

The 4th edition of the Finance for All prizes under the Financial Education Plan is launched

6 June 2019

The 4th edition of the Finance for All prizes under the Financial Education Plan sponsored by the National Securities Market Commission (CNMV) and the Banco de España has been launched.

The aim of these prizes is to promote excellence in financial education initiatives developed in Spain, acknowledging the work of institutions and individuals that have demonstrated exceptional dedication and commitment in this area.

The Finance for All prizes comprise two categories: a prize for the best financial education initiative, and a prize for implementation of the Financial Education Plan.

The first category is open to all individuals or legal entities that have set in train, since 1 January 2018, financial education initiatives that are significant on account of their social outreach or their novelty value.

The second category is open to all partner institutions of the Financial Education Plan that have been prominent in promoting and disseminating the national financial education strategy since 1 January 2018.

The Finance for All prizes will be judged on 20 September 2019 by a panel made up of three officials representing the Banco de España, the National Securities Market Commission (CNMV) and the Directorate General of Insurance and Pension Funds.

The prizes will be awarded at the Banco de España headquarters in Madrid on 7 October 2019 during the main ceremony of the fifth edition of Financial Education Day.

Candidates may submit their applications from 3 June to 14 September 2019, both inclusive. They should send the information requested to: finanzasparatodos@cnmv.es.
