

BASE PROSPECTUS

ABANCA Corporación Bancaria, S.A.

(incorporated with limited liability in the Kingdom of Spain)

EUR 15,000,000,000

Euro Medium Term Note and European Covered Bond (Premium) Programme

This Base Prospectus of ABANCA Corporación Bancaria, S.A. ("**ABANCA**", the "**Bank**" or the "**Issuer**"), a public limited company (*sociedad anónima*), has been approved by the Spanish Securities Market Commission (*Comisión Nacional del Mercado de Valores*) (the "**CNMV**") as competent authority under Regulation (EU) 2017/1129 (as amended, the "**Prospectus Regulation**"), as a base prospectus for the purposes of Article 8 of the Prospectus Regulation for the purpose of giving information with regard to the issue of securities ("**Securities**") under the Euro Medium Term Note and European Covered Bond (Premium) Programme of ABANCA (the "**Programme**") described in this Base Prospectus during the period of 12 months after the date hereof. This Base Prospectus has been prepared in accordance with, and including the information required by Annexes 7 and 15 of Delegated Regulation (EU) 2019/980 of 14 March 2019 (as amended, the "**Delegated Regulation**"). The CNMV has only approved this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such an approval should not be considered as an endorsement of the quality of any Securities that are the subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in such Securities.

Application may be made for the Securities to be admitted to trading on the Spanish AIAF Fixed Income Market (*AIAF Mercado de Renta Fija*) ("**AIAF**"). AIAF is a regulated market for the purposes of Directive 2014/65/EU on markets in financial instruments (as amended, "**MiFID II**"). Securities may be listed or admitted to trading, as the case may be, on other or further stock exchanges or markets agreed between the Issuer and the relevant Dealers. No unlisted Securities may be issued under the Programme.

The Securities under this Programme will be issued in uncertified, dematerialised book-entry form (*anotaciones en cuenta*) and will be registered with *Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A. Unipersonal* ("**Iberclear**") as managing entity of the central registry of the Spanish settlement system (the "**Spanish Central Registry**"). Consequently, no global certificates will be issued in respect of the Securities. Settlement relating to the Securities, as well as payment of interest and redemption of principal amounts, will be performed within Iberclear's account-based system.

Under this Programme, ABANCA may from time to time issue notes governed by Spanish law or by English law (the "**Notes**") and *cédulas hipotecarias* (*bono garantizado europeo* (*premium*))) governed by Spanish law (the "**Covered Bonds**"), as specified in the relevant Final Terms (as defined below). References to the "**Securities**" shall be to the Covered Bonds and to the Notes.

Each tranche of Notes will be issued on the terms set out herein under "*Terms and Conditions of the Notes*" (the "**Conditions of the Notes**") as completed by a document specific to such tranche called Notes final terms (the "**Notes Final Terms**"). Each tranche of Covered Bonds will be issued on the terms set out herein in the section headed "*Terms and Conditions of the Covered Bonds*" (the "**Conditions of the Covered Bonds**", and together with the Conditions of the Notes, the "**Terms and Conditions**" or the "**Conditions**") as completed by a document specific to such tranche called Covered Bonds final terms (the "**Covered Bonds Final Terms**" and together with the Notes Final Terms, the "**Final Terms**"). The Final Terms of each tranche of Securities (a "**Tranche**") will state whether these are to be (I) Covered Bonds or (II) Notes; and, if Notes, whether such Notes are (a) Senior Notes or (b) Subordinated Notes; and, if Senior Notes, whether such Notes are (i) Ordinary Senior Notes or (ii) Senior Non-Preferred Notes; and, if Subordinated Notes, whether such Subordinated Notes are (i) Senior Subordinated Notes or (ii) Tier 2 Subordinated Notes. Notice of the aggregate nominal amount of the Securities, interest (if any) payable in respect of the Securities, the issue price of the Securities and certain other information applicable to each issue of the Securities will

also be set out in the Final Terms. The Final Terms of each Tranche will also state whether the relevant Securities are to be: (i) Fixed Rate Securities, (ii) Floating Rate Securities, (iii) Reset Notes or (iv) any combination thereof.

Securities issued under the Programme may be unrated or rated by any one or more rating agencies. Where a Tranche is rated, such rating will be disclosed in the relevant Final Terms and will not necessarily be the same as the rating(s) assigned to Securities already issued. Whether or not each credit rating applied for in relation to a relevant Tranche will be (1) issued or endorsed by a credit rating agency established in the European Economic Area ("**EEA**") and registered under Regulation (EC) No 1060/2009 (as amended, the "**CRA Regulation**"), or (2) issued by a credit rating agency which is not established in the EEA but which is certified under the CRA Regulation, will be disclosed in the relevant Final Terms. In general, European regulated investors (such as those included in Article 4 of the CRA Regulation) are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the EEA and registered under the CRA Regulation unless (1) the rating is provided by a credit rating agency not established in the EEA but which is endorsed by a credit rating agency established in the EEA and registered under the CRA Regulation or (2) the rating is provided by a credit rating agency not established in the EEA but which is certified under the CRA Regulation. **A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.**

The Securities are complex financial instruments and are not a suitable or appropriate investment for all investors. Prospective purchasers of Securities should ensure that they understand the nature of the relevant Securities and the extent of their exposure to risks and that they consider the suitability of the relevant Securities as an investment in the light of their own circumstances and financial condition.

Investing in Securities issued under the Programme involves certain risks. The principal risk factors that may affect the abilities of the Issuer to fulfil its respective obligations under the Securities are discussed under the section "Risk Factors" below and under the section "Risk Factors" of the Registration Document (as this term is defined in section "Information Incorporated by Reference").

No Securities may be issued under the Programme with a denomination of less than €100,000.

Product Governance under MiFID II - A determination may be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under European Union Delegated Directive 2017/593 (the "**MiFID Product Governance Rules**"), any Dealer subscribing for any Securities is a manufacturer in respect of such Securities, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules. The Final Terms in respect of any Securities may include a legend entitled "MiFID II Product Governance" which will outline the target market assessment in respect of the Securities and which channels for distribution of the Securities are appropriate. Any person subsequently offering, selling or recommending the Securities (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Securities (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

Product Governance under UK MiFIR - A determination may be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance rules set out in the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**"), any Dealer subscribing for any Securities is a manufacturer in respect of such Securities, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules. The Final Terms in respect of any Securities may include a legend entitled "UK MiFIR Product Governance" which will outline the target market assessment in respect of the Securities and which channels for distribution of the Securities are appropriate. Any distributor should take into consideration the target market assessment; however, a distributor subject to the UK MiFIR Product Governance Rules is responsible for undertaking its own target market assessment in respect of the Securities (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the EEA has been

prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

PROHIBITION OF SALES TO UK RETAIL INVESTORS –The Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom ("UK"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of the domestic law of the UK by virtue of the European Union (Withdrawal) Act 2018 ("EUWA"); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (as amended, the "FSMA") and any rules or regulations made under the FSMA to implement the Insurance Distribution Directive, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of the domestic law of the UK by virtue of the EUWA. Consequently, no key information document required by the PRIIPs Regulation as it forms part of the domestic law of the UK by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

In addition, in the UK, this Base Prospectus may be distributed to, and directed at, persons (i) who qualify as "investment professionals" within the meaning of Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005, as amended (the "**Order**"); (ii) high net worth companies, unincorporated associations and other bodies within the categories described in Article 49(2) of the Order; and (iii) persons to whom it may otherwise lawfully be communicated (all such persons together, "**relevant persons**").

Therefore, this Base Prospectus must not be acted on or relied upon (i) in any member state of the EEA (a "**Member State**"), by persons who are retail investors, and (ii) in the UK, by persons who are retail investors or are not relevant persons.

The Securities have not been, and will not be, registered under the United States Securities Act of 1933, as amended (the "**Securities Act**") or with any securities regulatory authority of any state or other jurisdiction of the United States. The Securities may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act ("**Regulation S**")) except in certain transactions exempt from the registration requirements of the Securities Act.

Prospective investors are referred to the section headed "Subscription and Sale" on pages 196 to 200 of this Base Prospectus for further information.

For the purpose of Article 21 of the Prospectus Regulation, the Registration Document (as defined below), this Base Prospectus and any Final Terms issued under the Programme will be published on the Issuer's website (<https://www.abancacorporacionbancaria.com/es/inversores/general/#programas-de-emision>).

This Base Prospectus will be valid as a base prospectus under the Prospectus Regulation for 12 months from 10 June 2025. The obligation to supplement this Base Prospectus in the event of significant new factors, material mistakes or material inaccuracies will not apply following the expiry of that period.

No person is or has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other document entered into in relation to the Programme or any information supplied by the Issuer and, if given or made, such information or representation should not be relied upon as having been authorised by the Issuer or any Dealer.

Neither the Dealers nor any of their respective affiliates have authorised the whole or any part of this Base Prospectus and none of them makes any representation or warranty or accepts any responsibility as to the accuracy or completeness of the information contained in this Base Prospectus or any responsibility for the acts or omissions of the Issuer or any other person (other than the relevant Dealer) in connection with the issue and offering of the Securities.

Neither the delivery of this Base Prospectus or any Final Terms nor the offering, sale or delivery of any Securities shall, in any circumstances, create any implication that the information contained in this Base Prospectus is true subsequent to the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no adverse change, or any event reasonably likely to involve any adverse change, in the prospects or financial or trading position of the Issuer since the date thereof or, if later, the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

Securities issued as Green/Sustainability/Social Securities

Prospective investors in any Securities where the "*Reasons for the Offer*" in Part B of the relevant Final Terms are stated to be for "green", "social" or "sustainability" purposes as described therein (collectively, "**Green, Social or Sustainability Securities**") should have regard to the information in the relevant Final Terms regarding the use of an amount equal to the net proceeds of those Green, Social or Sustainability Securities and to the factors described in the Issuer's Sustainable Development Goals Bond Framework (as defined in "*Use of Proceeds*") of the Issuer available for viewing on its website (including as amended, supplemented, restated or otherwise updated on such website from time to time), and must determine for themselves the relevance of such information for the purpose of any investment in such Green, Social or Sustainability Securities, together with any other investigation such investor deems necessary and must seek advice from their independent financial adviser or other professional adviser regarding its purchase of the Green, Social or Sustainability Securities before deciding to invest.

Neither the Dealers nor any of their respective affiliates accept any responsibility for any social, environmental and sustainability assessment of any Securities issued as Green/Sustainability/Social

Securities or make any representation or warranty or assurance whether such Securities will meet any investor expectations or requirements regarding such "green", "sustainable", "social" or similar labels. Neither the Dealers nor any of their respective affiliates are responsible for the use of proceeds for any Green, Social or Sustainability Securities, nor the impact or monitoring of such use of proceeds. No representation or assurance is given by any of the Dealers or their respective affiliates as to the suitability or reliability of any report, assessment, opinion or certification of any third party (whether or not solicited by the Issuer or any affiliate) made available in connection with an issue of Green, Social or Sustainability Securities, nor is any such report, assessment, opinion or certification a recommendation by the Dealers or their respective affiliates to buy, sell or hold any such Securities. In the event any such Securities are, or are intended to be, listed, or admitted to trading on a dedicated "green", "sustainable", "social" or other equivalently-labelled segment of a stock exchange or securities market, no representation or assurance is given by the Issuer or the Dealers or their respective affiliates that such listing or admission will be obtained or maintained for the lifetime of the Securities.

Any report, assessment, opinion or certification of any third party made available in connection with an issue of Green, Social or Sustainability Securities is not incorporated in this Base Prospectus. The Second Party Opinion (as defined in "*Use of Proceeds*") and any other such opinion or certification is not, nor should be deemed to be, a recommendation by the Issuer, the Dealers, or any other person to buy, sell or hold any Securities and is current only as of the date it is issued. The criteria and/or considerations that formed the basis of the Second Party Opinion or any such other opinion or certification may change at any time and the Second Party Opinion may be amended, updated, supplemented, replaced and/or withdrawn. Prospective investors must determine for themselves the relevance of any such report, assessment, opinion or certification and/or the information contained therein. The Issuer's Sustainable Development Goals Bond Framework may also be subject to review and change and may be amended, updated, supplemented, replaced and/or withdrawn from time to time and any subsequent version(s) may differ from any description given in this Base Prospectus. Neither the Issuer's Sustainable Development Goals Bond Framework nor the Second Party Opinion is incorporated into, and/or forms part of, this Base Prospectus.

Green Securities issued under the Programme will not be issued in accordance with Regulation (EU) 2023/2631 on European Green Bonds and optional disclosures for bonds marketed as environmentally sustainable and for sustainability-linked bonds (the "**European Green Bond Regulation**") which entered into force on 20 December 2023 and applies from 21 December 2024. Therefore, the Issuer will not make use of the optional disclosure templates provided for in Articles 20 and 21 of the European Green Bond Regulation for any Green Securities issued under this Programme.

Restrictions on distribution

Persons into whose possession this Base Prospectus or any Final Terms comes are required by the Issuer and the Dealers to inform themselves about and to observe any restrictions applicable to the distribution of this Base Prospectus and any Final Terms or to the offering, sale and delivery of the Securities; some of which are described under "*Subscription and Sale*".

In particular, the Securities have not been, and will not be, registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States and are subject to U.S. tax law requirements. The Securities may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S) except in certain transactions exempt from the registration requirements of the Securities Act.

NEITHER THE PROGRAMME NOR THE SECURITIES HAVE BEEN APPROVED OR DISAPPROVED BY THE U.S. SECURITIES AND EXCHANGE COMMISSION (THE "SEC"), ANY STATE SECURITIES COMMISSION IN THE UNITED STATES OR ANY OTHER U.S. REGULATORY AUTHORITY, NOR HAS ANY OF THE FOREGOING AUTHORITIES PASSED UPON OR ENDORSED THE MERITS OF ANY OFFERING OF SECURITIES OR THE ACCURACY OR ADEQUACY OF THIS BASE PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENCE IN THE UNITED STATES.

Notes will qualify as MREL (as defined in section "*Capital, Liquidity and Funding Requirements and Loss Absorbing Regulations — MREL Requirements*" of the Registration Document) eligible liabilities instruments if the conditions set out in Article 72b of Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on the prudential requirements for credit institutions and investment firms (as amended, "**CRR**") and in Article 45b of Directive 2014/59/EU, of 15 May, establishing a framework for the recovery and resolution of credit institutions and investment firms (as amended, the "**BRRD**") (the latter as implemented into Spanish law) are met. No specific statement to the qualification of the Notes as MREL eligible liabilities instruments by the Issuer in this Base Prospectus or in the relevant Final Terms is required for their qualification as such. Since Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA, Article 209 of the Spanish Law 6/2023, of 17 March, on the Securities Markets and the Investment Services (*Ley 6/2023, de 17 de marzo, de los Mercados de Valores y de los Servicios de Inversión*) (the "**Spanish Securities Markets and Investment Services Law**") should not apply to the marketing or placement of the Notes.

Neither this Base Prospectus nor any Final Terms constitutes an offer or an invitation to subscribe for or purchase any Securities and should not be considered as a recommendation by the Issuer, the Dealers or their respective affiliates or any of them that any recipient of this Base Prospectus or any Final Terms should subscribe for or purchase any Securities. Each recipient of this Base Prospectus or any Final Terms shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuer.

Benchmarks

Interest and/or other amounts payable under the Securities may be calculated by reference to certain reference rates. Any such reference rate may constitute a benchmark for the purposes of Regulation (EU) 2016/1011 (as amended, the "**Benchmarks Regulation**"). If any such reference rate does constitute such a benchmark, the relevant Final Terms will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by the European Securities and Markets Authorities' ("**ESMA**") pursuant to Article 36 (Register of administrators and benchmarks) of the Benchmarks Regulation. Transitional provisions in the Benchmarks Regulation may have the result that the administrator of a particular benchmark is not required to appear in the register of administrators and benchmarks at the date of the Final Terms. The registration status of any administrator under the Benchmarks Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the Final Terms to reflect any change in the registration status of the administrator.

Roundings and currency

References to "EUR", "€" or "euro" are to the currency introduced at the start of the third stage of European economic and monetary union, and as defined in Article 2 of Council Regulation (EC) No 974/98 of 3 May 1998 on the introduction of the euro, as amended. References to "**billions**" are to thousands of millions.

Certain figures included in this Base Prospectus have been subject to rounding adjustments; accordingly, figures shown for the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

The Securities are complex instruments that may not be suitable for certain investors.

The Securities are complex instruments and may not be a suitable investment for all investors. Each potential investor in Securities must determine the suitability of that investment in light of its own circumstances. A potential investor should not invest in Securities unless it has the expertise (either alone or with its financial and other professional advisers) to evaluate how the relevant Securities will perform under changing conditions, the resulting effects on the value of the relevant Securities and the impact this investment will have on the potential investor's overall portfolio.

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (a) the relevant Securities are legal investments for it; (b) the relevant Securities can be used as collateral for various types of borrowing; and (c) other restrictions apply to its purchase or pledge of any of the relevant Securities. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the relevant under any applicable risk-based capital or similar rules.

made free and clear of, and without withholding or deduction for or on account of any present or future taxes or duties, assessments or governmental charges of whatever nature, unless such withholding or deduction is required by law. In that event, the Issuer will, save in certain limited circumstances or exceptions (please refer to Condition 11 (*Taxation*) of the Conditions of the Notes) be required to pay such additional amounts in respect of interest and any other amounts (excluding, for the avoidance of doubt, any repayment of principal or any premium) (except in the case of Ordinary Senior Notes, where additional amounts will be paid in respect of the payment of any interest and, if so specified in the relevant Notes Final Terms, principal (and/or premium, if any)) as will result in receipt by the Holders of such amounts as would have otherwise been receivable by them had no such withholding or deduction been required.

All payments in respect of the Notes will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 11 (*Taxation*) of the Conditions of the Notes; and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Sections 1471 to 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof.

Negative Pledge:

The terms of the Notes do not contain a negative pledge provision.

Status:

Notes may be either Senior Notes or Subordinated Notes and, in the case of Senior Notes, Ordinary Senior Notes or Senior Non-Preferred Notes and, in the case of Subordinated Notes, Senior Subordinated Notes or Tier 2 Subordinated Notes. In accordance with the Insolvency Law and Additional Provision 14.2 of Law 11/2015, but subject to any other ranking that may apply as a result of any mandatory provision of law (or otherwise), upon the insolvency (*concurso*) of the Issuer, the payment obligations of the Issuer under the Ordinary Senior Notes with respect to principal will rank senior to any Senior Non-Preferred Notes which, in turn, will rank ahead of Senior Subordinated Notes which will rank ahead of Tier 2 Subordinated Notes, as more fully described in Condition 4 (*Status*) of the Conditions of the Notes.

Governing Law:

The Notes may be subject to the exercise of the Loss Absorbing Power and Stay Powers by the Relevant Resolution Authority.

Notes may be governed by English Law or Spanish Law, at the option of the Issuer.

The Notes governed by English Law and any non-contractual obligations arising out of or in connection with the Notes governed by English Law will be governed by, and shall be construed in accordance with, English law, except the provisions relating to the status of the Notes, the capacity of the Issuer and the relevant corporate resolutions and the provisions relating to the exercise and effect of the Loss Absorbing Power by the Relevant Resolution Authority and the acknowledgement of the same, which are governed by Spanish law.

The Notes governed by Spanish Law and any non-contractual obligations arising out of or in connection with the Notes governed by Spanish Law will be governed by, and shall be construed in accordance with, Spanish law.

Overview of the Covered Bonds

Maturities:

The Maturity Date of the Covered Bonds will not exceed 50 years from the Issue Date.

If so specified in the relevant Covered Bonds Final Terms and as otherwise provided therein, the Issuer or the Special Cover Pool Administrator (as applicable) may extend the Maturity Date up to the Extended Maturity Date, subject to and in the circumstances contemplated in Article 15 of Royal Decree-Law 24/2021, and subject to the prior permission of the Bank of Spain. Interest will continue to accrue on any Outstanding Principal Amount of the Covered Bonds and will be payable on each Interest Payment Date falling after the Maturity Date or the Extended Maturity Date, as applicable, as set out in the relevant Covered Bonds Final Terms.

Issue Price:

Covered Bonds will be issued on a fully-paid basis and at an issue price which is at par or at a discount to, or premium over, par.

Fixed Rate Covered Bonds:

Fixed interest will be payable on such date or dates as may be agreed between the Issuer and the relevant Dealer and on redemption and will be calculated on the basis of such Day Count Fraction as may be agreed between the Issuer and the relevant Dealer.

Floating Rate Covered Bonds:

Floating Rate Covered Bonds will bear interest at a rate determined either

- (i) in accordance with "Screen Rate Determination" (see Condition 6(c) (*Floating Rate Covered Bond Provisions -Screen Rate Determination*) of the Conditions of the Covered Bonds); or
- (ii) in accordance with "ISDA Determination" (see Condition 6(d) (*Floating Rate Covered Bond Provisions -ISDA Determination*) of the Conditions of the Covered Bonds).

The margin (if any) relating to such floating rate will be agreed between the Issuer and the relevant Dealer for each Series of Floating Rate Covered Bonds.

Floating Rate Covered Bonds may also have a maximum interest rate, a minimum interest rate or both.

Interest on Floating Rate Covered Bonds in respect of each Interest Period, as agreed prior to issue by the Issuer and the relevant Dealer, will be payable on such Interest Payment Dates, and will be calculated on the basis of such Day Count Fraction, as may be agreed between the Issuer and the relevant Dealer.

Benchmark Discontinuation:

On the occurrence of a Benchmark Event, the Issuer and, if applicable, an Independent Financial Adviser may, subject to certain Conditions, in accordance with Condition 7 (*Benchmark Discontinuation*) of the Conditions of the Covered Bonds and without any requirement for consent or approval of the Holders, determine a Successor Rate or, failing which, an Alternative Rate and, in either case, an Adjustment Spread.

Redemption:

The relevant Covered Bonds Final Terms will indicate either that the relevant Covered Bonds cannot be redeemed prior to their stated maturity or that such Covered Bonds will be redeemable at the option of the Issuer upon giving notice to the Holders, on a date or dates specified prior to such stated maturity and at a price or prices specified in the relevant Covered Bonds Final Terms. In addition, if so specified in the relevant Covered Bonds Final Terms, the Issuer may redeem the relevant Covered Bonds at any time if the Outstanding Principal Amount of such Covered Bonds is equal to or less than the Residual Percentage specified in the relevant Covered Bonds Final Terms of the aggregate nominal amount of the Covered Bonds originally issued.

<i>Taxation:</i>	<p>All payments of principal and interest in respect of the Covered Bonds by or on behalf of the Issuer will be made subject to and after deduction or withholding required to be made by law for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of the Kingdom of Spain or any political subdivision or any authority thereof or therein having power to tax. The Issuer will not be required to pay any additional or further amounts in respect of such deduction or withholding.</p>
<i>Status:</i>	<p>In accordance with Article 6 and Article 42.1 of Royal Decree-Law 24/2021, but subject to any other ranking that may apply as a result of any mandatory provision of law (or otherwise), upon the insolvency (<i>concurso</i>) of the Issuer, claims of Holders under the Covered Bonds shall be recognised as claims with special privilege (<i>créditos con privilegio especial</i>) in respect of the assets in the Cover Pool pursuant to Article 270.7 of the Insolvency Law, and to the extent that claims against the Issuer under the Covered Bonds are not fully satisfied from the assets in the Cover Pool, the residual claims under the Covered Bonds will rank <i>pari passu</i> with any Ordinary Senior Note, as more fully described in Condition 4 (<i>Status</i>) of the Conditions of the Covered Bonds.</p> <p>Covered Bonds are excluded from the Loss Absorbing Power to the extent the Covered Bonds do not exceed the value of the Cover Pool. However, any claims of holders of Covered Bonds and any derivative counterparties in excess of the value of the assets included in the Cover Pool may be subject to the exercise of the Loss Absorbing Power by the Relevant Resolution Authority.</p>
<i>Governing Law:</i>	<p>The Covered Bonds and any non-contractual obligations arising out of or in connection with the Covered Bonds shall be governed by, and construed in accordance with, Spanish law.</p>
Use of proceeds:	<p>An amount equivalent to the net proceeds from each issue of Securities will be applied by the Issuer for the general financing requirements of the ABANCA Group. If, in respect of an issue, there is a particular identified use of proceeds, this will be stated in the relevant Final Terms.</p> <p>In particular, the Final Terms relating to any specific Tranche of Securities may provide that it will be the Issuer's intention to apply an amount equivalent to the net proceeds of the issue of the</p>

relevant Securities to the financing and/or refinancing, in part or in full, of new and/or existing Eligible Green and/or Social Business Lines, as defined in the section headed "*Use of Proceeds*" (such Securities being referred to as Green, Social or Sustainability Securities).

Please see section headed "*Use of Proceeds*" below.

RISK FACTORS

Any investment in the Securities is subject to a number of risks. Prior to investing in the Securities, prospective investors should carefully consider risk factors associated with any investment in the Securities, the business of the Issuer (and its subsidiaries (the "ABANCA Group")) and the industries in which it operates together with all other information contained in this Base Prospectus, including, in particular the risk factors described below and the risk factors described in the section "Risk Factors" of the Registration Document. Words and expressions defined in the "Conditions of the Notes" or in the "Conditions of the Covered Bonds" below or elsewhere in this Base Prospectus or in the section "Capital, Liquidity and Funding Requirements and Loss Absorbing Regulations" of the Registration Document have the same meanings in this section.

Only risks which are specific to the Securities are included herein as required by the Prospectus Regulation. Investors should consider carefully whether an investment in the Securities is suitable for them in light of the information in this Base Prospectus and their personal circumstances. Risks that apply generally to securities with the characteristics of the Securities that can be issued under this Base Prospectus (for instance, risks related to modifications of the Securities approved by a meeting of Holders of the Securities, risks related to the absence of limitations on the amount or type of further securities or indebtedness which the Issuer may incur or risks related to the reset of the interest rate on Reset Notes), that apply generally to negotiable securities such as those related to the secondary market in general (for instance, price fluctuations, including in the particular case of securities issued at a discount or premium) and those related to the credit ratings assigned to the Securities (such as changes in the credit ratings or the assignment of unsolicited ratings) have not been included herein. However, such additional risks may affect the value and liquidity of the Securities.

RISK FACTORS OF THE SECURITIES

Risks related to the Securities generally

Credit risk

Credit risk refers to the risk of economic losses being generated by a payment default of the counterparty in a financial operation. In this particular case, such credit risk would consist of the Issuer not paying principal and/or interest on the Securities on their respective due dates. Moreover, the lower the ranking of a Security, the greater the credit risk to which it is exposed.

The Notes will not benefit from any guarantee other than the one provided by the general asset solvency of the Issuer. In addition, the Notes will not benefit from the protection granted by the Spanish Deposit Guarantee Fund (*Fondo de Garantía de Depósitos*).

Unlike the Notes, the Covered Bonds will be specially secured (with the limits established in any applicable regulation) by the assets included from time to time in the Cover Pool. However, the assets included in the Cover Pool will be subject to variations in value and defaults (see "*Risks applicable to the Covered Bonds —Risk of collateral reduction*" and "*Risks applicable to the Covered Bonds —Risk of breach of the requirements with respect to the assets included in the Cover Pool. Risk due to insufficiency of assets included in the Cover Pool in the event of insolvency of the Issuer*" and "*Risks applicable to the Covered Bonds —Defaults relating to loans contained in the Cover Pool may result in the Issuer being unable to satisfy its obligations under the Covered Bonds*").

Securities subject to optional redemption by the Issuer

If so specified in the relevant Final Terms, the Securities may be redeemed prior their Maturity Date on certain dates or periods or if certain events occur.

If the Issuer has the right to redeem any Securities at its option, this may limit the market value of the Securities concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return.

Any optional redemption feature is likely to limit the market value of the relevant Securities. During any period when the Issuer may elect to redeem the relevant Securities, or during which there is an actual or perceived increased likelihood that the Issuer may elect to redeem the Securities, the market value of those Securities generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period if the market believes that the relevant Securities may become eligible for redemption in the near term.

The optional redemption features that may be embedded in the Terms and Conditions of the Securities include:

- Redemption of Notes due to a Tax Event pursuant to Condition 9(b) (*Redemption due to a Tax Event*) of the Conditions of the Notes. Tax Event means a change in, or amendment to, the laws or regulations of the Kingdom of Spain, or any change in the official application or interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes and that results in (a) the Issuer not being entitled to claim a deduction in computing taxation liabilities in the Kingdom of Spain in respect of any payments of interest in respect of the Notes or the value of such deduction to the Issuer being materially reduced; or (b) the Issuer being obliged to pay additional amounts pursuant to Condition 11 (*Taxation*) of the Conditions of the Notes; or (c) the applicable tax treatment of the Notes being materially affected, and, in each case, cannot be avoided by the Issuer taking reasonable measures available to it.
- Redemption of Tier 2 Subordinated Notes due to a Capital Event pursuant to Condition 9(c) (*Redemption due to a Capital Event*) of the Conditions of the Notes. Capital Event means a change (or any pending change which the Competent Authority considers sufficiently certain) in the regulatory classification of the Tier 2 Subordinated Notes which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the relevant Notes and that results (or would be likely to result) in (a) the exclusion of that all or part of the Outstanding Principal Amount of the Tier 2 Subordinated Notes from the Tier 2 Capital of the Issuer or the ABANCA Group (in each case, to the extent required by Applicable Banking Regulations); or (b) the reclassification of all or part of the Outstanding Principal Amount of the Tier 2 Subordinated Notes as a lower quality form of own funds of the Issuer or the ABANCA Group, in accordance with the Applicable Banking Regulations (in each case, to the extent required by Applicable Banking Regulations).
- Redemption of Notes due to an Eligible Liabilities Event pursuant to Condition 9(d) (*Redemption due to an Eligible Liabilities Event*) of the Conditions of the Notes. Eligible Liabilities Event means, that, subject to certain exceptions that depend on the type of Notes, all or part of the Outstanding Principal Amount of the relevant Notes do not at any time prior to the Maturity Date fully qualify as MREL-Eligible Senior Preferred Instruments, as MREL-Eligible

Senior Non-Preferred Instruments, or to comply with MREL Requirements (as defined in the Conditions of the Notes), as applicable, of the Issuer and/or the ABANCA Group.

- Redemption of Notes pursuant to Condition 9(g) (*Issuer Residual Call*) of the Conditions of the Notes and redemption of the Covered Bonds pursuant to Condition 9(e) (*Issuer Residual Call*) of the Conditions of the Covered Bonds if, at any time, the Outstanding Principal Amount of the relevant Securities is equal to or less than the Residual Percentage specified in the relevant Final Terms of the aggregate nominal amount of the Securities originally issued.
- Redemption of Notes at the option of the Issuer if the relevant Final Terms specify that the relevant Securities are redeemable at the Issuer's option on certain dates or periods (redemption of Tier 2 Subordinated Notes at the option of the Issuer may only take place after five years from their date of issuance or any different minimum period permitted under Applicable Banking Regulations).

