(1) Basis of presentation - homogenized local accounting criteria: The figures and data contained in this document, based on homogenized local accounting criteria, have been obtained from the financial statements prepared by Mapfre Group companies, according to the accounting principles in force in each country. In order to achieve consistency in results and ratios across units and regions, certain adjustments have been made to figures, the most relevant being the following: the elimination of goodwill amortization in Spain and the removal of catastrophic reserves in some Latin American countries.

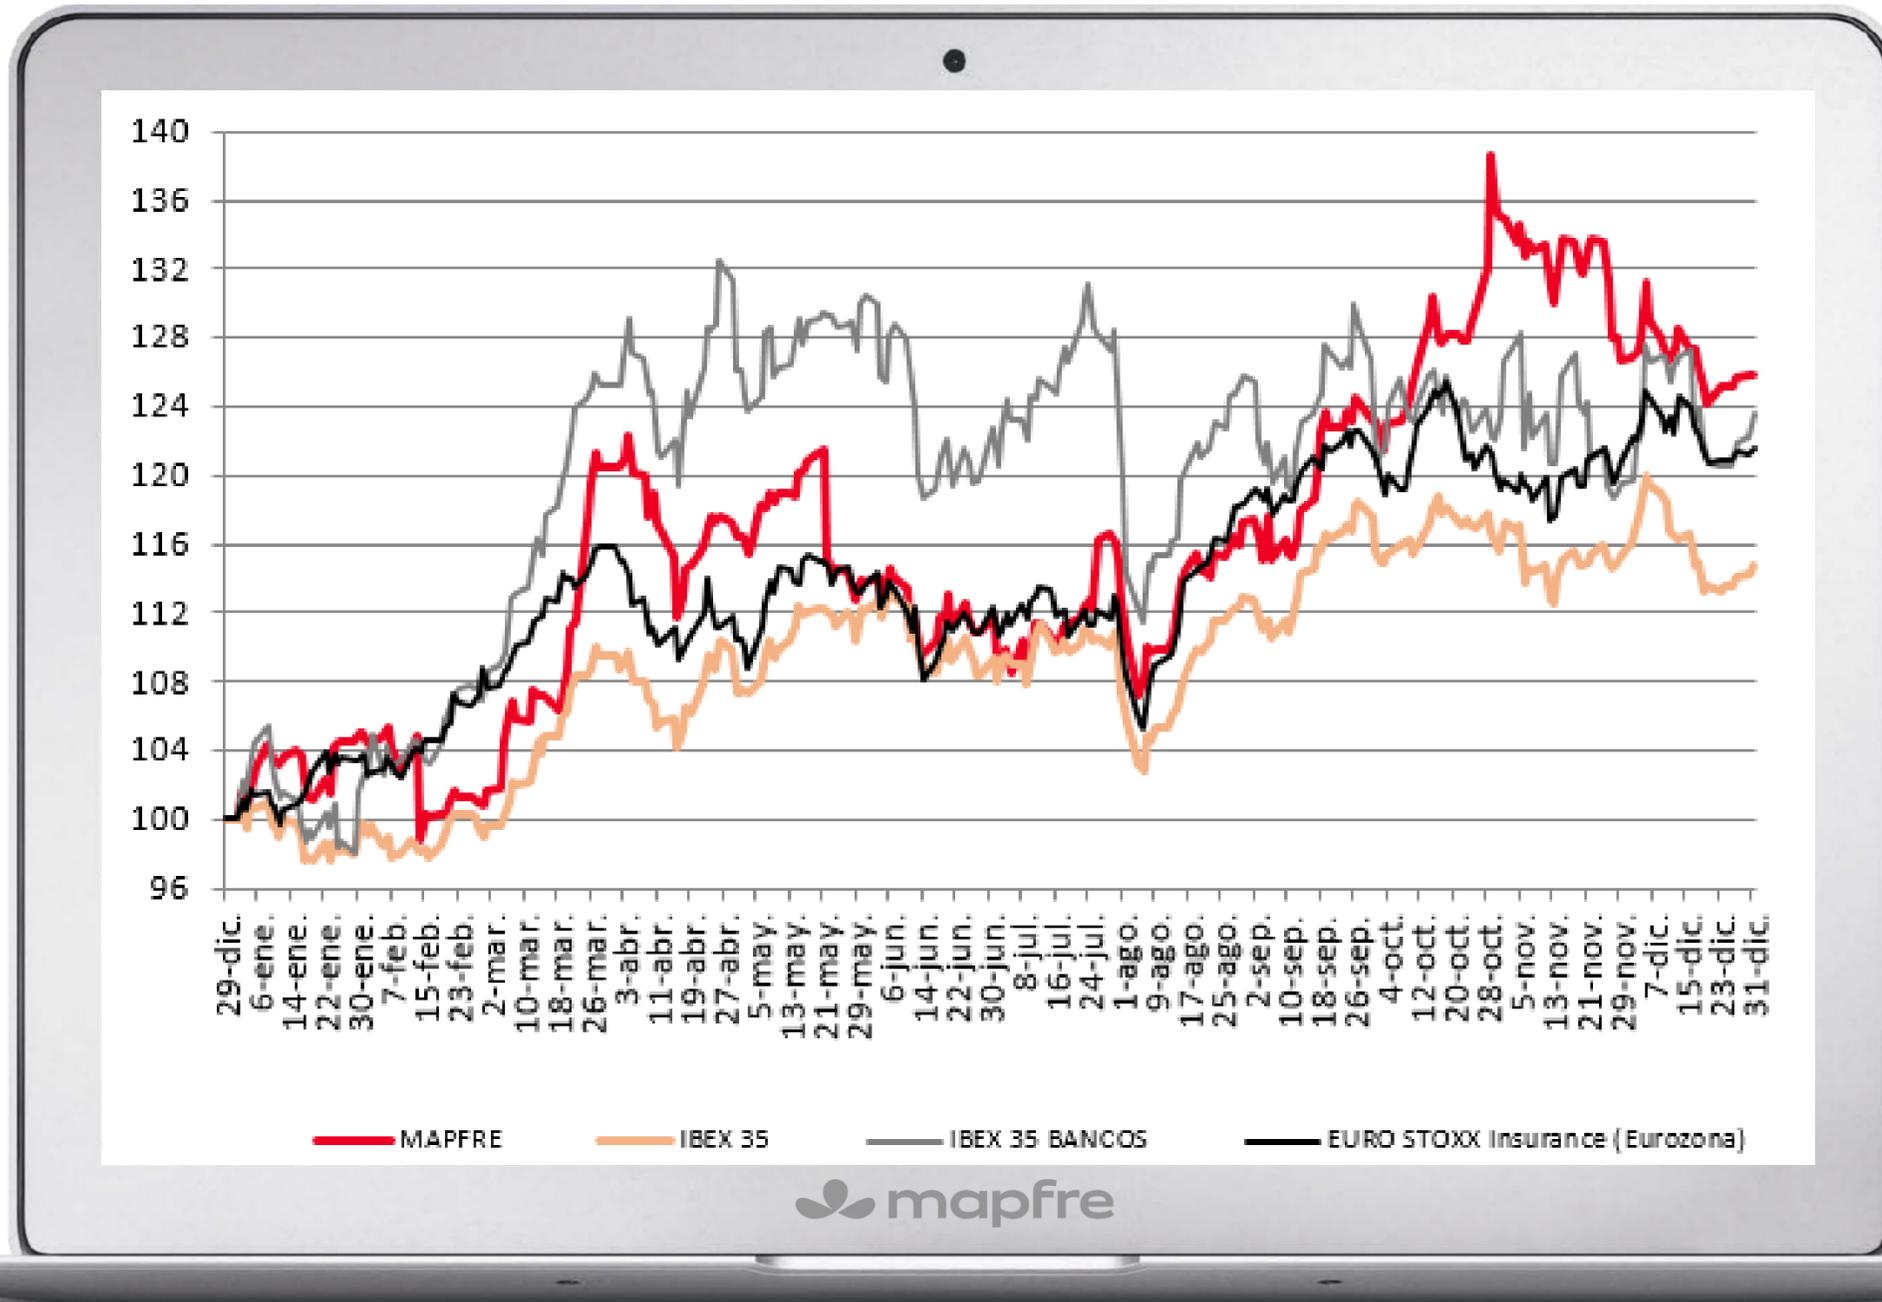

(2) (2) The comparative data reflect the figures presented by the Group under international accounting principles. For more details, refer to IFRS 9 and 17 in Mapfre's 2025 Consolidated Annual Accounts.
