Guidelines on the model MoU concerning consultation, cooperation and the exchange of information related to the supervision of AIFMD entities

Guidelines on the model MoU concerning consultation, cooperation and the exchange of information related to the supervision of AIFMD entities

I. Scope

1. These guidelines lay down a model of the Memorandum of Understanding (MoU) that should be agreed between the EU and non-EU supervisory authorities in order to have the appropriate supervisory cooperation arrangements in place as required by the Directive 2011/61/EU of the European Parliament and the Council on Alternative Investment Fund Managers (AIFMD).
2. These guidelines apply to the EU competent authorities designated in accordance with Article 44 of the AIFMD, and shall apply as from the date of entry into force of AIFMD Level 2 measures.
3. These guidelines are without prejudice to existing or future cooperation arrangements in areas not relating to the AIFMD. These guidelines do not preclude the possibility to include in the scope of the MoU a commitment from EU authorities to cooperate with and provide assistance to non-EU authorities for the supervision of EU managers that market funds in the jurisdiction of the latter.

II. Purpose

4. The purpose of these guidelines is to ensure consistent application of the provisions of the delegated act adopted by the European Commission regarding the supervisory cooperation arrangements that are required in accordance with Articles 20(1)(d), 21(6)(a), 34(2), 35(11), 36(3), 37(15), 40(11) and 42(3) of the AIFMD.

III. Compliance and reporting obligations

Status of the guidelines

5. This document contains guidelines issued under Article 16 of the ESMA Regulation. In accordance with Article 16(3) of the ESMA Regulation EU competent authorities must make every effort to comply with guidelines and recommendations.
6. EU competent authorities should comply with the guidelines by using the model MoU as an initial benchmark for their bilateral MoUs with non-EU supervisory authorities concerning the cooperation arrangements required by the AIFMD.

Reporting requirements

7. EU competent authorities to whom these guidelines apply must notify ESMA whether they comply or intend to comply with the guidelines, with reasons for non-compliance, within two months of the date of publication by ESMA to jose.moncada@esma.europa.eu. In the absence of a response by this dead-

line, competent authorities will be considered as non-compliant. A template for notifications is available from the ESMA website.

IV. Guidelines on the model MoU concerning consultation, cooperation and the exchange of information related to the supervision of AIFMD entities

In accordance with Articles 34(3), 35(12), 36(4), 37(16), 40(12) and 42(4) of the AIFMD ESMA is entitled to develop guidelines to determine the conditions of application of the Level 2 measures adopted by the European Commission regarding the cooperation arrangements required in Articles 34(2), 35(11), 36(3), 37(15), 40(11) and 42(3) of the AIFMD. In addition, in accordance with Article 16 of the Regulation (EU) No 1095/2010 of 24 November 2010, establishing ESMA, ESMA is entitled to issue guidelines addressed to competent authorities with a view to establishing consistent, efficient and effective supervisory practices within the European System of Financial Supervisors and to ensuring the common, uniform and consistent application of Union law.

On 19 December 2012 the European Commission adopted the Regulation supplementing Directive 2011/61/EU of the European Parliament and of the Council with regard to the exemptions, general operating conditions, depositaries, leverage, transparency and supervision. This Regulation requires the cooperation arrangements to be in writing and to provide for the exchange of information for supervisory purposes and for enforcement purposes; the ability to obtain all information necessary for the performance of the duties provided for in the Directive; the ability to carry out an on-site inspection where required for the exercise of the EU competent authority's obligations under the AIFMD.

The Regulation establishes that on-site inspections should be performed directly by the EU competent authority or by the non-EU competent authority with the assistance of the EU competent authority. In addition, and in accordance with its national law, the non-EU competent authority should assist the EU competent authorities where it is necessary to enforce EU legislation breached by the entity established in the non-EU country.

In accordance with the Regulation, the cooperation arrangements should include a specific clause allowing for the transfer of information received by an EU competent authority from a supervisory authority in a third country to other EU competent authorities, to ESMA or to the ESRB in order to discharge their duties under the AIFMD.

In order to fulfil the obligation to have the cooperation arrangements in place with the relevant authorities as required by Articles 20(1)(d), 21(6)(a), 34(1)(b), 35(2)(a), 36(1)(b), 37(7)(d), 40(2)(a) and 42(1)(b) of the AIFMD, competent authorities should sign an MoU concerning consultation, cooperation and the exchange of information related to the supervision of AIFMD entities with the authorities responsible for the supervision of these entities, as laid down in these guidelines.