The Issuer may redeem the Securities when its cost of borrowing is lower than the interest rate on the Securities. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Securities being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

It is not possible to predict whether or not an event entitling the Issuer to redeem the Securities will occur and if so whether or not the Issuer will elect to exercise such option to redeem the Securities or, when applicable, such redemption would comply with the Applicable Banking Regulations and any prior permission of the Competent Authority and/or Relevant Resolution Authority if and as applicable for such redemption will be given.

Green, Social or Sustainability Securities may not meet investor expectations or requirements

No assurance is given by the Issuer, the Dealers or any of their respective affiliates that the use of an amount equal to the net proceeds of any Green, Social or Sustainability Securities will satisfy any present or future investment criteria or guidelines with which an investor is required, or intends, to comply, in particular with regard to any direct or indirect environmental or sustainability impact of any project or uses, the subject of or related to, the Sustainable Development Goals Bond Framework of the Issuer, available for viewing on its website (including as amended, supplemented, restated or otherwise updated on such website from time to time) (<https://www.abancacorporacionbancaria.com/files/documents/sdg-bond-framework-oct-2022-es.pdf>)¹. In addition, the Sustainable Development Goals Bond Framework of the Issuer may be subject to review and change and may be amended, updated, supplemented, replaced and/or withdrawn from time to time and any subsequent version(s) may differ from any description given in this Base Prospectus.

In particular, no assurance can be given that the projects falling under the eligible green, sustainable and/or social categories, as the case may be, and aligned with the eligibility criteria set out in the Sustainable Development Goals Bond Framework of the Issuer will meet investor expectations or requirements regarding such "green", "sustainable", "social" or similar labels (including Regulation

¹ For the avoidance of doubt, the Sustainable Development Goals Bond Framework of the Issuer shall not be deemed to be, incorporated in, and/or form part of, this Base Prospectus.

(EU) 2020/852 on the establishment of a framework to facilitate sustainable investment (the so called "**EU Taxonomy**"), the EU Taxonomy Climate Delegated Act adopted by the EU Commission on 21 April 2021 (jointly, the "**EU Taxonomy Regulation**"), the European Green Bond Regulation or any further regulations or standards that may be approved or created.

The European Green Bond Regulation, which entered into force on 20 December 2023 and applies from 21 December 2024, establishes (i) the requirements that bonds must comply with in order to be designated as "European Green Bonds" or "EUGB", in particular the full allocation of the proceeds of such bonds to economic activities aligned with the EU Taxonomy Regulation in accordance with the categories set forth in Article 4 of the European Green Bond Regulation and additionally, specific transparency requirements, with which issuers shall comply with prior and post an issuance of bonds designated as "European Green Bonds" or "EUGB"; (ii) optional disclosure templates for bonds marketed as environmentally sustainable and for sustainability-linked bonds; and (iii) a system to register and supervise external reviewers of bonds designated as "European Green Bonds" or "EUGB". Any Green Securities issued under the Programme will not be compliant with the European Green Bond Regulation and are only intended to comply with the requirements and processes in the Sustainable Development Goals Bond Framework of the Issuer. It is not clear at this stage the impact which the EU Green Bond Regulation may have on investor demand for, and pricing of, green use of proceeds bonds (such as the Green Securities issued under this Programme) that do not meet such standard or do not elect to use the optional disclosure templates. This could result in reduced liquidity or lower demand or could otherwise affect the market price of any Green Securities issued under this Programme that do not comply with the European Green Bond Regulation.

The Issuer appointed Sustainalytics to provide the Second Party Opinion on the Sustainable Development Goals Bond Framework, which is available on the Issuer's website. However, no representation or assurance is given as to the availability, suitability or reliability of any report, assessment, opinion, limited assurance or certification of any third party made available in connection with any issue of Green, Social or Sustainability Securities. Moreover, the criteria and/or considerations that formed the basis of any such opinion, limited assurance or certification (including the Second Party Opinion) may change at any time. Whilst the EU Green Bond Regulation provides a supervisory regime for external reviewers of green bonds designated as "European Green Bonds" or "EUGB", any report, assessment, opinion or certification of any third party (including the Second Party Opinion), whether or not solicited by the Bank or any affiliate, made available in connection with an issue of Green Securities will not be subject to regulatory oversight.

In the event that any such Securities are listed or admitted to trading on a dedicated "green", "sustainable", "social" or other equivalently-labelled segment of a stock exchange or securities market, no representation or assurance is given by the Issuer, the Dealers or any of their respective affiliates or any other person that such listing or admission satisfies any present or future investment criteria or guidelines with which such investor is required, or intends, to comply. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. No representation or assurance is given or made that any such listing or admission to trading will be obtained in respect of any such Securities or that any such listing or admission to trading will be maintained during the life of the Securities.

The Final Terms relating to a specific Tranche of Securities may provide that it is the Issuer's intention to apply the proceeds of those Securities to Eligible Green Business Lines and/or Eligible Social Business Lines in accordance with the Sustainable Development Goals Bond Framework of the Issuer.

However, there can be no assurance that any such Eligible Green Business Lines and/or Eligible Social Business Lines will be available or capable of being implemented in the manner and timeframe anticipated due to reasons not attributable to the Bank and that, accordingly, the Issuer will be able to use the proceeds for such Eligible Green Business Lines and Eligible Social Business Lines as intended. In addition, there can be no assurance that eligible projects will be completed as expected or achieve the impacts or outcomes (environmental, social or otherwise) originally expected or anticipated or that any adverse environmental, social and/or other impacts will not occur during the implementation of any projects or uses the subject of, or related to, any eligible projects, due to reasons not attributable to the Bank. Nor can there be any assurance that the maturity of any eligible green, social or sustainable asset or project will match the minimum duration of any such Green, Social or Sustainability Securities. The net proceeds of the issue of any Green, Social or Sustainability Securities which, from time to time, are not allocated are intended by the Issuer to be invested in cash or cash equivalent instruments according to its treasury management policy. The Issuer does not undertake to ensure that there are at any time sufficient Eligible Green Business Lines or Eligible Social Business Lines to allow for allocation of a sum equal to the net proceeds of the issue of such Green, Social or Sustainability Securities in full. This notwithstanding, ABANCA shall use its best efforts to ensure that, at all times, an amount equal to the aggregate amount of net proceeds of any Green, Social or Sustainability Securities is allocated to Eligible Green Business Lines and/or Eligible Social Business Lines as described in the Sustainable Development Goals Bond Framework of the Issuer.

None of the events described in the paragraphs above or a failure by the Issuer to allocate (at whatever point in time, including any subsequent reallocation) an amount equal to the whole of the net proceeds of any Green, Social or Sustainability Securities, or a change in the allocation of any amount, or (if so anticipated) to report on the use of proceeds or eligible projects, or a failure of a third party to issue (or a withdrawal), or by the Issuer to provide or publish, a report, assessment, opinion or limited assurance in connection with an issue of Green, Social or Sustainability Securities, or the failure of the Green, Social or Sustainability Securities to meet investors' expectations requirements regarding any "green", "sustainable", "social" or similar labels, or a disqualification of an eligible project from "green", "sustainable", "social" or similar labels, or if the performance of the eligible assets is not as expected, or the fact that the maturity of an eligible green or social asset or project may not match the minimum duration of the relevant Green, Social or Sustainability Securities will (i) constitute an event of default, or (ii) constitute a breach of contract with respect to any of the Green, Social or Sustainability Securities, or (iii) lead to an obligation of the Issuer to redeem such Securities or be a relevant factor for the Issuer in determining whether or not to exercise any optional redemption rights in respect of any Securities, or (iv) affect the qualification of any Notes as Tier 2 capital or as eligible liabilities for the purposes of MREL or to comply with MREL Requirements (if applicable); or (v) give rise to any other claim or right (including, for the avoidance of doubt, the right to accelerate any Securities) of a holder of such Green, Social or Sustainability Securities against the Issuer or to any obligation or liability of the Issuer. Remedies available to holders of Green, Social or Sustainability Securities are the same as those available to other holders of Securities.

For the avoidance of doubt, (i) Green, Social or Sustainability Securities will not, in any circumstance, accelerate or be subject to an early redemption right due to the "green", "sustainable" or "social" nature of the Securities; (ii) holders of Green, Social or Sustainability Securities will not be able to exercise any right, and the Securities will not be subject to any acceleration or early redemption right, due to a failure by the Issuer to comply with any "green", "sustainable" or "social" target, and (iii) payment of principal and interest (as the case may be) on the relevant Green, Social or Sustainability Securities shall

not depend on the performance of the relevant project or on compliance with general "green", "sustainable" or "social" targets at Issuer level, nor have any preferred right against such assets.

There will be no segregation of assets and liabilities in respect of the Green, Social and Sustainability Securities and the relevant projects or the performance of the Issuer in respect of any environmental or similar targets. Consequently, neither payments of principal and/or interest on the Green, Social and Sustainability Securities nor any rights of holders of Securities shall depend on the performance of the relevant projects or the performance of the Issuer in respect of any such environmental or similar targets. Holders of any Green, Social and Sustainability Securities shall have no preferential rights or priority against the assets of any relevant project nor benefit from any arrangements to enhance the performance of the Securities.

Green, Social and Sustainability Notes (and, in certain circumstances, Green, Social and Sustainability Covered Bonds) will be subject to the bail-in tool and to write down and conversion powers, and in general to the powers that may be exercised by the Relevant Resolution Authority, to the same extent and with the same ranking as any other Security of the same type which is not a Green, Social or Sustainability Security (please see *“Risks applicable to the Notes - The Notes may be subject to the exercise of the Spanish Bail-in Power by the Relevant Resolution Authority. Other powers contained in Law 11/2015 or the SRM Regulation could materially affect the rights of the holders of the Notes under, and the value of, any Notes”* below).

Likewise, Green, Social and Sustainability Notes, as any other Notes, will be fully subject to the application of CRR eligibility criteria and BRRD requirements for own funds and eligible liabilities instruments and, as such, proceeds from Green, Social or Sustainability Notes qualifying as own funds or eligible liabilities should cover all losses in the balance sheet of the Issuer regardless of their "green", "social" or "sustainable" label and regardless of whether the losses stem from "green", "social" or "sustainable" assets. There will be no arrangement that will enhance the performance of Green, Social or Sustainability Notes. Additionally, their labelling as Green, Social or Sustainability Notes (i) will not affect the regulatory treatment of such Notes as Tier 2 capital or eligible liabilities for the purposes of MREL (as applicable), if such Notes are also Subordinated Notes, Senior Non-Preferred Notes or Ordinary Senior Notes intended to be Eligible Liabilities; and (ii) will not have any impact on their status as indicated in Condition 4 of the Conditions of the Notes.

A failure of the Green, Social or Sustainability Securities to meet investor expectations or requirements as to their "green", "sustainable", "social" or equivalent characteristics, including the failure to apply proceeds for eligible business lines (as described in the relevant Final Terms), the failure to provide, or the withdrawal of, a third party report, assessment, opinion or limited assurance, the Securities ceasing to be listed or admitted to trading on any dedicated stock exchange or securities market as aforesaid or (if so anticipated) the failure by the Issuer to report on the use of proceeds or eligible projects (as described in the relevant Final Terms) as anticipated, may have a material adverse effect on the value of such Securities and/or may have consequences for certain investors with portfolio mandates to invest in green assets (which consequences may include the need to sell the Securities as a result of the Securities not falling within the investor's investment criteria or mandate).

Impact of interest rates and inflation on the price and yield of the Securities

The Securities (specially the Fixed Rate Securities) are affected by the expectations of inflation and monetary policy. The value of the Securities (specially the Fixed Rate Securities) will be adversely affected if inflation and/or market interest rates subsequently increase and the yield of the Securities

(specially the Fixed Rate Securities) could drop below other available fixed-income investments. The yield of the Securities may be lower than the inflation rate. In addition, if market interest rates increase above the rate paid on the Securities (or even if there are expectations of increases in inflation levels), investors will demand higher yields on their fixed income investments such as the Securities and, in turn, this will lead to declines in the market prices of the Securities already issued, which could result in losses to investors who sell their Securities prior to maturity.

Investors should be aware that inflation and/or movements of market interest rates can adversely affect the yield and price of the Securities (specially the Fixed Rate Securities) and can lead to losses for the Holders if they sell the Securities.

Risks relating to EURIBOR and other "benchmarks". Whilst certain benchmark rates, including EURIBOR, may be discontinued or reformed in the future, the market continues to develop in relation to risk-free rates (including overnight rates) as reference rates for Securities

The determination of the interest in respect of floating rate Securities (including fixed-to-floating Securities) and Reset Notes may be dependent upon the Euro Interbank Offered Rate ("EURIBOR") or other rates, as specified in the Conditions, which are deemed to be "benchmarks". Benchmarks have become the subject of ongoing national and international regulatory reform, including through the Benchmarks Regulation. Most reforms have now reached their planned conclusion but benchmarks remain subject to ongoing monitoring.

Following the implementation of any such reforms, the manner of administration of benchmarks may change with the result that they may perform differently than in the past or other consequences which cannot be predicted. In this respect, the Benchmarks Regulation applies to "contributors", "administrators" and "users" of benchmarks in the EU, and, among other things imposes certain obligations and requirements (including an authorisation requirement for benchmark administrators and other extensive requirements and obligations, or a prevention of certain uses by EU supervised entities (such as the Issuer) of benchmarks of administrators that are not authorised/registered, deemed equivalent, recognised or endorsed).

In addition, the Benchmarks Regulation may result in a change in the methodology or other terms of the benchmark, and such changes could (amongst other things) have the effect of reducing or increasing the rate or level or affecting the volatility of the published rate or level of the benchmark. Moreover, the additional requirements and obligations imposed by the Benchmarks Regulation may have the effect of discouraging market participants from continuing to administer or contribute to certain benchmarks, trigger changes in the rules or methodologies used in certain benchmarks or lead to the disappearance of certain benchmarks.

In the meantime, the use of risk-free rates, including the Euro Short-Term Rate ("€STR"), as reference rates for Eurobonds continues to develop. This relates not only to the substance of the calculation and the development and adoption of market infrastructure for the issuance and trading of bonds referencing such rates, but also how widely such rates and methodologies might be adopted.

The European Central Bank (or their successors) as administrators of €STR may make methodological or other changes that could change the value of these risk-free rates and/or indices, including changes related to the method by which such risk-free rate is calculated, to the eligibility criteria applicable to the transactions used to calculate €STR, or to the timing related to the publication of €STR or any related indices. In addition, the administrator may alter, discontinue or suspend calculation or dissemination of

€STR or any related index. The administrator has no obligation to consider the interests of investors when calculating, adjusting, converting, revising or discontinuing any such risk-free rate.

In order to address the above-described risks, if a Benchmark Event occurs, the Issuer shall use its reasonable endeavours to appoint an Independent Financial Adviser to determine a Successor Rate or, failing which, an Alternative Rate. Therefore, the initial benchmark may change and, in certain circumstances, an independent third party may not be involved in the determination of the Successor Rate or Alternative Rate, and of the Adjustment Spread.

In certain circumstances, the ultimate fallback for the purposes of calculation of interest for a particular Interest Period or Reset Period (as the case may be) may result in the rate of interest of the last preceding Interest Period or Reset Period (as the case may be) being used. This may result in effective application of a fixed rate of interest for Securities initially designated to be Floating Rate Securities or Reset Notes, as applicable.

The Conditions also provide that an Adjustment Spread may be determined by the Independent Financial Adviser or the Issuer, as applicable, and applied to such Successor Rate or Alternative Rate. However, such Adjustment Spread may not be effective to reduce the economic prejudice to Holders or it may not be possible to determine or apply an Adjustment Spread. Furthermore, if a Successor Rate or Alternative Rate is determined in accordance with the Conditions, the Independent Financial Adviser or the Issuer, as applicable, may also specify amendments to the Conditions, as necessary, in order to follow market practice in relation to the Successor Rate or Alternative Rate and/or Adjustment Spread, without any requirement for consent or approval of the Holders.

The use of any Successor Rate or Alternative Rate (including with the application of an Adjustment Spread and also including any other amendment to the Conditions) may still result in the Securities performing differently (which may include payment of a lower rate of interest) than they would if the relevant Reference Rate or the Mid-Swap Floating Leg Benchmark Rate, as applicable, were to continue to apply.

Any of the foregoing could have an adverse effect on the value or liquidity of, and return on, the Securities.

As regards the application of risk-free rates, the market or a significant part thereof may adopt an application of risk-free rates that differs significantly from that set out in the Conditions and used in relation to Securities that reference risk-free rates issued under this Programme. The Issuer may in the future also issue Securities referencing €STR that differ materially in terms of interest determination when compared with any previous Securities issued by it under this Programme. The development of risk-free rates for the Eurobond markets could result in reduced liquidity or increased volatility, or could otherwise affect the market price of any Securities that reference a risk-free rate issued under this Programme from time to time.

In addition, the manner of adoption or application of risk-free rates in the Eurobond markets may differ materially compared with the application and adoption of risk-free rates in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of such reference rates in the bond, loan and derivatives markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of Securities referencing such risk-free rates.

In particular, investors should be aware that several different methodologies have been used in risk-free rate securities issued to date. No assurance can be given that any particular methodology, including the compounding formula in the Conditions of the relevant Securities, will gain widespread market acceptance. In addition, market participants and relevant working groups are still exploring alternative reference rates based on risk-free rates, including various ways to produce term versions of certain risk-free rates (which seek to measure the market's forward expectation of an average of these reference rates over a designated term, as they are overnight rates) or different measures of such risk-free rates. If the relevant risk-free rates do not prove to be widely used in securities like the Securities, the trading price of such Securities linked to such risk-free rates may be lower than those of Securities referencing indices that are more widely used.

Investors should consider these matters when making their investment decision with respect to any Securities which reference €STR or any related indices.

Conflicts of interest between the Calculation Agent, Independent Financial Advisers or the Determination Agent and Holders

Potential conflicts of interest may exist between the Calculation Agent (if any), Independent Financial Advisers (if eventually appointed), or the Determination Agent (if any) (jointly, the "**Third Parties**") and Holders, including with respect to certain determinations and judgements that the Third Parties may make pursuant to the Conditions (for example calculation of rates of interest payable under the Securities or the determination of Successor Rates or Alternative Rates in case of a Benchmark Event) which may influence the amounts that can be received by Holders. Conflicts of interest may arise, among others, when a Dealer or the Issuer is appointed as a Third Party (it must be noted that the Issuer will act as Calculation Agent unless otherwise stated in the relevant Final Terms).

Any of the Third Parties may be a member of an international financial group that is involved, in the ordinary course of its business, in a wide range of banking activities out of which conflicting interests may arise. Whilst such a Third Party is expected to, where relevant, have information barriers and procedures in place to manage conflicts of interest, it may in its other banking activities from time to time be engaged in transactions involving an index or related derivatives which may affect amounts receivable by Holders during the term and on the maturity of the Securities or the market price, liquidity or value of the Securities and which could be deemed to be adverse to the interests of the Holders.

An active secondary market in respect of the Securities may never be established or may be illiquid

Securities do not have an established trading market when issued (except maybe in the case of a particular Series to be consolidated with another Series which is already issued), and one may never develop. Although application may be made for the Securities to be admitted to trading on AIAF or other or further stock exchanges or markets (either Spanish, European or non-European, including regulated markets, multilateral trading facilities or any other organised markets), there can be no assurance that the listing will be approved or that, even if approved, an active trading market will develop (out of the total outstanding balance of Spanish private fixed income securities registered in AIAF at the end of December 2024, transactions executed in AIAF during 2024 only represented 0.0223% (source: *Calculations by ABANCA based on public information disclosed by AIAF*)). If a market does develop, it may not be very liquid (for example, existing Tier 2 Instruments and issuances of the Issuer listed on AIAF have a relative reduced liquidity) and may be sensitive to changes in financial markets.

Therefore, investors may not be able to sell their Securities easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case should the Issuer be or be perceived in financial distress, which may result in any sale of the Securities having to be at a substantial discount to their principal amount or for Securities that are especially sensitive to interest rate or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Securities generally would have a more limited secondary market and more price volatility than conventional debt securities.

The Securities may have a negative yield

Securities issued under this Base Prospectus may have a negative yield, depending on the issue or acquisition price and the redemption or disposal price, as well as the periodic coupons they pay, and, consequently, investors could lose all or part of their investment.

Risks applicable to the Notes

The Notes may be subject to the exercise of the Spanish Bail-in Power by the Relevant Resolution Authority. Other powers contained in Law 11/2015 or the SRM Regulation could materially affect the rights of the holders of the Notes under, and the value of, any Notes

As discussed in section "*Capital, Liquidity and Funding Requirements and Loss Absorbing Regulations—Loss absorbing powers by the Relevant Resolution Authority under Law 11/2015 and the SRM Regulation*" of the Registration Document, any Notes issued under this Base Prospectus may be subject to the Spanish Bail-in Power and in general to the powers that may be exercised by the Relevant Resolution Authority under Law 11/2015 (and its development through Royal Decree 1012/2015) and the SRM Regulation.

The bail-in tool is not intended to apply to secured debt and therefore the Spanish Bail-in Power should not apply to Covered Bonds to the extent that the amounts payable in respect of the Covered Bonds do not exceed the value of the Cover Pool. However, any claims of holders of Covered Bonds and any derivative counterparties in excess of the value of the assets included in the Cover Pool may be subject to the exercise of the Spanish Bail-in Power by the Relevant Resolution Authority. Accordingly, this risk shall be applicable to the Covered Bonds with respect to any such claims.

In addition, Notes qualifying as capital instruments (which is expected to be the case for Tier 2 Subordinated Notes) and certain internal eligible liabilities may also be subject to the Non-Viability Loss Absorption (as defined in section "*Capital, Liquidity and Funding Requirements and Loss Absorbing Regulations—Loss absorbing powers by the Relevant Resolution Authority under Law 11/2015 and the SRM Regulation*" of the Registration Document). Non-Viability Loss Absorption may be imposed prior to or in combination with any exercise of the Spanish Bail-in Power or with any other resolution tool or power.

The exercise of any such powers (which may imply amounts due under such Notes being written-down (including to zero) or converted into equity or into other securities or obligations, or obligations being cancelled or modified) (or any other resolution powers and tools or even any early intervention measure before any resolution) may result in holders of Notes losing some or all of their investment or otherwise having their rights under the Notes adversely affected. And not only the exercise but also any suggestion that such exercise may happen, could materially adversely affect the market price or value or trading behaviour of any Notes and/or the ability of the Bank to satisfy its obligations under any Notes. The

Spanish Bail-in Power and Non-Viability Loss Absorption may also be exercised in such manner as to result in holders receiving a different security, which may be worth significantly less than the Notes.

There may be limited protections, if any, that will be available to holders of securities (including the Notes) subject to the Spanish Bail-in Power or to the Non-Viability Loss Absorption and to the broader resolution powers of the Relevant Resolution Authority. Accordingly, holders of the Notes may have limited or circumscribed rights to challenge any decision of the Relevant Resolution Authority to exercise its bail-in power or other powers. In particular, to the extent that any resulting treatment of a holder of the Notes pursuant to the exercise of the Spanish Bail-in Power or Non-Viability Loss Absorption is less favourable than would have been the case in normal insolvency proceedings, a holder of such affected Notes may have a right to compensation under the BRRD and the SRM Regulation based on an independent valuation of the institution, in accordance with Article 10 of Royal Decree 1012/2015 and the SRM Regulation. Any such compensation, together with any other compensation provided by any Applicable Banking Regulations (including, among any such compensation, in accordance with Article 36.5 of Law 11/2015) is unlikely to compensate that holder for the losses it has actually incurred and there is likely to be a considerable delay in the recovery of such compensation. Compensation payments (if any) are also likely to be made considerably later than when amounts may otherwise have been due under the affected Notes. In addition, in the case of a Non-Viability Loss Absorption, it is unclear that a holder would have a right to compensation under the BRRD and the SRM Regulation if any resulting treatment of such holder pursuant to the exercise of the Non-Viability Loss Absorption was less favourable than would have been the case in normal insolvency proceedings.

The exercise of the Spanish Bail-in Power and/or any Non-Viability Loss Absorption by the Relevant Resolution Authority with respect to the Notes is likely to be inherently unpredictable and may depend on a number of factors which may also be outside of the Bank's control. In addition, as the Relevant Resolution Authority will retain an element of discretion, holders of the Notes may not be able to refer to publicly available criteria in order to anticipate any potential exercise of any such Spanish Bail-in Power and/or any Non-Viability Loss Absorption. Because of this inherent uncertainty, it will be difficult to predict when, if at all, the exercise of any such powers by the Relevant Resolution Authority may occur, how any such powers may be exercised or what the results of such exercise may be. Moreover, the Relevant Resolution Authority may exercise any such power without providing any advance notice to the holders of the Notes. This uncertainty may adversely affect the value of the Notes.

In addition to the BRRD (as amended by BRRD II), it is possible that the implementation and application of other amendments and relevant laws or other regulatory proposals, such as the proposal to update the existing crisis management and deposit insurance ("**CMDI**") framework, approved by the European Parliament in plenary on 24 April 2024 and consisting of a Directive amending BRRD ("**BRRD III**"), a Regulation amending SRM Regulation ("**SRM Regulation III**") and a Directive amending Directive 2014/49/EU of the European Parliament and of the Council of 16 April 2014 on deposit guarantee schemes (see "*Risks relating to the ranking of the Notes –Senior Notes*"), could impact upon any application of the Spanish Bail-in Power, as such application is to be carried out in the order of the hierarchy of claims in normal insolvency proceedings. Accordingly, if the CMDI framework is implemented as proposed and following any such amendment of the insolvency laws of Spain to establish a general depositor preference, any resulting write-down or conversion of the Ordinary Senior Notes by the Relevant Resolution Authority would be carried out before any write-down or conversion of the claims of depositors such as those of large corporates that previously would have been written-down or converted alongside the Ordinary Senior Notes. By removing the requirement for such deposits to be written-down or converted in this manner, one of the stated objectives of the CMDI framework is

to reduce the likelihood of deposits generally needing to be included in any such write-down or conversion upon any application of the Spanish Bail-in Power and improve the process for the application of the Spanish Bail-in Power. However, this may have the corresponding impact of increasing the likelihood of any write-down or conversion of the Ordinary Senior Notes.

Any actions by the Relevant Resolution Authority pursuant to the ones granted by Law 11/2015 or the SRM Regulation (each of them as amended from time to time), or other measures or proposals relating to the resolution of institutions, may adversely affect the rights of holders of the Notes, the price or value of an investment in the Notes and/or the Bank's ability to satisfy its obligations under the Notes.

Risks relating to the ranking of the Notes

Upon insolvency (*concurso*) or resolution of the Issuer, the claims of holders of the Notes are unsecured claims against the Issuer that rank after the claims of holders of Covered Bonds and derivative counterparties with respect to the assets in the Cover Pool.

Senior Notes

Senior Notes are unsecured ordinary obligations of the Issuer (*créditos ordinarios*).

Upon insolvency (*concurso*) of the Issuer, payment obligations of the Issuer in respect of principal under Ordinary Senior Notes will (unless they qualify as subordinated claims (*créditos subordinados*) pursuant to Article 281.1 of the restated text of the Spanish insolvency law, approved by Royal Legislative Decree 1/2020, of 5 May (*Real Decreto Legislativo 1/2020, de 5 de mayo, por el que se aprueba el texto refundido de la Ley Concursal*) (as amended, the "**Insolvency Law**") rank below claims against the insolvency estate (*créditos contra la masa*) and claims with a privilege (*créditos privilegiados*) (including, without limitation, any deposits for the purposes of Additional Provision 14.1 of Law 11/2015) which shall be paid in full before ordinary claims (*créditos ordinarios*).

Holders of Ordinary Senior Notes currently rank *pari passu* with depositors of the Issuer (other than in respect of deposits for the purposes of Additional Provision 14.1 of Law 11/2015). However, the CMDI framework includes, among other things, the amendment of the ranking of claims in insolvency to provide for a general depositor preference, pursuant to which the insolvency laws of Member States would be required by the BRRD (as amended by the BRRD III) to extend the legal preference of claims in respect of deposits relative to ordinary unsecured claims to all deposits. The CMDI framework shall be now adopted by the EU Council, before its publication in the Official Journal of the European Union, after which Member States will have to transpose the relevant provisions into their national laws but if it is implemented in its current form, this would mean that Ordinary Senior Notes will rank junior to the claims of all depositors, including deposits of large corporates and other deposits that are currently excluded from the above privileged claims. This general depositor preference may also lead to a rating downgrade for Ordinary Senior Notes (See "*The Notes may be subject to the exercise of the Spanish Bail-in Power by the Relevant Resolution Authority. Other powers contained in Law 11/2015 or the SRM Regulation could materially affect the rights of the holders of the Notes under, and the value of, any Notes*").

Senior Non-Preferred Notes constitute non preferred ordinary claims (*créditos ordinarios no preferentes*) under Additional Provision 14.2 of Law 11/2015 and, upon insolvency (*concurso*) of the Issuer, payment obligations of the Issuer in respect of principal under them will (unless they qualify as subordinated claims (*créditos subordinados*) pursuant to Article 281.1 of the Insolvency Law) rank below claims against the insolvency estate (*créditos contra la masa*), claims with a privilege (*créditos*

privilegiados) (including, without limitation, any deposits for the purposes of Additional Provision 14.1 of Law 11/2015) and any other ordinary claims (*créditos ordinarios*) against the Issuer, including without limitation, the Ordinary Senior Notes and other Senior Preferred Obligations.

Accrual of interest shall be suspended from the date of declaration of the insolvency of the Issuer. Claims of holders of Senior Notes in respect of interest accrued but unpaid as of the commencement of any insolvency procedure of the Issuer shall constitute subordinated claims against the Issuer ranking in accordance with the provisions of Article 281 of the Insolvency Law.

Therefore, Senior Notes will be effectively subordinated to all of the Issuer's secured indebtedness, to the extent of the value of the assets securing such indebtedness, and other obligations that rank senior under Spanish law.

Senior Notes are also structurally subordinated to all indebtedness of subsidiaries of the Issuer as upon the winding-up of such companies the claims of their creditors will rank ahead of any right of the Issuer to receive any assets of such companies.

Subordinated Notes

Payment obligations of the Issuer under the Subordinated Notes in respect of principal constitute unsecured and subordinated obligations (*créditos subordinados*) of the Issuer in accordance with Article 281.1.2° of the Insolvency Law read in conjunction with Additional Provision 14.3 of Law 11/2015, but subject to any other ranking that may apply as a result of any mandatory provision of law (or otherwise), and upon the insolvency of the Issuer: (i) for so long as the obligations of the Issuer under the Subordinated Notes do not constitute Tier 2 Instruments nor Additional Tier 1 Instruments of the Issuer, would rank as set out in Condition of the Notes 4.(b)(a); and (ii) for so long as the obligations of the Issuer under the Subordinated Notes constitute Tier 2 Instruments of the Issuer, will rank as set out in Condition of the Notes 4.(b)(b).

