital), following the instructions established in Circular 2/2018 of the Spanish National Securities Market Commission.

In accordance with the option offered by Circular 2/2018, Repsol has decided to select the free format model, including the minimum content required by the regulations and the statistical appendix included in Circular 2/2018. This Report therefore responds to Repsol's desire to remain at the forefront in the transparency of its corporate governance system as well as to facilitate the shareholders' understanding of that information.

This Annual Corporate Governance Report has been approved by unanimous vote by the Board of Directors at its meeting on 19 February 2020

Good Governance Code for Listed Companies, approved by resolution of the Board of the CNMV on February 18, 2015 (the "GGC")

This is the reference framework in Spain on best practices regarding corporate governance. It is voluntary and follows the "comply or explain" principle.

With regard to the structure of the GGC, it should be noted that 25 of general principles (25) have been identified, which are those that inspire and underpin the (64) recommendations on each specific matter.

Degree of compliance with good governance recommendations

Appendix I of this annual corporate governance report contains detailed information on compliance with the recommendations of the GGC, as well as any relevant explanations, where applicable.

Degree of compliance with good governance recommendations

1.2. INTERNAL REGULATORY FRAMEWORK

The complete and updated texts of the Company's internal regulations that are described below, as well as other corporate governance information and on general meetings, are available for consultation on the Company's corporate website(www.repsol.com), under the 'Shareholders and Investors - [Corporate Governance](#)' section.

These regulations are reviewed on a regular basis in order to incorporate best corporate governance practices and maintain the highest degree of transparency of information in relation to the Company's shareholders and other stakeholders.

This not only evidences compliance on the part of Repsol with applicable regulations, but also its intent to go beyond the inclusion of and adherence to recommendations, best practices and trends in corporate governance, both at a national and international level.

- Approved on April 4, 2003 and last amended on April 30, 2015.

Board Regulations

- Regulations, approved by the Board of Directors, the purpose of which is to govern its structure, competencies and functioning, as well as that of its Committees⁽¹⁾.
- Approved on December 19, 2007 and last amended in July 2016.

⁽¹⁾ The specific regulation of the Board Committees is in Articles 33, 34, 35, 36 and 37 of the Board of Directors

Internal Code of Conduct in the Securities Market

- Regulations, approved by the Board of Directors, the purpose of which is to govern the rules of conduct that must be observed by the persons included in its scope of application in its actions related to securities markets.
- Approved on July 11, 2003 and last amended on February 4, 2020.

Ethics and Conduct Code

- Regulations, approved by the Board of Directors, the purpose of which is to establish the reference framework to understand and put into practice the behaviors and expectations that Repsol has in the persons that form part of the Company in their daily work.
- Approved on July 27, 2016.

Corporate policies

- In addition to the internal regulations already mentioned, the Board of Directors has approved the following policies:
 - Policy of communication and contact with shareholders, institutional investors and proxy advisors.

In accordance with the notice submitted to the CNMV on September 13, 2018, the shareholding of Temasek Holdings (Private) Limited reduces its stake under the 3% of share capital. Therefore, the Board of Directors on October 30, 2018, following a report from the Nomination Committee, agreed that Mr. Dahan should remain as Director based on his experience, knowledge, prestige and contribution.

The Company does not have any record of any family, commercial, contractual or corporate relationships between holders of significant stakes, or any significant relationships of this type or those arising from ordinary trading activities between the holders of significant stakes and the Company.

Restrictions on voting rights and nomination of members of management bodies

The exercise of voting rights corresponding to shares and its capacity to appoint members of the Board of Directors may be affected by the following regulations applicable to the Company.

Article 34 of Royal Decree-Law 6/2000, of June 23, on urgent measures to intensify competition in goods and services markets ("Royal Decree-Law 6/2000")

It establishes restrictions on the voting right and the ability to directly or indirectly appoint members of the management bodies of companies that have the status of principal operator in the same market or sector, including, among others, markets for the production and distribution of fuels, liquefied gases of oil and natural gas as well as generation of electricity. The main operator is defined as the entities that hold the five largest shares of the market in question.

These limitations are specified in individual or legal entities who, directly or indirectly, participate in the capital or in the voting rights of two or more companies that have the status of principal operator in the same market or sector, or have themselves the condition of principal operator in the same market or sector may not exercise the voting rights in a second company that has the same status of principal operator in the same market or sector, in a share of more than 3% of the total in the capital or in other securities that confer political rights of that other company, nor may they directly or indirectly appoint members of the administrative bodies of said company

These constraints will not be applicable to parent companies that are principal operators in respect of their subsidiaries that are in the same position, provided this structure is imposed by law or the result of a mere redistribution of securities or assets among group companies.

However, the Spanish National Markets and Competition Commission (the "CNMC") may authorize the exercise of the voting rights corresponding to the excess with regard to interests or the appointment of members of the governance bodies, provided this does not favor the exchange of strategic information among operators or imply any risks of coordination of their strategic actions.

Law 3/2013, of June 4, on the creation of the Spanish National Markets and Competition Commission ("Law 3/2013, 4 of June")

It establishes a procedure for controlling certain business transactions in the energy sector, among them the acquisition of interests in companies that carry out oil refining activities, transportation through oil pipelines and storage of petroleum products. All these facilities that are also considered as strategic assets.

In particular, the acquisition of a stake in the share capital that give a significant influence in the management of those companies that, directly or through controlled companies, carry out such activities have to be communicated to the CNMC who will be competent to hear such operations in accordance with the provisions of the ninth additional provision of Law 3/2013, of June 4, until the competent Ministry has the necessary means to exercise said competence. Said operations may be subject to the imposition of conditions relating to the exercise of the activity of the affected companies or to the purchaser, if the latter is not a national of the European Union or the European Economic Area and it is considered that there is a real and sufficiently serious threat that risks arise for the guarantee of supply of hydrocarbons.

Furthermore, and in line with recommendation number 1 of the Good Governance Code for Listed Companies, Repsol's Bylaws do not contain any restrictions as to the maximum number of votes that may be cast by a single shareholder, or impose any other restrictions that may hinder the acquisition of a controlling stake in the market.

Lastly, it should be noted that in 2019 the Company did not resolve to take any measures to neutralize a takeover bid pursuant to Article 135 of the Securities Market Law.

Shareholders agreements

The Company has not been notified of any shareholders agreements that affect it, and no concerted actions have taken place between its shareholders.

Significant agreements that may be affected by a change in control of the Company as a result of a takeover bid

The Company usually participates in the exploration and exploitation of hydrocarbons through consortiums or joint ventures with other oil companies, both public and private. The agreements regulating the relations among partners of the joint ventures commonly grant the other members a right of pre-emption, in the case that any of the members in the cases in which one of the members intends to directly or partially transfer their participation. , in some cases, this could also be applied in cases of indirect transmission, that is, when a change of control occurs in a member.

The laws regulating the oil and gas industry in several countries in which the company operates also submit to prior authorization by the competent government of any transfer of all or part of licenses for hydrocarbon exploration and exploitation concessions, and such authorization is sometimes also required for takeovers of the concessionary company or companies, especially the one that operates the mining business.

Treasury shares

At 2019 year-end, the Company directly held:

10,408,231	0,681%
Treasury shares	% of voting rights

Significant variations during the year

The purchases of shares made for retirement under the Redemption Programme, initiated on 30 August and ending on 5 November, in which 70,368,868 shares were acquired, should be highlighted.

Moreover, on 7 November, a share capital reduction was executed by means of the retirement of 71,394,987 treasury shares, each with a par value of one euro, approved by Repsol's General Shareholders Meeting held on 31 May 2019, within point seven on the agenda.

With regard to treasury share transactions, the Board of Directors is currently authorized to carry out the derivative acquisition of Repsol shares, either directly or through subsidiaries, by virtue of the authorization approved at the Company's Annual General Meeting held on second call on May 11, 2018, as item 8 of the agenda, the resolution of which is transcribed as follows:

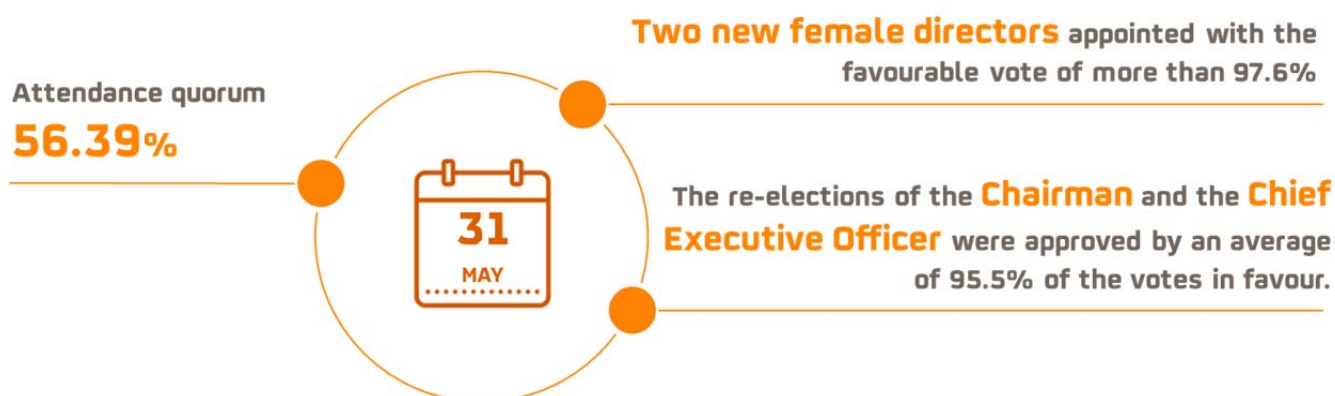

“One. To authorize the Board of Directors for the derivative acquisition of shares of Repsol, S.A., by sale, purchase, exchange or any other onerous legal business modality, directly or through subsidiaries, up to a maximum number of shares, that added to those already own by Repsol, S.A. and its subsidiaries, not exceeding 10% of the share capital and for a price or equivalent value that may not be lower than the nominal value of the shares nor exceed the quoted price on the stock market.

The authorization includes the acquisition of shares that, if any, may be disbursed among the employees and directors of the Company and its Group or used to satisfy the exercise of option rights that such persons may hold.

This authorization, which is subject to compliance with all other applicable legal requirements, will be valid for 5 years from the date of this General Shareholders Meeting, rendering null and void, with regard to the part not used, the authorization granted at the Annual General Meeting held on March 28, 2014 as item twenty on the Agenda.

Two. To authorize the Board of Directors to in turn delegate (with the power of delegation, where appropriate) to the Delegate Committee and/or the Chief Executive Officer, pursuant to that established in Article 249 bis.I) of the Corporate Enterprises Act, all the powers that may be delegated that are referred to in this resolution, and all without prejudice to the powers of attorney that exist or may be conferred in relation to the content of this resolution.”

2.2. GENERAL SHAREHOLDERS MEETING

The General Shareholders Meeting is the sovereign corporate body through which the shareholders' right to participate in the Company's decision-making process is exercised. The basic principles of its organization and operation are governed in the Company Bylaws and in its Regulations, which contain the rules governing its legal and bylaw-stipulated activities and supplement the applicable rules established in current commercial legislation and the Company Bylaws.

The General Meeting, duly called and convened, will decide by the majorities required in each case by law, the Company Bylaws and the Regulations of the General Meeting on the matters within its competence and, in particular, on the following:

Powers of the General Meeting

- Approval of the financial statements of Repsol and the consolidated financial statements of its group, the management of the Board of Directors, and the proposed allocation of profit or loss.
- Increase and reduction of share capital, including authorization to the Board of Directors to increase share capital under the terms established in the Corporate Enterprises Act and the removal or limitation of pre-emption rights.
- Approval of the issue of debentures and authorization to the Board of Directors to do so.
- Appointment and removal of directors, and ratification or revocation of appointments by co-optation made by the Board.
- Acquisition, disposal or contribution to another company of the Company's essential operating assets.
- Transfer to subsidiaries of essential activities performed up until that time by the Company, even if the Company retains full control over these activities.
- Approval, when permitted by law, of structural modifications and, in particular, the transformation, merger, spin-off, global assignment of assets and liabilities, and transfer of the registered office abroad.
- Approval of the Directors' remuneration policy.
- Releasing of Directors, on an individual basis, from the obligations deriving from their duty of loyalty in the following cases:
 - a. Authorization of related party transactions in the cases contemplated in Article 22 bis of the Company Bylaws.
 - b. Release from the prohibition of obtaining advantages or remuneration from third parties, other than the Company and its Group, associated with the performance of their duties, unless these are merely courtesies.
 - c. Release from the obligation not to compete with the Company, pursuant to Article 44 bis of the Company Bylaws.
- Approval of operations that have the equivalent effect of liquidating the Company.
- Authorization for the acquisition of treasury shares.
- Approval of the final liquidation balance sheet.
- Appointment and, as case may be, removal of auditors.
- Approval of amendments to the Bylaws in accordance with Law and the Company Bylaws.
- Dissolution of the Company.

