In accordance with article 226 of the consolidated text of the Spanish Stock Market Act approved by the Legislative Royal Decree 4/2015 of 23 October, Codere, S.A. (the "**Company**"), hereby informs of the following:

INSIDE INFORMATION

Restructuring

As referred to in its inside information announcement dated 22 April 2021 (register number 849), the Company has entered into a lock-up agreement (the "**Lock-Up Agreement**") with certain of the holders of the €353m super senior secured notes due 2023 (the "**Super Senior Notes**") issued by Codere Finance 2 (Luxembourg) S.A. (the "**Issuer**") and the originally €500m and $300m senior secured notes due 2023 (the "**Senior Notes**", and the holders thereof the "**Senior Noteholders**"; and together with the Super Senior Notes, the "**Notes**"; and the holders thereof, the "**Noteholders**") co-issued by the Issuer and Codere Finance 2 (UK) Limited. The Lock-Up Agreement commits the parties to implement a restructuring transaction (the "**Restructuring**") on the terms and subject to the conditions set out in the Lock-Up Agreement. GLAS Specialist Services Limited has been engaged by the Company to act as its information agent in connection with the Restructuring.

Consent Solicitation and offering of New Money Notes

As referred to in the Company's other relevant information announcement dated 2 July 2021 (register number 10446), the Restructuring is to be implemented by way of a consent solicitation (the "**Consent Solicitation**") and related contractual steps. In accordance with the Lock-Up Agreement, the Company has worked with an ad hoc committee of its largest Noteholders, together with its and their respective advisers, to develop the detailed documentation necessary to implement the Restructuring, and has now agreed the form of an offer and consent solicitation memorandum (the "**OCSM**"). Among other things, the OCSM describes the terms on which the Restructuring will be implemented, and annexes the forms of definitive documents which will be used to give the Restructuring effect. A copy of the OCSM is attached to this announcement.

Timeline

As further described in the OCSM:

- The deadline for Noteholders to deliver voting instructions in response to the Consent Solicitation is 4.00pm (London time) on 18 October 2021.
- The deadline for eligible Senior Noteholders to elect to subscribe for a share of the €128,866,000 of new Super Senior Notes (the "**New Money Notes**") offered in connection with the Restructuring is 4.00 p.m. (London time) on 18 October 2021. Senior Noteholders may elect to subscribe for an amount equal to, more than or less than their *pro rata* share of the New Money Notes. However, the Noteholders of the Senior Notes (or their nominees) must have satisfied certain KYC requirements by 11 October 2021 in order to participate.
- The Restructuring is expected to complete on 5 November 2021. The Company hereby gives notice that:
    - An agreement to extend the Long Stop Date under and as defined in the Lock-Up Agreement to 30 November has been reached with the required parties thereunder.
    - The Issuer expects the interest payment on the Super Senior Notes that will fall due on 30 September 2021 to be paid on completion of the Restructuring. The required parties under the Lock-Up Agreement have agreed a two-week waiver of the termination right that the Majority Consenting Noteholders and the Majority NMT Backstop Providers (each as defined in the Lock-Up Agreement) would otherwise have had as a result of the failure to pay interest on the Super Senior Notes within the grace period provided for in the indenture for the Super Senior Notes.

The Company reminds all Noteholders who are party to the Lock-Up Agreement that they are contractually committed to issue instructions in favour of the Consent Solicitation, and that they should contact their

custodian, bank, depositary, broker, trust company or other nominee to ensure that these instructions are issued without delay.

Liquidation of the Company

Following completion of the Restructuring, the Company (i.e. Codere, S.A) expects that it will no longer be able to continue as a going concern. Accordingly, and as referred to in its inside information announcement dated 22 April 2021 (register number 849), the Company expects to enter into a liquidation process once the Restructuring is complete. More specifically, the Company expects its board of directors to convene a general meeting of its shareholders in order to approve the dissolution and the opening of the liquidation period of the Company (i.e. Codere, S.A.).

The Company had previously expected that, subject to detailed structuring (to be agreed), it may be possible for the shareholders to receive their payment in the liquidation either in cash or in the form of shares and warrants issued by the new top holding company for the restructured group. Following further legal and regulatory analysis the Company no longer expects this optionality to be possible, and instead now expects all of its shareholders to receive any distributions in cash.

The Issuers and the current parent company and guarantor, Codere S.A., a limited company incorporated under the laws Spain ("**Codere, S.A.**"), upon the terms and subject to the conditions set forth in this offering and consent solicitation memorandum (as the same may be amended, supplemented or modified from time to time, this "**Offering and Consent Solicitation Memorandum**"), are seeking to implement a restructuring transaction described therein (the "**Restructuring**") involving the holders of (i) the 9.50% cash/10.75% PIK senior notes due 2023 (the "**Existing Senior Notes (EUR)**"), (ii) the 10.375% cash/11.625% PIK senior notes due 2023 (the "**Existing Senior Notes (USD)**" and together with the Existing Senior Notes (EUR), the "**Existing Senior Notes**") both issued pursuant to an amended and restated indenture dated as of October 30, 2020, as amended and supplemented from time to time including pursuant to the terms hereof) (the "**Existing Senior Notes Indenture**") and (iii) the 10.750% super senior notes due 2023 (the "**Existing Super Senior Notes**" and together with the Existing Senior Notes the "**Existing Notes**") issued pursuant to an indenture dated July 29, 2020, as amended and supplemented from time to time including pursuant to the terms hereof (the "**Existing Super Senior Notes Indenture**"), each issued by the Lux Issuer with the UK Co-Issuer being a co-issuer in respect of the Existing Senior Notes only. We refer to the holders of the Existing Senior Notes as the "**Existing Senior Noteholders**" and holders of the Existing Super Senior Notes as the "**Existing Super Senior Noteholders**" (and together with the Existing Senior Noteholders, the "**Existing Noteholders**").

The Restructuring comprises a number of inter-conditional transactions. The sequence of steps required to implement the Restructuring and the conditions that must be satisfied or waived in order for the Restructuring to become effective are fully described in a restructuring implementation deed set forth in Annex I (the "**Restructuring Implementation Deed**"), which will be signed by the relevant parties following the Expiration Date. The Restructuring will result in the operating part of the Codere group, i.e. Codere Luxembourg 2 S.à r.l ("**Luxco 2**") and its subsidiaries (the "**Continuing Group**"), being transferred to a new holding company which will be incorporated prior to the NMT Issue Date ("**New Holdco**"). New Holdco will be a wholly owned subsidiary of another Luxembourg company ("**New Midco**"), which will be a wholly owned subsidiary of another Luxembourg company to be incorporated as a *Société Anonyme* ("**New Topco**"). After completion of the Restructuring, 95% of New Topco will be owned by the Existing Senior Noteholders and 5% of New Topco will be owned by Luxco 1.

As part of the Restructuring, the Issuers are seeking the Consents of the Existing Senior Noteholders to certain proposed amendments in order to amend the Existing Senior Notes. It is proposed to first amend the Existing Senior Notes pursuant to a supplemental indenture substantially as set forth in Annex N (the "**Pre-Restructuring Senior Notes Supplemental Indenture**") to permit the incurrence of the NMT Notes (as defined below) and the entry into a refinancing agreement substantially in the form set forth in Annex J (the "**Refinancing Agreement**"), to disapply the change of control put option in connection with the Enforcement Transfer (as defined below), and to effect certain other changes to facilitate the Restructuring (the "**Pre-Restructuring Proposed Senior Amendments**"). On the Restructuring Effective

Date, the Existing Senior Notes are expected to be amended into three tranches, as follows: (i) a tranche of principal amount equal to 25% of the then outstanding aggregate principal amount of the Existing Senior Notes (including all PIK interest accrued thereon) (expected to be approximately USD80,500,426 and EUR133,024,089 (the "**Reinstated Senior Notes**"), which will remain outstanding as debt of the Lux Issuer on terms that reflect an extension of the maturity of the Existing Senior Notes, a reduction in the amount of cash interest, an increase in the amount of PIK interest payable in respect of each series of Existing Senior Notes, an amendment to allow the redemption provisions of the Existing Senior Notes to be amended, waived or modified in connection with a transaction involving a Change of Control (as defined in the A&R Senior Notes Indenture, as defined below) by a vote of 60% of the holders of the Existing Senior Notes and the amendment of certain covenants in the Existing Senior Notes Indenture, (ii) a tranche of principal amount equal to 29% of the then outstanding aggregate principal amount of the Existing Senior Notes (including all PIK interest accrued thereon) and an amount equal to all accrued but unpaid cash interest on the Existing Senior Notes as at the Restructuring Effective Date (the "**PIK Principal Amount**") (expected to be approximately EUR250,000,000 in aggregate) (the "**SSN Convertible PIK Tranche**") which will be mandatorily convertible into subordinated PIK notes (the "**Subordinated PIK Notes**") issued by New Holdco and (iii) a tranche of principal amount equal to the balance of the then outstanding aggregate principal amount of the Existing Senior Notes (the "**Write-Down Amount**") (expected to be approximately EUR370,000,000) (the "**SSN Convertible Equity Tranche**, together with the Reinstated Senior Notes and the SSN Convertible PIK Tranche, the "**Amended Senior Notes**") that is mandatorily convertible into 100% of the ordinary A shares in *New Topco* ("**New Topco A Shares**") (collectively the "**Restructuring Proposed Senior Amendments**" and together with the Pre-Restructuring Proposed Senior Amendments, the "**Proposed Senior Amendments**"). The Restructuring Proposed Senior Amendments will become effective upon execution of (i) an amended and restated Senior Notes indenture (the "**A&R Senior Notes Indenture**") and (ii) a Subordinated PIK Notes indenture (the "**Subordinated PIK Notes Indenture**"), which will occur, in accordance with the Restructuring Implementation Deed, on the Restructuring Effective Date after the receipt of the Required Consents and the satisfaction or waiver of the Restructuring Implementation Conditions (as defined below). As described above, PIK interest that has accrued on the Existing Senior Notes up to the Restructuring Effective Date will be capitalized on the Restructuring Effective Date and cash interest that has accrued on the Existing Senior Notes up to the Restructuring Effective Date but remains unpaid will not be paid in cash but will be capitalized and will form part of the SSN Convertible PIK Tranche and ultimately be converted into Subordinated PIK Notes.

On the Restructuring Effective Date: (i) the Lux Issuer and New Holdco will deliver a mandatory conversion notice in respect of the SSN Convertible PIK Tranche and New Holdco will issue the Subordinated PIK Notes to those Existing Senior Noteholders that are Accepted Senior Noteholders (as defined below) (or their Nominated Recipient(s) (as defined below)) and GLAS Trustees Limited as holding period trustee (the "**Holding Period Trustee**") in respect of any Existing Senior Noteholders that are not Accepted Senior Noteholders, as applicable, in satisfaction of the amounts outstanding under the SSN Convertible PIK Tranche which shall be immediately discharged, and (ii) the Lux Issuer and New Topco will deliver a mandatory conversion notice in respect of the SSN Convertible Equity Tranche and New Topco will issue the New Topco A Shares to the Existing Senior Noteholders that are Accepted Senior Noteholders or their Nominated Recipient(s) and the Holding Period Trustee in respect of any Existing Senior Noteholders that are not Accepted Senior Noteholder, as applicable, in satisfaction of the amounts outstanding under the SSN Convertible Equity Tranche, which shall be immediately discharged. Therefore, on the Restructuring Effective Date, each Accepted Senior Noteholder will be entitled to receive its *pro rata* share of (i) the Subordinated PIK Notes and (ii) the New Topco A Shares (the "**Restructuring Instruments**," each as a proportion of its Existing Senior Notes as at the Expiration Date (its "**Restructuring Instrument Entitlement**"). For the purposes of calculating the Restructuring Instrument Entitlements, each Accepted Senior Noteholder's pro rata share of (i) the Subordinated PIK Notes and (ii) the New Topco A Shares will be rounded up or down to the nearest EUR1.00 or one share, respectively.

The Reinstated Senior Notes in respect of any Existing Senior Noteholders that are not Accepted Senior Noteholders shall, on and from the Restructuring Effective Date, be held by the Holding Period Trustee on trust in accordance with the terms of the Holding Period Trust Deed. In order to receive their Reinstated Senior Notes after the Restructuring Effective Date, Existing Senior Noteholders that are not Accepted Senior Noteholders will be required to liaise with, and provide the necessary documentation to, the Holding Period Trustee as required by the Holding Period Trust Deed.

In order to receive its Restructuring Instruments on the Restructuring Effective Date, an Existing Senior Noteholder must not be an Ineligible Person and must (A) complete the Account Holder Letter set forth in Annex E hereto and deliver it to the Information Agent on or prior to the Expiration Date, (B)

execute and/or deliver (whether as a deed or otherwise, and including, if applicable, before a notary in any jurisdiction), all such documents as are required pursuant to the Account Holder Letter for it to receive its Restructuring Instrument Entitlements on the Restructuring Effective Date, including a subscription form in relation to the New Topco A Shares (a "**Subscription Form**") and a deed of adherence (a "**Shareholders' Agreement Deed of Adherence**") to the Shareholders' Agreement (as defined below) and (C) provide all relevant KYC Documentation (set out in Annex D) required by the PIK Notes Trustee and Intertrust (the "**Share Registrar**") to the Information Agent in order to clear all "know your customer" checks required in order to receive its Restructuring Instruments, unless the Information Agent has notified the relevant Existing Senior Noteholder in writing prior to the Expiration Date that it has previously cleared all "know your customer" checks in relation to that Existing Senior Noteholder (together, the "**Qualifying Documentation**").

All Existing Senior Noteholders must contact the Information Agent by email at lm@glas.agency Ref: Codere 2021 in order to gain access to the GLAS Portal at which Qualifying Documentation can be submitted.

If an Existing Senior Noteholder wishes to nominate one or more affiliates or related funds (a "**Nominated Recipient**") to receive its Restructuring Instruments, such Existing Senior Noteholder must (A) by the Expiration Date return to the Information Agent a duly executed and completed Account Holder Letter, a copy of which is attached hereto as Annex E, identifying its Nominated Recipient(s), who must not be an Ineligible Person; and (B) procure that its Nominated Recipient(s) executes and/or delivers (whether as a deed or otherwise, and including, if applicable, before a notary in any jurisdiction), such documents as are required pursuant to the Account Holder Letter for it to receive the Restructuring Instrument Entitlement of the Existing Senior Noteholder on the Restructuring Effective Date, including a Subscription Form and a Shareholders' Agreement Deed of Adherence, and provides to the Information Agent all relevant KYC Documentation required by the Subordinated PIK Notes Trustee and the Share Registrar in order to clear all "know your customer" checks required in order to receive the relevant Restructuring Instrument Entitlement, unless the Information Agent has notified the Nominated Recipient(s) in writing prior to the Expiration Date that it has previously cleared all "know your customer" checks in relation to that Nominated Recipient.

As part of the Restructuring, the Consents of the Existing Super Senior Noteholders to certain proposed amendments are also being sought in order to amend the Existing Super Senior Notes. It is proposed to first amend the Existing Super Senior Notes pursuant to a supplemental indenture substantially in the form set forth in Annex M (the "**Pre-Restructuring Super Senior Notes Supplemental Indenture**") to permit the incurrence of the NMT Notes (as defined below) and the entry into the Refinancing Agreement, to disapply the change of control put option in connection with the Enforcement Transfer, and to effect certain other changes to facilitate the Restructuring (the "**Pre-Restructuring Proposed Super Senior Amendments**"). On the Restructuring Effective Date, it is proposed to amend the Existing Super Senior Notes on terms that reflect an extension of the maturity of the Existing Super Senior Notes, a reduction in the amount of cash interest, an increase in the amount of PIK interest payable in respect of the Existing Super Senior Notes, an amendment to allow the redemption provisions of the Existing Super Senior Notes to be amended, waived or modified in connection with a transaction involving a Change of Control (as defined in the A&R Super Senior Notes Indenture, as defined below) by a vote of 60% of the holders of the Existing Super Senior Notes and the amendment of certain covenants in the Existing Super Senior Notes Indenture (the "**Restructuring Proposed Super Senior Amendments**" and together with the Pre-Restructuring Proposed Super Senior Amendments, the "**Proposed Super Senior Amendments**"). The Restructuring Proposed Super Senior Amendments will become effective upon execution of an amended and restated indenture to the Existing Super Senior Notes Indenture substantially in the form set forth in Annex A (the "**A&R Super Senior Notes Indenture**"), which will occur in accordance with Restructuring Implementation Deed, on the Restructuring Effective Date after the receipt of the Required Consents and the satisfaction or waiver of the Restructuring Implementation Conditions (as defined below). On the Restructuring Effective Date, cash interest that has accrued on the Existing Super Senior Notes up to the Restructuring Effective Date but remains unpaid will be paid in cash and all notes issued under the Existing Super Senior Notes Indenture will be amended to constitute the "**Amended Super Senior Notes**" (together with the Amended Senior Notes, the "**Amended Notes**"), and the Existing Super Senior Noteholders will each hold their *pro rata* share of the Amended Super Senior Notes in proportion to its holdings of Existing Super Senior Notes as at the Expiration Date. Existing Super Senior Noteholders wishing to Consent to the Proposed Super Senior Amendments must complete the Account Holder Letter set forth in Annex E hereto and deliver it to the Information Agent on or prior to the Expiration Date. The Proposed Senior

Amendments and the Proposed Super Senior Amendments are herein referred to as the "**Proposed Amendments.**"

In addition, certain other consents are being sought from the Existing Noteholders (the "**Additional Consents**"). By giving the Additional Consents (being the Additional Senior Consents and the Additional Super Senior Consents (each as defined below)), the Existing Noteholders will provide their consent to, and the instructions required by the Existing Notes Trustees (as defined herein) and the Security Agent (as defined herein) to take the steps and actions required to implement the Restructuring (other than the amendments to the Existing Notes in respect of which the relevant consents are given pursuant to the Proposed Amendments) as set out in or contemplated by the Restructuring Implementation Deed (as defined below) or otherwise required for the implementation of the Restructuring. Such steps and actions include, amongst others, entry into the Restructuring Implementation Deed, entry into the Refinancing Agreement on behalf of the Existing Noteholders, the enforcement of the Luxco 2 Share Pledge and transfer of the Luxco 2 Shares to New Holdco and the entry into the A&R Intercreditor Agreement. See "*Description of the Consent Solicitation—Additional Senior Consents.*" *and* "*Description of the Consent Solicitation—Additional Super Senior Consents.*" See "*Description of the Consent Solicitation—Additional Senior Consents*" *and* "*Description of the Consent Solicitation—Additional Super Senior Consents*."

Under the terms of the Lock-Up Agreement, Existing Noteholders may also be eligible to receive the Early Bird Consent Fee and/or Consent Fee, each as defined in the Lock-Up Agreement, which are cash fees to be paid by the Lux Issuer on the Restructuring Effective Date. In order to receive any Early Bird Consent Fee and/or Consent Fee to which it is entitled, an Existing Noteholder must (A) inform its custodial entity, which may be a bank, broker, dealer, trust company or other nominee, of its interest in consenting to the Proposed Amendments and instruct its nominee to submit its Consents on or prior to the Expiration Date and (B) complete the Account Holder Letter set forth in Annex E hereto and deliver it to the Information Agent on or prior to the Expiration Date.

On the Restructuring Effective Date, holders of the Bridge Notes (as defined below) will be eligible to receive the NSSN Deferred Issue Fee Amount (as defined in the Restructuring Implementation Deed) in cash.

The consent solicitation with respect to the Proposed Senior Amendments, the Proposed Super Senior Amendments, the Additional Senior Consents, and the Additional Super Senior Consents is referred to herein as the "**Consent Solicitation**."

As described more fully in this Offering and Consent Solicitation Memorandum, the consummation of the Restructuring is subject to satisfaction or waiver of certain conditions (the "**Restructuring Implementation Conditions**"), including, among others, the Required Consent Condition. Under the Required Consent Condition, Consents must be received from Existing Noteholders holding not less than 90% of the then outstanding (as determined in accordance with the relevant Existing Notes Indentures) aggregate principal amount of each of (i) the Existing Senior Notes (EUR), (ii) the Existing Senior Notes (USD) and (iii) the Super Senior Notes (as applicable) in order to effect the Proposed Senior Amendments, the Proposed Super Senior Amendments and the Additional Consents (as applicable) in the manner contemplated by the Consent Solicitation (the "**Required Consents**"). (2) ***NMT Notes Offer***

As part of the Restructuring, each Existing Senior Noteholder is entitled to purchase a share of the EUR128,866,000 new money tranche notes due 2023 (the "NMT Notes"), which are expected to be issued by the Lux Issuer on the Business Day ("Business Day" being a working day in all of the following jurisdictions: the United States, the United Kingdom, Spain and Luxembourg) prior to the Restructuring Effective Date (the "NMT Issue Date") pursuant to the Existing Super Senior Notes Indenture (as defined below) pursuant to the purchase agreement for

the NMT Notes Offer available from the Information Agent (the "NMT Notes Offer Purchase Agreement"). An Existing Senior Noteholder may elect to purchase an amount equal to its *pro rata* share of the NMT Notes ("NMT Notes Entitlement") relative to the principal amount of all Existing Senior Notes beneficially held by such Existing Senior Noteholder as at the NMT Notes Offer Subscription Deadline (defined below) (the "Record Time") or more than or less than its NMT Notes Entitlement. In order to do so, an Existing Senior Noteholder must (A) by no later than October 18, 2021 (the "NMT Notes Offer Subscription Deadline"), (i) return to the Information Agent a duly executed and completed Account Holder Letter by uploading it to the GLAS Portal, a copy of which is attached hereto as Annex E, including a Custody Instruction Reference Number as provided by Clearstream ("Custody Instruction Reference Number"), setting out the amount of NMT Notes it wishes to purchase; and (ii) execute and/or deliver (whether as a deed or otherwise, and including, if applicable, before a notary in any jurisdiction) and upload to the GLAS Portal, all such documents as are required pursuant to the Account Holder Letter for it to purchase the relevant amount of NMT Notes, including an accession letter to the NMT Notes Offer Purchase Agreement (a "Purchaser Accession Letter"), and provide all relevant KYC Documentation (set out in Annex D) required of it to the Information Agent by the NMT Notes KYC Clearance Deadline in order to clear all "know your customer" checks required by the Information Agent, unless the Information Agent has notified the relevant Existing Senior Noteholder in writing prior to the NMT Notes KYC Clearance Deadline that all "know your customer" checks in relation to that Existing Senior Noteholder have been cleared by the Expiration Date; and (B) by no later than October 26, 2021 (the "NMT Notes Escrow Funding Deadline"), deposit the funds necessary for its proposed purchase of NMT Notes with the Escrow Agent (as defined in the Escrow Deed). See "*Description of the NMT Notes Offer—NMT Notes Documentation*."

If an Existing Senior Noteholder wishes to nominate one or more affiliates or related funds that hold an account holder with the same account number as the Existing Senior Noteholder and agrees to receive its NMT Notes into that same account with the same account number (a "Nominated NMT Purchaser") to purchase all or part of its NMT Notes Entitlement, such Existing Senior Noteholder must (A) by the NMT Notes Offer Subscription Deadline, (i) return to the Information Agent via the GLAS Portal a duly executed and completed Account Holder Letter, a copy of which is attached hereto as Annex E, identifying its Nominated NMT Purchaser(s), including a Custody Instruction Reference Number, setting out the amount of NMT Notes it wishes the Nominated NMT Purchaser(s) to purchase by the NMT Notes Offer Subscription Deadline; and (ii) procure that its Nominated NMT Purchaser(s) execute and/or deliver (whether as a deed or otherwise, and including, if applicable, before a notary in any jurisdiction) and upload to the GLAS Portal, all such documents as are required pursuant to the Account Holder Letter for it to purchase the relevant amount of NMT Notes, including a Purchaser Accession Letter, and provide to the Information Agent by the NMT Notes KYC Clearance Deadline all relevant KYC Documentation set out in Annex D to clear all "know your customer" checks, unless the Information Agent has notified the Nominated NMT Purchaser(s) in writing prior to the NMT Notes KYC Clearance Deadline that it has previously cleared all "know your customer" checks in relation to that Nominated NMT Purchaser; and (B) procure that its Nominated NMT Purchaser(s) deposits the funds necessary for its proposed purchase of NMT Notes with the Escrow Agent by the NMT Notes Escrow Funding Deadline.

A party will only be admitted as a Nominated NMT Purchaser where it is an affiliate, or a related fund of the nominating Existing Senior Noteholder and it has the same account number with the same account holder as such Existing Senior Noteholder.

Where an Existing Senior Noteholder nominates one or more Nominated NMT Purchasers to purchase any NMT Notes it must specify in the relevant part of its Account Holder Letter the amount of its NMT Notes Entitlement that is allocated to it and/or its Nominated NMT Purchaser(s) (as applicable), the amount of its NM Notes Entitlement (i.e. the principal amount of NMT Notes) allocated to itself or a Nominated NMT Purchaser (as applicable) being its "Relevant NMT Notes Entitlement."

Each Existing Senior Noteholder who either wishes to purchase NMT Notes and/or nominated one or more Nominated NMT Purchasers to purchase NMT Notes shall specify in the relevant part of its Account Holder Letter: (i) if it is agreeing to purchase NMT Notes, the maximum amount of NMT Notes it commits to purchase; and/or (ii) if it has nominated one or more Nominated NMT Purchaser(s) to purchase NMT Notes, the maximum amount of NMT Notes that each Nominated NMT Purchaser commits to purchase, which may be, in each case, more than, equal to or less than that Existing Senior Noteholder's NMT Notes Entitlement (its

"Maximum NMT Notes Commitment"). An Existing Senior Noteholder or Nominated NMT Purchaser's, as applicable, Maximum NMT Notes Commitment may be more than, equal to or less than its Relevant NMT Entitlement, must be an integral multiple of EUR1,000 and may not be (a) less than EUR1,000; or (b) more than EUR128,866,000. For a more detailed description of how the NMT Notes will be allocated, see "*Description of the NMT Notes Offer.*"

By October 20, 2021, the Information Agent expects to provide to each Existing Senior Noteholder or Nominated NMT Purchaser(s) that have elected to purchase the NMT Notes a funding notice (a "Funding Notice") setting out the full amount that must be funded into an escrow account of the Escrow Agent (the "Escrow Account") and setting out settlement and trade details for the NMT Notes settlement in order for each relevant Existing Senior Noteholder and any Nominated NMT Purchaser(s) to receive their NMT Notes on the NMT Issue Date. Such amount will include the principal amount of the NMT Notes to be subscribed for by the Existing Senior Noteholder or Nominated NMT Purchaser(s). Funding Notices will be sent to the email addresses included in the Account Holder Letter. It is the responsibility of the Existing Senior Noteholder and (where relevant) the Nominated NMT Purchaser(s) to submit all required documentation to the Information Agent and instruct payment of all required amounts in full to the Escrow Account as soon as possible to ensure that the funds reach the Escrow Account by the NMT Notes Escrow Funding Deadline. Any Existing Senior Noteholder or Nominated NMT Purchaser(s) that does not submit all relevant KYC Documentation required of it by the Expiration Date or whose funds do not reach the Escrow Account by the NMT Notes Escrow Funding Deadline, will not be entitled to purchase the NMT Notes.

On the Restructuring Effective Date, the terms of the Existing Super Senior Notes Indenture pursuant to which the NMT Notes are to be issued will be amended and restated in accordance with the Proposed Super Senior Amendments (as defined below) and, thereafter, the NMT Notes will have the same terms as the Amended Super Senior Notes. Accordingly, by agreeing to purchase the NMT Notes pursuant to the NMT Notes Offer Purchase Agreement, applicable Existing Senior Noteholders and Nominated NMT Purchasers will consent to the Proposed Super Senior Amendments in relation to the NMT Notes.

The issuance of the NMT Notes has been backstopped by the NMT Backstop Providers (being certain members of the *Ad Hoc* Group (as defined below)).

The Information Agent will determine the value of each Existing Senior Noteholder's NMT Notes Entitlement using the Existing Senior Notes holding details provided in the Account Holder Letter (a form of which is attached in Annex E) in accordance with the terms of the NMT Notes Offer. For the purposes of calculating each Existing Senior Noteholder's NMT Notes Entitlement, any amount of principal or

interest that is in USD will be converted into EUR at the spot rate of exchange available on September 16, 2021 on Bloomberg, being EUR0.8499 per USD1.00 (the "**NMT Applicable Exchange Rate**") and any resulting amounts will be rounded up or down to the nearest EUR1.00.

Subject to applicable law, we may, at our option and in our sole discretion, extend, reopen, amend or terminate the NMT Notes Offer at any time as provided in this Offering and Consent Solicitation Memorandum. Details of any such extension, amendment or termination will be announced as provided in this Offering and Consent Solicitation Memorandum as soon as reasonably practicable after the relevant decision is made.

NOTICE TO QUALIFYING NOTEHOLDERS IN THE EUROPEAN ECONOMIC AREA (THE "EEA")

This Offering and Consent Solicitation Memorandum has been prepared on the basis that any offer of the securities described in this Offering and Consent Solicitation Memorandum will be made pursuant to an exemption under Regulation (EU) 2017/1129 (including any relevant implementing measure in each member state (each a "**Member State**") of the EEA (each a "**Relevant State**"), the "**Prospectus Regulation**") from the requirement to produce a prospectus for offers of securities. Accordingly, any person making or intending to make any offer of the securities in a Relevant State should only do so in circumstances in which no obligation arises to produce a prospectus for such offer. Neither we, nor the Information Agent have authorized, nor do authorize, the making of any offer of securities through any financial intermediary.

Prohibition of offers to EEA retail investors

The securities described in this Offering and Consent Solicitation Memorandum are not intended to be offered or sold or otherwise made available to and should not be offered or sold or otherwise made available to any retail investor in the EEA. For these purposes, a "**retail investor**" means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); or (ii) a customer within the meaning of Directive 2016/97/EU (as amended, the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. No key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIIPs Regulation**"), for offering or selling any in scope instrument or otherwise making such instruments available to retail investors in the EEA has been prepared. Offering or selling such securities or otherwise making them available to any retail investor in the EEA may be unlawful.

For the purposes of this provision, the expression an "offer" or "offer of securities to the public" in each case in relation to any of the securities described in this Offering and Consent Solicitation Memorandum in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and

the securities to be offered so as to enable an investor to decide to purchase or subscribe for the securities, and the expression "Prospectus Regulation" means includes any relevant implementing measure in the Member State.

Each recipient of this Offering and Consent Solicitation Memorandum located within a Member State will be deemed to have represented, acknowledged, and agreed that it is a "qualified investor" within the meaning of Article 2(1)(e) of the Prospectus Regulation. The Issuers, the Information Agent and others will rely upon the truth and accuracy of the foregoing representation, acknowledgement, and agreement.

The securities are not intended to be offered, sold, or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA.

This Offering and Consent Solicitation Memorandum has been prepared on the basis that any offer of the securities in any Member State of the EEA (each a "**Relevant State**") will be made pursuant to an exemption under the Prospectus Regulation from the requirement to publish a prospectus for offers of the securities. This Offering and Consent Solicitation Memorandum is not a prospectus for the purposes of the Prospectus Regulation. The securities described in this Offering and Consent Solicitation Memorandum are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor (as defined above) in a Relevant State. No key information document required by the PRIIPs Regulation for offering or selling any in-scope securities or otherwise making them available to retail investors in a Relevant State has been or will be prepared. Offering or selling the securities or otherwise making them available to any retail investor in a Relevant State may be unlawful.

Each person located in a Relevant State to whom any offer of securities is made, or who receives any communication in respect of an offer of securities, or who initially acquires any securities, or to whom the securities are otherwise made available, will be deemed to have represented, warranted, acknowledged and agreed to and with each Issuer that (i) it is a "qualified investor" within the meaning of the law in that Relevant State implementing Article 2(e) of the Prospectus Regulation; and (ii) it is not a retail investor (as defined above).

Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIIPs Regulation**") as it forms part of domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the securities or otherwise making them available to retail investors in the UK has been or will be prepared and, therefore, offering or selling the securities or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

Overview

We are an international gaming operator with gaming machines, gaming halls, arcades, sports betting, online gaming offerings and racetracks in Mexico, Argentina, Spain, Italy, Colombia, Panama and Uruguay. However, all of the countries that we operate in have been severely affected by COVID-19 related lock-downs and other restrictions. As of June 30, 2021, we operated 33,767 gaming machines, 117 gaming halls (which includes gaming halls, bingo halls with machines, gaming halls at racetracks and casinos), 1,139 arcades, 181 sport betting shops and 4 racetracks. We also offer online gaming and sports betting in Latin America. Our online gaming operations ("**Codere Online**") began in 2014 in Spain and have expanded to Mexico, Colombia, Panama and the City of Buenos Aires (Argentina), where we expect to start operating in late 2021.

Mexico has been highly affected by restrictions intended to curb the spread of COVID-19. In Mexico, we operated 85 gaming halls, with 12,385 slot machines, 625 bingo seats, 564 sports betting terminals and 474 table seats (assuming, for illustrative purposes only, six seats per table), as of June 30, 2021. We also hold licenses to build and operate 56 additional gaming halls in Mexico. In addition, we have a concession for the operation of an entertainment complex in Mexico City that includes the Las Américas racetrack, an amusement park and the largest convention center in Mexico (which, pursuant to an outsourcing agreement executed on June 1, 2013, is operated by Corporación Interamericana de Entretenimiento, S.A.B. de C.V. ("**CIE**")). Prior to the COVID-19 pandemic measures, we believe that we were the largest operator of gaming venues in Mexico, with 96 gaming halls and one racetrack, in which we operated 21,830 machine seats, 11,217 bingo seats, 93 sport betting shops and 2,124 table seats (assuming, for illustrative purposes only, six seats per table), as of December 31, 2019. As of the same date, we also held licenses to build and operate 39 additional gaming halls in Mexico.

