

AUDAX RENOVABLES, S.A.

In accordance with the provisions of Article 227 of the Consolidated Text of the Securities Market Act, approved by Royal Legislative Decree 4/2015, of October 23, Audax Renovables, S.A. (hereinafter the "**Company**" or "**Audax Renovables**") hereby communicates the following:

OTHER RELEVANT INFORMATION

Audax Renovables (ADX.MC), an energy group that integrates the businesses of electricity and gas retail and 100% renewable electricity generation, announces that the Board of Directors has approved the update of its Reference Regulatory Framework for Green Financing (Green Financing Framework), in force since June 2020.

Through this update of the Green Financing Framework, the Company confirms its commitment to sustainable growth in environmental and development matters in accordance with the Group's sustainability policies and practices.

Audax Renovables has updated and adapted the analysis of its capacity to integrate Environmental, Social, and Corporate Governance (ESG) factors into its strategy to current regulations.

This update has been carried out with the aim of optimising the cost of its debt, diversifying its sources of financing, and aligning its financial strategy with its mission and sustainability values. According to the independent rating agency Sustainable Fitch, the new Green Financing Framework of Audax Renovables complies with the requirements established by the International Capital Market Association (ICMA), thus obtaining the highest level of compliance.

By aligning with the principles of the Green Financing Framework established by the ICMA, the Group is committed to ensure that the funds obtained through this new Green Financing Framework are allocated to investments in projects that meet the Sustainable Development Goals (SDGs). The usage of these funds will be validated by both Audax Renovables and an independent rating agency.

As previously mentioned, in order to obtain this rating, Audax Renovables has relied on the analysis of Sustainable Fitch as an independent rating agency, this being one of the leading independent international providers of valuation, research, and opinion on Environmental, Social, and Governance (ESG) aspects for investors and public and private organisations.

Sustainable Fitch concludes on the contribution of Audax Renovables' new Green Financing Framework, issuing a Second Party Opinion (SPO) and granting the company an Excellent alignment level, which is the highest on a scale of four.

Badalona, on 4 March 2025

Francisco José Elías Navarro
Chairman of the Board of Directors
of Audax Renovables, S.A.