For these purposes, as of the date of this Base Prospectus and according to Additional Provision 14.3 of Law 11/2015, the ranking of the Subordinated Notes may depend on whether those Subordinated Notes qualify at the relevant time as Tier 2 Instruments or constitute subordinated obligations of the Issuer not qualifying as Tier 2 Instruments nor Additional Tier 1 Instruments of the Issuer (which is expected to be the case of the Senior Subordinated Notes). Pursuant to Additional Provision 14.3 of Law 11/2015 (as amended by RDL 7/2021), all claims arising from Tier 2 Instruments (which is expected to be the case for Tier 2 Subordinated Notes) and Additional Tier 1 Instruments, even if they are only partly recognised as Tier 2 Instruments or Additional Tier 1 Instruments (as applicable), will rank behind any other subordinated claims included under Article 281.1 of the Insolvency Law (including Subordinated Notes not qualifying as Tier 2 Instruments, which is expected to be the case of the Senior Subordinated Notes) and will be paid after them. Therefore, claims arising from instruments being fully disqualified as own funds instruments in the future would cease to be treated as claims arising from own funds instruments in insolvency and might, consequently, improve their ranking vis-à-vis any claim that arises from an own funds instrument (such as the Tier 2 Subordinated Notes for so long as these qualify as Tier 2 Instruments).

If the Issuer were wound up or liquidated, the Issuer's liquidator would first apply the assets of the Issuer to satisfy all claims of holders of unsubordinated obligations of the Issuer and other creditors ranking ahead of holders of Subordinated Notes. If the Issuer does not have sufficient assets to settle claims of prior ranking creditors in full, the claims of the holders under the Subordinated Notes may not be

satisfied; and if the Issuer has sufficient assets would first apply the assets of the Issuer to satisfy all claims of holders of subordinated obligations of the Issuer not constituting Tier 2 Instruments of the Issuer and other obligations that are senior to subordinated obligations of the Issuer constituting Tier 2 Instruments of the Issuer. If the Issuer does not have sufficient assets to settle claims of prior ranking creditors in full, the claims of the holders under Subordinated Notes constituting Tier 2 Instruments of the Issuer may not be satisfied. Holders of Subordinated Notes within each ranking will share equally in any distribution of assets with the holders of any other instrument ranking by law or by its terms, to the extent permitted by law, *pari passu* with the relevant Subordinated Notes if the Issuer does not have sufficient funds to make full payment to all of them. In such a situation, holders of Subordinated Notes could lose all or part of their investment.

Accrual of interest shall be suspended from the date of declaration of the insolvency of the Issuer. Claims of holders of Subordinated Notes in respect of interest accrued but unpaid as of the commencement of any insolvency procedure of the Issuer shall constitute subordinated claims against the Issuer ranking in accordance with the provisions of Article 281 of the Insolvency Law, which in the case of Tier 2 Subordinated Notes must be read in conjunction with the Additional Provision 14.3 of Law 11/2015.

The Notes provide for limited events of default

Without prejudice to the provisions of the last paragraph below, the Conditions of the Notes do not provide for any events of default, except in the case that an order is made by any competent court or resolution passed for the liquidation (*liquidación*) of the Issuer (unless there has been an Extraordinary Resolution to the contrary at a meeting of Holders and excluding, for the avoidance of doubt, a dissolution without liquidation). Accordingly, in the event that any payment on the Notes is not made when due, each holder of the relevant Notes will have a claim only for amounts then due and payable on their Notes but will have no right to accelerate such Notes unless proceedings for the liquidation of the Issuer have been instigated.

Notwithstanding the above and with respect to Ordinary Senior Notes not intended to be Eligible Liabilities, if the Issuer so decides by applying additional events of default in the relevant Final Terms as permitted under Condition 12(b) (*Additional Events of Default*) of the Conditions of the Notes, each holder of the relevant Notes will have an individual acceleration right in case certain events occur (including failure of payment on the Notes when due and cross default). Consequently, only Ordinary Senior Notes not intended to be Eligible Liabilities for which the Issuer has selected Condition 12(b) of the Conditions of the Notes as applicable in the relevant Final Terms could be accelerated by the holders in case of failure of payment on the Notes when due.

Pursuant to the SRM Regulation and BRRD as implemented through Law 11/2015 and Royal Decree 1012/2015, the Issuer may be subject to a procedure of early intervention or resolution. Pursuant to Law 11/2015 the adoption of any early intervention or resolution or moratorium procedure shall not itself constitute an event of default or entitle any counterparty of the Issuer to exercise any rights it may otherwise have in respect thereof. Any provision providing for such rights shall further be deemed not to apply, although this does not limit the ability of a counterparty to declare any event of default and exercise its rights accordingly where an event of default arises either before or after the adoption of any such procedure and does not necessarily relate to the exercise of any relevant measure or power which has been applied pursuant to Law 11/2015. Any enforcement by a holder of Notes of its rights under the Notes upon the occurrence of an event of default following the adoption of any early intervention or any resolution or moratorium procedure will, therefore, be subject to the relevant provisions of the SRM Regulation and the BRRD and Law 11/2015 and Royal Decree 1012/2015 in relation to the exercise of

the relevant measures and powers pursuant to such procedure, including the resolution tools and powers referred to above (see "*The Notes may be subject to the exercise of the Spanish Bail-in Power by the Relevant Resolution Authority. Other powers contained in Law 11/2015 or the SRM Regulation could materially affect the rights of the holders of the Notes under, and the value of, any Notes*"). Any claims on the occurrence of an event of default will consequently be limited by the application of any measures pursuant to the provisions of the SRM Regulation and Law 11/2015 and Royal Decree 1012/2015. There can be no assurance that the taking of any such action would not adversely affect the rights of holders, the price or value of their investment in the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes and the enforcement by a holder of any rights it may otherwise have on the occurrence of any event of default may be limited in these circumstances.

The qualification of the Notes as Eligible Liabilities is subject to uncertainty

Tier 2 Subordinated Notes are intended to be Tier 2 Instruments under the Applicable Banking Regulations and to qualify to comply with MREL Requirements in accordance with the Applicable Banking Regulations (including, for the avoidance of doubt, Applicable MREL Regulations (as defined in the Conditions of the Notes)) and Senior Subordinated Notes, Senior Non Preferred Notes and certain Ordinary Senior Notes may be intended to be Eligible Liabilities under the Applicable Banking Regulations. However, there is still uncertainty regarding the final substance of the Applicable Banking Regulations on the subject and how those regulations are to be interpreted and applied. As a result, the Issuer cannot provide any assurance that Tier 2 Subordinated Notes will or may be (or thereafter remain) Tier 2 Instruments or that they will or may qualify to comply with MREL Requirements and that Senior Subordinated Notes, Senior Non Preferred Notes and certain Ordinary Senior Notes will or may be (or thereafter remain) Eligible Liabilities.

If for any reason Subordinated Notes, Senior Non Preferred Notes or Ordinary Senior Notes where the Eligible Liabilities Event has been specified as applicable in the relevant Notes Final Terms are not MREL-Eligible Senior Preferred Instruments (in the case of Ordinary Senior Notes), MREL-Eligible Senior Non-Preferred Instruments (in the case of Senior Non Preferred Notes) or do not comply with MREL Requirements (in the case of Subordinated Notes), then an Eligible Liabilities Event may occur, with the consequences indicated in the Conditions of the Notes. See "*Risks related to the Securities generally—Securities subject to optional redemption by the Issuer*" and "*Risks applicable to the Notes—Substitution and variation of the Notes without holders' consent*".

The terms of the Notes contain a waiver of set-off rights

The Conditions of the Notes provide that holders of Notes waive all rights of or claims or for deduction, set-off, netting, compensation, retention or counterclaim arising directly or indirectly under or in connection with any Note against any right, claim, or liability the Issuer has or may have or acquire against such holder, directly or indirectly, howsoever arising. As a result, holders of Notes will not at any time be entitled to set off the Issuer's obligations under the Notes against obligations owed by them to the Issuer.

Substitution and variation of the Notes without holders' consent

Subject to Condition 15 (*Substitution and Variation*) of the Conditions of the Notes, if a Tax Event, an Eligible Liabilities Event or a Capital Event has occurred and is continuing, the Issuer may, instead of redeeming the Notes, without any requirement for the consent or approval of the holders of the relevant Notes and subject to compliance with Applicable Banking Regulations and to obtaining the prior

permission of the Competent Authority and/or Relevant Resolution Authority if and as applicable, (i) substitute all (but not some only) of the relevant Notes or (ii) vary the terms of all (but not some only) of the relevant Notes, without any requirement for the consent or approval of the holders of the relevant Notes, so that they are substituted for, or varied to become or remain, Qualifying Notes.

While Qualifying Notes must contain terms that are not materially less favourable to holders as the original terms of the relevant Notes, there can be no assurance that the terms of any Qualifying Notes will be viewed by the market as equally favourable, or that the Qualifying Notes will trade at prices that are equal to the prices at which the relevant Notes would have traded on the basis of their original terms.

Moreover, prior to the making of any such substitution or variation, the Issuer shall not be obliged to have regard to the tax position of individual holders of the relevant Notes or to the tax consequences of any such substitution or variation for individual holders. No holder of Notes shall be entitled to claim, whether from the Issuer, or any other person, any indemnification or payment in respect of any tax consequence of any such substitution or variation upon individual holders of the Notes.

Limitation on gross-up under Senior Non-Preferred Notes or Subordinated Notes and, if specified in the relevant Notes Final Terms, under Ordinary Senior Notes

For Senior Non-Preferred Notes and Subordinated Notes and, if specified in the relevant Notes Final Terms, Ordinary Senior Notes, the Issuer's obligation to pay additional amounts in respect of any withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges required by law under the Conditions of the Notes does not apply in respect of the payment of any Outstanding Principal Amount. Accordingly, if any such withholding or deduction were to apply, holders of Senior Non-Preferred Notes or Subordinated Notes or, if specified in the relevant Notes Final Terms, Ordinary Senior Notes may receive less than the full amount due under the relevant Notes upon redemption, and the market value of the relevant Notes may be adversely affected. Holders of Notes should note that Outstanding Principal Amount for these purposes will include any payments of premium.

Risks related to Covered Bonds

The rights of holders of Covered Bonds could be adversely affected in the event of a change in Spanish law or administrative practices in Spain

The provisions of Royal Decree-Law 24/2021 regarding covered bonds came into force on 8 July 2022 for the purposes of, among others, transposing into Spain Directive (EU) 2019/2162 of the European Parliament and of the Council of 27 November 2019 on the issue of covered bonds and covered bond public supervision. Since the entry into force of Royal Decree-Law 24/2021, it has been subject to a number of amendments. The application of Royal Decree-Law 24/2021 is subject to interpretative uncertainty as well as to any possible subsequent amendment.

In particular, Royal Decree-Law 24/2021 (i) includes a new paragraph 7 in Article 270 of the Insolvency Law by virtue of which in the case of insolvency (*concurso*) of the Issuer the claims against the Issuer of holders of Covered Bonds have special privilege (*privilegio especial*) with respect to the assets included in the Cover Pool, and (ii) amends Article 578 of the Insolvency Law to include Royal Decree-Law 24/2021 among the special legislation for the purposes of insolvency proceedings. There is not yet any precedent where these amendments have been applied in the context of insolvency proceedings and their application may be subject to interpretation. This uncertainty could affect the ability of holders of Covered Bonds to properly evaluate and price the Covered Bonds and, therefore, affect the market price

of the Covered Bonds given the potential scope and impact that one or more legislative or regulatory changes could have on the Covered Bonds.

Risk of collateral reduction

In accordance with Article 6 of Royal Decree-Law 24/2021 and without prejudice to the universal liability of the Issuer, the payment obligations of the Issuer under the Covered Bonds will be specially secured (with the limits established in any applicable regulation) by the assets included from time to time in the Cover Pool. The Cover Pool will secure the Issuer's obligations under the Covered Bonds together with any other covered bonds issued under the existing covered bond programme of ABANCA approved by the Bank of Spain (the "**Covered Bond Programme**") (under this Base Prospectus or otherwise) and regardless of whether other covered bonds were issued under Royal Decree-Law 24/2021 or the prior legal regime.

In the event the Issuer is unable to meet its payment obligations under the Covered Bonds, provision will be made for payment of those obligations from the assets included in the Cover Pool, such assets being identified and individually detailed in the special register of assets for the Cover Pool.

The Cover Pool must comply with the minimum level of legal overcollateralisation provided for in the first paragraph of Article 129.3a of the CRR (i.e. 5%) (the "**Legal Overcollateralisation**") and, consequently, the aggregate outstanding principal amount of the assets included in the Cover Pool must be at least equal to 105% of the aggregate outstanding principal amount of the covered bonds issued under the Covered Bond Programme. In addition to the minimum Legal Overcollateralisation, the Issuer may at any time during the life of the Covered Bond Programme and at its own discretion, assume the obligation to maintain a level of collateralisation higher than the Legal Overcollateralisation.

As of 31 March 2025, the level of overcollateralisation of the Cover Pool was 118.6%. As of the date of this Base Prospectus, the Issuer has not assumed any contractual level of collateralisation above the Legal Overcollateralisation requirement. However, the Issuer intends to maintain a voluntary level of collateralisation above the Legal Overcollateralisation requirement in order to achieve the best possible rating for the Covered Bonds. In any case, such level of overcollateralisation may vary from time to time and the Issuer only commits to maintain the Legal Overcollateralisation and, if any, the contractual level of collateralisation assumed from time to time.

The assets included in the Cover Pool will be subject to variations in value due to various factors, including: any revision of the appraisal value of the assets or of the fair value of the collection rights, any impairment of collateral or any decrease in the market value of the replacement assets. Any decrease in value of the assets incorporated in the Cover Pool would result in a reduction in the level of recoveries on any foreclosure of those assets. In addition, there could be a delay in the sale (and, therefore, the receipt of recoveries by the Issuer) of such assets, which could affect the Issuer's ability to pay the claims of holders of Covered Bonds in full or in a timely manner.

Despite such potential changes in the value of the assets included in the Cover Pool, the Issuer shall, at all times, maintain the minimum required asset levels in the Cover Pool and, if applicable, any contractual or voluntary level of collateral (see "*Risks applicable to the Covered Bonds — Risk of breach of the requirements with respect to the assets included in the Cover Pool. Risk due to insufficiency of assets included in the Cover Pool in the event of insolvency or resolution of the Issuer*").

Only limited information in relation to the Cover Pool will be made available to holders of Covered Bonds

The Cover Pool is a dynamic pool of assets whose composition may change from time to time, as the Issuer may acquire or originate new loans (and new types of loans or loans with different characteristics), borrowers may repay or early repay loans included in the Cover Pool and/or a change in the legal or regulatory regime may have an impact on the composition of the Cover Pool. Therefore, holders of Covered Bonds will not receive detailed statistics or information in relation to the loans, mortgages or other eligible assets that are or will be included in the Cover Pool in relation to their Covered Bonds.

The Issuer will publish information regarding the Cover Pool on its website (<https://www.abancacorporacionbancaria.com/es/inversores/informacion-financiera/>) on a quarterly basis. The Cover Pool information will not be updated between quarterly reports and, therefore, the reports relating to the Cover Pool may not be a true image of the relevant information for the Cover Pool on any date other than the date of the report.

There is no guarantee that the types or characteristics of new loans, mortgages or eligible assets will be the same as those contained in the Cover Pool on the date of issue of the Covered Bonds.

Risk of breach of the requirements with respect to the assets included in the Cover Pool. Risk due to insufficiency of assets included in the Cover Pool in the event of insolvency or resolution of the Issuer

A failure by the Issuer to comply with the requirements in relation to the assets to be included in the Cover Pool or to supplement the Cover Pool with eligible assets, could impact on the ability of the Issuer to make payments on the Covered Bonds in full or in a timely manner. In the event that there is a material breach by the Issuer of its obligations under Royal Decree-Law 24/2021, the authorisation of the Covered Bond Programme may be revoked, although such revocation will not have an impact on any Covered Bonds already issued.

Furthermore, in the event of insolvency (*concurso*) or resolution of the Issuer, the Special Cover Pool Administrator will be appointed by the competent court after consultation with the Bank of Spain from among persons nominated by the FROB (in the event of insolvency (*concurso*) of the Issuer) or directly by the FROB in consultation with the Bank of Spain (in the event of resolution of the Issuer). The Special Cover Pool Administrator will preserve the rights and interests of the holders and will oversee the management (in the event of resolution of the Issuer) or will manage (in the event of insolvency (*concurso*) of the Issuer) the Covered Bond Programme of the Issuer.

Upon insolvency (*concurso*) of the Issuer, the assets of the Cover Pool registered in the special register maintained by the Issuer will be materially segregated from the Issuer's assets and will form a separate estate without legal personality, which will be represented by the Special Cover Pool Administrator.

Once the transfer of the segregated assets becomes effective:

- (i) if the total value of the assets included in the Cover Pool exceeds the total value of the liabilities in relation to the Cover Pool plus the legal, contractual or voluntary overcollateralisation and the liquidity requirements, the Special Cover Pool Administrator may opt to continue with the management of the separate estate comprising the segregated assets until their maturity or to partially or totally assign such assets to another issuer of covered bonds (which would constitute a new covered bond programme for such entity and would require the authorisation provided for in Article 34 of Royal Decree-Law 24/2021); and

- (ii) if the total value of the assets included in the Cover Pool is lower than the total value of the liabilities in relation to the Cover Pool plus the legal, contractual or voluntary overcollateralisation and the liquidity requirements, the Special Cover Pool Administrator will request the liquidation of the separate estate comprising the segregated assets pursuant to the ordinary insolvency proceedings in accordance with the provisions of Article 46 of Royal Decree-Law 24/2021.

The Special Cover Pool Administrator may determine that it is in the best interests of the holders of Covered Bonds for the assets included in the applicable Cover Pool to be sold. This could result in holders of Covered Bonds receiving payment according to a different payment schedule than that contemplated by the terms of the Covered Bonds or the holders of Covered Bonds not receiving payment in full. This will be the case where, for example, there is no trading market available for the assets included in the applicable Cover Pool or the value of the assets included in the applicable Cover Pool has diminished. However, holders of Covered Bonds and any derivative counterparties will retain the benefit of priority to the assets included in the Cover Pool.

The application for the liquidation of the separate estate by the Special Cover Pool Administrator will result in the early termination of the Covered Bond Programme and the commencement of the liquidation of the assets of the separate estate. The amounts resulting from the liquidation transactions of the separate estate will be carried out in accordance with the corresponding liquidation plan to be prepared by the Special Cover Pool Administrator. The amounts obtained from the liquidation of the assets of the separate estate, after deducting the costs and expenses in connection with the liquidation and remuneration of the Special Cover Pool Administrator, may not be sufficient to cover the claims of holders of Covered Bonds and any related derivative counterparties. In that event, such claims will rank *pari passu* with other claims of ordinary creditors (*créditos ordinarios*) of the Issuer, such as the claims for principal under the Ordinary Senior Notes. Therefore, there is no assurance that the assets included in the Cover Pool will be sufficient to repay the payment obligations under the outstanding Covered Bonds in full or that the assets of the Issuer, if insolvent, will be sufficient to cover any remaining claims of holders of Covered Bonds.

In the event of resolution of the Issuer, the Spanish Bail-in Power should not apply to Covered Bonds to the extent that the amounts payable in respect of the Covered Bonds do not exceed the value of the Cover Pool. Any claims of holders of Covered Bonds and of any derivative counterparties in excess of the value of the assets included in the Cover Pool may be subject to the exercise of the Spanish Bail-in Power by the Relevant Resolution Authority (see "*Risks applicable to the Notes —The Notes may be subject to the exercise of the Spanish Bail-in Power by the Relevant Resolution Authority. Other powers contained in Law 11/2015 or the SRM Regulation could materially affect the rights of the holders of the Notes under, and the value of, any Notes*").

Risk associated with the extendable maturity of Covered Bonds

Royal Decree-Law 24/2021 allows issuers to issue covered bonds with extendable maturity structures, and therefore issuers or the special cover pool administrator (as applicable) may unilaterally extend the maturity date of the covered bonds for a given period of time, provided that (i) the possibility of extending the maturity of the covered bonds of the relevant programme is included in the contractual terms and conditions of such covered bonds and, if applicable, in the corresponding issuance or listing prospectus; and (ii) the extension of the maturity of such covered bonds has been previously authorised by the Bank of Spain (at the request of the issuer or the special cover pool administrator).

The circumstances under Article 15.2 of Royal Decree-Law 24/2021 that may trigger an extension of maturity of any covered bonds are the following:

- (i) the existence of a clear risk (*peligro cierto*) of default of the covered bonds due to liquidity issues in respect of the Cover Pool or the Issuer (such risk of default would exist in the event of a breach of the liquidity buffer set forth in Article 11 of Royal Decree-Law 24/2021 or when the Bank of Spain undertakes any of the measures contemplated in Article 68 of Law 10/2014 (except for the measure set out in the second paragraph of letter (j) of such Article 68));
- (ii) the insolvency (*concurso*) or resolution of the Issuer;
- (iii) a declaration of non-viability of the Issuer in accordance with Article 8 of Law 11/2015; and
- (iv) the existence of serious disturbances affecting national financial markets, where this has been determined by the Macropprudential Authority Financial Stability Board (AMCESFI) by means of a communication in the form of a warning or recommendation, which is not of a confidential nature.

If Extended Maturity is specified as applicable in the Covered Bonds Final Terms and any of the triggering circumstances for an extension of maturity set out above occurs, there is a risk to holders of Covered Bonds that the Issuer (or the Special Cover Pool Administrator) may decide to extend the Maturity Date of the Covered Bonds for up to twelve months until the extended Maturity Date.

The longer the period of time until the final redemption of the Covered Bonds, the greater the price volatility compared to securities with similar characteristics, and the greater the exposure to market risks that could have a material adverse impact on the trading price of the Covered Bonds. In addition, any extension of the Maturity Date of the Covered Bonds could affect their liquidity if such extension reduces the demand in the market for such Covered Bonds. Any such extension of the Maturity Date of a Series of Covered Bonds (i) will not give rise to any right of the holders of such Covered Bonds to accelerate payments of the Covered Bonds or to take any action against the Issuer and (ii) will require the prior authorisation from the Bank of Spain for the redemption of such Covered Bonds after the Maturity Date.

The Issuer shall notify the Holders of any extension of the Maturity Date of the Covered Bonds (which notice shall specify the Extended Maturity Date), as soon as practicable. Any failure by the Issuer to so notify the Holders shall not affect the validity or effectiveness of any such extension of the maturity of the Covered Bonds.

Defaults relating to loans contained in the Cover Pool may result in the Issuer being unable to satisfy its obligations under the Covered Bonds

To combat the inflationary scenario in 2023 and part of 2024, the ECB adopted a strategy of interest rate increases and since October 2023 holding rates steady. In June 2024, the ECB decided to lower the interest three key ECB interest rates by 25 basis points (followed by subsequent decreases of 25 basis points in September 2024, October 2024, December 2024, January 2025, March 2025, April 2025 and June 2025). Although inflation has eased in Europe and Spain as a result of the actions adopted by central banks and other authorities, should interest rates rise again and/or borrowers suffer a decline in their income (either in absolute terms or relative to their expenses), borrowers may be unable to meet their payment obligations under their loans. In particular, a continued rise in the interest rates, combined with high inflation, may cause difficulties to borrowers (in particular to those with loans referenced to

floating interest rates) to meet payment obligations in relation to their loans and, consequently, adversely affect the Issuer's ability to meet its obligations under the Covered Bonds and comply with the related regulatory requirements.

If the timing and payment of the loans included in the Cover Pool are adversely affected, payments in respect of the Covered Bonds could be reduced and/or delayed and could ultimately result in losses to holders of Covered Bonds. If borrowers end up defaulting on their loans, the Issuer may take steps to foreclose on the assets securing these loans, if any. When collateral is foreclosed, a court order may be necessary to establish the borrower's payment obligation (if challenged by the borrower) and to permit a sale through a judicial foreclosure proceeding. If, in the context of such foreclosure measures, the Issuer is not able to obtain the relevant court decision or there is a deterioration in the market for the assets included in the Cover Pool, there is a risk that the Issuer may not be able to recover the full amount of the relevant loan.

In addition, in the event that the prices of the assets that are collateral for the loans included in the Cover Pool and the market for such assets decline substantially, the value of the Issuer's collateral securing the loans included in the Cover Pool will be adversely affected and may result in a breach of the requirements with respect to the assets included in the Cover Pool (see "*Risks applicable to the Covered Bonds — Risk of breach of the requirements with respect to the assets included in the Cover Pool. Risk due to insufficiency of assets included in the Cover Pool in the event of insolvency or resolution of the Issuer*").

The Issuer may not be able to pay principal and/or interest on the Covered Bonds on their respective due dates (see "*Please see Risks related to the Securities generally — Credit risk*"). In addition, the inability to recover the full amounts due under the loans included in the Cover Pool could jeopardize the Issuer's ability to meet its obligations under the Covered Bonds, which are backed by payments on such loans.

It is possible that at a given time there may not be sufficient assets to meet the legal requirements for inclusion in the Cover Pool

If, as a consequence of the amortisation of the assets included in the Cover Pool, the applicable limit for replacement assets (10% of the principal amount of the Covered Bonds) is exceeded, the Issuer may either acquire its own Covered Bonds until the applicable ratio is met or replace the amortised assets with new assets that meet the necessary conditions for inclusion in the Cover Pool.

If, as a consequence of any such amortisation and unavailability of sufficient replacement assets, the value of the assets included in the Cover Pool is less than the aggregate nominal amount of the related Covered Bonds, in the event of the Issuer's insolvency, the amount of the Covered Bonds in excess of the value of the assets included in the Cover Pool will not constitute a privileged claim for insolvency purposes and such claims will rank *pari passu* with other claims of ordinary creditors (*créditos ordinarios*) of the Issuer, such as the claims for principal under the Ordinary Senior Notes.

No gross-up under the Covered Bonds

Under the Conditions of the Covered Bonds, the Issuer is not obliged to pay additional amounts in respect of any withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges required by law. Accordingly, if any such withholding or deduction were to apply, holders of Covered Bonds may receive less than the full amount due under the relevant Covered Bonds, and the market value of the Covered Bonds may be adversely affected.

The Conditions of the Covered Bonds do not include event of default provisions that may allow Covered Bonds to be accelerated

The Conditions of the Covered Bonds do not include any event of default provisions (including any event of default for non-payment) that may allow holders of Covered Bonds to accelerate the Covered Bonds. Holders of Covered Bonds will only be paid scheduled interest payments under the Covered Bonds as and when they fall due under the Conditions of the Covered Bonds. The only remedies available to holders of Covered Bonds are to bring proceedings in respect of the non-payment or commence insolvency proceedings in respect of the Issuer.

4. STATUS

The Notes are not, and will not be, secured and are the obligations of the Issuer and not guaranteed by any other entity.

The relevant Notes Final Terms will indicate whether the Notes are Senior Notes or Subordinated Notes and, in the case of Senior Notes, Ordinary Senior Notes ("**Ordinary Senior Notes**") or Senior Non-Preferred Notes ("**Senior Non-Preferred Notes**"), and in the case of Subordinated Notes, Senior Subordinated Notes ("**Senior Subordinated Notes**") or Tier 2 Subordinated Notes ("**Tier 2 Subordinated Notes**").

The payment obligations of the Issuer under the Notes are subject to, and may be limited by, the exercise of any power pursuant to Law 11/2015, Royal Decree 1012/2015, the SRM Regulation or other applicable laws and regulations relating to recovery and resolution of credit institutions and investment firms in Spain. The Notes are not subject to any set-off or netting arrangements that would undermine their capacity to absorb losses in resolution. The Notes are neither secured, nor subject to a guarantee or any other arrangement that enhances the seniority of the claims under the Notes.

- (a) Status of the Ordinary Senior Notes:

The payment obligations of the Issuer in respect of principal under Notes which specify their status as Ordinary Senior Notes in the relevant Notes Final Terms constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer (*créditos ordinarios*).

Therefore, in accordance with the Insolvency Law and Additional Provision 14.2 of Law 11/2015, but subject to any other ranking that may apply as a result of any mandatory provision of law (or otherwise), upon the insolvency (*concurso*) of the Issuer, the payment obligations of the Issuer under the Ordinary Senior Notes in respect of principal (and unless they qualify as subordinated claims (*créditos subordinados*) pursuant to Article 281.1 of the Insolvency Law) will rank:

- (i) **senior** to (A) any Senior Non-Preferred Obligations and (B) any claims against the Issuer qualifying as subordinated claims (*créditos subordinados*) under Article 281.1 of the Insolvency Law (or equivalent legal provision which replaces it in the future);
- (ii) **pari passu** among themselves and with any other Senior Preferred Obligations; and
- (iii) **junior** to credits against the insolvency estate (*créditos contra la masa*) referred to in Article 242 of the Insolvency Law and claims with a privilege (*créditos privilegiados*) (including Covered Bonds) referred to in Article 269 of the Insolvency Law.

Ordinary claims (créditos ordinarios) rank above subordinated claims (créditos subordinados) and the rights of shareholders.

Pursuant to Article 152 of the Insolvency Law, accrual of interest under Ordinary Senior Notes shall be suspended from the date of declaration of the insolvency of the Issuer. Claims of Holders of Ordinary Senior Notes in respect of interest accrued but unpaid as of the commencement of any insolvency procedure of the Issuer shall constitute subordinated claims (créditos subordinados) against the Issuer ranking in accordance with the provisions of Article 281.1.3° of the Insolvency Law.

(b) Status of the Senior Non-Preferred Notes:

The payment obligations of the Issuer in respect of principal under Notes which specify their status as Senior Non-Preferred Notes in the relevant Notes Final Terms constitute direct, unconditional and unsecured non preferred ordinary claims (*créditos ordinarios no preferentes*) under Additional Provision 14.2 of Law 11/2015. It is expressly stated for the purposes of Additional Provision 14.2 of Law 11/2015 that, upon the insolvency of the Issuer, the Senior Non-Preferred Notes will rank below any other ordinary claims (*créditos ordinarios*) (other than non-preferred ordinary claims (*créditos ordinarios no preferentes*)) against the Issuer and accordingly, claims in respect of the Senior Non-Preferred Notes shall be paid after payment of any such other ordinary claims (*créditos ordinarios*) (other than non-preferred ordinary claims (*créditos ordinarios no preferentes*)) against the Issuer.