Argentina was also severely affected by the COVID-19 restrictions. In Argentina, we operated 13 bingo halls in which, as of March 31, 2021, we operated 3,978 slot machines (due to a 50% limitation on active slots). Our bingo operations were completely closed due to the COVID-19 restrictions as of March 31, 2021. As of June 30, 2021, our entire operation was closed, and reopened in July. Prior to the COVID-19 pandemic measures, we believe we were the largest operator of bingo halls in the Province of Buenos Aires, with 13 gaming halls in which, as of December 31, 2019, we operated 6,861 slot machines and 11,692 bingo seats.

In Spain, we believe that we are among the largest operators of amusement with prize machines ("**AWPs**"), with 9,062 machines located in over 6,435 bars, restaurants, machine halls and three bingo halls, as of June 30, 2021. In the same period, we operated 6,831 sports betting terminals in Spain, including those installed in our three bingo halls, Bingo Canoe, Bingo Leganés and Bingo Oporto in Madrid, 976 betting corners at both own and third-party arcades and 44 company-operated sports betting shops. Prior to the COVID-19 pandemic closings, we operated 9,937 machines located in over 7,147 bars, restaurants, bingo halls, as of December 31, 2019. In the same period, we operated 7,189 sports betting terminals, including those installed in our three bingo halls, 986 betting corners at both own and third-party arcades and 61 company-operated sports betting shops.

In Italy, we believe that we are one of the largest operators of bingo halls, with 10 bingo halls, and among the top ten slot route operators. In total, we operated 6,251 AWPs (mostly in non-specialized locations) and 566 video lottery terminals ("**VLTs**"), as of June 30, 2021. In addition, we had 11,980 AWPs and 940 VLTs connected to our Italian network, which represents approximately 5% of the market.

As of June 30, 2021, our operations in Latin American countries were also affected by mandatory COVID-19 restrictions and included (i) ten casinos with eight sports books within them and a racetrack in Panama, (ii) nine gaming halls, 123 arcades and 49 sports betting shops in Colombia, (iii) the Casino Carrasco and Hípica Rioplatense Uruguay, S.A. ("**HRU**") that operate five gaming halls (temporarily closed as of June 30, 2021), the Maroñas and Las

Piedras racetracks in Montevideo (with public restrictions) and 19 sports betting shops in Uruguay. Pre-COVID-19, as of December 31, 2019, our operations included (i) 11 casinos with eight sports books within them and a racetrack in Panama, (ii) nine gaming halls, 136 arcades and 70 sports betting shops in Colombia, (iii) the Casino Carrasco and Hípica Rioplatense Uruguay, S.A. ("**HRU**") that operate five gaming halls, the Maroñas and Las Piedras racetracks in Montevideo and 29 sports betting shops in Uruguay.

In June 2021, with consent of the Existing Noteholders, Codere Online entered into a business combination with a special purpose acquisition company, DD3 Acquisition Corp, II. (the "**SPAC**") in order to pursue growth opportunities for its online business activities in core markets and expand into other countries and territories with the aim of consolidating its position as a leading online gaming and sports betting operator in Latin America (the business combination and other related transactional agreements collectively referred to as the "**Online Transaction**"). Pursuant to the Online Transaction, we are segregating our existing Codere Online business by transferring relevant entities, service/supplier agreements, employees, and assets including, but not limited to, gaming licenses and other regulatory permits and/or authorizations, online customer databases, online customer deposits, applicable use rights, software licenses and other intellectual property, in each case, to the extent needed to operate an online gaming business (together, the "**Online Assets**") to the online business perimeter.

As part of the Online Transaction, the SPAC will merge with one of our subsidiaries, with the SPAC being the surviving corporation (the "**Merger**"). The SPAC sponsor is DD3 Capital Partners (through DD3 Sponsor Group, LLC), a Mexico City based investment banking and asset management company. Other institutional investors in the SPAC are New York-based Baron Capital ("**Baron**"), Chile-based LarrainVial ("**LarrainVial**") and Mexico-based MG Capital ("**MG**"). The SPAC was capitalized through public investment by SPAC shareholders, as well as private financing commitments from the sponsor and related parties, raising approximately USD125 million for placement in the SPAC's trust account (the "Trust Account"). Shareholders of the SPAC, subject to certain exceptions, have a right to redeem their shares at a price of USD10.00 per share plus any accrued interest thereon. Four institutional investors (Baron, MG, LarrainVial and DD3 Capital Partners) committed to a private investment of USD67 million to occur immediately prior to closing of the Online Transaction pursuant to certain forward purchase agreements, as amended, and PIPE subscription agreements that closed immediately prior to the Online Transaction. In addition, Baron has committed to not seek redemption of 996,069 public shares acquired by Baron in the SPAC's IPO (representing a roll-over of approximately USD10 million based on funds in the Trust Account of approximately USD125 million as of March 31, 2021), resulting in transaction proceeds of at least USD77 million.

Recent Results

Our business has been negatively affected by the COVID-19 pandemic, which resulted in the compulsory closing of non-essential businesses, including our venues, in the jurisdictions in which we operate and the cancellation of sporting events around the world.

Our financial performance during the last three years has been characterized by a decrease in revenue. Group revenue was EUR1,638.2 million for the year ended December 31, 2017. Group revenue decreased in each of the years ended December 31, 2018, 2019 and 2020, by EUR161.8 million, EUR87.0 million and EUR794.8 million, respectively compared to each prior year. Revenue for the six months ended June 30, 2021 also decreased to EUR266.3 million compared to EUR317.6 million in the same period in 2020. Following the reintroduction of live sport following the initial lockdowns in 2020, the online business continued to grow its revenue globally in the year ended December 31, 2020, as it could operate without the restrictions experienced by other businesses with physical locations.

- **Net (Loss) Profit**: The Group's Net Loss increased in each of the years ended December 31, 2018, 2019 and 2020. Net profit was EUR2.8 million in the year ended December 31, 2017, decreasing to a net loss of EUR46.8 million at year end 2018, EUR61.7 million at year end 2019, and to a net loss of EUR236.6 million at year end 2020. The net loss for the six months ended June 30, 2021 was EUR168.7 million compared to EUR177.6 million in the same period in 2020. The Net Loss in 2018 was primarily driven by high non-recurring expenses as well as losses from exchange rate variations and high provisions for corporate income tax. In 2019, the Net Loss further increased mainly as a result of the 6% decrease in revenues, the lower capitalization of operating leases and the negative approximately EUR15 million inflation adjustment on corporate income tax. In 2020, the Net Loss further increased as a result of the COVID-19 temporary closings which reduced our Revenues by 57%. The Net Loss in the six months ended June 30, 2021 was lower than in 2020, mainly as a result

of operating expenses offsetting a significant part of the revenue decline due to fewer losses from exchange rate variations and lower provisions for corporate income taxes.

- **Net cash provided (used) by operating activities**: The Group's cash flow from operating activities decreased in each of the years ended December 31, 2019 and 2020. Cash generation was EUR167.5 million for the year ended December 31, 2017, increasing to EUR180.8 million at year end 2018, and decreasing to EUR177.2 million at year end 2019, further decreasing to a cash consumption of EUR33.3 million at year end 2020, respectively. The cash used by operating activities in the six months ended June 30, 2021 also increased to EUR39.5 million compared to a cash use of EUR10.9 million in the same period in 2020. The cash provided by operating activities in 2018 was primarily driven by a higher EBITDA. In 2019, cash provided by operating activities only decreased by 2% as a result of the 9% decrease in EBITDA being partially offset by a reduction in corporate income taxes paid and a positive change in working capital. In 2020, the decrease from cash generated to cash used by operating activities was as a result of the temporary closures due to the COVID-19 pandemic which reduced EBITDA from EUR284.6 million to negative EUR20.7 million in the year. This decrease was not offset by the lower corporate income tax paid or the significant inflow from working capital. The cash used by operating activities in the six months ended June 30, 2021 was the result of the EUR27.0 million negative Pre-IFRS EBITDA that resulted from significant closings and restrictions across our operations in the beginning of the year.

- **Leverage Position:** The Group's leverage position as of December 31, 2018, 2019 and 2020, increased from a Net Financial Debt to LTM Adjusted EBITDA ratio of 2.8x to 3.3x to 49.7x, respectively. The change from 2018 to 2019 is primarily driven by the 12% decrease in LTM Adjusted EBITDA, as Net Financial Debt was relatively flat. In 2020, the significant increase was driven by the decrease in LTM Adjusted EBITDA combined with the increase in Financial Debt resulting from the debt raised in the year. The leverage ratio as of June 30, 2021 was 62.6x due to the EUR20.0 million EBITDA generated over the last twelve months ended June 30, 2021

Background of the Consent Solicitation and Restructuring

The Group's operations have been significantly disrupted by the on-going COVID-19 pandemic which has been more persistent than initially expected, with recurring waves at the end of 2020 and early 2021. This has led to repeated lockdowns being imposed in each of the Group's operating markets resulting in a substantial deterioration of the Group's financial position. During 2020, the Group underwent a restructuring which required certain amendments to the Existing Senior Notes (the "**2020 Restructuring**"). In July 2020, prior to the launch of the 2020 Restructuring, the Lux Issuer issued EUR85 million of Existing Super Senior Notes in order to meet the Group's then-urgent liquidity need and to provide a platform from which the Group could launch the 2020 Restructuring. As part of the 2020 Restructuring, the Group raised a further EUR165 million of additional liquidity by the issuance of additional Existing Super Senior Notes by the Lux Issuer.

The Group's financial position was worse than expected following the 2020 Restructuring. Codere, S.A. appointed financial advisers to assist the Group in determining how best to meet its imminent financial and operational obligations. By February 2021, the Group and its financial advisers had determined that, in light of the Group's financial position, even if it did not pay the interest payable on the Existing Super Senior Notes on March 31, 2021 (the "**Super Senior Notes March Interest**"), it would be unable to service its general operating costs by the end of April 2021. On April 30, 2021, it was announced that the interest payable on that date in respect of the Existing Senior Notes would be deferred using the 30 day grace period under the Existing Senior Notes Indenture, and that the grace period in respect of the Super Senior Notes March Interest had been extended by a further 30 days to May, 30 2021 pursuant to a supplemental indenture to the Super Senior Notes Indenture.

In early March 2021, a committee of the largest holders of the Existing Notes (the "***Ad Hoc* Group**"), which held and continues to hold, in aggregate, in excess of a majority in value of the Existing Senior Notes and the Existing Super Senior Notes, came forward with a proposal for a 'holistic' restructuring, that is, one that would provide the Group with additional liquidity to address its immediate shortfall and would also address the Group's balance sheet going forward (the "**AHG Proposal**"). On April 22, 2021, following extensive discussions and negotiations with the *Ad Hoc* Group:

- the Group and the *Ad Hoc* Group agreed several term sheets (together the "**Restructuring Term Sheets**") containing the key commercial terms relating to the Restructuring, including the provision of additional liquidity; and

- the Lux Issuer, the UK Co-Issuer, Codere, S.A., certain other members of the Group, the *Ad Hoc* Group and the Information Agent, amongst others, entered into the Lock-Up Agreement thereby confirming their commitment to support and take steps to give effect to the terms of the Restructuring Term Sheets (which are attached as schedules to, and form part of, the Lock-Up Agreement), subject to the terms of the Lock-Up Agreement.

The AHG Proposal included the provision of additional bridge funding by way of the issuance of approximately EUR103 million of additional Existing Super Senior Notes in order to continue to fund the Group's operations (the "**Bridge Notes**"). On April 22, 2021, Codere, S.A., the Lux Issuer and the purchasers of the first tranche Bridge Notes entered into a notes purchase agreement in respect of EUR30,928,000 of the Bridge Notes (the "**First Tranche Bridge Notes**"). On April 27, 2021, the necessary conditions precedent were satisfied and the Lux Issuer issued the First Tranche Bridge Notes. On May 4, 2021, pursuant to an offer made by the Lux Issuer to certain Existing Senior Noteholders commencing on April 22, 2021, Codere, S.A., the Lux Issuer and the purchasers of the second tranche Bridge Notes entered into a notes purchase agreement in respect of EUR72,165,000 of the Bridge Notes (the "**Second Tranche Bridge Notes**"). On May 24, 2021, the necessary conditions precedent were satisfied and the Lux Issuer issued the Second Tranche Bridge Notes.

Key terms of the Restructuring

The plan to implement the Restructuring comprises the following inter-conditional transactions:

(a) New Topco, a new special purpose vehicle being incorporated to act as the top holding company of the Continuing Group, with two additional holding companies, New Midco and underneath New Midco, New Holdco, being incorporated under New Topco;

(b) the transfer of the Continuing Group to New Holdco as a result of an enforcement of the existing share pledge granted by Codere Luxembourg 1 S.à r.l ("**Luxco 1**") over the shares it holds in Luxco 2 (the "**Luxco 2 Share Pledge**") by the Security Agent (the "**Enforcement Transfer**"), thereby leaving Codere, S.A. and Luxco 1 behind. Post-Restructuring, 95% of New Topco will be owned by the Existing Senior Noteholders (pursuant to the Senior Notes Equitization, as defined below) and 5% of New Topco will be owned by Luxco 1;

(c) in respect of the Existing Senior Notes, the Proposed Senior Amendments, which will result in the Existing Senior Notes being amended into three tranches, being (i) the Reinstated Senior Notes, (ii) the SSN Convertible PIK Tranche and (iii) the SSN Convertible Equity Tranche. On the Restructuring Effective Date: (i) New Holdco will issue the Subordinated PIK Notes to the Existing Senior Noteholders/their Nominated Recipient(s) (and the Holding Period Trustee, as applicable) following mandatory conversion of the SSN Convertible PIK Tranche and the SSN Convertible PIK Tranche will be discharged and (ii) New Topco will issue the New Topco A Shares to the Existing Senior Noteholders/their Nominated Recipient(s) (and the Holding Period Trustee, as applicable) following mandatory conversion of the SSN Convertible Equity Tranche and the SSN Convertible Equity Tranche will be discharged (the "**Senior Notes Equitization**").

(d) in respect of the Existing Super Senior Notes, the Proposed Super Senior Amendments, including, amongst other things, an extension of the relevant maturity date and an increase in the applicable interest rates;

(e) the issuance of the NMT Notes, to which the Existing Senior Noteholders will be entitled to subscribe;

(f) entering into the Refinancing Agreement;

(g) 5% of the equity in New Topco not issued to Existing Senior Noteholders as part of the Senior Notes Equitization (being 100% of the "B shares" of New Topco) will be issued to Luxco 1 (the "**Luxco 1 New Topco Shares**");

(h) certain warrants, permitting Luxco 1 to subscribe for non-voting shares with an economic value of up to 15% of the net equity proceeds of New Topco following a sale, listing or certain other circumstances, above a strike price of EUR220 million (subject to dilution for a management incentive plan and other customary adjustments), to be issued by New Topco to Luxco 1 on the Restructuring Effective Date (the "**Warrants**" and together with the Luxco 1 New Topco Shares, the "**Shareholder Equity Entitlements**"). The Warrants will have a 10-year term;

(i) the intercreditor agreement originally dated November 7, 2016, as amended and restated from time to time, between, amongst others, Codere, S.A. and GLAS Trust Corporation Limited (as security agent and trustee) (the "**Existing Intercreditor Agreement**") to be further amended and restated as described in this Offering and Consent Solicitation Memorandum in the "*Summary of the A&R Intercreditor Agreement*" section below (the "**A&R Intercreditor Agreement**");

(j) certain indemnities being provided by members of the Continuing Group to the directors and offers of Codere, S.A., and certain indemnities currently provided by members of the Continuing Group to the directors and officers of Luxco 1 being amended and certain cost cover being provided to Codere, S.A. and Luxco 1 by the Continuing Group;

(k) certain releases to be given on and from the effective date of the Restructuring; and

(l) the payment of certain fees to the Existing Noteholders and the NMT Backstop Providers.

The Restructuring will not be completed unless all the steps comprising the Restructuring are completed pursuant to the Restructuring Implementation Deed. While the NMT Notes are backstopped by certain members of the *Ad Hoc* Group (the "**NMT Backstop Providers**"), the issuance of the NMT Notes is subject to certain conditions, and there can be no assurance that the proposed Restructuring will be completed. To the extent that we do not achieve the Required Consents from holders holding not less than 90% of the then outstanding (as determined in accordance with the relevant Existing Notes Indenture) aggregate principal amount of each of (i) the Existing Senior Notes (EUR), (ii) the Existing Senor Notes (USD) and (iii) the Existing Super Senior Notes in order to effect the Proposed Amendments and the steps contemplated by the Additional Consents in the manner contemplated by the Consent Solicitation we may extend the Consent Solicitation in our sole discretion.

NMT Notes Offer

As part of the Restructuring, we are offering each Existing Senior Noteholder the opportunity to subscribe to a share of the NMT Notes in an amount equal to, more than or less than each Existing Senior Noteholder's NMT Notes Entitlement in accordance with the terms and conditions set forth in this Offering and Consent Solicitation Memorandum. On the NMT Issue Date, the Lux Issuer will issue the NMT Notes pursuant to the NMT Notes Offer and the backstop arrangements, as needed, such that an aggregate principal amount of EUR481,959,000 in Existing Super Senior Notes (including the NMT Notes) will be outstanding as of such date.

Backstop Arrangement with Ad Hoc Group

Pursuant to the Lock-Up Agreement, the NMT Backstop Providers have between them agreed to backstop the NMT Notes (the total amount backstopped by an individual NMT Backstop Provider being its "**Backstop Commitment**").

Impact of the Restructuring on our Capital Structure

The successful implementation of the Restructuring will result in our capital structure changing as follows:

- *Lux Issuer debt*: The financial debt of the Lux Issuer with respect to the Existing Super Senior Notes will increase to reflect the issuance of the NMT Notes. However, the Proposed Senior Amendments

will result in a decrease in the financial debt of the Lux Issuers with only 25% (expected to be approximately USD80,500,426 and EUR133,024,089) of the principal amount of the Existing Senior Notes remaining outstanding in the form of the Reinstated Senior Notes.

- *Existing Senior Notes co-issuer*: Codere Finance UK will cease to be a co-issuer of the Existing Senior Notes but will be a guarantor of the Amended Senior Notes. New Topco will temporarily become a co-issuer of the Amended Senior Notes but will be released upon the mandatory conversion of the SSN Convertible PIK Tranche into the Subordinated PIK Notes and the SSN Convertible Equity Tranche into the New Topco A Shares.

- *Other Continuing Group debt*: the existing EUR50 million Spanish super senior surety bond facility agreement dated April 5, 2017 (the "**SBF**") currently between, Codere, S.A. and Codere Newco S.A.U. ("**Codere Newco**") as joint and several obligors, and Amtrust Europe Limited as the finance provider, that will remain in place post-Restructuring; however, it will be amended as a consequence of Codere, S.A. being released of its obligations under such agreement (the "**SBF Amendments**").

- OldCo Guarantors: Codere, S.A. and Luxco 1 will no longer be a part of the Group after the Enforcement Transfer. The guarantees (the "**OldCo Guarantees**") provided by Codere, S.A. and Luxco 1 (the "**OldCo Guarantors**") for the Existing Super Senior Notes and the Reinstated Senior Notes will automatically be released in certain circumstances. The OldCo Guarantors will only be liable to make payment under the OldCo Guarantees if demand is made by the relevant Existing Notes Trustee or the holders of at least 25% of the Existing Super Senior Notes or the Reinstated Senior Notes, as applicable, which will only be permitted following the occurrence of certain "'OldCo Events of Default" specified in the A&R Super Senior Notes Indenture or A&R Senior Notes Indenture, as applicable. The occurrence of an OldCo Event of Default will not constitute an Event of Default (as defined in the A&R Super Senior Notes Indenture or A&R Senior Notes Indenture, respectively). Similarly, the occurrence of an Event of Default will not permit demand to be made against an OldCo Guarantor.

- *New Holdco debt*: New Holdco will issue Subordinated PIK Notes in an amount equal to 29% of the principal amount of the Existing Senior Notes and all accrued but unpaid cash interest on the Existing Senior Notes as at the Restructuring Effective Date (in aggregate, approximately EUR250,000,000).

- *Debt Maturity*: All debt maturities will be extended by the Restructuring. The Reinstated Senior Notes and the Subordinated PIK Notes will mature on November 30, 2027, whilst the Amended Super Senior Notes (including the NMT Notes) will mature on September 30, 2026.

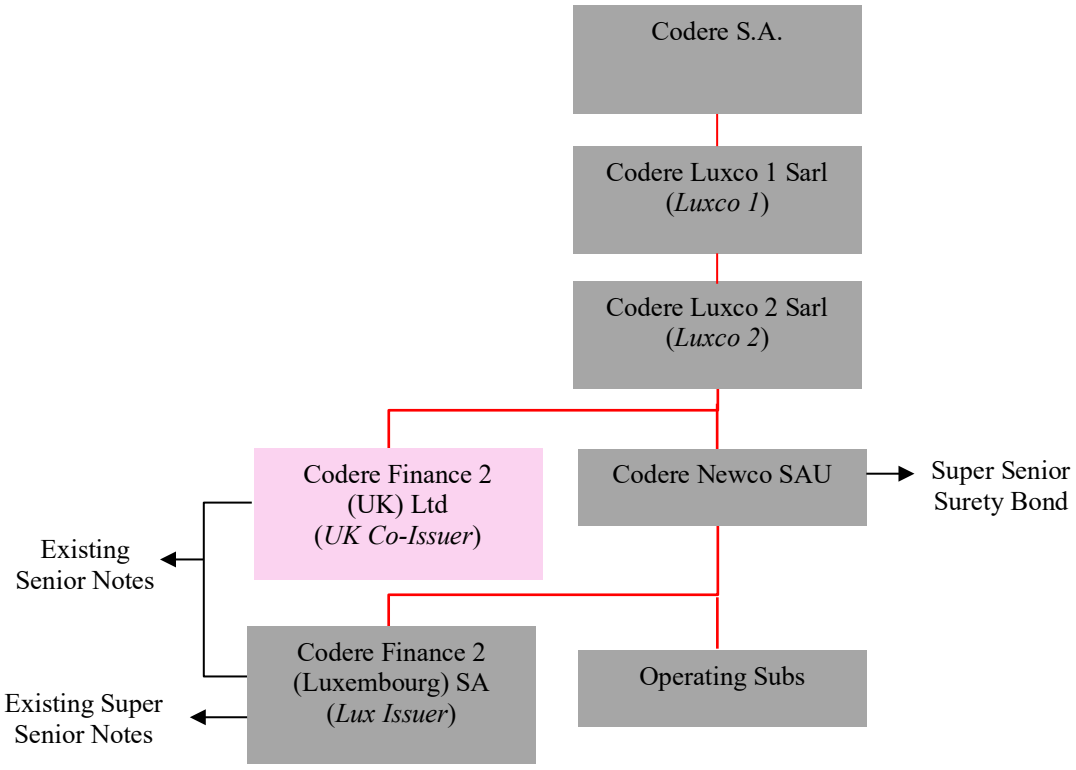
- *Senior Notes Equitization:* The Senior Notes Equitization will result in the balance of the Existing Senior Notes not replaced with Reinstated Senior Notes or satisfied by the issuance of Subordinated PIK Notes being satisfied by the issuance of the New Topco A Shares, such that, following the Restructuring, the Existing Senior Noteholders will, between them, hold 95% of the equity in the Continuing Group.

- *Liquidity:* We will have increased liquidity with the net proceeds of the NMT Notes issuance.

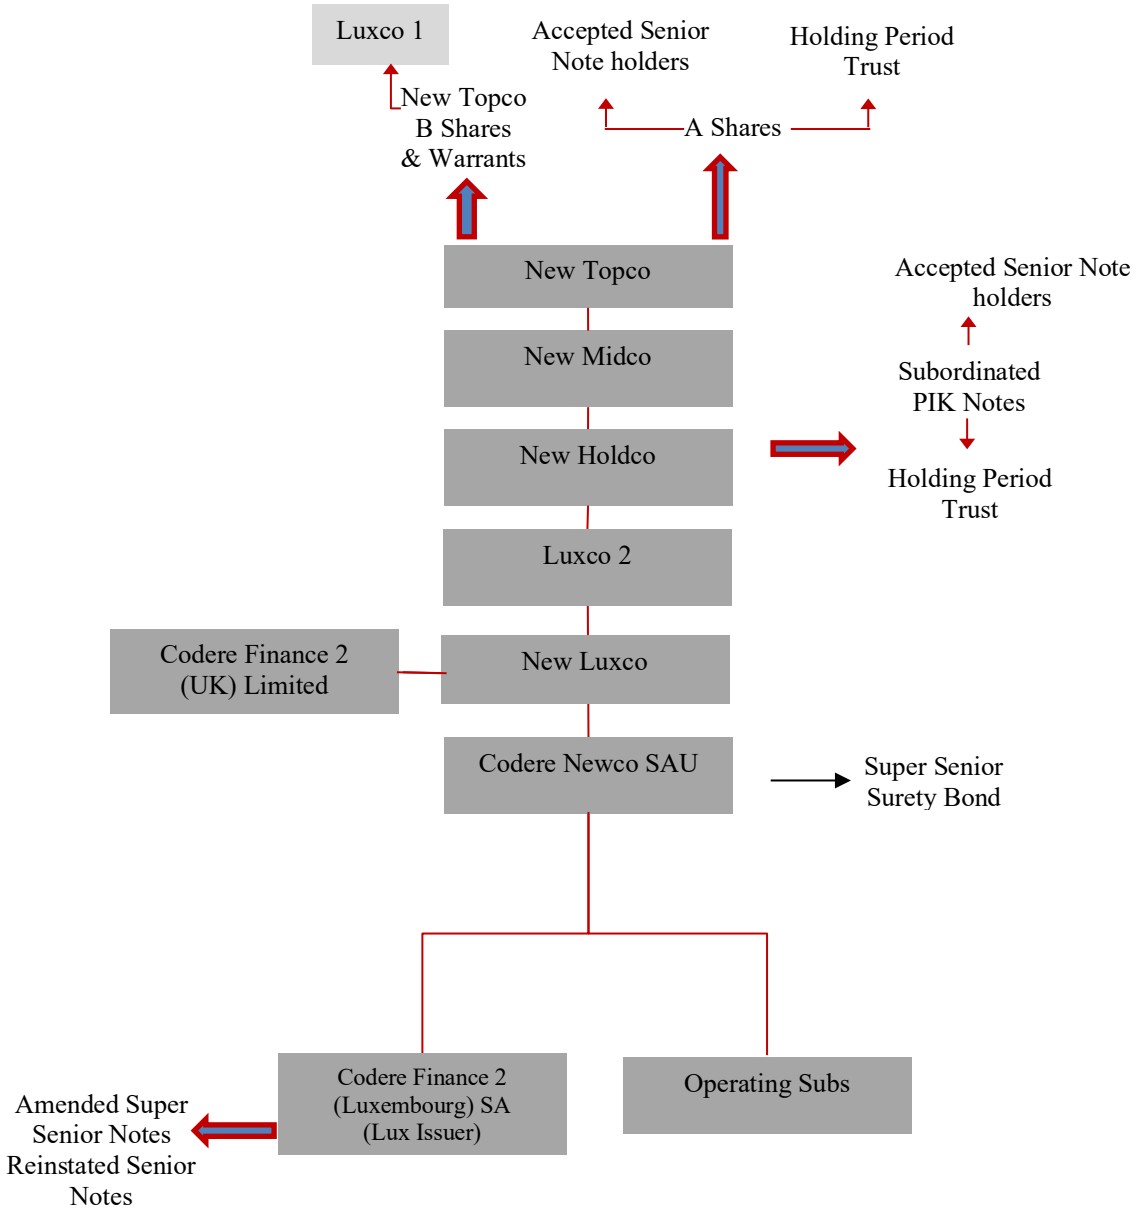
Corporate Reorganization

As part of the implementation of the Restructuring and through the Enforcement Transfer (as defined herein), the Continuing Group will be transferred to New Holdco (a wholly owned subsidiary of New Topco). Post-restructuring, 95% of New Topco will be owned by holders of the Existing Senior Notes and the remaining 5% will be owned by Luxco 1.

Below is a structure chart of the group as of the date of this Offer and Consent Solicitation Memorandum:



Below is an indicative structure chart of the group following the Restructuring:



SUMMARY OF THE CONSENT SOLICITATION IN RESPECT OF EXISTING SENIOR NOTES

The following summary contains basic information about the terms of the Consent Solicitation in respect of the Existing Senior Notes. It does not contain all the information that is important to you. For a more complete understanding of the terms of the Consent Solicitation, including a description of certain terms used in this summary, please refer to the sections of this document entitled "Description of the Restructuring" and "The Consent Solicitation."

The Consent Solicitation..... We are soliciting Consents, upon the terms and subject to the conditions set forth in this Offering and Consent Solicitation Memorandum, from Existing Senior Noteholders to (i) the Proposed Senior Amendments to the Existing Senior Notes Indenture and (ii) the Additional Senior Consents.

Should the Required Consents (as defined herein) be achieved and the other conditions to the Restructuring be satisfied or waived, the Proposed Senior Amendments will be made to the Existing Senior Notes and the steps contemplated by the Additional Senior Consents will be taken.

In order to respond to the Consent Solicitation, Existing Noteholders must instruct their Account Holders to provide an electronic response to the Consent Solicitation which is sent out through the Clearing Systems.

The Pre-Restructuring Senior Amendments ..... As part of the Restructuring, the Issuers are seeking the Consents of the Existing Senior Noteholders to certain proposed amendments in order to amend the Existing Senior Notes. The Restructuring Proposed Senior Amendments..... The Proposed Senior Amendments will amend the Existing Senior Notes into three tranches being (i) the Reinstated Senior Notes, (ii) the SSN Convertible PIK Tranche and (iii) the SSN Convertible Equity Tranche. The Proposed Senior Amendments will become effective upon execution of the A&R Senior Notes Indenture and the Subordinated PIK Notes Indenture, which will occur on the Restructuring Effective Date (provided that the Restructuring Implementation Conditions have been satisfied or waived). After the three tranches have been constituted, pursuant to the Restructuring implementation steps to be taken on the Restructuring Effective Date (as described in the "*Summary of the Restructuring*" section below), the Existing Senior Noteholders will be entitled to (i) an amount of Subordinated PIK Notes issued by New Holdco and (ii) an amount of New Topco A Shares, each in proportion to their *pro rata* share of the Existing Senior Notes, as at the Expiration Date. The Existing Senior Noteholders will also each hold their *pro rata* share of the Reinstated Senior Notes (being the amended and restated form of the Existing Senior Notes) in proportion to its holdings of Existing Senior Notes as at the

Expiration Date. For further details regarding the Proposed Amendments, see "*Description of the Consent Solicitation—The Restructuring Proposed Senior Amendments.*"

For the purposes of calculating each Existing Senior Noteholder's Restructuring Instrument Entitlement, any amount of principal or interest that is in USD will be converted into EUR at the Expiration Date Applicable Exchange Rate.

PIK interest that has accrued on the Existing Senior Notes up to the Restructuring Effective Date will be capitalized on the Restructuring Effective Date and cash interest that has accrued on the Existing Senior Notes up to the Restructuring Effective Date but remains unpaid will not be paid in cash but will be capitalized and will form part of the SSN Convertible PIK Tranche and ultimately be converted into Subordinated PIK Notes.

In order to receive the Restructuring Instruments on the Restructuring Effective Date, an Existing Senior Noteholder (and, where relevant, its Nominated Recipient(s)) must submit its Qualifying Documentation on or prior to the Expiration Date and must not be an Ineligible Person on the Expiration Date. See "*Description of the Consent Solicitation—The Restructuring Proposed Senior Amendments.*"

The Restructuring Instruments will only be issued on the Restructuring Effective Date if the Required Consents are achieved and the other Restructuring Implementation Conditions are satisfied or waived.

The Additional Senior Consents.... By providing their Consents pursuant to the Consent Solicitation, the Existing Senior Noteholders (i) consent to the actions and steps contemplated by the Additional Senior Consents being taken by the Existing Senior Notes Trustee and/or the Security Agent (as applicable), whether on behalf of the Existing Senior Notes Trustee and/or the Security Agent themselves or on behalf of the Existing Senior Noteholders, (ii) instruct and authorize the Existing Senior Notes Trustee and/or the Security Agent (as applicable) to take the actions and steps contemplated by the Additional Senior Consents whether on behalf of the Existing Senior Notes Trustee and/or the Security Agent themselves or on behalf of the Existing Senior Noteholders and (iii) consent to the filing of the Homologation Application with the Spanish court by each of the Homologation Obligors (as defined below).

