Article 6. Representative functions

The Board has the power to represent the Company under the established legal and statutory terms.

Article 7. Specific Securities Market functions

1. The Board will develop any functions imposed by the nature of a listed company.
2. Specifically, the Board develops, in the form defined in the Regulations, the following specific functions in relation to the stock market:
 - a) the execution of any acts and the implementation of any measures necessary to promote the transparency before the financial markets, as well as the correct calculation of share prices and compliance with the price manipulation rules and abuses of privileged information;
 - b) the approval and updating of the Internal Code of Conduct in matters relating to Securities Markets;

- c) the approval of the Annual Corporate Governance Report provided for in current regulations.

TITLE II. COMPOSITION OF THE BOARD OF DIRECTORS

Article 8. Quantitative composition

1. The Board will consist of no less than five (5) and no more than nine (9) members that will be appointed by the General Shareholders Meeting, which will determine the exact number of directors through express resolution or, implicitly through the provision or not of vacancies or the appointment or not of new directors within the abovementioned minimum and maximum.
2. Regardless of the above, the Board will propose the number of directors to the General Shareholders Meeting that, in accordance with the circumstances affecting the Company and considering the maximum and minimum consigned before, is most suitable to ensure the due representativeness and effective operation of the governance body.
3. The General Shareholders Meeting and the Board will seek to attend to the principle of a balanced presence between men and women in the Board structure.

Article 9. Qualitative composition

1. Persons designated as directors will have to combine, in addition to the conditions required in Law and the Articles of Association, those defined in the Regulations, formally committing to on accepting their functions to comply with the obligations and dues set forth therein at all times.
2. During the exercising of their proposal powers to the General Shareholders Meeting and co-opting to designate directors, the Board will weigh the existence of four categories of directors:

- a) Independent external directors, understood as those that comply with the requirements that, if applicable, may be established in the Spanish Corporate Enterprise Act (*Ley de Sociedades de Capital*) or substituting rule, to be considered as independent external directors. In the absence of legal provisions, independent external directors will be those designated based on their personal and professional conditions, which may carry out their functions without being conditioned by their relations with the Company, significant shareholders or directors.

Unless the Spanish Corporate Enterprise Act (*Ley de Sociedades de Capital*) or substituting rule establishes other requirements (which would prevail over those established in this Regulations), the following may not be designated in any case as independent directors:

- (i) those that have been employees or directors of group companies that the Company is a part of, except if three (3) or five (5) years have passed, respectively, since the end of such relation;
- (ii) perceive from the Company, or any of the group companies, any amount or benefit for a concept other than the remuneration as director, unless it is not significant.

For the purposes of these contractual terms and conditions, dividends or pension complements paid to the director as a result of his previous professional or employment relation will not be taken into account, as long as such complements are unconditional and, therefore, the company paying them cannot at its discretion suspend, modify or revoke their accrual without breaching its obligations;

- (iii) are, or have been in the last three (3) years, a partner of the external auditor or in charge of an audit report, regardless if the audit during such period of the Company or any other group company it is part of;
- (iv) are executive officers or senior management of another company in which any Company director or senior manager is an external director;
- (v) maintain, or have held during the last year, an important business relation with the Company or other group company, either in its own name or as significant shareholder, director or senior officer of an entity that maintains or would have maintained such relation. Business relations include as supplier of assets or services, including financial, advisor or consultant;
- (vi) are significant shareholders, executive officers, or senior management of an entity that receives, or has received over the last three (3) years, significant donations from the Company or other group company it is a member of. Mere patron of a foundation that receives donations will not be considered included in this point;
- (vii) are spouses, persons linked by analogous affective relation, or relatives up to a second degree of kin or kinship, of an executive officer or senior manager of the Company;
- (viii) have not been proposed, either for appointment, ratification or renewal, by the Appointments and Remunerations Committee;
- (ix) are, regarding any significant shareholder or represented in the Board, under any of the situations specified in letters (i), (v), (vi), or (vii) herein. In the case of a relation of kin specified in letter (vii), the limitation will apply not only to the shareholder, but also its dominical directors in the Company in which it holds an investment.

Dominical directors proposed to the Company by shareholders specified in letter (i) paragraph b) in this Article, will lose their condition as dominical directors as a result of the sale of their investment by the shareholder of the letter (i) they represented, and may only be re-elected as independent directors when the shareholder they represented until then has sold all of its shares in the Company.

