Squirrel completes the acquisition of Grupo Green Shark

Squirrel announces that it has completed the acquisition of 100% of Grupo Green Shark, following the execution of the corresponding share purchase agreement and its notarisation, with all conditions precedent to closing having been duly satisfied.

Grupo Green Shark, comprised of various companies operating across the Media, Content and Network segments—including Guadalmedia Publicidad, Guadalmedia Málaga, Fullmedia Andalucía, Decamedios, IMC Consultores, GDG and Guadalmedia Events, among others—has a presence in Catalonia and Madrid, with a strategic focus on Andalusia, and reported revenues of €17 million in fiscal year 2025.

The completion of this transaction represents a formal milestone within the integration process, although the teams of both organisations have been working in a coordinated manner for several months, advancing in the operational integration and in the identification and execution of commercial and business synergies.

Through this transaction, Squirrel incorporates a portfolio of highly complementary strategic assets, significantly strengthening its Media, Content and Network divisions and expanding its operational and commercial capabilities at a national level.

The integration of Grupo Green Shark will continue to be rolled out progressively over the coming months, in line with the planned roadmap, with the aim of maximising operational, commercial and strategic positioning synergies between both organisations.

This transaction reinforces Squirrel's positioning as a leading technology-driven group in the entertainment and media sector, further advancing its growth and consolidation strategy.

Additionally, the acquisition significantly strengthens Squirrel's position in Andalusia, where the company expands its operational capabilities, client base and service offering, reinforcing its leadership in the region.
