OTHER RELEVANT INFORMATION

COX ABG GROUP, S.A.

In relation to information published today by a media outlet, the Company denies that the execution of a capital increase is envisaged, either for the purpose of financing the acquisition from Hidrola I, S.L. (Sole Shareholder), a wholly-owned subsidiary of Iberdrola, S.A., of the entire share capital of its subsidiary Iberdrola México, S.A. de C.V., a sub-holding company which directly or indirectly holds the energy businesses and assets of the Iberdrola group in Mexico (the "Transaction"), or for any other purpose.

The Transaction is expected to close under the same financial and corporate structure terms as those detailed by Cox in the Capital Markets Day 2025 presentation published on 16 October 2025 through the corresponding disclosure of "inside information" (registration number 2939), and reiterated in the 2025 results presentation published on 26 February 2026 through the corresponding disclosure of "other relevant information" (registration number 39224).

As set out in those terms, the financing structure of the Transaction combines syndicated bank financing, which has already been secured—as communicated to the market on 26 January 2026 through the corresponding disclosure of "other relevant information" (registration number 38618)—together with contributions of equity and hybrid capital instruments, with no capital increase having been contemplated at any time as part of such structure.

The Company will duly inform the market of the closing of the Transaction in due course.

In Madrid, Spain, on 12 March 2026.