A director with a share investment in the Company may have the condition of independent, as long as he complies with all these terms and, furthermore, his investment is not significant.

- b) External dominical directors, understood as such when they meet the requirements that may be established by the Spanish Corporate Enterprise Act (*Ley de Sociedades de Capital*) or substituting rule, in order to be considered as external dominical directors. In the absence of legal provisions, the following will be considered external dominical directors:
- (i) those with a share investment greater or equal to what is legally considered as significant or that may have been designated for their shareholder condition, even if their share investment does not reach such amount; or
 - (ii) those that represent shareholders as referred to in paragraph (i) above. For the purposes of this definition it will be considered he represents a shareholder where:
 - 1. has been appointed in exercise of the right of the proportional representation in the Board;
 - 2. is a director, senior officer, employee or non-occasional service provider to the shareholder, or the companies in the same group;
 - 3. if the corporate documentation indicates that the shareholder assumes that the director was designated by it or represents it;
 - 4. is spouse, person linked by analogous affective relationship, or relative up to a second degree of kinship of a significant shareholder.
- c) Executive officers, understood as such when they meet the requirements that, if applicable, may be established in the Spanish Corporate Enterprise Act (*Ley de Sociedades de Capital*) or substituting rule, to be considered as executive officers. In the absence of legal provisions, executive officers will be considered those that carry out senior management functions or are employed by the Company or another group company. However, the directors that are executive officers of parent companies of the Company or directors in them will be considered dominical. When a director carries out senior management functions and, at the same time, is or represents a significant shareholder or represent in the Company's Board, he will be considered as officer or internal for the exclusive purposes of the Regulations, regardless of other legal effects that may be considered as dominical director.
- d) Other directors, in the measure in which it does not contradict current legislation at each time, "other directors" may exist meaning any external directors that cannot be considered dominical or independent. In the event of being established in legislation or good governance recommendations, the Annual Corporate Governance Report will explain the existence of "other directors" and, if appropriate, the links of the directors with the Company, its directors or shareholders.
3. The number of external, dominical and independent directors will represent a broad majority of the Board, and the number of executive officers will be the minimum necessary considering the

complexity of the Company and the investment percentage of executive officers in its capital. Within the external directors, the relation between the number of dominical directors and independent ones will reflect the existing proportion between capital represented by dominical directors and the rest of the capital, where the number of independent directors will represent at least one third (1/3) of all directors. The Board will consider these guidelines in the exercising of their appointment proposal power to the General Shareholders Meeting and co-opting to cover vacancies.

4. The nature of each director will be explained by the Board to the General Shareholders Meeting, which will execute or ratify its appointment and confirming, or if applicable, review each year in the Annual Corporate Governance Report, after verification by the Appointments and Remuneration Committee, also explaining with regards to external directors that cannot be considered dominical or independent, the reasons that explain such circumstance and ties, with the Company or its directors, or with its shareholders. In this respect, the definitions of the various types of directors will be established in current legislation or, failing that, in the good corporate governance recommendations applicable to the Company at any time.
5. In addition, the Annual Corporate Governance Report will explain the reasons for which dominical directors have been appointed on shareholder request whose shareholder investment is less than five per cent (5%) of the capital and exposing the reasons why it was not possible to attend to, if applicable, formal presence requests in the Board from shareholders with an investment equal or greater than others that have designated dominical directors.
6. Regardless of their continuity in the Board, any director that had such condition for an uninterrupted twelve (12) year period may not be qualified as an independent director.

TITLE III. APPOINTMENT AND RESIGNATION OF DIRECTORS

Article 10. Appointment, ratification or re-election of directors

1. Regardless of the right of proportional representation corresponding to shareholders under the terms set forth in the Spanish Corporate Enterprise Act (**Ley de Sociedades de Capital**) or that may substitute it in future, directors will be appointed, re-elected, ratified and separated in the General Shareholders Meeting.
2. The Board, with the legally established requirements at any time, and in the event of any vacancies emerging during the period directors were appointed, may designate, through co-opting, the persons to cover such vacancies until the next General Shareholders Meeting.
3. The proposals to appoint or re-elect directors submitted by the Board to the General Shareholders Meeting and the appointment decisions taken by such body by virtue of the legally established co-opting powers, will be accompanied by a justifying report from the Board appraising the competence, skills and merits of the proposed candidate, which will be added to the minutes of the General Shareholders Meeting or of the Board. Appointment proposals will fall, in any case,

on persons of recognised honour, solvency, technical skills and experience, and will be approved by the Board on proposal of the Appointments and Remunerations Committee, in the case of independent directors, and after the report from the Appointments and Remunerations Committee, in the case of other directors, having in any case the proposal or report from the Appointments and Remunerations Committee to assign the new director within one of the classes defined in the Regulations.