Therefore, in accordance with the Insolvency Law and Additional Provision 14.2 of Law 11/2015, but subject to any other ranking that may apply as a result of any mandatory provision of law (or otherwise), upon the insolvency (*concurso*) of the Issuer, the payment obligations of the Issuer under the Senior Non-Preferred Notes in respect of principal (and unless they qualify as subordinated claims (*créditos subordinados*) pursuant to Article 281.1 of the Insolvency Law) will rank:

- (i) **senior** to any claims against the Issuer qualifying as subordinated claims (*créditos subordinados*) under Article 281.1 of the Insolvency Law (or equivalent legal provision which replaces it in the future);
- (ii) **pari passu** among themselves and with any other Senior Non-Preferred Obligations; and
- (iii) **junior** to any Senior Preferred Obligations.

Non-preferred ordinary claims (créditos ordinarios no preferentes) rank below claims against the insolvency estate (créditos contra la masa), claims with a privilege (créditos privilegiados) (including, without limitation, Covered Bonds and any deposits for the purposes of Additional Provision 14.1 of Law 11/2015) and the rest of ordinary claims (créditos ordinarios) which shall be paid in full before non-preferred ordinary claims (créditos ordinarios no preferentes). Non-preferred ordinary claims (créditos ordinarios no preferentes) rank above subordinated claims (créditos subordinados) and the rights of shareholders.

Pursuant to Article 152 of the Insolvency Law, accrual of interest under Senior Non-Preferred Notes shall be suspended from the date of declaration of the insolvency of the Issuer. Claims of Holders of Senior Non-Preferred Notes in respect of interest accrued but unpaid as of the commencement of any insolvency procedure of the Issuer shall constitute subordinated claims (créditos subordinados) against the Issuer ranking in accordance with the provisions of Article 281.1.3° of the Insolvency Law.

(c) Status of the Subordinated Notes:

The payment obligations of the Issuer under Notes which specify their status as Subordinated Notes in the relevant Notes Final Terms ("**Subordinated Notes**", which may be, in turn, Senior Subordinated Notes ("**Senior Subordinated Notes**") or Tier 2 Subordinated Notes ("**Tier 2 Subordinated Notes**"), as specified in the relevant Notes Final Terms) constitute direct, unconditional, unsecured and subordinated obligations (*créditos subordinados*) of the Issuer. In accordance with Article 281.1 of the Insolvency Law and Additional Provision 14.3 of Law 11/2015 (but subject to any other ranking that may apply as a result of any mandatory provision of law (or otherwise)), upon the insolvency of the Issuer the payment obligations of the Issuer under the Subordinated Notes will rank as follows:

- (a) for so long as the obligations of the Issuer in respect of the relevant Subordinated Notes do not constitute Additional Tier 1 Instruments or Tier 2 Instruments of the Issuer, payment obligations of the Issuer in respect of principal thereunder will rank:
 - (i) **senior** to (i) any claims in respect of contractually subordinated obligations (*créditos subordinados*) of the Issuer qualifying as Additional Tier 1 Instruments or Tier 2 Instruments; and (ii) any other subordinated obligations which by law and/or by their terms, and to the extent permitted by Spanish law, rank junior to the Issuer's obligations under the Senior Subordinated Notes;

- (ii) ***pari passu*** among themselves and with (i) all other claims for principal in respect of contractually subordinated obligations (*créditos subordinados*) of the Issuer not qualifying as Additional Tier 1 Instruments or Tier 2 Instruments and which are not subordinated obligations under Articles 281.1.4° to 281.1.7° of the Insolvency Law; and (ii) any other subordinated obligations (*créditos subordinados*) which by law and/or by their terms, and to the extent permitted by Spanish law, rank *pari passu* with the Issuer's obligations under the relevant Subordinated Notes; and
 - (iii) **junior** to (i) any unsubordinated obligations (*créditos ordinarios*) of the Issuer (including any claim for principal with respect to Senior Non-Preferred Obligations); and (ii) any other subordinated obligations (*créditos subordinados*) which by law and/or by their terms, and to the extent permitted by Spanish law, rank senior to the Issuer's obligations under the Senior Subordinated Notes.
- (b) for so long as the obligations of the Issuer in respect of the relevant Subordinated Notes constitute Tier 2 Instruments of the Issuer, payment obligations of the Issuer thereunder would rank:
 - (i) **senior** to (i) any claims in respect of contractually subordinated obligations (*créditos subordinados*) of the Issuer qualifying as Additional Tier 1 Instruments; and (ii) any other subordinated obligations (*créditos subordinados*) of the Issuer which by law and/or by their terms, and to the extent permitted by Spanish law, rank junior to the Issuer's obligations under Tier 2 Instruments;
 - (ii) ***pari passu*** among themselves and with (i) any other contractually subordinated obligations (*créditos subordinados*) of the Issuer qualifying as Tier 2 Instruments; and (ii) any other subordinated obligations (*créditos subordinados*) of the Issuer which by law and/or by their terms, and to the extent permitted by Spanish law, rank *pari passu* with the Issuer's obligations under Tier 2 Instruments; and
 - (iii) **junior** to (i) any unsubordinated obligations (*créditos ordinarios*) of the Issuer (including any Senior Non-Preferred Obligations); and (ii) any other subordinated obligations (*créditos subordinados*) of the Issuer included under Article 281.1 of the Insolvency Law (including the Senior Subordinated Notes) not qualifying as Additional Tier 1 Instruments or Tier 2 Instruments.

Pursuant to Additional Provision 14.3 of Law 11/2015, all claims arising from Tier 2 Instruments (which is expected to be the case for Tier 2 Subordinated Notes), even if they are only partly recognised as Tier 2 Instruments will rank behind any other subordinated claims (créditos subordinados) included under Article 281.1 of the Insolvency Law and will be paid after them.

Pursuant to Article 152 of the Insolvency Law, accrual of interest under Subordinated Notes shall be suspended from the date of declaration of the insolvency of the Issuer. Claims of Holders of Subordinated Notes in respect of interest accrued but unpaid as of the commencement of any insolvency procedure of the Issuer shall constitute subordinated claims (créditos subordinados) against the Issuer ranking in accordance with the provisions of Article 281.1.3º of the Insolvency Law, which in the case of Tier 2 Subordinated Notes must read in conjunction with the Additional Provision 14.3 of Law 11/2015.

If two or more of the Reference Banks provide the Calculation Agent with Mid-Market Swap Rate Quotations, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period shall be the sum of the arithmetic

mean (rounded, if necessary, to the nearest 0.001% (0.0005% being rounded upwards)) of the relevant Mid-Market Swap Rate Quotations and the First Margin or Subsequent Margin (as applicable), all as determined by the Calculation Agent.

If on any Reset Determination Date only one or none of the Reference Banks provides the Calculation Agent with a Mid-Market Swap Rate Quotation as provided in the foregoing provisions of this paragraph, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) shall be determined to be the Rate of Interest as at the last preceding Reset Date or, in the case of the first Reset Determination Date, the First Reset Rate of Interest shall be the Initial Rate of Interest (though substituting, where a different Margin is to be applied to the relevant Reset Period from that which applied to the last preceding Reset Period, the Margin relating to the relevant Reset Period, in place of the Margin relating to that last preceding Reset Period).

- (f) *Publication:* The Calculation Agent will cause each Rate of Interest determined by it to be notified to the Issuer (if applicable) and each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been listed and/or admitted to trading and/or quotation as soon as practicable after such determination but in any event not later than the relevant Reset Date. Notice thereof shall also promptly be given to the Holders.
- (g) *Notifications, etc:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer (if applicable), the Holders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

7. FLOATING RATE NOTE PROVISIONS

- (a) *Application:* This Condition 7 is applicable to the Notes only if the Floating Rate Note Provisions are specified in the relevant Notes Final Terms as being applicable.
- (b) *Accrual of interest:* The Notes bear interest on their Outstanding Principal Amount from (and including) the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 10 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition (both before and after judgment) until the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Holder.
- (c) *Screen Rate Determination:* If Screen Rate Determination is specified in the relevant Notes Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be (other than in respect of Notes for which €STR or any related index is specified as Reference Rate in the relevant Notes Final Terms) determined by the Calculation Agent on the following basis:

- A. if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- B. if Linear Interpolation is specified as applicable in respect of an Interest Period in the relevant Notes Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight-line linear interpolation by reference to two rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date, where:
 - 1) one rate shall be determined as if the relevant Interest Period were the period of time for which rates are available next shorter than the length of the relevant Interest Period; and
 - 2) the other rate shall be determined as if the relevant Interest Period were the period of time for which rates are available next longer than the length of the relevant Interest Period;

provided, however, that if no rate is available for a period of time next shorter or, as the case may be, next longer than the length of the relevant Interest Period, then the Calculation Agent shall (other than in the circumstances described in Condition 8 (*Benchmark Discontinuation*)) calculate the Rate of Interest at such time and by reference to such sources as the Issuer, in consultation with an Independent Financial Adviser appointed by the Issuer, and such Independent Financial Adviser acting in good faith and in a commercially reasonable manner, determines appropriate; and
- C. in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; *provided, however, that*, if, in the case of (A) above, such rate does not appear on that page or, in the case of (C) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

- (d) *ISDA Determination*: If ISDA Determination is specified in the relevant Notes Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "**ISDA Rate**" in relation to any Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions (*provided that* in the event there are provisions in

the Notes or the ISDA Definitions that require the Calculation Agent to exercise discretion, such references shall be deemed to be references to the Issuer exercising such discretion in good faith or to the entity appointed by the Issuer for such purposes or, if different from the Issuer, to the Calculation Agent acting upon instruction of the Issuer or, if the Calculation Agent notifies the Issuer of its inability to exercise such discretion, to the entity appointed by the Issuer for such purposes as soon as reasonably practicable after being notified by the Calculation Agent of its inability to exercise such discretion, (in which case the existing Calculation Agent shall be released of its obligations in respect of that particular series of Notes without liability)) and under which:

A. if the Notes Final Terms specify either "2006 ISDA Definitions" or "2021 ISDA Definitions" as the applicable ISDA Definitions:

- 1) the Floating Rate Option is as specified in the relevant Notes Final Terms;
- 2) the Designated Maturity, if applicable, is a period specified in the relevant Notes Final Terms;
- 3) the relevant Reset Date, unless otherwise specified in the relevant Notes Final Terms, has the meaning given to it in the ISDA Definitions;
- 4) if Linear Interpolation is specified as applicable in respect of an Interest Period in the relevant Notes Final Terms, the rate for such Interest Period shall be calculated by the Calculation Agent by straight-line linear interpolation by reference to two rates based on the relevant Floating Rate Option, where:
 - i. one rate shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period; and
 - ii. the other rate shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period

provided, however, that if there is no rate available for a period of time next shorter than the length of the relevant Interest Period or, as the case may be, next longer than the length of the relevant Interest Period, then the Calculation Agent shall (other than in the circumstances described in Condition 8 (*Benchmark Discontinuation*)) calculate the Rate of Interest at such time and by reference to such sources as the Issuer, in consultation with an Independent Financial Adviser appointed by the Issuer (and such Independent Financial Adviser to act in good faith and in a commercially reasonable manner), determines appropriate;

- 5) if the specified Floating Rate Option is an Overnight Floating Rate Option, Compounding is specified to be applicable in the relevant Notes Final Terms and:

- (a) if Compounding with Lookback is specified as the Compounding Method in the relevant Notes Final Terms then (a) Compounding with Lookback is the Overnight Rate Compounding Method and (b) Lookback is the number of Applicable Business Days specified in the relevant Notes Final Terms;
 - (b) if Compounding with Observation Period Shift is specified as the Compounding Method in the relevant Notes Final Terms then (a) Compounding with Observation Period Shift is the Overnight Rate Compounding Method, (b) Observation Period Shift is the number of Observation Period Shift Business Days specified in the relevant Notes Final Terms and (c) Observation Period Shift Additional Business Days, if applicable, are the days specified in the relevant Notes Final Terms; or
 - (c) if Compounding with Lock-out is specified as the Compounding Method in the relevant Notes Final Terms then (a) Compounding with Lock-out is the Overnight Rate Compounding Method, (b) Lock-out is the number of Lock-out Period Business Days specified in the relevant Notes Final Terms and (c) Lock-out Period Business Days, if applicable, are the days specified in the relevant Notes Final Terms;
- 6) if the specified Floating Rate Option is an Overnight Floating Rate Option, Averaging is specified to be applicable in the relevant Notes Final Terms and:
 - (a) if Averaging with Lookback is specified as the Averaging Method in the relevant Notes Final Terms then (a) Averaging with Lookback is the Overnight Rate Averaging Method, (b) Lookback is the number of Applicable Business Days as specified in the relevant Notes Final Terms;
 - (b) if Averaging with Observation Period Shift is specified as the Averaging Method in the relevant Notes Final Terms then (a) Averaging with Observation Period Shift is the Overnight Rate Averaging Method, (b) Observation Period Shift is the number of Observation Period Shift Business Days specified in the relevant Notes Final Terms and (c) Observation Period Shift Additional Business Days, if applicable, are the days specified in the relevant Notes Final Terms; or
 - (c) if Averaging with Lock-out is specified as the Averaging Method in the relevant Notes Final Terms then (a) Averaging with Lock-out is the Overnight Rate Averaging Method, (b) Lock-out is the number of Lock-out Period Business Days specified in the relevant Notes Final Terms and (c) Lock-out Period Business Days, if applicable, are the days specified in the relevant Notes Final Terms; and

- 7) if the specified Floating Rate Option is an Index Floating Rate Option and Index Provisions are specified to be applicable in the relevant Notes Final Terms, the Compounded Index Method with Observation Period Shift shall be applicable and, (a) Observation Period Shift is the number of Observation Period Shift Business Days specified in the relevant Notes Final Terms and (b) Observation Period Shift Additional Business Days, if applicable, are the days specified in the relevant Notes Final Terms;
- B. references in the ISDA Definitions to:
- 1) "**Confirmation**" shall be references to the relevant Notes Final Terms;
 - 2) "**Calculation Period**" shall be references to the relevant Interest Period;
 - 3) "**Termination Date**" shall be references to Maturity Date;
 - 4) "**Effective Date**" shall be references to the Interest Commencement Date;
and
- C. if the Notes Final Terms specify "2021 ISDA Definitions" as being applicable:
- 1) "**Administrator/Benchmark Event**" shall be disappplied; and
 - 2) if the Temporary Non-Publication Fallback in respect of any specified Floating Rate Option is specified to be "Temporary Non-Publication Fallback – Alternative Rate" in the Floating Rate Matrix of the 2021 ISDA Definitions the reference to "Calculation Agent Alternative Rate Determination" in the definition of "Temporary Non-Publication Fallback– Alternative Rate" shall be replaced by "Temporary Non-Publication Fallback – Previous Day's Rate".
- D. Unless otherwise defined capitalised terms used in this Condition 7(d) shall have the meaning ascribed to them in the ISDA Definitions.
- (e) *Interest – Floating Rate Notes referencing €STR (Screen Rate Determination)*
- A. This Condition 7(e) is applicable to the Notes only if the Floating Rate Note Provisions are specified in the relevant Notes Final Terms as being applicable, Screen Rate Determination is specified in the relevant Notes Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, and the "Reference Rate" is specified in the relevant Notes Final Terms as being "€STR".
- B. Where "€STR" is specified as the Reference Rate in the Notes Final Terms, the Rate of Interest for each Interest Period will, subject as provided below, be calculated in accordance with Condition 7(e)B.1), Condition 7(e)B.2) or Condition 7(e)B.3), as applicable:
- 1) Where the Calculation Method is specified in the relevant Notes Final Terms as being "Compounded Daily €STR", the Rate of Interest for each Interest Period will be the Compounded Daily €STR plus or minus (as specified in

the relevant Notes Final Terms) the Margin, all as determined by the Calculation Agent on each Interest Determination Date.

- 2) Where the Calculation Method is specified in the relevant Notes Final Terms as being "Compounded Daily €STR Index", the Rate of Interest for each Interest Period will be the Compounded Daily €STR Index plus or minus (as specified in the relevant Notes Final Terms) the Margin, all as determined by the Calculation Agent on each Interest Determination Date.
- 3) Where the Calculation Method is specified in the relevant Notes Final Terms as being "€STR Weighted Average", the Rate of Interest for each Interest Period will be the Weighted Average €STR plus or minus (as specified in the relevant Notes Final Terms) the Margin, all as determined by the Calculation Agent on each Interest Determination Date.

The following definitions shall apply for the purposes of this Condition 7(e):

- 1) **"Compounded Daily €STR"** means, with respect to any Interest Period, the rate of return of a daily compound interest investment in euro (with the daily euro short-term rate as reference rate for the calculation of interest) as calculated in accordance with the following formula (and the resulting percentage will be rounded if necessary to the nearest fifth decimal place, with 0.000005 being rounded upwards):

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{€STR}_i \times n_i}{D} \right) - 1 \right] \times \frac{D}{d}$$

where:

"d" means the number of calendar days in:

- (i) where "Lag" is specified as the Observation Method in the relevant Notes Final Terms, the relevant Interest Period; or
- (ii) where "Observation Shift" is specified as the Observation Method in the relevant Notes Final Terms, the relevant Observation Period;

"D" means the number specified as such in the relevant Notes Final Terms (or, if no such number is specified, 360);

"d₀" means the number of TARGET Settlement Days in:

- (i) where "Lag" is specified as the Observation Method in the relevant Notes Final Terms, the relevant Interest Period; or
- (ii) where "Observation Shift" is specified as the Observation Method in the relevant Notes Final Terms, the relevant Observation Period;

the "**€STR reference rate**", in respect of any TARGET Settlement Day, is a reference rate equal to the daily euro short-term rate ("**€STR**") for such TARGET Settlement Day as provided by the European Central Bank as the administrator of €STR (or any successor administrator of such rate) on the website of the European Central Bank (or, if no longer published on its website, as otherwise published by it or provided by it to authorised distributors and as then published on the Relevant Screen Page or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors) on the TARGET Settlement Day immediately following such TARGET Settlement Day (in each case, at the time specified by, or determined in accordance with, the applicable methodology, policies or guidelines, of the European Central Bank or the successor administrator of such rate);

"**€STR_i**" means the €STR reference rate for:

- (i) where "Lag" is specified as the Observation Method in the relevant Notes Final Terms, the TARGET Settlement Day falling "p" TARGET Settlement Days prior to the relevant TARGET Settlement Day "i"; or
- (ii) where "Observation Shift" is specified as the Observation Method in the relevant Notes Final Terms, the relevant TARGET Settlement Day "i".

"**i**" is a series of whole numbers from one to "d_o", each representing the relevant TARGET Settlement Day in chronological order from, and including, the first TARGET Settlement Day in:

- (i) where "Lag" is specified as the Observation Method in the relevant Notes Final Terms, the relevant Interest Period; or
- (ii) where "Observation Shift" is specified as the Observation Method in the relevant Notes Final Terms, the relevant Observation Period;

to, and including, the last TARGET Settlement Day in such period;

"**n_i**" for any TARGET Settlement Day "i" in the relevant Interest Period or Observation Period (as applicable), means the number of calendar days from (and including) such TARGET Settlement Day "i" up to (but excluding) the following TARGET Settlement Day;

"**Observation Period**" means, in respect of any Interest Period, the period from (and including) the date falling "p" TARGET Settlement Days prior to the first day of the relevant Interest Period (and the first Interest Period shall begin on and include the Interest Commencement Date) to (but excluding) the date falling "p" TARGET Settlement Days prior to the Interest Period End Date for such Interest Period (or the date

falling "p" TARGET Settlement Days prior to such earlier date, if any, on which the Notes become due and payable);

"Interest Period End Date" shall have the meaning specified in the relevant Notes Final Terms (or, if not so specified, the Interest Payment Date for such Interest Period); and

"p" for any latest Interest Period or Observation Period (as applicable), means the number of TARGET Settlement Days specified in the relevant Notes Final Terms or, if no such period is specified, two TARGET Settlement Days.

- 2) **"Compounded Daily €STR Index"** means with respect to an Interest Period, the rate of return of a daily compound interest investment in euro (with the €STR as a reference rate for the calculation of interest) by reference to the screen rate or index for compounded daily €STR rates administered by the European Central Bank, as the administrator of such rate (or any successor administrator of such rate) that is published or displayed on the website of the European Central Bank (or any successor administrator of such rate) or any successor source from time to time on the relevant Interest Determination Date (the **"€STR Compounded Index"**) and will be calculated as follows (and the resulting percentage will be rounded if necessary to the nearest fifth decimal place, with 0.000005 being rounded upwards):

$$\left(\frac{\text{€STR Compounded Index}_{\text{End}}}{\text{€STR Compounded Index}_{\text{Start}}} - 1 \right) \times \frac{360}{d}$$

Where:

"d" is the number of calendar days from (and including) the day in relation to which €STR Compounded Index_{Start} is determined to (but excluding) the day in relation to which €STR Compounded Index_{End} is determined;

"p" means the number of TARGET Settlement Days specified in the relevant Notes Final Terms or, if no such period is specified, two TARGET Settlement Days.

"€STR Compounded Index_{Start}" means, with respect to an Interest Period, the €STR Compounded Index determined in relation to the day falling "p" TARGET Settlement Days prior to the first day of such Interest Period; and

"€STR Compounded Index_{End}" means with respect to an Interest Period, the €STR Compounded Index determined in relation to the day falling "p" TARGET Settlement Days prior to the Interest Period End Date (as defined above) for such Interest Period (or the date falling "p" TARGET Settlement Days prior to such earlier date, if any, on which the Notes become due and payable).

- 3) "**Weighted Average €STR**" means the sum of the €STR reference rate (as defined for "Compounded Daily €STR") in respect of each calendar day during the relevant Observation Period divided by the number of calendar days during such Observation Period (and the resulting percentage will be rounded if necessary to the nearest fifth decimal place, with 0.000005 being rounded upwards).

For these purposes, the €STR reference rate in respect of any calendar day which is not a TARGET Settlement Day shall be deemed to be the €STR reference rate in respect of the TARGET Settlement Day immediately preceding such calendar day.

- C. Subject to Condition 8 (*Benchmark Discontinuation*) and subject to Condition 7(e)D., if, where any Rate of Interest is to be calculated pursuant to Condition 7(e)B. above, in respect of any TARGET Settlement Day in respect of which an applicable €STR reference rate is required to be determined, such €STR reference rate is not made available on the Relevant Screen Page and has not otherwise been published by the relevant authorised distributors, then the €STR reference rate in respect of such TARGET Settlement Day shall be the €STR reference rate for the first preceding TARGET Settlement Day in respect of which €STR reference rate was published by the European Central Bank on its website, as determined by the Calculation Agent.
- D. Where the Rate of Interest for each Interest Period is calculated in accordance with Condition 7(e)B.2), if the relevant €STR Compounded Index is not published or displayed by the European Central Bank (or any successor administrator of such rate) reference rate or other information service by 5.00 p.m. (Frankfurt time) (or, if later, by the time falling one hour after the customary or scheduled time for publication thereof in accordance with the then-prevailing operational procedures of the European Central Bank (or any successor administrator of €STR) on the relevant Interest Determination Date, the Rate of Interest shall be calculated for the Interest Period for which the €STR Compounded Index is not available in accordance with Condition 7(e)B.1) above and for these purposes the Observation Method shall be deemed to be "Observation Shift".
- E. Subject to Condition 8 (*Benchmark Discontinuation*), if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this Condition, the Rate of Interest shall be (A) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period) or (B) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to the Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin applicable to the first Interest Period).

- (f) *Maximum or Minimum Rate of Interest:* If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Notes Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified. Unless otherwise stated in the relevant Notes Final Terms, the Minimum Rate of Interest shall be deemed to be zero.
- (g) *Calculation of Interest Amount:* The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Note for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the relevant Note divided by the Calculation Amount. For this purpose, a "**sub-unit**" means one cent.
- (h) *Publication:* The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Issuer (if applicable) and each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been listed and/or admitted to trading and/or quotation as soon as practicable after such determination. Notice thereof shall also promptly be given to the Holders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period.
- (i) *Notifications etc:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer (if applicable), the Holders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.
- (j) *Determination of Rate of Interest following acceleration:* If (i) the Notes become due and payable in accordance with Condition 12 (*Events of Default*) and (ii) the Rate of Interest for the Interest Period during which the Notes become due and payable is to be determined by reference to Condition 7(c), then the final Interest Determination Date shall be the date on which the Notes become so due and payable, and such Rate of Interest shall continue to apply to the Notes for so long as interest continues to accrue thereon as provided in the Conditions of the Notes.

8. BENCHMARK DISCONTINUATION

Notwithstanding the foregoing provisions of Condition 6(e) (*Reset Note Provisions*) or Condition 7 (*Floating Rate Note Provisions*), if a Benchmark Event occurs when any Rate of Interest (or any component part thereof) remains to be determined by reference to a Mid-Swap Floating Leg Benchmark Rate or a Reference Rate (which, for the purposes of this Condition 8, shall also include any Mid-Swap Rate), as applicable, then the following shall apply:

- (i) The Issuer shall use its reasonable endeavours to appoint an Independent Financial Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate and, in either case, an Adjustment Spread, if any (in accordance with subparagraph (iv) below) no later than three Business Days prior to the relevant Reset Determination Date or Interest Determination Date (as applicable) relating to the next succeeding Reset Period or Interest Period (as applicable) (the "**IA Determination Cut-off Date**") for purposes of determining the Rate of Interest applicable to the Notes for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 8).
- (ii) If (i) the Issuer is unable to appoint an Independent Financial Adviser or (ii) the Independent Financial Adviser appointed by it fails to determine a Successor Rate or, failing which, an Alternative Rate in accordance with Condition 8.(i) prior to the IA Determination Cut-off Date, then the Issuer (acting in good faith and in a commercially reasonable manner and following consultation with the Independent Financial Adviser in the event one has been appointed) may determine a Successor Rate or, failing which, an Alternative Rate for purposes of determining the Rate of Interest applicable to the Notes for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 8).

If this subparagraph (ii) applies and the Issuer is unable or unwilling to determine a Successor Rate or an Alternative Rate prior to the Reset Determination Date or Interest Determination Date (as applicable) relating to the next succeeding Reset Period or Interest Period (as applicable) in accordance with this subparagraph (ii), the Mid-Swap Floating Leg Benchmark Rate or Reference Rate (as applicable) shall be equal to the Mid-Swap Floating Leg Benchmark Rate or Reference Rate (as applicable) for a term equivalent to the Reset Period or to the relevant Interest Period (as applicable) published on the Relevant Screen Page as at the last preceding Reset Date or Interest Determination Date (as applicable) (though substituting, where a different Margin is to be applied to the relevant Reset Period or Interest Period (as applicable) from that which applied to the last preceding Reset Period or Interest Period (as applicable), the Margin relating to the relevant Reset Period or Interest Period (as applicable), in place of the Margin relating to that last preceding Reset Period or Interest Period (as applicable)). If there has not been a first Reset Date or First Interest Payment Date (as applicable), the Mid-Swap Floating Leg Benchmark Rate or Reference Rate (as applicable) shall be the Mid-Swap Floating Leg Benchmark Rate or Reference Rate (as applicable) that would have been applicable to the Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date.

For the avoidance of doubt, this subparagraph (ii) shall apply to the relevant next succeeding Reset Period or Interest Period (as applicable), and any Subsequent Reset Periods or Interest Periods (as applicable) are subject to the subsequent operation of, and adjustment as provided in, subparagraph (i) of this Condition 8.

- (iii) If a Successor Rate or an Alternative Rate is determined in accordance with the preceding provisions, such Successor Rate or Alternative Rate shall be the benchmark

in relation to the Notes for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 8).

- (iv) If the Independent Financial Adviser or the Issuer, acting in good faith and in a reasonable commercial manner and following consultation with the Independent Financial Adviser in the event one has been appointed, as applicable, determines (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest and Interest Amount(s) (or a component part thereof) by reference to such Successor Rate or the Alternative Rate.
- (v) If any Successor Rate, Alternative Rate and/or Adjustment Spread is determined in accordance with the above provisions, the Independent Financial Adviser or the Issuer, acting in good faith and in a reasonable commercial manner and following consultation with the Independent Financial Adviser in the event one has been appointed, as applicable, may also specify amendments to these Conditions of the Notes in order to follow market practice in relation to the Successor Rate or Alternative Rate and/or Adjustment Spread, which changes shall apply to the Notes for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 8).

In connection with any such variation in accordance with this subparagraph (v), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

- (vi) Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any changes pursuant to subparagraph (v) will be notified promptly by the Issuer to the Holders in accordance with Condition 19 (*Notices*). Such notice shall be irrevocable and shall specify the effective date of the changes pursuant to subparagraph (v), if any, and will be binding on the Issuer and the Holders.

Notwithstanding any other provision of this Condition 8, no Successor Rate, Alternative Rate or Adjustment Spread (as applicable) will be adopted, and no other amendments to the terms of the Notes will be made pursuant to this Condition 8, if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to prejudice the treatment of any relevant Series of Notes as Tier 2 capital or as Eligible Liabilities or to comply with MREL Requirements, as applicable, in each case of the Issuer and/or the ABANCA Group, or could reasonably result in the Relevant Resolution Authority treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date.

9. REDEMPTION AND PURCHASE

- (a) *Scheduled redemption:* Unless previously redeemed, or purchased and cancelled, the Notes will be redeemed at their Final Redemption Amount on the Maturity Date, subject as provided in Condition 10 (*Payments*). The Maturity Date of the Notes will not exceed 50 years from the Issue Date.

Senior Notes and Senior Subordinated Notes will have an original maturity of at least one year from their date of effective disbursement or such minimum or maximum maturity as may be permitted or required from time to time by Applicable Banking Regulations.

Tier 2 Subordinated Notes will have an original maturity of at least five years from their date of effective disbursement or such minimum or maximum maturity as may be permitted or required from time to time by Applicable Banking Regulations.

- (b) *Redemption due to a Tax Event:* The Notes may be redeemed at the option of the Issuer in whole, but not in part:
 - (i) at any time (if the Floating Rate Note Provisions are not specified in the relevant Notes Final Terms as being applicable); or
 - (ii) on any Interest Payment Date (if the Floating Rate Note Provisions are specified in the relevant Notes Final Terms as being applicable),

subject to the Conditions to Redemption and Purchase set out in Condition 9(j) (*Conditions to Redemption and Purchase*), on giving not less than 15 nor more than 60 calendar days' notice to the Holders, or such other period(s) as may be specified in the relevant Notes Final Terms, (which notice shall be irrevocable), at their Early Redemption Amount, together with interest accrued (if any) to the date fixed for redemption, if a Tax Event has occurred and is continuing.