In summary, such steps and actions to be taken by, the Existing Senior Notes Trustee and/or the Security Agent (as applicable) include, amongst others, entry into the Restructuring Implementation Deed, entry into and granting the Refinancing Agreement on behalf of the Existing Senior Noteholders, partial acceleration of the Existing Senior Notes, the enforcement of the Luxco 2 Share Pledge, the transfer of the Luxco 2 Shares to New Holdco, rescission of the acceleration of the Existing Senior Notes and the entry into the Pre-Restructuring Intercreditor Amendment Agreement and the ICA Amendment and Restatement Deed (as defined below). See "*Description of the Consent Solicitation—Additional Senior Consents*." The Additional Senior Consents and the Additional Super Senior Consents are together referred to as the "*Additional Consents*."

Consequences of Failure to Consent..... Existing Senior Noteholders who fail to submit their Consents will be bound by the Proposed Senior Amendments with respect to their Existing Senior Notes if the Proposed Senior Amendments become effective. As such, on and from the Restructuring Effective Date, they will hold an amount of Reinstated Senior Notes and be entitled to their share of the Subordinated PIK Notes and the New Topco A Shares in accordance with the terms of this Offering and Consent Solicitation Memorandum.

For a description of the consequences of failing to Consent, see "*Risk Factors—Risks Relating to the Restructuring.*"

Holding Period Trust..... If an Existing Senior Noteholder or its Nominated Recipient is an Ineligible Person (as defined below) at the Expiration Date, it will not be able to receive Restructuring Instruments on the Restructuring Effective Date. Its Reinstated Senior Notes and Restructuring Instruments will, on the Restructuring Effective Date, be transferred to the Holding Period Trustee to hold on bare trust for the relevant Existing Senior Noteholder for a period of 18 months commencing on the Restructuring Effective Date (the "**Holding Period**") on the terms of a holding period trust deed (the "**Holding Period Trust Deed**") substantially as set forth in Annex G.

An "**Ineligible Person**" is an Existing Senior Noteholder or a Nominated Recipient that, in the reasonable opinion of the Information Agent, on the Expiration Date:

- has not delivered or on whose behalf Qualifying Documentation has not been delivered to and received by the Information Agent;
- has not provided sufficient information to satisfy the relevant "know-your-customer" and customer due diligence requirements in order to receive its Restructuring Instruments (a "**KYC Outstanding Creditor**");

The articles of association of New Topco will be amended on the Restructuring Effective Date (the "**New Topco Articles of Association**") to reflect certain amendments consistent with the New Topco Shareholders'

Agreement (as defined below), substantially in the form attached as Schedule 13 of the Restructuring Implementation Deed, set forth in Annex I.

Holders of the New Topco A Shares are required to become a party to a shareholders' agreement (the "**New Topco Shareholders' Agreement**") which will be governed by English law. See the New Topco Shareholders' Agreement set forth in Annex O.

In addition, Luxco 2, New Luxco and the Lux Issuer will grant security over intercompany receivables, including intercompany receivables of the Lux Issuer arising from on-lending the proceeds of the Existing Senior Notes, the Existing Super Senior Notes and the NMT Notes to other members of the Continuing Group. See the A&R Super Senior Notes Indenture in Annex A to this Offering and Consent Solicitation Memorandum.
Intercreditor Agreement.....	Under the terms of the A&R Intercreditor Agreement, in the event of enforcement of the Amended Super Senior Notes Collateral, the holders of the Amended Super Senior Notes, as with the Super Senior Debt Liabilities, the Super Senior Hedging Liabilities, the Surety Bond Facility Liabilities and the Arranger Liabilities (as defined in the A&R Intercreditor Agreement) will receive proceeds from the Amended Super Senior Notes Collateral without preference among them, but prior to the holders of the *Pari Passu* Debt Liabilities and *Pari Passu* Hedging Liabilities (as defined in the A&R Intercreditor Agreement).
Optional Redemption.....	At any time prior to one and a half years after the Restructuring Effective Date, the Lux Issuer may redeem all or part of the Amended Super Senior Notes at a redemption price equal to 100% of the principal amount thereof, plus accrued and unpaid interest and additional amounts, if any, to, but excluding, the date of redemption, plus a "make whole" premium calculated by reference to the relevant government bond yield plus 50 basis points. Additional Amounts; Tax Redemption	All payments in respect of the Amended Super Senior Notes or the Amended Super Senior Notes Guarantees will be made without withholding or deduction for any taxes or other governmental charges, except to the extent required by law. If withholding or deduction is required by law, subject to certain exceptions, the Lux Issuer (or Amended Super Senior Notes Guarantor, as appropriate) will pay additional amounts so that the net amount each holder of the Amended Super Senior Notes receives is no less than the holder would have received in the absence of such withholding or deduction. If certain changes in the law of any relevant taxing jurisdiction become effective that would impose withholding taxes on the payments on the Amended Super Senior Notes, the Lux Issuer may redeem the Amended Super Senior Notes in whole, but not in part, at any time, at a redemption price of 100% of the principal amount, *plus* accrued and unpaid interest and additional amounts, if any, to the date of redemption. See the form of global note included in the form of A&R Super Senior Notes Indenture set forth in Annex A.
Change of Control	The Change of Control provision will be as per the Existing Super Senior Notes Indenture other than there will be no Change of Control on Enforcement (as such term is defined in the A&R Intercreditor Agreement) and the removal of "Permitted Holders." See the form of A&R Super Senior Notes Indenture set forth in Annex A.
Certain Covenants.....	The Super Senior Notes Indenture governing the Amended Super Senior Notes as amended and restated will restrict, among other things, the ability of the Lux Issuer and members of the restricted group to: • incur or guarantee additional indebtedness and issue certain preferred stock; • pay dividends, redeem capital stock and make certain investments; • make certain other restricted payments; • create or permit to exist certain liens; • transfer or sell certain assets; • maintain a minimum level of available liquidity; • merge or consolidate with other entities; • enter into certain transactions with affiliates; and • impair the security interest created for the benefit of the holders of the Amended Super Senior Notes.

	Each of the covenants is subject to significant exceptions and qualifications. See the form of the A&R Super Senior Notes Indenture set forth in Annex A.
Transfer Restrictions.....	The Amended Super Senior Notes will not be registered under U.S. federal or state or any foreign securities laws and are subject to restrictions on resale. See "*Transfer Restrictions*." SUMMARY OF THE A&R INTERCREDITOR AGREEMENT

The summary below describes the principal terms of the A&R Intercreditor Agreement following the Restructuring. Certain terms and conditions described below are subject to important limitations and exceptions. Please refer to the terms of the A&R Intercreditor Agreement set forth in Annex F, including the definitions of certain terms used in this summary. Capitalized terms used but not defined in this summary have the meaning given to them in the A&R Intercreditor Agreement or the Existing Intercreditor Agreement, as applicable.

Documentation	The Existing Intercreditor Agreement will be amended and restated on the Restructuring Effective Date to reflect, *inter alia*, the amendments described in this summary (the "**A&R Intercreditor Agreement**").
General Amendments.....	Amendments will be made to reflect: • any change in group structure following the Restructuring Effective Date; • removal of references to the "Initial Revolving Facility" (and related definitions and terminology) and any provisions differentiating between the position prior to and following the "Revolving Facility Discharge Date" (unless required to be retained for ease of reference or comprehension); • updating of defined terms to more accurately reflect post-restructured capital structure, e.g. separate definitions for Super Senior Notes to be added (i.e. Super Senior Notes to no longer be a "Credit Facility").
Creditors as at the Restructuring Effective Date.....	• "Super Senior Creditors" comprising the Surety Bond Providers, any Super Senior Hedge Counterparties and the "Super Senior Debt Creditors", including the Initial Super Senior Noteholders and the Initial Super Senior Notes Trustee; and • "*Pari Passu* Debt Creditors" comprising each Senior Secured Notes Creditor, each *Pari Passu* Facility Creditor, and each other *Pari Passu* Creditor Representative, each *Pari Passu* Arranger, each other *Pari Passu* Noteholder and each *Pari Passu* Lender. • The Parent (Codere Luxembourg 2 S.à r.l.), the Intra-Group Lenders and Codere New Holdco S.A. as the Original Subordinated Creditor. These Creditors

	are not Primary Creditors or Secured Parties.
Ranking of Liabilities.....	Liabilities of the Debtors owed to the Primary Creditors shall rank in right and priority of payment in the following order: • *First*: the Super Senior Debt Liabilities, the Super Senior Hedging Liabilities, the Surety Bond Facility Liabilities and the Arranger Liabilities *pari passu* and without preference among them; and • *Second*: the *Pari Passu* Debt Liabilities and the *Pari Passu* Hedging Liabilities *pari passu* and without preference among them.
Ranking of Transaction Security.....	Transaction Security shall secure the following Liabilities in the following order: *First*: the Super Senior Debt Liabilities, the Super Senior Hedging Liabilities, the Surety Bond Facility Liabilities and the Arranger Liabilities *pari passu* and without preference among them; and *Second*: the *Pari Passu* Debt Liabilities and the *Pari Passu* Hedging Liabilities *pari passu* and without preference among them.
Subordinated and Intra-Group Liabilities.....	Subordinated Liabilities and the Intra-Group Liabilities shall be postponed and subordinated to the Liabilities owed by the Debtors to the Primary Creditors. The A&R Intercreditor Agreement will not purport to rank any of the Subordinated Liabilities or the Intra-Group Liabilities as between themselves.
Super Senior Debt Creditors and Super Senior Debt Liabilities.....	There will be no restriction on payment of Super Senior Debt Liabilities. The A&R Intercreditor Agreement will include customary restrictions on Super Senior Debt Creditors taking additional security and guarantees unless offered to other Secured Parties (to the extent legally possible and subject to any Agreed Security Principles).
***Pari Passu* Debt Creditors and *Pari Passu* Debt Liabilities**.....	Prior to the Super Senior Discharge Date, no member of the Group may make payments in respect of the *Pari Passu* Liabilities without the consent of the Required Super Senior Creditors except as permitted by the A&R Intercreditor Agreement, including: • If the payment is of any of the principal amount of or capitalized interest on the

Pari Passu Debt Liabilities which is not prohibited from being paid by the Super Senior Debt Documents or the Surety Bond Facility Agreements or (ii) any other amount which is not an amount of principal or previously capitalized interest (including any scheduled interest (whether cash pay or payment-in-kind) and default interest);

- no *Pari Passu* Payment Stop Notice (defined below) is outstanding; and
- no Super Senior Payment Default (defined below) has occurred and is continuing; or
- Creditor Representative Amounts due to the Creditor Representative(s) of the *Pari Passu* Creditors.

Prior to the Super Senior Discharge Date, if any default in the payment of any amount due under the Super Senior Debt Documents or a Surety Bond Facility Agreement (a "**Super Senior Payment Default**") is continuing all payments in respect of the *Pari Passu* Liabilities (other than Creditor Representative Amounts and those for which the consent of the Required Super Senior Creditors has been obtained) will be suspended.

Prior to the Super Senior Discharge Date, the Debtors may redeem or refinance the Senior Secured Notes in full in a manner which is not prohibited by the Super Senior Debt Documents or the Surety Bond Facility Agreements.

Pari Passu* Payment Stop Notice** ..... If an event of default (other than a Super Senior Payment Default) under a Credit Facility Agreement, a Super Senior Notes Indenture or a Surety Bond Facility Agreement (a "Pari Passu* Payment Stop Event**") is continuing, a Super Senior Creditor Representative or a Surety Bond Provider may issue a notice (a "***Pari Passu* Payment Stop Notice**") to each *Pari Passu* Creditor Representative advising that that *Pari Passu* Payment Stop Event has occurred and is continuing and suspending Payments of the *Pari Passu* Debt Liabilities until the first to occur of:

- the date which is 179 days after the date of issue of the *Pari Passu* Payment Stop Notice;
- if a *Pari Passu* Standstill Period (defined below) commences after that the issue of a *Pari Passu* Payment Stop Notice, the date

on which that *Pari Passu* Standstill Period expires;

- the date on which the *Pari Passu* Payment Stop Event in respect of which that *Pari Passu* Payment Stop Notice was issued is no longer continuing;

- the date on which the Super Senior Creditor Representative or Surety Bond Provider which issued the *Pari Passu* Payment Stop Notice cancels that *Pari Passu* Payment Stop Notice by notice to each *Pari Passu* Creditor Representative; and

- the repayment and discharge of all obligations in respect of the Super Senior Liabilities.

No more than one *Pari Passu* Payment Stop Notice may be served in any period of 360 days.

No *Pari Passu* Payment Stop Notice may be served in respect of a particular *Pari Passu* Payment Stop Event more than 60 days after the date that the relevant Super Senior Creditor Representative or Surety Bond Provider, as applicable, received notice of the occurrence of the event constituting that *Pari Passu* Payment Stop Event.

No more than one *Pari Passu* Payment Stop Notice may be served with respect to the same event or set of circumstances, and no *Pari Passu* Payment Stop Notice may be served in respect of a Super Senior Event of Default notified to a Super Senior Creditor Representative or a Surety Bond Provider at the time at which it issued an earlier *Pari Passu* Payment Stop Notice.

If a *Pari Passu* Payment Stop Notice ceases to be outstanding or the relevant Super Senior Event of Default or Super Senior Payment Default has ceased to be continuing (by being waived by the relevant Super Senior Creditors or remedied), and the relevant Debtor then promptly pays to the *Pari Passu* Creditors the accrued payments in respect of *Pari Passu* Debt Liabilities it would have otherwise been permitted to pay but for that *Pari Passu* Payment Stop Notice or Super Senior Payment Default, then any Event of Default which may have occurred as a result of that suspension of payments shall be waived and any *Pari Passu* Enforcement Notice which may have been issued as a result of that Event of Default shall be waived.

***Pari Passu* Debt Purchase Transactions**..... Acquisition of *Pari Passu* Debt by members of the Group is not allowed, except for any redemption in

full of the Senior Secured Notes in a manner which is not prohibited by the Super Senior Debt Documents or the Surety Bond Facility Agreements, or any action which occurs

either:

- on or after the Super Senior Discharge date; or
- in accordance with the Super Senior Debt Documents; and
- in accordance with the *Pari Passu* Debt Documents

Restrictions on amendments and waivers..... The *Pari Passu* Debt Creditors and the Debtors may amend or waive the terms of the *Pari Passu* Debt Documents in accordance with their terms (and subject to any consent required under them) at any time.

Security: *Pari Passu* Debt Creditors..... Prior to the Super Senior Discharge Date, the *Pari Passu* Debt Creditors may not take, accept or receive the benefit of any Security, guarantee, indemnity or other assurance against loss from any member of the Group (unless with prior consent of the Required Super Senior Creditors) other than:

- the Common Transaction Security;
- any guarantee, indemnity or other assurance against loss contained in the original form of Senior Secured Notes Indenture, the A&R Intercreditor Agreement or any Common Assurance; and
- as otherwise contemplated by the A&R Intercreditor Agreement.

Restriction on Enforcement Action..... Except as described below, no *Pari Passu* Creditor shall be entitled to take any Enforcement Action in respect of any of the *Pari Passu* Debt Liabilities prior to the Super Senior Discharge Date,

A *Pari Passu* Creditor may take Enforcement Action if:

- a Super Senior Debt Acceleration Event or a Surety Bond Facility Acceleration Event has occurred, in which case each *Pari Passu* Creditor may take the same Enforcement Action;
- a *Pari Passu* Creditor Representative has given notice (a "***Pari Passu* Enforcement**

Notice") to each Super Senior Creditor Representative, each Surety Bond Provider and each Super Senior Hedge Counterparty specifying that a *Pari Passu* Event of Default has occurred and is continuing; a period (a "***Pari Passu* Standstill Period**") of not less than 179 days has elapsed from the date on which that *Pari Passu* Enforcement Notice becomes effective; and that *Pari Passu* Event of Default is continuing at the end of the *Pari Passu* Standstill Period; or

- the Required Super Senior Creditors have given their prior consent.

In addition, after the occurrence of an Insolvency Event in relation to any member of the Group, each *Pari Passu* Creditor may exercise certain rights against that member of the Group including accelerating relevant *Pari Passu* Debt Liabilities or claiming or proving in any insolvency process of that member of the Group for the *Pari Passu* Debt Liabilities owing to it.

Turnover..... Turnover obligations following receipt of non-permitted payments shall be extended to apply to *Pari Passu* Creditors.

Enforcement of Transaction Security..... The Security Agent will act in accordance with enforcement instructions received from the Required Super Senior Creditors or (to the extent they are permitted to do so prior to the Super Senior Discharge Date as described in "Restriction on Enforcement Action" above) the Required *Pari Passu* Creditors.

Each Surety Bond Provider may take Enforcement Action in relation to the Surety Bond Only Security provided to it in connection with the relevant Surety Bond Facility at any time in accordance with the terms of the relevant Surety Bond Facility Agreement.

Application of Proceeds..... All amounts received or recovered by the Security Agent shall be applied in the following order or priority:

- in discharging any sums owing to the Security Agent, any Receiver or any Delegate and in payment to the Creditor Representatives of the Creditor Representative Amounts;

- in discharging all costs and expenses incurred by any Primary Creditor in connection with any realisation or

enforcement of the Transaction Security taken in accordance with the terms of the A&R Intercreditor Agreement (or any action taken at the request of the Security Agent under the provisions relating to further assurance following an Insolvency Event);

- for application towards the discharge on a *pro rata* and *pari passu* basis of:
    - the Super Senior Debt Liabilities (in accordance with the terms of the Super Senior Debt Documents) on a *pro rata* basis between Super Senior Debt Liabilities incurred under separate Super Senior Debt Documents;
    - the Surety Bond Facility Liabilities (in accordance with the terms of the Surety Bond Facility Agreements); and
    - the Super Senior Hedging Liabilities (on a pro rata basis between the Super Senior Hedging Liabilities of each Super Senior Hedge Counterparty),
- for application towards the discharge on a *pro rata* and *pari passu* basis of:
    - the *Pari Passu* Debt Liabilities (in accordance with the terms of the relevant *Pari Passu* Debt Documents) on a *pro rata* basis between *Pari Passu* Debt Liabilities incurred under separate *Pari Passu* Debt Documents; and
    - the *Pari Passu* Hedging Liabilities on a pro rata basis between the *Pari Passu* Hedging Liabilities of each *Pari Passu* Hedge Counterparty; and
- in payment or distribution to any person to whom the Security Agent is obliged to pay or distribute in priority to any Debtor; and
- the balance, if any, in payment or distribution to the relevant Debtor.

Super Senior Note Trustee Protections..... Clause 21 (*Pari Passu Note Trustee Protections*) of the Existing Intercreditor Agreement shall be

	duplicated (*mutatis mutandis*) in respect of a Super Senior Note Trustee.
Changes to the Parties.....	Clause 22 (*Changes to the Parties*) of the Existing Intercreditor Agreement shall be amended to, *inter alia*, clarify and facilitate the accession of additional Super Senior Creditors.

SUMMARY OF THE NMT NOTES

The summary below describes the principal terms of the NMT Notes under the Existing Super Senior Notes Indenture. Certain terms and conditions described below are subject to important limitations and exceptions. Please refer to the terms of the A&R Super Senior Notes Indenture set forth at Annex A which includes terms substantially similar to those of the NMT Notes, including the definitions of certain terms used in this summary.

The NMT Notes Offer	Concurrently with the Consent Solicitation and as part of the Restructuring, we are inviting each Existing Senior Noteholder, on the terms and subject to the conditions and offer restrictions set out in this Offering and Consent Solicitation Memorandum, to submit offers to purchase the principal amount of the NMT Notes ("**NMT Notes Entitlement**") that is equal to its *pro rata* share of the principal amount of the Existing Senior Notes beneficially held by such Existing Senior Noteholder as at the Record Time. The issuance of the NMT Notes has been backstopped by the NMT Backstop Providers (being certain members of the *Ad Hoc* Group). The Information Agent will determine the value of each Noteholder's NMT Notes Entitlement using the Existing Senior Notes holding details provided in the Account Holder Letter (a form of which is attached in Annex E) in accordance with the terms of the NMT Notes Offer.
Principal Amount	EUR128,866,000
Cash funded amount	EUR125 million being the Principal Amount less 3% to account for original issue discount.
Security	The NMT Notes will have the same security package as the Amended Super Senior Notes.
Eligibility to Participate in the NMT Notes Offer	For further details about the actions to be taken in order to participate in the NMT Notes Offer, please see "*Description of the NMT Notes Offer—Summary of actions to be taken*."
NMT Notes Offer Conditions.....	The NMT Notes Offer is subject to satisfaction of the Restructuring Implementation Conditions.
NMT Notes Terms.....	The NMT Notes are expected to be issued by the Lux Issuer on the NMT Issue Date pursuant to the Existing Super Senior Notes Indenture. As the NMT Notes will be issued under the Existing Super Senior Notes Indenture, the NMT Notes will be issued on the same terms as the Existing Super Senior Notes. However, as part of the Restructuring Steps and on the Restructuring Effective Date, the NMT Notes will be amended pursuant to the Proposed Super Senior Amendments and, as such, the NMT Notes will, on and from the completion of the Restructuring, be on the same terms as the Amended Super Senior Notes, as set forth in "*Summary of the Proposed Super Senior Amendments*" above. Upon issuance, the NMT Notes will not be fungible with the Existing Super Senior Notes for US tax purposes, therefore they will be initially issued under a separate ISIN. However, following the Restructuring Effective Date, all notes outstanding under the A&R Super Senior Notes Indenture will be fungible; therefore within 15 Business Days of the Restructuring Effective Date, the Lux Issuer will arrange for all ISINs and Common Codes to merge into one Regulation S ISIN, one Regulation S Common Code, one Rule 144A ISIN and one Rule 144A Common Code, being the ISINs and Common Codes of the Existing Super Senior Notes.

The form of A&R Super Senior Notes Indenture set forth in Annex A to this Offering and Consent Solicitation Memorandum contains a more detailed description of the terms and conditions of the NMT Notes.

RISK FACTORS

Prospective investors in the Amended Notes and the Restructuring Instruments should carefully consider the risks described in this Offering and Consent Solicitation Memorandum. These risks and uncertainties are not the only ones we face. We also face additional risks and uncertainties that are not currently known to us or that we currently consider not to be material. The occurrence of the risks described below or such additional risks could have a material adverse impact on our business, financial condition and results of operations, including our ability to make payments on the Amended Notes and the Restructuring Instruments, and you may lose all or part of your investment.

Risks Related to the Company

The coronavirus ("COVID-19") pandemic is adversely affecting our business, and future outbreaks of disease or similar public health threats could have a material adverse impact on our business, liquidity, financial condition and results of operations.

Our business, which is largely reliant on customers gathering in close proximity, attending betting, gaming and bingo halls and other sales points, and on sporting events taking place, has been and will continue to be affected by the ongoing COVID-19 pandemic, lockdowns and related social distancing measures in the jurisdictions in which we operate (including, but not limited to, Italy, Spain, Mexico and Argentina, from which we derive a substantial portion of our income). The COVID-19 pandemic resulted in, among other things, the suspension, shortening, delay or cancellation of sporting events and sports leagues which may occur again in the future and, as it happened in the past, we may not have an attractive and interesting sports betting offer to sustain sufficient interest in our sports betting products. Furthermore, shortened seasons for sports leagues may result in a smaller amount of wagers on sporting events throughout the course of each sport's season. On the other hand, closures or capacity limitations at gaming halls and other similar establishments, lockdowns and other measures imposed in light of the COVID-19 pandemic have resulted in a significant decrease in the level of activity for retail gaming. If the threat of the COVID-19 pandemic continues to diminish, and retail establishments are progressively able to return to operations at or near pre-pandemic levels, we will face increased competition from such retail operators. More generally, as other forms of entertainment that were unavailable, or available on a limited basis, during the COVID-19 pandemic are able to resume their operations, we will face increased competition for consumers' discretionary time and income from many more forms of entertainment that were unavailable, or available on a limited basis, during the COVID-19 pandemic. As a result, our business, results of operations and financial condition could be adversely affected.

However, we believe that the gaming industry will continue to rebound and benefit from pent-up social demand as vaccines are rolled out in Europe and Latin America. The first half of 2021 benefited from the reopening of non-critical businesses, the gradual relaxation of social distancing measures and the restart of sports events. These developments had a positive impact on our industry and foreshadow an eventual full return to normalcy. However, the uncertainty associated with the vaccine rollout in the jurisdictions in which we operate and the emergence of new, highly contagious, variants of the COVID-19 virus create further uncertainties for our business.

The economic impact of the COVID-19 pandemic may for example result in the permanent closure of certain venues and/or a decrease in the willingness or ability of consumers to engage in gambling activities or to be able to access land-based gaming to the same extent, both during and possibly after the COVID-19 pandemic. The continued impact of the COVID-19 pandemic may also adversely affect a broad range of our operations, including our ability to retain and recruit employees and our ability to continue to develop new products and services. Moreover, the macroeconomic impact of the COVID-19 pandemic may reduce the disposable incomes of customers and may result in a decrease in the number of customers willing to visit physical sales points locations. Many of our partners and those in our supply chains have also been adversely affected and are likely to continue to be adversely affected by the pandemic, which effects are not yet fully known to us and which create further uncertainties for our business. Accordingly, the continuation of the COVID-19 pandemic and disruptions on the vaccine rollout in the jurisdictions in which we operate has had and will continue to have a material negative impact on our business, liquidity, financial condition and results of operations.

During the course of the COVID-19 pandemic, our different businesses have been subject to numerous regulations, limitations and restrictions affecting the way our operations are run. We have implemented in each jurisdiction procedures, protocols and procedures with the objective of respecting to the maximum extent possible such restrictions and health safety requirements. We cannot ensure that, given the complexity, volatility and local and

regional differences in those regulations (including within the same jurisdictions), it has fully complied at all times and in all locations with the full extent of these regulations in terms of opening hours, attendance limits or health safety protocols and, as such, that we might be exposed to administrative action proportional to the breach.

In addition, the outbreak of disease or similar public health threats in the future, or fear of such an event, could have a material adverse impact on our business, results of operations and financial condition. In addition, outbreaks of disease could result in increased government restrictions and regulation, including quarantines of our personnel, which could adversely affect our operations.

The Argentine economy remains vulnerable and any significant decline could adversely affect our financial condition.

The Argentine economy has experienced significant volatility in recent decades, including periods of low or negative growth, high levels of inflation and currency devaluation. Sustainable economic growth in Argentina is dependent on a variety of factors, including the international demand for Argentine exports, the stability and competitiveness of the Argentine peso against foreign currencies, confidence among consumers and foreign and domestic investors, the rate of inflation, national employment levels and the political circumstances of Argentina's regional trade partners.

The Argentine economy remains vulnerable, as reflected by the following economic conditions:

- Inflation has remained consistently above 20% since 2016, reaching more than 100% cumulatively over the last three years, which led the company to start applying IAS 29 (inflation accounting) in the third quarter of 2018. In 2019, inflation averaged 53.5% and in 42.0% in 2020 (*Source: IMF*).

- The Argentine peso has continued to depreciate significantly, leading to inflation, reducing real wages and jeopardizing the stability of businesses such ours, whose success depends on domestic market demand. The most recent example of this volatility is the Argentine peso's extreme devaluation since 2017, from 22.5 pesos per euro to 67.1 at the end of 2019 (both end of period figures) which resulted in a 46% decline in our Argentine revenues over that 2-year period. Moreover, the currency further devaluated to 103.3 pesos per euro by the end of 2020 and to 113.9 pesos per euro as of August 6, 2021.

- According to the International Monetary Fund, real GDP growth in 2019 was -3.1%. Current GDP forecasts for 2021 are also modest at 6.4% (considering the significant decline in 2020)., In this context, the Argentine economy remains vulnerable to macroeconomic tensions.

Any potential government measures including those (i) involving government intervention, (ii) requiring salary increases or added benefits (as well as pressure from labor unions), (iii) regarding additional new currency exchange controls (other than those already present) and restrictions on capital inflows and outflows and (iv) leading to a lack of financing for operations in Argentina, may adversely affect the Argentine economy and financial system and, as a result, our business, results of operations and financial condition. In particular, we have no control over the implementation of the reforms to the regulatory framework that governs our operations and cannot guarantee that these reforms will be implemented or implemented in a manner that will benefit our business. The failure of these measures to achieve their intended goals could adversely affect the Argentine economy.

In addition, in recent years the Argentine government has progressively increased currency controls and limited foreign exchange transactions in an effort to contain local inflation and devaluation. This has led to a dual effective exchange rate by which we are able to translate the local cash flows in Argentine Pesos into Euros at a significant discount. The government of Argentina may modify the existing controls or introduce additional ones that may derive into a more significant discount into the Euros obtained from our local operations or even into a full inability to repatriate the cash flows generated in the country. The last measures put in place in July 2021 focused on limiting the ability from companies to use transactions of sovereign or other securities to translate Argentine Pesos into US Dollars. These measures complemented the existing ones that in practice limit the ability from companies to use the MULC (official exchange rate through the BCRA - Central Bank of Argentina) for intercompany transactions (including dividends, interests and capital payments or other intercompany charges).

The gaming industry is subject to extensive regulation (including applicable direct and indirect taxation, anti-corruption, anti-money laundering and economic sanctions laws) as well as licensing requirements. Our business may be adversely affected if we are unable to comply with them or any regulatory changes.

Regulatory requirements applicable to the gaming industry vary from jurisdiction to jurisdiction. Because of the broad geographical reach of our operations, we are subject to a wide range of complex laws and regulations in the jurisdictions in which we operate. These regulations govern, for example, market access, advertisement, payouts, taxation, cash and anti-money laundering compliance procedures and other specific limitations, such as permissible forms of gaming and betting. In addition to limiting the scope of our permitted activities, these regulations may limit the number and configuration of the gaming and betting activities we may undertake. Gaming authorities, governments or other regulatory bodies may deny, revoke or suspend our licenses and impose fines or seize our assets if we were found to be in violation of any of these regulations. If a license is required by a regulatory authority, and we fail to seek or do not obtain the necessary license, then we may be prohibited from providing our products or services in the relevant jurisdiction. We may also experience delays from time to time in the renewal of our licenses, which may result in disruptions to our business and the inability to provide our products or services. Upon the expiration of a license, a regulator could decide to offer that license to one or more third parties (through a competitive tender process or otherwise). In addition, it may issue additional licenses at any time. Renewing a license may be costly and time consuming, and our current licenses may not be renewed upon their expiration on favorable terms or at all. See "— *We rely on licenses to conduct our operations, and termination of these licenses could have a material adverse effect on our business*."

We have implemented policies and procedures designed to prevent and detect violations of applicable gaming, anti-corruption and anti-money laundering laws and requirements, according to the relevant regulation in each of the jurisdictions in which we operate. These policies may prove to be inadequate or insufficient and we may be exposed to potential allegations of inappropriate conduct in the future regarding past (even if procedures have not identified as of the date of this document any material violation) or future actions, given, among other reasons, that we have conducted and will frequently conduct business with governmental or quasi-governmental entities and operates in certain countries and regions that have reputations for heightened corruption risk where we may face challenges or be unsuccessful in implementing and ensuring compliance with the policies and procedures aimed at preventing and detecting violations of applicable gaming, anti-fraud, anti-corruption and anti-money laundering laws and requirements

In addition, changes in existing laws or regulations, or changes in their interpretation, including laws or regulations with a direct impact on the gaming industry, such as laws or regulations that prohibit money laundering and financing of terrorist and other unlawful financial activities, could impact our profitability and restrict our ability to operate our business. In recent years, changes in existing laws or regulations have had a significant impact on the gaming industry. As a gaming operator, we have experienced and may continue to experience increasing regulatory pressure in the form of advertisement restrictions, taxation increases, limitations on payment methods, licensing and sponsorship restrictions, or limitations on promotions, maximum bets or prizes, among others. Municipal or regional regulations of increasing complexity across each jurisdiction is also a factor that needs to be considered as it leads to increasing costs to comply with local requirements or to adapt existing processes and procedures, and higher risk or inadvertently or involuntarily result in non-material breaches that may derive in penalties or sanctions.

For example, in Spain, online operators must pay a 20% tax on gross gaming revenue in addition to corporate income tax. This tax is reduced to 10% for those entities domiciled in the autonomous cities of Ceuta and Melilla, such as CDON, which is domiciled in Melilla. Players are required to declare any winnings over EUR1,600 and pay income tax on it. While there is a strict over-18s gambling policy, the Spanish government has recently taken several measures to reduce gaming advertising and exposure of gaming to minors. Royal Decree 958/2020, of November 3, on the Commercial Communications of Gambling Activities, forbids gambling companies from appearing on shirts of soccer clubs and sponsoring their stadium names. These restrictions have had a significant impact on the Real Madrid Sponsorship Agreement in Spain. By virtue of an amendment to this agreement entered into in November 2020, the sponsorship agreement will be terminated in respect of Spain only (and without prejudice to the agreement remaining in force in all other applicable jurisdictions including Italy, Mexico, South America and Central America) at the end of the 2020/2021 soccer season due to newly-enacted advertising legal restrictions (which affect sponsorship) in Spain. We expect a further amendment to certain sponsorship agreements will be entered into before consummation of the Online Transaction. We cannot be certain that laws, regulations or any authorities in the

jurisdictions where we operate from time to time will not restrict our use and license under any of our sponsorship agreements, including any future sponsorship agreements.

In addition, advertising on television and on the Internet in Spain has been restricted to a four-hour window from 1 a.m. to 5 a.m. Furthermore, advertising on the internet must be done through the websites of the gaming operators. The Royal Decree also provides that bonus offers and promotions can only be marketed to existing players, as opposed to new players, among other significant advertising restrictions. Most of these restrictions have become effective following transitional periods ending on dates falling within the period from April to August 2021, so their impact on our activities in Spain is still unclear, but could be material.