Accordingly, the Company has not made any decisions that must be submitted for approval at the General Shareholders Meeting, other than those established by law, which involved the acquisition, disposal or contribution to another company of essential assets or any other similar corporate transaction.

Quorums for calling the meeting and voting

The quorum required to validly convene the General Shareholders Meeting is governed by the rules established in the Corporate Enterprises Act.

However, with regard to the majorities necessary for passing resolutions, the Company Bylaws, as authorized by law, establish a larger quorum, both on first and second call, of 75% of the share capital with voting rights attending the General Meeting to validly pass the resolutions indicated below:

- Authorization of related party transactions in the cases contemplated in Article 22 bis of the Company Bylaws.
- Releasing of a Director from their obligation of non-competition pursuant to Article 44 bis of the Company Bylaws.
- Amendment to Articles 22 bis and 44 bis of the Company Bylaws on related party transactions and prohibition of competition for Directors.
- Amendment to Article 22.3 of the Company Bylaws, which explains the larger majority for voting.
- Amendment to Article 13.8 of the Regulations of the General Shareholders Meeting, which explains the larger majority for voting.

Amendments to the Company Bylaws are governed by the following articles:

Article 21 of the Company Bylaws

This article indicates that in order for the General Meeting, whether annual or extraordinary, to be able to validly agree to any amendment to the Bylaws, the following will be necessary:

First call: the attendance of shareholders, in person or by proxy, representing at least 50% of the subscribed share capital with voting rights.

Second call: the attendance of shareholders representing 25% of the share capital.

Article 22 of the Company Bylaws

This article indicates that in order to validly pass a resolution to amend the Bylaws, the following majorities are required:

If the share capital in person or by proxy exceeds 50% of the subscribed share capital with voting rights, the favorable vote of the absolute majority will be sufficient, such that the resolution will be deemed to have passed when the votes in favor represent more than half of the votes corresponding to the shares present in person or by proxy at the meeting. When shareholders attending the meeting on second call represent 25% or more of the subscribed share capital with voting rights, but less than 50%, the favorable vote of two thirds of the share capital present in person or by proxy at the meeting will be required.

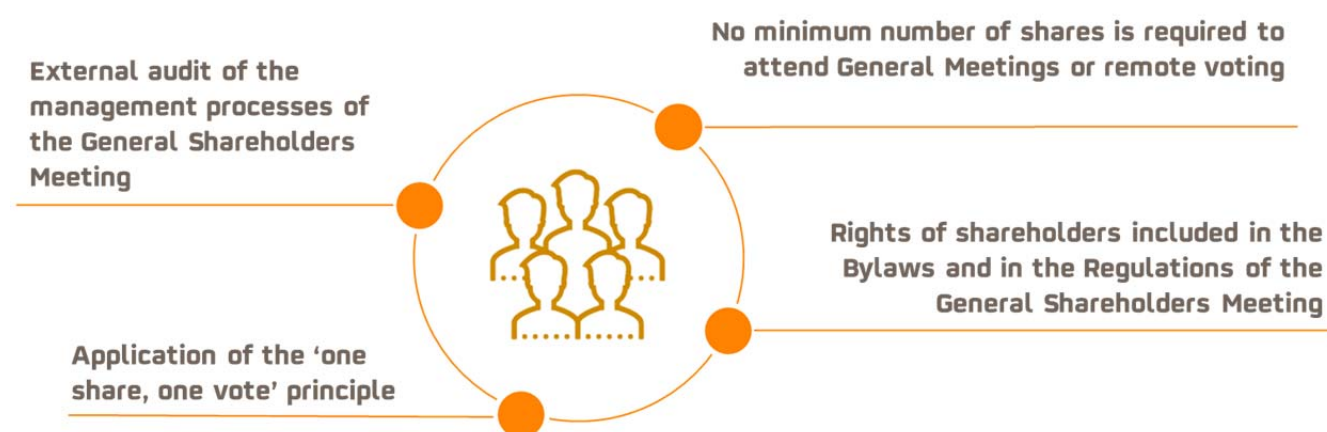

However, and in accordance with that indicated above, a special requirement is established with regard to the regime set forth in the Corporate Enterprises Act for the amendment of Article 22 bis (“Related party transactions”) and Article 44 bis (“Prohibition of competition”) of the Bylaws, and the amendment of the special rule itself (Article 22.3). In order to validly approve these amendments to the Bylaws, they will require, both on first and second call, the favorable vote of 75% of the share capital with voting rights attending the General Meeting.

Right to attend

Those shareholders that meet the following conditions may attend the General Meeting:

- Their shares are registered in the corresponding accounting record five days before the meeting is held.
- They have the corresponding attendance, proxy and distance voting card.

There are no other restrictions established in the bylaws requiring a minimum number of shares to attend General Meetings.

Attendance, proxy and distance voting cards are issued by the corresponding member of Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A.U. (IBERCLEAR) in each case or by the Company itself.

These cards may be exchanged on the date of the meeting for other standardized documents for recording attendance, issued by the Company, in order to:

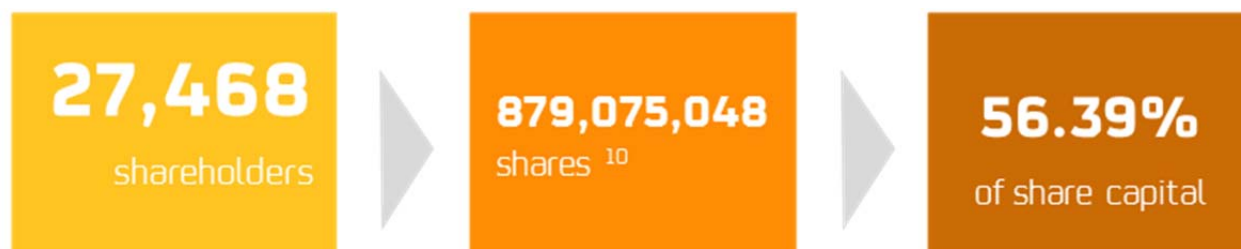

- facilitate the compiling of the attendance list;
- exercise voting rights, and
- exercise other shareholders' rights.

Voting by remote means of communication prior to the meeting

Shareholders with the right to attend may vote by remote means of communication on the proposals regarding the items on the agenda prior to the date of the meeting, provided the identity of the shareholder exercising their voting rights is duly guaranteed (Article 23 of the Company Bylaws and Article 7 of the Regulations of the General Shareholders Meeting).

Presence on other boards

In accordance with the Board of Directors Regulations, the Company's Directors may not hold more than four board mandates in other listed companies other than Repsol¹⁵.

The Directors that in turn are directors or representatives of Directors that are legal entities of other listed companies are indicated below:

Name of director	Name of listed company	Position
Manuel Manrique Cecilia	SACYR, S.A.	Chairman - Chief Executive Officer
Jose Manuel Loureda Mantiñán	SACYR, S.A.	Representative of Prilou, S.L. on the board of Sacyr Vallehermoso, S.A.
Carmina Ganyet i Cirera	SOCIÉTÉ FONCIÈRE LYONNAISE	Director
Ignacio Martín San Vicente	INDRA SISTEMAS, S.A.	Director
	ACERINOX, S.A.	Director
Henri Philippe Reichstul	LATAM AIRLINES GROUP, S.A.	Director
Isabel Torremocha Ferrezuelo	INDRA SISTEMAS, S.A.	Director
Maite Ballester Fornés	PROMOTORA DE INFORMACIONES S.A. (PRISA).	Director
Teresa García-Milá Lloveras	BANCO SABADELL, S.A.	Director

None of the Company's current Directors assume the position of director, representative of director or executive in other companies of the Group.

¹⁵ Pursuant to Article 18 of the Board of Directors Regulations, and to these effects:

(a) all boards of companies that form part of the same group, as well as those board memberships held as proprietary director proposed by any company of this group, will be calculated as a single board mandate; and (b) those board mandates on asset-holding companies or companies that are vehicles or ancillary to exercising the professional services by the Director, their spouse or domestic partner, or their close family members will not be calculated. Exceptionally and due to reasons properly justified, the Board may waive the Director from this prohibition. In addition, the Director must inform the Nomination Committee of any other professional obligations they may have and any material changes in their professional situation, as well as any that may affect the nature or condition by virtue of which they have been appointed Director.

Trend in the presence of women on the Board of Directors

In 2015, the Company set the objective of increasing the presence of women on the Board of Directors to 30% in 2020. To fulfil that objective, in recent years, Repsol has been increasing the number of women on the Board, reaching 20% in 2018 with the appointment of Ms. Carmina Ganyet i Cirera and surpassing 30% in 2019 with the appointment of Ms. Arantza Estefanía Larrañaga and Ms. Teresa García-Milá Lloveras as Independent Directors. Therefore, Repsol is above average with respect to the other IBEX-35 companies in terms of the presence of women on the Board, the average being 26.2% in 2019¹⁶.

Women's presence on the Council in 2019

The following table reflects the trend in the presence of women on the Board and the Board Committees over the last four years:

	2019		2018		2017		2016	
	Nº	%	Nº	%	Nº	%	Nº	%
Board of Directors	5	33%	3	20%	2	12.5%	1	6.25%
Delegate Committee	0	-	0	-	0	-	0	-
Audit and Control Committee	4	100%	3	60%	2	40%	0	-
Nomination Committee	3	75%	1	25%	0	-	1	20%
Compensation Committee	2	50%	1	25%	0	-	1	20%
Sustainability Committee	2	50%	0	-	0	-	1	20%

With regard to the percentage of Independent Non-Executive Directors, the category to which all women that form part of the Board belong, this figure rose from 12.5% in 2016 to 62.5% in 2019.

Female Directors

¹⁶ In accordance with the "4th Study on Gender Diversity of Boards of Directors and Management Committees in the IBEX-35" prepared by WomenCEO, 26.2% of the members of the Boards of Directors of IBEX-35 companies in 2019 were women, 2% higher than in 2018. For its part, on 26 June 2019, the Spanish National Securities Market Commission published a press release on the percentage of female directors in the Ibex-35 out of the **total directors on Boards in 2018**, placing the average at 23.9% of the whole Ibex.

Promoting diversity

The Company has a Directors Selection Policy, approved by the Board of Directors on 16 December 2015, which establishes the diversity criteria, in a broad sense, that must be fulfilled with respect to the composition of the Board of Directors. In accordance with that policy, the candidates for Director must be individuals whose appointment favours professional, knowledge, nationality and gender diversity within the Board of Directors.

Moreover, the Board Regulations expressly grant the Appointments Committee the function of ensuring, when filling new vacancies or appointing new Directors, that there is no implicit bias in the selection procedures that may entail any discrimination, and women who meet the sought professional profile are deliberately looked for and included within the potential candidates, reporting to the Board on the initiatives adopted in this regard and their results.

Furthermore, article 32 of the Articles of Association establishes that the General Meeting and the Board of Directors, using its power of proposal to the General Meeting and of co-option to cover vacancies, will ensure that professional, knowledge, experience, nationality and gender diversity policies are applied in relation to the composition of the Board of Directors.

The Appointments Committee is responsible for ensuring that the Directors Selection Policy promotes that diversity within the Board of Directors, as well as the establishment of a specific objective relating to the presence of women on the Board. Additionally, it prepares a competence matrix that is updated annually.

Moreover, Repsol's Global Sustainability Plan establishes a series of specific objectives and challenges for 2020, based around core points of the Sustainability model: climate change, people, safe operation, innovation and technology, and ethics and transparency. These objectives include the aforementioned objective relating to the 30% presence of women that was already surpassed in 2019.

Compliance with the Director Selection Policy

In compliance with the principles contained in the Director Selection Policy, throughout the year the Nomination Committee carried out an ongoing analysis of the structure, size and composition of the Board of Directors, as well as the competencies, knowledge and experience necessary on the Board.

In 2019, there were a total of two vacancies on the Board of Directors; both of them corresponded to Independent Directors.

Both vacancies arose at the General Meeting of May 31, 2019, due to the expiry of the term of office of both Independent Directors Mr. Ángel Durández Adeva and Mr. Luis Carlos Croissier Batista, who had held the position for 12 years. In relation to these two vacancies, the Nomination Committee carried out a preliminary analysis on the needs of the Repsol Group and the competencies and skills that would be desirable to include or strengthen on the Board of Directors. In order to facilitate and prepare the proposals it had to submit to the General Meeting in relation to the appointment of Independent Directors and to have a variety of candidates that would enable their selection by the Committee, the Nomination Committee agreed to hire an external advisor specializing in the selection of candidates.