- (c) *Redemption due to a Capital Event:* If the Notes are Tier 2 Subordinated Notes and Capital Event is specified as applicable in the relevant Notes Final Terms, then if a Capital Event has occurred and is continuing, the Tier 2 Subordinated Notes may be redeemed at the option of the Issuer in whole, but not in part, subject to the Conditions to Redemption and Purchase set out in Condition 9(j) (*Conditions to Redemption and Purchase*), on giving not less than 15 nor more than 60 calendar days' notice to the Holders, or such other period(s) as may be specified in the relevant Notes Final Terms, (which notice shall be irrevocable), at their Early Redemption Amount, together with interest accrued (if any) to the date fixed for redemption.
- (d) *Redemption due to an Eligible Liabilities Event:* If the Notes are Senior Notes or Subordinated Notes and Eligible Liabilities Event is specified as applicable in the relevant Notes Final Terms, then if an Eligible Liabilities Event has occurred and is continuing, the relevant Senior Notes or Subordinated Notes may be redeemed at the option of the Issuer in whole, but not in part, subject to the Conditions to Redemption and Purchase set out in Condition 9(j) (*Conditions to Redemption and Purchase*), on giving not less than 15 nor more than 60 calendar days' notice to the Holders, or such other period(s) as may be specified in the relevant Notes Final Terms, (which notice shall be irrevocable), at their Early Redemption Amount, together with interest accrued (if any) to the date fixed for redemption.
- (e) *Redemption at the option of the Issuer:* If the "Call Option" is specified in the relevant Notes Final Terms as being applicable, the Notes may be redeemed at the option of the Issuer in whole or, if so specified in the relevant Notes Final Terms, in part on any Optional Redemption Date (Call) at the relevant Optional Redemption Amount together

with any accrued and unpaid interest thereon to (but excluding) the date fixed for redemption on the Issuer's giving not less than 15 calendar days' nor more than 60 calendar days' notice to the Holders, or such other period(s) as may be specified in the relevant Notes Final Terms (which notice shall be irrevocable and upon expiry of which the redemption shall take place) subject to the Conditions to Redemption and Purchase set out in Condition 9(j) (*Conditions to Redemption and Purchase*).

Redemption of Tier 2 Subordinated Notes at the option of the Issuer will only take place after five years from their date of issuance or any different minimum period permitted under Applicable Banking Regulations.

- (f) *Partial redemption*: If the Notes are to be redeemed in part only on any date in accordance with Condition 9(e) (*Redemption at the option of the Issuer*), each Note shall be redeemed in part in the proportion which the aggregate Outstanding Principal Amount of the outstanding Notes to be redeemed on the relevant Optional Redemption Date (Call) bears to the aggregate Outstanding Principal Amount of outstanding Notes on such date. If any Maximum Redemption Amount or Minimum Redemption Amount is specified in the relevant Notes Final Terms, then the Optional Redemption Amount shall in no event be greater than the maximum or be less than the minimum so specified.
- (g) *Issuer Residual Call*: If the "Issuer Residual Call" is specified in the relevant Notes Final Terms as being applicable, and if, at any time, the Outstanding Principal Amount of the Notes is equal to or less than the Residual Percentage specified in the relevant Notes Final Terms of the aggregate nominal amount of the Notes originally issued (and, for these purposes, any further Notes issued and consolidated with the Notes as part of the same Series shall be deemed to have been originally issued), the Issuer may, subject to the Conditions to Redemption and Purchase set out in Condition 9(j) (*Conditions to Redemption and Purchase*), redeem all (but not some only) of the remaining outstanding Notes on any date (or, if the Floating Rate Note Provisions are specified in the relevant Notes Final Terms as being applicable, on any Interest Payment Date) upon giving not less than 15 nor more than 60 days' notice to the Holders (or such other notice period as may be specified in the relevant Notes Final Terms) (which notice shall specify the date for redemption and shall be irrevocable), at the Optional Redemption Amount together with any accrued and unpaid interest up to (but excluding) the date of redemption.
- (h) *Redemption at the option of Holders*: If the "Put Option" is specified in the relevant Notes Final Terms as being applicable, the Issuer shall, at the option of the Holder of any Note redeem such Note on the Optional Redemption Date (Put) specified in the relevant Put Option Notice at the relevant Optional Redemption Amount together with interest (if any) accrued and unpaid to such date. In order to exercise the option contained in this Condition 9(h), the Holder of a Note must, not less than 30 nor more than 60 calendar days before the relevant Optional Redemption Date (Put) (or such other period(s) as may be specified in the relevant Notes Final Terms), give written notice to the Issuer through Iberclear or the relevant Iberclear Member, as applicable.

In accordance with Article 63(i) of CRR, the Put Option shall not be applicable to Tier 2 Subordinated Notes.

- (i) *Purchase*: The Issuer or any of its Subsidiaries may purchase Notes in the open market or otherwise and at any price subject to the Conditions to Redemption and Purchase set out in Condition 9(j) (*Conditions to Redemption and Purchase*).
- (j) *Conditions to Redemption and Purchase*: Other than in the case of a redemption at maturity in accordance with Condition 9(a) (*Scheduled Redemption*), the Issuer may redeem the Notes (and give notice thereof to the Holders) and the Issuer or its Subsidiaries may purchase Notes, only if such redemption or purchase, as applicable, is in accordance with the Applicable Banking Regulations (including, for the avoidance of doubt, Applicable MREL Regulations) and, in particular, Articles 77, 78 and 78a of the CRR and the permission of the Competent Authority and/or the Relevant Resolution Authority has been granted (in each such case, if such permission is then required under the Applicable Banking Regulations (including, for the avoidance of doubt, Applicable MREL Regulations)).

Prior to the publication of any notice of redemption pursuant to Conditions 9(b) (*Redemption due a Tax Event*), 9(c) (*Redemption due to a Capital Event*) and 9(d) (*Redemption due to an Eligible Liabilities Event*), the Issuer shall make available to the Holders at its registered office a certificate signed by two of its duly Authorised Signatories stating that the relevant requirement or circumstance giving rise to the right to redeem is satisfied.

 - A. before or at the same time as any of such actions, the institution replaces the instruments with own funds instruments of equal or higher quality at terms that are sustainable for the income capacity of the institution;
 - B. the institution has demonstrated to the satisfaction of the Competent Authority that the own funds and eligible liabilities of the institution would, following any of such actions, exceed the requirements laid down in the CRR, the CRD IV Directive and the BRRD by a margin that the Competent Authority considers necessary.
- (ii) in the case of any such actions during the five years following the issue date of the Notes if:
 - A. the conditions listed in paragraphs (i)A. or (i)B. above are met; and
 - B. in the case of the occurrence of a Capital Event, (i) the Competent Authority considers such a change to be sufficiently certain; and (ii) the institution demonstrates to the satisfaction of the Competent Authority that the regulatory reclassification of those instruments was not reasonably foreseeable at the time of their issuance; or

- C. in the case of the occurrence of a Tax Event, the institution demonstrates to the satisfaction of the Competent Authority that the change is material and was not reasonably foreseeable at the time of their issuance; or
- D. before or at the same time as any of such actions, the institution replaces the instruments with own funds instruments of equal or higher quality at terms that are sustainable for the income capacity of the institution and the Competent Authority has permitted that action on the basis of the determination that it would be beneficial from a prudential point of view and justified by exceptional circumstances; or
- E. the Notes are repurchased for market making purposes.

Pursuant to Article 78a CRR, and with respect to Notes qualifying as Eligible Liabilities, the Relevant Resolution Authority shall grant permission for an institution to call, redeem, repay or repurchase eligible liabilities instruments where one of the following conditions is met:

- (a) before or at the same time as any of such actions, the institution replaces the eligible liabilities instruments with own funds or eligible liabilities instruments of equal or higher quality at terms that are sustainable for the income capacity of the institution;
- (b) the institution has demonstrated to the satisfaction of the resolution authority that the own funds and eligible liabilities of the institution would, following any of such actions, exceed the requirements for own funds and eligible liabilities laid down in the CRR, the CRD IV Directive and the BRRD by a margin that the Relevant Resolution Authority, in agreement with the Competent Authority, considers necessary;
- (c) the institution has demonstrated to the satisfaction of the Relevant Resolution Authority that the partial or full replacement of the eligible liabilities with own funds instruments is necessary to ensure compliance with the own funds requirements laid down in the CRR and in the CRD IV Directive for continuing authorisation.

10. PAYMENTS

- (a) *Principal and interest:* Payments in respect of the Notes (in terms of both principal and interest) will be made by transfer to the registered account of the relevant Holder maintained by or on behalf of it with a bank that processes payments in a city in which banks have access to the T2, details of which appear in the records of Iberclear or, as the case may be, the relevant Iberclear Member at close of business on the day immediately preceding the Business Day on which the payment of principal or interest, as the case may be, falls due. Holders must rely on the procedures of Iberclear or, as the case may be, the relevant Iberclear Member to receive payments under the relevant Notes. None of the Issuer or, if applicable, any of the Dealers will have any responsibility or liability for the records relating to payments made in respect of the Notes.

- (b) *Payments subject to fiscal laws:* All payments in respect of the Notes are subject in all cases to (i) any applicable fiscal or other laws and regulations in the place of payment or other laws and regulations to which the Issuer is subject, but without prejudice to the provisions of Condition 11 (*Taxation*) and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof (Foreign Account Tax Compliance Act, "**FATCA**"), or (without prejudice to the provisions of Condition 11 (*Taxation*)) any law implementing an intergovernmental approach thereto (a "**FATCA Withholding Tax**").
- (c) *Payments on business days:* If the due date for payment of any amount in respect of any Note is not a Payment Business Day, the Holder shall not be entitled to payment of the amount due until the next succeeding Payment Business Day and shall not be entitled to any further interest or other payment in respect of any such delay.

11. TAXATION

- (a) *Gross up in respect of Ordinary Senior Notes:* All payments of interest and principal (and/or premium, if any) payable in respect of the Ordinary Senior Notes by or on behalf of the Issuer will be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature unless such withholding or deduction is required by law. In the event that any such withholding or deduction is imposed or levied by or on behalf of the Kingdom of Spain or any political subdivision thereof or any authority or agency therein or thereof having power to tax in respect of payments of interest and, if so specified in the relevant Notes Final Terms, principal (and/or premium, if any), the Issuer shall pay such additional amounts as will result in Holders receiving such amounts as they would have received in respect of such payments of interest and, if so specified in the relevant Notes Final Terms, principal (and/or premium, if any) had no such withholding or deduction been required.

However, the Issuer shall not be required to pay any additional amounts in relation to any payment in respect of Ordinary Senior Notes:

- (i) presented for payment by or on behalf of a Holder who is liable for such taxes, duties, assessments or governmental charges in respect of the Ordinary Senior Notes by reason of its having some connection with the Kingdom of Spain other than:
 - A. the mere holding of Ordinary Senior Notes; or
 - B. the receipt of any payment in respect of Ordinary Senior Notes;
- (ii) where taxes are imposed by the Kingdom of Spain (or any political subdivision thereof or any authority or agency therein or thereof having power to tax) that are
 - (i) any estate, inheritance, gift, sales, transfer, personal property or similar taxes or
 - (ii) solely due to the appointment by any Holder, or any person through which such Holder holds such Ordinary Senior Note, of a custodian, collection agent,

person or entity acting on its behalf or similar person in relation to such Ordinary Senior Note; or

- (iii) to, or to a third party on behalf of, a Holder who is an individual resident for tax purposes in the Kingdom of Spain (or any political subdivision or any authority thereof or therein having power to tax); or
 - (iv) to, or to a third party on behalf of, a Holder in respect of whose Ordinary Senior Notes the Issuer (or an agent acting on behalf of the Issuer) has not received such information it may be required in order to comply with Spanish tax reporting requirements, as may be necessary to allow payments on such Ordinary Senior Notes to be made free and clear of withholding tax or deduction on account of any taxes imposed by Spain, including when the Issuer (or an agent acting on behalf of the Issuer) does not receive a duly executed and completed certificate, pursuant to Law 10/2014 and Royal Decree 1065/2007 of 27 July, as amended by Royal Decree 1145/2011 of 29 July, and any implementing legislation or regulation.
- (b) *Gross up in respect of Senior Non-Preferred Notes and Subordinated Notes:* All payments of interest and principal (and/or premium, if any) payable in respect of Senior Non-Preferred Notes or Subordinated Notes by or on behalf of the Issuer will be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature unless such withholding or deduction is required by law. In the event that any such withholding or deduction is imposed or levied by or on behalf of the Kingdom of Spain or any political subdivision thereof or any authority or agency therein or thereof having power to tax in respect of payments of interest (but not in respect of payments of principal or any premium), the Issuer shall pay such additional amounts as will result in Holders receiving the amount of interest as they would have received had no such withholding or deduction been required (but no additional amounts shall be paid in respect of payments of principal or any premium).

However, the Issuer shall not be required to pay any additional amounts in relation to any payment in respect of Senior Non-Preferred Notes or Subordinated Notes:

- (i) presented for payment by or on behalf of a Holder who is liable for such taxes, duties, assessments or governmental charges in respect of the Senior Non-Preferred Notes or the Subordinated Notes by reason of its having some connection with the Kingdom of Spain other than:
 - A. the mere holding of Senior Non-Preferred Notes or Subordinated Notes; or
 - B. the receipt of any payment in respect of Senior Non-Preferred Notes or Subordinated Notes;
- (ii) where taxes are imposed by the Kingdom of Spain (or any political subdivision thereof or any authority or agency therein or thereof having power to tax) that are (i) any estate, inheritance, gift, sales, transfer, personal property or similar taxes or (ii) solely due to the appointment by any Holder, or any person through which

such Holder holds such Senior Non-Preferred Notes or Subordinated Notes, of a custodian, collection agent, person or entity acting on its behalf or similar person in relation to such Senior Non-Preferred Notes or Subordinated Notes; or

- (iii) to, or to a third party on behalf of, a Holder who is an individual resident for tax purposes in the Kingdom of Spain (or any political subdivision or any authority thereof or therein having power to tax); or
 - (iv) to, or to a third party on behalf of, a Holder in respect of whose Senior Non-Preferred Notes or Subordinated Notes the Issuer (or an agent acting on behalf of the Issuer) has not received such information it may be required in order to comply with Spanish tax reporting requirements, as may be necessary to allow payments on such Senior Non-Preferred Notes or Subordinated Notes to be made free and clear of withholding tax or deduction on account of any taxes imposed by Spain, including when the Issuer (or an agent acting on behalf of the Issuer) does not receive a duly executed and completed certificate, pursuant to Law 10/2014 and Royal Decree 1065/2007 of 27 July, as amended by Royal Decree 1145/2011 of 29 July, and any implementing legislation or regulation.
- (c) For the avoidance of doubt, the Issuer shall not be required to pay any additional amounts in relation to any FATCA Withholding Tax.

12. EVENTS OF DEFAULT

(a) *Events of Default relating to the Notes*

If an order is made by any competent court or resolution passed for the liquidation (*liquidación*) of the Issuer and such order is continuing (but excluding, for the avoidance of doubt, a dissolution without liquidation), then any Note may, unless there has been an Extraordinary Resolution to the contrary at a meeting of Holders, by written notice addressed by the Holder thereof to the Issuer and delivered to the Issuer, be declared immediately due and payable, whereupon the principal amount of such Notes together with any accrued and unpaid interest thereon to the date of payment shall, when permitted by applicable Spanish law, become immediately due and payable without further action or formality. In such a case, claims of Holders in respect of the Notes shall rank as set out under Condition 4 (*Status*).

Except as set out in this Condition 12(a), Holders shall have no right to declare immediately due and payable any amounts of principal or interest in respect of the Notes.

By its acquisition of any Note, each Holder acknowledges and accepts that the taking by the Relevant Resolution Authority of an early intervention measure or a resolution or moratorium action in respect of the Issuer under the Applicable Banking Regulations (including, for the avoidance of doubt, Applicable MREL Regulations) shall not constitute an event of default and Holders shall have no right to declare immediately due and payable any amounts of principal or interest in respect of the Notes.

(b) Additional Events of Default

This Condition 12(b) applies only to Ordinary Senior Notes if specified as applicable in the relevant Notes Final Terms and references to "Notes" shall be construed accordingly.

If any of the following events occurs and is continuing, then any Holder of any Note of the relevant Series may by written notice to the Issuer declare such Note and all interest then accrued and unpaid on such Note to be forthwith due and payable, whereupon the same shall, when permitted by applicable Spanish law, become immediately due and payable at its Outstanding Principal Amount together with accrued and unpaid interest (if any) without further action or formality:

- (i) *Non-payment*: the Issuer fails to pay any amount of principal in respect of the Notes on the due date for payment thereof or fails to pay any amount of interest in respect of the Notes within 14 calendar days of the due date for payment thereof; or
- (ii) *Breach of other obligations*: the Issuer defaults in the performance or observance of any of its other obligations under or in respect of the Notes and such default (i) is incapable of remedy or (ii) being a default which is capable of remedy, remains unremedied for 30 calendar days after the relevant Holder has after given written notice thereof to the Issuer; or
- (iii) *Unlawfulness*: it is or will become unlawful for the Issuer to perform or comply with any of its obligations under or in respect of the Notes;

then any Note may, by written notice addressed by the Holder thereof to the Issuer and delivered to the Issuer, be declared immediately due and payable, whereupon it shall become immediately due and payable at its Outstanding Principal Amount together with accrued and unpaid interest (if any) without further action or formality.

13. GREEN, SOCIAL OR SUSTAINABILITY NOTES

In the case of any Notes where the "Reasons for the Offer" in Part B of the relevant Notes Final Terms are stated to be for "green", "social" or "sustainability" projects as described therein (the "**Green, Social or Sustainability Notes Use of Proceeds Disclosure**" and the "**Green, Social or Sustainability Notes**", as appropriate), no event of default shall occur or other claim against the Issuer or right of a holder of, or obligation or liability of the Issuer in respect of, such Green, Social or Sustainability Notes arise as a result of an amount equivalent to the net proceeds of such Green, Social or Sustainability Notes not being used, any report, assessment, opinion or certification not being obtained or published, or any other step or action not being taken, in each case as set out and described in the Green, Social or Sustainability Notes Use of Proceeds Disclosure.

14. WAIVER OF SET-OFF

No Holder may at any time exercise or claim any Waived Set-Off Rights against any right, claim, or liability the Issuer has or may have or acquire against such Holder, directly or indirectly, howsoever arising (and, for the avoidance of doubt, including all such rights, claims and liabilities arising under or in relation to any and all agreements or other instruments of any sort, whether or not relating to such Note) and each Holder shall be deemed to have waived all Waived Set-Off Rights to the fullest extent permitted by applicable law in relation to all such

actual and potential rights, claims and liabilities. Notwithstanding the preceding sentence, if any of the amounts owing to any Holder by the Issuer in respect of, or arising under or in connection with the Notes is discharged by set-off, netting or counterclaim, such Holder shall, subject to applicable law, immediately pay an amount equal to the amount of such discharge to the Issuer and, until such time as payment is made, shall hold an amount equal to such amount in trust for the Issuer and accordingly any such discharge shall be deemed not to have taken place.

For the avoidance of doubt, nothing in this Condition is intended to provide, or shall be construed as acknowledging, any right of deduction, set-off, netting, compensation, retention or counterclaim or that any such right is or would be available to any Holder of any Note but for this Condition.

15. SUBSTITUTION AND VARIATION

If a Tax Event, an Eligible Liabilities Event or a Capital Event has occurred and is continuing, the Issuer may substitute all (but not some only) of the Notes or vary the terms of all (but not some only) of the Notes, without any requirement for the consent or approval of the Holders, so that they are substituted for, or varied to become or remain, Qualifying Notes, subject to having given not less than 30 nor more than 60 days' notice to the Holders in accordance with Condition 19 (*Notices*), subject to obtaining the prior permission of the Competent Authority and/or Relevant Resolution Authority if and required therefor under Applicable Banking Regulations (including, for the avoidance of doubt, Applicable MREL Regulations)) and in accordance with the Applicable Banking Regulations (including, for the avoidance of doubt, Applicable MREL Regulations) in force at the relevant time, and provided that the Issuer shall have obtained a Bank's Certificate and an Independent Financial Adviser Certificate (copies thereof will be available at the Issuer's registered office during its normal business hours) at least 15 Business Days prior to the issue or, as appropriate, variation of the relevant Notes.

Any notice provided in accordance with this Condition 15 shall be irrevocable, specify the relevant details of the manner in which such substitution or, as the case may be, variation shall take effect (including the date for substitution or variation) and where the Holders can inspect or obtain copies of the new conditions of the Notes. Such substitution or, as the case may be, variation will be effected without any cost or charge to the Holders.

In connection with any substitution or variation in accordance with this Condition 15, the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

Holders shall, by virtue of subscribing and/or purchasing the relevant Notes, be deemed to accept the substitution or variation of the terms of such Notes and to grant the Issuer full power and authority to take any action and/or execute and deliver any document in the name and/or on behalf of the Holder which is necessary or convenient to complete the substitution or variation of the terms of the Notes.

16. PRESCRIPTION

- (a) *English Law*: If English law is specified as the governing law of the Notes in the relevant Notes Final Terms, claims for principal shall become void unless made within ten years of the appropriate Relevant Date and claims for interest shall become void unless made within five years of the appropriate Relevant Date.

- (b) *Spanish Law:* If Spanish law is specified as the governing law of the Notes in the relevant Notes Final Terms, claims against the Issuer for payment in respect of the Notes shall be prescribed and become void unless made within three years after the date on which the payment in question becomes due and payable to the extent that article 950 of the Spanish Commercial Code (*Código de Comercio*) applies to the Notes.

17. RESOLUTIONS OF HOLDERS; MODIFICATION AND WAIVER

- (a) *Application:* this Condition 17 (*Resolutions of Holders; Modification and Waiver*) will apply to all issuances of Notes.

- (b) *Convening meetings*

- (i) *Meetings convened by the Issuer:* The Issuer may, at any time, and shall, if so directed in writing by Holders holding not less than 10% in aggregate principal amount of the Notes for the time being outstanding (the "**relevant Holders**"), convene a meeting of Holders.
- (ii) *Meetings convened by the Holders:* If the Issuer has not delivered notice convening a meeting of the Holders prior to the expiry of seven clear days from the date on which the Issuer has received written directions from the relevant Holders to do so, the relevant Holders may themselves convene the meeting in place of the Issuer subject to and in accordance with the provisions of this Condition 17, provided however that, in such circumstances all references to the performance by the Issuer of a particular obligation in this Condition 17, or the delivery by the Issuer of any notice in accordance with Condition 19 (*Notices*), shall be deemed to be a reference to the performance by the relevant Holders of such obligation and/or the delivery of such notice. Any costs and expenses incurred by the relevant Holders as a result of, in connection with or related to the convening by them of a meeting of the Holders in such circumstances shall be for the account of the Issuer and shall be promptly paid by the Issuer to the account designated for such purpose in writing by the relevant Holders upon presentation of receipts, invoices or other documentary evidence of such costs.

Notwithstanding the foregoing, no refusal or failure by the Issuer to convene a meeting of the Holders when so directed by the relevant Holders shall give rise to any right by any Holder to declare any principal amounts or interest in respect of the Notes immediately due and payable.

- (c) *Procedures for convening meetings:* At least 21 clear days' notice specifying the place (which need not be a physical place and instead may be by way of conference call, including by use of a videoconference platform), day and hour of the meeting shall be given to the Holders in the manner provided in Condition 19 (*Notices*).

The notice, which shall be in the English language, shall state generally the nature of the business to be transacted at the meeting and, where the meeting has been convened to vote on any matter requiring the approval of the Holders by means of an Extraordinary Resolution only, shall specify the terms of the Extraordinary Resolution to be proposed. This notice shall include information as to the manner in which Holders are entitled to attend and vote at the meeting.

If the meeting has been convened by the relevant Holders in the circumstances set out in Condition 17(b)(ii) (*Convening meetings — Meetings convened by the Holders*), a copy of the notice shall also be sent by certified post to the Issuer.

- (d) *Chairperson*: The person (who may be, but need not be, a Holder) nominated in writing by the Issuer shall be entitled to take the chair at each meeting (the "**Chairperson**") but if no nomination is made or if at any meeting the person nominated is not present within 15 minutes after the time appointed for holding the meeting, the Holders present shall choose one of their number to be Chairperson, failing which the Issuer may appoint a Chairperson. The Chairperson of an adjourned meeting need not be the same person as was Chairperson of the meeting from which the adjournment took place.

(e) *Quorums*

- (i) *Regular Quorum*: At any meeting one or more Eligible Persons present and holding or representing in the aggregate not less than 5% in principal amount of the Notes for the time being outstanding shall (except for the purpose of passing an Extraordinary Resolution) form a quorum for the transaction of business, and no business (other than the choosing of a Chairperson in accordance with Condition 17(d) (*Chairperson*)) shall be transacted at any meeting unless the required quorum is present at the commencement of business.
- (ii) *Extraordinary Quorum*: The quorum at any meeting for passing an Extraordinary Resolution shall (subject as provided below) be one or more Eligible Persons present and holding or representing in the aggregate not less than 50% in principal amount of the Notes for the time being outstanding.

(f) *Adjourned Meeting*

- (i) If within 15 minutes (or such longer period not exceeding 30 minutes as the Chairperson may decide) after the time appointed for any meeting a quorum is not present for the transaction of any particular business, then, subject and without prejudice to the transaction of the business (if any) for which a quorum is present, the meeting shall, if convened by Holders or if the Issuer was required by Holders to convene such meeting pursuant to Condition 17(b) (*Convening meetings*), be dissolved. In any other case it shall be adjourned to the same day of the next week (or if that day is not a Business Day the next following Business Day) at the same time and place (except in the case of a meeting at which an Extraordinary Resolution is to be proposed in which case it shall be adjourned for a period being not less than 14 clear days nor more than 42 clear days and at a place appointed by the Chairperson and approved by the Issuer).

Otherwise, at least 7 clear days' notice specifying the place (which need not be a physical place and instead may be by way of conference call, including by use of a videoconference platform), day and hour of the adjourned meeting, and otherwise given in accordance with Condition 17(c) (*Procedures for convening meetings*) shall be given to the Holders in the manner provided in Condition 19 (*Notices*) (which notice may be given at the same time as the notice convening the original meeting).

- (ii) If within 15 minutes (or a longer period not exceeding 30 minutes as the Chairperson may decide) after the time appointed for any adjourned meeting a quorum is not present for the transaction of any particular business, then, subject and without prejudice to the transaction of the business (if any) for which a quorum is present, the Chairperson may either dissolve the meeting or adjourn it for a period, being

- A. for any matter other than to vote on an Extraordinary Resolution, not less than 14 clear days (but without any maximum number of clear days); or
- B. for any matter requiring approval by an Extraordinary Resolution, not less than 14 clear days nor more than 42 clear days,

and in either case to a place as may be appointed by the Chairperson (either at or after the adjourned meeting) and approved by the Issuer, and the provisions of this sentence shall apply to all further adjourned meetings.

- (iii) At any adjourned meeting one or more Eligible Persons present (whatever the principal amount of the Notes for the time being outstanding so held or represented by them) shall (subject as provided below) form a quorum and shall (subject as provided below) have power to pass any Extraordinary Resolution or other resolution and to decide upon all matters which could properly have been dealt with at the meeting from which the adjournment took place had the required

quorum been present, provided that at any adjourned meeting the business of which includes any of the matters specified in the provision to Condition 17(e)(iii) (*Quorums —Enhanced Quorum*) the quorum shall be one or more Eligible Persons present and holding or representing in the aggregate not less than one-third in principal amount of the Notes for the time being outstanding.

- (ii) At any meeting, unless a poll is (before or on the declaration of the result of the show of hands) demanded by the Chairperson or the Issuer or by any Eligible Person present (whatever the principal amount of the Notes held by him), a declaration by the Chairperson that a resolution has been carried by a particular majority or lost or not carried by a particular majority shall be conclusive evidence of the fact without proof of the number or proportion of the votes recorded in favour of or against the resolution.
- (iii) Subject to Condition 17(h)(ii) if at any meeting a poll is demanded, it shall be taken in the manner and, subject as provided below, either at once or after an adjournment as the Chairperson may direct and the result of the poll shall be deemed to be the resolution of the meeting at which the poll was demanded as of the date of the taking of the poll. The demand for a poll shall not prevent the continuance of the meeting for the transaction of any business other than the motion on which the poll has been demanded.
- (iv) The Chairperson may, with the consent of (and shall if directed by) any meeting, adjourn the meeting from time to time and from place to place. No business shall be transacted at any adjourned meeting except business, which might lawfully

- (v) Any poll demanded at any meeting on the election of a Chairperson or on any question of adjournment shall be taken at the meeting without adjournment.

(i) *Approval of the resolutions*

- (i) Any resolution (including an Extraordinary Resolution) (i) passed at a meeting of the Holders duly convened and held (ii) passed as a resolution in writing or (iii) passed by way of electronic consents given by Holders through Iberclear, in accordance with the provisions of this Condition 17, shall be binding upon all the Holders whether present or not present at the meeting referred to in (i) above and whether or not voting (including when passed as a resolution in writing or by way of electronic consents) and each of them shall be bound to give effect to the resolution accordingly and the passing of any resolution shall be conclusive evidence that the circumstances justify its passing. Notice of the result of any resolution duly considered by the Holders shall be published in accordance with Condition 19 (*Notices*) by the Issuer within 14 days of the result being known provided that non-publication shall not invalidate the resolution.
- (ii) The expression "**Extraordinary Resolution**" when used in this Condition 17 means (i) a resolution passed at a meeting of the Holders duly convened and held in accordance with the provisions of this Condition 17 by a majority consisting of not less than 75% of the persons voting on the resolution upon a show of hands or, if a poll was duly demanded, by a majority consisting of not less than 75% of the votes given on the poll; or (ii) a resolution in writing signed by or on behalf of Holders of not less than 75% in nominal amount of the Notes for the time being outstanding, which resolution in writing may be contained in one document or in several documents in similar form each signed by or on behalf of one or more of the Holders; or (iii) consent given by way of electronic consents through Iberclear by or on behalf of Holders of not less than 75% in nominal amount of the Notes for the time being outstanding.
- (iii) In addition to the powers set out above, a resolution of Holders shall have the following powers exercisable only by Extraordinary Resolution (subject to the provisions relating to the quorum contained in Conditions 17(e)(ii) and 17(e)(iii)), namely:
 - A. power to approve any compromise or arrangement proposed to be made between the Issuer and the Holders;
 - B. power to approve any abrogation, modification, compromise or arrangement in respect of the rights of the Holders against the Issuer or against any of its property whether these rights arise under these Conditions of the Notes or otherwise;
 - C. power to agree to any modification of the provisions contained in these Conditions of the Notes which is proposed by the Issuer;

- D. power to give any authority or approval which under the provisions of this Condition 17 or the Notes is required to be given by Extraordinary Resolution;
 - E. power to appoint any persons (whether Holders or not) as a committee or committees to represent the interests of the Holders and to confer upon any committee or committees any powers or discretions which the Holders could themselves exercise by Extraordinary Resolution; and
 - F. power to agree with the Issuer or any substitute, the substitution of any entity in place of the Issuer (or any substitute) as the principal debtor in respect of the Notes.
- (iv) Subject to Condition 17(i)(i), a resolution (other than an Extraordinary Resolution) shall require a majority of the persons voting on the resolution, either in the case of a physical meeting (upon a show of hands or, if a poll was duly demanded, a majority of the votes given on the poll) or a resolution in writing or consent given by way of electronic consents.
 - (v) The agreement or approval of the Holders shall not be required in the case of any amendments determined pursuant to Condition 8 (*Benchmark Discontinuation*).
- (j) *Miscellaneous*
 - (i) Minutes of all resolutions and proceedings at every meeting shall be made and duly entered in books to be from time to time provided for that purpose by the Issuer and any minutes signed by the Chairperson of the meeting at which any resolution was passed or proceedings had transpired shall be conclusive evidence of the matters contained in them and, until the contrary is proved, every meeting in respect of the proceedings of which minutes have been made shall be deemed to have been duly held and convened and all resolutions passed or proceedings had transpired at the meeting to have been duly passed or had.
 - (ii) For the purposes of calculating a period of clear days, no account shall be taken of the day on which a period commences or the day on which a period ends.
 - (iii) Any modification or waiver of the Conditions of the Notes in accordance with this Condition 17 will be effected in accordance with the Applicable Banking Regulations and conditional upon any prior approval from the Competent Authority, to the extent required thereunder.

