[VIEW ADDITIONAL RATING DETAILS](#)

TRANSACTION SUMMARY

The transactions comprise residential mortgages serviced by BBVA S.A (BBB+/Stable/F2).

KEY RATING DRIVERS

Stable Performance Expectation and CE: The rating actions reflect our expectation of broadly stable asset performance for the securitised portfolios, supported by a low share of loans in arrears over 90 days (below 0.5% of the current portfolio balance as of the latest reporting dates in both cases), very high portfolio seasoning of more than 18 years and low current loan-to-value ratios.

The rating actions reflect Fitch's view that credit enhancement (CE) ratios will continue increasing, mainly driven by the mandatory sequential paydown of the liabilities that takes place until the final maturity date in line with transaction documentation when the portfolio factor is 10% or less (for Hipocat 7 and 8), and driven by an at target non-amortising reserve fund, despite pro-rata note amortisation for Hipocat 6. As of March 2022, the portfolio factor ranges between 7.7% and 10.9% across the three transactions.

Ratings Capped by Counterparty Risks: Fitch views Hipocat 8 as exposed to payment interruption risk in the event of a servicer disruption, as liquidity sources can be depleted in a stressful scenario as has been the case in the recent past, becoming insufficient to cover senior fees, net swap payments and senior notes' interest during a minimum three month-period while an alternative servicing arrangement is implemented. The notes' maximum achievable ratings are therefore commensurate with the 'Asf' category, in line with Fitch's criteria.

The most junior notes' ratings for Hipocat 6 and 7 are capped at the transaction account bank (TAB) provider rating (BNP Paribas Security Services, A+/Stable/F1 for Hipocat 6 and Societe Generale, S.A, A-/Stable/F1, deposit rating 'A' for Hipocat 7). The rating cap reflects the excessive counterparty dependence on the TAB holding the cash reserves, as the transactions' cash reserves held at these entities represent more than 50% of structural CE for these two tranches and because the sudden loss of these amounts could imply downgrades of the notes of 10 or more notches of the Hipocat 7 notes, in accordance with Fitch's criteria. For Hipocat 6, this assessment also considers the very low borrower count left in the pool at the tail, which implies a significant reliance on the cash reserves as source of CE.

Geographical Concentration in Catalonia: The securitised portfolios are exposed to the Region of Catalonia, ranging between 70% and 87% of the current portfolio balances. Within Fitch's credit analysis, and to address regional concentration risk, higher rating multiples are applied to the base foreclosure frequency assumption to the portion of the portfolios that exceeds 2.5x the population within this region, in line with Fitch's European RMBS Rating Criteria.

ESG Considerations - Governance

Hipocat 8 has an ESG Relevance Score of 5 for "Transaction & Collateral Structure" due to payment interruption risk, which has a negative impact on the credit profile, and is highly relevant to the rating, resulting in a change to the rating of more than one category.

RATING SENSITIVITIES

Factors that could, individually or collectively, lead to negative rating action/downgrade:

- For senior notes rated at 'AAA', a downgrade of Spain's Long-Term Issuer Default Rating (IDR) that could decrease the maximum achievable rating for Spanish structured finance transactions. This is because these notes are rated at the maximum achievable rating, six notches above the sovereign IDR.
- For the most junior tranches of Hipocat 6 and Hipocat 7, a downgrade of their respective SPV's account bank provider's rating, as the notes' ratings are capped at the bank's ratings due to excessive counterparty risk exposure.
- Long-term asset performance deterioration, such as increased delinquencies or larger defaults, which could be driven by adverse changes to macroeconomic conditions, interest-rate increases or borrower behaviour. Higher inflation, larger unemployment and lower economic growth than Fitch's current forecast as disclosed in the Global Economic Outlook (March 2022) could impact the borrowers' ability to pay their mortgage debt.

Factors that could, individually or collectively, lead to positive rating action/upgrade:

- The senior notes are rated at the highest level on Fitch's scale and cannot be upgraded.
- For the most junior tranches of Hipocat 6 and Hipocat 7, an upgrade of the transaction account banks' ratings as the notes' ratings are capped at their respective bank's ratings due to excessive counterparty risk exposure to the account bank.
- Hipocat 8's class A, B and C notes' ratings could be upgraded if improved liquidity protection fully mitigates payment interruption risk. This is because the ratings are currently capped at 'A+sf' due to unmitigated payment interruption risk.

