### COX

#### **Cox and AMEA Power launch a joint venture to accelerate water and energy infrastructure projects in the Middle East and Africa**

**Cox** announces that it has entered into an agreement with AMEA Power to establish a joint venture focused on developing, executing, and managing strategic water and energy infrastructure projects in the Middle East and Africa.

**AMEA Power**, headquartered in Dubai, is one of the leading renewable energy companies, in Africa and the Middle East's energy transition. With presence in more than 20 countries, and a project pipeline exceeding 6 GW, the company has more than 2,600 MW in operation and under construction.

The joint venture will combine Cox's expertise in the development of desalination plants with AMEA Power's leadership in renewable energy generation. This partnership will allow Cox to strengthen its presence in key markets by combining its technical, operational, and financial capabilities with a **strategic partner**.