18. FURTHER ISSUES

The Issuer may from time to time, without the consent of the Holders, but subject to having been granted the permission of the Competent Authority and/or the Relevant Resolution Authority (in each such case, if such permission is then required under the Applicable Banking Regulations (including, for the avoidance of doubt, Applicable MREL Regulations)), create and issue further notes having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest) so as to form a single series with the Notes.

19. NOTICES

The Issuer shall ensure that all notices are duly published in a manner which complies with the rules and regulations of any stock exchange or other relevant authority on which the Notes are for the time being listed and/or admitted to trading.

If the Notes are listed on AIAF, to the extent required by the applicable regulations, the Issuer shall ensure that (i) the communication of all notices will be made public to the market through an announcement to be filed with the CNMV and to be published on the CNMV's official website at www.cnmv.es and (ii) all notices to the Holders will be published in the official bulletin of AIAF (*Boletín de Cotización de AIAF*).

Any such notice shall be deemed to have been given on the date of such publication or, if published more than once, on the first date on which publication is made. If publication as provided above is not practicable, notice will be given in such other manner and shall be deemed to have been given on such date, as the Issuer may approve.

In addition, so long as the Notes are represented by book-entries in Iberclear, all notices to Holders shall be made through Iberclear for on transmission to their respective accountholders.

20. LOSS ABSORBING POWER

- (a) *Acknowledgement:* Notwithstanding any other term of the Notes or any other agreement, arrangement or understanding between the Issuer and the Holders, by its subscription and/or purchase and holding of the Notes, each Holder (which for the purposes of this Condition 20 includes each holder of a beneficial interest in the Notes) acknowledges, accepts, consents and agrees:
 - (i) to be bound by the effect of the exercise of the Loss Absorbing Power by the Relevant Resolution Authority, which may include and result in any of the following, or some combination thereof:
 - A. the reduction of all, or a portion, of the Amounts Due on a permanent basis;
 - B. the conversion of all, or a portion, of the Amounts Due into shares, other securities or other obligations of the Issuer or another person (and the issue to the Holder of such shares, securities or obligations), including by means of an amendment, modification or variation of the terms of the Notes, in which case the Holder agrees to accept in lieu of its rights under the Notes any such shares, other securities or other obligations of the Issuer or another person;
 - C. the cancellation of the Notes or Amounts Due;
 - D. the amendment or alteration of the maturity of the Notes or amendment of the amount of interest payable on the Notes, or the date on which the interest becomes payable, including by suspending payment for a temporary period; and

- (ii) that the terms of the Notes are subject to, and may be varied, if necessary, to give effect to, the exercise of the Loss Absorbing Power by the Relevant Resolution Authority.
- (b) *Payment of Interest and Other Outstanding Amounts Due:* No repayment or payment of the Amounts Due will become due and payable or be paid after the exercise of the Loss Absorbing Power by the Relevant Resolution Authority if and to the extent such amounts have been reduced, converted, cancelled, amended or altered as a result of such exercise.
- (c) *Notice to Holders:* Upon the exercise of any Loss Absorbing Power by the Relevant Resolution Authority with respect to the Notes, the Issuer will make available a written notice to the Holders as soon as practicable regarding such exercise of the Loss Absorbing Power. No failure or delay by the Issuer to deliver a notice to the Holders shall affect the validity or enforceability of the exercise of the Loss Absorbing Power.
- (d) *Proration:* If the Relevant Resolution Authority exercises the Loss Absorbing Power with respect to less than the total Amounts Due, any cancellation, write-off or conversion made in respect of the Notes pursuant to the Loss Absorbing Power will be made on a pro-rata basis, unless the Relevant Resolution Authority instructs otherwise.
- (e) *Condition Exhaustive:* The matters set forth in this Condition 20 shall be exhaustive on the foregoing matters to the exclusion of any other agreements, arrangements or understandings between the Issuer and any Holder.
- (f) *No Event of Default:* None of a cancellation of the Notes, a reduction in the Amounts Due, the conversion thereof into another security or obligation of the Issuer or another person, as a result of the exercise of the Loss Absorbing Power by the Relevant Resolution Authority with respect to the Issuer or the exercise of the Loss Absorbing Power with respect to the Notes will be an event of default or otherwise constitute non-performance of a contractual obligation, or entitle the Holders to any remedies (including equitable remedies) which are hereby expressly waived.

21. RECOGNITION OF STAY POWERS

Notwithstanding any other term of the Notes or any other agreements, arrangements, or understanding between the Issuer and the Holders, by its subscription and/or purchase and holding of the Notes, each Holder (which for the purposes of this Condition 21, includes each holder of a beneficial interest in the Notes) acknowledges, accepts, consents to and agrees that it may be subject to the exercise of Stay Powers by the Relevant Resolution Authority, and acknowledges, accepts, and agrees to be bound by:

- (a) the effect of the exercise of Stay Powers by the Relevant Resolution Authority in relation to an obligation of the Issuer to each of the Holders and/or a right of the Issuer and the Holders, as applicable, under the Notes, that (without limitation) may include and result in any of the following, or some combination thereof:
 - (i) the suspension of any payment or delivery obligation if the Issuer is failing or likely to fail or under resolution;

- (ii) the restriction of enforcement of security interests if the Issuer is under resolution; and
- (iii) the temporary suspension of termination rights if the Issuer is under resolution.
- (b) the fact that the exercise of Stay Powers by the Relevant Resolution Authority shall not constitute non-performance of a contractual obligation and therefore deemed to be an enforcement event within the meaning of Directive 2002/47/EC or as insolvency proceedings within the meaning of Directive 98/26/EC implemented in Spain through Royal Decree-law 5/2005 and Law 41/1999, respectively and that Holders shall not be entitled to take any of the steps outlined under Article 68(3) Directive 2014/59/EU and any relevant implementing measures in any member state of the European Union against the Issuer.

For the purposes of this Condition 21, "**Stay Powers**" means any suspension of obligations or restriction of rights in accordance with Articles 33a, 69, 70 and 71 of BRRD, implemented in Spain through Articles 66 and 70 to 70 ter of Law 11/2015.

22. GOVERNING LAW AND JURISDICTION

The governing law and jurisdiction of the Notes will be specified in Part A of the relevant Notes Final Terms.

- (a) *English law*: If English law is specified as the governing law of the Notes in the relevant Notes Final Terms, the provisions of this Condition 22(a) shall apply to the Notes.
 - (i) *Governing law*: Save as described below, the Notes and any non-contractual obligations arising out of or in connection with the Notes are governed by English law. Condition 3 (*Form, Denomination, Title and Transfer*), Condition 4 (*Status*), Condition 20 (*Loss Absorbing Power*) and Condition 21 (*Recognition of Stay Powers*) are governed by Spanish law.
 - (ii) *English courts*: Subject to Condition 22(a)(iv) below, the courts of England have exclusive jurisdiction to settle any dispute (a "**Dispute**") arising out of or in connection with the Notes (including any non-contractual obligation arising out of or in connection with the Notes).
 - (iii) *Appropriate forum*: The Issuer agrees that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue to the contrary.
 - (iv) *Rights of the Holders to take proceedings outside England*: Notwithstanding Condition 22(a)(ii) above, any Holder may bring (i) proceedings relating to a Dispute ("**Proceedings**") in (a) any other court of Member States of the European Union to the extent that they would be competent to hear the Dispute in accordance with the rules of the Brussels Ia Regulation or (b) any other court of States that are parties to the Lugano II Convention to the extent that they would be competent to hear the Dispute in accordance with the rules thereof; and (ii) to the extent allowed by law, concurrent Proceedings in any number of such jurisdictions.

Notwithstanding the above, each of the Issuer and any Holder submits to the exclusive jurisdiction of the Spanish courts, in particular, to the venue of the city of Madrid, in relation to any dispute arising out of or in connection with the application of any Loss Absorbing Power by the Relevant Resolution Authority (a "**Bail-in Dispute**") or the exercise of Stay Powers by the Relevant Resolution Authority (a "**Stay Powers Dispute**"). Each of the Issuer and any Holder in relation to a Bail-in Dispute and a Stay Powers Dispute further waives any objection to the Spanish courts on the grounds that they are an inconvenient or inappropriate forum to settle any Bail-in Dispute.

- (v) *Service of process*: The Issuer irrevocably and unconditionally agrees that the documents which start any Proceedings and any other documents required to be served in relation to those Proceedings may be served on it by being delivered to ABANCA Corporación Bancaria, S.A. Representation Office at 4th Floor Malta House, 36-38 Piccadilly, London W1J 0DP, United Kingdom. The Issuer undertakes that in the event of such office ceasing so to act, it shall appoint such other person with an address in England or Wales and/or at such other address in England or Wales as the Issuer may specify by notice in writing to the Holders. Nothing in this paragraph shall affect the right of any Holder to serve process in any other manner permitted by law. This Condition applies to Proceedings in England and to Proceedings elsewhere.
- (b) *Spanish Law*: If Spanish law is specified as the governing law of the Notes in the relevant Notes Final Terms, the provisions of this Condition 22(b) shall apply to the Notes.
 - (i) *Governing law*: The Notes and any non-contractual obligations arising out of or in connection with the Notes shall be governed by, and construed in accordance with, Spanish law.
 - (ii) *Spanish courts*: The courts of the city of Madrid, Spain are to have exclusive jurisdiction to settle any disputes which may arise out of or in connection with the Notes (including a dispute relating to any non-contractual obligations arising out of or in connection with the Notes).

The Covered Bonds will be considered European covered bonds (premium) (*bono garantizado europeo (premium)*) pursuant to Article 4.3 of Royal Decree-Law 24/2021.

 - (i) one rate shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period; and
 - (ii) the other rate shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period

- (e) Interest – Floating Rate Covered Bonds referencing €STR (Screen Rate Determination)
- A. This Condition 6(e) is applicable to the Covered Bonds only if the Floating Rate Covered Bond Provisions are specified in the relevant Covered Bonds Final Terms as being applicable, Screen Rate Determination is specified in the relevant Covered Bonds Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, and the "Reference Rate" is specified in the relevant Covered Bonds Final Terms as being "€STR".

The following definitions shall apply for the purposes of this Condition 6(e):

- 1) **"Compounded Daily €STR"** means, with respect to any Interest Period, the rate of return of a daily compound interest investment in euro (with the daily euro short-term rate as reference rate for the calculation of interest) as calculated in accordance with the following formula (and the resulting percentage will be rounded if necessary to the nearest fifth decimal place, with 0.000005 being rounded upwards):

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{€STR}_i \times n_i}{D} \right) - 1 \right] \times \frac{D}{d}$$

where:

"d" means the number of calendar days in:

- (i) where "Lag" is specified as the Observation Method in the relevant Covered Bonds Final Terms, the relevant Interest Period; or
- (ii) where "Observation Shift" is specified as the Observation Method in the relevant Covered Bonds Final Terms, the relevant Observation Period;

"D" means the number specified as such in the relevant Covered Bonds Final Terms (or, if no such number is specified, 360);

"d₀" means the number of TARGET Settlement Days in:

- (i) where "Lag" is specified as the Observation Method in the relevant Covered Bonds Final Terms, the relevant Interest Period; or
- (ii) where "Observation Shift" is specified as the Observation Method in the relevant Covered Bonds Final Terms, the relevant Observation Period;

the "**€STR reference rate**", in respect of any TARGET Settlement Day, is a reference rate equal to the daily euro short-term rate ("**€STR**") for such TARGET Settlement Day as provided by the European Central Bank as the administrator of €STR (or any successor administrator of such rate) on the website of the European Central Bank (or, if no longer published on its website, as otherwise published by it or provided by it to authorised distributors and as then published on the Relevant Screen Page or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors) on the TARGET Settlement Day immediately following such TARGET Settlement Day (in each case, at the time specified by, or determined in accordance with, the applicable methodology, policies or guidelines, of the European Central Bank or the successor administrator of such rate);

"**€STR_i**" means the €STR reference rate for:

- (i) where "Lag" is specified as the Observation Method in the relevant Covered Bonds Final Terms, the TARGET Settlement Day falling "p" TARGET Settlement Days prior to the relevant TARGET Settlement Day "i"; or
- (ii) where "Observation Shift" is specified as the Observation Method in the relevant Covered Bonds Final Terms, the relevant TARGET Settlement Day "i".

"**i**" is a series of whole numbers from one to "**d_o**", each representing the relevant TARGET Settlement Day in chronological order from, and including, the first TARGET Settlement Day in:

- (i) where "Lag" is specified as the Observation Method in the relevant Covered Bonds Final Terms, the relevant Interest Period; or
- (ii) where "Observation Shift" is specified as the Observation Method in the relevant Covered Bonds Final Terms, the relevant Observation Period;

to, and including, the last TARGET Settlement Day in such period;

"**n_i**" for any TARGET Settlement Day "i" in the relevant Interest Period or Observation Period (as applicable), means the number of calendar days

from (and including) such TARGET Settlement Day "i" up to (but excluding) the following TARGET Settlement Day;

"Observation Period" means, in respect of any Interest Period, the period from (and including) the date falling "p" TARGET Settlement Days prior to the first day of the relevant Interest Period (and the first Interest Period shall begin on and include the Interest Commencement Date) to (but excluding) the date falling "p" TARGET Settlement Days prior to the Interest Period End Date for such Interest Period (or the date falling "p" TARGET Settlement Days prior to such earlier date, if any, on which the Covered Bonds become due and payable);

"Interest Period End Date" shall have the meaning specified in the relevant Covered Bonds Final Terms (or, if not so specified, the Interest Payment Date for such Interest Period); and

"p" for any latest Interest Period or Observation Period (as applicable), means the number of TARGET Settlement Days specified in the relevant Covered Bonds Final Terms or, if no such period is specified, two TARGET Settlement Days.

- 2) **"Compounded Daily €STR Index"** means with respect to an Interest Period, the rate of return of a daily compound interest investment in euro (with the €STR as a reference rate for the calculation of interest) by reference to the screen rate or index for compounded daily €STR rates administered by the European Central Bank, as the administrator of such rate (or any successor administrator of such rate) that is published or displayed on the website of the European Central Bank (or any successor administrator of such rate) or any successor source from time to time on the relevant Interest Determination Date (the **"€STR Compounded Index"**) and will be calculated as follows (and the resulting percentage will be rounded if necessary to the nearest fifth decimal place, with 0.000005 being rounded upwards):

$$\left(\frac{\text{€STR Compounded Index}_{\text{End}}}{\text{€STR Compounded Index}_{\text{Start}}} - 1 \right) \times \frac{360}{d}$$

Where:

"d" is the number of calendar days from (and including) the day in relation to which €STR Compounded Index_{Start} is determined to (but excluding) the day in relation to which €STR Compounded Index_{End} is determined;

- 3) "**Weighted Average €STR**" means the sum of the €STR reference rate (as defined for "Compounded Daily €STR") in respect of each calendar day during the relevant Observation Period divided by the number of calendar days during such Observation Period (and the resulting percentage will be rounded if necessary to the nearest fifth decimal place, with 0.000005 being rounded upwards).

For these purposes, the €STR reference rate in respect of any calendar day which is not a TARGET Settlement Day shall be deemed to be the €STR reference rate in respect of the TARGET Settlement Day immediately preceding such calendar day.

- C. Subject to Condition 7 (*Benchmark Discontinuation*) and subject to Condition 6(e)D., if, where any Rate of Interest is to be calculated pursuant to Condition 6(e)B. above, in respect of any TARGET Settlement Day in respect of which an applicable €STR reference rate is required to be determined, such €STR reference rate is not made available on the Relevant Screen Page and has not otherwise been published by the relevant authorised distributors, then the €STR reference rate in respect of such TARGET Settlement Day shall be the €STR reference rate for the first preceding TARGET Settlement Day in respect of which €STR reference rate was published by the European Central Bank on its website, as determined by the Calculation Agent.
- D. Where the Rate of Interest for each Interest Period is calculated in accordance with Condition 6(e)B.2), if the relevant €STR Compounded Index is not published or displayed by the European Central Bank (or any successor administrator of such rate) reference rate or other information service by 5.00 p.m. (Frankfurt time) (or, if later, by the time falling one hour after the customary or scheduled time for publication thereof in accordance with the then-prevailing operational procedures of the European Central Bank (or any successor administrator of €STR) on the relevant Interest Determination Date, the Rate of Interest shall be calculated for the Interest Period for which the €STR Compounded Index is not available in accordance with Condition 6(e)B.1) above and for these purposes the Observation Method shall be deemed to be "Observation Shift".
- E. Subject to Condition 7 (*Benchmark Discontinuation*), if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this Condition, the Rate of Interest shall be (A) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in

place of the Margin relating to that last preceding Interest Period) or (B) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to the Covered Bonds for the first Interest Period had the Covered Bonds been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin applicable to the first Interest Period).

- (f) *Maximum or Minimum Rate of Interest:* If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Covered Bonds Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified. Unless otherwise stated in the relevant Covered Bonds Final Terms, the Minimum Rate of Interest shall be deemed to be zero.
- (g) *Calculation of Interest Amount:* The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Covered Bond for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the relevant Covered Bond divided by the Calculation Amount. For this purpose, a "**sub-unit**" means one cent.
- (h) *Publication:* The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Issuer (if applicable) and each competent authority, stock exchange and/or quotation system (if any) by which the Covered Bonds have then been listed and/or admitted to trading and/or quotation as soon as practicable after such determination. Notice thereof shall also promptly be given to the Holders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period.
- (i) *Notifications etc:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer (if applicable), the Holders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

7. BENCHMARK DISCONTINUATION

Notwithstanding the foregoing provisions of Condition 6 (*Floating Rate Covered Bond Provisions*), if a Benchmark Event occurs when any Rate of Interest (or any component part thereof) remains to be determined by reference to a Mid-Swap Floating Leg Benchmark Rate or

a Reference Rate (which, for the purposes of this Condition 7, shall also include any Mid-Swap Rate), as applicable, then the following shall apply:

- (i) The Issuer shall use its reasonable endeavours to appoint an Independent Financial Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate and, in either case, an Adjustment Spread, if any (in accordance with subparagraph (iv) below) no later than three Business Days prior to the relevant Reset Determination Date or Interest Determination Date (as applicable) relating to the next succeeding Reset Period or Interest Period (as applicable) (the "**IA Determination Cut-off Date**") for purposes of determining the Rate of Interest applicable to the Covered Bonds for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 7).
- (ii) If (i) the Issuer is unable to appoint an Independent Financial Adviser or (ii) the Independent Financial Adviser appointed by it fails to determine a Successor Rate or, failing which, an Alternative Rate in accordance with Condition 7.(i) prior to the IA Determination Cut-off Date, then the Issuer (acting in good faith and in a commercially reasonable manner and following consultation with the Independent Financial Adviser in the event one has been appointed) may determine a Successor Rate or, failing which, an Alternative Rate for purposes of determining the Rate of Interest applicable to the Covered Bonds for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 7).

If this subparagraph (ii) applies and the Issuer is unable or unwilling to determine a Successor Rate or an Alternative Rate prior to the Reset Determination Date or Interest Determination Date (as applicable) relating to the next succeeding Reset Period or Interest Period (as applicable) in accordance with this subparagraph (ii), the Mid-Swap Floating Leg Benchmark Rate or Reference Rate (as applicable) shall be equal to the Mid-Swap Floating Leg Benchmark Rate or Reference Rate (as applicable) for a term equivalent to the Reset Period or to the relevant Interest Period (as applicable) published on the Relevant Screen Page as at the last preceding Reset Date or Interest Determination Date (as applicable) (though substituting, where a different Margin is to be applied to the relevant Reset Period or Interest Period (as applicable) from that which applied to the last preceding Reset Period or Interest Period (as applicable), the Margin relating to the relevant Reset Period or Interest Period (as applicable), in place of the Margin relating to that last preceding Reset Period or Interest Period (as applicable)). If there has not been a first Reset Date or First Interest Payment Date (as applicable), the Mid-Swap Floating Leg Benchmark Rate or Reference Rate (as applicable) shall be the Mid-Swap Floating Leg Benchmark Rate or Reference Rate (as applicable) that would have been applicable to the Covered Bonds for the first Interest Period had the Covered Bonds been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date.

For the avoidance of doubt, this subparagraph (ii) shall apply to the relevant next succeeding Reset Period or Interest Period (as applicable), and any Subsequent Reset Periods or Interest Periods (as applicable) are subject to the subsequent operation of, and adjustment as provided in, subparagraph (i) of this Condition 7.

- (iii) If a Successor Rate or an Alternative Rate is determined in accordance with the preceding provisions, such Successor Rate or Alternative Rate shall be the benchmark in relation to the Covered Bonds for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 7).
- (iv) If the Independent Financial Adviser or the Issuer, acting in good faith and in a reasonable commercial manner and following consultation with the Independent Financial Adviser in the event one has been appointed, as applicable, determines (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest and Interest Amount(s) (or a component part thereof) by reference to such Successor Rate or the Alternative Rate.
- (v) If any Successor Rate, Alternative Rate and/or Adjustment Spread is determined in accordance with the above provisions, the Independent Financial Adviser or the Issuer, acting in good faith and in a reasonable commercial manner and following consultation with the Independent Financial Adviser in the event one has been appointed, as applicable, may also specify amendments to these Conditions of the Covered Bonds in order to follow market practice in relation to the Successor Rate or Alternative Rate and/or Adjustment Spread, which changes shall apply to the Covered Bonds for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 7).

In connection with any such variation in accordance with this subparagraph (v), the Issuer shall comply with the rules of any stock exchange on which the Covered Bonds are for the time being listed or admitted to trading.

- (vi) Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any changes pursuant to subparagraph (v) will be notified promptly by the Issuer to the Holders in accordance with Condition 16 (*Notices*). Such notice shall be irrevocable and shall specify the effective date of the changes pursuant to subparagraph (v), if any, and will be binding on the Issuer and the Holders.

Notwithstanding any other provision of this Condition 7, no Successor Rate, Alternative Rate or Adjustment Spread (as applicable) will be adopted, and no other amendments to the terms of the Covered Bonds will be made pursuant to this Condition 7, if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to prejudice the treatment of any relevant Series of Covered Bonds as Tier 2 capital or as Eligible Liabilities or to comply with MREL Requirements, as applicable, in each case of the Issuer and/or the ABANCA Group, or could reasonably result in the Relevant Resolution Authority treating any future Interest Payment Date as the effective maturity of the Covered Bonds, rather than the relevant Maturity Date.

8. INTEREST RATE PROVISIONS IN THE EVENT OF EXTENSION OF MATURITY OF A SERIES OF COVERED BONDS

If "Extended Final Maturity" is specified as applicable in the relevant Covered Bonds Final Terms and any of the triggering circumstances for an extension of maturity set forth in Article 15.2 of Royal Decree-Law 24/2021, if the Issuer or Special Cover Pool Administrator decide to extend the Maturity Date pursuant to Condition 9(b) (*Maturity extension*) and subject to such extension being authorised by the Bank of Spain and all other prerequisite requirements for such extension being met, then the following shall apply:

- (a) payment of the Final Redemption Amount shall be deferred until the Extended Maturity Date specified in the applicable Covered Bonds Final Terms;
- (b) the Covered Bonds shall bear interest from (and including) the Maturity Date to (but excluding) the Extended Maturity Date. In that event, interest shall be payable on those Covered Bonds at the rate determined in accordance with this Condition 8 on the Outstanding Principal Amount of the Covered Bonds in arrear on (i) each Interest Payment Date after the Maturity Date, or (ii) the Extended Maturity Date, as applicable, in respect of the Interest Period ending immediately prior to the relevant Interest Payment Date or the Extended Maturity Date, respectively. The final Interest Payment Date shall fall no later than the Extended Maturity Date; and
- (c) the rate of interest payable from time to time in respect of the Outstanding Principal Amount of the Covered Bonds on each Interest Payment Date after the Maturity Date in respect of the Interest Period ending immediately prior to the relevant Interest Payment Date or the Extended Maturity Date, as applicable, will be as specified in the relevant Covered Bonds Final Terms and, in the case of Floating Rate Covered Bonds, determined by the Calculation Agent, as applicable, two Business Days after the Maturity Date in respect of the first such Interest Period and thereafter as specified in the relevant Covered Bonds Final Terms.

9. REDEMPTION AND PURCHASE

- (a) *Scheduled redemption*: Unless previously redeemed, or purchased and cancelled, or extended as contemplated under (b) below, the Covered Bonds will be redeemed at their Final Redemption Amount on the Maturity Date, subject as provided in Condition 10 (*Payments*). The Maturity Date of the Covered Bonds will not exceed 50 years from the Issue Date.
- (b) *Maturity extension*: If "Extended Final Maturity" is specified as applicable in the relevant Covered Bonds Final Terms and as otherwise provided therein, the Issuer or the Special Cover Pool Administrator (as applicable) may extend the Maturity Date up to the Extended Maturity Date, subject to and in the circumstances contemplated in Royal Decree-Law 24/2021, including the prior permission of the Bank of Spain.

The Issuer shall notify the Holders in accordance with Condition 16 (*Notices*) of any extension of the Maturity Date of the Covered Bonds (which notice shall specify the Extended Maturity Date), as soon as practicable. Any failure by the Issuer to so notify the Holders shall not affect the validity or effectiveness of any such extension of the maturity of the Covered Bonds.

Any extension of the maturity of the Covered Bonds under this Condition 9(b) shall be irrevocable. Where paragraph (b) of this Condition 9 applies, any failure to redeem the Covered Bonds on the Maturity Date or any extension of the maturity of the Covered Bonds under this Condition 9(b) shall not constitute an event of default for any purpose or give any Holder any right to receive any payment of interest, principal or otherwise on the relevant Covered Bonds other than as expressly set out in these Conditions.

If the Issuer redeems part and not all of the Covered Bonds on an Interest Payment Date falling on any date after the Maturity Date, each Covered Bond shall be redeemed in part in the proportion which the aggregate Outstanding Principal Amount of the outstanding Covered Bonds to be redeemed on such date bears to the aggregate Outstanding Principal Amount of outstanding Covered Bonds on such date.

As of the date of this Base Prospectus, the circumstances for an extension of maturity set forth in Article 15 of Royal Decree-Law 24/2021 are (i) the existence of a danger of default in respect of the Covered Bonds due to liquidity issues in the Cover Pool or for the Issuer; (ii) the insolvency or resolution of the Issuer; (iii) a declaration of non-viability of the Issuer in accordance with Article 8 of Law 11/2015; and (iv) the existence of serious disturbances affecting national financial markets, where this has been announced by the Macropprudential Authority Financial Stability Board (AMCESFI) by means of a communication in the form of a warning or recommendation, which is not of a confidential nature.

In the event of insolvency (concurso) or resolution of the Issuer, the extension of maturity shall not affect the priority of Holders' claims nor reverse the original maturity schedule sequence of the Covered Bonds in respect of the Cover Pool.

- (c) *Redemption at the option of the Issuer:* If the "Call Option" is specified in the relevant Covered Bonds Final Terms as being applicable, the Covered Bonds may be redeemed at the option of the Issuer in whole or, if so specified in the relevant Covered Bonds Final Terms, in part on any Optional Redemption Date (Call) at the relevant Optional Redemption Amount together with any accrued and unpaid interest thereon to (but excluding) the date fixed for redemption on the Issuer's giving not less than 15 calendar days' nor more than 60 calendar days' notice to the Holders, or such other period(s) as may be specified in the relevant Covered Bonds Final Terms (which notice shall be irrevocable and upon expiry of which the redemption shall take place).
- (d) *Partial redemption:* If the Covered Bonds are to be redeemed in part only on any date in accordance with Condition 9(c) (*Redemption at the option of the Issuer*), each Covered Bond shall be redeemed in part in the proportion which the aggregate Outstanding Principal Amount of the outstanding Covered Bonds to be redeemed on the relevant Optional Redemption Date (Call) bears to the aggregate Outstanding Principal Amount of outstanding Covered Bonds on such date. If any Maximum Redemption Amount or Minimum Redemption Amount is specified in the relevant Covered Bonds Final Terms, then the Optional Redemption Amount shall in no event be greater than the maximum or be less than the minimum so specified.
- (e) *Issuer Residual Call:* If the "Issuer Residual Call" is specified in the relevant Covered Bonds Final Terms as being applicable, and if, at any time, the Outstanding Principal

Amount of the Covered Bonds is equal to or less than the Residual Percentage specified in the relevant Covered Bonds Final Terms of the aggregate nominal amount of the Covered Bonds originally issued (and, for these purposes, any further Covered Bonds issued and consolidated with the Covered Bonds as part of the same Series shall be deemed to have been originally issued), the Issuer may redeem all (but not some only) of the remaining outstanding Covered Bonds on any date (or, if the Floating Rate Covered Bond Provisions are specified in the relevant Covered Bonds Final Terms as being applicable, on any Interest Payment Date) upon giving not less than 15 nor more than 60 days' notice to the Holders (or such other notice period as may be specified in the relevant Covered Bonds Final Terms) (which notice shall specify the date for redemption and shall be irrevocable), at the Optional Redemption Amount together with any accrued and unpaid interest up to (but excluding) the date of redemption.

- (f) *Purchase:* The Issuer or any of its Subsidiaries may at any time purchase Covered Bonds in the open market or otherwise and at any price. All Covered Bonds purchased by or on behalf of the Bank may be held, resold or, at the option of the Bank, cancelled, all the above in accordance with all applicable legislation.