If the Online Transaction is completed, our subsidiary Codere Online will be listed on the NASDAQ, which subjects Codere Online for the first time to the civil and criminal liability provisions of the Securities Act, the Exchange Act, the Sarbanes-Oxley Act of 2002 (the "**SOX Act**") and the listing rules of the NASDAQ, which may be more onerous than the rules we were previously subject to.

There can be no assurance that law enforcement or gaming regulatory authorities, in the jurisdictions where we operate, will not seek to restrict our business in such jurisdictions or initiate investigation which may result in sanctions or enforcement proceedings affecting us. In addition, there can be no assurance that any such restrictions or investigations, to the extent they result in sanctions or enforcement proceedings will not have a material adverse impact on our ability to retain and renew existing licenses or to obtain new licenses in such or other jurisdictions, or that they will not otherwise materially and adversely affect our business, results of operations and financial condition.

In Mexico, LIFO recently self-reported to the Mexican tax authorities ("**SAT**"), within the statutory 30-day remedy period, 111 transactions involving player deposits that exceeded the required reporting thresholds (under currently applicable Mexican anti-money laundering legislation) and which had not been duly reported. In addition, prior to the closing date of the Online Transaction, LIFO expects to self-report to the SAT 264 additional transactions which had not been duly reported and will be reported outside the statutory 30-day remedy period. We believe that this self-reporting may mitigate both the risk of being sanctioned and, if applicable, the amount of any sanction fees imposed. However there is a risk that, in addition to any economic sanctions imposed by the SAT, which could be material, the Mexican gaming regulator ("**SEGOB**") could impose additional sanctions on LIFO including a potential revocation of the LIFO License. There is also a risk that, because this self-reporting option can only be invoked once and LIFO already self-reported certain transactions outside the statutory remedy period in the past, SAT may determine that LIFO may not use this compliance through self-reporting option for the 264 additional transactions that LIFO expects to self-report, and LIFO may be deemed a "repeat offender." If LIFO is considered a "repeat offender" for such reason or because, following the self-reporting of the 264 transactions, LIFO commits a similar or otherwise qualifying infraction within two years, SEGOB could impose additional or more severe sanctions on LIFO including a potential revocation of the LIFO License. Although we have designed and implemented a risk-mitigation action plan in Mexico to address these risks and to ensure all transactions are duly and timely reported in the future, if LIFO is deemed an offender or a "repeat offender," significant economic sanctions could be imposed on LIFO and/or the LIFO License could be revoked, any of which could have a material adverse effect on our business, results of operations and financial condition.

Certain of the risks referred to above may be exacerbated with respect to our ".com" business. We currently offer, through Malta-based Aspire Global plc ("**Aspire**"), online gaming products via a ".com" website in various markets, including the United Kingdom, Germany, South Africa, Austria and Malta. As Aspire operates the ".com" site, we depend on Aspire to comply with applicable regulation, including by not offering our online gaming products in jurisdictions where any such offering would be prohibited. Any failure or perceived failure by Aspire to comply with applicable regulation may damage our reputation, result in sanctions and/or fines, adversely affect our ability to obtain or renew licenses and to enter any potential strategic partnership, or otherwise materially and adversely affect our business, results of operations and financial condition.

We rely on licenses to conduct our operations, and the failure to renew or the termination of these licenses could have a material adverse effect on our business.

We are required to obtain and maintain licenses in order to conduct our operations. These licenses typically have gaming regulation and compliance requirements, including economic guarantees to be provided to local authorities (these guarantees are mostly related to payment of gaming taxes and compliance with regulatory

requirements). In some cases, like in Argentina or Italy, to obtain or renew gaming licenses requires significant upfront investments as a licensing obligation. In other cases, the number of licenses to be awarded or renewed is limited or may be restricted by geographic or demographic factors, which may imply that we would be unable to maintain or renew some or all of our licenses, even in cases where all requirements would be met by the Company. Certain of our online licenses currently require that an operating retail presence be maintained (including licenses in Mexico, Panama and Colombia). In addition, certain jurisdictions (such as Spain) require game-specific licenses in addition to a general online license.

Furthermore, gaming authorities may deny, revoke, suspend or refuse to renew licenses we hold and impose fines or seize assets if we or our partners, licensees or clients were found to be in violation of any relevant regulations, any of which could have a material adverse effect on our business, results of operations and financial condition. We may also have difficulty or face uncertainty in renewing our existing licenses or obtaining new ones, especially if regulation in this regard is unclear or changes or if new regulations are enacted. Similarly, license renewals may be subject to timing delays due to different circumstances such as changes of governments or changes of regulations; these delays can also have an impact on our ability to run and properly maintain our operations.

Though we intend to renew most, if not all, of the licenses that mature in the next years, we cannot assure that we will be successful in doing so in all cases, or that all of our licenses will be renewed on satisfactory terms. Renewals of our licenses, if approved, may be subject to certain delays, upfront renewal fees, canon tax surcharges or changes to national and regional regulations of the gaming industry. Additional changes in regulation or licensing requirements may occur in the future that may have an impact on our ability to renew our licenses. Changes in national and regional authorities may also impact our license renewal processes, which may be subject to change from time to time. Consequently, there can be no assurance that we will maintain our operating licenses in the event of a potential change in the license granting process (such as an open bidding process), or that new potential economic terms of renewals would be reasonable or attractive to us, which could have a material adverse effect on our business, results of operations and financial condition.

Furthermore, the licenses under which we operate may be revoked by regulatory authorities in certain circumstances, even if we are in compliance with all relevant obligations. For example, in Mexico, the Secretaría de Gobernación ("**SEGOB**") has complete and discretional authority regarding the granting, renewal, revocation or amendment of licenses. Consequently, we cannot provide any assurance as to whether the license under which Codere Online operates will be amended prior to, or renewed at, the end of its corresponding term. Furthermore, in Italy, the Italian Monopolies and Customs Agency may revoke a license for, among others, supervening reasons of public interest. Moreover, an event of insolvency may constitute a breach of certain of our licenses and result in their revocation. There can be no assurance that we would maintain or be able to renew our licenses in the event of insolvency or other financial difficulty, including upon the filing or our declaration of insolvency. The CDON Licenses in Spain require that we establish the necessary systems, controls and procedures to ensure that it complies with applicable rules, laws and regulations in its Spanish operations. If the systems, controls and procedures adopted are not sufficient to comply with the applicable rules, laws and regulations, we could be deemed to have breached key terms of the CDON Licenses, which may result in its loss. In this regard, the Dirección General de Ordenación del Juego ("**DGOJ**") has requested CDON complementary information connected with the compliance of specific controls imposed by gambling regulation and online gaming system functioning. CDON is working to address such requests, notwithstanding the before mentioned, we cannot assure it could not derive in a potential in disciplinary proceeding to CDON or additional requests for information or measures to implement, from the DGOJ. Moreover, an event of insolvency may constitute a breach of certain of our licenses and result in their revocation. For example, in Mexico, the LIFO License, under which Codere Online operates, could be automatically revoked if LIFO were to file for insolvency protection. There can be no assurance that we would maintain or be able to renew our licenses in the event of insolvency or other financial difficulty, including upon the filing or our declaration of insolvency.

In Spain, Law 11/2021, of 9 July ("Law 11/2021") on measures to prevent and fight against tax fraud, establishing policies against tax evasion practices which have a direct impact on the operation of the internal market, which amends various tax and gaming laws and regulations, became effective on July 11, 2021. Law 11/2021, among others, amends certain provisions of Law 13/2011, of May 27, on gaming regulation (the "**Spanish Gaming Law**"), which provides the regulatory framework for online gaming in Spain. Law 11/2021 amends section (c), paragraph 2 of Article 13 of the Spanish Gaming Law (the "**Amendments**"), providing that a natural or legal person may not hold a gaming license or authorization if any person, shareholder, officer, director or any other entity which is part of its

corporate group, in the aggregate, has been sanctioned in the previous four years, by virtue of a final administrative ruling, with two or more very serious infringements of gaming regulations at a state or regional (Comunidad Autónoma) level. It is not clear whether the Amendments are effective retroactively, or whether the requirement with respect to the absence of sanctions applies only to any sanctions imposed from the date Law 11/2021 became effective. In Spain, online gaming is regulated at a state level and any operator who wants to operate online gaming in more than one region (Comunidad Autónoma) requires the DGOJ, the Spanish gaming regulator, to grant a general state license. Retail-based gaming activities are regulated on a regional (Comunidad Autónoma) basis. We operate retail gaming activities in various Spanish regions (Comunidades Autónomas) and two of our operating companies, Codere Apuestas Galicia, S.L. and Codere Apuestas Extremadura, S.A.U., have been sanctioned with two or more very serious infringements of gaming regulations in the past four years. Codere Online operates online gaming in Spain through the CDON Licenses granted to CDON. If the DGOJ applies Law 11/2021 retroactively, there is a risk that the CDON Licenses may be terminated or may not be renewed due to the sanctions imposed on Codere Apuestas Galicia, S.L. and Codere Apuestas Extremadura, S.A.U. Furthermore, under the terms of Law 11/2021, if CDON or any other company within the Codere Group, in the aggregate, is sanctioned with two or more very serious infringements of gaming regulations after the date Law 11/2021 became effective, CDON could be ineligible to have the CDON Licenses renewed. The termination of the CDON Licenses or any failure to renew the CDON Licenses could have a material adverse effect on our business, results of operations and financial condition.

We expect to renew eight of our 13 licenses in Argentina, our network concession expiring in 2022, our 11 bingo licenses in Italy and our online license in Spain. In addition, we expect to continue renewing Colombian and Spanish operating permits as they mature. The provincial government in Argentina has not yet defined the procedure and economic implications of the license renewals that mature in its term 2019–2023. So far, our Argentine licenses maturing in 2021 have been granted an annual extension, but we cannot assure these licenses or any of the upcoming ones will be renewed in similar terms to the past ones or that they will be renewed in favorable conditions to our interests and, therefore, we cannot assure that we will renew any or all of them. In 2018, our Mexican licenses held by Administradora Mexicana de Hipódromo ("**AMH**") and Operadora Cantabria were renewed for a period of 15 years, until 2033, together with a 25-year extension in the concession of the land where the Hipódromo de las Américas is located.

Moreover, an event of insolvency may constitute a breach of certain of our licenses. In Italy and Mexico, in particular, our gaming licenses could be automatically revoked if we were to file for insolvency protection. Even in countries where our filing for insolvency protection may not lead to the direct revocation of our licenses, if any of our subsidiaries fail to pay administration and other expenses, or if our filing for insolvency otherwise affects our subsidiaries, this could also affect our ability to maintain our licenses. Still, we may be subject to a different interpretation of the local regulation or to different local decisions that we may even have to challenge in court. There can be no assurance that we would maintain our operating licenses in the event of insolvency or other financial difficulty.

Failure to obtain new licenses, or maintain and renew existing licenses, could have a material adverse effect on our business, results of operations and financial condition.

Our business, results of operations and financial condition could be adversely affected if we are not able to consummate the Online Transaction.

We have publicly announced and expect to complete the Online Transaction, but it is subject to a number of conditions that are out of our control. In order to complete the Online Transaction, we have devoted a considerable amount of management time and have incurred significant costs, including with respect to the professional service firms for legal, accounting and financial advisory services that are assisting us on the Online Transaction. In addition, as we expect to derive significant financial and operational benefits from the consummation of the Online Transaction, should we be unable to consummate the Online Transaction as a result of a "Company Material Adverse Effect" as defined in the in the business combination agreement dated as of June 21, 2021 entered into with the SPAC or for any other reason, our business, results of operations, financial condition and future prospects could be adversely affected.

Changes in taxation or the interpretation or application of tax laws could have a material adverse effect on our business, results of operations and financial condition.

The gaming industry is subject to significant taxation in most of the countries in which we operate. Taxes on gaming activities may be established or increased or new and more exacting regulations may be enacted. These existing or new taxes may be in the form of gaming taxes on our activity or indirect taxes on players (e.g., taxes on players' deposits or prizes).

In recent years, certain gaming taxes have increased, and they may continue to increase, in the jurisdictions in which we operate. For example, in 2020, several Mexican states introduced a new tax on "*erogaciones*" (players' deposits or cash-in). The taxes were set at 10% in most cases. Also in Italy, the Government has changed gaming taxes ("**PREU**") several times over the last few years on AWPs and VLTs. The latest changes, made on December 30, 2019, in the context of the 2020 budget, implied further PREU increases, resulting in the following calendar:

Effective date	AWPs	VLTs
January 1, 2020	23.85%	8.50%
January 1, 2021	21.75%	8.60%

The law also allowed payout reductions from 68% to 65% for and from 84% to 83% for AWPs and VLTs respectively. In addition, as of January 15, 2020, an increase from 12 to 20% on the withholding tax on VLT prizes was implemented on prizes over EUR200 (previously over EUR500). Finally, another measure established by the government was the mandatory identification through health card to play VLTs.

In Spain, in sports betting, which is regulated on a regional basis, several regions have increased taxes on the activity in the last two years. First, Valencia set the gaming tax for Sports Betting at 20%, then Navarra increased to the same level in the first quarter of 2020. Catalonia and Asturias increased taxes to 15% in the fourth quarter of 2019 and the first quarter of 2020, respectively. In other regions, gaming taxes on the activity have remained stable at 10% (as in Madrid or Andalusia) or increased modestly to 12 % (as in Galicia or Cantabria).

Any increases in taxation, or the implementation of any new taxes to which our operations may be subject, would increase our regulatory or tax compliance costs and could have a material adverse effect on our business, results of operations and financial condition. In the next years, and because of the pandemic crisis, which has put additional pressure on the budgets of the countries in which we operate, it is possible that the industry suffers an increase in tax pressure to help mitigate public deficits.

Furthermore, some of our licenses are subject to taxation upon renewal, and we cannot be certain of the amounts of future renewal fees or canon tax surcharges attributable to our licenses if and when its licenses are renewed. See "*Risk Factors—We rely on licenses to conduct our operations, and termination of these licenses could have a material adverse effect on our business*."

As gaming taxes imposed by regional or national authorities apply to a significant percentage of Codere's revenues, increases in gaming taxes may render its affected operations unprofitable and have a material adverse effect on its business, results of operations and financial condition.

Our failure to comply with regulations regarding the use of personal customer data could subject us to lawsuits or result in the loss of our customers' goodwill and affect our business, results of operations and financial condition.

The actual and perceived integrity and security of a gaming operation is critical to attract gaming customers. We collect certain information relating to our customers for various business purposes, including regulatory, marketing and promotional purposes. For example, in several jurisdictions, including Mexico and Spain, we have an obligation to report certain information to tax authorities regarding customer prizes or wagered amounts above certain amounts.

The collection and use of personal data are governed by privacy laws and regulations enacted in the various jurisdictions in which we operate. Privacy regulations continue to evolve and may be inconsistent from one jurisdiction to another and, as a result, implementation standards and enforcement practices are likely to continue evolving for the

foreseeable future. Compliance with applicable privacy regulations may increase our operating costs and/or adversely impact our ability to market our products and services to our customers.

In Spain and Italy, we are subject to Regulation (EU) 2016/679 of the European Parliament and of the Council of April 27, 2016, on the protection of natural persons with regard to the processing of personal data and on the free movement of such data ("**General Data Protection Regulation**" or "**GDPR**"). We are also subject to national laws adopting the GDPR and to national data protection and privacy laws applicable in non-EU member states. The GDPR contains, among other things, high accountability standards that we must comply with such as, among others, strict requirements for providing information notices to individuals, rules on international data transfers and outsourcing, mandatory data protection impact assessments of certain processing operations, maintenance of an internal data processing register, restrictions on the collection and use of sensitive personal data and mandatory notification of data security breaches. The GDPR imposes administrative fines for data protection compliance violations of up to the greater of EUR20 million or 4% of the company's global annual turnover.

Such laws and regulations limit our ability to collect and use personal information relating to customers and potential customers. Notwithstanding our efforts, we are exposed to the risk that data could be misappropriated, lost or disclosed, or processed in breach of data protection regulations, by us or on our behalf.

If we do not comply with the provisions regarding transmission of customer data contained in the GDPR, we could face very significant sanctions. In this regard, since 2020 penalties for data protection violations have increased significantly, with fines in the millions of euros. This has increased people's awareness of their privacy. As a result, if we failed to transmit customer information in a secure manner, or if any such loss of personal customer data were to otherwise occur, this could result in the loss of our existing customers' goodwill and deter new customers from using our services, which could have a material adverse effect on our business, results of operations and financial condition.

Our business may be negatively impacted by volatility and other economic, market and political conditions in the markets in which we operate and in the locations in which our customers reside.

We currently operate in Spain, Italy, Mexico, Colombia. Argentina, Uruguay and Panama. In the twelve months ended December 31, 2019, we derived EUR307.8 million (or 22.2%) of our consolidated operating revenues from Mexico, EUR317.2 million (or 22.8%) from Argentina, EUR189.8 million (or (13.7%) from Spain, EUR343.3 million (or 24.7%) from Italy and EUR231.3 million from other operations. In the twelve months ended December 31, 2020, our revenues were EUR97.8 million in Mexico, EUR70.7 million in Argentina, EUR116.4 million in Spain and EUR154.7 million in Italy. All of our operations were severely affected by the COVID -19 pandemic.

Our business is, and is expected to continue to be, particularly sensitive to reductions in discretionary consumer spending, which is affected by general economic conditions and political conditions in the markets in which we conduct our operation. Economic contraction, which can eventually lead to an unstable job market, economic uncertainty and the perception by customers of weak or weakening economic conditions may cause a decline in demand for entertainment, including the gaming products and services we offer. In addition, changes in discretionary consumer spending or consumer preferences could be driven by factors such as an unstable job market, changes in perceived or actual disposable consumer income and wealth or fears of war and acts of terrorism. Our business, results of operations and financial conditions will be affected by economic conditions and volatility in the regions where we operate.

Our recovery trends and results in the next years will be driven by how each of the markets in which we operate recovers from the impact of the COVID -19 pandemic. This is difficult to predict and is affected by many external factors, particular to each of the markets in which we are present. Some, but not all of these factors, are the GDP decrease in 2020, the robustness of the local health care system and the ability of local authorities to vaccinate progressively the majority of the population or the economic recovery policies undertaken by each local Government. These factors and others will determine the recovery of the disposable income of our customers and their return to our gaming premises. In addition, any new wave of the pandemic or delay in the vaccination process may also result in significant delays in the expected recoveries of the local economies and, as a result, our business.

In particular, in Mexico, President Andrés Manuel López Obrador took office in 2018. Under his mandate, the country's economy was already experiencing a slowdown prior to the COVID-19 pandemic, with GDP contracting in the fourth quarter of 2019 for the third consecutive quarter, placing the country in a technical recession. Our business

is sensitive to reductions in discretionary consumer spending, which is usually affected by negative economic and political conditions. Economic recession and the perception from our customers of weak economic conditions may cause a decline in demand for the gaming products that we offer. Furthermore, economic weakness can eventually lead to an unstable job market, increased security issues and other factors that may negatively impact our operations. Political conditions in Mexico under President Andrés Manuel López Obrador's government have also been volatile, with certain controversial decisions (like the Texcoco airport cancellation) that have generated uncertainty in the market.

As another example, Argentina has experienced significant volatility in the economy since 2016. This volatility increased after the last general elections, where Peronist candidate Alberto Fernández was elected as president. The country has been suffering a significant devaluation of its currency in the last four years. Inflation levels escalated to more than 50%, negatively impacting our operations since our revenue did not grow at the same rate (i.e. it contracted in real terms). GDP contracted by 3.1% in 2019, and the country (as well as the Province of Buenos Aires, where we operate), have a significant debt load which will likely need to be restructured. On the political front, the government has implemented an emergency plan that entails substantial tax increases across various industries. This challenging economic context could generate weakness in consumer demand and reduce discretionary spending, affecting our operations in the country.

In summary, our Latin American operations expose us to substantial political, economic and currency risks because many Latin American countries have experienced significant recessions, inflation, unemployment and social unrest and their economies are more volatile than our European markets.

In addition, today, we are also particularly exposed to economic, market and political conditions in Spain. The Spanish economy experienced a decline in GDP of 10.8% in 2020 according to the Spanish National Institute of Statistics (*Instituto Nacional de Estadística*) as a result of the impact of the COVID-19 pandemic. Furthermore, after a protracted period of political uncertainty, a new coalition government was formed in January 2020 with support from certain regional parties. Political conditions under this government have been, and could continue to be, uncertain (particularly with respect to its negative stance against the gaming industry), given differences in the coalition parties' political agendas and those of the various other parties whose support is needed to reach majorities in congress. In addition, economic indicators could deteriorate further due to specific policies, resulting in higher fiscal pressure, higher levels of public debt, higher unemployment and higher deficits. Political events related to the independence movement in Catalonia could continue to generate economic volatility and political uncertainty, reducing demand for our products and negatively affecting our business.

Fluctuations in the exchange rates between our operating currencies and the euro could adversely affect our results of operations.

Our functional currency is the euro. Fluctuations in the exchange rates of our main non-euro operating currencies, mainly the Mexican peso, the Argentine Peso, the Colombian peso, the Uruguayan peso and the US Dollar (in Panama) could affect not only the economies of the relevant regions but also our business, results of operations and financial condition. In particular, fluctuations in exchange rates may result in foreign exchange gains or losses for us. We are therefore exposed to the risks associated with the fluctuation of these currencies relative to the euro.

The Argentine peso has been particularly volatile in recent years, going from approximately 15 pesos to the Euro in the beginning of 2016, to over 110 pesos to the Euro today. This significant devaluation has negatively impacted our Argentine results of operations, which, together with certain tax increases in the country, has contributed to reduce our Adjusted EBITDA in the country by approximately EUR56.0 million over the 2016–2019 period.

Any change in the value of the euro against any foreign currency of one of our non-euro operating entities will cause us to experience unrealized foreign currency translation losses (or gains) with respect to amounts already invested in such foreign currencies. Accordingly, we may experience a negative impact on our income statement and balance sheet with respect to our holdings solely as a result of foreign currency translation.

We operate in a highly competitive business environment and, as a result, our market share and business may be adversely affected by factors beyond our control.

Gaming halls. In many of the markets in which we operate dedicated gaming halls, in the form of casinos, bingo halls with gaming machines, racetracks with gaming machines, gaming arcades or stand-alone machine halls, we face competition by a small number of large companies, as well as a significant number of smaller operators. The presence of competitors in close proximity to our gaming halls can result in a significant decrease in attendance at our gaming halls, which could materially adversely affect their revenues and profitability. In addition, the concentration of gaming halls in urban locations may push expansion opportunities to less developed and affluent suburban areas. The interconnection of games, which pool together prizes among a number of different gaming halls, could favor operators with a larger number of gaming halls. In addition, in any of the markets in which we operate, companies with whom we compete may be larger than us or may have greater financial resources than we do.

Gaming machines operated at non-specialized locations. Due to the fragmentation of the gaming machine business in Italy and Spain, we compete with a large number of small national and regional operators. In this competitive environment, success in acquiring new gaming machine sites often depends on offering the best financial conditions to site owners, including, in many cases, one or more up-front exclusivity payments, advances, loans, a larger share of the revenues generated, or paying a higher price for locations that are sought by multiple gaming companies. Increased competition is likely to result in increases in the foregoing payments and expenses and could reduce our future profit margins and cash flows.

Online. In many of the markets in which we operate, we face competition from a number of large companies, as well as other smaller operators. In addition, companies with whom we compete may be larger than us or may have greater financial resources than we do, which could have a material adverse effect on our revenues and profitability. Increased competition could reduce our future profit margins and cash flows. Furthermore, online we face and will continue to face competition from retail establishments, including those from within our Group, for the discretionary spending of gaming customers, many of which divide their time between retail and online channels.

Technological Change. Existing technology, as well as proposed or undeveloped technologies, may become more popular in the future and render our products less profitable or even obsolete. In jurisdictions that authorize online gaming, there can be no assurance that we will be successful in selling our technology, content and services to internet gaming operators, as we face competition. In general, our ability to compete effectively in the internet gaming market will depend on the acceptance by our customers of the products and services we offer. There can be no assurance that we will be able to successfully develop and market internet gaming solutions, which could in turn have a material adverse effect on our business, results of operations and financial condition.

Brand. Our success is dependent in part on the strength of our brand. We believe that we have a long-established, trusted, and widely recognized brand and reputation in the markets in which we operate and that our brand represents a competitive advantage in the development of our activities. We also believe that, as the gaming industry becomes increasingly competitive, our success will be dependent on maintaining and enhancing our brand strength. We have and is investing significantly in sponsorships to enhance our brand. In recent years we have sponsored Real Madrid C. de F. in Spain (sponsorship that is no longer active in Spain because of changes in local regulation). In addition, during 2021 we have entered into additional sponsorship agreements in Mexico (Club de Fútbol de Monterrey, "Rayados de Monterrey") and Argentina (Club Atlético River Plate). Branding and marketing policies in our industry are very sensitive to changes in regulation that may limit or significantly impede our communication and offers to customers. Our inability to maintain or enhance our brand could have a material adverse effect on our business, results of operations and financial condition.

Other Factors. We also face competition from other forms of gaming. The development in any market in which we operate of alternative forms of gaming, such as destination gaming resorts and online gaming, or the launch of new versions of currently available games, also pose a significant competitive threat to our business. We also compete with illegal gaming activities, such as all forms of betting that circumvent public regulation, including offshore gaming, online gaming and interactive gaming channels that, as a result of their disregard of applicable regulations, may offer attractive gaming features. Such illegal activities may drain significant portions of betting volumes away from the regulated industry. In particular, illegal betting could take away a portion of our regular customers. If such forms of gaming are successful in attracting our customers, our business, results of operations and financial condition could be materially adversely affected. We also compete, although to a limited extent, with

lotteries, including national, regional and charitable ones. In many of the markets in which we operate, we face competition from a number of large companies, as well as other smaller operators. In addition, companies with whom we compete may be larger than us or may have greater financial resources than we do, which could materially adversely affect our revenues and profitability. Increased competition could reduce our future profit margins and cash flows.

Our joint venture, shareholder and operator agreements limit our influence over, and, in certain cases, the cash flow that can be derived from, certain of our businesses, and we are subject to certain agreements that limit our ability to pursue new gaming opportunities.

Differences in views with partners or other shareholders, including our partners in ICELA, Panama and our slot operations in Italy and Spain in certain cases, may result in delayed decisions or in failures to agree on major matters, potentially adversely affecting the business, results of operations and financial condition of such businesses and, in turn, ours. Under our joint venture, shareholder and operator agreements, if we and our partners, fellow shareholders and clients are not able to agree on important matters, there may not be dispute resolution procedures or the procedures may not resolve our disputes, which may result in the voluntary or involuntary sale of one partner or shareholder's interest to the other partner or shareholders. Failure to continue certain of our joint ventures or to resolve disagreements with our partners could have a material adverse effect on our business, results of operations and financial condition. Additionally, we may be forced to take certain decisions in the interest of our operations that might not be in agreement with our joint venture partners and could result in litigation, arbitration or otherwise legal procedures.

Different forms of gaming, including slots and sport betting products, are subject to life cycles. Furthermore, changes in consumer preferences, popularity and social acceptance of gaming and sports betting could harm our business.

Following their introduction, slots and sports betting products generally peak and then decline in popularity. The introduction of new slots and sports betting products or the modification of existing ones is important to the successful operation of our business. Failure to introduce new games or products or to modify existing games or products and to retain or attract customers, as well as the introduction of new games and products that prove to be unpopular, could have a material adverse effect on our business, results of operations and financial condition.

Our business depends on the appeal of our offerings to customers. Our offerings compete with various other forms of online and retail gaming and sports betting. Changes in consumer preferences and any inability on our part to anticipate and react to such changes, or the ability of our competitors to adapt faster, could result in reduced demand for our offerings and erosion of our competitive and financial position.

Casino and sports betting compete, not only with traditional gaming and sports betting establishments, but also with other leisure activities as a form of consumer entertainment and may lose popularity as new leisure activities arise or as other leisure activities become more popular. The popularity and acceptance of casino and sports betting is also influenced by prevailing social mores, and changes in social mores could result in reduced acceptance of gaming and sports betting as a leisure activity. To the extent that the popularity of gaming or sports betting declines as a result of any of these factors or otherwise, the demand for our offerings may decline, which could have a material adverse effect on our business, results of operations and financial condition.

Negative perceptions and negative publicity surrounding the gaming industry could damage our reputation or lead to increased regulation or taxation.

The gaming industry may be, and has been from time to time, perceived as an industry involved in political corruption, organized crime, money laundering, tax evasion and other criminal activities and most gaming companies, including us, face allegations from time to time relating to their and their partners' involvement in illegal activities.

In addition, the gaming industry is exposed to negative publicity and attention generated by a variety of sources, including citizens' groups, non-governmental organizations, media sources, local authorities, and other groups and institutions. In particular, in recent years, public attention has been drawn to findings or allegations of illegal betting and gaming, participation or alleged participation in gaming activities by minors, risks related to social issues such as addiction to gaming and risks related to data protection and payment security. In addition, publicity regarding

social issues related to the gaming industry, even if not directly connected to us or our business, could adversely impact our business, results of operations and financial condition. If the perception develops that the gaming industry is failing to address such concerns adequately, any accompanying political pressure may result in the gaming industry becoming subject to increased regulation, taxation, limitations on advertising or certain additional controls or restrictions to our operations. Future changes in regulation or taxation could have a material adverse effect on our business, results of operations and financial condition.

Corruption, bribery and money-laundering are among the risks we face in the course of our activity. Despite our efforts, and the existence of policies and procedures, we may fail to prevent irregular conduct and may face allegations regarding involvement in illegal activities. Further, we cannot assure that negative public perception toward gaming will not give rise to increased governmental scrutiny of our business or allegations of misconduct or illegal activity concerning us or our partners, or potential increased obligations and controls, any of which could have a material adverse effect on our business, results of operations and financial condition.

We actively seeks to improve the negative social perception that gaming activities generate. For instance, the gaming sector in Spain has founded the Gaming Business Council ("**Cejuego**"), that comprises around 75% of gaming activity volume with the aim to constructively explain and illustrate the reality of the industry and our customers, putting into perspective negative perceptions versus real data and facts. We have been a member of Cejuego since 2018 and keeps a constant and fluid dialogue with key interest groups. Additionally, in 2019, we joined Jdigital, the Spanish Association for Digital Gaming, reinforcing our commitment with responsible gaming and in order to develop our business in a way that minimizes the social impact of our entertainment offer through the implementation of best practices, transparency and collaboration with regulators.

Furthermore, in order to build and maintain our business, we must maintain the confidence of our customers, suppliers, analysts and other parties in our products and services, long-term financial viability and business prospects. Maintaining such confidence may be particularly challenging due to the negative perceptions surrounding the gaming industry and other factors largely outside of our control. If we were to lose the confidence of customers, suppliers, analysts or other parties, this could have a material adverse effect on our business, results of operations and financial condition. Furthermore, any actions by members of the Codere Group or any of our employees that may negatively affect the Codere brand or our reputation could have a material adverse effect on our business, results of operations and financial condition.

We are dependent upon our ability to provide secure gaming products and to maintain the integrity of our employees and our reputation.

The integrity and security of gaming operations are critical factors to attract and retain customers. We strive to set exacting standards of personal integrity for our employees and security for the gaming systems that we provide to our customers. Our reputation in this regard is an important factor in our business dealings with governmental authorities. For this reason, an allegation or a finding of illegal or improper conduct on our part, or on the part of one or more of our current or former employees, or an actual or alleged system security defect or failure, could have a material adverse effect on our business, results of operations and financial condition.

We may fail to detect money laundering or fraudulent activities by our customers or third parties.

We are exposed to the risk of money laundering and fraudulent activities by our customers and third parties. In connection with our gaming and betting, retail and online, activities, we have implemented procedures and internal control systems that monitor unusual transaction volumes or patterns and screen the personal details of the customer in order to minimize exposure to money laundering and fraud. We may not, however, be successful in protecting our customers and ourselves from such activities. In addition, we could be targeted by third parties, including criminal organizations, for committing fraudulent activities, such as attempts to compromise our system that processes and collects payment information, or attempts to use our betting services to engage in money laundering or other illegal activities.

Our partners are required to abide by applicable laws, including those related to identifying the customers placing bets. Although we have controls in place, we may fail to detect non-compliance with applicable laws or with our policies by our partners. To the extent we are not successful in protecting our customers or ourself from money laundering and fraudulent activities, we could be subject to criminal sanctions and administrative fines and could

directly suffer losses or lose the confidence of our customer base, which could have a material adverse effect on our business, results of operations and financial condition. Our failure to comply with such provisions could result in the imposition of criminal sanctions and/or fines on our directors, other penalties, revocation of concessions and licenses or operational bans, which could have a material adverse effect on our business, results of operations and financial condition.

For example, in Italy, we are subject to Italian Legislative Decree No. 231 of June 8, 2001, as amended ("**Decree 231**"), regulating quasi-criminal liability of corporate entities, including liability deriving from anti-money laundering violations committed in our interest or for our benefit. Any violations of Decree 231 could result in the imposition of fines and/or operational bans, and/or the revocation of concessions and licenses, and therefore could have a material adverse effect on our financial condition and results of operations. In particular, anti-money laundering laws and regulations require, among other requirements, that certain subsidiaries adopt and implement control policies and procedures which involve "know your customer" principles that comply with the applicable regulations (for customers and providers) and the reporting of suspicious or unusual transactions to the applicable regulatory authorities.