4. When the Board departs from the proposals of the Appointments and Remunerations Committee, it must motivate the reasons leaving evidence of them in the minutes.

Article 11. Requirements and term of office

1. In order to be a director, it will not be necessary to be a shareholder but only individuals may be directors.
2. Persons subject to legal proceedings for incapacity, prohibition or incompatibility may not be directors.
3. Directors will exercise their functions for a period of three (3) years as long as the General Shareholders Meeting does not resolve to separate or revoke, nor they relinquish their function, who may be re-elected, one or more times, for periods of equal duration. In the case of co-opted directors, these will hold office until the next General Shareholders Meeting.

Article 12. Dismissal and separation of directors

1. Directors must submit their resignation from the position and formalise their resignation when incurring suddenly in any of the incompatibility or prohibition scenarios for executing the director function established in Law, as well as in the following scenarios:
 - a) in the case of dominical directors, when the shareholder who requested the appointment fully transmits its investment in the Company or reduces it to a level that requires the number of its dominical directors; or
 - b) when the Board requests it with a majority of at least two thirds (2/3) of its members, for having breached their obligations as director, prior proposal or report from the Appointment and Remunerations Committee or when his / her permanence in the Board may endanger the credit and reputation of the Company.
2. The Board may not propose the revocation of any independent director before the fulfilment of the statutory period he was appointed for, unless it finds there are fair reasons and after receiving a report from the Appointments and Remunerations Committee. Specifically, it will be understood there is a just cause when the director takes on new functions or assumes new obligations that prevent him / her from dedicating the time required to carry out the functions of a director, has breached the duties inherent to his / her function, breached some recommendation in terms of corporate governance or incurred in any of the circumstances that prevent his / her appointment as independent director. Regardless of the above, it will also be possible to propose the

revocation of independent directors resulting from public acquisition offers, mergers or other similar corporate transactions that represent a change in the capital structure of the Company, when such changes in the Board structure are encouraged by the principle of proportionality specified in paragraph 3 under Article 9 above.

3. In the event due to resignation or other reason, a director should cease to hold office before the end of his / her mandate, he / she will explain the reasons in letter sent to all Board members, regardless that such resignation is reported as a relevant event and the reason is reported in the Annual Corporate Governance Report. In particular, in the case that the resignation of the director is due to the Board having passed significant or reiterated resolutions on which the director has stated his / her reservations and as a consequence opted to resign, his /her resignation will expressly state this circumstance. This provision also applies to the Secretary to the Board, even if not a director.
4. Regardless of all of the above, the separation of directors may be agreed at any time by the General Shareholders Meeting, even if not included in the agenda.

Article 13. Deliberations and voting

Directors affected by appointment, re-election, ratification or revocation proposals will refrain from taking part in the associated deliberations or voting.

TITLE IV. DUTIES OF THE DIRECTOR

Article 14. General obligations of the director

and supervision functions in relation to the administration of the Company's routine business activities, at the same time as ensuring the Board fulfils its role regarding relations with shareholders and the markets. Permanence in this position will not be able to exceed the Chairman's mandate as a director, notwithstanding the possibility of removal prior to the end of the mandate, or re-appointment.

2. The Board's Chairman will also head the Executive Committee if one is formed, holding a casting vote in decisions taken by both corporate bodies.
3. In addition, the Chairman will promote the independence and efficient operation of the various Board Committees.

 - a) To call and chair the Board meetings and the Executive Committee, if any, setting the agenda for the meetings, ensuring that directors receive sufficient information in advance of such meetings, encouraging discussions and active participation by directors at the meetings, ensuring they are able to take their decisions freely and express their opinions and guiding the discussions and voting procedures for both corporate bodies. 6. The position of Chairman of the Board may be assigned to an executive director. If the Chairman of the Board is at the same time an executive director of the Company, the Board, with the abstention of the executive directors, must appoint a coordinating director, who should be an independent director. This coordinating director may request that the Chairman's call for a Board meeting, or request the inclusion of new items on the agenda, coordinating and bringing together the non-executive directors and, if appropriate, leading the evaluation by the Board of its Chairman.