10. PAYMENTS

- (a) *Principal and interest:* Payments in respect of the Covered Bonds (in terms of both principal and interest) will be made by transfer to the registered account of the relevant Holder maintained by or on behalf of it with a bank that processes payments in a city in which banks have access to the T2, details of which appear in the records of Iberclear or, as the case may be, the relevant Iberclear Member at close of business on the day immediately preceding the Business Day on which the payment of principal or interest, as the case may be, falls due. Holders must rely on the procedures of Iberclear or, as the case may be, the relevant Iberclear Member to receive payments under the relevant Covered Bonds. None of the Issuer or, if applicable, any of the Dealers will have any responsibility or liability for the records relating to payments made in respect of the Covered Bonds.
- (b) *Payments subject to fiscal laws:* All payments in respect of the Covered Bonds are subject in all cases to (i) any applicable fiscal or other laws and regulations in the place of payment or other laws and regulations to which the Issuer is subject, and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof (Foreign Account Tax Compliance Act, "**FATCA**"), or any law implementing an intergovernmental approach thereto (a "**FATCA Withholding Tax**").
- (c) *Payments on business days:* If the due date for payment of any amount in respect of any Covered Bond is not a Payment Business Day, the Holder shall not be entitled to payment of the amount due until the next succeeding Payment Business Day and shall not be entitled to any further interest or other payment in respect of any such delay.

11. TAXATION

- (a) *No gross up:* All payments made by or on behalf of the Issuer in respect of the Covered Bonds will be made subject to and after deduction or withholding required to be made by law for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of the Kingdom of Spain or any political subdivision or any authority thereof or therein having power to tax. The Issuer will not be required to pay any additional or further amounts in respect of such deduction or withholding.
- (b) For the avoidance of doubt, the Issuer shall not be required to pay any additional amounts in relation to any FATCA Withholding Tax.

12. GREEN, SOCIAL OR SUSTAINABILITY COVERED BONDS

In the case of any Covered Bonds where the "Reasons for the Offer" in Part B of the relevant Covered Bonds Final Terms are stated to be for "green", "social" or "sustainability" projects as described therein (the "**Green, Social or Sustainability Covered Bonds Use of Proceeds Disclosure**" and the "**Green, Social or Sustainability Covered Bonds**", as appropriate), no event of default shall occur or other claim against the Issuer or right of a holder of, or obligation or liability of the Issuer in respect of, such Green, Social or Sustainability Covered Bonds arise as a result of an amount equivalent to the net proceeds of such Green, Social or Sustainability Covered Bonds not being used, any report, assessment, opinion or certification not being obtained or published, or any other step or action not being taken, in each case as set out and described in the Green, Social or Sustainability Covered Bonds Use of Proceeds Disclosure.

13. PRESCRIPTION

Claims against the Issuer for payment in respect of the Covered Bonds shall be prescribed and become void unless made within three years after the date on which the payment in question becomes due and payable in accordance with article 22 of Royal Decree 716/2009, of 24 April and article 950 of the Spanish Commercial Code (*Código de Comercio*).

14. RESOLUTIONS OF HOLDERS; MODIFICATION AND WAIVER

- (a) *Application:* this Condition 14 (*Resolutions of Holders; Modification and Waiver*) will apply to all issuances of Covered Bonds.
- (b) *Convening meetings*
 - (i) *Meetings convened by the Issuer:* The Issuer may, at any time, and shall, if so directed in writing by Holders holding not less than 10% in aggregate principal amount of the Covered Bonds for the time being outstanding (the "**relevant Holders**"), convene a meeting of Holders.
 - (ii) *Meetings convened by the Holders:* If the Issuer has not delivered notice convening a meeting of the Holders prior to the expiry of seven clear days from the date on which the Issuer has received written directions from the relevant Holders to do so, the relevant Holders may themselves convene the meeting in place of the Issuer subject to and in accordance with the provisions of this Condition 14, provided however that, in such circumstances all references to the

performance by the Issuer of a particular obligation in this Condition 14, or the delivery by the Issuer of any notice in accordance with Condition 16 (*Notices*), shall be deemed to be a reference to the performance by the relevant Holders of such obligation and/or the delivery of such notice. Any costs and expenses incurred by the relevant Holders as a result of, in connection with or related to the convening by them of a meeting of the Holders in such circumstances shall be for the account of the Issuer and shall be promptly paid by the Issuer to the account designated for such purpose in writing by the relevant Holders upon presentation of receipts, invoices or other documentary evidence of such costs.

Notwithstanding the foregoing, no refusal or failure by the Issuer to convene a meeting of the Holders when so directed by the relevant Holders shall give rise to any right by any Holder to declare any principal amounts or interest in respect of the Covered Bonds immediately due and payable.

- (c) *Procedures for convening meetings:* At least 21 clear days' notice specifying the place (which need not be a physical place and instead may be by way of conference call, including by use of a videoconference platform), day and hour of the meeting shall be given to the Holders in the manner provided in Condition 16 (*Notices*).

The notice, which shall be in the English language, shall state generally the nature of the business to be transacted at the meeting and, where the meeting has been convened to vote on any matter requiring the approval of the Holders by means of an Extraordinary Resolution only, shall specify the terms of the Extraordinary Resolution to be proposed. This notice shall include information as to the manner in which Holders are entitled to attend and vote at the meeting.

If the meeting has been convened by the relevant Holders in the circumstances set out in Condition 14(b)(ii) (*Convening meetings — Meetings convened by the Holders*), a copy of the notice shall also be sent by certified post to the Issuer.

- (d) *Chairperson:* The person (who may be, but need not be, a Holder) nominated in writing by the Issuer shall be entitled to take the chair at each meeting (the "**Chairperson**") but if no nomination is made or if at any meeting the person nominated is not present within 15 minutes after the time appointed for holding the meeting, the Holders present shall choose one of their number to be Chairperson, failing which the Issuer may appoint a Chairperson. The Chairperson of an adjourned meeting need not be the same person as was Chairperson of the meeting from which the adjournment took place.

- (e) *Quorums*

- (ii) *Extraordinary Quorum*: The quorum at any meeting for passing an Extraordinary Resolution shall (subject as provided below) be one or more Eligible Persons present and holding or representing in the aggregate not less than 50% in principal amount of the Covered Bonds for the time being outstanding.

(f) *Adjourned Meeting*

- (i) If within 15 minutes (or such longer period not exceeding 30 minutes as the Chairperson may decide) after the time appointed for any meeting a quorum is not present for the transaction of any particular business, then, subject and without prejudice to the transaction of the business (if any) for which a quorum is present, the meeting shall, if convened by Holders or if the Issuer was required by Holders to convene such meeting pursuant to Condition 14(b) (*Convening meetings*), be dissolved. In any other case it shall be adjourned to the same day of the next week (or if that day is not a Business Day the next following Business Day) at the same time and place (except in the case of a meeting at which an Extraordinary Resolution is to be proposed in which case it shall be adjourned for a period being not less than 14 clear days nor more than 42 clear days and at a place appointed by the Chairperson and approved by the Issuer).

Otherwise, at least 7 clear days' notice specifying the place (which need not be a physical place and instead may be by way of conference call, including by use of a videoconference platform), day and hour of the adjourned meeting, and otherwise given in accordance with Condition 14(c) (*Procedures for convening meetings*) shall be given to the Holders in the manner provided in Condition 16

(*Notices*) (which notice may be given at the same time as the notice convening the original meeting).

- (ii) If within 15 minutes (or a longer period not exceeding 30 minutes as the Chairperson may decide) after the time appointed for any adjourned meeting a quorum is not present for the transaction of any particular business, then, subject and without prejudice to the transaction of the business (if any) for which a quorum is present, the Chairperson may either dissolve the meeting or adjourn it for a period, being
 - A. for any matter other than to vote on an Extraordinary Resolution, not less than 14 clear days (but without any maximum number of clear days); or
 - B. for any matter requiring approval by an Extraordinary Resolution, not less than 14 clear days nor more than 42 clear days,

and in either case to a place as may be appointed by the Chairperson (either at or after the adjourned meeting) and approved by the Issuer, and the provisions of this sentence shall apply to all further adjourned meetings.

- (iii) At any adjourned meeting one or more Eligible Persons present (whatever the principal amount of the Covered Bonds for the time being outstanding so held or represented by them) shall (subject as provided below) form a quorum and shall (subject as provided below) have power to pass any Extraordinary Resolution or other resolution and to decide upon all matters which could properly have been dealt with at the meeting from which the adjournment took place had the required quorum been present, provided that at any adjourned meeting the business of which includes any of the matters specified in the provision to Condition 14(e)(iii) (*Quorums —Enhanced Quorum*) the quorum shall be one or more Eligible Persons present and holding or representing in the aggregate not less than one-third in principal amount of the Covered Bonds for the time being outstanding.

- (ii) At any meeting, unless a poll is (before or on the declaration of the result of the show of hands) demanded by the Chairperson or the Issuer or by any Eligible Person present (whatever the principal amount of the Covered Bonds held by him), a declaration by the Chairperson that a resolution has been carried by a particular majority or lost or not carried by a particular majority shall be conclusive evidence of the fact without proof of the number or proportion of the votes recorded in favour of or against the resolution.
- (iii) Subject to Condition 14(h)(ii) if at any meeting a poll is demanded, it shall be taken in the manner and, subject as provided below, either at once or after an adjournment as the Chairperson may direct and the result of the poll shall be deemed to be the resolution of the meeting at which the poll was demanded as of the date of the taking of the poll. The demand for a poll shall not prevent the continuance of the meeting for the transaction of any business other than the motion on which the poll has been demanded.
- (iv) The Chairperson may, with the consent of (and shall if directed by) any meeting, adjourn the meeting from time to time and from place to place. No business shall be transacted at any adjourned meeting except business, which might lawfully (but for lack of required quorum) have been transacted at the meeting from which the adjournment took place.

Notice of the result of any resolution duly considered by the Holders shall be published in accordance with Condition 16 (*Notices*) by the Issuer within 14 days of the result being known provided that non-publication shall not invalidate the resolution.
- (ii) The expression "**Extraordinary Resolution**" when used in this Condition 14 means (i) a resolution passed at a meeting of the Holders duly convened and held in accordance with the provisions of this Condition 17 by a majority consisting

- (v) The agreement or approval of the Holders shall not be required in the case of any amendments determined pursuant to Condition 7 (*Benchmark Discontinuation*).

(j) *Miscellaneous*

- (i) Minutes of all resolutions and proceedings at every meeting shall be made and duly entered in books to be from time to time provided for that purpose by the Issuer and any minutes signed by the Chairperson of the meeting at which any resolution was passed or proceedings had transpired shall be conclusive evidence of the matters contained in them and, until the contrary is proved, every meeting in respect of the proceedings of which minutes have been made shall be deemed to have been duly held and convened and all resolutions passed or proceedings had transpired at the meeting to have been duly passed or had.

GREEN, SOCIAL AND SUSTAINABILITY SECURITIES

"Eligible Green Business Lines" means loans and/or investments ("assets") falling under the eligible green categories and aligned with the eligibility criteria as described in the Sustainable Development Goals Bond Framework. Eligible Green Business Lines will have clear environmental benefits, be linked to the EU environmental objectives and selected UN SDGs.

"Eligible Social Business Lines" means loans and/or investments ("assets") falling under the eligible social categories and aligned with the eligibility criteria as described in the Sustainable Development Goals Bond Framework. Eligible Social Business Lines will have clear social benefits, be linked to targeted social objectives and selected UN SDGs.

"ICMA" means the International Capital Markets Association.

"Sustainable Development Goals Bond Framework" means the latest sustainable development goals bond framework published by ABANCA for the purposes of issuing Green, Social or Sustainability Securities, available for viewing on its website (including as amended, supplemented, restated or otherwise updated on such website from time to time).

"UN SDGs" means the sustainable development goals adopted by the United Nations in 2015.

The Sustainable Development Goals Bond Framework

The Sustainable Development Goals Bond Framework is available on the Issuer's website (<https://www.abancacorporacionbancaria.com/files/documents/sdg-bond-framework-oct-2022-es.pdf>).

The current Sustainable Development Goals Bond Framework of ABANCA dated October 2022 has been developed in line with ICMA's 2021 Green Bond Principles, the 2021 Social Bond Principles and the 2021 Sustainability Bond Guidelines and their four common core components: (i) use of proceeds; (ii) process for project evaluation and selection; (iii) management of proceeds; and (iv) reporting.

(i) *Use of proceeds*

ABANCA considers an asset aligned with the Sustainable Development Goals Bond Framework, when it is eligible (that is, it falls within an existing EU Taxonomy typology), complies with the relevant screening criteria and fulfils the required “do not significant harm” assessment. ABANCA will focus on the following eligible business lines, and will update the Sustainable Development Goals Bond Framework as new ones are considered and technically implemented:

- Renewable energy: electricity generation loans/investments to finance the acquisition, construction, operation, maintenance and repowering of renewable energy production facilities from the following sources: solar (photovoltaic or concentrated solar power (CSP)) and wind (inland or offshore floating platforms).
- Green adaptation Building/Efficient Housing: facilities granted to finance acquisition of new or previously owned efficient buildings or housing solutions, and refurbishments, modifications, or any other intervention which results in an efficient building of housing solution (buildings that have obtained or will obtain through the granted finance an Energy Performance Certificate –EPC “A”).

Proceeds under ABANCA’s Sustainable Development Goals Bond Framework will not be used to finance activity sectors such as, but not limited to, coal mining, fossil fuel extraction, tobacco, gambling, etc.

Although there are no eligible social business lines in the Sustainable Development Goals Bond Framework at present, the Sustainable Development Goals Bond Framework will be updated as new lines are considered and may be available in the future.

(ii) *Process for project evaluation and selection*

ABANCA has implemented a labelling system which, at the business unit level, applies the corresponding label to each financing operation of the defined type, in a process which is triggered at the time of origination of the transaction. This label must be validated by the risk committee at the appropriate level.

The Sustainability Workgroup meets on a weekly basis and comprises members from Risk Control and Governance, Sustainability, Credit, Capital Markets, IT and Data units.

The Social Responsibility and Sustainability Committee, after proposal and review by the Sustainability Workgroup, will be responsible for the following tasks:

- Assess and validate the classification of eligible assets after prior allocation by the relevant business units, in accordance with the eligibility criteria.
- Monitor the classification of eligible assets in order to replace as soon as reasonably possible any social or green project should it no longer meet the eligibility criteria.
- Monitor the evolution of the sustainable finance market to continuously align ABANCA's Sustainable Development Goals Bond Framework with best market practices.

(iii) *Management of proceeds*

ABANCA's Treasury team will be in charge of managing the net proceeds from the instruments issued under the Sustainable Development Goals Bond Framework. The net proceeds will be deposited on ABANCA's general treasury and an amount equivalent to each issued instrument will be associated with the pool of eligible assets. The pool of eligible assets will be the sum of projects effectively identified by ABANCA's ESG labelling system. An internal monitoring system shall be put in place to ensure that the total amount of eligible green and social assets exceeds at all times the total amount of funds raised under each sustainable financing instrument. ABANCA will monitor the balance and composition of each register on an annual basis.

In case of insufficient eligible assets, ABANCA will invest the balance of the unallocated proceeds when possible and economically efficient, in cash or cash equivalent instruments according to its treasury management policy.

(iv) *Reporting*

On an annual basis, until full allocation, ABANCA will publish an allocation and impact reporting and will appoint an external independent auditor to provide assurance on the allocation of the net proceeds in line with the eligibility criteria set out in its Sustainable Development Goals Bond Framework. Such reports will be available on ABANCA's website (<https://www.abancacorporacionbancaria.com/es/rss/#informes>).

The Second Party Opinion

The Issuer appointed Sustainalytics (an independent ESG and corporate governance research, ratings and analytics firm whose legal name is Sustainalytics SARL and with registered address at 52, rue de la Victorie, 75009 Paris, France) to provide an independent second party opinion (the "**Second Party Opinion**") on the Sustainable Development Goals Bond Framework. The Second Party Opinion has confirmed the alignment of the Sustainable Development Goals Bond Framework with ICMA's 2021 Green Bond Principles. The Second Party Opinion is available on the Issuer's website (<https://www.abancacorporacionbancaria.com/files/documents/sdg-bond-external-verification-2022-es.pdf>).

The criteria and/or considerations that formed the basis of the Second Party Opinion may change at any time and the Second Party Opinion may be amended, updated, supplemented, replaced and/or withdrawn.

Prior to any investment in Green, Social or Sustainability Securities, investors are advised to consult the Sustainable Development Goals Bond Framework of the Issuer for further information. Furthermore, investors should have regard to the factors described under the section headed "*Important Notices - Securities issued as Green/Sustainability/Social Securities*" and the risk factor "*Risk Factors of the Securities - Risks related to the Securities generally - Green, Social or Sustainability Securities may not meet investor expectations or requirements*". The Sustainable Development Goals Bond Framework and the Second Party Opinion are subject to review and change and may be amended, updated, supplemented, replaced or withdrawn from time to time and therefore any subsequent version(s) may differ from any description given in this Base Prospectus (or may not exist). Potential investors in Securities issued as Green, Social or Sustainability Securities should access the latest version of the relevant document on the Issuer's website.

For the avoidance of doubt, neither the Sustainable Development Goals Bond Framework of the Issuer nor the Second Party Opinion, nor any other reports, opinions or contents of any of the above websites are, nor shall either of them be deemed to be, incorporated in, and/or form part of, this Base Prospectus.

ADDITIONAL INFORMATION ON THE COVERED BONDS

The following is a brief summary of certain features of the Covered Bonds according to Spanish legislation and regulations. It does not purport to be, and is not, a complete description of all aspects of the Spanish legislative and regulatory framework for Covered Bonds. Please also refer to "Risk Factors – Risks related to the Covered Bonds". Prospective purchasers of Covered Bonds should consult their own advisers as to the legal regime applicable to the Covered Bonds.

Introduction

The Covered Bonds will be issued in accordance with Royal Decree-Law 24/2021.

The Covered Bonds will be considered European covered bonds (premium) (*bono garantizado europeo (premium)*) pursuant to Article 4.3 of Royal Decree-Law 24/2021.

In accordance with Article 6 of Royal Decree-Law 24/2021, without prejudice to the Issuer's obligation to effect all the payments in respect of the Covered Bonds, the principal and interest of the Covered Bonds will be specially guaranteed by a preferential right over the assets that make up the Cover Pool, including any present and future amounts received in respect of such assets, as well as over the collateral received in connection with positions in derivative instruments, if applicable, and any rights derived from insurance against damages, as identified in the corresponding special registry to be maintained by the Issuer.

The Covered Bond Programme

The issue of Covered Bonds by the Issuer requires the prior authorisation of the Bank of Spain in accordance with Royal Decree-Law 24/2021.

On 4 July 2022, the Bank of Spain authorised the Covered Bond Programme of the Issuer for the issuance of Covered Bonds with effect from 8 July 2022, for an amount of €2,990 million and for a term of 3 years. On 30 May 2024, the Bank of Spain authorised the increase of the size of the Covered Bond Programme of the Issuer up to an aggregate amount of €8,200 million. The Covered Bonds issued under the Programme will form part of the Covered Bond Programme and will be collateralised by the Cover Pool.

The information contained in this Base Prospectus relating to the issuance of Covered Bonds is compatible and do not contradict the terms of the Covered Bond Programme authorised by the Bank of Spain.

The Issuer will only issue Covered Bonds to the extent the Covered Bond Programme authorised by the Bank of Spain is in force. The Issuer is currently in the process of updating its Covered Bond Programme and obtaining the relevant authorisation from the Bank of Spain. If there is any change on the terms and conditions of the Covered Bonds in the context of the update of the Covered Bond Programme the Issuer may need to supplement the Base Prospectus.

The Cover Pool

The Covered Bonds will be specially guaranteed by the assets of the Cover Pool of the Covered Bond Programme of the Issuer for the issuance of mortgage covered bonds.

In accordance with Articles 10 and 23 of Royal Decree-Law 24/2021, Covered Bonds will be guaranteed by the eligible primary assets listed in letters d) and f) of Article 129.1 of the CRR which form part of the Cover Pool, eligible replacement assets, the liquid assets that make up the liquidity buffer of the Cover Pool and the economic flows generated by the derivative financial instruments linked to each issue.

Eligible primary assets

Eligible primary assets include, among others, (i) loans secured by residential property up to the lesser of the principal amount of the liens that are combined with any prior liens, and 80% of the value of the mortgaged properties; or (ii) loans secured by commercial immovable property up to the lesser of the principal amount of the liens that are combined with any prior liens, and 60% of the value of the mortgaged properties.

The mortgaged property shall be insured against damage for at least the appraisal value and the credit claim linked to the insurance shall be included in the special register of the Covered Bond Programme.

At the time of its incorporation into the cover pool, the loan secured by real estate mortgage may not exceed 60% of the appraisal value of the mortgaged property. In the case of residential real estate, the loan may reach 80% of the appraisal value. The term of amortisation of the guaranteed loan, when it finances the acquisition, construction or rehabilitation of the habitual residence, may not exceed 30 years. If, as a consequence of the amortisation of a loan initially ineligible for exceeding the indicated limits, the corresponding thresholds are reached, the loan with mortgage guarantee could be eligible as a collateral asset from that moment onwards.

When, due to depreciation of the collateral, at any time after its incorporation in the cover pool, the loan exceeds the limits set forth in the preceding paragraph, such loan shall be computed up to the limit indicated therein for the purposes of the coverage requirement set forth in Article 10.5 of Royal Decree-Law 24/2021.

Eligible replacement assets

The Covered Bonds may be backed up to a limit of 10% of the principal amount by the following replacement assets:

- (i) fixed income securities admitted to trading on regulated markets issued by the counterparties referred to in letters a) and b) of Article 129.1 of CRR; and/or
- (ii) short-term deposits in credit institutions that comply with the provisions of Article 129.1(c) of CRR and the limits so provided.

If, due to the amortisation of the loans comprising the cover pool, the replacement assets exceed the applicable limits, the Issuer may choose to acquire its own Covered Bonds until the ratio is restored or replace them with other assets that meet the required conditions.

Overcollateralisation

In accordance with the first paragraph of Article 129.3a of CRR, the Covered Bonds must have a minimum level of 5% of overcollateralisation (the "**Legal Overcollateralisation**"). In addition to the Legal Overcollateralisation, the Issuer may at any time during the life of the Covered Bond Programme,

at its own discretion, assume the obligation to maintain a level of collateralisation higher than the Legal Overcollateralisation.

As of 31 March 2025, the level of overcollateralisation of the Cover Pool was 118.6%. As of the date of this Base Prospectus, the Issuer has not assumed any contractual level of collateralisation above the Legal Overcollateralisation requirement. However, the Issuer intends to maintain a voluntary level of collateralisation above the Legal Overcollateralisation requirement in order to achieve the best possible rating for the Covered Bonds. In any case, such level of overcollateralisation may vary from time to time and the Bank only commits to maintain the Legal Overcollateralisation and, if any, the contractual level of collateralisation assumed from time to time.

The overcollateralisation level shall be disclosed in the periodic information the Issuer is obliged to provide pursuant to Article 19 of Royal Decree-Law 24/2021.

Liquidity buffer

The liquidity buffer of the Cover Pool shall be sufficient to cover the net liquidity outflow of the Covered Bond Programme during the following 180 days. As of the date of this Base Prospectus, the Issuer has not approved any policy for the maintenance of a voluntary liquidity buffer above the buffer set forth in Article 11 of Royal Decree-Law 24/2021.

Cover Pool Monitor

Beka Finance, S.V., S.A. was appointed by the Issuer on 29 April 2022 as Cover Pool Monitor of the Covered Bond Programme of the Issuer for a minimum term of three years, which expires on 8 July 2025. The appointment of Beka Finance, S.V., S.A. as Cover Pool Monitor is expected to be renewed.

Reporting requirements

The Issuer will publish information regarding the Cover Pool on its website (<https://www.abancacorporacionbancaria.com/es/inversores/informacion-financiera/>) on a quarterly basis. The Cover Pool information will not be updated between quarterly reports and, therefore, the reports relating to the Cover Pool may not be a true image of the relevant information for the Cover Pool on any date other than the date of the report.

Insolvency and resolution

Pursuant to Article 40.2 of Royal Decree-Law 24/2021, neither the insolvency (*concurso*) of the Issuer nor the Issuer being subject to any resolution procedure shall:

- (i) cause the automatic early termination of the payment obligations under the Covered Bonds or otherwise affect the Issuer's obligation to fulfil any of its obligations under the Covered Bonds (without prejudice to the provisions of Article 42.2 of Law 11/2015);
- (ii) entitle the Holders to require the Issuer to redeem the Covered Bonds prior to the Maturity Date or the Extended Maturity Date, as applicable;
- (iii) result in the suspension of accrual of interest on the Covered Bonds; nor
- (iv) result in the termination or early redemption of the derivative contracts included in the Cover Pool.

According to Article 41 of Royal Decree-Law 24/2021, upon insolvency (*concurso*) or resolution of the Issuer, the Special Cover Pool Administrator will be appointed by the competent court after consultation with the Bank of Spain from among persons nominated by the FROB (in the event of insolvency (*concurso*) of the Issuer) or directly by the FROB in consultation with the Bank of Spain (in the event of resolution of the Issuer). The Special Cover Pool Administrator will preserve the rights and interests of the Holders and will oversee the management (in the event of resolution of the Issuer) or will manage (in the event of insolvency (*concurso*) of the Issuer) the Covered Bond Programme of the Issuer.

In addition, pursuant to Article 43 of Royal Decree-Law 24/2021, upon insolvency (*concurso*) of the Issuer, the assets of the Cover Pool registered in the special register maintained by the Issuer will be materially segregated from the Issuer's assets and will form a separate estate without legal personality, which will be represented by the Special Cover Pool Administrator.

The segregation described above implies that the assets forming part of the Cover Pool:

- (i) do not form part of the Issuer's insolvency estate (*masa del concurso*) until the claims of the Holders and the relevant derivative counterparties and the expenses related to the maintenance and management of the separate estate (and, if applicable, to its liquidation) are satisfied.
- (ii) are protected against the rights of third parties and therefore cannot be rescinded by application of the reinstatement actions provided for in the insolvency legislation, except as provided in Article 42.2 of Royal Decree-Law 24/2021.

The Special Cover Pool Administrator shall determine that the assets in the Cover Pool registered in the special register maintained by the Issuer, together with any corresponding liabilities, will be transferred to form separate estate from the Issuer without legal personality.

Once any such asset transfer has been made, if the total value of the assets included in the Cover Pool exceeds the total value of the liabilities plus the legal, contractual or voluntary overcollateralisation and liquidity requirements, the Special Cover Pool Administrator may decide whether to continue with the management of those assets as separate estate without personality until their maturity or to make a total or partial assignment of such assets to another entity that is an issuer of covered bonds. Any such total or partial assignment will constitute a new covered bond programme for such entity, which will require the authorisation provided for in Article 34 of Royal Decree-Law 24/2021. The Special Cover Pool Administrator may determine that it is in the best interests of holders of Covered Bonds for the assets included in the Cover Pool to be sold. This could result in holders of Covered Bonds receiving payment according to a different payment schedule than that contemplated by the terms of the Covered Bonds or the holders of Covered Bonds not receiving payment in full.

If the total value of the assets is less than the total value of the liabilities plus the legal, contractual or voluntary overcollateralisation and the liquidity requirement, the Special Cover Pool Administrator will request the liquidation of the separate estate following the ordinary bankruptcy procedure in accordance with the provisions of Article 46 of Royal Decree-Law 24/2021.

In the event that the privileged claim of holders of Covered Bonds cannot be fully settled against the Cover Pool, holders of Covered Bonds will have a claim against the Issuer with the same priority as the other claims of the unsecured creditors. If, once the claims of holders of Covered Bonds have been fully settled against the Cover Pool, there is any remainder, it will revert to the insolvency estate of the Issuer.

Maturity extension

As of the date of this Base Prospectus and in accordance with the Covered Bond Programme of the Issuer for the issuance of Covered Bonds authorised by the Bank of Spain, the Issuer or the Special Cover Pool Administrator (as applicable) may extend the Maturity Date subject to the prior permission of the Bank of Spain and only in any of the circumstances contemplated in Article 15.2 of Royal Decree-Law 24/2021, namely (i) the existence of a clear risk (*riesgo cierto*) of default of the Covered Bonds due to liquidity issues in respect of the Cover Pool or the Issuer (such risk of default would exist in the event of a breach of the liquidity buffer set forth in Article 11 of Royal Decree-Law 24/2021 or when the Bank of Spain undertakes any of the measures contemplated in Article 68 of Law 10/2014 (except for the measure set out in the second paragraph of letter (j) of such Article 68)); (ii) the insolvency (*concurso*) or resolution of the Issuer; (iii) a declaration of nonviability of the Issuer in accordance with Article 8 of Law 11/2015; and (iv) the existence of serious disturbances affecting national financial markets, where this has been determined by the Macroprudential Authority Financial Stability Board (AMCESFI) by means of a communication in the form of a warning or recommendation, which is not confidential.

In the event of insolvency (*concurso*) or resolution of the Issuer, the extension of maturity shall not affect the priority of Holders' claims nor reverse the original maturity schedule sequence of the Covered Bonds in respect of the Cover Pool.

Any redemption of the Covered Bonds after the Maturity Date will require the prior permission of the Bank of Spain.

TAXATION

The tax laws of the investor's Member State and of the issuer's Member State of incorporation might have an impact on the income received from the Securities. Prospective purchasers of Securities should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Securities and receiving payments of interest, principal and/or other amounts under the Securities and the consequences of such actions under the tax laws of those countries.

The following is a general description of certain Spanish tax considerations relating to the Securities. It does not purport to be a complete analysis of all tax considerations relating to the Securities, whether in those countries or elsewhere. Prospective purchasers of Securities should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Securities and receiving payments of interest, principal and/or other amounts under the Securities and the consequences of such actions under the tax laws of those countries. This summary is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date.

SPANISH TAX CONSIDERATIONS

The following summary describes the main Spanish tax implications arising in connection with the acquisition and holding of the Securities by individuals or entities who are the beneficial owners of the Securities. The information provided below does not purport to be a complete analysis of the tax law and practice currently applicable in Spain, and it is not intended to be, nor should it be construed to be, legal or tax advice, and does not address all the tax consequences applicable to all categories of investors, some of which (such as look through entities or Holders by reason of employment) may be subject to special rules.

All the tax consequences described in this section are based on the general assumption that the Securities are initially registered for clearance and settlement in Iberclear.

Prospective purchasers of the Securities should consult their own tax advisers as to the tax consequences, including those under the tax laws of the country of which they are resident, of purchasing, owning and disposing of the Securities.