After analyzing the various profiles submitted, confirming their availability and compatibility of the

position with their other professional obligations and assessing their suitability to become Directors of Repsol based on the needs of the Group and the challenges faced by the Company, the Nomination Committee agreed to propose to the Board of Directors –to subsequently be submitted at the General Shareholders Meeting–, the appointment of Carmina Ganyet i Cirera and Ignacio Martín San Vicente as Independent Directors of the Company. These appointments were approved at the General Shareholders Meeting held on May 11, 2018.

After analyzing the various profiles presented, confirming their availability and compatibility of the position with their other professional obligations and assessing their suitability to become Directors of Repsol based on needs of the Group and the challenges faced by the Company, the Nomination Committee agreed to propose to the Board of Directors –to subsequently be submitted at the General Shareholders Meeting–, the appointment of Ms. Arantza Estefanía Larrañaga and Ms. Teresa García-Milá Lloveras as Independent Directors of the Company. The General Shareholders' Meeting approved their appointment on May 31, 2019.

By virtue of the above, the General Meeting held on 31 May approved the appointment of Ms. Arantza Estefanía Larrañaga and Ms. Teresa García-Milá Lloveras as Independent Directors. These two appointments **contributed to promote gender diversity in the composition of the Board and to reach the objective contained in the Repsol Directors Selection Policy for 2020, a year before the established objective.**

Director selection process

The director selection process is governed by the Director Selection Policy approved by the Board on December 16, 2015¹⁷.

Selection and appointment process

1. Assessment and selection of candidates

The Nomination Committee is the body in charge of assessing the knowledge, expertise and experience required on the Board, determining the duties and skills required of the candidates who are to fill each vacancy and assessing the time and dedication necessary for them to perform their duties adequately.

2. Appointment of Directors

Board members are appointed by the General Meeting, without prejudice to the right of the Board to nominate shareholders by co-optation to fill any vacancies that arise, up to the next General Meeting.

The proposals for the appointment, ratification or re-election of Directors that are submitted at the General Meeting, as well as appointments by the co-optation, will be approved by the Board: (i) upon proposal by the Nomination Committee in the case of Independent Directors, or (ii) subject to a report by the Nomination Committee in the case of other Directors.

Within its powers to submit proposals at the General Meeting or appointment by co-optation, the Board may not propose as candidates or appoint as Directors any persons affected by any of the incompatibilities or prohibitions established by law, the Company Bylaws or regulations or any persons, companies or entities with a permanent conflict of interests with the Company, including its competitors or their directors, executives or employees, or any persons related to or proposed by them.

In order to be considered for appointment, candidates must have recognized prestige and sufficient professional experience and expertise to perform their duties, in addition to meeting the requirements stipulated for the position by law and the Company Bylaws.

Furthermore, those persons indicated in Article 13.2 of the Board of Directors Regulations may not be nominated or appointed as Independent Directors. A Director who holds a stake in the Company may be appointed as an Independent Director, provided they meet all the conditions established in the Board of Directors Regulations and inapplicable legislation, and they do not hold a significant interest.

For the purpose of assessing the independence of the Directors, the Appointments Committee takes into account the provisions of the Corporate Enterprises Act, the Good Governance Code for Listed Companies, internal regulations (Director Selection Policy and Article 13.2 of the Board of Directors Regulations), and the policies of the most significant shareholders and proxy advisors, and verifies that Independent Directors do not have any significant direct or indirect relationship with Repsol that could interfere with the independent performance of their duties and carries out the necessary materiality tests.

The Company Bylaws and the Board Regulations do not establish any age limit for Directors or set any additional limit regarding the term of office for Independent Directors other than that stipulated in applicable legislation. Likewise, no specific requirements are established to be elected as Chairman of the Board in addition to those established for the selection of Directors.

The proposals and reports on the appointment of Directors that were submitted for approval at the 2019 Annual General Meeting are available for consultation on the corporate website through the following link: https://www.repsol.com/imagenes/global/es/propuestas-de-acuerdos-JGA-2019_tcm13-150986.pdf

It should also be noted that in 2019 no Proprietary Directors were appointed at the request of shareholders with a stake of less than 3% in the share capital, and there were no formal requests for a place on the Board from shareholders whose stake is equal to or greater than that of others that had been appointed Proprietary Directors.

3. Re-election of Directors

Directors will hold office for a maximum of four years, after which they will be eligible for re-election for one or several periods of equal duration. Directors appointed by co-optation will hold office until the next General Meeting following their appointment, at which their appointment will be subject to ratification.

The Nomination Committee is responsible for assessing the quality of their work and dedication of the Directors proposed during their previous term in office.

4. Cessation

Directors will stand down from office upon expiry of the term for which they were appointed and in all the other cases where this is required by law, the Company Bylaws and the Board of Directors Regulations.

The Board of Directors will not propose the removal of any Independent Non-Executive Director before the end of the period for which they were appointed, except where just cause is found by the Board, based on a proposal from the Nomination Committee. In particular, such a proposal will be justified if the Director (i) has failed to discharge the duties inherent to their position; (ii) is in any of the situations described in Article 16.2 of the Board of Directors Regulations, which is reproduced in subsection "Resignation of Directors" below; or (iii) falls into any of the circumstances of incompatibility to be considered an Independent Non-Executive Director.

The removal of an Independent Non-Executive Director may also be proposed as a result of takeover bids, mergers or other similar corporate transactions which involve a change in the Company's capital structure, to the extent that such removal is necessary in order to establish a reasonable equilibrium between Proprietary Non-Executive Directors and Independent Non-Executive Directors based on the ratio of capital represented by the former to the rest of the capital.

Directors who give up their place before their tenure expires, through resignation or otherwise, should state their reasons in a letter to be sent to all other members of the Board of Directors.

Resignation of Directors

Directors must tender their resignation to the Board of Directors and, if the Board considers it appropriate, resign in the following cases:

- a) When they are involved in any of the situations of incompatibility or prohibition established by law, the Company Bylaws or applicable regulations.
- b) When they have been seriously reprimanded by the Nomination Committee or by the Audit and Control Committee for having breached their duties as Directors.
- c) When, in the opinion of the Board, based on a report by the Nomination Committee:
 - i. Their remaining on the Board could jeopardize the interests of the Company or adversely affect the functioning of the Board or the standing and reputation of the Company; or
 - ii. When the reasons for their appointment no longer exist. Directors will find themselves in this position, particularly in the following cases:
 - o Proprietary Non-Executive Directors, when the shareholder they represent or who proposed their appointment transfers its entire shareholding. They will also offer their resignation and, should the Board deem fit, step down from the Board, in the corresponding proportion, if the shareholder reduces its shareholding interest to a level requiring a reduction in the number of its Proprietary Non-Executive Directors.
 - o Executive Directors, when they cease to hold the executive positions outside the Board with which their appointment as Director is associated.

B. The Repsol Corporate Governance System

3. Repsol's governance body

Article 19 of the Board of Directors Regulations provides that Directors will notify the Board as soon as possible and keep it up to date on any situations in which they may be involved and that could harm the Company's name or reputation, to enable the Board to assess the circumstances, particularly in this regard.

In 2019, no members of the Board of Directors notified the Company that they had been indicted or tried for any of the offences stated in Article 213 of the Corporate Enterprises Act.

3.2. COMPETENCIES OF THE BOARD OF DIRECTORS

The Repsol Board of Directors met on 12 occasions in 2019. Director absences were kept to a minimum, and proxies were granted with specific instructions in those cases where a Director could not attend the meeting.

(5) Due to other commitments made prior to the convening of the December 2, 2019 meeting of the Board of Directors, Mr. West attended the meeting represented by Mr. Brufau. The documentation of the meeting was sent to it prior to its celebration, so it conveyed its considerations on it and precise voting instructions prior to the meeting.

(6) Ms. Estefanía was appointed Director of Repsol, S.A. dated May 31, 2019.

(7) Ms. García-Milá was appointed Director of Repsol, S.A. dated May 31, 2019.

Duties of the Directors

The duties of the Directors are included in the Board of Directors Regulations. Article 17 indicates that Directors must perform their duties with the diligence of an orderly businessman and a loyal representative, working in good faith in the Company's best interest.

Articles 18 to 23 of the Board of Directors Regulations set out the obligations to be met by Directors in accordance with their duties of diligence and loyalty with regard to non-competition, use of information on corporate assets and taking advantage of business opportunities, and the requirements established in respect of related party transactions between the Company and the Directors, significant shareholders represented on the Board or persons related to them.

Voting procedures

The adoption of resolutions by the Board of Directors requires the vote in favor of the majority of the Directors attending in person or by proxy, except in those cases indicated below.

Matters that require larger majorities other than those stipulated by law

- Amendments to Articles 20 and 23 of the Board of Directors Regulations regarding the obligation of non-competition and related party transactions, respectively, requires the favorable vote of three-quarters of the Board members.
- The favorable vote of two-thirds of the members not involved in a conflict of interest is required to authorize the Directors to provide advisory or representation services to the Company's competitors, subject to a favorable report by the Nomination Committee. The favorable vote of two-thirds of the members not involved in a conflict of interest is also required to waive the conflict of interest incompatibility in respect of a proposal put to the General Meeting or an appointment of candidates or Directors by co-optation.
- The favorable vote of two-thirds of the members not involved in a conflict of interest is also required to authorize the Company's related party transactions with Directors, significant shareholders represented on the Board or persons related to them for an amount exceeding 5% of the Group's assets, in accordance with the most recent consolidated financial statements approved by the General Meeting, in respect of the Company's strategic assets, involving the transfer of significant technology of the Company, intended to establish strategic alliances and which are not mere agreements of action or execution of existing alliances. This is conditional upon the transaction being fair and efficient from the standpoint of the Company's interests, the Appointments Committee having issued a favorable report after obtaining the corresponding report from an independent expert of renowned prestige in the financial community indicating that the related party transaction will be made on reasonable, arm's length terms and if it is considered unadvisable to wait for the next General Meeting to obtain authorization, for reasons of opportunity.

Without prejudice to the Directors' duty to attend the meetings of the bodies they belong to or, failing this, if they are unable for justified reasons to attend the meetings to which they have been called, to issue the appropriate instructions to the director who is to represent them, if any, each Board member may grant a proxy to another member, with no limit on the number of proxies that may be held by any director for attendance of Board meetings, all subject to the provisions of the applicable laws.

Proxies for absent Directors may be granted by any written means, including a letter, telegram, telex, fax or email sent to the Chairman or the Secretary to the Board.

3.3. ACTIVITIES OF THE BOARD OF DIRECTORS

Repsol's Board of Directors is the holder of the Company's organic representation in charge of directing and managing the businesses and interests of the Company, unless reserved for the General Shareholders Meeting. In particular, the Board of Directors is responsible for approving the Company's strategy and the organization needed to put it into practice; overseeing and ensuring that Management meets the targets set and respects the Company's corporate purpose and interests; approving acquisitions and disposals of assets belonging to the Company or its subsidiaries that, for whatever reason and notwithstanding the involvement of the General Meeting when applicable by law, are considered especially significant.

The specific rules relating to its powers, composition, term of office, the convening of and quorum for meetings, the manner in which resolutions are passed and the distribution of positions on the Board are included in the [Company Bylaws](#) (Articles 31 to 36) and in the [Board of Directors Regulations](#).

3.4. FUNCTIONING OF THE BOARD OF DIRECTORS

There is a working environment of open dialogue on the Board that enables Directors to freely express and adopt their positions.

The matters to be discussed at the meetings of the Board and the Committees are planned prior to the beginning of each year by the Chairman of the Board and by the Committee Chairs, who encourage the participation of the Directors, per the definition thereof, along with Company Management.

Main responsibilities of the Chairman

Antonio Brufau Niubó, the Non-Executive Chairman of the Board of Directors, is the maximum authority responsible for the efficient functioning of this body and as such is responsible for carrying out the following specific duties:

- Call and chair the meetings of the Board of Directors and the Delegate Committee, setting their agenda and leading the discussions and debates, in order to ensure that all matters are given sufficient time for discussion, encouraging the active participation of Directors at the meetings.
- Ensure that the Board has effective decision-making processes, in particular in relation to proposals of greater scale;
- Ensure that prior to the meeting the Directors receive the appropriate information necessary to discuss the items on the agenda;
- Ensure that the Board committees are adequately structured and have appropriate rules of operation;
- Regularly review and agree on with each Director their training and development needs;
- Ensure that the actions of the Board and its Committees are assessed at least once a year, and take action based on the results of this assessment;
- Maintain regular communication with the chief executive, providing the appropriate support, and report to the Board of Directors on their activity and performance.
- Chair the General Shareholders Meeting, in accordance with applicable regulations.

Main responsibilities of the Chief Executive Officer

Mr. Imaz has been delegated all functions of the Board of Directors, except for those that cannot be delegated by law or under the bylaws, is the Company's chief executive and is responsible for the management of the businesses and the Company.

