ACCIONA ENERGÍA CLOSES THE SALE OF 626MW HYDRO ASSETS IN SPAIN TO ENDESA

REACH

The transaction comprises 34 hydroelectric power plants with an annual production of around 1.3 TWh

MADRID, 26 FEBRUARY 2025. ACCIONA Energía announced today the closing of the sale of 626MW hydro assets to Endesa, after receiving the relevant authorizations.

ACCIONA Energía has received approximately €1 billion for the transaction. The 626MW transaction corresponds to 34 hydroelectric plants located in the Spanish regions of Aragón, Navarra, Soria and Valencia. These plants operate under long-term concession agreements, with an average remaining duration of approximately 30 years. The assets include reservoir (56% of capacity), run-of-river (30% of capacity), and pumped-storage (14%) hydroelectric plants, with a total annual production of around 1.3 TWh.

This transaction is part of ACCIONA Energía's asset rotation strategy, and highlights the value and strength of its assets in the market.

ACCIONA Energía is the largest 100% renewable energy company with no fossil legacy in the world. It has more than 14GW of renewable energy and presence in 25 countries. With 30 years of experience, ACCIONA Energía offers a complete portfolio of tailor-made energy solutions for its corporate and institutional clients to meet their decarbonization goals. ACCIONA Energía is committed to the highest environmental, social and corporate governance (ESG) standards. ACCIONA S.A., a leading global company in the provision of regenerative solutions for a decarbonized economy, is the majority shareholder of ACCIONA Energía. www.acciona-energia.com