While we have has adopted policies and procedures intended to detect and prevent the use of our network for money laundering activities and by terrorists, terrorist organizations and other types of criminal organizations, those policies and procedures may fail to eliminate the risk that our network is used by other parties, without our knowledge, to engage in activities related to money laundering or other illegal activities. To the extent that we fail or have failed to detect money laundering or fraudulent activities by our customers or third parties, we could be subject to fines and other penalties by the relevant authorities. We cannot guarantee that relevant governmental agencies will not impose penalties or that such penalties will not adversely affect our business, results of operations and financial condition. Furthermore, illegal gaming may drain significant portions of gaming volume away from the regulated industry and adversely affect our business. See "*Risk Factors— We operate in a highly competitive business environment and, as a result, our market share and business may be adversely affected by factors beyond our control*."

In the past years we have been subject to several non-material fraud incidents in our retail and online operations, duly detected by our internal controls. The impact of these events has been included in our financial reporting as required and internal investigations were carried out in order to identify any weakness in our processes and systems, including protocols to prevent fraud and money laundering activities, completed with a revision of our crime prevention model. As an example, we are initiating legal action against certain employees in our Italian Operation for an internal fraud-related loss of approximately three hundred thousand euros. As a result, we cannot ensure other similar situations have happened and are still undetected by our existing controls or may not happen in the future.

We may be vulnerable to player fraud.

The gaming industry is vulnerable to attacks by customers through collusion and fraud. Although we take steps to minimize the opportunities for fraudulent play, we can provide no assurance that all instances of collusion and fraud will be detected.

If we fail to detect instances of collusion and fraud either between players or between players and our employees or agents, we could suffer losses directly as a result of such collusion and fraud instances. Furthermore, our customers participating in those games or bets subject to collusion or fraud could also suffer losses and may become dissatisfied with our products. Any of the foregoing could have a material adverse effect on our business, results of operations and financial condition.

Our accounting systems, information technology system and network are subject to damage and interruption and may be vulnerable to hacker intrusion and cybercrime attacks.

The gaming and betting products offered at our points of sale depend, to a great extent, on the reliability and security of our information technology systems, software and network, which are subject to damage and interruption caused by human error, problems relating to the telecommunications network, software failure, natural disasters, sabotage, viruses and similar events. Any interruption in our system could have a material adverse effect on the quality of services offered, on consumer demand and, therefore, on volume of sales, which could have a material adverse effect on our business, results of operations and financial condition.

Furthermore, particularly in our online business, we may be vulnerable to cybercrime attacks which could adversely affect our business. Examples include distributed denial-of-service attacks (attacks designed to cause a network to be unavailable to our intended users) and other forms of cybercrime, such as attempts by computer hackers to gain access to our systems and databases for the purposes of manipulating results, which may cause systems failure, business disruption and have a materially adverse effect on our financial condition. While we will employ prevention measures, such attacks are, by their nature, technologically sophisticated and may be difficult or impossible to detect and defend. If our prevention measures fail or are circumvented, our reputation may be harmed, which in turn could have a material adverse effect on our business, results of operations and financial condition.

We may be also vulnerable to potential breaches in the accounting and reporting systems that may derive in unintended misreporting of our accounts. We have internal controls and systems in place to anticipate such risks and is working on further increasing the robustness of our accounting and reporting platform after we internally detected certain accounting inconsistencies in our Mexican, Panamanian and Colombian subsidiaries in 2019. In addition to further controls, we are working on automating information processes and redefining organization and structures to minimize such risks.

We may be materially and adversely affected by breaches of security and systems intrusion conducted for the purpose of stealing personal information of our customers. Any such activity would harm our reputation and deter current or potential customers from using our services, which could have a material adverse effect on our business, results of operations and financial condition.

We depend on the skill and experience of our management and key personnel. The loss of our key management, technical and other personnel, or an inability to attract such personnel, could adversely impact our business.

The ability to maintain our competitive position and to implement our business strategy is led by our senior management team, which has extensive industry experience. Our inability to retain certain members of our management team or other key personnel could have a material adverse effect on our business, results of operations and financial condition. We cannot assure that we will be able to retain our existing senior executive and management personnel or attract additional qualified senior executive and management personnel.

In addition, our local officers, directors and key employees are required to file applications with the gaming authorities in each of the jurisdictions in which we operate and are required to be licensed or found suitable by these gaming authorities. If the gaming authorities were to find an officer, director or key employee unsuitable for licensing or unsuitable to continue having a relationship with us, we would have to sever all relationships with that person. Furthermore, the gaming authorities may require us to terminate the employment of any person who refuses to file appropriate applications. Either result could have a material adverse effect on our business, results of operations and financial condition.

Mexico has been subject to significant security issues in the recent years, and if such issues continue or worsen, our Mexican operations could be materially adversely affected.

Criminal violence in Mexico could have a material adverse effect on our Mexican operations. In recent periods, Mexico has experienced increased criminal violence, primarily due to the activities of drug cartels and the effects of drug-related organized crime. High crime rates and violence resulting from drug-trafficking and organized crime are particularly acute in several areas of Mexico in which we operate. The number of homicides recorded in 2020 reached 34,515 (average of 95 murders per day), the second highest annual figure since records began more than 20 years ago, only slightly down from 34,648 in 2019 despite the pandemic. (*Source: Secretariado Ejecutivo del Sistema Nacional de Seguridad Pública*)

In response to the surge in criminal activity, the Mexican government has implemented various security measures and strengthened its military and police forces. Despite these efforts, crime rates continue to remain high. Furthermore, the Mexican government's focus on fighting drug-related crime may lead to further escalation in violence between enforcement agencies and criminal organizations. Periods of elevated violence could have a material adverse effect on our business, results of operations and financial condition.

Our operations may be subject to work stoppages or other labor disputes.

As of December 31, 2020, we had 10,998 permanent and temporary employees. Some of our employees were covered by collective bargaining agreements in each of the countries where we operate as of the same date. There can be no assurance that existing collective bargaining agreements will be extended or renewed at current terms, or that we will be able to negotiate collective bargaining agreements in a favorable and timely manner. Future consultation processes and negotiations with our unionized work force could have a material impact on our financial results. If a material disagreement between our management and unions arises, or if employees engage in a prolonged work stoppage or strike at any of our facilities, our business, financial condition and results of operations could be negatively affected. We cannot assure that work stoppages or labor disputes will not occur in the future.

Our intellectual property could be subject to infringement by third parties or claims of infringement of rights of third parties.

We rely on a combination of copyright and trademark laws, trade secret protection, confidentiality and non-disclosure agreements and other contractual provisions in order to protect our intellectual property. There can be no assurance that these efforts will be adequate, or that third parties will not infringe upon or misappropriate our proprietary rights. For example, consultants, vendors, former employees and current employees may breach their obligations regarding non-disclosure and restrictions on use. In addition, intellectual property laws in Italy and other jurisdictions may afford differing and limited protection, may not permit us to gain or maintain a competitive advantage, and may not prevent our competitors from duplicating our products or gaining access to our proprietary information and technology. We may also be the subject of claims of infringement of the rights of others or party to claims to determine the scope and validity of the intellectual property rights of others. Such claims, whether or not valid, could require us to spend significant sums in litigation, pay damages, rebrand or re-engineer services, acquire licenses to third-party intellectual property and distract management's attention from the business, which may have a material adverse effect on our business, results of operations, and financial condition.

In addition, we license intellectual property rights from third parties. If such third parties do not properly maintain or enforce the intellectual property rights subject to such licenses, or if such licenses are terminated, we could lose the right to use the licensed intellectual property, which could adversely affect our respective competitive position or our ability to commercialize certain of our technologies, products or services.

We are and may be party to legal, administrative and arbitration proceedings, including tax and other disputes with regulatory authorities, and may become party to future litigation or disputes that may adversely affect our business.

Due to the nature of our business, we are and may be subject to a number of legal, administrative and arbitration proceedings from time to time, including tax and other disputes with regulatory authorities, and could become involved in legal, administrative and arbitration proceedings or investigations by government authorities in the future. See "*—The gaming industry is subject to extensive regulation (including applicable direct and indirect taxation, anti-corruption, anti-money laundering and economic sanctions laws) as well as licensing requirements. Our business may be adversely affected if we are unable to comply with them or any regulatory changes.*" We cannot assure that we will prevail in any current and/or future disputes, and any adverse resolution of any such dispute could have a material adverse effect on our business, results of operations and financial condition.

As described in our 2020 Annual Report, Codere, S.A. is a party to several litigation and arbitration proceedings initiated by certain shareholders and former executives of Codere, S.A. against other shareholders, Codere, S.A. board members, and Codere, S.A. It is not certain that Codere, S.A. will prevail in these disputes, nor that any decision by the court and/or arbitrator may not materially affect Codere, S.A., including its ability to liquidate in a solvent manner, or the reputation of the broader Group. In our 2020 Annual Report, there is also a summary of other relevant legal and tax litigation processes affecting the Group. Since the date of our 2020 Annual Report there have been several developments with respect to these matters which are described in Schedule 7 of the Note Purchase Agreement attached hereto as Exhibit O. With respect to the shareholder litigation, post-hearing briefs were submitted to the Tribunal. On August 6, 2021, the Tribunal declared the proceeding closed, and that the final award should not be deferred beyond the end of October 2021. With respect to the ongoing litigation related to Codere Mexico, on June 30, 2021 we have been notified that that Court confirmed the judgement, therefore ending the proceedings due to the arguments exposed by Codere Mexico (it is expected Sikeston S.A. will introduce new proceedings seeking the nullity of the shareholder´s resolutions).

According to our network concession, the granting of security is allowed only under specific conditions.

According to our network concession, our Italian subsidiaries are allowed to enter into new loan agreements or to provide guarantees or create security for the benefit of our subsidiaries, parent companies or related companies pursuant to article 2359 of the Italian Civil Code only under the following conditions:

- if new loans, guarantees or security are aimed at allowing the concession holder to indirectly obtain (a) additional financial resources under better terms than those available on the market, and on condition that (b) the additional financial resources are functional to the holder's business purpose ("*oggetto sociale*") or to the activities provided under the concession;

- if new loans or guarantees are issued by the concession holder towards its subsidiaries or affiliates, pursuant to art. 2359 of the Italian Civil Code, operating in the public games infrastructure sector.

Where not forbidden, the issuance of new intercompany loans, guarantees or security shall be promptly communicated to ADM, within the following ten days.

In any case the concession holder shall comply with the minimum equity and leverage ratio ("*solidità patrimoniale*" and "*rapporto di indebitamento*") provided under Decree of June 28, 2011 no. 1845/Strategie/UD. These requirements apply also to the Group. Any breach of the required minimum equity and leverage ratio may trigger the revocation of the concession.

In addition to the above, please note that breaches of the abovementioned provisions, may trigger:

- in case of omitted communication, the issuance of a fine ("*penale*"), ranging from EUR1,000 to EUR10,000 per transaction;

- in case of issuance of intercompany loans or security or guarantees forbidden under the concession, the issuance of a fine from 2% up to 10% of the value of the loan/guarantee illegally performed.

Although in the past ADM has never raised any objections in relation to the issuance of the abovementioned guarantees and creation of such security by us, which had been promptly communicated to ADM, the interpretation of the provisions of the concession is not clear and is untested in court. Should the provision of guarantees or the creation of security by us to be found in breach of the concession's provisions, this could trigger the aforementioned sanctions and, in case of revocation of the concession, our Italian operations may be materially adversely affected.

Risks Related to Our Capital Structure

We are subject to restrictive covenants under our financing agreements, which could impair our ability to run our business.

Restrictive covenants under our financing agreements may restrict our ability to operate our business. The restrictions contained in our financing agreements could reduce our ability to operate our business and may limit our ability to react to market conditions or take advantage of potential business opportunities as they arise. For example, such restrictions could adversely affect our ability to finance our operations, renew licenses, make strategic acquisitions, investments or alliances, restructure our organization or finance our capital needs. If additional funds are raised through debt financing, the debt holders may require us to make certain agreements or covenants, which could further limit or prohibit us from taking specific actions, such as establishing a limit on further debt, a limit on dividends, a limit on sale of assets, or specific collateral requirements.

Furthermore, our failure to comply with these covenants or meet our interest and principal payment obligations under our existing or future debt, including as a result of events beyond our control, could result in an event of default and increase a risk of default on our debt (including by a cross-default to other debt instruments) if we continue to be in non-compliance with these covenants. Our ability to comply with these covenants and restrictions may be affected by events beyond our control. In the event that we remain in non-compliance with our debt covenants, or if we are unable to comply with our debt covenants in the future, we may seek additional waivers and/or amendment(s) from the applicable lenders in respect of any such covenant in order to avoid any breach or default that

might otherwise result therefrom. If we default under any of our financial obligations and the default is not cured within the applicable time or waived by the applicable lenders or noteholders, the debt extended pursuant to all of our debt instruments could become due and payable prior to their stated due dates. Any such actions could force us into bankruptcy or liquidation. For example, in February 2021, as a result of the significant disruption caused by the COVID-19 pandemic, we determined that we would be unable to service our interest payments under the Existing Super Senior Notes and the Existing Senior Notes due in March and April, respectively. To avoid a default, we worked with our Noteholders to extend the grace period under the Existing Senior Notes Indenture, issued new bridge notes in April 2021 to fund our operations and agreed to the Restructuring.

We cannot give any assurance that (i) our lenders will agree to any covenant amendments or continue to waive any covenant breaches or defaults that may occur under the applicable debt instruments, or (ii) we could pay this debt if any of it became due prior to its stated due date. Accordingly, any default by us under our existing debt that is not waived by the applicable lenders that could materially and adversely affect our business, results of operations and financial condition.

To service our indebtedness, we require a significant amount of cash, and our ability to generate cash will depend on many factors beyond our control.

Our ability to make payments on and to refinance our indebtedness, and to fund capital expenditures, depends in part on our ability to generate cash in the future. Our ability to generate cash will depend on the success of our business strategy and on general economic, financial, competitive, legislative, regulatory and other factors, many of which are beyond our control. The proposed Restructuring will reduce our leverage but we will still require us to improve our profitability and cash flow in order to be able to service our indebtedness. There can be no assurance that we will generate sufficient cash flow from operations, that we will realize operating improvements on schedule or that future borrowings will be available to us in an amount sufficient to enable us to service and repay our indebtedness or to fund our other liquidity needs.

The Amended Super Senior Notes, including the NMT Notes, will mature on September 30, 2026, the Reinstated Senior Notes will mature on November 30, 2027 and the Subordinated PIK Notes will mature on November 30, 2027. There can be no assurance that we will have the available liquidity or the ability to raise financing in order to repay these instruments at or ahead of their maturity.

If we are unable to satisfy our debt obligations, we may have to undertake alternative financing plans, such as refinancing or further restructuring our indebtedness, selling assets, reducing or delaying capital investments or seeking to raise additional capital. There can be no assurance that any refinancing or debt restructuring would be possible, or if possible, that it would be on similar terms to those of our debt instruments existing at that time, that any assets could be sold or that, if sold, the timing of the sales and the amount of proceeds realized from those sales would be favorable to us or that additional financing could be obtained on acceptable terms.

As the Reinstated Senior Notes and the Amended Super Senior Notes will be secured by a significant portion of our assets that can be granted as collateral, our ability to refinance our existing debt or raise new debt may be limited to unsecured or lesser-secured debt. Disruptions in the capital and credit markets, as have been seen in recent years, could adversely affect our ability to meet our liquidity needs or to refinance our indebtedness, any of which could materially and adversely affect our business, results of operations and financial condition.

Risks Related to the Restructuring

The Restructuring is subject to a number of conditions that must be satisfied or waived in order for it to proceed, which may not be satisfied.

We are proposing to implement a restructuring which contemplates the occurrence of inter-conditional transactions which must all be completed as part of the overall completion steps by the Restructuring Effective Date. See "*Description of the Consent Solicitation - Conditions to the Restructuring.*"

The Consent Solicitation and the NMT Notes Offer will each contain various conditions precedent that must be satisfied in order for the Restructuring Effective Date steps to occur. In particular, the effectiveness condition in the Consent Solicitation will be met once the consent of over 90% by value of Noteholders under each currency tranche

of the Existing Senior Notes and the Existing Super Senior Notes has been obtained. As of the date of this Offering and Consent Solicitation Memorandum, the Issuers have received commitments from Existing Noteholders representing (i) approximately EUR 460,372,000, or approximately 92.07%, of the aggregate principal amount of outstanding Existing Senior Notes (EUR), (ii) approximately USD 288,124,000, or approximately 96.04%, of the aggregate principal amount of outstanding Existing Senior Notes (USD) and (iii) EUR 353,093,000, or approximately 100.00%, of the aggregate principal amount of outstanding Existing Super Senior Notes to provide their Consents to the Proposed Amendments and the Additional Consents. These holders are party to the Lock-Up Agreement that sets forth a plan to implement the Restructuring and are required to participate in the Consent Solicitation. There can be no assurance that the relevant holders will perform their obligations. There can be no assurance either that the Lock-Up Agreement will not be terminated prior to the implementation of the proposed Restructuring or that, if withdrawn or terminated, additional consents required to implement the proposed Restructuring will be obtained. As a result of these uncertainties, we cannot assure you that the proposed Restructuring will be implemented.

If any of the conditions are not satisfied or waived (to the extent applicable) the Restructuring will not proceed. This would have a number of negative consequences, including a potential reduction in the value of our assets and the imposition of substantial costs and the risk of legal action against us. If we fail to implement the proposed Restructuring, we will need to contemplate other means to restructure our balance sheet in order to service the Existing Senior Notes and the Existing Super Senior Notes maturing in 2023. Failure to implement a balance sheet restructuring and raise sufficient additional liquidity will likely have a material adverse effect on our business, results of operation and financial condition. There can be no assurance that we will be able to develop an alternative restructuring plan either at all or before the Group's liquidity is exhausted, which may result in insolvency filings by operating entities throughout the Group and which would in turn be expected to have a material adverse effect on our business, operations, and financial condition.

There is no assurance that we will be able to successfully complete the Restructuring on the terms set forth in this Offering and Consent Solicitation Memorandum, creating substantial doubt about our ability to continue as a going concern.

There is no assurance that we will be able to successfully complete the Restructuring contemplated in this Offer and Consent Solicitation Memorandum, creating substantial doubt about our ability to continue as a going concern. Our ability to continue as a going concern is dependent upon our ability to consummate the Restructuring and to generate sufficient liquidity from the Restructuring to meet our obligations and operating needs.

Our ability to consummate the Restructuring is subject to risks and uncertainties many of which are beyond our control. These factors, together with our recurring losses from operations and accumulated deficit, create substantial doubt about our ability to continue as a going concern. There can be no assurance that we will be able to successfully consummate the Restructuring on the terms set forth in this Offering and Consent Solicitation Memorandum, or at all, or realize all or any of the expected benefits from the Restructuring.

Consummation of the Consent Solicitation may be delayed or may not occur.

The Consent Solicitation is subject to the satisfaction of certain conditions. See "*Description of the Consent Solicitation—Conditions to the Restructuring.*" Even if the Consent Solicitation is consummated, it may not be consummated on the schedule described in this Offering and Consent Solicitation Memorandum. In addition, subject to applicable law and limitations described elsewhere in this Offering and Consent Solicitation Memorandum, we may, in our sole discretion, extend, amend, waive any conditions or terminate the Consent Solicitation if any conditions to the Restructuring are not capable of being satisfied or waived on or prior to the Restructuring Effective Date. If the Consent Solicitation is amended in a manner that we determine constitutes a material change, we will extend the Consent Solicitation to the extent required by law. If we waive any of the conditions with respect to the Existing Notes, or terminate the Consent Solicitation, we will not extend the Expiration Date unless required by applicable law. We will promptly announce any extension, amendment or termination of the Consent Solicitation by issuing a public announcement.

Litigation may lead to delay, alteration or withdrawal of the Restructuring.

We may from time to time become involved in litigation by security holders or third parties challenging the terms, consideration or validity of the Restructuring. While we believe that the Restructuring is valid and in

compliance with applicable law, the Existing Super Senior Notes Indenture, the Existing Senior Notes Indenture, the Intercreditor Agreement and the other existing indebtedness of our Group, there can be no assurance that we would prevail in any such litigation. Any litigation may lead to possible delay, amendment, withdrawal or termination of the Restructuring, which could have a material adverse effect on our financial position and prospects.

Adverse publicity relating to the Restructuring or our financial condition may adversely affect our customer and supplier relationships and/or the market perception of our business.

Adverse publicity relating to the Restructuring or our financial condition may adversely affect our customer and supplier relationships and/or the market perception of our business. Customers and suppliers may choose not to (and it may be more difficult to convince customers to) continue to do business with us. Suppliers may demand quicker payment terms and/or may not extend normal trade credit. We may find it difficult to obtain new or alternative suppliers. Ongoing negative publicity may also have a long-term negative effect on our reputation in the future, any of which could materially and adversely affect our business, results of operations and financial condition.

Risks Related to the Proposed Amendments

We are not making a recommendation as to whether you should consent to the Restructuring, and we have not obtained a third-party determination that the Proposed Amendments are fair to the Existing Noteholders.

None of us, our affiliates, the dealer managers or the information agent makes any recommendation as to whether you should consent to the Proposed Amendments and the Restructuring. We have not retained, and do not intend to retain, any unaffiliated representative to act on behalf of the Existing Noteholders for purposes of negotiating the Consent Solicitation or preparing a report concerning the fairness of the NMT Notes Offer or the Consent Solicitation. You must make your own independent decision regarding your participation in the Consent Solicitation or the NMT Notes Offer.

To the extent a trading market develops after consummation of the Restructuring for the Amended Notes or the Restructuring Instruments, these securities could trade at prices well below the prices ascribed to them in this Offering and Consent Solicitation Memorandum or, in the case of the NMT Notes, the subscription offer price. Each Noteholder must make its own investment decision regarding the securities offered hereby.

A decision to consent to the Proposed Amendments may expose you to higher risk.

The Amended Super Senior Notes, the Reinstated Senior Notes and the Subordinated PIK Notes have a maturity date that is later than the current maturity dates of the Existing Notes. If, following the maturity date of your Existing Notes, but prior to the maturity date of the Amended Super Senior Notes, the Reinstated Senior Notes and the Subordinated PIK Notes, we were to default on any of our obligations or become subject to a bankruptcy or similar proceeding, or become subject to additional currency restrictions that inhibit, beyond the limitations in effect as of the date of this Offering and Consent Solicitation Memorandum, our ability to repay our obligations under the Amended Super Senior Notes, the Reinstated Senior Notes and the Subordinated PIK Notes. Any decision to consent to the Proposed Amendments and the Restructuring should be made with the understanding that the lengthened maturity of the Amended Super Senior Notes, the Reinstated Senior Notes and the Subordinated PIK Notes expose you to the risk of non-payment for a longer period of time.

In addition, pursuant to the terms of the Proposed Amendments, the Existing Senior Notes will be amended and will remain partially outstanding as debt of the Lux Issuer in the form of the Reinstated Senior Notes while the remaining part of the Existing Senior Notes will be converted into a combination of Subordinated PIK Notes and New Topco A Shares. The Subordinated PIK Notes, which will be issued by New Holdco, would be junior in right of payment to the Reinstated Senior Notes and all of our existing and future senior secured indebtedness. This means that we cannot make any payments on the Subordinated PIK Notes or the Subordinated PIK Notes Guarantee if certain events of default have occurred under our senior indebtedness, including the Amended Super Senior Notes and the Reinstated Senior Notes. In the event of our bankruptcy or liquidation, our assets must be used to pay off our senior debt and any secured debt in full before any payments may be made on the subordinated debt securities, including the Subordinated PIK Notes, or under the guarantee. Moreover, the equitization of the SSN Convertible Equity Tranche contemplated by the Proposed Amendments, whereby a portion of the Existing Senior Notes would be converted into

New Topco A Shares issued by New Topco, would expose you to risks associated with owning common stock. See "*Risk Factors–Risks Related to the Ordinary Shares.*"

We cannot assure the Noteholders that existing rating agency ratings will be maintained or that the Restructuring Instruments will be rated by the existing rating agencies.

We cannot assure the Existing Super Senior Noteholders or the Existing Senior Noteholders that, as a result of the Restructuring or otherwise, one or more rating agencies would not take action to downgrade or negatively comment upon their ratings on the Amended Super Senior Notes or the Reinstated Senior Notes. We also cannot assure that the Subordinated PIK Notes will be rated by the existing rating agencies. Any downgrade, negative comment or loss of coverage by a rating agency would likely adversely affect the market price of the Amended Super Senior Notes, the Reinstated Senior Notes or the Subordinated PIK Notes.

You are responsible for complying with the procedures of the NMT Notes Offer and Consent Solicitation.

Qualifying Noteholders are responsible for complying with all of the procedures for submitting their Consents and subscribing for NMT Notes. If you wish to participate in the Consent Solicitation, you must (A) inform your custodial entity, which may be a bank, broker, dealer, trust company or other nominee, of your interest in Consenting to the Proposed Amendments and instruct your nominee to submit your Consents on or prior to the Expiration Date and (B) complete the Account Holder Letter set forth in Annex E hereto and deliver it to the Information Agent on or prior to the Expiration Date. If the instructions are not strictly complied with, your Consent may be rejected, you may not be entitled to receive a Consent Fee or the Restructuring Instruments and you may not be able to subscribe for NMT Notes. Neither we nor the Information Agent assume any responsibility for informing any Qualifying Noteholder of irregularities with respect to such Qualifying Noteholder's participation in the NMT Notes Offer and Consent Solicitation. Holders of the Existing Notes do not have any appraisal or dissenters' rights in connection with the Consent Solicitation. Upon the Required Consents being received, the Existing Notes Trustees will be authorized to take the steps contemplated by the Additional Consents.

Risks Related to the Amended Super Senior Notes, the Reinstated Senior Notes and the Subordinated PIK Notes

The value of the Collateral securing the Amended Super Senior Notes, the Reinstated Senior Notes and the Subordinated PIK Notes may not be sufficient to satisfy our obligations.

The Amended Super Senior Notes, the Reinstated Senior Notes and the Subordinated PIK Notes, alongside their respective guarantees, will be secured by the Amended Super Senior Notes Collateral, the Reinstated Senior Notes Collateral and the Subordinated PIK Notes Collateral, respectively (together, the "**Collateral**"). The Collateral may also secure additional debt to the extent permitted by the terms of the A&R Super Senior Notes Indenture, the A&R Senior Notes Indenture and the Subordinated PIK Notes Indenture, respectively (together, the "**Indentures**"). The Indentures will permit us, subject to compliance with certain financial tests, to issue additional secured debt, including debt secured equally and ratably by the same assets pledged for the benefit of the respective noteholders. This would reduce amounts payable under the Indentures from the proceeds of any sale of the Collateral.

No appraisal of the value of the Collateral has been made in connection with this Offering and Consent Solicitation Memorandum and the value of the Collateral in the event of liquidation will depend on market and economic conditions, the availability of buyers and other factors. Consequently, liquidating the Collateral may not produce proceeds in an amount sufficient to pay all or any amounts due on the Amended Super Senior Notes, the Reinstated Senior Notes or the Subordinated PIK Notes, as applicable. The fair market value of the Collateral is subject to fluctuations based on factors that include, among others, the condition of our industry, the ability to sell the Collateral in an orderly sale, general economic conditions, the availability of buyers and other factors. The amount to be received upon a sale of the Collateral would be dependent on numerous factors, including, but not limited to, the actual fair market value of the Collateral at such time and the timing and the manner of the sale. By its nature, portions of the Collateral may be illiquid and may have no readily ascertainable market value. Accordingly, there can be no assurance that the Collateral can be sold in a short period of time or in an orderly manner. In the event of a foreclosure, liquidation, reorganization, bankruptcy or other insolvency proceeding, we cannot assure you that the proceeds from any sale or liquidation of the Collateral will be sufficient to pay our obligations under the Amended Super Senior Notes, the Reinstated Senior Notes or the Subordinated PIK Notes, as applicable. Any claim for the difference between

the amount, if any, realized by noteholders from the sale of the Collateral and the obligations under the Amended Super Senior Notes, the Reinstated Senior Notes or the Subordinated PIK Notes, as applicable, and other obligations secured by the Collateral on a *pari passu* basis will rank equally in right of payment with all of our other unsecured unsubordinated indebtedness and other obligations. In addition, in the event of any such proceeding, the ability of the noteholders to realize upon any of the Collateral may be subject to bankruptcy and insolvency law limitations.

We will in most cases have control over and use of the Collateral securing the Amended Super Senior Notes, the Reinstated Senior Notes and the Subordinated PIK Notes and the related guarantees, and the sale of particular assets by us could reduce the pool of assets securing the Amended Super Senior Notes, the Reinstated Senior Notes and the Subordinated PIK Notes and the related guarantees.

The Collateral documents allow us to remain in possession of, retain exclusive control over, freely operate, and collect, invest and dispose of any income from, the Collateral securing the Amended Super Senior Notes, the Reinstated Senior Notes and the Subordinated PIK Notes and the related guarantees. Your rights to the Collateral may be diluted by any increase in the first-priority debt secured by the Collateral or a reduction of the Collateral. For example, so long as no default or event of default under the Indentures governing the Amended Super Senior Notes, the Reinstated Senior Notes and the Subordinated PIK Notes would result therefrom, we may, among other things, without any release or consent by the relevant trustee, conduct ordinary course activities with respect to the Collateral, such as selling, abandoning or otherwise disposing of the Collateral and making ordinary course cash payments (including repayments of indebtedness).

It may be difficult to realize the value of the Collateral securing the Amended Super Senior Notes, the Reinstated Senior Notes and the Subordinated PIK Notes and the related guarantees and the Collateral is subject to casualty risks.

The Collateral securing the Amended Super Senior Notes, the Reinstated Senior Notes and the Subordinated PIK Notes, and the related guarantees, is subject to any and all exceptions, defects, encumbrances, liens and other imperfections as may be accepted by the Security Agent and any other creditors that have the benefit of first liens on the Collateral from time to time, whether on or after the date the Amended Super Senior Notes, the Reinstated Senior Notes and the Subordinated PIK Notes and the related guarantees are issued. The existence of any such exceptions, defects, encumbrances, liens and other imperfections could adversely affect the value of the Collateral as well as the ability of the Security Agent to realize or foreclose on such Collateral.

In addition, the security interest of the relevant trustee under the Indentures will be subject to practical problems generally associated with the realization of security interests in collateral. For example, such trustee and/or the Security Agent may need to obtain the consent of a third party to obtain or enforce a security interest in a contract. We cannot assure you that the relevant trustee and/or the Security Agent will be able to obtain any such consent. We also cannot assure you that the consents of any third parties will be given when required to facilitate a foreclosure on such assets. Also, certain items included in the Collateral may not be transferable (by their terms or pursuant to applicable law), and therefore the relevant trustee and/or the Security Agent may not be able to realize value from such items in the event of a foreclosure. Accordingly, the relevant trustee and/or the Security Agent may not have the ability to foreclose upon those assets and the value of the Collateral may significantly decrease.

We currently maintain and intend to maintain insurance or otherwise insure against hazards in a manner appropriate and customary for our business. There are, however, certain losses that may be either uninsurable or not economically insurable, in whole or in part. Insurance proceeds may not compensate us fully for our losses. If there is a complete or partial loss of any of the pledged Collateral, the insurance proceeds may not be sufficient to satisfy all of the secured obligations, including the Amended Super Senior Notes, the Reinstated Senior Notes and the Subordinated PIK Notes, and the related guarantees.

There are circumstances other than repayment or discharge of the Notes under which the Collateral securing the Amended Super Senior Notes, the Reinstated Senior Notes and the Subordinated PIK Notes will be released automatically, without your consent or the consent of the applicable trustee.

Under various circumstances, the related guarantees and the Collateral securing the Amended Super Senior Notes, the Reinstated Senior Notes and the Subordinated PIK Notes will be released automatically, including, without limitation:

- in the case of Collateral, in connection with any sale or other disposition to any third party of the property or assets constituting Collateral, so long as the sale or other disposition is permitted by the Indentures or to any restricted subsidiary consistent with the Intercreditor Agreement;
- in the case of a Guarantor that is released from its Guarantee pursuant to the terms of the relevant Indenture, the release of the property and assets of such Guarantor;
- in accordance with the "Amendments and Waivers" provisions of the Indentures;
- upon legal defeasance, covenant defeasance or satisfaction and discharge of the relevant Indenture;
- with respect to the Collateral, automatically if the Lien granted in favor of the Surety Bonds Facilities or other Debt that gave rise to the obligation to grant the Lien over such Collateral is released (other than pursuant to the repayment and discharge thereof); or
- in accordance with the Intercreditor Agreement.

Unless consented to by the holders of the Amended Super Senior Notes, the Reinstated Senior Notes and the Subordinated PIK Notes, as applicable, the Intercreditor Agreement will provide that the Security Agent shall not, in an enforcement scenario, exercise its rights to release the relevant guarantees or security interests in the Collateral unless the relevant sale or disposal is made:

- for consideration all or substantially all of which is in the form of cash; and
- pursuant to a public auction, or a fairness opinion has been obtained from a financial advisor selected by the Security Agent.