Main responsibilities of the Lead Independent Director

Mariano Marzo Carpio was appointed Independent Coordinating Director following Board resolution dated 27 March 2018 at the proposal of the Appointments Committee. Article 28 of the Board of Directors Regulations attributes him the following functions:

- Request that the Chairman of the Board of Directors call a Board meeting when he considers it appropriate.
- Request the inclusion of new points on the agenda of Board meetings, called or not, in the terms of article 9.3 of these Regulations.
- Coordinate, meet and transmit the opinions of the External Directors.
- Direct the regular appraisal of the Chairman of this body by the Board.
- Call and chair the meetings of the independent Directors he considers necessary or appropriate.
- Chair the Board of Directors meetings in the absence of the Chairman and Vice-Chairmen.
- Maintain contact with investors and shareholders to gauge their viewpoints to form an opinion on their concerns, in particular in relation to the Company's corporate governance.
- Coordinate the Chairman's succession plan.

Information provided to Directors

The Chairman, assisted by the Secretary to the Board, ensures that the Directors are provided with the information necessary, and sufficiently in advance, in order to effectively carry out their responsibilities and adequately prepare for the meetings.

The call notices for Board and Committee meetings will be sent at least 48 hours prior to the meeting and include any documentation related to the agenda and minutes of the previous meeting. This information is accessible through the Director Portal, which is a specific computer application that facilitates the performance of the Directors' duties and the exercise of their right to information. This Portal includes the documentation and information deemed suitable for preparing the Board and Committee meetings in accordance with the agenda, including all presentations given, as well as any training materials aimed at Directors and any other information that may be of interest to them.

All Directors will also be provided with the minutes for all Committee meetings, which are also made available on the Director's Portal.

Directors have access to all the Company's services and may obtain, with the broadest possible powers, the information and advice they need to perform their functions. The right to information is channeled through the Chairman or the Secretary to the Board of Directors, who responds to Directors' requests and directly furnish them with the information, offering them access to appropriate sources or taking all necessary measures to answer questions.

Interaction of the Board of Directors with executive personnel

The Board of Directors has a direct and ongoing relationship with the members of the Company's Senior Management. Key executives attend Board and Committee meetings with sufficient frequency so as to report on the matters within their competence, and on any other matter that may affect the Company's performance.

When executives are required to attend Board and Committee meetings, they will remain only for those specific items on the agenda where their presence is required.

Likewise, the Chairmen of the various Board Committees will meet on a regular basis with the heads of various corporate and business areas.

Director training

Repsol offers ongoing training programs and refresher courses on subjects in which the Directors have shown an interest. Among other matters, in 2019 training and information sessions were carried out in relation to the following content:

Board of Directors

Tax policies applied by the Company, emerging risks, technologies related to climate change, digital agenda, renewable energy generation and storage technology, biofuels strategy, connected energy, energy transition and climate change.

Audit and Control Committee

New accounting standards (IFRS 16), integrated risk management, emerging risks, new Data Protection Regulations and Draft Bill on stimulating the long-term engagement of shareholders and its impact on public financial information.

Sustainability Committee

Emerging and climate change risks map, report on ESG (Environmental, Social and Governance) analysts and investors, results and reporting of the Carbon Disclosure Project (CDP) and progress in the recommendations of the Task Force on Climate-related Financial Disclosures (TCFD), culture of safety, progress in energy, climate change, community relations and human rights matters, and main international sustainability standards.

The Company also has an induction process for new Directors so that they are able to rapidly acquire sufficient knowledge of the Company and its corporate governance rules.

Information pack

- General information on the Company and its strategic plan
- Presentation of the Company's governance bodies and organizational structure
- Ethics and Conduct Code
- Company Bylaws

Orientation Program for New Directors

External advisory services

The Directors have the power to propose to the Board of Directors the contracting at the Company's expense of legal advisers, accountants, technical, financial, and commercial experts, and experts of any other kind they consider necessary to the Company's interests, to provide assistance in the performance of their functions with regard to specific problems of particular importance and complexity relating to their positions.

The proposal must be submitted to the Chairman of the Company through the Secretary to the Board.

Assessment of the Board of Directors

In accordance with the provisions of Article 45 quater of the Company Bylaws and Article 11 of the Board of Directors Regulations, at least once a year the Board will assess its performance and the quality and efficiency of its work. It also annually assesses the work of its Committees, based on the reports they submit. The Chairman of the Board organizes and coordinates the periodic assessments of the Board with the Committee Chairs. At least once every three years, the Board of Directors is assisted in the assessment process by an external consulting firm.

The assessment for 2019 was carried out through questionnaires that include, among others, various matters related to the composition of the Board of Directors and the Committees, their organization and functioning, and the performance of their responsibilities, as well as the performance of the Chairman of the Board, the Chief Executive Officer and the other Directors.

In the assessment for 2019, the Directors showed a high level of satisfaction with regard to the functioning and effectiveness of the Board and its committees and on the role carried out by the Chairman of the Board, the Chief Executive Officer and the General Secretary Director.

The assessment process was completed with the approval of the conclusions report at the Board and the action plan of Directors meeting on January 28, 2020.

With regard to these initiatives, it was agreed: (i) to prepare and publish an Activity Report of the Sustainability Committee that includes the main functions and activities of this Committee in 2019, and (ii) to continue adapting the Company's practices to the provisions of the CNMV Technical Guide on Nomination and Compensation Committees.

4. Committees of the Board of Directors

Without prejudice to the Board's capacity to create other Committees in accordance with the Bylaws, the Company currently has a Delegate Committee, Audit and Control Committee, Nomination Committee, Compensation Committee and Sustainability Committee.

Regulation

The composition, functioning and competencies of the Committees of the Board of Directors are governed by the provisions of Articles 37 to 39bis of the Bylaws and Articles 32 to 37 of the Board of Directors Regulations.

Functioning

The Committees will be considered validly convened when one half plus one of its members attend the meeting in person or by proxy.

The members of the Committees will be relieved of their duties once their tenure as Director ceases or

when agreed by the Board. Any vacancies that arise will be promptly filled by the Board of Directors.

The Committees will meet as and when called by the Chairman or requested by the majority of its members.

In order to better carry out its duties, this Committee may seek out advice from lawyers and other external professionals, in which case the Secretary to the Board, at the request of the Chairman of the Committee, will take whatever action necessary to engage the services of such lawyers or other professionals, which will be provided directly to the Committee.

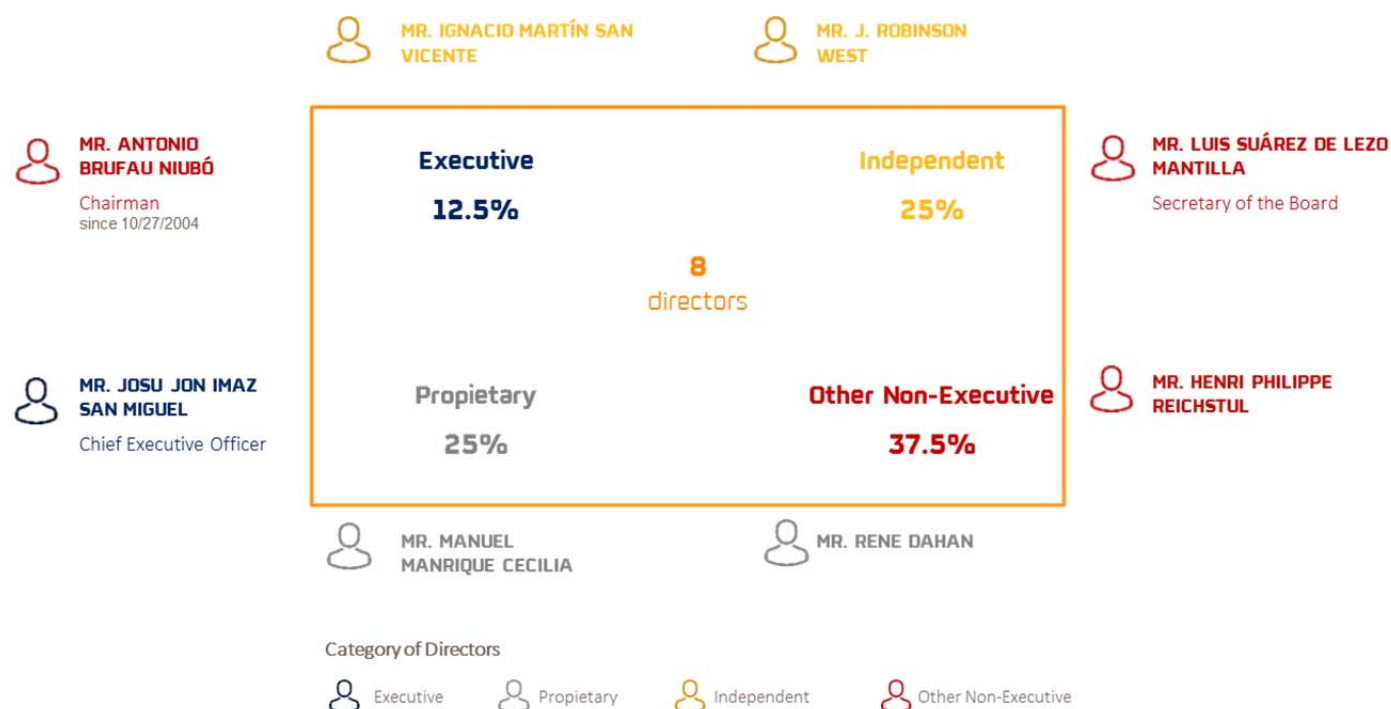

The Committees establishes an annual calendar of meetings, as well as an Action Plan for each year.

4.1. DELEGATE COMMITTEE

Composition

In accordance with the Board of Directors Regulations, the Delegate Committee will be composed of the Chairman of the Board of Directors and a maximum of eight Directors belonging to different categories, while maintaining a similar proportion to that of the Board of Directors. The Delegate Committee reflects the percentage on the Board of the various Directors by category. Committee members are appointed with a vote in favor of at least two-thirds of the current Board members. The Chairman and the Secretary of the Delegate Committee will be those of the Board of Directors.

The current composition of the Delegate Committee is as follows:

Competences and activities in 2019

All powers of the Board are permanently delegated to the Delegate Committee, except those that may not be delegated by law or under the Board Regulations. Whenever considered advisable owing to the importance of the business, in the opinion of the Chairman or three members of the Delegate Committee, or when required by the Board of Directors Regulations, the resolutions will be submitted to the Board in plenary session for ratification. The same will be applicable with regard to any matters referred by the Board to be studied by the Delegate Committee, which reserves the right to make the final decision on such matters. In all other cases, the resolutions passed by the Delegate Committee will be valid and binding with no need for subsequent ratification by the Board in plenary session.

Number of meetings in 2019: **8**

Main activities

- Approval of investment projects for amounts over EUR 40 million.
- Analysis and monitoring of relevant projects for the Company.
- Exploratory activity.
- Vision of renewable energy.
- Self-evaluation of the functioning of the Committees.

4.2. AUDIT AND CONTROL COMMITTEE

This Committee was voluntarily set up on February 27, 1995, although was not mandatory for listed companies until 2002. It is an internal body for information and advisory purposes created by the Board of Directors, without executive functions, but with information, advisory and proposal powers within its area of activity.

On June 27, 2017, the CNMV published Technical Guide 3/2017 on Audit Committees of Public Interest Entities, which includes additional good practices and criteria on the scope of the functions and responsibilities of audit committees, which the Committee has analyzed, implementing those considered most appropriate.

The Committee will also prepare an annual Activities Report that includes all matters discussed by the Committee. This document is made available to shareholders on the corporate website along with the call notice for the Annual General Meeting.

¹⁸ Due to other commitments made prior to his convocation, Mr. West excused his attendance at the Delegate Commission meeting held on November 27, 2019.

Composition

In accordance with the Board of Directors Regulations, the Audit and Control Committee will consist exclusively, and no fewer than three, of Independent Non-Executive Directors. Its members are appointed by the Board of Directors for a period of four years, taking into account their expertise and experience in accounting, auditing or risk management. Without prejudice to one or more re-elections, they will be relieved of their duties at the end of the term, when their tenure as a Director ceases, when they are no longer considered Independent, or when agreed by the Board of Directors, subject to a prior report by the Nomination Committee. The Chairman will be appointed from among its members and will hold office as such for a maximum of four years, after which they may not be re-elected until one year has passed, without prejudice to their continuation as a member of the Committee. The Secretary will be the Secretary to the Board of Directors.

The current composition of the Audit and Control Committee is as follows:

All of the Audit and Control Committee members have knowledge and experience in accounting, auditing or risk management, as well as various other competencies related to the sectors of telecommunications, information technologies, private equity, finance, corporate economic, risk control and management, energy or the securities market.

