Gestamp appoints Ana Fuentes as new Chief Financial Officer (CFO)

Madrid, 29 May 2026.- Gestamp, the multinational specialized in the design, development and manufacture of highly engineered metal components for the automotive industry, has today appointed Ana Fuentes as Chief Financial Officer (CFO). Until now, Fuentes had been serving as Director of Investor Relations and M&A. The appointment will become effective as of today

Ignacio Mosquera, who has served as Chief Financial Officer (CFO) of Gestamp to date, will step down to pursue new professional challenges after leading a key phase of strengthening and financial consolidation for the Group. During this period, the company reduced its leverage below a net debt-to-EBITDA ratio of 1.5x through a refinancing plan that significantly reinforced its financial structure. Gestamp would like to thank Ignacio Mosquera for his commitment, leadership and contribution to the company's financial consolidation over the past four years and wishes him every success in their future endeavors.

"It has been a privilege to work at Gestamp alongside such a committed and talented team. I take with me four years of learning and projects that I am deeply proud of. I leave the finance area in excellent hands and with the satisfaction of having helped build a strong team," said Mosquera.

The appointment of Ana Fuentes takes place within the framework of a planned transition following Ignacio Mosquera's decision to pursue new projects. It is also part of the company's ongoing organizational and leadership evolution, which will enable it to further strengthen its financial and strategic capabilities in a context of transformation in the automotive industry and increasing competitive demands.

Fuentes has extensive experience in financial markets, corporate strategy, investor relations and mergers and acquisitions (M&A), combining a strong financial perspective with deep knowledge of the company, its business and the Group's culture.

Fuentes joined Gestamp in 2020, where she has led the Investor Relations area. During this period, Fuentes has been responsible for the relation with investors, analysts and rating agencies, as well as for some of the Group's key financial and strategic milestones, including the Capital Markets Days held in 2021 and 2023. In 2024, she also assumed responsibility for the M&A area, contributing to strengthening the company's strategic analysis capabilities and the evaluation of growth opportunities, enhancing its competitive positioning and global market insight.

Prior to joining Gestamp, Fuentes developed her professional career at Parques Reunidos, Alantra and BPI, always in roles linked to strategic planning, financial analysis, capital markets and investor relations. She holds a degree in Law and Business Administration from ICADE (Comillas Pontifical University).

With this appointment, Gestamp reinforces its commitment to internal talent and management continuity, aligned with its long-term strategic and financial priorities.

About Gestamp

Gestamp is a multinational specialized in the design, development, and manufacture of highly engineered metal components for the main vehicle manufacturers. It develops products with an innovative design to produce lighter and safer vehicles, which offer lower energy consumption and a lower environmental impact. Its products cover the areas of BiW, chassis and mechanisms.

The company is present in 24 countries with 115 production plants (5 of those under construction), 13 R&D centers and a workforce of more than 42,400 employees worldwide. Its turnover in 2025 amounted to €11.3 billion. Gestamp is listed on the Spanish stock exchange under the ticker GEST.