The A&R Intercreditor Agreement will also provide that the Collateral securing the Notes may be released and retaken in connection with the refinancing of certain indebtedness, including the Notes, if the Lux Issuer has confirmed in writing to the Security Agent that it has determined that it is either not possible or not desirable to implement any such refinancing on terms satisfactory to it by instead granting additional Collateral and/or amending the terms of the existing Collateral. In certain jurisdictions, such a release and retaking of Collateral may give rise to the start of a new "hardening period" in respect of such Collateral. Under certain circumstances, other creditors, insolvency administrators or representatives or courts could challenge the validity and enforceability of the grant of such Collateral. Any such challenge, if successful, could potentially limit your recovery in respect of such Collateral and thus reduce your recovery under the Amended Super Senior Notes, the Reinstated Senior Notes and the Subordinated PIK Notes, as applicable.

Luxembourg limitations on enforcement of guarantee or security interest

The granting of guarantees/security interests by a Luxembourg company is subject to specific limitations and requirements arising from considerations related to its corporate object and corporate benefit. The granting of guarantees/security interests by a Luxembourg company must come within its corporate object ("*objet social*"). In addition, there is also a requirement according to which the granting of guarantees/security interests by a Luxembourg company must be in furtherance of its corporate benefit ("*interêt social*"). In particular, according to article 171-1 of the Luxembourg law dated 10 August 1915 on commercial companies (as amended), it is a criminal offence for managers or directors of a company to use the assets or the credit of a company for a purpose which they know to be against the interest of the company in their personal interest, or in the interest of companies in which they are directly or indirectly interested.

The granting of a guarantee or of a security interest in violation of article 171-1 of the Luxembourg law dated 10 August 1915 on commercial companies (as amended) would constitute a criminal offence committed by the managers/directors of the company but there is also a risk that the guarantee/the security interest could be considered to be null and void. There is no relevant Luxembourg case law on the application of this text to intra-group financing transactions. With respect to guarantee, regard may however be given to the situation in France as the Luxembourg legal provision on abuse of corporate assets is identical to the French text and Luxembourg courts tend to take into consideration French case law in respect of legal provisions which are similar in both jurisdictions. French case law has developed certain criteria under which a company may, in the absence of a direct own benefit, grant a guarantee for the obligations of another group company without violating French law provisions equivalent to article 171-1 of the Law on Commercial Companies.

In respect of guarantees, the following criteria, which have been used by the French Supreme Court (*Cour de Cassation*), may be used as a general guideline:

- the transaction in the context of which the guarantee is granted is entered into with a view to furthering economic, social or financial interests within the framework of a common policy defined for the group as a whole;

- the financial commitments (a) are entered into for consideration (not necessarily monetary) and (b) do not disturb the balance between the respective commitments of the group companies; and

- the financial commitments do not exceed the financial capabilities of the company which bears the burden of such commitments.

Although no statutory definition of corporate benefit exists under Luxembourg law, corporate benefit is broadly interpreted and includes any transactions from which the Luxembourg company derives a direct or indirect economic or commercial benefit. The question whether there is sufficient corporate benefit for a company to grant a guarantee is very fact-based and is to be assessed by the managers/directors of the relevant company.

The provision of a guarantee for the obligations of direct or indirect subsidiaries is likely to raise no particular concerns, whereas the provision of guarantees in favour of companies who have the same direct or indirect shareholders as the Luxembourg company (cross-stream assistance) and companies who are the direct or indirect shareholder of the Luxembourg company (upstream assistance) are less likely to directly benefit the guarantor.

As a result, the guarantees (other than downstream) granted by a Luxembourg company may be subject to certain limitations, which usually take the form of a guarantee limitation language, which is inserted in the relevant Finance Documents and which covers, subject to certain exceptions, the aggregate obligations and exposure of the relevant Luxembourg assisting company under all the Finance Documents.

Any security interests/guarantees granted by entities organized in the Grand Duchy of Luxembourg, which constitute a breach of the provisions on financial assistance as defined by article 49-6 of the Luxembourg law dated 10 August 1915 on commercial companies (as amended) or any other similar provisions (to the extent applicable, as at the date of this offering memorandum, to an entity organized under the laws of the Grand Duchy of Luxembourg), might not be enforceable, if the specific requirements set out in the Luxembourg law dated 10 August 1915 on commercial companies (as amended) are not met.

The Amended Super Senior Notes will be issued by the Lux Issuer, which is organized under the laws of Luxembourg, and guaranteed by several guarantors organized under the laws of Spain, Italy, Luxembourg, Argentina, Colombia, Panama, and Mexico. There is no assurance that enforcing a guarantee or security interest will be possible in these jurisdictions; please see "*Enforcement of Civil Liabilities*" for more details.

The Reinstated Senior Notes will be issued by the Lux Issuer and New Topco, which are organized under the laws of Luxembourg, and guaranteed by several guarantors organized under the laws of Spain, Italy, England and Wales, Luxembourg, Argentina, Colombia, Panama and Mexico.

The Subordinated PIK Notes will be issued by New Holdco, which is organized under the laws of Luxembourg, and guaranteed by New Midco, which is organized under the laws of Luxembourg.

In the event of a bankruptcy, insolvency or similar event, proceedings could be initiated in any of these jurisdictions. Such multi- jurisdictional proceedings are likely to be complex and costly for creditors and otherwise may result in greater uncertainty and delay regarding the enforcement of your rights. Your rights under the Amended Super Senior Notes, the Reinstated Senior Notes and the Subordinated PIK Notes, and the related guarantees, as the case may be, will be subject to the insolvency and administrative laws of several jurisdictions, and there can be no assurance that you will be able to effectively enforce your rights in such complex, multiple bankruptcy, insolvency or similar proceedings.

In addition, the bankruptcy, insolvency, administrative and other laws of the Issuers, Codere, S.A. and the Existing Guarantors jurisdictions of organization may be materially different from, or in conflict with, each other, including in the areas of rights of creditors, priority of government and other creditors, ability to obtain post-petition interest and duration of the proceedings. The application of these laws, or any conflict among them, could call into question whether any particular jurisdiction's law should apply, adversely affect your ability to enforce your rights under the Amended Super Senior Notes, the Reinstated Senior Notes and the Subordinated PIK Notes and the related guarantees in these jurisdictions, or limit any amounts that you may receive.

You may be unable to enforce judgments obtained in U.S. courts against the Issuer, us or the other Existing Guarantors.

All of the Group's directors are non-residents of the United States, and all of the Group's assets and substantially all of the assets of its directors are located outside the United States. Nearly all of the directors of the Existing Guarantors are non-residents of the United States, and the assets of these companies and their directors and executive officers are located outside of the United States. As a consequence, you may not be able to effect service of process on these non-U.S. resident directors and executive officers in the United States or to enforce judgments against them outside of the United States.

We have been advised by our Luxembourg and Spanish counsel that it is questionable whether a Luxembourg or Spanish court would enforce a judgment obtained in the United States against the Issuer, us or any of the other Existing Guarantors. Please see section "*Enforcement of Civil Liabilities*" for more details.

There are restrictions on your ability to transfer the Amended Super Senior Notes, the Reinstated Senior Notes and the Subordinated PIK Notes.

We have not registered any of the Amended Super Senior Notes, the Reinstated Senior Notes or the Subordinated PIK Notes under the Securities Act or any state or other securities laws. As a result, you may not offer or sell any of these notes in the United States or to a U.S. person, as defined in Regulation S under the Securities Act, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws. You should read the discussion under the heading "*Transfer Restrictions*" for further information about these transfer restrictions. It is your obligation to ensure that your offers and sales of the Amended Super Senior Notes, the Reinstated Senior Notes or the Subordinated PIK Notes, as applicable, comply with applicable securities laws.

An active trading market may not develop for the Amended Super Senior Notes, the Reinstated Senior Notes and/or the Subordinated PIK Notes and you may not be able to resell them.

Although the Amended Super Senior Notes and the Reinstated Senior Notes are expected to be admitted to the Official List of Euronext Dublin and to trade on Euronext GEM and application for listing the Subordinated PIK Notes on an exchange will be made, we cannot assure you that a liquid trading market for the Amended Super Senior Notes, the Reinstated Senior Notes or the Subordinated PIK Notes will be maintained or that the Amended Super Senior Notes, the Reinstated Senior Notes or the Subordinated PIK Notes will remain listed.

Accordingly, we cannot assure you as to the ability of respective noteholders to sell them or the price at which the respective noteholders may be able to sell them. The liquidity of any market for the Amended Super Senior Notes, the Reinstated Senior Notes and the Subordinated PIK Notes will depend on the respective number of noteholders, prevailing interest rates, the market for similar securities and other factors, including general economic conditions and our own financial condition, performance and prospects, as well as recommendations by securities analysts.

Historically, the market for non-investment grade debt, such as the Amended Super Senior Notes, the Reinstated Senior Notes and the Subordinated PIK Notes, has been subject to disruptions that have caused substantial price volatility. There can be no assurances that if a market for any of the Amended Super Senior Notes, the Reinstated Senior Notes and the Subordinated PIK Notes were to develop, such a market would not be subject to similar disruptions. As a result, we cannot assure you that an active trading market for any of the Amended Super Senior Notes, the Reinstated Senior Notes or the Subordinated PIK Notes will be maintained.

Risks Related to the New Topco A Shares

In the event of any distribution or payment of our assets in any enforcement or bankruptcy proceeding, our and our subsidiaries' creditors will have the right to be paid in full before any distributions are paid to holders of New Topco A Shares.

In the event of any distribution or payment of our assets in any enforcement, foreclosure, dissolution, winding-up, liquidation or reorganization, or other bankruptcy proceeding, our and our subsidiaries' creditors will have the right to be paid in full before any distributions are paid to holders of New Topco A Shares. Further, we will not be entitled to receive any distributions from our direct or indirect subsidiaries in respect of our direct or indirect equity interest in such subsidiaries until the creditors of such direct and indirect subsidiaries have been paid in full. If any of the foregoing events occur, we cannot assure you that there will be any assets for distribution in respect of the New Topco A Shares.

There are significant restrictions on the ability to transfer or resell the New Topco A Shares.

The New Topco A Shares are offered pursuant to an exemption from registration under U.S. and applicable state securities laws. The New Topco A Shares have not been registered under the Securities Act or any state securities laws and we do not intend to register the New Topco A Shares under the Securities Act. See "*Transfer Restrictions*." Therefore, holders of the New Topco A Shares may transfer or resell their New Topco A Shares in the United States only in a transaction exempt from the registration requirements of the U.S. and applicable state securities laws, and all holders of the New Topco A Shares may be required to bear the risk of their investment for an indefinite period of time.

In addition, the New Topco A Shares will be subject to the restrictions contained in a shareholders' agreement, including being stapled to the Subordinated PIK Notes, which means, among other things, that the New Topco A Shares may not be transferred or sold separately from the Subordinated PIK Notes, and *vice versa*. See "*Summary of the Proposed Senior Amendment – Subordinated PIK Notes*" and "*Summary of the Proposed Senior Amendments – SSN Convertible Equity Tranche*."

The terms of the documents governing the New Topco A Shares are expected to contain prohibitions on the transfer of such securities, including restrictions to the extent such transfer would subject Topco to the registration and reporting requirements of the Exchange Act, and any transfers of New Topco A Shares to any of our competitors, which may adversely impact the price that you may be able to realize from the sale of your New Topco A Shares.

The ability to transfer the New Topco A Shares will be limited by the absence of an active trading market, and we do not anticipate that any active trading market will develop for the New Topco A Shares.

The New Topco A Shares are new securities and no market presently exists where you can resell them. We do not intend to apply for listing of the New Topco A Shares on any securities exchange or for inclusion in any automated dealer quotation system. We do not anticipate that any active trading market for the New Topco A Shares will develop or be sustained. If an active market does not develop or is not sustained, the market price and liquidity of the New Topco A Shares may be adversely affected. The liquidity of any market for the New Topco A Shares will depend on a number of factors, including:

- the number of holders of the New Topco A Shares;
- our operating performance and financial condition;
- the market for similar securities;

- our credit rating;
- prevailing interest rates; and
- the interest of securities dealers in making a market in the New Topco A Shares.

Historically, the market for private securities has been subject to disruptions that have caused substantial volatility in the prices of securities similar to the New Topco A Shares. We cannot assure you that the market, if any, for the New Topco A Shares will be free from similar disruptions or that any such disruptions may not adversely affect the prices at which you may sell such securities. In addition, the holders of the New Topco A Shares will have no registration rights, which could exacerbate this risk. Therefore, we cannot assure holders that they will be able to sell the New Topco A Shares at a particular time or that the price received when sold will be favorable.

The price of the New Topco A Shares may fluctuate significantly and you could lose all or part of your investment.

As discussed above, there is no established trading market for the New Topco A Shares and we do not anticipate that an active trading market for the New Topco A Shares will develop in the foreseeable future. Even if an active trading market develops for the New Topco A Shares, however, there can be no assurance that the value of such securities will increase over time, and it is possible that the value will decrease. The market price for the New Topco A Shares could fluctuate significantly for various reasons, including:

- our operating and financial performance and prospects;
- changes in earnings estimates or recommendations by securities analysts who track the New Topco A Shares or the industry in which we operate; and
- market and industry perception of our success, or lack thereof, in pursuing our business strategy.

We will be a private company who are not subject to the reporting requirements of a listed issuer of equity securities.

Following the Restructuring, we will be a private company and our equity securities will not be listed; we will not be subject to the reporting requirements of any securities exchange on which equity is listed. As a result, holders of the New Topco A Shares may receive less information with respect to our business than they might have received if we were subject to the reporting requirements of a securities exchange.

Holders of the New Topco A Shares are not guaranteed any cash distributions or other cash payments.

Distributions on the New Topco A Shares will be discretionary, and we cannot guarantee that we will be able to pay any such distributions in the future. Future distributions, if any, will depend on, among other things, our results of operations, cash flow from operations, financial condition and capital requirements, any debt service requirements and any other factors our board of directors deems relevant. Accordingly, we cannot guarantee that any distributions will ever be paid in respect of the New Topco A Shares.

As such, following the receipt of the Required Consents the following actions will be taken:

- entry by the Issuers, Codere, S.A., Luxco 1, Luxco 2, Codere Newco, New Topco, New Midco, New Holdco, the SSN Obligors (as defined in the Restructuring Implementation Deed), the NSSN Obligors (as defined in the Restructuring Implementation Deed), the Existing Notes Trustees, the Security Agent, the Escrow Agent, the Information Agent, the Holding Period Trustee and the NMT Backstop Providers into the Restructuring Implementation Deed;

Effectiveness of the Restructuring Proposed Senior Amendments and the Restructuring Proposed Super Senior Amendments

On the Restructuring Effective Date, and subject to the satisfaction or waiver of the Restructuring Implementation Conditions (including the Required Consents Condition), in accordance with the terms of the Restructuring Implementation Deed, the Supplemental Indentures will become effective and the Existing Senior Notes and the Existing Super Senior Notes will be amended and restated as described herein.

We will be deemed to accept validly delivered Consents that have not been validly revoked, as provided in this Offering and Consent Solicitation Memorandum when, and if, we give oral or written notice of acceptance to the Information Agent.

Revocation of Consents

You may revoke Consents to the Proposed Amendments and the Additional Consents at any time on or prior to the Expiration Date, but not thereafter. Consents may not be withdrawn after the Expiration Date unless the Consent Solicitation is amended with changes in the terms of the Consent Solicitation that are, in our reasonable judgment, materially adverse to the Existing Noteholders. If we waive any of the conditions, or terminate the Consent Solicitation, we will not extend the Expiration Date unless required by applicable law.

To the extent that Existing Notes with respect to which Consents were given in the Consent Solicitation were blocked from transfer in the applicable clearing system, such Existing Notes will be unblocked on the date on which you validly revoke your Consents prior to the Expiration Date.

For a revocation of a Consent to be effective, a notice of revocation, as applicable, must be received by the Information Agent on or prior to the Expiration Date. The revocation notice, as applicable, must:

(1) specify the name of the relevant Existing Noteholder;

(2) specify the aggregate principal amount of the Existing Notes with respect to which Consents are being revoked;

(3) specify the name and number of the account at Euroclear or Clearstream through which the Existing Notes are being held; and

be accompanied by evidence satisfactory to us that the person withdrawing the Consent has succeeded to the beneficial ownership of those Existing Notes.

Revocations of Consents may not be rescinded. Consents in respect of the relevant Existing Note may however be delivered again following one of the procedures described in "*—Procedures for Consenting*" on or prior to the Expiration Date.

EACH EXISTING NOTEHOLDER IS RESPONSIBLE FOR ASSESSING THE MERITS OF THE CONSENT SOLICITATION WITH RESPECT TO THE EXISTING NOTES HELD BY IT. IN ACCORDANCE WITH NORMAL AND ACCEPTED MARKET PRACTICE, NONE OF THE EXISTING NOTES TRUSTEES AND/OR THE INFORMATION AGENT, NOR ANY OF THEIR RESPECTIVE AFFILIATES, EXPRESSES ANY VIEW OR OPINION AS TO THE MERITS OF THE CONSENT SOLICITATION OR THE PROPOSED AMENDMENTS AS PRESENTED TO EXISTING NOTEHOLDERS IN THIS OFFERING AND CONSENT SOLICITATION MEMORANDUM OF WHICH NONE WERE INVOLVED IN THE NEGOTIATION OR FORMULATION. FURTHERMORE, NONE OF THE EXISTING NOTES TRUSTEES AND THE INFORMATION AGENT, NOR ANY OF THEIR RESPECTIVE AFFILIATES, HAS MADE OR WILL MAKE ANY ASSESSMENT OF THE IMPACT OF THE CONSENT SOLICITATION OR THE PROPOSED AMENDMENTS AS PRESENTED TO EXISTING NOTEHOLDERS ON THE INTERESTS OF THE EXISTING NOTEHOLDERS EITHER AS A CLASS OR AS INDIVIDUALS OR MAKES ANY RECOMMENDATION AS TO WHETHER CONSENTS TO THE CONSENT SOLICITATION SHOULD BE GIVEN. ACCORDINGLY, EXISTING NOTEHOLDERS WHO ARE IN ANY DOUBT AS TO THE IMPACT OF THE CONSENT SOLICITATION OR THE PROPOSED AMENDMENTS SHOULD SEEK THEIR OWN INDEPENDENT ADVICE.

WITH RESPECT TO THE EXISTING NOTES INDENTURES, IF EXISTING NOTEHOLDERS OF NOT LESS THAN 90% IN AGGREGATE PRINCIPAL AMOUNT OF EACH OF THE EXISTING SENIOR NOTES (EUR), THE EXISTING SENIOR NOTES (USD) AND THE EXISTING SUPER SENIOR NOTES OUTSTANDING THEREUNDER CONSENT TO THE PROPOSED AMENDMENTS THERETO, THEN UNDER THE TERMS OF THIS OFFERING AND CONSENT SOLICITATION MEMORANDUM AND THE EXISTING NOTES INDENTURES, THE EXISTING NOTES TRUSTEES WILL BE AUTHORIZED AND DIRECTED BY THOSE EXISTING NOTEHOLDERS TO GIVE EFFECT TO THE PROPOSED AMENDMENTS BY ENTERING INTO THE SUPPLEMENTAL INDENTURES, WHICH WILL BE BINDING ON ALL EXISTING NOTEHOLDERS (AS APPLICABLE) AND NOTES ISSUED AND OUTSTANDING UNDER THE EXISTING NOTES INDENTURES. THE EXECUTION AND DELIVERY OF THE SUPPLEMENTAL INDENTURES AS A RESULT OF THE CONSENT SOLICITATION WILL NOT REQUIRE THAT THE EXISTING NOTES TRUSTEES OR THE INFORMATION AGENT, OR ANY OF THEIR RESPECTIVE AFFILIATES, CONSIDER, AND NONE OF THE EXISTING NOTES TRUSTEES, THE INFORMATION AGENT, NOR ANY OF THEIR RESPECTIVE AFFILIATES, WILL CONSIDER THE INTERESTS OF THE EXISTING NOTEHOLDERS EITHER AS A CLASS OR AS INDIVIDUALS.

NEITHER OF THE EXISTING NOTES TRUSTEES NOR ANY OF THEIR AFFILIATES HAS BEEN INVOLVED IN THE CONSENT SOLICITATION AND NONE OF THE EXISTING NOTES TRUSTEES, THE INFORMATION AGENT, NOR ANY OF THEIR RESPECTIVE AFFILIATES, MAKES ANY REPRESENTATION THAT ALL RELEVANT INFORMATION HAS BEEN DISCLOSED TO EXISTING NOTEHOLDERS IN THIS OFFERING AND CONSENT SOLICITATION MEMORANDUM. NEITHER OF THE EXISTING NOTES TRUSTEES NOR ANY OF THEIR AFFILIATES TAKES OR ACCEPTS ANY RESPONSIBILITY OR LIABILITY FOR THE ACCURACY, COMPLETENESS, VALIDITY OR CORRECTNESS OF THE STATEMENTS MADE HEREIN OR ANY OTHER DOCUMENT REFERRED TO IN, OR PREPARED IN CONNECTION WITH, THE CONSENT SOLICITATION OR ANY OMISSIONS HEREFROM OR THEREFROM. THE EXISTING NOTES TRUSTEES WILL ASSESS ANY DIRECTION IT IS GIVEN HEREUNDER IN ACCORDANCE WITH ITS RIGHTS AND DUTIES UNDER THE EXISTING NOTES INDENTURES. ACCORDINGLY, EXISTING NOTEHOLDERS WHO ARE IN ANY DOUBT AS TO THE IMPACT OF THE CONSENT SOLICITATION OR THE PROPOSED AMENDMENTS SHOULD SEEK THEIR OWN INDEPENDENT ADVICE.

DESCRIPTION OF THE NMT NOTES OFFER

Existing Noteholders who need assistance with respect to the procedures for participating in the NMT Notes Offer should contact the Information Agent, the contact details for which are on the last page of this Offering and Consent Solicitation Memorandum.

Terms of the NMT Notes Offer

Concurrently with the Consent Solicitation, we are inviting each Existing Senior Noteholder, on the terms and subject to the conditions and offer restrictions set out in this Offering and Consent Solicitation Memorandum, to submit offers to purchase NMT Notes in an amount equal to, more than or less than its NMT Notes Entitlement.

The Information Agent will determine the value of each Existing Senior Noteholder's NMT Notes Entitlement using the Existing Senior Notes holding details provided in the Account Holder Letter (a form of which is attached in Annex E) in accordance with the terms of the NMT Notes Offer. For the purposes of calculating each Existing Senior Noteholder's NMT Notes Entitlement, any amount of principal or interest that is in USD will be converted into EUR at the NMT Applicable Exchange rate.

The NMT Backstop Providers have between them agreed to backstop the NMT Notes should any of the Existing Senior Noteholders choose not to participate in the NMT Notes Offer. The Backstop Commitment of each NMT Backstop Provider was specified in a confidential schedule agreed between the NMT Backstop Providers and Codere, S.A.

The NMT Backstop Providers will between them receive a fee (the "**Backstop Fee**") equal to 2.00% of the aggregate principal amount of the NMT Notes, to be shared on a *pro rata* basis by reference to an individual NMT Backstop Provider's Backstop Commitment as a proportion of all Backstop Commitments. The Backstop Fee payable to any NMT Backstop Provider will be set-off against their Backstop Commitment on the NMT Issue Date.

NMT Notes Documentation

In accordance with the Restructuring Steps set out in the Restructuring Implementation Deed, the NMT Notes will be issued pursuant to the Existing Super Senior Notes Indenture. Therefore, upon their issuance, the NMT Notes will have the same terms as the Existing Super Senior Notes. However, as part of the Restructuring and again in accordance with the Restructuring Steps set out in the Restructuring Implementation Deed, the Existing Super Senior Notes and the NMT Notes will be amended and restated upon the A&R Super Senior Notes Indenture becoming effective such that, on and from the completion of the Restructuring, the NMT Notes will have the terms set out in the A&R Super Senior Notes Indenture. Accordingly, by agreeing to purchase the NMT Notes pursuant to the NMT Notes Offer Purchase agreement, applicable Existing Senior Noteholders and Nominated NMT Purchasers will consent to the Proposed Super Senior Amendments in relation to the NMT Notes.

Existing Noteholders should email the Information Agent on lm@glas.agency Ref: Codere 2021 to request log-in details to the Information Agent's portal (the "**GLAS Portal**"). The terms of the NMT Notes set out in the A&R Super Senior Notes Indenture are available from the Information Agent at the GLAS Portal. Also available on the GLAS Portal are: (i) the NMT Notes Offer Purchase Agreement and (ii) the Escrow Deed.

Each of the documents and information specified above shall be deemed to be incorporated in, and form a part of, this Offering and Consent Solicitation Memorandum.

Copies of all of the above documents and information that are incorporated by reference into this Offering and Consent Solicitation Memorandum are available, free of charge, on request from the Information Agent, the contact details for which are on the last page of this Offering and Consent Solicitation Memorandum.

Any statements contained in a document which is deemed to be incorporated by reference herein shall be deemed to be modified or superseded for the purpose of this Offering and Consent Solicitation Memorandum to the extent that a statement contained, or incorporated by reference, herein modifies or supersedes such earlier statement (whether expressly, by implication or otherwise). Any statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this Offering and Consent Solicitation Memorandum.

Existing Senior Noteholders should read this entire Consent Solicitation Memorandum (including the information incorporated by reference or otherwise referred to) and any applicable related documents and any amendments or supplements carefully before making any decision as to whether to participate in the NMT Notes Offer. Existing Senior Noteholders should note that they will be deemed to have represented that they have reviewed and understood such documents in order to accept validly the NMT Notes Offer.

Conditions to the NMT Notes Offer

Notwithstanding any other provisions of the NMT Notes Offer, or any extension of the NMT Notes Offer, the proceeds of the NMT Notes will be held in escrow and will not be released unless the Restructuring completes and in accordance with the Escrow Deed and the Restructuring Implementation Deed.

Summary of actions to be taken

In order to participate in the NMT Notes Offer, an Existing Senior Noteholder must, (A) by no later than the NMT Notes Offer Subscription Deadline, (i) return to the Information Agent a duly executed and completed Account Holder Letter, a copy of which is attached hereto as Annex E including a Custody Instruction Reference Number (as defined below), setting out the amount of NMT Notes it wishes to purchase; (ii) execute and/or deliver (whether as a deed or otherwise, and including, if applicable, before a notary in any jurisdiction), all such documents as are required pursuant to the Account Holder Letter for it to purchase the relevant NMT Notes, including a Purchaser Accession Letter, and provide all relevant KYC Documentation required of it to the Information Agent in order to clear all "know your customer" checks required by the Information Agent, unless the Information Agent has notified the relevant Existing Senior Noteholder in writing prior to the NMT Notes KYC Clearance Deadline that it has previously cleared all "know your customer" checks of the Information Agent in relation to that Existing Senior Noteholder; and (B) by the NMT Notes Escrow Funding Deadline, deposit the funds necessary for its proposed purchase of NMT Notes with the Escrow Agent.

If an Existing Senior Noteholder wishes to nominate one or more Nominated NMT Purchaser(s) to purchase all or any part of its NMT Notes Entitlement, such Existing Senior Noteholder must (A) by the NMT Notes Offer Subscription Deadline, procure that its Nominated NMT Purchaser(s) returns to the Information Agent a duly executed and completed Account Holder Letter, a copy of which is attached hereto as Annex E, including a Custody Instruction Reference Number, setting out the amount of NMT Notes it wishes to purchase; and (B) procure that its Nominated NMT Purchaser(s) execute and/or deliver (whether as a deed or otherwise, and including, if applicable, before a notary in any jurisdiction), all such documents as are required pursuant to the Account Holder Letter for it to purchase the relevant NMT Notes, including a Purchaser Accession Letter, and procure that its Nominated NMT Purchaser(s) provide to the Information Agent all relevant KYC Documentation required by the Information Agent in order to clear all "know your customer" checks required by the Information Agent by the NMT Notes KYC Clearance Deadline, unless the Information Agent has notified the Nominated NMT Purchaser(s) in writing prior to the NMT Notes KYC Clearance Deadline that it has previously cleared all "know your customer" checks of the Information Agent in relation to that Nominated NMT Purchaser; and (C) procure that its Nominated NMT Purchaser(s) deposit the funds necessary for its proposed purchase of NMT Notes with the Escrow Agent by the NMT Notes Escrow Funding Deadline.

By the NMT Funding Notice Date, the Information Agent expects to provide to each Existing Senior Noteholder or Nominated NMT Purchaser(s) entitled to purchase the NMT Notes a Funding Notice setting out the full amount that must be funded into the Escrow Account. Such amount will include the principal amount of the NMT Notes to be subscribed for by the Existing Senior Noteholder or Nominated NMT Purchaser(s). Funding Notices will be sent to the email addresses included in the Account Holder Letter. It is the responsibility of the Existing Senior Noteholder and Nominated NMT Purchaser(s) to submit all required documentation to the Information Agent and instruct payment of all required amounts in full to the Escrow Account as soon as possible to ensure that the funds reach the Escrow Account by the NMT Notes Escrow Funding Deadline. If an Existing Senior Noteholder's or a Nominated NMT Purchaser's funds do not reach the Escrow Account by the NMT Notes Escrow Funding Deadline, such Existing Senior Noteholder or Nominated NMT Purchaser(s) will not be entitled to purchase the NMT Notes. In addition, if an Existing Senior Noteholder withdraws its tendered Existing Senior Notes, then such Noteholder or its Nominated NMT Purchaser(s) will not be entitled to purchase any NMT Notes and any of its funds received in the Escrow Account will be returned to such Noteholder or Nominated NMT Purchaser(s).

In order to deliver the NMT Notes to an Existing Senior Noteholder, the Information Agent will deliver to such Noteholder a settlement notice to settle the NMT Notes on the Restructuring Effective Date on a free-of-payment basis. The Existing Senior Noteholders should ensure that their custodian at Euroclear or Clearstream is aware of such trades.

NMT Notes Allocations

An Existing Senior Noteholder may elect to purchase an amount equal to, more than or less than its NMT Notes Entitlement. Where an Existing Senior Noteholder nominates one or more Nominated NMT Purchasers to purchase any NMT Notes it must specify in the relevant part of its Account Holder Letter the Relevant NMT Notes Entitlement allocated to it and its Nominated NMT Purchaser(s) as applicable.

Each Existing Senior Noteholder who either wishes to purchase NMT Notes and/or nominated one or more Nominated NMT Purchasers to purchase NMT Notes shall specify in the relevant part of its Account Holder Letter the Maximum NMT Notes Commitment of it and its Nominated NMT Purchaser(s), as applicable, which may be, in each case, more than, equal to or less than that Existing Senior Noteholder's NMT Notes Entitlement. An Existing Senior Noteholder or Nominated NMT Purchaser's, as applicable, Maximum NMT Notes Commitment may be more than, equal to or less than its Relevant NMT Entitlement, must be an integral multiple of EUR1,000 and may not be (a) less than EUR1,000; or (b) more than EUR128,866,000. An Existing Senior Noteholder or Nominated NMT Purchaser whose Maximum NMT Notes Commitment is (i) greater than its Relevant NMT Notes Entitlement is an "**Oversubscriber**"; (ii) is equal to its Relevant NMT Notes Commitment is a "**Pro Rata Purchaser**" and (iii) is less than its Relevant NMT Notes Entitlement is an "**Undersubscriber.**"

Each Existing Senior Noteholder or Nominated NMT Purchaser will be allocated: (i) in respect of an Oversubscriber and a Pro Rata Purchaser, an amount of NMT Notes equal to its Relevant NMT Notes Entitlement; and (ii) in respect of an Undersubscriber, an amount of NMT Notes equal to its Maximum NMT Notes Commitment, provided that, in the event that these allocations of NMT Notes would, in aggregate, total more than EUR128,866,000 (the allocated amount above EUR128,866,000 being the "Overallocation Amount"): (a) Existing Senior Noteholders and Nominated NMT Purchasers whose Relevant NMT Notes Entitlement are more than EUR1,000 will have their allocations adjusted downwards (to the nearest integral multiple of EUR1.00) by, in aggregate, an amount equal to the Overallocation Amount, on a ratable basis (by reference to the proportion that the Relevant NMT Notes Entitlement of that Existing Senior Noteholder or Nominated NMT Purchase bears to the NMT Notes Entitlements of all Existing Senior Noteholders or Nominated NMT Purchasers whose allocations are to be adjusted downwards) (the "**Downwards Adjustment**"); and (b) if any NMT Notes Purchaser would have an allocation of less than EUR1,000 as a result of a Downwards Adjustment, its allocation will be re-adjusted upwards to EUR20,000 and a further Downwards Adjustment will be made in respect of Existing Senior Noteholders and/or Nominated NMT Purchasers whose first allocations are more than EUR20,000, and this shall be repeated until: (A) no NMT Notes Purchaser has an allocation of less than EUR1,000; and (B) the allocations of NMT Notes made pursuant to this paragraph do not, in aggregate, total more than EUR128,866,000, The allocation of an Existing Senior Noteholder or Nominated NMT Purchaser after the application of all calculations described in this paragraph will be its "**Initial Allocation.**"

The Information Agent will calculate the amount (if any) by which the aggregate of all Initial Allocations is less than EUR128,866,000 (the "**Shortfall Amount**"). The Shortfall Amount will be allocated to Oversubscribers by applying the following formula in successive rounds until the Shortfall Amount has been allocated in full. An Oversubscriber will be excluded from any further allocation round upon its NMT Notes Entitlement being equal to its Maximum NMT Notes Commitment.

$$\frac{X}{Y} \text{X the Shortfall Amount}$$

where:

X is equal to the Relevant NMT Notes Entitlement of that Oversubscriber; and

Y is equal to the aggregate of all Relevant NMT Notes Entitlements of Oversubscribers participating in that round,

and **provided that**:

all allocations of NMT Notes may be rounded up or down to the nearest integral multiple of EUR1,000.