In accordance with the Board Regulations, the Chair of the Audit and Control Committee has experience in business and risk management and knowledge of accounting procedures.

Competences and activities in 2019

The Committee supports the Board of Directors in its supervisory duties, by regularly reviewing the preparation of economic and financial reporting, the efficacy of internal controls, and the independence of the Auditor, as well as verifying compliance with all the legal provisions and internal regulations applicable to the Company. The Committee is in charge of submitting proposals regarding the appointment, renewal and removal of the External Auditors, as well as proposals on the terms of their contract, monitoring and reviewing the internal control and information systems, and overseeing the independence and effectiveness of the internal audit function. Before they are presented to the Board and with the necessary requirements to check they are correct, reliable, sufficient and clear, the Committee also analyzes the financial statements of the Company and its consolidated Group, as well as any other financial information that the Company is obliged to publish as a listed company, reviews the relevant changes regarding the accounting policies used and ensures that the Board of Directors submits the financial statements at the General Meeting without reservations or qualifications in the auditor's report.

Number of meetings in 2019: **10**

Main activities

- Monitoring of the financial and non-financial information.
- Approval of the services contracted from external auditors, issuance of the report on the independence of the external auditor and fee proposal.

¹⁹ The amount indicated under this heading does not include the amounts corresponding to the compensation received by the Director-Secretary-General due to the termination of his contract and of his executive functions and non-competition agreement, which amounted to 11.3 million.

²⁰ It does not include the amount of 2.9 million euros accumulated in the "Permanence Award" Investment Fund on behalf of the Director-Secretary General, as this was settled on 31 December 2019.

²¹ The amount indicated under this heading includes the remuneration of the Director of Audit, Control and Risk because, for the purposes of this report, "senior management" means those executives who report directly to the Board or the chief executive of the company and, in any case, the internal auditor.

Termination benefits, guarantee or golden parachute clauses agreed between the Company and its directors, executives or employees

The Company has established a single legal statute for executive personnel, comprised of seven Managing Directors (excluding Executive Directors) and another 244 Directors (the “Directors”).

This legal statute is specified in the *Executive Contract*, approved by the Board of Directors, which governs the indemnity terms applicable in cases where the employment relationship is terminated and which considers grounds for termination to be those envisaged in current legislation. In the case of Managing Directors, these grounds for termination include the resignation of the executive as a result of a takeover of the company or a major change in its ownership, leading to a renewal of its governance bodies or the content of and approach to its main business activity.

The amount of severance pay for the Managing Directors and the rest of the executives appointed before December 2012 is calculated according to the age, seniority and salary of each executive. In the case of executives appointed after that date, the amount is calculated based on their salary and years of service, within a range between 12 and 24 months, or the amount stipulated by law if higher.

For Chief Executive Officers contracted after 2012, compensation of one year's total remuneration (six months in the case of one of them) included within the 24 monthly payments of their compensation is established for the post-contractual non-compete commitment. For the other executives, one year of remuneration, total or fixed, is established in accordance with the duration of the contract, in addition to their compensation. The contracts of executives of some countries do not envisage the post-contractual non-compete commitment or do not establish any compensation for it.

For the CEO, on the other hand, deferred financial compensation equivalent to two years' fixed and variable annual remuneration — including the non-compete remuneration — is established, which will apply in case of termination of the contract due to causes attributable to Repsol or by mutual agreement, if it takes place in the Company's interest.

With respect to Mr. Suárez de Lezo, on 18 December 2019, the Board of Directors resolved the termination, by mutual agreement and at the initiative and in the Company's interest, of his executive functions as General Secretary, effective from 31 December 2019, as well as the payment of his deferred financial compensation and of the financial compensation for the non-compete agreement as detailed in this section and in the Annual Directors' Remuneration Report.

6. Related party and intra-group transactions

Mechanisms to detect, determine and resolve conflicts of interest

The Regulations of the Board of Directors require the Directors to adopt the necessary measures to avoid incurring in situations in which their interests, whether on their own behalf or on behalf of others, may conflict with the corporate interest and with their duties towards the Company. to the Board of Directors, through its Chairman or Secretary, any situation of conflict, direct or indirect, that they or persons linked to them may have with the interest of the Company and, in the event of such conflict, refrain from participating in the deliberation and voting of the corresponding agreements.

Directors must inform the Nomination Committee of any other professional obligations and remunerated activities of any kind, as well as any material change in their professional situation or any changes that affect the nature or condition by virtue of which they have been appointed Director.

Finally, Directors must tender their resignation and step down from the Board, should the latter deem fit, whenever they incur in any of the events of incompatibility or disqualification established by law, the Bylaws or regulations.

Lastly, the Repsol Group's Ethics and Conduct Code, which applies to the Board members and all Repsol employees, also defines and regulates the action procedure in situations where a potential conflict of interest may arise.

Furthermore, the Internal Conduct Regulations of the Repsol Group on the Securities Market, with the same scope of application, contain the conflicts of interest prevention and resolution mechanisms.

Competence for approving related party transactions

Pursuant to Article 22 bis of the Company Bylaws and Article 23 of the Board of Directors Regulations, any transactions that the Company performs directly or indirectly with Directors, significant shareholders represented on the Board or persons related thereto (i) that are for a sum exceeding 5% of the Group's assets according to the latest consolidated financial statements approved by the General Meeting; (ii) that involve strategic assets; (iii) that involve the transfer of significant technology of the Company; or (iv) that are intended to establish strategic alliances and are not mere agreements of action or execution of existing alliances, can only be performed if they meet the following conditions:

- a) the transaction is fair and efficient from the standpoint of the Company's interests;
- b) after obtaining the corresponding report from an independent expert of renowned prestige in the financial community indicating that the related party transaction will be made on reasonable, arm's length terms, the Nomination Committee issues a report assessing fulfillment of the requirement indicated in (a) above; and
- c) the General Meeting authorizes the related party transactions with a vote in favor of 75% of the share capital attending in person and by proxy. However, if it is considered unadvisable to wait for the next General Meeting to obtain authorization, for reasons of opportunity, and provided the value of the transaction does not exceed 10% of assets, the transaction may be approved by the Board of Directors, provided (i) the report from the Nomination Committee indicated in (b) above is favorable for the transaction, and (ii) the resolution is passed with the favorable vote of at least two-thirds of the Board members not affected by a conflict of interest. In this case, the Board will inform

shareholders at the next General Meeting of the terms and conditions of the transaction.

When calling the General Meeting to discuss or be informed on the authorization of the related party transaction, the Board of Directors will make available to shareholders the reports issued by the Nomination Committee and the independent expert contemplated in (b) above and, should it so deem fit, its own report on the matter.

Other related party transactions must be authorized by the Board of Directors after obtaining a report from the Nomination Committee. On an exceptional basis, and for reasons of urgency, related party transactions that would normally require approval by the Board may be authorized by the Delegate Committee, subject to subsequent ratification by the Board in plenary session.

This authorization is not needed for related party transactions that meet all three of the following conditions:

- a) they are performed under contracts with standard terms and conditions which are applied across the board to a large number of clients;
- b) they are performed at prices or rates generally established by the person acting as supplier of the good or provider of the service in question or, if refers to goods or services for which there are no prices

established, on arm's length terms, similar to those applied in commercial relations with clients of a similar nature; and

- c) the amount of the transaction does not exceed 1% of the Company's annual income.

Related party transactions are assessed from the point of view of equal treatment and arm's length terms and are described in the Annual Corporate Governance Report and the regular public information on the terms set out in the applicable laws and regulations.

Significant related party transactions due to their amount or importance

Repsol related party transactions are assessed from the point of view of equal treatment and arm's length terms. There are related parties: i) significant shareholders that have that condition (at December 31st Sacyr S.A. and Temasek Holdings (Private) Limited) ii) Persons, Companies and Group entities (if there are transactions which are not eliminated during the consolidation process) and iii) Directors and Senior Management.

Note 28 to the Consolidated Group Financial Statements provides information on the incomes, expenses and other transactions recognized in the financial year and the debit and credit balances recorded at December 31st for transactions with related parties, including significant shareholders.

7. Financial reporting and audits

7.1. REQUIRED FINANCIAL REPORTING

The Company's separate and consolidated financial statements that were submitted to the Board of Directors for authorization for issue are first certified by the Chief Executive Officer, Josu Jon Imaz San Miguel, and by the CFO, Antonio Lorenzo Sierra.

The Board of Directors has established mechanisms to prevent the separate and consolidated financial statements prepared from being submitted to the General Meeting with a qualified auditor's report.

To that effect and as mentioned in section B.4.2. the Audit and Control Committee regularly review the preparation of economic and financial reporting, its internal controls and the independence of the external auditor, supervision of Internal Audit, and the compliance with all the legal provisions and internal regulations applicable to the Company.

For that, the Committee regularly receives information from the External Auditor on the audit plan and results of their work, and checks that executive personnel are acting on its recommendations. At least once a year, the External Auditor is also required to assess the quality of the Group's internal control systems regarding financial information. The Committee is also responsible for being informed of any situations requiring adjustments that may be detected over the course of the external auditor's work whenever they are significant, and consideration as such will be left to the discretion of the External Auditor, who, if there is any doubt, must opt to report the issue and notify the Chairman of the Committee as soon as it becomes aware of the situation in question. The Committee must also be informed of the degree of fulfillment by the audit units of the corrective measures recommended by Internal Audit and will be informed of any significant irregularities, anomalies or breaches, provided they are considered significant, detected by Internal Audit in the course of its work.

For such purpose, the members of the Audit and Control Committee have the dedication, skills and experience necessary to carry out their duties; and the Committee's Chairman must have experience in business and risk management and expertise in accounting procedures. Additionally, at least, one of its members must have the financial experience that may be required by the bodies regulating the securities markets on which the Company's shares or securities are listed.

7.2. AUDITS

External auditor

In 2018 the Company appointed PricewaterhouseCoopers, S.L. as its external auditor for 2018, 2019 and 2020, being year 2019 the second year that this firm audits the Company.

Mechanisms to preserve independence of the External Auditor

One of the duties of the Audit and Control Committee consists of ensuring the independence of the External Auditors, in two ways:

- a) Avoiding any factors that may compromise the warnings, opinions and recommendations of the Auditors, and
- b) Overseeing any incompatibilities between auditing services and any others, the limits on concentration of the Auditor's business and, in general, all other rules established to guarantee the Auditor's independence.

The Audit and Control Committee has established a procedure for preliminary approval of all services, auditing or otherwise, provided by the External Auditor, whatever their extent, scope and nature. This procedure is regulated in an Internal Rule that is mandatory for the entire Repsol Group.

Likewise, the Committee must receive annual written confirmation from the External Auditor of its independence towards the Company or entities directly or indirectly related thereto, as well as information on additional services of any kind provided to these entities by the Auditors or by individuals or entities related to them and the fees charged, in accordance with the regulations governing the activity of auditors.

The Committee will issue, prior to the delivery of the auditor's report, an annual report expressing an opinion on the independence of the External Auditor. This report must contain a reasoned assessment of any non-auditing services rendered, considered both individually and as a whole, in relation to the rules governing independence or the regulations of the auditing profession.

On the other hand, part of the meetings with the auditor takes place without the presence of the entity's management, so that the specific issues arising from the reviews carried out can be discussed exclusively with them.

Other work for the Company carried out by the external auditor

The audit firm carried out other non-audit work for the Company and/or its Group. The amount of the approved fees²² for this work and the percentage they represent of the approved fees to the Company and/or its Group, for the year 2019:

8. Risk control and management

8.1. RISK CONTROL AND MANAGEMENT SYSTEMS

The information requested in sections E.1, E.2, E.3, E.4, E.5 and E.6 of Circular 2/2018 is included in “Annex II Risks” of the Consolidated Integrated Report 2019 of Repsol Group, of which this Annual Corporate Governance Report forms part as Annex VII.

8.1. SYSTEMS OF INTERNAL CONTROL OVER FINANCIAL REPORTING (ICFR)

Control environment

Bodies responsible

In accordance with the Company Bylaws, the Board of Directors of Repsol, S.A. is the body in charge of governing, directing and managing the businesses and interests of the Company, unless reserved for the General Shareholders Meeting. It focuses on the general function of supervision and the consideration of especially important issues for the Company.

The Board of Directors Regulations define the powers reserved for the Board, such as drafting the separate and consolidated Financial Statements and Management Report and submitting them to the General Shareholders' Meeting. The Board must draw these documents up in clear, precise terms. It must also make sure they give a true and fair view of the equity, financial position and results of the Company and the Group, as stipulated in law. Approval of the risk management and control policy, including tax risks, supervision of internal reporting and control systems, the determination of the Group's fiscal strategy, the definition of the corporate structure and approval of the financial information which Repsol, as a publicly listed company, is obliged to

publish regularly, are also reserved for the Board of Directors.

