INTERNATIONAL CONSOLIDATED AIRLINES GROUP, S.A.

IAG INTERIM DIVIDEND DECLARATION

The Board of Directors of International Consolidated Airlines Group, S.A. (IAG) is pleased to announce that it has today approved the distribution in cash of a gross interim dividend, against the 2026 financial results of euro 0.053 per share.

As previously communicated to the market, IAG's intention is to grow its total dividend every year broadly reflecting inflation over the longer term, with approximately half to be paid as an interim dividend and half as a final dividend. The increase in the 2026 interim dividend per share also reflects the reduction in the number of shares outstanding as a result of IAG's ongoing share buyback programme.

The approved 2026 interim dividend will be paid as follows:

Gross dividend	0.053
Withholding tax (19%)	0.0101
Net dividend	0.0429

(Euros per share)

Dividend timetable (applicable to both the Spanish and UK markets)

Ex-dividend date	3 December 2026
Record date	4 December 2026
Payment date	From 7 December 2026

The payment of this dividend will be executed by Banco Santander, S.A., as paying agent.