KYC Documentation

In addition to the representations, warranties, and undertakings set out above in conjunction with the submission of an offer to purchase a NMT Notes Entitlement, by submitting the relevant KYC Documentation to the Information Agent, an Existing Senior Noteholder and any Nominated NMT Purchaser(s) submitting such KYC Documentation, as applicable, on such Existing Senior Noteholder's behalf shall be deemed to agree, and acknowledge, represent, warrant and undertake, to the Issuers, the Information Agent and the Escrow Agent that all the information provided in the KYC Documentation is true and accurate in all material respects at the time of issuance on the NMT Issue Date. If an Existing Senior Noteholder or Nominated NMT Purchaser(s) is unable to make any such agreement or acknowledgement or give any such representation, warranty or undertaking, such Existing Senior Noteholder or Nominated NMT Purchaser(s) should contact the Information Agent immediately.

The Information Agent must approve satisfactory completion (in the discretion of the Information Agent) of the know-your-customer checks and satisfactory acceptances (in the discretion of the Information Agent) of the KYC Documentation prior to the NMT Notes KYC Clearance Deadline to participate in the NMT Notes Offer.

By submitting an offer, the relevant Existing Senior Noteholder irrevocably and unconditionally agrees for the benefit of the Lux Issuer, the Information Agent and the Escrow Agent that the courts of the State of New York are to have jurisdiction to settle any disputes that may arise out of or in connection with the NMT Notes Offer or in connection with the foregoing and that, accordingly, any suit, action or proceedings arising out of or in connection with any such dispute may be brought in such courts.

BOOK-ENTRY; DELIVERY AND FORM

General

The certificates representing the NMT Notes will be issued in fully registered form without interest coupons.

The NMT Notes issued to IAIs or QIBs within the United States in reliance on one or more exemptions from the registration requirements of the Securities Act will initially be represented by one or more global notes in registered form without interest coupons attached (collectively, the "**NMT Notes IAI Global Notes**"). The NMT Notes issued to QIBs within the United States in reliance on Section 4(a)(2) under the Securities Act will initially be represented by one or more global notes in registered form without interest coupons attached (collectively, the "**NMT Notes Rule 144A Global Notes**" and, together with the NMT Notes IAI Global Notes, the "**NMT Notes Restricted Global Notes**"). The NMT Notes issued outside the United States in reliance on Regulation S under the Securities Act will initially be represented by one or more global notes in registered form without interest coupons attached (the "**NMT Notes Regulation S Global Notes**" and, together with the NMT Notes Restricted Global Notes, the "**NMT Notes Global Notes**").

The NMT Notes Global Notes will be deposited, on the closing date, with, or on behalf of, a common depositary and registered in the name of the nominee of the common depositary for the accounts of Euroclear and Clearstream.

Ownership of interests in the NMT Notes IAI Global Note (the "**IAI Book-Entry Interests**"), the NMT Notes Rule 144A Global Note (the "**Rule 144A Book-Entry Interests**") and the NMT Notes Regulation S Global Note (the "**Regulation S Book-Entry Interests**" and, together with the IAI Book-Entry Interests and the Rule 144A Book-Entry Interests, the "**Book-Entry Interests**") will be limited to persons that have accounts with Euroclear and/or Clearstream or persons that hold interests through such participants. Euroclear and Clearstream will hold interests in the NMT Notes Global Notes on behalf of their participants through customers' securities accounts in their respective names on the books of their respective depositories. Except under the limited circumstances described below, Book-Entry Interests will not be issued in definitive form.

Book-Entry Interests will be shown on, and transfers thereof will be effected only through, records maintained by Euroclear and Clearstream and their participants. The Book-Entry Interests will not be held in definitive form. Instead Euroclear and Clearstream will credit on their Book-Entry transfer and registration systems a participant's account with the interest beneficially owned by such participant. The Book-Entry Interests in NMT Notes Global Notes will be issued only in minimum denominations of EUR1,00. We will not accept any participation in the NMT Notes Offer that would result in the issuance of less than EUR1,00 of NMT Notes to any holder. The laws of some jurisdictions, including certain states of the United States, may require that certain purchasers of securities take physical delivery of those securities in definitive form. The foregoing limitations may impair your ability to own, transfer or pledge Book-Entry Interests. In addition, while the NMT Notes are in global form, holders of Book-Entry Interests will not be considered the owners or "holders" of NMT Notes for any purpose.

So long as the NMT Notes are held in global form, the common depositary for Euroclear and/or Clearstream (or their respective nominees), as applicable, will be considered the sole holders of the relevant NMT Notes Global Notes for all purposes under the A&R Super Senior Notes Indenture. In addition, participants must rely on the procedures of Euroclear and Clearstream, and indirect participants must rely on the procedures of Euroclear and Clearstream and the participants through which they own Book-Entry Interests, to transfer their interests or to exercise any rights of holders of NMT Notes under the A&R Super Senior Notes Indenture.

None of us, the agents or the Existing Super Senior Notes Trustee will have any responsibility, or be liable, for any aspect of the records relating to the Book-Entry Interests.

Definitive Registered Notes

Under the terms of the A&R Super Senior Notes Indenture, owners of the Book-Entry Interests will receive definitive registered NMT Notes in certificated form ("**Definitive Registered Notes**") only in the following circumstances:

(a) if either Euroclear or Clearstream notifies us that it is unwilling or unable to continue to act as depositary or has ceased to be a clearing agency required under the Exchange Act and, in either case, a successor depositary is not appointed by the Lux Issuer within 120 days; or

(b) if the owner of a Book-Entry Interest requests such exchange in writing delivered through Euroclear or Clearstream following an event of default under the A&R Super Senior Notes Indenture and enforcement action is being taken in respect thereof under the A&R Super Senior Notes Indenture.

Euroclear and Clearstream have advised the Lux Issuer that upon request by an owner of a Book-Entry Interest described in the immediately preceding clause (b), their current procedure is to request that the Lux Issuer issue or cause to be issued NMT Notes in definitive registered form to all owners of Book Entry Interests and not only to the owner who made the initial request.

In such an event, the Lux Issuer will instruct the registrar to issue Definitive Registered Notes, registered in the name or names and issued in any approved denominations, requested by or on behalf of Euroclear, Clearstream or us, as applicable (in accordance with their respective customary procedures and based upon directions received from participants reflecting the beneficial ownership of Book-Entry Interests), and such Definitive Registered Notes will bear the restrictive legend as provided in the A&R Super Senior Notes Indenture, unless that legend is not required by the A&R Super Senior Notes Indenture or applicable law.

In the case of the issuance of Definitive Registered Notes, payment of principal of, and premium, if any, and interest on the NMT Notes shall be payable at the place of payment designated by us pursuant to the A&R Super Senior Notes Indenture; provided that, at our option, payment of interest on the NMT Notes may be made by check mailed to the person entitled thereto at such address as shall appear on the NMT Note register.

If Definitive Registered Notes are issued and a holder thereof claims that such Definitive Registered Note has been lost, destroyed or wrongfully taken, or if such Definitive Registered Note is mutilated and is surrendered to the Registrar or at the office of the Transfer Agent, we will issue and the Existing Super Senior Notes Trustee (or its authenticating agent) will authenticate a replacement Definitive Registered Note if the trustee's and our requirements are met. We or the Existing Super Senior Notes Trustee may require a holder requesting replacement of a Definitive Registered Note to furnish an indemnity bond sufficient in the judgment of both to protect ourselves, the Existing Super Senior Notes Trustee, the registrar or the paying agent appointed pursuant to the A&R Super Senior Notes Indenture from any loss which any of them may suffer if a Definitive Registered Note is replaced. We may charge for any expenses incurred in replacing a Definitive Registered Note.

In case any such mutilated, destroyed, lost or stolen Definitive Registered Note has become or is about to become due and payable, or is about to be redeemed or purchased by us pursuant to the provisions of the A&R Super Senior Notes Indenture, we, in our discretion, may, instead of issuing a new Definitive Registered Note, pay, redeem or purchase such Definitive Registered Note, as the case may be.

To the extent permitted by law, we, the Existing Super Senior Notes Trustee and the agents shall be entitled to treat the registered holder of any NMT Notes Global Note as the absolute owner thereof and no person will be liable for treating the registered holder as such. Ownership of the NMT Notes Global Notes will be evidenced through registration from time to time at the registered office of the Lux Issuer, and such registration is a means of evidencing title to the NMT Notes.

We will not impose any fees or other charges in respect of the NMT Notes; however, owners of the Book-Entry Interests may incur fees normally payable in respect of the maintenance and operation of accounts in Euroclear and Clearstream.

Neither the Existing Super Senior Notes Trustee nor the agents (or any of their respective agents) will have any responsibility or be liable for any aspect of the records relating to the Book-Entry Interests.

Redemption of the NMT Notes Global Notes

In the event that the NMT Notes Global Note (or any portion thereof) is redeemed, Euroclear and/or Clearstream, as applicable, will redeem an equal amount of the Book-Entry Interests in such NMT Notes Global Note

from the amount received by them in respect of the redemption of such NMT Notes Global Note. The redemption price payable in connection with the redemption of such Book-Entry Interests will be equal to the amount received by Euroclear and Clearstream, as applicable, in connection with the redemption of such NMT Notes Global Note (or any portion thereof). We understand that, under the existing practices of Euroclear and Clearstream, if fewer than all of the NMT Notes are to be redeemed at any time, Euroclear and Clearstream will credit their respective participants' accounts on a proportionate basis (with adjustments to prevent fractions) or on such other basis as they deem fair and appropriate unless otherwise required by law or applicable stock exchange or depositary requirements, provided, however, that no Book-Entry Interest of less than EUR1.00 principal amount may be redeemed in part.

Payments on NMT Notes Global Notes

We will make payments of any amounts owing in respect of the NMT Notes Global Notes (including principal, premium, interest and additional amounts, if any) to the paying agent. The paying agent will, in turn, make such payments to the order of the common depositary or its nominee for Euroclear and Clearstream, which will distribute such payments to participants in accordance with their respective customary procedures. We expect that standing customer instructions and customary practices will govern payments by participants to owners of Book-Entry Interests held through such participants.

Under the terms of the A&R Super Senior Notes Indenture, the Lux Issuer, the Existing Notes Trustees and the agents will treat the registered holders of the NMT Notes Global Notes (i.e., the common depositary for Euroclear or Clearstream (or their respective nominees)) as the owner thereof for the purpose of receiving payments and for all other purposes. Consequently, none of the Lux Issuer, the Existing Super Senior Notes Trustee or the agents has or will have any responsibility or liability for:

- any aspect of the records of Euroclear, Clearstream or any participant or indirect participant relating to, or payments made on account of, a Book-Entry Interest or for maintaining, supervising or reviewing the records of Euroclear or Clearstream or any participant or indirect participant relating to, or payments made on account of, a Book-Entry Interest;
- Euroclear, Clearstream or any participant or indirect participant; or
- the records of the common depositary.

Payments by participants to owners of Book-Entry Interests held through participants are the responsibility of such participants.

Currency of Payment for the NMT Notes Global Notes

The principal of, premium, if any, and interest on, and all other amounts payable in respect of, the NMT Notes Global Notes will be paid to holders of interests of such NMT Notes through Euroclear and/or Clearstream in euros.

Action by Owners of Book-Entry Interests

Euroclear and Clearstream have advised us that they will take any action permitted to be taken by a holder of NMT Notes (including the presentation of NMT Notes for exchange as described above) only at the direction of one or more participants to whose account the Book-Entry Interests in the NMT Notes Global Notes are credited and only in respect of such portion of the aggregate principal amount of NMT Notes as to which such participant or participants has or have given such direction. Euroclear and Clearstream will not exercise any discretion in the granting of consents, waivers or the taking of any other action in respect of the NMT Notes Global Notes. However, if there is an event of default under the NMT Notes, Euroclear and Clearstream, at the request of the holders of the NMT Notes, reserve the right to exchange the NMT Notes Global Notes for Definitive Registered Notes and to distribute such Definitive Registered Notes to their participants.

Transfers

Transfers between participants in Euroclear or Clearstream will be effected in accordance with Euroclear's and Clearstream's rules and will be settled in immediately available funds. If a holder of NMT Notes requires physical

delivery of Definitive Registered Notes for any reason, including to sell NMT Notes to persons in states which require physical delivery of such securities or to pledge such securities, such holder of NMT Notes must transfer its interests in the NMT Notes Global Notes in accordance with the normal procedures of Euroclear and Clearstream and in accordance with the procedures set forth in the A&R Super Senior Notes Indenture.

The NMT Notes Global Notes will bear a legend to the effect set forth under "*Transfer Restrictions*." Book-Entry Interests in the NMT Notes Global Notes will be subject to the restrictions on transfers and certification requirements discussed under "Notice to Investors."

Transfers of IAI Book-Entry Interests and Rule 144A Book-Entry Interests to persons wishing to take delivery of IAI Book-Entry Interests or Rule 144A Book-Entry Interests will at all times be subject to such transfer restrictions.

IAI Book-Entry Interests and Rule 144A Book-Entry Interests may be transferred to a person who takes delivery in the form of a Regulation S Book-Entry Interest only upon delivery by the transferor of a written certification (in the form provided in the A&R Super Senior Notes Indenture) to the effect that such transfer is being made in accordance with Regulation S or Rule 144 under the Securities Act or any other exemption (if available under the Securities Act).

Regulation S Book-Entry Interests may be transferred to a person who takes delivery in the form of an IAI Book-Entry Interest or a Rule 144A Book-Entry Interest only upon delivery by the transferor of a written certification (in the form provided in the A&R Super Senior Notes Indenture) to the effect that such transfer is being made to a person who the transferor reasonably believes is an institutional "Accredited Investor" within the meaning of Rule 501(a)(1), (2), (3), (7), (8), (9), (12) or (13) of Regulation D under the Securities Act or a "qualified institutional buyer" within the meaning of Rule 144A, as applicable, in a transaction meeting the requirements of Section 4(a)(2), Regulation D, Rule 144A or otherwise in accordance with the transfer restrictions described under "*Transfer Restrictions*" and in accordance with any applicable securities laws of any other jurisdiction.

In connection with transfers involving an exchange of a Regulation S Book-Entry Interest for an IAI Book-Entry Interest or a Rule 144A Book-Entry Interest, appropriate adjustments will be made to reflect a decrease in the principal amount of the NMT Notes Regulation S Global Note and a corresponding increase in the principal amount of the NMT Notes IAI Global Note or the NMT Notes Rule 144A Global Note.

Definitive Registered Notes may be transferred and exchanged for Book-Entry Interests in a NMT Notes Global Note only if the transferor first delivers to the Existing Super Senior Notes Trustee a written certificate (in the form provided in the A&R Super Senior Notes Indenture) to the effect that such transfer will comply with the appropriate transfer restrictions applicable to such Notes. See "*Transfer Restrictions*."

Any Book-Entry Interest in one of the NMT Notes Global Notes that is transferred to a person who takes delivery in the form of a Book-Entry Interest in any other NMT Notes Global Note will, upon transfer, cease to be a Book-Entry Interest in the first-mentioned NMT Notes Global Note and become a Book-Entry Interest in such other NMT Notes Global Note, and accordingly will thereafter be subject to all transfer restrictions, if any, and other procedures applicable to Book-Entry Interests in such other NMT Notes Global Note for as long as it remains such a Book-Entry Interest.

In the case of the issuance of Definitive Registered Notes, the holder of a Definitive Registered Note may transfer such NMT Note by surrendering it to the registrar or the transfer agent. In the event of a partial transfer or a partial redemption of a holding of Definitive Registered Notes represented by one Definitive Registered Note, a Definitive Registered Note will be issued to the transferee in respect of the part transferred and a new Definitive Registered Note in respect of the balance of the holding not transferred or redeemed will be issued to the transferor or the holder, as applicable; provided that no Definitive Registered Note in a denomination less than EUR1.00 will be issued.

Information Concerning Euroclear and Clearstream

All Book-Entry Interests will be subject to the operations and procedures of Euroclear and Clearstream, as applicable. We have provided the following summaries of those operations and procedures solely for the convenience

of investors. The operations and procedures of the settlement system are controlled by the settlement system and may be changed at any time. We are not responsible for those operations or procedures.

We understand as follows with respect to Euroclear and Clearstream: Euroclear and Clearstream hold securities for participating organizations. They facilitate the clearance and settlement of securities transactions between their participants through electronic book-entry changes in accounts of such participants. Euroclear and Clearstream provide various services to their participants, including the safekeeping, administration, clearance, settlement, lending and borrowing of internationally traded securities. Euroclear and Clearstream may also have an interface with certain domestic securities clearance and settlement systems. Euroclear and Clearstream participants are financial institutions such as underwriters, securities brokers and dealers, banks, trust companies and certain other organizations. Indirect access to Euroclear and Clearstream is also available to other persons that clear through or maintain a custodial relationship with a Euroclear and Clearstream participant, either directly or indirectly.

Because Euroclear and Clearstream can only act on behalf of participants, who in turn act on behalf of indirect participants and certain banks, the ability of an owner of a beneficial interest to pledge such interest to persons or entities that do not participate in the Euroclear and/or Clearstream system, or otherwise take actions in respect of such interest, may be limited by the lack of a definitive certificate for that interest and by the fact that any such security interest may be subject to security interests created in respect of the relevant securities at a higher level in the intermediary chain. The laws of some jurisdictions require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer beneficial interests to such persons may be limited. In addition, owners of beneficial interests through the Euroclear or Clearstream systems will receive distributions attributable to the NMT Notes IAI Global Notes and the NMT Notes Rule 144A Global Notes only through Euroclear or Clearstream participants.

Special Timing Considerations

You should be aware that investors will only be able to make and receive deliveries, payments and other communications involving the NMT Notes through Euroclear or Clearstream on days when those systems are open for business. In addition, because of time-zone differences, there may be complications with completing transactions involving Euroclear and/or Clearstream on the same Business Day as in the United States. United States investors who wish to transfer their interests in the NMT Notes, or to receive or make a payment or delivery of NMT Notes, on a particular day, may find that the transactions will not be performed until the next Business Day in Brussels, if Euroclear is used, or in Luxembourg, if Clearstream is used.

Global Clearance and Settlement under the Book-Entry System

The NMT Notes represented by the NMT Notes Global Notes are expected to be listed on the Euronext GEM and admitted to trading thereon. Transfers of interests in the NMT Notes Global Notes between participants in Euroclear or Clearstream will be effected in the ordinary way in accordance with their respective system's rules and operating procedures.

Although Euroclear and Clearstream currently follow the foregoing procedures in order to facilitate transfers of interests in the NMT Notes Global Notes among participants in Euroclear or Clearstream, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued or modified at any time. None of the Lux Issuer, any Guarantor, the Existing Super Senior Notes Trustee or the agents will have any responsibility for the performance by Euroclear, Clearstream or their participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Initial Settlement

Initial settlement for the NMT Notes will be made in euros. Book-Entry Interests will be credited to the securities custody accounts of Euroclear and Clearstream holders on the business day on a free-of-payment basis after the escrowed proceeds are released from the Escrow Account on the settlement date after release of the NMT Notes following the settlement date against payment for value of the settlement date.

Secondary Market Trading

The Book-Entry Interests will trade through participants of Euroclear and Clearstream and will settle in same-day funds. Since the purchase determines the place of delivery, it is important to establish at the time of trading of any Book-Entry Interests where both the purchaser's and the seller's accounts are located to ensure that settlement can be made on the desired value date.

TAX CONSIDERATIONS

Prospective investors should consult their professional advisers on the possible tax consequences of buying, holding or selling of the Amended Notes or Restructuring Instruments under the laws of their country of citizenship, residence or domicile. The discussions that follow for each jurisdiction are based upon the applicable laws and interpretations thereof as in effect as of the date hereof, all of which laws and interpretations are subject to change or differing interpretations, which changes or differing interpretations could apply retroactively.

United Kingdom Tax Considerations

General

*The following is a summary of the United Kingdom withholding taxation treatment at the date hereof in relation to payments of principal and interest in respect of the Amended Super Senior Notes, Reinstated Senior Notes and the Subordinated PIK Notes (the "**Instruments**") and of the United Kingdom stamp duty and stamp duty reserve tax treatment of the Instruments. It is based on current law and the practice of Her Majesty's Revenue and Customs ("**HMRC**"), which may be subject to change, sometimes with retrospective effect. The comments do not deal with other United Kingdom tax aspects of acquiring, holding or disposing of Instruments. The comments relate only to the position of persons who are absolute beneficial owners of the Instruments. The following is a general guide for information purposes and should be treated with appropriate caution. It is not intended as tax advice and it does not purport to describe all of the tax considerations that may be relevant to a prospective purchaser. Holders of Instruments who are in any doubt as to their tax position should consult their professional advisers. Holders of Instruments who may be liable to taxation in jurisdictions other than the United Kingdom in respect of their acquisition, holding or disposal of the Instruments are particularly advised to consult their professional advisers as to whether they are so liable (and if so under the laws of which jurisdictions), since the following comments relate only to certain United Kingdom taxation aspects of payments in respect of the Instruments. In particular, holders of Instruments should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Instruments even if such payments may be made without withholding or deduction for or on account of taxation under the laws of the United Kingdom.*

A. **UK Withholding Tax on Interest Payments on the Instruments**

Provided that the interest on the Instruments does not have a United Kingdom source, interest on the Instruments may be paid by the relevant Issuer(s) without withholding or deduction for or on account of United Kingdom income tax. The location of the source of a payment is a complex matter. It is necessary to have regard to case law and HMRC practice. Case law has established that in determining the source of interest, all relevant factors must be taken into account. HMRC has indicated that the most important factors in determining the source of a payment are those which influence where a creditor would sue for payment, and has stated that the place where the relevant Issuer(s) do business, and the place where their respective assets are located, are the most important factors in this regard; however HMRC has also indicated that, depending on the circumstances, other relevant factors may include the place where the interest and principal are payable, the method of payment, the governing law of the Instruments and the competent jurisdiction for any legal action, the location of any security for the Issuer's obligations under the Instruments, and similar factors relating to any guarantee.

Interest which has a United Kingdom source ("**UK interest**") may be paid by the relevant Issuer(s) without withholding or deduction for or on account of United Kingdom income tax if the Instruments in respect of which the UK interest is paid are issued for a term of less than one year (and are not issued under arrangements the effect of which is to render the Instruments part of a borrowing with a total term of one year or more).

UK interest on Instruments issued for a term of one year or more (or under arrangements the effect of which is to render the Instruments part of a borrowing with a total term of one year or more) may be paid by the relevant Issuer(s) without withholding or deduction for or on account of United Kingdom income tax if the Instruments in respect of which the UK interest is paid constitute "quoted Eurobonds." Instruments which carry a right to interest will constitute quoted Eurobonds provided they are and continue to be listed on a recognized stock exchange (within the meaning of section 1005 of the Income Tax Act 2007 (the "**Act**") for the purposes of section 987 of the Act) or admitted to trading on a "multilateral trading facility" operated by a regulated recognized stock exchange (within the meaning of section 987 of the Act). Securities will be "listed on a recognized stock exchange" for this purpose if they

are admitted to trading on an exchange designated as a recognized stock exchange by an order made by the Commissioners for HMRC and either they are included in the United Kingdom official list (within the meaning of Part 6 of the Financial Services and Markets Act 2000) or they are officially listed, in accordance with provisions corresponding to those generally applicable in European Economic Area states, in a country outside the United Kingdom in which there is a recognized stock exchange.

The Irish Stock Exchange (Euronext Dublin) is a recognized stock exchange. The Issuer's understanding of current HMRC practice is that securities which are officially listed and admitted to trading on the main market of that Exchange may be regarded as "listed on a recognized stock exchange" for these purposes.

In all other cases, UK interest on the Instruments may fall to be paid under deduction of United Kingdom income tax at the basic rate (currently 20%) subject to such relief as may be available following a direction from HMRC pursuant to the provisions of any applicable double taxation treaty, or to any other exemption which may apply.

B. UK Withholding Tax on Payments made by the Guarantor in respect of the Instruments

If the Guarantor makes any payments in respect of interest on the Instruments (or other amounts due under the Instruments other than the repayment of amounts subscribed for the Instruments) such payments may be subject to UK withholding tax at the basic rate (currently 20%), subject to such relief as may be available under an applicable double tax treaty (a "**Treaty**"), or to any other exemption which may apply. Where such a Treaty relief is available, and the applicable conditions in the relevant Treaty are satisfied, the holder of the Instruments should be entitled to a refund of tax withheld, provided it complies with the applicable formalities relating to such claim within the relevant limitation period. It may, however, not in practice be possible for the Noteholder to obtain a direction for the guarantee payments to be made free from withholding tax. Such payments by the Guarantor may not be eligible for any of the other exemptions described in A above.

C. UK Withholding Tax on Dividend Payments made under the Instruments

The United Kingdom does not impose withholding tax on payments of dividends.

D. Other Rules Relating to United Kingdom Withholding Tax

1. Where Instruments are issued at an issue price of less than 100 per cent of their principal amount, any discount element on such Instruments will not generally be subject to any United Kingdom withholding tax pursuant to the provisions mentioned at section A above.

2. Where Instruments are to be, or may fall to be, redeemed at a premium, as opposed to being issued at a discount, then any such element of premium may constitute a payment of interest. Payments of interest are subject to United Kingdom withholding tax as outlined at section A above.

3. Where interest has been paid under deduction of United Kingdom income tax, holders of Instruments who are not resident in the United Kingdom may be able to recover all or part of the tax deducted if there is an appropriate provision in any applicable double taxation treaty.

4. The references to "interest" in this section "United Kingdom Taxation Considerations" mean "interest" as understood in United Kingdom tax law. The statements above do not take any account of any different definitions of "interest" or principal" which may prevail under any other law or which may be created by the terms and conditions of the Instruments or any related documentation. Where a payment on a Note does not constitute (or is not treated as) interest for United Kingdom tax purposes, and the payment has a United Kingdom source, it would potentially be subject to United Kingdom withholding tax if, for example, it constitutes (or is treated as) an annual payment or a manufactured payment for United Kingdom tax purposes (which will be determined by, amongst other things, the terms and conditions specified by terms of the relevant Note). In such a case, the payment may fall to be made under deduction of United Kingdom tax (the rate of withholding depending on the nature of the payment), subject to such relief as may be available following a direction from HMRC pursuant to the provisions of any applicable double taxation treaty, or to any other exemption which may apply.

E. UK Stamp Duty

On the basis that all Instruments are issued by the non-UK incorporated and tax resident companies (and not the UK Co-Issuer) and on the assumption that no register of any Instrument is kept in the United Kingdom by or on behalf of the company or the UK Co-Issuer, the Instruments should not be "chargeable securities" for the purposes of section 99 of the Finance Act 1986 and so should be outside the scope of stamp duty reserve tax ("**SDRT**").

United Kingdom stamp duty may be payable on any instrument transferring any Instrument or any interest thereof (or on any memorandum transferring any Instrument) and on any documentary agreement to transfer any interest in any Instrument which falls short of full legal and beneficial interest (or on any memorandum thereof).

To the extent the Instruments are held in a clearing system, it is not expected that (as a practical matter) any such instrument of transfer will be created; however, if such an instrument of transfer were created then, unless the terms of Instruments are such that they (in each case) constitute "exempt loan capital" for the purposes of section 79(4) of the Finance Act 1986, stamp duty would be chargeable at the rate of 0.5% of the stampable consideration for the transfer or agreement to transfer.

There is no requirement for stamp duty to be paid upon execution, but any unstamped transfer, agreement to transfer or memorandum may not be produced in civil proceedings in the United Kingdom, or used for any other purpose in the United Kingdom, until applicable stamp duty is paid (together with any interest and penalties) and the document is stamped.

Spanish Tax Considerations

The following is a general description of certain Spanish tax considerations. The information provided below does not purport to be a complete overview of tax law and practice currently applicable in the Kingdom of Spain and is subject to any changes in law and the interpretation and application thereof, which could be made with retroactive effect.

This taxation summary solely addresses the principal Spanish tax consequences of the acquisition, the ownership and disposal of the Amended Notes or Restructuring Instruments received pursuant to this Offering and Consent Solicitation Memorandum. It does not consider every aspect of taxation that may be relevant to a particular holder of the Amended Notes or Restructuring Instruments under special circumstances or who is subject to special treatment under applicable law or to the special tax regimes applicable in the Basque Country and Navarra (Territorios Forales).

This overview is based on the law as in effect on the date of this Offering and Consent Solicitation Memorandum and is subject to any change in law that may take effect after such date.

Any prospective holder of the Amended Notes or Restructuring Instruments should consult their own tax advisers who can provide them with personalized advice based on their particular circumstances. Likewise, investors should consider the legislative changes which could occur in the future.

This information has been prepared in accordance with the following Spanish tax legislation in force at the date of this document:

- of general application, (i) Additional Provision One of Law 10/2014, of 26 June, on regulation supervision and solvency of credit entities (the "**Law 10/2014**") and (ii) Royal Decree 1065/2007, of 27 July, approving the General Regulations of the tax inspection and management procedures and developing the common rules of the procedures to apply taxes (as amended, the "**Royal Decree 1065/2007**");

- for individuals resident for tax purposes in Spain which are subject to the Personal Income Tax (the "**PIT**"), (i) Law 35/2006, of 28 November, on the PIT and on the Partial Amendment of the Corporate Income Tax Law, the Non Residents Income Tax Law and the Net Wealth Tax Law (the "**PIT Law**"), and (ii) Royal Decree 439/2007, of 30 March passing the PIT regulations, along with (iii) Law 19/1991, of 6 June, on Net Wealth Tax (as amended, the "**Net Wealth Tax Law**"), along with (iv) Law 29/1987, of 18 December on the Inheritance and Gift Tax (as amended, the "**IGT Law**");

- for legal entities resident for tax purposes in Spain which are subject to the Corporate Income Tax (the "**CIT**"), (i) Law 27/2014, of 27 November governing the CIT (the "**CIT Law**"), and (ii) Royal Decree 634/2015, of 10 July passing the CIT regulations (as amended, the "**CIT Regulation**"); and

- for individuals and entities who are not resident for tax purposes in Spain which are subject to the Non Resident Income Tax (the "**NRIT**"), (i) Royal Legislative Decree 5/2004, of 5 March promulgating the Consolidated Text of the NRIT Law, as amended (the "**NRIT Law**"), and (ii) Royal Decree 1776/2004, of 30 July promulgating the NRIT regulations, along with (iii) the Net Wealth Tax Law and with (iv) the IGT Law.

(i) *Value Added Tax and Spanish withholding*

Whatever the nature and residence of the holder of the Amended Notes or Restructuring Instruments, the acquisition and transfer of the Amended Super Senior Notes, Reinstated Senior Notes or Restructuring Instruments will be exempt from indirect taxes in Spain, i.e., exempt from Transfer Tax and Stamp Duty, in accordance with the Consolidated Text of such tax passed by Royal Legislative Decree 1/1993, of 24 September and exempt from Value Added Tax, in accordance with Law 37/1992, of 28 December regulating such tax, as amended.

(ii) *Spanish withholding*

On the basis that the Issuers are resident outside of Spain for tax purposes, payments made by the Issuers in respect of the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes would not be subject to withholding tax in Spain. Likewise, any dividends paid to a non-resident Existing Noteholders on the New Topco A Shares would not be subject to withholding tax in Spain.

Nevertheless, Spanish withholding tax at the applicable rate (currently 19%) may have to be deducted by other entities (such as depositaries or financial entities); provided that such entities are resident for tax purposes in Spain or have a permanent establishment in the Spanish territory.

(iii) *Individuals with Tax Residency in Spain*

a) *Personal Income Tax (Impuesto sobre la Renta de las Personas Físicas)*

Spanish individuals with tax residency in Spain are subject to PIT on a worldwide basis. Accordingly, income obtained from the Amended Notes or Restructuring Instruments will be taxed in Spain when obtained by individuals that are considered resident in Spain for tax purposes.

Both interest payments periodically received and income derived from the transfer, redemption or exchange of the holder of the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes constitute a return on investment obtained from the transfer of a person's own capital to third parties in accordance with the provisions of Section 25.2 of the PIT Law, and therefore must be included in the investor's PIT savings taxable base and taxed at a flat rate of 19% on the first EUR6,000, 21% for taxable income between EUR6,001 and EUR50,000.00, 23% for taxable income between EUR50,000.01 and EUR200,000.00 and 26% for taxable income exceeding EUR200,000.00.