The Regulations also establish the Board's responsibility for approving the company's ethics and conduct codes, its own organization and functioning and that of the Senior Management, as well as specific duties referring to the Company's activity on the securities market.

The Board of Directors has a direct relationship with the members of Senior Management and the Company's auditors, respecting their independence at all times.

Section B.3.1 of this Report contains information on the structure and composition of the Board of Directors.

The Board of Directors has appointed members to sit on several Committees, such as the Audit and Control Committee, whose main purpose according to the Board of Directors Regulations is to support the Board in its supervisory duties, by regularly reviewing the preparation of economic and financial reporting, the effectiveness of its executive controls and the independence of the external auditors, as well as checking fulfillment of all applicable laws and internal regulations.

All members of the Audit and Control Committee are Independent Non-Executives Directors with accounting, auditing and/or risk management expertise and experience. The Committee Chair also has extensive experience in business, risk and financial management and sound knowledge of accounting procedures. The structure and functioning of this Committee are included in section B.4.2 of this Report, which expressly refers to the system for appointing the Chairman of this Committee.

As established in the Board of Directors Regulations regarding internal control and reporting systems, the Audit and Control Committee is responsible, among other duties, for regularly reviewing the efficacy of the internal control, internal audit and risk management systems, including tax risks, ensuring that the principal risks are identified, managed and reported adequately.

Moreover, according to these Regulations, the Audit and Control Committee is responsible for the following duties related to financial reporting process:

- Supervise the preparation and presentation of mandatory financial reporting on the Company and the Group and its integrity, compliance with legal requirements, adequate definition of the consolidated group and correct application of the accounting principles.
- Before they are presented to the Board and with the necessary requirements of checking that they are correct, reliable, sufficient and clear, analyze the Financial Statements of the Company and its consolidated Group contained in the annual, half-year and quarterly reports, and any other financial information which, as a listed company, the Company is obliged to publish regularly, obtaining all the necessary information with the level of aggregation it considers appropriate, for which it will receive the necessary support from the Group's executive management.
- Ensure that the Financial Statements to be presented to the Board of Directors to be authorized for issue are certified as required by the internal or external regulations applicable from time to time.
- Check all significant changes in the accounting principles used and the presentation of the financial statements and make sure they are adequately publicized.
- Ensure that the Board of Directors submits the financial statements at the General Meeting without any reservations or qualifications in the auditor's report and that in those exceptional cases where there are qualifications, both the Chairman of this Committee and the auditors provide the shareholders with a clear explanation of the scope and contents of the reservations or qualifications.
- Examine draft ethics and conduct codes and modifications thereto, as prepared by the corresponding department of the Group, and issue its prior opinion on the proposals that are to be put to the corporate bodies.
- Take particular care in ensuring compliance with the applicable market conduct regulations and overseeing the actions of the Company's Internal Transparency Committee.
- Supervise the sufficiency, adequacy and efficient functioning of the recording and internal control systems and procedures in the measuring, valuation, classification and accounting of the hydrocarbon reserves of the Repsol Group, ensuring that they are included in the Group's regular financial reporting in accordance with sector standards and applicable laws and regulations.

- Protect the independence and efficacy of internal auditing; and that it has the training and adequate means to perform its functions in the Group; analyze and approve, if appropriate, the annual planning of the Internal Audit Department and obtain information on the extent to which the audited units have implemented the corrective measures recommended by the Internal Audit Department in previous inspections. The Audit and Control Committee reports to the Board any situations that may entail a substantial risk for the Group.

Elements of the process of preparing financial information

- **Departments and/or mechanisms responsible for designing and reviewing the organizational structure and defining the lines of responsibility**

The internal regulations assign to the People and Organization Executive Department the duties and responsibilities associated with the study, design, approval and implementation of organizational structures and sizing in the company.

In accordance with these regulations, the organizational structure establishes the hierarchical and functional level for the normal development of the Group's various areas of activity and determines the levels of responsibility, decision and functions of each of the organizational units.

The organizational structure is represented by means of an organization chart and the sizing's define. Approval of a structure requires two approving roles, the line approver and the People and Organization Executive Department, according to the levels established in the regulations.

The organizational principle that governs structure approval is based on the premise that a structure cannot be approved by the person who is directly responsible for it, but rather by their hierarchical superior.

There is also an organizational unit responsible for inputting the approved organizational changes in the computer system, according to the implementation plan defined which makes it possible to ensure compliance with the requirements established as regards internal control.

- **Ethics and Conduct Code and body responsible for ensuring the monitoring and compliance**

Repsol has an Ethics and Conduct Code, approved by the Board of Directors, based on the favorable report of the Audit and Control Committee, the Sustainability Committee and the Ethics and Compliance Committee, which applies to all directors, executives and employees of the Repsol Group. The Code establishes the minimum conduct guidelines that should govern the behavior of all employees when performing their professional duties and the penalty regime applicable in the event of failure to comply with those rules.

The Code contemplates, among others aspects, the basic principles of performance in relation to integrity and conduct, reliability of information and control of records, as well as the processing of sensitive information and intellectual property. It also specifies obligations in relation to human rights, community relations, measures against bribery, corruption, and money laundering and the commitment to carry out activities in accordance with prevailing legislation in all the areas of performance and countries.

The people who join the Company have a Welcome Plan with the aim of achieving their quick adaptation to the team. This Plan includes information on the essential regulations that that every employee should know and respect when they join, regardless of the area or business they will be working in, including a

direct channel for employee consultations. The framework of this regulation is the Ethics and Conduct Code.

Additionally, communication actions and training courses on the "Code of Ethics and Conduct" are performed to strengthen their knowledge and for their adequate fulfilment. This year, Repsol wanted to go a step further and it has developed a new training action in relation to the Code of Ethics and Conduct for its employees in an innovative and dynamic "web series" format, placing special emphasis on anti-corruption matters and issues related to personal data protection. It should also be highlighted that Repsol has approved new basic regulations developing the content of the Code in relevant aspects this year, such as the management of gifts and entertainment, conflicts of interest and due diligence with third parties.

In addition, employees are involved in communication campaigns and attend training courses on the Ethics and Conduct Code, to strengthen their knowledge and compliance with its contents. In 2019, Repsol has taken a further step forward and developed a new training programme for all employees on the Code of Ethics and Conduct, in an innovative and dynamic web site format, with special emphasis on anti-corruption and personal data protection issues. It should also be noted that this year Repsol has approved new basic regulations that develop the content of the Code in relevant aspects, such as the management of gifts and hospitality, conflicts of interest and due diligence with third parties. Furthermore, Company executives agree to comply with the Executive Personnel Statute attached to their employment contracts. This Statute refers to the principles on which their professional actions must be based, as well the Company's principles of conduct and standards, with special emphasis on the Ethics and Conduct Code.

There is a communications channel, the "Repsol Ethics and Compliance Channel", that allows Company employees and any third party to make consultations or to communicate, among others, possible breaches of the Ethics and Conduct Code

and Crime Prevention Model, confidentially and without fear of reprisal. The channel is managed by an independent company and is available 24 hours a day, 7 days a week, by phone and online.

The Ethics and Compliance Committee oversees and monitors compliance with the Code and is responsible for resolving on the communications considered relevant that are received through the channel.

In accordance with the Regulations of the Ethics and Compliance Committee, the Committee is composed of a multidisciplinary group, including the General Director of Legal Affairs, the General Director of People and Organization, the Corporate Director of Legal Services and Chief Compliance Officer, the Director of Audit, Control and Risks and the Director of Labor Relations, Legal Labor Management and Safety at Work. Eleven policies compose Repsol's regulatory corpus within the framework of its Ethics and Conduct Code. These policies define its public commitment and management fundamentals, establishing principles and guidelines for all Repsol employees for the purpose of fostering relationships, processes and decision-making that align with the Company's values.

These policies include the "Anti-corruption Policy" reiterating Repsol's commitment to strict compliance with legislation on the prevention and fight against corruption, rejecting any form of corruption and extending its compliance not only to all employees of the companies in which the Repsol Group exercises direct or indirect management control, but also to our Business Partners.

Likewise, in its "Third-Party Commercial Relationships Policy", Repsol agrees to ensure that its commercial and business relationships with partners, suppliers, contractors and customers are legal and based on Repsol's ethical principles and values.

Furthermore, Repsol also has a mandatory "Tax Policy" for all of its employees and Group

companies that includes various commitments aimed at ensuring that tax matters are managed according to best tax practices and acting with transparency, including responsible and efficient payment of taxes, the fostering of cooperative relationships with governments and the firm intention to strive to avoid significant risks and unnecessary conflicts.

In addition, there is a "Repsol Group Internal Code of Conduct in relation to the Securities Market", approved by the Board of Directors, with the prior favorable report of the Audit and Control Committee, containing aspects such as the rules of conduct, for people affected by this Regulation, relating to transactions with financial securities and instruments issued by the Group that are traded on securities markets, treatment and communication of insider information, own-share transactions, prohibitions against manipulating stock prices and the treatment and management of conflicts of interest. The Company has formally established mechanisms in those regulations to promote its communication and compliance with its provisions. For these purposes, and pursuant to these Regulations, the Audit and Control Committee is responsible for supervising and the obligations established therein, whereby any failure to comply with its provisions will be considered an act of professional misconduct, the seriousness of which will be determined in the proceedings that follow in accordance with current legislation, without prejudice to any infringement that may arise as a result of contravening any securities market regulations or to any third-party or criminal liability to which the infringing party may be subject.

Finally, in the field of Spanish companies and under the framework of Spanish regulations on the criminal liability of legal entities, the Ethics and Compliance Committee has been appointed as the Crime Prevention Body. Likewise, there is a rule for "Management of the Crime Prevention Model" and another for "Internal Investigations of the Ethics and Compliance Committee", which structures the prevention model and the mechanism to respond

to data on or indications of potential crimes committed with regard to the Repsol Crime Prevention Model or suspected breaches of this Model. In addition, Repsol has a Crime Prevention Manual designed to improve the understanding of criminal risks and the actions and conduct expected of employees, which has been updated this year in line with the recent Crime reform, and with a recurrent dissemination plan. This plan included carrying out new classroom-based training sessions in 2019 for Repsol's new Industrial Complex managers and directors, as well as an online course for those responsible for managing the controls of the Model. Moreover, Repsol has a Criminal Prevention Manual designed to improve the understanding of the criminal risks and the actions and conduct expected of the employees, which has been updated this year in accordance with the recent criminal reform, and with a recurrent disclosure plan. This plan included the holding of new in-person training sessions for new executives and managers of Repsol's Industrial Complexes in 2019, as well as the completion of an online course for the Model controls managers.

- **Ethics and Compliance Channel**

In accordance with the Board of Directors Regulations, the Audit and Control Committee is responsible for establishing a mechanism that allows employees to report confidentially and, if possible, anonymously, irregularities of potential significance, especially of a financial and accounting nature.

In this sense, the Company has an "Ethics and Compliance Channel" through which Company employees and any third party may communicate confidentially and, if possible according to the different jurisdictions, anonymously, any issue related to compliance with the Code of Ethics and Conduct as well as any matters related to accounting, internal control and audit. The channel is managed by an independent company and is available 24 hours a day, 7 days a week, by phone and online.

- **Training programs and regular refresher courses**

Training in Repsol is geared towards developing the professional capacities required for effective performance of the employees' work, supplemented with further training to support and foster progression in their careers. It is based on initiatives intended to structure knowledge, develop skills and foster employees' commitment to the Company's plans, culture and values throughout their careers.

To achieve this, the Company has a broad selection of training activities covering issues ranging from technical aspects, organized specifically for given groups, to other more general aspects, such as management, safety awareness.

Through collaboration between the Repsol Training Center and each of the units of the Group, Repsol ensures the acquisition and updating of essential knowledge to perform the economic administrative, risks management and internal audit and control duties. The training needs are planned to meet both short and medium-term requirements and the corresponding annual plan is drawn up, identifying and paying attention not only to the form of training best suited to each group but also time enabling the Company to monitor the stated objectives and the quality of training given to each employee. As part of this plan, there are actions designed to distribute the internal control models, in particular the System of Internal Control over Financial Reporting (ICFR), to the different people and areas affected by these models.

These needs are met by both internal resources, with training activities designed and given by its own personnel with experience and references in their respective fields, and by reputed firms contracted for their quality and specialization. Other resources are also used, such as conferences, talks, discussion forums, workshops and virtual libraries.

Risk assessment in financial reporting

Features of the risk identification process, including risks of error or fraud

- **Risk identification process**

The Repsol Group has an integrated risk management process as indicated in section 8.1 of this Report. This process establishes a homogenous methodology of risk identification and assessment by all responsible divisions in the organization. As a result of the described process, the Repsol Group Risk Map was created, which includes financial reporting risks.