Article 27. Deputy Chairmen and Managing Director

2. The Board may delegate to the Chairman or other directors on a permanent basis those powers vested in it, except for those powers reserved for the Board by law, the Articles of Association or the Regulation.

The permanent delegation of Board powers and the designation of a director or directors to exercise them, whatever the title given to their position, will require the favourable vote of at least two-thirds of the Board members in order to be valid.

If appointed, the Managing Director will hold the executive and management functions determined by the Board. The Chairman of the Board will also be able to hold the position of Managing Director when it is so decided by the Board.

Article 28. Secretary and Deputy Secretary to the Board

1. On the basis of a report from the Appointments and Remuneration Committee, the Board will appoint a Secretary, and if necessary a Deputy Secretary, who do not need to be directors, and if they are not directors they may attend and speak at meetings, but not vote. The same procedure will be followed to decide on the termination of the Secretary, and if necessary, the Deputy Secretary. The appointment of the Secretary, and if applicable the Deputy Secretary, will be for an indefinite period, if the appointees are not directors; if they are directors, the duration of these positions will not be able to exceed that of their mandates, notwithstanding the possibility of removal or their re-appointment by the Board.
2. If a Deputy Secretary is appointed, that person will attend the sessions in the event of vacancy, absence, inability to attend or illness of the Secretary, performing the duties of the latter. In the absence of both the Secretary and the Deputy Secretary, the Board itself will in each case

designate a director from among those attending the meeting. Unless decided otherwise by the Board, the Deputy Secretary will be able to attend the meetings to assist the Secretary with the drafting of the minutes for the meetings.

3. In addition to the duties assigned by the Articles of Association and by Law, the Secretary of the Board will be responsible for the following:
 - a) safekeeping of corporate documentation, duly recording in the minutes books the development of the meetings, and certifying the resolutions passed by the administrative bodies;

 - h) acting as Secretary at the General Shareholders Meeting.
4. If the Company is required under existing legislation to have a Legal Counsel for the Board, either the Secretary or the Deputy Secretary may assume those duties if they meet the requirements established in current legislation.

Article 29. Coordinating Director

If the Chairman of the Board is the executive director, the Board, with the abstention of the executive directors, must appoint a coordinating director from among the independent directors, who in addition to the duties established by Law, will be responsible for the following:

Article 30. Board Meetings

1. The Board will meet with the frequency it considers advisable, not less than once a quarter and a minimum of eight times a year, unless the Chairman at the latter's entire discretion should decide to increase the number of meetings.
2. The schedule for the ordinary meetings will be set by the Board itself at the beginning of each financial year. The schedule may be modified following Board resolution or at the decision of the Chairman, who must notify the change to the directors not less than five (5) days before the date initially established for the holding of the meeting, or before the new date that has been set in replacement, should the latter be sooner.
3. The Board will also meet whenever the Chairman agrees to call an extraordinary meeting, or when requested by a quarter of the directors. In this latter case, the Chairman must call the meeting within one month of the request, and should this not be done, the directors requesting the meeting may call the Board Meeting directly themselves. In addition, the call may be made by the Deputy Chairman or the coordinating director when the Chairman is also an executive director of the Company.
4. Meetings may be held at the registered offices of the Company or anywhere in Spain or abroad indicated in the call.
5. Calls to Board meetings may be made by letter, fax, telegram, email or any other means that provides confirmation of receipt, and will be authorised with the signature of the Chairman, the Secretary or the Deputy Secretary at the instruction of the Chairman. The call should be sent sufficiently in advance so that the directors receive it no later than three days before the date of the meeting, except in the case of urgent calls to meeting, which may even be called for immediate holding. These requirements exclude those cases in which Regulations demand a specific period of notice for the call. The call must always include the place, date and time of the meeting, and barring a compelling reason, must include the agenda for the meeting and be accompanied by such information as may be considered necessary for discussion purposes and for the passing of resolutions on the matters to be dealt with, unless the Board were to have been called or were to have been exceptionally called as a matter of urgency.
6. Directors may delegate their representation to another director, although non-executive directors will only be able to delegate to another non-executive director.
7. Notwithstanding the above, when in the opinion of the Chairman circumstances so merit it, extraordinary Board meetings may be called by telephone, fax, telegram, email or any other means without the requirements and formalities for the call mentioned in the previous sections of this article being applicable.