BEST/WORST CASE RATING SCENARIO

International scale credit ratings of Structured Finance transactions have a best-case rating upgrade scenario (defined as the 99th percentile of rating transitions, measured in a positive direction) of seven notches over a three-year rating horizon; and a worst-case rating downgrade scenario (defined as the 99th percentile of rating transitions, measured in a negative direction) of seven notches over three years. The complete span of best- and worst-case scenario credit ratings for all rating categories ranges from 'AAAsf' to 'Dsf'. Best- and worst-case scenario credit ratings are based on historical performance. For more information about the methodology used to determine sector-specific best- and worst-case scenario credit ratings, visit <https://www.fitchratings.com/site/re/10111579>.

USE OF THIRD PARTY DUE DILIGENCE PURSUANT TO SEC RULE 17G -10

Form ABS Due Diligence-15E was not provided to, or reviewed by, Fitch in relation to this rating action.

DATA ADEQUACY

Hipocat 6, FTA, Hipocat 7, FTA, Hipocat 8, FTA

Fitch has checked the consistency and plausibility of the information it has received about the performance of the asset pools and the transactions. Fitch has not reviewed the results of any third party assessment of the asset portfolio information or conducted a review of origination files as part of its ongoing monitoring.

Fitch did not undertake a review of the information provided about the underlying asset pools ahead of the transactions' initial closing. The subsequent performance of the transactions over the years is consistent with the agency's expectations given the operating environment and Fitch is therefore satisfied that the asset pool information relied upon for its initial rating analysis was adequately reliable.

Overall, and together with any assumptions referred to above, Fitch's assessment of the information relied upon for the agency's rating analysis according to its applicable rating methodologies indicates that it is adequately reliable.

REFERENCES FOR SUBSTANTIALLY MATERIAL SOURCE CITED AS KEY DRIVER OF RATING

The principal sources of information used in the analysis are described in the Applicable Criteria.

PUBLIC RATINGS WITH CREDIT LINKAGE TO OTHER RATINGS

Hipocat 6's class C notes' and Hipocat 7's class D notes' ratings are directly linked to their SPV account bank provider's long-term rating due to excessive counterparty dependency.

ESG CONSIDERATIONS

Hipocat 8, FTA has an ESG Relevance Score of '5' for Transaction & Collateral Structure due to PIR, which has a negative impact on the credit profile, and is highly relevant to the rating, resulting in a rating adjustment by more than one category.

Unless otherwise disclosed in this section, the highest level of ESG credit relevance is a score of '3'. This means ESG issues are credit-neutral or have only a minimal credit impact on the entity, either due to their nature or the way in which they are being managed by the entity. For more information on Fitch's ESG Relevance Scores, visit www.fitchratings.com/esg

DISCLAIMER & DISCLOSURES

All Fitch Ratings (Fitch) credit ratings are subject to certain limitations and disclaimers. Please read these limitations and disclaimers by following this link: <https://www.fitchratings.com/understandingcreditratings>. In addition, the following <https://www.fitchratings.com/rating-definitions-document> details Fitch's rating definitions for each rating

scale and rating categories, including definitions relating to default. Published ratings, criteria, and methodologies are available from this site at all times. Fitch's code of conduct, confidentiality, conflicts of interest, affiliate firewall, compliance, and other relevant policies and procedures are also available from the Code of Conduct section of this site. Directors and shareholders' relevant interests are available at <https://www.fitchratings.com/site/regulatory>. Fitch may have provided another permissible or ancillary service to the rated entity or its related third parties. Details of permissible or ancillary service(s) for which the lead analyst is based in an ESMA- or FCA-registered Fitch Ratings company (or branch of such a company) can be found on the entity summary page for this issuer on the Fitch Ratings website.

In issuing and maintaining its ratings and in making other reports (including forecast information), Fitch relies on factual information it receives from issuers and underwriters and from other sources Fitch believes to be credible. Fitch conducts a reasonable investigation of the factual information relied upon by it in accordance with its ratings methodology, and obtains reasonable verification of that information from independent sources, to the extent such sources are available for a given security or in a given jurisdiction. The manner of Fitch's factual investigation and the scope of the third-party verification it obtains will vary depending on the nature of the rated security and its issuer, the requirements and practices in the jurisdiction in which the rated security is offered and sold and/or the issuer is located, the availability and nature of relevant public information, access to the management of the issuer and its advisers, the availability of pre-existing third-party verifications such as audit reports, agreed-upon procedures letters, appraisals, actuarial reports, engineering reports, legal opinions and other reports provided by third parties, the availability of independent and competent third-party verification sources with respect to the particular security or in the particular jurisdiction of the issuer, and a variety of other factors. Users of Fitch's ratings and reports should understand that neither an enhanced factual investigation nor any third-party verification can ensure that all of the information Fitch relies on in connection with a rating or a report will be accurate and complete. Ultimately, the issuer and its advisers are responsible for the accuracy of the information they provide to Fitch and to the market in offering documents and other reports. In issuing its ratings and its reports, Fitch must rely on the work of experts, including independent auditors with respect to financial statements and attorneys with respect to legal and tax matters. Further, ratings and forecasts of financial and other information are inherently forward-looking and embody assumptions and predictions about future events that by their nature cannot be verified as facts. As a result, despite any verification of current facts, ratings and forecasts can be affected by future events or conditions that were not anticipated at the time a rating or forecast was issued or affirmed.