The identification of the principal risks that could affect the financial reporting objectives related to existence or occurrence, integrity, valuation and assignment, presentation and disclosure of operations, rights and obligations and which could therefore have a material impact on the reliability of the Group financial reporting leads to the development of a Risk Map of Financial Reporting, in which the various risks are grouped into the following categories:

- Definition of the general control environment
- Regulatory changes
- Valuations subject to analysis and complex estimates
- Capture, analysis, evaluation and recording of business transactions
- Preparation of consolidated financial statements
- Economic and financial information requirements

The risk of fraud in financial reporting, which is part of the inventory of financial reporting risks in the category of “General Control Environment” is analyzed precisely because of its relevance to the design, implementation and evaluation of the internal control model. This analysis is made taking account mainly of the references to consideration of fraud in risk assessment established within COSO 2013 (“Assesses Fraud Risk” Principle 8) and by the American Institute of Certified Public Accountants (AICPA) in its document “Consideration of Fraud in a Financial Statement Audit”, Section 316 (Standard Auditing Statement 99). As a result of this analysis, the following categories of causal factors for financial reporting fraud risk have been defined:

- Inadequate control environment.
- Intentional error on the financial statements
- Asset misappropriation.

- **Scope and updates**

The process of identifying and evaluating financial reporting risks covers all financial reporting objectives related to existence or occurrence, integrity, valuation and assignment, presentation and disclosure of operations, and rights and obligations, that may have a significant impact on the reliability of the financial reporting.

Each of the aforementioned risk categories consists, in turn, of one or more specific risks, which are linked to the corresponding headings of the financial statements, the respective processes and to the different companies of the Group.

Lastly, the potential impact of each of the financial reporting risks is assessed, as well as the probability of their occurrence. From these two factors, the severity of each of the risks is established.

The risk inventory and the assessment of these risks in terms of impact and probability is reviewed on an annual basis in accordance with the Repsol Group's integrated risk management process, as indicated in Annex II regarding risks of the 2019 Consolidated Integrated Report.

- **Process for identifying the scope of consolidation**

There is a process in place for identifying changes in shareholding structure of Group companies. Once the changes are reported, the control structure is analyzed on the basis of the applicable accounting standards and principles in order to determine which consolidation method should be used for that company.

From the scope of consolidation and in coordination with the process of identification and regular updating of the inventory of financial reporting risks, a ICFR Scope Model is determined, along with the and companies that should be included in the scope on account of their relevance and materiality. This identification is made on the basis of both quantitative and qualitative criteria.

The determination of companies that are part of the model takes into account those in which control is exercised directly or indirectly. For these purposes, an investor is deemed to control an investee when it is exposed, or has rights, to variable returns from its involvement in the Group and has the ability to affect those returns through its power over the investee. Therefore, companies in which there is joint control are not included in the model, since the strategic decisions require the unanimous consent of the parties sharing control. However, controls are established in the model to ensure the homogeneity, validity and reliability of the financial information validated by them for incorporation into the consolidated financial statements.

- **Other types of risks**

In the process of identifying and evaluating financial reporting risk, the Repsol Group considers other types of risk that could have a relevant impact on the attainment of the organization's operational and

strategic goals, such as compliance, insofar as these may have a significant effect on the preparation of financial statements.

- **Body in charge of supervising the process**

The Board of Directors reserves the power to approve the risk management and control policies, including financial reporting and tax risks, and to supervise internal information and control systems.

In accordance with the Board of Directors Regulations of Repsol, the Audit and Control Committee periodically reviews the efficiency of internal control, internal audit and risk management systems, including tax risks, so as to identify, manage and properly communicate the main risks.

The Executive Committee approves the governance elements required within the area of risk management, oversees their correct application and monitors the Company's performance in respect of risks.

The Internal Audit Unit is responsible for evaluating the design and operation of the Group's risk management systems.

Control activities

Procedures for reviewing and authorizing the financial information and description of the ICFR system

The Repsol Group has a system of Internal Control over Financial Reporting (ICFR) that allows it to meet the requirements established by the applicable regulations for listed companies.

The ICFR model is defined from the COSO (2013) methodological framework (Committee of Sponsoring Organizations of the Treadway Commission) contained in its report, Internal Control-Integrated Framework, for the purpose of ensuring that all transactions are properly accounted for in accordance with the accounting framework, providing reasonable assurance of the prevention or

detection of errors that could have a material impact on the information in the consolidated financial statements. This financial reporting internal control model is organized around an integrated process that includes the five components developed in seventeen principles, as established in the COSO 2013 framework.

1. The existence of an adequate **control environment**.
2. The identification, analysis and **assessment of risks**
3. The definition and implementation of **control activities** to mitigate the identified risks.
4. **Reporting and communication** to facilitate understanding and the assumption of risk control responsibilities.
5. **Supervision of system operations** in order to evaluate their design, performance quality, adaptation, implementation and effectiveness.

The ICFR system is integrated in the organization through the establishment of structure of roles and responsibilities for the different bodies and functions, which are described in procedures that have been duly approved and distributed within the Group. In addition to what's indicated above regarding the processes for checking and authorization of financial reporting by the Board of Directors and the Audit and Control Committee, below are detailed the other **governance bodies and organizational units of the Group assigned relevant roles on this matter**:

- ***Chief Executive Officer (CEO) and Chief Financial Officer (CFO).***

All owners of the controls comprising the ICFR system, in relation to compliance with the requirements established in terms of internal control, certify that all controls associated with processes and risks, of which they are owners, are in force at the closing of the fiscal year and operate properly on that date. This is an annual certification process that concludes with a certificate issued by the Chief Executive Officer (CEO) and Chief Financial Officer (CFO).

- **Internal Transparency Committee:**

The purpose of the Internal Transparency Committee is to promote and strengthen the policies necessary to ensure that the information provided to shareholders, the markets and regulatory authorities is true and complete, adequately reflects the Company's financial position and the results of its operations and is presented in a timely manner and in accordance with the other requirements established in the standards and general principles for markets and good governance applied by the Company. This Committee provides support and assistance to the Chairman of the Board of Directors and the Chief Executive Officer.

According to the Regulations on the Internal Transparency Committee, it is assigned the following duties, among others:

- Supervising the establishment and maintenance of procedures for compiling the information to be published by the Company according to the applicable laws and regulations or which it reports generally to the markets, and all controls and procedures established to make sure that (i) the information is promptly and accurately recorded, processed, summarized and reported, and (ii) the information is compiled and reported to the Group's Senior Management, enabling them to decide in advance on the information that should be published, proposing such improvements as they may deem fit.
- Checking and assessing the accuracy, reliability, adequacy and clarity of the information contained in the documents to be presented publicly, especially any disclosures to be made to the regulating authorities and brokers on the securities markets in which the Company's shares are traded.

The Internal Transparency Committee is made up of the heads of the units responsible for the economic, tax, legal, communication, strategy, audit and control, investor relations, corporate governance, reserves control, management control and planning, people and organization and the different business areas.

- **Business Units and Corporate Areas identified as "owners of the controls":**

Within the Group, the different Business Units and Corporate Areas identified as "owners of the controls" are those responsible for ensuring the validity, execution and adequate functioning of the controls associated therewith. Of these, the Units with an especially important role in the development, maintenance and functioning of the ICFR system are:

- The Unit that prepares the financial statements and economic-financial reporting, the inventory of controls and processes of the ICFR system required to guarantee the reliability of the financial information, without prejudice to those that may be added or rectified by the Audit, Control and Risks Division, as a result of its process of defining and assessing the Group ICFR system.
- The Unit that guarantees fulfillment of tax obligations, tax counseling, monitoring, evaluation and implementation of changes in law and regulations, identification, control, monitoring, assessment and management of tax risks, and tax information for the financial statements. Moreover, according to the Code of Best Tax Practices (Repsol signed the Code of Best Tax Practices on 23 September 2010), Law 31/2014, which amended the Corporate Enterprises Act for enhanced corporate governance, and the Repsol's Group Tax Policy, the Board of Directors, as part of its powers that may not be delegated regarding tax matters, verifies that the Company's tax policies are being properly applied on a yearly basis.

B. The Repsol Corporate Governance System

8. Risk control and management

- The Unit that monitors, analyzes, reviews and interprets the accounting standards contained in the regulatory framework applicable to the Group.
- The Units that guarantee the efficient use of financial resources, optimization of financial earnings and an adequate monitoring and control of financial, market and credit risks so as to ensure the continuity and development of business plans.
- The Unit that establishes the criteria for defining the organizational structure and sizing of the Group and sets the guidelines and criteria governing development of the internal regulatory framework and defines the Annual Training Plan.
- The Unit that ensures that the estimates of the Group's proven reserves of hydrocarbons conform to the regulations issued by the different securities markets on which the Company's shares are listed, makes the internal audits of reserves, coordinates the certificates of the external auditors of reserves and assesses the quality controls regarding information on reserves.
- The Units responsible for legal and tax affairs in the Group, which provide legal counseling, legal defense and handling of its legal affairs in all contentious proceedings and processes, providing legal support for the Group's actions, rights and expectations with a view to giving them legal security and efficacy and minimizing possible legal risks.
- The Units that define the guidelines, criteria and indicators of management control monitors the business activities and the approved investments and oversees compliance with the commitments assumed, proposing corrective measures as needed.

- ***Processes, activities and controls***

The ICFR system documents basically comprise the following:

- Financial reporting risk map
- Scope model
- Documentation for processes through the ICFR system
- Inventory of controls identified in the different processes
- Outcome of assessing the design and functioning of the controls
- Certificates of validity and effectiveness of the controls issued for each financial year

The ICFR model is supported by a set of standards and procedures and is described in the Internal Control over Financial Reporting Manual.

The system of internal control over financial reporting is articulated through a process which, based on the identification and evaluation of financial reporting risks, defines a scope model that includes the most important headings in the financial statements, the companies affected, the relevant processes involved in preparing, reviewing and subsequently distributing the financial information and the control activities intended to prevent and detect potential errors, including fraud.

In order to define the companies involved, the first step is to update the list of consolidated companies. The ICFR includes operating controls for those companies that are directly or indirectly controlled by Repsol. For all other relevant non controlled companies not included in the scope of consolidation, it also includes controls designed to protect the homogeneity, validity and reliability of the financial information submitted by the companies for inclusion in the consolidated financial statements.

For each one of the relevant processes and companies included on the consolidation list, the significant financial reporting risks are identified along with the control activities to mitigate those risks.

The following controls are distinguished in the ICFR system:

- **Manuals:** those carried out by human actions, using computerized tools or applications.
- **Automatic:** those carried out with computerized tools or applications.
- **General computer controls:** those that reasonably guarantee the reliability, integrity, availability and confidentiality of the information contained in applications relevant to the financial reporting.

As well, these three types of controls are characterized as:

- **Preventive:** created to prevent errors or cases of fraud that could result in an error in the Repsol Group's financial reporting.
- **Detective:** their goal is to detect existing errors or cases of fraud that could result in an error in the Repsol Group's financial reporting.
- **Relevant judgements, estimates, valuations and forecasts**

The financial reporting process sometimes requires making judgements and estimations, which may affect the amount of assets and liabilities recognized, the presentation of contingent assets and liabilities and the recognized income and expenses. These estimates may be affected, among other causes, by changes in competitive, economic, political, legal, regulatory, social, industrial, business and financial conditions.

In this regard, the Group identifies responsible areas and establishes uniform criteria for judgments, estimates and valuations in the processes considered relevant for the preparation of financial information. Specifically, and in accordance with that set forth in Note 3 "Estimates and judgements" of the Repsol Group's Consolidated Financial Statements for 2019, they include those relating to reserves of crude oil and gas, business combinations, assessment of the

investments in Venezuela, provisions for litigation, decommissioning and other contingencies, calculation of income tax and deferred tax assets and liabilities, impairment tests and the recoverable value of assets, and the market value of financial instruments. The results of these estimates are reported to the management and governance bodies of the Group.

In addition, the aforementioned bodies are regularly informed of any business affecting its business development and which could have a material effect on the Group's financial statements. It also periodically monitors the main variables which have or may have an impact, directly or through estimates and judgements, in quantifying assets, liabilities, income and expenses of the Group.

Internal control policies, regulations and procedures for financial information systems that support the relevant processes for the preparation and publication of the financial information.

The Repsol Group has a specific body of regulations in its IT Systems area based on ISO 27001, laying down the general principles for the different processes in that area.

Considering that the Group's transaction flows are mainly made through IT Systems, an Information Systems Control Framework, consisting of a set of controls called "general computer controls", has been established which reasonably guarantee the trustworthiness, integrity, availability and confidentiality of the information contained and processed in the relevant applications for financial reporting.

The systems linked to the process of preparing financial information conform to the security standards established in the regulations and are audited to ensure proper functioning of the Information Systems Control Framework by validating its constituent general computer controls.