8. If sufficient suitable means are available to guarantee their efficacy, Board meetings may be held by conference call, video conference or any similar means, so that one or more of the directors can attend the meeting using those systems. To this end, the call to meeting, in addition to indicating where the physical meeting will be held must also mention that it may be attended by means of a conference call, video conference or similar means, indicating and making available the required technical means, which must permit direct simultaneous communication among all participants.
9. The summons to meetings of the Board will be made in accordance with the Articles of Association and the Regulations of the Board. Nevertheless, the Board will be considered to be validly constituted without the need for summons when all the directors are present and represented and they unanimously agree on the holding of a universal meeting and on the items on the agenda to be dealt with.
10. The Chairman will decide on the agenda for the meeting. Directors and any of the Board Committee members may request the Chairman to include items on the agenda, and the Chairman will be obliged to do so when the request has been made no less than five (5) days before the date set for the holding of the meeting.

Article 31. Constitution, deliberation and passing of resolutions

1. For the resolutions of the Board to be valid, notwithstanding what the Articles of Association or the Law may state in relation to certain matters, it will be necessary for at least half plus one of the directors to be present or represented.
2. Directors must attend the meetings being held in person, without prejudice to the terms of section 8 of Article 30. Nevertheless, directors may be represented by another director in accordance with the legislation applicable at any given time. Representation will be granted specifically for the Board meeting in question, and may be notified by any of the means envisaged in section 5 of Article 30 of the Regulations.
3. Notwithstanding the above, as long as there are valid grounds justifying a director's inability to attend, the Chairman may authorise the holding of Board meetings by audio-visual means or telephone, as long as the technical means are available and they enable direct and simultaneous communication among all the participants, and thus the unity of the act, and as long as there is no objection from any of the directors.
4. Board meetings may be attended, as guests, by technical experts both from within the Company and outside it to provide assistance to the directors when the Chairman considers it is necessary. The Chairman will not refuse or unjustifiably delay requests for invitations to experts that may be made by the directors.
5. Discussions will be chaired by the Chairman of the Board, or if not present by the corresponding Deputy Chairman in order, or in their absence by the eldest of the directors. The meeting chair will be assisted by the Secretary, or if not present by the Deputy Secretary, or in their absence by

a director appointed by the Board itself. The Chairman will grant the floor to those directors requesting it until the Chairman decides that the matter has been sufficiently debated, whereupon it will be put to the vote. When justified by the circumstances the Chairman may also take the necessary measures to ensure the confidentiality of the discussions and the resolutions passed during the Board meeting sessions.

6. Resolutions will be passed by an absolute majority of the directors present or represented, except in those cases for which the Articles of Association, legislation or the Board Resolutions require a greater majority.
7. At the initiative of the Chairman, the Board will be able to pass resolutions following a written vote and without a meeting, as long as no director opposes such a procedure. When this voting system is applied, the Secretary of the Board will record the resolutions passed in minutes, stating the names of the directors and the system followed to determine the will of the Board, indicating the vote cast by each director. In this case it will be considered that the resolutions have been passed at the place of the registered office of the Company, on the date the last of the votes cast was received. The minutes will also declare that no member of the Board stated opposition to such a procedure. Written votes must be sent within a term of ten (10) days as from the date on which the request for a vote to be cast was received, otherwise the vote will not be valid. At the end of the term for the casting of a vote, the Secretary will notify the directors of the result of the vote, or the impossibility of using such a voting procedure because of the objection of a director.
8. Annually, the Board will evaluate (i) the quality and efficiency of the functioning of the Board; (ii) the performance their duties by the Chairman, or the Managing Director or senior executive officer of the Company, if applicable, based on a report to be submitted by the Appointments and Remuneration Committee; (iii) the functioning of its Committees, based on the reports they have presented; (iv) diversity in the composition and competencies of the Board; and (v) the performance and contribution by each director, with special focus on those responsible for the various Committees. Based on the results of the evaluation, it will propose an action plan to correct the deficiencies detected. To this end, the Chairman of the Board will organise and coordinate with the heads of the Committees the evaluation of the Board, as well as that of the Managing Director or senior executive officer if applicable. The results of the evaluation must be stated in the minutes for the meeting, or attached to it as an appendix.
9. Every three (3) years, the Board will be assisted by an outside consultant in the carrying out of the evaluation referred to in the previous section, whose independence will be verified by the Appointments and Remuneration Committee. The business links that the consultant or any company in its group maintain with the Company must be detailed in the Annual Corporate Governance Report. The process and the areas evaluated must be described in the Annual Corporate Governance Report.