These guidelines lay down the model of that MoU that should serve as initial benchmark for the negotiations with non-EU authorities. The text of the model MoU set out in the annex of these guidelines may need to be adapted or supplemented in the course of bilateral negotiations between ESMA and the non-EU authorities. In addition, once the negotiations with ESMA are concluded and the MoU is signed between the EU and non-EU authorities, nothing would prevent EU and non-EU competent authorities from engaging in negotiations later on to further expand the content and scope of the MoU beyond the requirements of the AIFMD.

The MoU should be complementary to the IOSCO Multilateral Memorandum of Understanding Concerning Consultation and Cooperation and the Exchange of Information of 2002 (revised in 2012). This implies that, in order for it to be considered that both the European competent authority and the non-EU supervisory authority, have cooperation arrangements in place as required by the AIFMD, both authorities should be signatories to both the MoU set out in these guidelines and the multilateral MoU of 2002 (signatories in Appendix A of the MMoU), or another MoU providing for an equivalent degree of cooperation.

The Authorities recognize that while information is not to be gathered under this MoU for enforcement purposes, subsequently the Authorities may want to use the information for law enforcement purposes. In such cases, further use of the information

should be governed by the terms and conditions of the IOSCO MMoU or another MoU providing an equivalent degree of cooperation in enforcement matters.

Article 8. Confidentiality and onward sharing of information.

The terms of this MoU are not confidential.
- 2) To the extent legally permissible, the Requesting Authority will notify the Requested Authority of any legally enforceable demand from a third party for non-public information that has been furnished under this MoU. Prior to compliance with the demand, the Requesting Authority intends to assert all appropriate legal exemptions or privileges with respect to such information as may be available.
- 3) In certain circumstances, and as required by law, it may become necessary for the Requesting Authority to share information obtained under this MoU with other Governmental Entities in its jurisdiction. In these circumstances and to the extent permitted by law:

- 5) The Authorities intend that the sharing or disclosure of non-public information, including but not limited to deliberative and consultative materials, pursuant to the terms of this MoU, will not constitute a waiver of privilege or confidentiality of such information.

Article 9. Special rules on onward sharing of information in the EU internal market.

- 1) Article 8 does not apply in all cases where the EU competent authorities are required to share information with other EU competent authorities as defined in Article 1(d), the ESRB and ESMA under the AIFMD. In particular, Article 8 does not apply in the following circumstances:
 - a. In accordance with Article 25(2) of the AIFMD, an EU competent authority may need to share information received from a non-EU authority with other EU competent authorities where a Manager under its responsibility or a Covered Fund managed by that Manager could potentially constitute an important source of counterparty risk to a

credit institution or other systemically relevant institutions in other EU Member States.

- b. In accordance with Article 50(4) of the AIFMD, the EU competent authority of the Member State of reference of a non-EU Manager² shall forward the information received from non-EU authorities in relation to that non-EU Manager to the competent authority of the host Member States, as defined in Article 4(1)(r) of the AIFMD.
 - c. In accordance with Article 53 of the AIFMD, an EU competent authority shall communicate information to other EU competent authorities, the ESRB or ESMA, where this is relevant for monitoring and responding to the potential implications of the activities of individual Manager or Managers collectively for the stability of systemically relevant financial institutions and the orderly functioning of markets on which the Managers are active.

Article 10. Termination of the MoU; Successor authorities

- 1) If a signatory wishes to terminate the MoU, it shall give written notice to the counterparty. ESMA would coordinate the action of EU authorities in this regard. Cooperation in accordance with this MoU will continue until the expiration of 30 days after an Authority gives written notice to the others. If either Authority gives such notice, cooperation will continue with respect to all requests for assistance that were made under the MoU before the effective date of notification until the Requesting Authority terminates the matter for which assistance was requested. In the event of termination of this MoU, information obtained under this MoU will continue to be treated in a manner prescribed under Article 7.
- 2) Where the relevant functions of a signatory to this MoU are transferred or assigned to another authority or authorities, the terms of this MoU shall apply to the successor authority or authorities performing those relevant functions without the need for any further amendment to this MoU or for the successor to become a signatory to the MoU. This shall not affect the right of the successor authority and its counterparty to terminate the MOU as provided hereunder if it wishes to do so.

² The Member State of reference is the EU Member State in charge of the authorisation of a non-EU Manager in accordance with Article 37 of the AIFMD.