These general computer controls grouped into the areas of: access security, life cycle systems, and process of assuring the validity of data and assurance operations, help to guarantee that several control targets are obtained within the ICFR system assessment, since they have the following features:

- Contribute towards ensuring the precision, accuracy and validity of the transactions executed in the applications, since they are integrated in the logics of those applications in order to prevent and/or detect unauthorized transactions.
- They are applied to the interfaces with other systems, in order to check that information input is complete and precise, and that output is correct.

The scope of the general computer controls covers applications relevant for financial reporting and infrastructure elements that serve these applications (e.g. technical platforms, servers, databases, data processing centers, etc.).

The Repsol Group has developed a segregation of duties model in the systems for preventing and reducing the risk of errors (intentional or otherwise), especially the fraud factor in the financial reporting process. Incompatibility matrices have been installed in the applications used by the relevant processes covered by the ICFR system, with which it is possible to monitor conflicts continuously and detect cases in which the functions are not exercised according to defined profiles. Once the conflicts have been identified, remediation plans are defined for them, aimed in some cases at adapting the security profiles and roles that cause these conflicts and in other cases at identifying and implementing mitigating controls that guarantee adequate coverage of the risks associated with these conflicts. Once the conflicts have been identified, remediation plans are defined, aiming, in some cases, to align the security profiles and roles that cause these conflicts and, in others, to identify and implement mitigating controls guaranteeing the adequate coverage of the risks associated with those conflicts.

Internal control policies and procedures for supervising management of the activities subcontracted to third parties and any aspects of assessment, calculation or valuation outsourced to independent experts, which may affect materially to the financial statements

The Repsol Group has a procedure for identifying, establishing control criteria and supervising the activities of third party subcontractors in different business processes. According to this procedure, the group analyzes the types of activities carried out by these suppliers and their impact and draws conclusions as to whether the activities have a material impact on the financial statements from the following perspectives:

- Significant transactions for the Group's financial statements.
- Manual or automated procedures for initiating, recording, processing or reporting significant transactions from the beginning until they are included in the financial statements.
- Manual or automatic accounting records that support the collection, recognition, processing and reporting of specific transactions, information or accounts on the Group's financial statements.
- Relevant information systems for capturing significant events and conditions for inclusion in the operating results and preparation of the financial statements.
- Financial reporting process used to prepare the financial statements, including the accounting estimates and the disclosure of significant information.

Once the subcontracted activities that can have a material effect on the financial statements have been identified, the internal controls of the services rendered are supervised to ensure their adequacy. In this regard, in accordance with the COSO 2013 methodology and ISA 402 (International Standard on Auditing), the Repsol Group adapts based on the characteristics of the supplier or third party subcontracted, carrying out supervision tasks based on the following approaches:

- Request independent auditors' reports from third party subcontractors to obtain relevant information on their internal control systems. Some examples of the reports include SOC (Service Organization Control) under Standard SSAE 16 of the American Institute of Certified Public Accountants (AICPA) or standard ISAE

3402 (International Standards on Assurance Engagements 3402).

- Understanding on the part of the user of the service of the nature of the service and identification of mitigating controls within the financial reporting process of the Repsol Group.
- Conduct independent evaluations of the supplier's internal control systems.

Information and communication

Units responsible for the accounting policies

The Group has a Unit responsible for monitoring, analyzing and reviewing the accounting principles and policies established in the regulatory framework that applies to the preparation of financial statements, analyzing and answering consultations on their interpretation and adequate application. The organizational units involved in preparing financial information are periodically informed of any new aspects of accounting techniques and regulations and the outcome of the different analyzes made.

There are also accounting principles manuals, which establish the accounting standards, policies and principles applied by the Group. These manuals are revised and updated periodically and whenever there is a material change in the applicable regulations. The manuals are available on the internal communication network.

In 2019, the Group's accounting manuals were updated as a result mainly of changes in International Financial Reporting Standards adopted by the European Union and of mandatory application from 1 January 2019.

Mechanisms for collecting and preparing financial information

The Group has integrated IT systems for both recognizing transactions in the accounts and preparing the separate and consolidated financial statements. It also has processes for centralized coding and parameterization processes which, together with the accounting principles manuals, guarantee the integrity and homogeneity of the information. Finally, there are also tools used for processing the information in order to obtain and prepare the breakdowns provided in the notes to the financial statements. The systems linked to the preparation and reporting of financial information meet the security standards established by the general computer controls defined for IT systems. (See section 8.2. of this report regarding the internal policies and procedures over information systems).

Supervision of the functioning of the system

Role of the Audit Committee, internal audit function, scope of ICFR assessment and action plans

According to the Board of Directors Regulations, the Audit and Control Committee is responsible for supervising the assessment and presentation, as well as the integrity of the financial information on the Company and the Group, checking compliance with legal provisions, adequate definition of the consolidated group and correct application of the accounting principles, and regularly checking the effectiveness of the internal control, internal audit and risk management systems, including tax risks, ensuring that the principal risks, are identified, managed and reported adequately.

The Audit and Control Committee also analyzes and approves, where appropriate, the annual planning of the Internal Audit Department and other occasional or specific additional plans required as a result of changes in legislation or the needs of the business organization of the Group.

The annual planning of the Internal Audit Department is structured to assess and supervise the correct functioning and adequacy of the Group's internal control and risk management systems (operational, strategic, financial and compliance).

The Audit, Control and Risks Division reports to the Audit and Control Committee and performs its duties established in international standards in line with the best market practices, as well as the requirements of the different regulatory frameworks applicable in the countries in which the Repsol Group has businesses and activities. It has a "Quality Assurance and Enhancement Plan", assessed regularly, to assure quality in its duties, the results of which are reported to the Audit and Control Committee.

The Audit, Control and Risks Division is responsible for seeing that the design and functioning of the Internal Control and Risk Management Systems in the Group are reasonable and adequate, contributing towards their improvement and covering the following control objectives:

- Any risks that may affect the organization are adequately identified, measured, prioritized and controlled in accordance with that established in the Risks Policy signed by the Board of Directors.
- Transactions are efficient and effective.
- Transactions are made in compliance of applicable laws, regulations and contracts and prevailing policies, rules or procedures.
- The assets are adequately protected and reasonably controlled.
- The most significant financial, management and operating information is prepared and reported adequately.

The Audit, Control and Risks Division reports to the Audit and Control Committee on the conclusions of all work performed, as well as the corrective measures proposed and the degree of compliance with these measures. This Division provides support for any significant irregularities, anomalies or non-compliance on the part of the audited units, reporting any cases that may entail a significant risk for the Group to the Board of Directors.

With regard to the System for Internal Control over Financial Reporting (ICFR), the Audit, Control and Risks Division provides support in the ICFR supervisory tasks carried out by the Board of Directors, the Audit and Control Committee and the Internal Transparency Committee and notifies the owners of the controls of any weakness or incident detected in the process of updating and assessing the ICFR system.

After the reporting date, the Audit, Control and Risks Division informs the Internal Transparency Committee, the Audit and Control Committee and the Board of Directors on the outcome of the ICFR system assessment and any defects found during the assessment.

The Audit, Control and Risks Division has assessed the effectiveness of the ICFR system corresponding to 2019, and did not find any significant or material weaknesses, concluding that it is effective, in accordance with the criteria established by COSO 2013.

Procedure for discussion with Senior Management, the Audit Committee and the Company's directors regarding any significant internal control weaknesses identified during the review processes and action plans

As indicated in a section below of this Report, the Audit, Control and Risks Division reports to the Audit and Control Committee on the conclusions of all work performed, as well as the corrective

measures proposed and the degree of compliance with these measures.

One of the duties of the Audit and Control Committee is to establish appropriate relations with the External Auditor to receive regular information on the audit plan and the results of its implementation, and on any other issues concerning the audit process and corresponding rules and regulations. It also verifies that the management team bears in mind the recommendations made by the External Auditor.

The Audit and Control Committee also requires the External Auditor periodically, at least once a year, to assess the quality of the internal control procedures and systems and discuss with it any significant weaknesses detected during audit, and requests the External Auditor's opinion on the effectiveness of the ICFR system. In this regard, the external auditor carried out its review of reasonable assurance on the design and effectiveness of the ICFR system for 2018 as well as the description of this system included in this Report.

External auditor's report

The Group submitted for review by the External Audit (PricewaterhouseCoopers Auditores, S.L.) the design and effectiveness of the System of Internal Control over Financial Reporting (ICFR), in relation to the financial information contained in the Repsol Group's consolidated financial statements at December 31, 2019, and the description thereof included in this Report.

Independent reasonable assurance report on the design and effectiveness of the internal control over financial reporting (ICFR)

To the Board of Directors of Repsol, S.A.:

We have carried out a reasonable assurance report of the design and effectiveness of the Internal Control over Financial Reporting (hereinafter, ICFR) and the description of it that is included in the attached Report that forms part of the corresponding section of the Annual Corporate Governance Report of the Directors Report accompanying the consolidated financial statements of Repsol, S.A. and investees comprising the Repsol Group (hereinafter, the Repsol Group) as at December 31, 2019. This system is based on the criteria and policies defined by the Repsol Group in accordance with the guidelines established by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in its "Internal Control-Integrated Framework" report.

An Internal Control over Financial Reporting is a process designed to provide reasonable assurance over the reliability of financial information in accordance with the applicable financial reporting framework and includes those policies and procedures that: (i) enable the records reflecting the transactions performed to be kept accurately and with a reasonable level of detail; (ii) provide reasonable assurance as to the proper recognition of transactions to make it possible to prepare the financial information in accordance with the accounting principles and standards applicable to it and that they are made only in accordance with established authorizations; and (iii) provide reasonable assurance in relation to the prevention or timely detection of unauthorised acquisitions, use or sales of the Group's assets that could have material effect on the financial information.

Inherent Limitations

In this regard, it should be borne in mind that, given the inherent limitations of any Internal Control over Financial Reporting, regardless of the quality of the design and operation of the system, it can only allow reasonable, but not absolute security, in relation to the objectives it pursues, which may lead to errors, irregularities or fraud that may not be detected. On the other hand, the projection to future periods of the evaluation of internal control is subject to risks such that said internal control being inadequate as a result of future changes in the applicable conditions, or that in the future the level of compliance of the established policies or procedures may be reduced.

Director's responsibility

The Directors of Repsol, S.A. are responsible for taking the necessary measures to reasonably ensure the implementation, maintenance and supervision of an appropriate Internal Control over Financial Reporting, as well as the evaluation of its effectiveness, the development of improvements to that system and the preparation and establishment of the content of the information relating to the ICFR attached.

Our Responsibility

Our responsibility is to issue a reasonable assurance report on the design and effectiveness of the Repsol Group Internal Control over Financial Reporting, based on the work we have performed and on the evidence we have obtained. We have performed our reasonable assurance engagement in accordance with "International Standard on Assurance Engagements 3000 (ISAE 3000)" (Revised), "Assurance Engagements other than Auditing or Reviews of Historical Financial Information", issued by the International Auditing and Assurance Standards Board (IAASB) of the International Federation of Accountants (IFAC).

A reasonable assurance report includes the understanding of the Internal Control over Financial Reporting, assessing the risk of material weaknesses in the internal control, that the controls are not properly designed or they do not operate effectively, the execution of tests and evaluations on the design and effective implementation of this ICFR, based on our professional judgment, and the performance of such other procedures as may be deemed necessary.

We believe that the evidence we have obtained provides a sufficient and adequate basis for our opinion.

Our Independence and Quality Control

We have complied with the independence requirements and other ethical requirements of the Accounting Professionals Code of Ethics issued by the International Ethics Standards Board for Accountants (IESBA), which is based on the fundamental principles of integrity, objectivity, professional competence and diligence, confidentiality and professional behavior.

Our firm applies the "International Standard on Quality Control 1 (ISQC 1)" and maintains an exhaustive qualitative control system that includes documented policies and procedures regarding compliance with ethical requirements, professional standards, and applicable legal and regulatory provisions.

Opinion

In our opinion, the Repsol Group maintained, as at December 31, 2019, in all material respects, an effective Internal Control over Financial Reporting for the period ended at December 31, 2019, which is based on the criteria and the policies defined by the Repsol Group's management in accordance with the guidelines established by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in its "Internal Control-Integrated Framework" report.

In addition, the attached description of the ICFR Report as at December 31, 2019 has been prepared, in all material respects, in accordance with the requirements established by article 540 of the Consolidated Text of the Capital Companies Act and with the Circular 5/2013 of June 12, 2013 of the CNMV, as amended by CNMV Circular No. 7/2015 dated December 22, 2015 and CNMV Circular No. 2/2018 dated June 12, 2018 for the purposes of the description of the ICFR in the Annual Reports of Corporate Governance.

This work does not constitute an audit nor is it subject to the regulations governing the audit activity in force in Spain, so we do not express any audit opinion in the terms provided in the aforementioned regulations.