This information has been prepared in accordance with the following Spanish tax legislation in force at the date of this Base Prospectus:

- (a) of general application, Additional Provision One of Law 10/2014, as well as Royal Decree 1065/2007, of 27 July, approving the General Regulations of the tax inspection and management procedures and developing the common rules of the procedures to apply taxes, as amended by Royal Decree 1145/2011 of 29 July ("**Royal Decree 1065/2007**");
- (b) for individuals resident for tax purposes in Spain who are personal income tax ("**PIT**") taxpayers, Law 35/2006, of 28 November, on the PIT and on the partial amendment of Law 27/2014, of 27 November, governing the Corporate Income Tax ("**CIT Law**"), Non-Resident Income Tax Law and Net Wealth Tax Law, as amended (the "**PIT Law**"), and Royal Decree 439/2007, of 30 March, approving the PIT Regulations, as amended (the "**PIT Regulations**") by Royal Decree 633/2015, of 10 July, along with Law 19/1991, of 6 June, on Net Wealth Tax,

as amended, and Law 29/1987, of 18 December, on Inheritance and Gift Tax, as amended and Law 38/2022, for the establishment of temporary levies on energy and on financial credit institutions and introducing a temporary solidarity tax on large fortunes;

- (c) for legal entities resident for tax purposes in Spain which are Corporate Income Tax ("CIT") taxpayers, the CIT Law, and Royal Decree 634/2015, of 10 July, promulgating the CIT Regulations, as amended (the "**CIT Regulations**"); and
- (d) for individuals and entities who are not resident for tax purposes in Spain which are Non-Resident Income Tax ("**NRIT**") taxpayers, Royal Legislative Decree 5/2004, of 5 March, promulgating the Consolidated Text of the NRIT Law, as amended ("**NRIT Law**") and Royal Decree 1776/2004, of 30 July, promulgating the NRIT Regulations, as amended ("**NRIT Regulations**") along with Law 19/1991, of 6 June, on Net Wealth Tax as amended and Law 29/1987, of 18 December, on Inheritance and Gift Tax, as amended and Law 38/2022, for the establishment of temporary levies on energy and on financial credit institutions and introducing a temporary solidarity tax on large fortunes.

Tax treatment of the Securities

ABANCA understands that the Securities should be deemed as financial assets with an explicit yield for Spanish tax purposes, according to Article 91 of the PIT Regulations and Article 63 of the CIT Regulations.

Indirect taxation

Whatever the nature and residence of the Holder, the acquisition and transfer of Securities will be exempt from indirect taxes in Spain, according to Article 338 of the Securities Market Law, approved by Law 6/2023, of 17 March, i.e., exempt from Value Added Tax and Transfer Tax and Stamp Duty, in accordance with Law 37/1992, dated 28 December 1992 and Royal Legislative Decree 1/1993, dated 24 September 1993, respectively.

Direct taxation

- (a) Individuals with tax residency in Spain

Personal Income Tax (Impuesto sobre la Renta de las Personas Físicas)

Both interest periodically received and income derived from the transfer, redemption or repayment of the Securities constitute a return on investment obtained from the transfer of own capital to third parties in accordance with the provisions of Section 25.2 of the PIT Law, and must be included in each investor's savings income and taxed at the tax progressive rates applicable from time to time, currently 19% for taxable income up to €6,000.00; 21% for taxable income between €6,000.01 and €50,000.00; 23% for taxable income between €50,000.01 and €200,000.00; 27% for taxable income between €200,000.01 and €300,000.00 and 30% for taxable income in excess of €300,000.00.

Income from the transfer of the Securities is computed as the difference between their transfer, redemption or reimbursement value and their acquisition or subscription value. Also, ancillary acquisition and disposal charges effectively borne by the Holder are taken into account, insofar as adequately evidenced, in calculating the income.

Negative income derived from the transfer of the Securities, in the event that the investor had acquired other homogeneous securities within the two months prior or subsequent to such transfer or exchange, shall be included in his or her PIT base as and when the remaining homogeneous securities are transferred.

When calculating the net income, expenses related to the management and deposit of the Securities will be deductible, excluding those pertaining to discretionary or individual portfolio management.

A (current) 19% withholding on account of PIT will be imposed by ABANCA on interest payments as well as on income derived from the redemption or repayment of the Securities, by individual investors subject to PIT.

However, income derived from the transfer of the Securities should not be subject to withholding on account of PIT provided that the Securities are:

- (i) registered by way of book entries; and
- (ii) negotiated in a Spanish official secondary market (*mercado secundario oficial*), such as AIAF.

Notwithstanding the above, 19% withholding tax shall apply on the part of the transfer price that corresponds to the accrued interest when the transfer of the Securities takes place within the 30-day period prior to the moment in which such interest is due when the following requirements are fulfilled:

- (i) the acquirer would be a non-resident or a CIT taxpayer; and
- (ii) the explicit yield derived from the Securities being transferred is exempt from withholding tax.

In any event, the individual holder may credit the withholding tax applied by ABANCA against his or her final PIT liability for the relevant tax year.

Reporting Obligations

ABANCA will comply with the reporting obligations set forth in the Spanish tax laws with respect to beneficial owners of the Securities that are individuals resident in Spain for tax purposes.

Net Wealth Tax (Impuesto sobre el Patrimonio) and Solidarity Tax (Impuesto Temporal de Solidaridad de las Grandes Fortunas)

According to Net Wealth Tax regulations (subject to any exceptions provided under relevant legislation in each autonomous region (*Comunidad Autónoma*)), individuals with tax residency in Spain would be subject to Net Wealth Tax to the extent that their net worth exceeds €700,000 (subject to any exceptions provided under relevant legislation in an autonomous region (*Comunidad Autónoma*) where the taxpayer is tax resident). Therefore, they should take into account the value of the Securities which they hold as of 31 December in each year, the applicable rates ranging between 0.2% and 3.75% although the final tax rates may vary depending on any applicable regional tax laws, and some reductions may apply.

Notwithstanding the above, the so-called "solidarity tax" was approved in December 2022 and, although it was introduced as a two-year complementary wealth tax, in December 2023, it was extended indefinitely (until the current regional financing regime is reviewed) by the fifteenth additional provision of the Royal Decree-Law 8/2023, 27 December 2023. In general terms, applies, under certain conditions, to those tax resident individuals in an autonomous region where the Net Wealth Tax is partially or fully exempt (such as Madrid or Andalusia). The amount payable for this tax could be reduced by the amount paid for Net Wealth Tax.

The rates of the "solidarity tax" are:

Taxable base up to (Euros)	Tax due (Euros)	Rest of taxable base (Euros)	Rate
0.00	0.00	3,000,000.00	0%
3,000,000.00	0.00	2,347,998.03	1.7%
5,347,998.03	39,915,97	5,347,998.03	2.1%
10,695,996.06	152,223,93	Any excess	3.5%

Notwithstanding the above, note that this regulation lays down a minimum exempt amount of €700,000 which means that its effective impact, in general, will occur when the net wealth, not tax exempt, is greater than €3.7 million.

Note that this tax information is applicable in the Spanish common territory, without prejudice to the regional tax regimes of Concert and Economic Agreement in force, respectively, in the historical territories of the Basque Country and in the Foral Community of Navarra, or those other exceptional ones that may be applicable by the specific characteristics of the relevant Holders.

Prospective Holders are advised to seek their own professional advice in this regard.

Inheritance and Gift Tax (Impuesto sobre Sucesiones y Donaciones)

Individuals with tax residency in Spain who acquire ownership or other rights over any Securities by inheritance, gift or legacy will be subject to inheritance and gift tax in accordance with the applicable Spanish regional or state rules. The applicable rates range between 7.65% and 34%. Relevant factors applied (such as previous net wealth or family relationship among transferor and transferee) determine the final effective tax rate that ranges, as of the date of this Base Prospectus, between 0% (full exemption) and 81.6%.

(b) Spanish tax resident legal entities

Corporate Income Tax (Impuesto sobre Sociedades)

Both interest periodically received and income derived from the transfer, redemption or repayment of the Securities are subject to CIT at the current general flat tax rate of 25%.

However, this general rate will not be applicable to all CIT taxpayers and, for instance, it will not apply to banking institutions (which will be taxed at the rate of 30%). Special rates apply in respect of certain types of entities (such as qualifying collective investment undertakings),

newly created entities (taxed at the rate of 15% for the first tax period in which the taxable base is positive and for the following period), and entities whose turnover is below a certain threshold (taxed at a rate between 17% and 20%).

No withholding on account of CIT will be imposed on interest payments or on income derived from the redemption or repayment of the Securities, by Spanish CIT taxpayers provided that certain requirements are met (including that the Iberclear participating entities (the "**Iberclear Members**") that have the Securities registered in their securities account on behalf of third parties, as well as the entities that manage the clearing systems located outside Spain that have an agreement with Iberclear, provide ABANCA, in a timely manner, with a duly executed and completed Payment Statement, as defined below). See "*— Compliance with Certain Requirements in Connection with Income Payments*".

With regard to income derived from the transfer of the Securities, in accordance with Article 61.q of the CIT Regulations, there is no obligation to withhold on income derived from the Securities obtained by Spanish CIT taxpayers (which include Spanish tax resident investment funds and Spanish tax resident pension funds) provided that the Securities are:

- (i) registered by way of book entries; and
- (ii) negotiated in a Spanish official secondary market, such as AIAF.

Reporting Obligations

ABANCA will comply with the reporting obligations set forth in the Spanish tax laws with respect to beneficial owners of the Securities that are legal persons or entities resident in Spain for tax purposes.

Net Wealth Tax (Impuesto sobre el Patrimonio) and Solidarity Tax (Impuesto Temporal de Solidaridad de las Grandes Fortunas)

Legal entities resident in Spain for tax purposes that acquire ownership or other rights over the Securities are neither subject to Spanish Net Wealth Tax nor to Spanish Solidarity Tax.

Inheritance and Gift Tax (Impuesto sobre Sucesiones y Donaciones)

Legal entities resident in Spain for tax purposes that acquire ownership or other rights over the Securities by inheritance, gift or legacy are not subject to the Inheritance and Gift Tax but generally must include the market value of the Securities in their taxable income for CIT purposes.

- (c) Individuals and legal entities that are not tax resident in Spain
 - (i) Investors that are not resident in Spain for tax purposes, acting in respect of the Securities through a permanent establishment in Spain

Non-resident Income Tax (Impuesto sobre la Renta de no Residentes)

If the Securities form part of the assets affected to a permanent establishment in Spain of a person or legal entity that is not resident in Spain for tax purposes, the tax rules applicable to income deriving from such Securities are, generally, the same as those set

forth above for Spanish CIT taxpayers. See "*Spanish tax resident legal entities—Corporate Income Tax (Impuesto sobre Sociedades)*".

Ownership of the Securities by investors who are not resident in Spain for tax purposes will not in itself create the existence of a permanent establishment in Spain.

Reporting Obligations

ABANCA will comply with the reporting obligations set forth under Spanish tax laws with respect to beneficial owners of the Securities that are individuals or legal entities not resident in Spain for tax purposes and that act with respect to the Securities through a permanent establishment in Spain.

- (ii) Investors that are not resident in Spain for tax purposes, not acting in respect of the Securities through a permanent establishment in Spain

Non-resident Income Tax (Impuesto sobre la Renta de no Residentes)

Both interest payments periodically received under the Securities and income derived from the transfer, redemption or repayment of the Securities, obtained by individuals or entities who are not resident in Spain for tax purposes and who do not act, with respect to the Securities, through a permanent establishment in Spain, are exempt from NRIT and therefore no withholding on account of NRIT will be levied on such income provided certain requirements are met.

In order to be eligible for the exemption from NRIT, certain requirements must be met (including that, in respect of interest payments from the Securities carried out by ABANCA, the Iberclear Members that have the Securities registered in their securities account on behalf of third parties, as well as the entities that manage the clearing systems located outside Spain that have an agreement with Iberclear, provide ABANCA, in a timely manner, with a duly executed and completed Payment Statement, as defined below), as set forth in Article 44 of Royal Decree 1065/2007. See "*Compliance with Certain Requirements in Connection with Income Payments*".

If the Iberclear Members fail or for any reason are unable to deliver a duly executed and completed Payment Statement to ABANCA in a timely manner in respect of a payment of interest under the Securities, ABANCA will withhold Spanish withholding tax at the applicable rate (currently 19%) on such payment of income on the Securities and ABANCA will not pay additional amounts with respect to any such withholding tax.

A beneficial owner who is not resident in Spain for tax purposes and entitled to exemption from NRIT, but to whom payment was not exempt from Spanish withholding tax due to a failure on the delivery of a duly executed and completed Payment Statement to ABANCA, will receive a refund of the amount withheld, with no need for action on the beneficial owner's part, if ABANCA receives a duly executed and completed Payment Statement no later than the tenth calendar day of the month immediately following the relevant payment date.

In addition, beneficial owners of the Securities may apply directly to the Spanish tax authorities for any refund to which they may be entitled, according to the procedures set forth in the NRIT Law and its regulations.

Net Wealth Tax (Impuesto sobre el Patrimonio) and Solidarity Tax (Impuesto Temporal de Solidaridad de las Grandes Fortunas)

According to Net Wealth Tax regulations, non-Spanish resident individuals will be subject to Net Wealth Tax in Spain for their properties and rights located in Spain or that can be exercised within the Spanish territory, which exceed €700,000 at the applicable rates ranging between 0.2% and 3.75%, although the final tax rates may vary depending on any applicable regional tax laws, and some reductions and /or reliefs may apply.

However, non-Spanish resident individuals will be exempt from Net Wealth Tax in respect of the Securities which income is exempt from NRIT as described above.

Individuals resident in a country with which Spain has entered into a double tax treaty in relation to the Net Wealth Tax would generally not be subject to such tax.

Individuals that are not resident in Spain for tax purposes may apply the rules approved by the autonomous region where the assets and rights with more value (i) are located, (ii) can be exercised or (iii) must be fulfilled.

Notwithstanding the above, the so-called "Solidarity Tax" was approved in December 2022 and, although it was introduced as a two-year complementary net wealth tax, in December 2023, it was extended indefinitely (until the current regional financing regime is reviewed) by the fifteenth additional provision of the Royal Decree-Law 8/2023, 27 December 2023. In general terms, under certain conditions, applies to those non-Spanish tax resident individuals whose properties and rights are located in Spain, or that can be exercised within the Spanish territory. The amount payable for this tax could be reduced by the amount paid for Net Wealth Tax.

The rates of the "Solidarity Tax" are:

Taxable base up to (Euros)	Tax due (Euros)	Rest of taxable base (Euros)	Rate
0.00	0.00	3,000,000.00	0%
3,000,000.00	0.00	2,347,998.03	1.7%
5,347,998.03	39,915.97	5,347,998.03	2.1%
10,695,996.06	152,223.93	Any excess	3.5%

Notwithstanding the above, note that the regulation lays down a minimum exempt amount of €700,000.00 which means that its effective impact, in general, will occur when the value of the properties and rights located in Spain, or that can be exercised within the Spanish territory, of the non-Spanish residents not tax exempt, is greater than €3,700,000.00.

Note that this tax information is applicable in the Spanish common territory, without prejudice to the regional tax regimes of Concert and Economic Agreement in force, respectively, in the historical territories of the Basque Country and in the Foral Community of Navarra, or those other exceptional ones that may be applicable by the specific characteristics of the relevant investors.

Prospective Holders are advised to seek their own professional advice in this regard.

Non-Spanish resident legal entities are neither subject to Net Wealth Tax nor to Solidarity Tax.

Inheritance and Gift Tax (Impuesto sobre Sucesiones y Donaciones)

Individuals who do not have tax residency in Spain who acquire ownership or other rights over the Securities by inheritance, gift or legacy, and who reside in a country with which Spain has entered into a double tax treaty in relation to inheritance and gift tax will be subject to the relevant double tax treaty.

If no treaty for the avoidance of double taxation in relation to Inheritance and Gift Tax applies, applicable Inheritance and Gift Tax rates would range between 7.65% and 81.6%, depending on relevant factors.

Generally, non-Spanish tax resident individuals are subject to Inheritance and Gift Tax according to the rules set forth in the Spanish state level or relevant autonomous region law. As such, prospective investors should consult their tax advisers.

Non-Spanish resident legal entities which acquire ownership or other rights over the Securities by inheritance, gift or legacy are not subject to inheritance and gift tax. They will be subject to NRIT. If the legal entity is resident in a country with which Spain has entered into a double tax treaty, the provisions of such treaty will apply. In general, double-tax treaties provide for the taxation of this type of income in the country of residence of the beneficiary.

(d) Compliance with certain requirements in connection with income payments

As described under "*Spanish tax resident legal entities—Corporate Income Tax (Impuesto sobre Sociedades)*", "*—Individuals and legal entities that are not tax resident in Spain*", provided that the conditions set forth in Law 10/2014 are met, income payments made by ABANCA in respect of the Securities for the benefit of Spanish CIT taxpayers, or for the benefit of non-Spanish tax resident investors will not be subject to Spanish withholding tax, provided that the Iberclear Members that have the Securities registered in their securities account on behalf of third parties, as well as the entities that manage the clearing systems located outside Spain that have an agreement with Iberclear, if applicable, provide ABANCA, in a timely manner, with a duly executed and completed statement (a "**Payment Statement**") (which is attached as Annex I), in accordance with section 4 of Article 44 of Royal Decree 1065/2007, containing the following information:

- (i) Identification of the Securities.
- (ii) Total amount of the income paid by ABANCA.

- (iii) Amount of the income corresponding to individual residents in Spain that are PIT taxpayers.
- (iv) Amount of the income that must be paid on a gross basis.

If the Iberclear Members fail or for any reason are unable to deliver a duly executed and completed Payment Statement to ABANCA in a timely manner in respect of a payment of income made by ABANCA under the Securities, such payment will be made net of Spanish withholding tax, currently at the rate of 19%. If this were to occur, affected beneficial owners will receive a refund of the amount withheld, with no need for action on their part, if the Iberclear Members submit a duly executed and completed Payment Statement to ABANCA no later than the tenth calendar day of the month immediately following the relevant payment date. In addition, beneficial owners may apply directly to the Spanish tax authorities for any refund to which they may be entitled, according to the procedures set forth in the Spanish NRIT Law.

Prospective investors should note that ABANCA does not accept any responsibility relating to the lack of delivery of a duly executed and completed Payment Statement by the Iberclear Members in connection with each payment of income under the Securities. Accordingly, ABANCA will not be liable for any damage or loss suffered by any beneficial owner who would otherwise be entitled to an exemption from Spanish withholding tax but whose income payments are nonetheless paid net of Spanish withholding tax because the Payment Statement was not duly delivered to ABANCA. Moreover, ABANCA will not pay any additional amounts with respect to any such withholding tax.

Set out below is Annex I. Sections in English have been translated from the original Spanish and such translations constitute direct and accurate translations of the Spanish language text. In the event of any discrepancy between the Spanish language version of the certificate contained in Annex I and the corresponding English translation, the Spanish tax authorities will give effect to the Spanish language version of the relevant certificate only.

The language of the Base Prospectus is English. Any foreign language text that is included with or within this document has been included for convenience purposes only and does not form part of this Base Prospectus.

THE PROPOSED FINANCIAL TRANSACTIONS TAX ("EU FTT")

On 14 February 2013, the European Commission published a proposal (the "**Commission's proposal**") for a Directive for a common EU FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**participating Member States**"). However, Estonia has since stated that it will not participate.

The Commission's proposal has very broad scope and could, if introduced, apply to certain dealings in the Securities (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 are expected to be exempt.

Under the Commission's proposal, EU FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Securities where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person

established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

In the Economic and Financial Affairs Council meeting of 17 June 2016, the EU FTT was discussed between the EU Member States. It was reiterated in this meeting that participating Member States envisage introducing an EU FTT by means of the so-called enhanced cooperation process.

The proposed Directive defines how the EU FTT would be implemented in participating Member States. It involves a minimum 0.1 per cent. tax rate for transactions in all types of financial instruments, except for derivatives that would be subject to a minimum 0.01 per cent. tax rate.

On 3 December 2018, the finance ministers of France and Germany outlined a joint proposal for a limited FTT based on a system already in place in France. Under the new proposal, the tax obligation would apply only to transactions involving shares issued by domestic companies with a market capitalisation of over €1 billion.

However, the Commission's proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU member states may decide to participate and participating Members States may withdraw.

Prospective holders of the Securities are advised to seek their own professional advice in relation to the EU FTT.

THE SPANISH FINANCIAL TRANSACTIONS TAX

The Spanish law which implements the Spanish financial tax (the "**Spanish FTT**") was approved on 7 October 2020 (the "**FTT Law**") and the FTT Law was published in the Spanish Official Gazette (*Boletín Oficial del Estado*) on 16 October 2020. The Spanish FTT came into force three months after the publication of the FTT Law in the Spanish Official Gazette (that is, on 16 January 2021).

Spanish FTT will charge a 0.2% rate on specific acquisitions of listed shares issued by Spanish companies whose market capitalization exceeds €1 billion, regardless of the jurisdiction of residence of the parties involved in the transaction. The taxpayer will be the financial traders that transfer or execute the purchase order and must submit an annual tax return.

The list of the Spanish companies with a market capitalisation exceeding €1 billion at 1 December of each year will be published on the Spanish tax authorities' website before 31 December each year. For the purposes of transactions closed during 2025, the Spanish tax authorities issued a list of entities whose market capitalisation exceeded €1 billion as of 1 December 2024, which will fall within the scope of the Spanish FTT.

In principle, the FTT does not affect transactions involving bonds or debt or similar instruments.

Prospective holders of the Securities are advised to seek their own professional advice in relation to the Spanish FTT.

FATCA

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "foreign financial institution" may be required to withhold on certain payments it makes ("foreign

passthru payments") to persons that fail to meet certain certification, reporting, or related requirements. The Issuer may be a foreign financial institution for these purposes. A number of jurisdictions (including the jurisdiction of the Issuer) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("**IGAs**"), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Securities, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Securities, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Securities, such withholding would not apply prior to the date that is two years after the publication of the final regulations defining "foreign passthru payment". Holders should consult their own tax advisers regarding how these rules may apply to their investment in the Securities. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Securities, no person will be required to pay additional amounts as a result of the withholding.

SUBSCRIPTION AND SALE

Securities may be sold from time to time by the Issuer to any one or more Dealers. The arrangements under which Securities may from time to time be agreed to be sold by the Issuer to, and subscribed by, dealers are set out in a programme agreement dated 10 June 2025 (the "**Programme Agreement**") and made between the Issuer and the Dealers. If in the case of any Tranche the method of distribution is an agreement between the Issuer and a single Dealer for that Tranche to be issued by the Issuer and subscribed by that Dealer, the method of distribution will be described in the relevant Final Terms as "Non-Syndicated" and the name of that Dealer and any other interest of that Dealer which is material to the issue of that Tranche beyond the fact of the appointment of that Dealer will be set out in the relevant Final Terms. If in the case of any Tranche the method of distribution is an agreement between the Issuer and more than one Dealer for that Tranche to be issued by the Issuer and subscribed by those Dealers, the method of distribution will be described in the relevant Final Terms as "Syndicated", the obligations of those Dealers to subscribe the relevant Securities will be joint and several and the names and addresses of those Dealers and any other interests of any of those Dealers which is material to the issue of that Tranche beyond the fact of the appointment of those Dealers (including whether any of those Dealers has also been appointed to act as Stabilisation Manager in relation to that Tranche) will be set out in the relevant Final Terms.

Any such agreement will, inter alia, make provision for the terms and conditions of the relevant Securities, the price at which such Securities will be subscribed by the Dealer(s) and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such subscription. The Programme Agreement makes provision for the resignation or termination of appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche. Each new Dealer so appointed will be required to acknowledge, represent, warrant and undertake to the following selling restrictions as part of its appointment.

The relevant Dealers will be entitled in certain circumstances to be released and discharged from their obligations in respect of a proposed issue of Securities under or pursuant to the Programme Agreement prior to the closing of the issue of such Securities, including in the event that certain conditions precedent are not delivered or met to their satisfaction on or before the issue date of such Securities. In this situation, the issuance of such Securities may not be completed. Investors will have no rights against the Issuer or the relevant Dealers in respect of any expense incurred or loss suffered in these circumstances.

SUMMARY OF CLEARANCE AND SETTLEMENT PROCEDURES

Below is a brief summary of the Spanish clearance and settlement procedures applicable to book-entry securities such as the Securities.

Iberclear

Iberclear is the Spanish central securities depository in charge of both the register of securities held in book-entry form, and the settlement of all trades from the Spanish Stock Exchanges, Latibex (the Latin American stock exchange denominated in Euro), the Book-Entry Public Debt Market, BME Growth, the Alternative Fixed Income Market (MARF) and AIAF. To achieve this, Iberclear uses the technical platforms named ARCO.

Iberclear is owned by Bolsas y Mercados Españoles, Sociedad Holding de Mercados y Sistemas Financieros, S.A. ("**BME**"), a holding company, which holds a 100 per cent. interest in each of the Spanish official secondary markets and settlement systems. The corporate address of Iberclear is Plaza de la Lealtad 1, 28014 Madrid, Spain.

The securities recording system of Iberclear is a two-tier registry: the keeping of the central record corresponds to Iberclear and the keeping of the detail records correspond to the participating entities (*entidades participantes*) in Iberclear.

Access to become a participating entity is restricted to (i) credit institutions, (ii) investment services companies which are authorised to render custody and administration of financial instruments, (iii) the Bank of Spain, (iv) the General Administration and the General Social Security Treasury, (v) other duly authorised central securities depositories and central clearing counterparties and (vi) other public institutions and private entities when expressly authorised to become a participating entity in central securities depositories.

The central registry managed by Iberclear reflects (i) one or several proprietary accounts which show the balances of the participating entities' proprietary accounts; (ii) one or several general third-party accounts that will show the overall balances that the participating entities hold for third parties; (iii) individual accounts opened in the name of the owner, either individual or legal person; and (iv) individual special accounts of financial intermediaries which use the optional procedure of settlement of orders. Each participating entity, in turn, maintains the detail records of the owners of the securities or the shares held in their general third-party accounts.

According to the above, Spanish law considers the owner of the securities to be:

- the participating entity appearing in the records of Iberclear as holding the relevant securities in its own name;
- the investor appearing in the records of the participating entity as holding the securities; or
- the investor appearing in the records of Iberclear as holding securities in a segregated individual account.

The settlement and book-entry registration platform managed by Iberclear, which operates under the trade name of ARCO, receives the settlement instructions and forwards them to the relevant participating entities involved in each transaction. ARCO operates under a T+2 settlement standard, by which any transactions must be settled within two business days following the date on which the transaction was completed.

To evidence title to securities, at the owner's request the relevant participating entity must issue a legitimization certificate (*certificado de legitimación*). If the owner is a participating entity or a person holding securities in a segregated individual account, Iberclear is in charge of the issuance of the certificate regarding the securities held in their name.

MARKET INFORMATION IN RELATION TO THE SECURITIES

Iberclear settlement of securities traded on AIAF

Iberclear and the participating entities (*entidades participantes*) in Iberclear have the function of keeping the book-entry register of securities traded on AIAF.

Securities traded on AIAF are fixed income securities, including corporate bonds (for example, medium term notes and mortgage bonds) and bonds issued by the Spanish Treasury and Spanish regions, among others, represented either in a dematerialised form or by certificates.

In the AIAF settlement system, transactions may be settled spot, forward (settlement date more than five days after the relevant trade date), with a repurchase agreement on a fixed date and double or simultaneous transactions (two trades in opposite directions with different settlement dates).

The settlement system used for securities admitted for trading on AIAF is the Model 1 delivery versus payment system, as per the classification of the Bank for International Settlements: that is, it is a "transaction-to-transaction" cash and securities settlement system with simultaneity in its finality.

Transactions are settled on the stock-exchange business day agreed by participants at the moment of the trade.

Euroclear and Clearstream

Investors who do not have, directly or indirectly through their custodians, a participating account with Iberclear may hold their investment in the Securities through bridge accounts maintained by each of Euroclear Bank SA/NV and Clearstream Banking, S.A. with participating entities in Iberclear.

Third party information

3. Information included in this Base Prospectus sourced from a third party has been accurately reproduced, and so far as ABANCA is aware and is able to ascertain from information published by such third party, no facts have been omitted which would render the reproduced information inaccurate or misleading.

Documents on Display

4. A copy of the Deed of Covenant may be inspected on ABANCA's corporate address for the 12 months from the date of this Base Prospectus.

Issue Price and Yield

5. Securities may be issued at any price. The issue price of each Tranche to be issued under the Programme will be determined by the Issuer and the relevant Dealer(s) at the time of issue in accordance with prevailing market conditions and the issue price of the relevant Securities or the method of determining the price and the process for its disclosure will be set out in the relevant Final Terms. In the case of different Tranches of a Series of Securities, the issue price may include accrued interest in respect of the period from the interest commencement date of the relevant Tranche (which may be the issue date of the first Tranche of the Series or, if interest payment dates have already passed, the most recent interest payment date in respect of the Series) to the issue date of the relevant Tranche.

The yield of each Tranche set out in the relevant Final Terms will be calculated as of the relevant issue date on an annual or semi-annual basis using the relevant issue price. It is not an indication of future yield.

Listing

6. Application may be made for Securities issued under the Programme to be listed on AIAF. Securities may be listed or admitted to trading, as the case may be, on other or further stock exchanges or markets (either Spanish, European or non-European, including regulated markets, multilateral trading facilities or any other organised markets) agreed between the Issuer and the relevant Dealers in relation to the Series. The relevant Final Terms will state on which stock exchanges and/or markets the relevant Securities are to be listed and/or admitted to trading. No unlisted Securities may be issued under the Programme.
7. The Issuer shall procure the admission to trading of the Securities issued under the Programme within a maximum period of 30 days from the issue date of the relevant issuance.

Paying agency

8. For Securities listed on AIAF, all payments under the Conditions of the Securities will be carried out directly by ABANCA through Iberclear. The corporate address of Iberclear is Plaza de la Lealtad 1, 28014 Madrid, Spain.

Stabilisation

9. In connection with the issue of any Tranche, the Dealer or Dealers (if any) named as the Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in the relevant Final Terms may over allot Securities or effect transactions with a view to supporting the market price of the Securities at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche and 60 days after the date of the allotment of the relevant Tranche. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or person(s) acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules.

Conflicts of Interest

10. Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for the Issuer and its affiliates in the ordinary course of business. Certain of the Dealers and their affiliates may have positions, deal or make markets in the Securities issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuer and its affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer and its affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer and its affiliates consistent with their customary risk management

policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Securities issued under the Programme. Any such positions could adversely affect future trading prices of Securities issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

In addition, the relevant Final Terms will contain information on the interests of natural and legal persons involved in the issuances.

Validity of prospectus and prospectus supplements

11. For the avoidance of doubt, the Issuer shall have no obligation to supplement this Base Prospectus after the end of its 12-month validity period.

Information on websites

12. Information contained on any website referred to in this Base Prospectus does not form part of this Base Prospectus and has not been scrutinised or approved by the CNMV.