The information in this report is provided "as is" without any representation or warranty of any kind, and Fitch does not represent or warrant that the report or any of its contents will meet any of the requirements of a recipient of the report. A Fitch rating is an opinion as to the creditworthiness of a security. This opinion and reports made by Fitch are based on established criteria and methodologies that Fitch is continuously evaluating and updating. Therefore, ratings and reports are the collective work product of Fitch and no individual, or group of individuals, is solely responsible for a rating or a report. The rating does not address the risk of loss due to risks other than credit risk, unless such risk is specifically mentioned. Fitch is not engaged in the offer or sale of any security. All Fitch reports have shared authorship. Individuals identified in a Fitch report were involved in, but are not solely responsible for, the opinions stated therein. The individuals are named for contact purposes only. A report providing a Fitch rating is neither a prospectus nor a substitute for the information assembled, verified and presented to investors by the issuer and its agents in connection with the sale of the securities. Ratings may be changed or withdrawn at any time for any reason in the sole discretion of Fitch. Fitch does not provide investment advice of any sort. Ratings are not a recommendation to buy, sell, or hold any security. Ratings do not comment on the adequacy of market price, the suitability of any security for a particular investor, or the tax-exempt nature or taxability of payments made in respect to any security. Fitch receives fees from issuers, insurers, guarantors, other obligors, and underwriters for rating securities. Such fees generally vary from US\$1,000 to US\$750,000 (or the applicable currency equivalent) per issue. In certain cases, Fitch will rate all or a number of issues issued by a particular issuer, or insured or guaranteed by a particular insurer or

guarantor, for a single annual fee. Such fees are expected to vary from US\$10,000 to US\$1,500,000 (or the applicable currency equivalent). The assignment, publication, or dissemination of a rating by Fitch shall not constitute a consent by Fitch to use its name as an expert in connection with any registration statement filed under the United States securities laws, the Financial Services and Markets Act of 2000 of the United Kingdom, or the securities laws of any particular jurisdiction. Due to the relative efficiency of electronic publishing and distribution, Fitch research may be available to electronic subscribers up to three days earlier than to print subscribers.

For Australia, New Zealand, Taiwan and South Korea only: Fitch Australia Pty Ltd holds an Australian financial services license (AFS license no. 337123) which authorizes it to provide credit ratings to wholesale clients only. Credit ratings information published by Fitch is not intended to be used by persons who are retail clients within the meaning of the Corporations Act 2001.

Fitch Ratings, Inc. is registered with the U.S. Securities and Exchange Commission as a Nationally Recognized Statistical Rating Organization (the "NRSRO"). While certain of the NRSRO's credit rating subsidiaries are listed on Item 3 of Form NRSRO and as such are authorized to issue credit ratings on behalf of the NRSRO (see <https://www.fitchratings.com/site/regulatory>), other credit rating subsidiaries are not listed on Form NRSRO (the "non-NRSROs") and therefore credit ratings issued by those subsidiaries are not issued on behalf of the NRSRO. However, non-NRSRO personnel may participate in determining credit ratings issued by or on behalf of the NRSRO.

SOLICITATION STATUS

The ratings above were solicited and assigned or maintained by Fitch at the request of the rated entity/issuer or a related third party. Any exceptions follow below.

ENDORSEMENT POLICY

Fitch's international credit ratings produced outside the EU or the UK, as the case may be, are endorsed for use by regulated entities within the EU or the UK, respectively, for regulatory purposes, pursuant to the terms of the EU CRA Regulation or the UK Credit Rating Agencies (Amendment etc.) (EU Exit) Regulations 2019, as the case may be. Fitch's approach to endorsement in the EU and the UK can be found on Fitch's [Regulatory Affairs](#) page on Fitch's website. The endorsement status of international credit ratings is provided within the entity summary page for each rated entity and in the transaction detail pages for structured finance transactions on the Fitch website. These disclosures are updated on a daily basis.