Article 32. Formalising of resolutions

1. Minutes must be drafted for each Board meeting by the Secretary of the Board or the Deputy Secretary, to record those present, the agenda for the meeting, details of the location of the meeting and the time it took place, the main points of the discussions, as well as the contents of the resolutions passed, and the minutes must be approved by the Board itself at the end of the session or at the next session.
2. Any director will be able to request that their intervention at the meeting or proposal be fully transcribed in the minutes, as long as either at that time or whenever the chair has indicated the director submits the text that faithfully reproduces the intervention. This requirement will not be necessary when the Board meetings are recorded on any information technology medium that enables storage and subsequent reproduction in full. In particular, when so requested, the minutes will incorporate the concerns regarding any proposal expressed by any director or the Secretary, or in the case of directors, their concerns on the development of the Company, when such concerns are not resolved during the Board meeting.
3. In the case of Board meetings held by means of conference calls, video conference or any similar system, the Secretary of the Board must record the fact in the minutes of the meetings held in such a manner, and in addition to the names of the directors present in person, or represented by another director, the minutes must record the names of those attending the meeting by means of a conference call, video conference or any similar system.
4. Certificates of minutes, whether full or partial, required to certify Board resolutions will be issued by the Secretary or, if necessary, the Deputy Secretary, even if they are not directors, with the approval of the Chairman or the Deputy Chairman as applicable.

Article 33. Executive Committee and Managing Director

1. The Board may appoint, from among its members, and at the Chairman's proposal, an Executive Committee, comprised of a minimum of three (3) and a maximum of five (5) members, and a Managing Director, and delegate permanently, to the Committee or to the Managing Director, all or a portion of its delegable powers, without prejudice to the powers of attorney it may grant to any other person.
2. In addition to the powers that the Regulations reserve for itself, under no circumstances may the powers that the Articles of Association or the Law establish as non-delegable, as well as the powers that the General Shareholders Meeting grant to the Board, be delegated without express authorisation.
3. The appointment of the Executive Committee and of the Managing Director and their powers, as well as the powers delegated to the Chairman, must be registered in the Commercial Registry.
4. For the Board to make appointments and permanently delegate the powers envisaged in Article 33, two thirds (2/3) of Board members must vote in favour thereof.

5. When appointing Executive Committee members, the Board will ensure that the participation structure for the various categories of directors is similar to that of the Board itself. Its Secretary will be the Secretary to the Board.
6. Executive Committee members will cease to be committee members when they cease to hold their directorship or when so determined by the Board. The Board will fill any vacancies that arise as quickly as possible.
7. If the Chairman of the Executive Committee is absent, his /her functions will be performed by the member chosen to do so by the other members.
8. The Executive Committee will hold its ordinary meetings at least once a month, and may meet extraordinarily when corporate interests so require.
9. The Executive Committee will be called, unless justified by an emergency, no less than seven (7) days in advance. Together with the notice for each meeting, Executive Committee members will be sent the relevant documentation so that they may form their opinion and cast their vote.
10. Executive Committee meetings will be validly convened when, at least, one half plus one of the Committee members attend in person or by proxy.
11. The resolutions of the Executive Committee will be passed by a majority of the directors on the Committee present or represented by proxy at the meeting. The Chairman of the Board will act as the Chairman of the Committee and, in his / her absence, the Committee member appointed by the Committee to act as Chairman. In the event of a tie, the Chairman will have the casting vote.
12. The Executive Committee, through its Chairman, will inform the Board of the matters addressed and the decisions taken by the Committee, and a copy of the meeting minutes will be sent to all directors.
13. With regard to all other matters, the Executive Committee, will be governed by that established, with respect thereto, by the Articles of Association and, secondarily, insofar as they are not incompatible with its nature, also by that set forth in the aforementioned Articles of Association and the Regulations with regard to the Board.
