ACCIONA ENERGÍA SELLS 361MW WIND POWER PORTFOLIO IN SPAIN

MADRID, JULY 27TH, 2026. ACCIONA Energía has completed the sale of a 361MW portfolio of operational wind assets in Spain for an equity value of €432 million to Galp New Energies, with no financial debt included in the transaction perimeter.

The portfolio comprises 15 wind farms across the Spanish provinces of Navarra, Zaragoza, Ciudad Real, Palencia, Guadalajara and Seville. The assets sold to the renewable energy and sustainability division of the Portuguese energy company have an average operating age of 21 years.

The transaction was signed and completed simultaneously, with full proceeds received upon closing. The transaction will generate an estimated capital gain of €255 million.

The sale represents a further step forward in ACCIONA Energía's selective asset rotation strategy, aimed at maximizing the value of its projects and optimizing capital allocation, while strengthening the company's financial position.

Since 2024, the company has reached agreements for the sale of more than 3GW of renewable capacity in Spain, Peru, Costa Rica, South Africa, the United States and Mexico, for €3.7 billion.

BNP Paribas acted as financial adviser and Baker McKenzie acted as legal adviser to ACCIONA Energía.

ACCIONA Energía is the largest 100% renewable energy company in the world with no fossil legacy. It has 14.8GW of renewable energy and presence in 22 countries. With 30 years of experience, ACCIONA Energía offers a complete portfolio of tailor-made energy solutions for its corporate and institutional clients to meet their decarbonization goals. ACCIONA Energía is committed to the highest environmental, social and corporate governance (ESG) standards. ACCIONA S.A., a leading global company in the provision of regenerative solutions for a decarbonized economy, is the majority shareholder of ACCIONA Energía.
