

SOLTEC POWER HOLDINGS, S.A. (the "**Company**" or "**Soltec**"), in accordance with the provisions of Article 227 of Law 6/2023, of 17 March, on Securities Markets and Investment Services, hereby communicates the following

OTHER RELEVANT INFORMATION

Soltec informs that, as a continuation of the other relevant information dated March 25, 2025 (registration number 33641), Soltec Asset Management, S.L.U. ("**SAM**"), a subsidiary of the Company, executed yesterday the transfer to Darwin Gestión Global, S.L.U., (a company wholly owned by Pino Investments, S.C.A.) of SAM's stake in the joint venture that the Soltec group held with TotalEnergies. As a result of this transaction, SAM has received a fixed price of 18.6 million euros, to which must be added a contingent variable price that will be calculated, based on parameters established under the Total Sale Agreement, at the time when the projects being developed by the company are operational.

The income received from this transaction has been used to amortise 17.7 million euros of the amounts pending payment under the financing agreement signed with Pino Investments, S.C.A, reducing the debt from 95.1 million euros to 77.3 million euros.

Likewise, Soltec informs that Soltec Development, S.A.U., a subsidiary of the Company, has also completed the sale to ACE ITALY PROJECTS II S.à r.l. of all the shares of Luminora Lopez S.R.L., Luminora Sparpagliata S.R.L. and Luminora Specchione S.R.L. of which it was the owner and, indirectly, of the energy projects owned by such companies. The value of the transaction amounts to approximately 2 million euros.

Both transactions are consistent with the Company's new strategic plan, which involves the divestment of the asset management activity, which will allow it to generate more cash and focus on less capital-intensive and less operationally complex businesses.