Any dividends on the New Topco A Shares constitute a return derived from the participation in the equity of entities in accordance with the provisions of Section 25.1 of the PIT Law and must also be included in the investor's PIT savings taxable base and taxed at the above mentioned rates.

b) *Net Wealth Tax (Impuesto sobre el Patrimonio)*

Individuals with tax residency in Spain are subject to Net Wealth Tax to the extent that their net wealth exceeds EUR700,000 (please note that the Spanish Autonomous Community where the taxpayer resides may determine a minimum exempt amount different from the abovementioned EUR700,000 threshold). Therefore, they should consider the corresponding value of the Notes which they hold as at December 31 each year, the applicable rates ranging between 0.2% and 3.5% of the average market value of the notes during the last quarter of such year. However, this may vary depending on the legislation of the autonomous region of residency of the taxpayer. Accordingly, the holders of the Amended Notes or Restructuring Instruments should consult their tax advisers.

c) *Inheritance and Gift Tax (Impuesto sobre Sucesiones y Donaciones)*

Individuals resident in Spain for tax purposes who acquire ownership or other rights over any the Amended Notes or Restructuring Instruments by inheritance, gift or legacy will be subject to the Spanish Inheritance and Gift Tax in accordance with the applicable Spanish regional and State rules.

The applicable tax rates currently range between 0% and 81.6% depending on relevant factors (such as the value of the benefit received, the previous net wealth of the recipient and the closeness of the relationship between the transferor and transferee), although the final tax rate may vary depending on the applicable regional tax legislation.

(iv) *Legal Entities with Tax Residency in Spain*

a) *Corporate Income Tax (Impuesto sobre Sociedades)*

Legal entities with tax residency in Spain are subject to CIT on a worldwide basis. Both interest periodically received and income deriving from the transfer, redemption or repayment of the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes constitute a return on investments for tax purposes obtained from the transfer to third parties of own capital and must be included in the profit and taxable income of legal entities with tax residency in Spain for CIT purposes in accordance with the CIT rules. The current general tax rate according to CIT Law is 25%. However, such a tax rate will not be generally applicable to all CIT taxpayers and, for instance, it will not apply to banking institutions which will be taxable at a 30% rate.

The same tax treatment will apply to any dividends received from the New Topco A Shares provided that the participation held by the investor is less than 5%.

b) *Net Wealth Tax (Impuesto sobre el Patrimonio)*

Legal entities resident in Spain for tax purposes are not subject to Net Wealth Tax.

c) *Inheritance and Gift Tax (Impuesto sobre Sucesiones y Donaciones)*

Legal entities resident in Spain for tax purposes which acquire ownership or other rights over the Amended Super Senior Notes or the Reinstated Senior Notes by inheritance, gift or legacy are not subject to the Spanish Inheritance and Gift Tax but must include the market value of the notes in their taxable income for CIT purposes.

(v) *Individuals and entities without Tax Residency in Spain*

Non-Spanish resident individuals and non-Spanish resident entities not operating in Spain through a permanent establishment will not be subject to tax in Spain in relation to any interest income (or dividends, as applicable) obtained from the Amended Notes or Restructuring Instruments.

(vi) *Disclosure of Information in connection with the Notes*

In accordance with Section 5 of Article 44 of the Royal Decree 1065/2007 and; provided that the Amended Super Senior Notes and the Reinstated Senior Notes issued are initially registered for clearance and settlement in Euroclear and Clearstream, the Paying Agent designated by the Issuers would be obliged to provide the Issuers with a declaration (or payment statement), which should include the following information (in accordance with the form attached as Annex to the Royal Decree 1065/2007):

- description of the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes (and date of payment of the interest income derived from such notes);
- total amount of income derived from the holder of the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes; and
- total amount of income allocated to each non-Spanish clearing and settlement entity involved (such as Euroclear and Clearstream).

In light of the above, the Issuers and the Paying Agent have entered into certain agreements whereby, amongst other things, the Paying Agent agrees to implement certain procedures for the timely provision by the Paying Agent to the Issuers of a duly executed and completed declaration in connection with each income payment under the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes and set out certain procedures which aim to facilitate such process.

According to section 6 of Article 44 of the Royal Decree 1065/2007, the relevant declaration (or payment statement) will have to be provided to the Issuers (or the Existing Guarantors, as the case may be) on the business day immediately preceding each interest payment date.

Luxembourg Tax Considerations

The following is a general overview of certain tax consequences under the tax laws of Luxembourg of the acquisition, ownership and disposal of the Amended Notes or Restructuring Instruments. This overview does not purport to be a comprehensive description of all tax considerations which may be relevant to a decision to deliver Consents to the Proposed Amendments. In particular, this discussion does not consider any specific facts or circumstances that may apply to a particular Existing Noteholder and relates only to the position of persons who are absolute beneficial owners of the Amended Notes or Restructuring Instruments. This overview is based on the laws of Luxembourg currently in force and as applied on the date of this Prospectus, which are subject to change, possibly with retroactive or retrospective effect. It is not intended to be, nor should it be construed to be, legal or tax advice.

Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a withholding tax or a tax of a similar nature, or to any other concepts, refers to Luxembourg tax law and/or concepts only.

Luxembourg tax residency of the Existing Noteholders

A Noteholder will not become resident, nor be deemed to be resident, in Luxembourg by reason only of the holding of the Amended Notes or Restructuring Instruments, or the execution, performance, delivery and/or enforcement of the Amended Notes or Restructuring Instruments.

Withholding Tax

Non-resident Existing Noteholders

Under Luxembourg general tax laws currently in force, there is no withholding tax on payments of principal, premium or interest made to non-resident Existing Noteholders, nor on accrued but unpaid interest in respect of the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes held by non-resident Existing Noteholders. Any dividends paid to a non-resident Existing Noteholders on the New Topco A Shares would be subject to a 15% withholding tax in Luxembourg unless an exemption (or reduction) applies.

Resident Existing Noteholders

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005, as amended (the "**Relibi Law**"), there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident Existing Noteholders, nor on accrued but unpaid interest in respect of the Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes held by Luxembourg resident Existing Noteholders.

Under the Relibi Law, payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to an individual beneficial owner who is a resident of Luxembourg will be subject to a withholding tax of currently 20 % Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent.

Self-applied tax

Pursuant to the Relibi Law as amended, Luxembourg resident individuals, acting in the course of their private wealth, can opt to self-declare and pay a 20% tax (the "**Levy**") on interest payments made by paying agents located in a Member State of the European Union other than Luxembourg or a Member State of the European Economic Area.

Taxation of the Existing Noteholders

Taxation of Luxembourg non-residents

Existing Noteholders who are non-residents of Luxembourg and who have neither a permanent establishment nor a fixed place of business or a permanent representative in Luxembourg to which the Amended Super Senior Notes, Senior Notes, the Reinstated Senior Notes or Subordinated PIK Notes are attributable are not liable to any Luxembourg income tax, whether they receive payments of principal or interest (including accrued but unpaid interest) or realize capital gains upon redemption, repurchase, sale or exchange of any Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes. Capital gains realized by Existing Noteholders who are non-residents of Luxembourg on the sale of New Topco A Shares less than six months after their acquisition may, under specific conditions, be subject to Luxembourg capital gain tax (if the Existing Noteholder does not benefit from a double tax treaty and its shareholding exceeds 10%).

Existing Noteholders who are non-residents of Luxembourg and who have a permanent establishment, a fixed place of business or a permanent representative in Luxembourg to which the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes are attributable may have to include any interest/dividend received or accrued, as well as any capital gain realized on the sale or disposal of the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes in their taxable income for Luxembourg income tax assessment purposes.

Taxation of Luxembourg resident individual Existing Noteholders

Existing Noteholders who are resident of Luxembourg must, for income tax purposes, include any interest/dividend paid or accrued in their taxable income. Specific exemptions may be available for certain taxpayers benefiting from a particular status.

A Luxembourg resident individual Existing Noteholder, acting in the course of the management of his/her private wealth, is subject to Luxembourg income tax in respect of interest received, redemption premiums or issue discounts under the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes, except if a withholding tax has been levied by the Luxembourg paying agent on such payments or, in case of a non-resident paying agent, if such individual Existing Noteholder has opted for the Levy.

Under Luxembourg domestic tax law, gains realized upon the sale, disposal or redemption of the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes, which do not constitute zero coupon notes, by a Luxembourg resident individual Noteholder, who acts in the course of the management of his/her private wealth, are not subject to Luxembourg income tax, provided this sale or disposal took place more than six months after the acquisition of the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes. A Luxembourg resident individual Noteholder, who acts in the course of the management of his/her private wealth, has further to include the portion of the gain corresponding to accrued but unpaid income in respect of the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes in his/her taxable income, insofar as the accrued but unpaid interest is indicated separately in the agreement.

Luxembourg resident individual Existing Noteholders acting in the course of the management of a professional or business undertaking to which the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes are attributable, may have to include any interest received or accrued, as well as any gain realized on the sale or disposal of the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes, in their taxable income for Luxembourg income tax assessment purposes. Taxable gains are determined as being the difference between the sale, repurchase or redemption price (including accrued but unpaid interest) and the lower of the cost or book value of the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes sold or redeemed. The same tax treatment applies to non-resident Existing Noteholders who have a permanent establishment or a permanent representative in Luxembourg to which the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes are attributable.

Taxation of Luxembourg corporate resident Existing Noteholders

Luxembourg corporate resident Existing Noteholders must include any interest received or accrued, as well as any gain realized on the sale or disposal of the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes, in their taxable income for Luxembourg income tax assessment purposes. Taxable gains are determined as being the difference between the sale, repurchase or redemption price (including but unpaid interest) and the lower of the cost or book value of the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes sold or redeemed.

Luxembourg corporate resident Existing Noteholders who benefit from a special tax regime, such as, for example, (i) undertakings for collective investment subject to the law of 17 December 2010 (amending the laws of 20 December 2002), (ii) specialized investment funds subject to the law dated 13 February 2007 (as amended), (iii) family wealth management companies subject to the law dated 11 May 2007 (as amended) or (iv) reserved alternative investment funds within the meaning of the law of 23 July 2016, provided it is not foreseen in the incorporation documents that (i) the exclusive object is the investment in risk capital and that (ii) article 48 of the aforementioned law of 23 July 2016 applies, are exempt from income tax in Luxembourg and thus income derived from the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes, as well as gains realized thereon, are not subject to Luxembourg income taxes.

Net Wealth Tax

Luxembourg resident Existing Noteholders or non-resident Existing Noteholders who have a permanent establishment or a permanent representative in Luxembourg to which the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes are attributable, are subject to Luxembourg wealth tax on such Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes, except if the Existing Noteholder is (i) a resident or non-resident individual taxpayer, or (ii) an undertaking for collective investment subject to the law of 17 December 2010 (amending the law of 20 December 2002), or (iii) a securitization vehicle governed by the law of 22 March 2004 (as amended) on securitization, or (iv) a company governed by the law of 15 June 2004 (as amended) on venture capital vehicles, or (v) a specialized investment fund subject to the law of 13 February 2007 (as amended) or (vi) a family wealth management company subject to the law of 11 May 2007 (as amended), or (vii) a company

governed by the law of July 13, 2005 (as amended) on professional pension institutions, or (viii) a reserved alternative investment fund within the meaning of the law of 14 July 2016.

However, please note that (i) securitization companies governed by the law of 22 March 2004 on securitization, as amended, or (ii) capital companies governed by the law of 15 June 2004 on venture capital vehicles, as amended, or (iii) capital companies governed by the law of July 13, 2005 (as amended) on professional pension institutions, or (iv) reserved alternative investment funds governed by the law of 23 July 2016 and which fall under the special tax regime set out under article 48 thereof remain subject to minimum net wealth tax.

This minimum net wealth tax amounts to EUR4,815, if the relevant Existing Noteholder holds assets such as fixed financial assets, receivables owed to affiliated companies, transferable securities, postal checking accounts, checks and cash, in a proportion that exceeds 90% of its total balance sheet value and if the total balance sheet value of these very assets exceeds EUR350,000 or (b) to a minimum net wealth tax between EUR535 and EUR32,100 based on the total amount of its assets.

Other Taxes

Registration taxes and stamp duties

There is no Luxembourg registration tax, stamp duty or any other similar tax or duty payable in Luxembourg by the Existing Noteholders as a consequence of the issuance of the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes, nor will any of these taxes be payable as a consequence of a subsequent transfer, redemption or repurchase of the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes. However, registration of the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes may be required if the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes are either (i) attached as an annex to an act (*annexés à un acte*) that itself is subject to mandatory registration or (ii) deposited in the minutes of a notary (*déposés au rang des minutes d'un notaire*). In such cases, the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes will be subject to a fixed EUR12.00 duty payable by the party registering, or being ordered to register, the Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes. The same registration duty may also apply upon voluntary registration of the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes in Luxembourg (although there is no obligation to do so).

Inheritance tax and gift tax

No estate or inheritance taxes are levied on the transfer of the Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes upon death of an Existing Noteholder in cases where the deceased was not a resident of Luxembourg for inheritance tax purposes.

Gift tax may be due on a gift or donation of Amended Super Senior Notes, Reinstated Senior Notes or Subordinated PIK Notes if the gift is recorded in a deed passed in front of a Luxembourg notary or otherwise registered in Luxembourg.

TRANSFER RESTRICTIONS

You are advised to consult legal counsel prior to making any offer, resale, pledge or other transfer of any of the securities offered hereby.

The Amended Notes and the New Topco A Shares have not and will not be registered under the Securities Act or any state securities laws and, unless so registered, may not be offered or sold except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and state or other applicable securities laws.

Only Noteholders who have returned a duly completed Account Holder Letter certifying that they are within one of the categories described in the immediately preceding sentence are authorized to receive and review this Offering and Consent Solicitation Memorandum and to participate in the Consent Solicitation and the NMT Notes Offer (such holders, "**Qualifying Noteholders**").

(b) no key information document required by the U.K. PRIIPs Regulation in the United Kingdom or for offering or selling the NMT Notes or otherwise making them available to retail investors in the United Kingdom (as defined in paragraph 6 above) has been prepared and therefore offering or selling the NMT Notes or otherwise making them available to any retail investor in the United Kingdom may be unlawful under the U.K. PRIIPs Regulation; and

(c) no key information document required by PRIIPs Regulation in the EEA or for offering or selling the NMT Notes or otherwise making them available to retail investors in the EEA (as defined in paragraph 7 above) has been prepared and therefore offering or selling the NMT Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

LEGAL MATTERS

Certain legal matters with respect to U.S. law, New York law and English law and the validity under New York law of the NMT Notes, the Amended Super Senior Notes, the Reinstated Senior Notes and the Subordinated PIK Notes will be passed upon by Clifford Chance LLP, New York counsel for the Issuers. Certain legal matters with respect to Spanish law will be passed upon by Clifford Chance, S.L.P.

ENFORCEMENT OF CIVIL LIABILITIES

The Lux Issuer is incorporated and currently existing under the laws of Luxembourg and the UK Co-Issuer is incorporated and currently existing under the laws of England and Wales. Codere, S.A. is incorporated and currently existing under the laws of Spain. Likewise some of the other Existing Guarantors and their respective subsidiaries are organized outside the United States. In addition, certain of the directors and officers of the Issuers and Existing Guarantors reside outside of the United States and most of their assets are located outside of the United States. As a result, it may be difficult for investors to effect service of process on the Issuers, the Existing Guarantors or on their respective directors and officers in the United States. In addition, as many of the assets of the Issuers, the assets of the Existing Guarantors and their respective subsidiaries and those of their directors and officers are located outside of the United States, investors may be unable to enforce judgments obtained in the United States courts against them. Investors may also be unable to enforce in the United States judgments obtained in the United States courts against the Issuers, the Existing Guarantors or their respective directors and officers based on the civil liability or other provisions of the United States securities laws or other laws.

Spain

Codere, S.A. has been advised by its Spanish counsel that the (i) United States and (ii) Spain are not party to a treaty providing for reciprocal recognition and enforcement of judgments, other than arbitral awards rendered in civil and commercial matters. Accordingly, a final and conclusive judgment against Codere, S.A., the Issuers or any of the Existing Guarantors rendered by any U.S. federal or state court based on civil liability, whether or not predicated solely upon U.S. federal or state securities laws, enforceable in the United States, would not directly be recognized or enforceable in Spain, in accordance with and subject to Article 523 of the Spanish Civil Procedure Act (*Ley 1/2000, de 7 de enero de Enjuiciamiento Civil*) ("**Spanish Civil Procedure Act**") and subject to Law 29/2015, of July 30, on International Legal Cooperation in Civil Matters (*Ley 29/2015, de 30 de julio, de Cooperación Jurídica Internacional en material civil*) (the "**ILCC Act**") which repeals Articles 951 to 958 of the former Spanish Civil Procedure Act of 1881 (*Real Decreto de Promulgación de 3 de febrero de 1881 de Enjuiciamiento Civil*).

A party in whose favor such judgment was rendered should initiate the procedure to declare its recognition and the authorization for its enforcement in Spain (known as *exequátur*) before the relevant Court of First Instance (*Juzgado de Primera Instancia*) or the Commercial Court (*Juzgado de lo Mercantil*), as the case may be, pursuant to article 52 of the ILCC Act. According to the ILCC Act, recognition and enforcement in Spain of such U.S. judgment could be obtained provided that the following conditions are met (which conditions, under prevailing Spanish case law, do not include a review by the Spanish Court of First Instance or Commercial Court, as the case may be, of the merits of the foreign judgment):

- the U.S. foreign judgment is final and conclusive (*firme*);
- such U.S. judgment was rendered by a court having jurisdiction over the matter since the dispute is clearly connected to the United States and the choice of the court is not fraudulent;
- there is no material contradiction or incompatibility with an earlier judgment rendered in Spain or in any other state provided that such judgment complies with the applicable conditions to be enforceable in Spain;
- where rendering the U.S. foreign judgment, the courts rendering it must not have infringed an exclusive ground of jurisdiction provided for in Spanish law or have based their jurisdiction on exorbitant grounds and must be reasonably connected with the dispute;
- the rights of defense of the defendant have been protected where rendering the foreign judgment, including but not limited to a proper service of process carried out with sufficient time for the defendant to prepare its defense and appear before the courts;
- the U.S. judgment was not rendered by default (i.e. without appearance or without the possibility to appear for the defendant);

- the U.S. foreign judgment does not contravene Spanish public policy (*orden público*) or mandatory provisions and the obligation to be fulfilled is legal in Spain;

- there are not ongoing or pending proceedings between the same parties and dealing with the same subject that were opened before a Spanish court prior to the opening of the proceedings before the foreign court;

- to the extent the party against which the judgment is enforced in Spain has been declared insolvent (*declarada en concurso*), the foreign judgment must comply with the requirements provided for in the Spanish Insolvency Act;

- the documentation prepared for the purposes of requesting the enforcement of the judgment is accompanied by a translation into Spanish in accordance with Article 144 of the Spanish Civil Procedure Act;

- the copy of the judgment presented to the Spanish court has the apostille properly affixed; and

- although reciprocity is not a legal requirement, if it were proven that the foreign jurisdiction (e.g. the United States) in which the judgment was obtained does not enforce judgments issued by Spanish courts on a general basis, then the Spanish courts could be compelled to deny the enforcement of the foreign judgment in Spain.

According to Article 3.2 of ILCC Act, the Spanish Government may establish that the Spanish authorities will not cooperate with other country's authorities when there has been a reiteration refusal of cooperation or a legal prohibition of providing cooperation by such other country's authorities provided that the Spanish Government passes a Royal Decree for these purposes.

The competence to hear applications for recognition and authorization for enforcement of foreign judgments in Spain corresponds to the trial courts of the domicile of the party against which the recognition or enforcement is sought, or of the person who referred to the effects of the foreign judgment. Secondarily, the territorial jurisdiction shall be determined by the place of execution or the place in which resolution should produce its effects, being competent, in the latter case, the Court of First Instance before which stands the application for recognition.

Additionally, pursuant to article 54 of Spanish Civil Procedure Act, the parties to an agreement are entitled to clearly agree the submittal to one judge (*juzgado*) or court (*tribunal*) (provided that under the Spanish Procedural Law and the Spanish Judicial Law (*Ley 6/1985, de 1 de Julio, Orgánica del Poder Judicial*) the relevant judge or court are competent to solve the corresponding dispute); therefore, such article does not cover the validity of non-exclusive jurisdiction clauses, at least for conflicts between different Spanish courts.

Once a judgment has been recognized under the *exequatur* procedure, it will be enforceable in Spain in accordance with the Spanish Civil Procedure Act; in particular, the deadline for filing enforcement requests will be applicable (5 years).

In addition, the discovery process under actions filed in the United States could be adversely affected under certain circumstances by Spanish law (relating to communication of documents and information of an economic, commercial, industrial, financial or technical nature to foreign authorities or persons), which could prohibit or restrict obtaining evidence in Spain or from Spanish persons in connection with a judicial or administrative U.S. action.

The Spanish courts may express any order in a currency other than euro in respect of the amount due and payable by the Issuers or an Existing Guarantor, but in case of enforcement in Spain, the court costs and interest will be paid in euros.

A final and conclusive judgment obtained against Codere, S.A., the Issuers or any of the Existing Guarantors in any country bound by the provisions of the EU Regulation 1215/2012 will be recognized and enforceable by the Spanish courts, without review of its merits.

The enforcement of any judgments in Spain entails, among others, the following actions and costs: (a) documents in a language other than Spanish must be accompanied by a sworn translation into Spanish; (b) foreign documents may need to be legalized and apostilled; (c) certain professional fees are required for the verification of the legal authority of a party litigating in Spain, if needed; (d) certain court fees must be paid; (e) the procedural acts of a party litigating in Spain must be directed by an attorney-at-law and the party must be represented by a court agent (*procurador*) and (f) the content and validity of foreign law must be evidenced to the Spanish courts —which could entail additional costs—. In addition, Spanish civil proceedings rules cannot be amended by agreement of the parties and will therefore prevail notwithstanding any provision to the contrary in the Amended Notes.

If an original action is brought in Spain, Spanish courts may refuse to apply the designated law if its application contravenes Spanish public policy (*orden público*) or it may not grant enforcement in the event that they deem that a right has been exercised in such a manner to constitute an abuse of right (*abuso de derecho*).

Furthermore, recognition and enforcement proceedings under Spanish courts may be affected by the emergency measures taken by the Spanish Government in the framework of the COVID-19 pandemic, which could be updated from time to time.

Luxembourg

Each of the Lux Issuer, Luxco 1 and Luxco 2 is organized under the laws of the Grand Duchy of Luxembourg. Most of the Lux Issuer's and Luxco 1's and Luxco 2's assets are located outside the United States. Furthermore, none of the Lux Issuer's directors or the Luxco 1's and Luxco 2's directors resides in the United States.

As a result, investors may find it difficult to effect service of process within the United States upon the Lux Issuer and Luxco 1 and Luxco 2 or to enforce outside the United States judgments obtained against the Lux Issuer or Luxco 1 and Luxco 2 in U.S. courts, including judgments in actions predicated upon the civil liability provisions of the U.S. federal or state securities laws. Likewise, it may also be difficult for an investor to enforce in U.S. courts judgments obtained against the Lux Issuer or Luxco 1 and Luxco 2 in courts located in jurisdictions outside the United States, including actions predicated upon the civil liability provisions of the U.S. federal or state securities laws. It may also be difficult for an investor to bring an original action in a Luxembourg court predicated upon the civil liability provisions of the U.S. federal or state securities laws against the Lux Issuer and Luxco 1 and Luxco 2. It may be possible for investors to effect service of process within Luxembourg upon the Lux Issuer or Luxco 1 and Luxco 2 provided that The Hague Convention on the Service Abroad of Judicial and Extrajudicial Documents in Civil or Commercial Matters of November 15, 1965 is complied with.

As there is currently no treaty in force governing the reciprocal recognition and enforcement of judgments in civil and commercial matters between the United States and the Grand Duchy of Luxembourg, courts in Luxembourg will not automatically recognize and enforce a final judgment rendered by a U.S. court.

A valid final, non-appealable and conclusive judgment against an issuer incorporated in Luxembourg with respect to the notes obtained from a court of competent jurisdiction in the United States which remains in full force and effect after all appeals as may be taken in the relevant state or federal jurisdiction with respect thereto have been taken, may be entered and enforced through a court of competent jurisdiction of Luxembourg, subject to compliance with the enforcement procedures (*exequatur*) set out in Article 678 *et seq*. of the Luxembourg New Code of Civil Procedure (*Nouveau Code de Procédure Civile*) and Luxembourg case-law, being:

- the judgment of the U.S. court is enforceable (*exécutoire*) in the United States;
- the assumption of jurisdiction (*compétence*) of the U.S. court is founded according to Luxembourg private international law rules;
- the U.S. court has acted in accordance with its own procedural rules and has applied to the dispute the substantive law which would have been applied by Luxembourg courts;
- the principles of fair trial and due process have been complied with and in particular the judgment was granted following proceedings where the counterparty had the opportunity to appear, and if appeared, to present a defense; and

- the judgment of the U.S does not contravene Luxembourg public policy and has not been obtained fraudulently.

If an original action is brought in Luxembourg, without prejudice to specific conflict of law rules, Luxembourg courts may refuse to apply the designated law (i) if the choice of such foreign law was not made *bona fide* or (ii) if the foreign law was not pleaded and proved or (iii) if pleaded and proved, such foreign law was contrary to mandatory Luxembourg laws or incompatible with Luxembourg public policy rules.

In an action brought in Luxembourg on the basis of U.S. federal or state securities laws, Luxembourg courts may not have the requisite power to grant the remedies sought. Also, an *exequatur* may be refused in respect of punitive damages.

In practice, Luxembourg courts tend not to review the merits of a foreign judgment, although there is no clear statutory prohibition of such review.

Further, in the event of any proceedings being brought in a Luxembourg court in respect of a monetary obligation expressed to be payable in a currency other than Euro, a Luxembourg court would have power to give a judgment expressed as an order to pay a currency other than Euro. However, enforcement of the judgment against any party in Luxembourg would be available only in Euro and for such purposes all claims or debts would be converted into Euro.

England and Wales

The UK Co-Issuer is incorporated in and has its principal offices in England and Wales. Most/all of the directors and executive officers of the UK Co-Issuer live outside the United States. Substantially all the assets of the directors and executive officers of the UK Co-Issuer are located outside the United States. As a result, it may not be possible for you to serve process on such persons or the UK Co-Issuer in the United States or to enforce judgments obtained in U.S. courts against such persons or the UK Co-Issuer including judgments based on the civil liability provisions of the securities laws of the United States.

The United States and England currently do not have a treaty providing for the reciprocal recognition and enforcement of judgments (as opposed to arbitration awards) in civil and commercial matters.

Consequently, a final judgment for payment rendered by any federal or state court in the United States based on civil liability, whether or not predicated solely upon U.S. federal securities laws, would not automatically be recognized or enforceable in England. In order to enforce any such U.S. judgment in England, proceedings must first be initiated before a court of competent jurisdiction in England. In such an action, the English court would not generally reinvestigate the merits of the original matter decided by the U.S. court (subject to what is stated below) and it would usually be possible to obtain summary judgment on such a claim (assuming that there is no good defense to it). Recognition and enforcement of a U.S. judgment by an English court in such an action is conditional upon (amongst other things) the following:

- the U.S. court having had jurisdiction over the original proceedings according to English conflicts of laws principles and rules of English private international law;

- the U.S. judgment being final and conclusive on the merits in the sense of being final and unalterable in the court which pronounced it and being for a debt for a definite sum of money;

- the U.S. judgment and the enforcement of such judgment not contravening English public policy or the principles of the European Convention on Human Rights (as adopted by the United Kingdom);

- the U.S. judgment not being for a sum payable in respect of tax, or other charges of a like nature, or in respect of a penalty or fine;

- the U.S. judgment not having been arrived at by doubling, trebling or otherwise multiplying a sum assessed as compensation for the loss or damages sustained and the compensation not otherwise exceeding the maximum sum of damages that could have been suffered as a result of the breach of

obligations and not being otherwise in breach of Section 5 of the Protection of Trading Interests Act 1980;

- the U.S. judgment not having been obtained by fraud or in breach of English principles of natural justice;

- there not having been a prior decision of an English court or the court of another jurisdiction on the issues in question between the same parties;

- the party seeking enforcement providing security for costs, if ordered to do so by an English court; and

- the English enforcement proceedings being commenced within the limitation period.

Subject to the foregoing, investors may be able to enforce in England judgments in civil and commercial matters that have been obtained from U.S. federal or state courts. Nevertheless, the Issuers cannot assure you that those judgments will be recognized or enforceable in England. In particular there is doubt as to the enforceability in the United Kingdom, in original actions or inactions for enforcements of judgments of United States courts, of civil liabilities predicated solely on United States Federal or state securities law. In addition, it is questionable whether an English court would accept jurisdiction and impose civil liability if the original action was commenced in England, instead of the United States, and predicated solely upon U.S. federal securities laws. Further, it may not be possible to obtain a judgment in England or to enforce the judgment if the judgment debtor is subject to any insolvency or similar proceedings, of if the judgment debtor has any setoff or counterclaim against the judgment creditor. Finally, in any enforcement proceedings, the judgment debtor may raise any counterclaim that could have been brought if the action had been originally brought in England unless the subject of the counterclaim was in issue and denied in the U.S. proceedings.

The Notes may have notations, legends or endorsements required by law, the rules of any securities exchange agreements to which the Issuer is subject, if any, or usage; **provided that** any such notation, legend or endorsement is in form reasonably acceptable to the Issuer. The Issuer shall approve the form of the Notes. Each Note shall be dated the date of its authentication. The terms and provisions contained in the form of the Notes shall constitute and are hereby expressly made a part of this Indenture. The Notes shall be issued in fully registered, global form in minimum denominations of €1,000 and in integral multiples of €1 in excess thereof.

(b) **Global Notes**. The Notes offered and sold in reliance on Section 4(a)(2) shall be issued initially in the form of one or more Global Notes substantially in the form of Exhibit A hereto, with such applicable legends as are provided in Exhibit A hereto, except as otherwise permitted herein (the "**Restricted Global Note**"), which shall be deposited on behalf of the purchasers of the Notes represented thereby with the Common Depositary, and registered in the name of the Common Depositary or its nominee, as the case may be, for the accounts of Euroclear and Clearstream, duly executed by the Issuer and authenticated by the Trustee (or its agent in accordance with Section 2.02) as hereinafter provided. The aggregate principal amount of the Restricted Global Note may from time to time be increased or decreased by adjustments made by the Registrar on Schedule A to the Restricted Global Note and recorded in the Security Register, as hereinafter provided, or, in the case of an increase resulting from the payment of PIK Interest, in accordance with the provisions of Section 2.13 and Exhibit A hereto.

The Notes offered and sold in reliance on Regulation S shall be issued initially in the form of one or more Global Notes substantially in the form of Exhibit A hereto, with such applicable legends as are provided in Exhibit A hereto, except as otherwise permitted herein (the "**Regulation S Global Note**"), which shall be deposited on behalf of the purchasers of the Regulation S Global Notes represented thereby with the Common Depositary, and registered in the name of the Common Depositary or its nominee, as the case may be, for the accounts of Euroclear and Clearstream, duly executed by the Issuer and authenticated by the Trustee (or its agent in accordance with Section 2.02) as hereinafter provided. The aggregate principal amount of the Regulation S Global Note may from time to time be increased or decreased by adjustments made by the Registrar on Schedule A to the Regulation S Global Note and recorded in the Security Register, as hereinafter provided, or, in the case of an increase resulting from the payment of PIK Interest, in accordance with the provisions of Section 2.13 and Exhibit A hereto.

(c) **Book-Entry Provisions**. This Section 2.01(c) shall apply to the Regulation S Global Notes and the Restricted Global Notes (collectively, the "**Global Notes**") deposited with or on behalf of the Common Depositary.

Members of, or participants and account holders in, Euroclear and Clearstream ("**Participants**") shall have no rights under this Indenture with respect to any Global Note held on their behalf by the Common Depositary or its nominee or by the Trustee, and the Common Depositary or its nominee may be treated by the Issuer, the Trustee and any agent of the Issuer or the Trustee as the sole owner of such Global Note for all purposes whatsoever. Notwithstanding the foregoing, nothing herein shall prevent the Issuer, the Trustee or any agent of the Issuer or the Trustee from giving effect to any written certification, proxy or other authorization furnished by the Common Depositary or impair, as between the Common Depositary, on the one hand, and the Participants, on the other, the operation of customary practices of such persons governing the exercise of the rights of a Holder of a beneficial interest in any Global Note.

The registered Holder of a Global Note may grant proxies and otherwise authorize any Person, including Participants and Persons that may hold interests through Participants, to take any action that a Holder is entitled to take under this Indenture or the Notes.

Except as provided in Section 2.10, owners of a beneficial interest in Global Notes shall not be entitled to receive physical delivery of certificated Notes.

Section 2.02. **Execution and Authentication**. An Officer of the Issuer shall sign the Notes on behalf of the Issuer by manual or facsimile signature.

If an authorized director of the Issuer whose signature is on a Note no longer holds that office at the time the Trustee or the authenticating agent (as the case may be) authenticates the Note, the Note shall be valid nevertheless.

A Note shall not be valid or obligatory for any purpose until an authorized signatory of the Trustee or, as the case may be, an authenticating agent manually signs the certificate of authentication on the Note. The signature shall be conclusive evidence that the Note has been authenticated under this Indenture.

The Trustee or the authenticating agent shall, as soon as reasonably practicable following receipt of a written order signed by at least one Officer and delivered to the Trustee or authenticating agent (an "**Issuer Order**"), authenticate the Notes and any Additional Notes, from time to time, subject to compliance at the time of issuance of such Additional Notes with the provisions of Section 4.06 of this Indenture. No issue of Additional Notes shall utilize the same ISIN or Common Code number as Notes already issued hereunder unless the Additional Notes are fungible with the Notes already issued for U.S. federal income tax purposes. The aggregate principal amount of Notes outstanding shall not exceed the amount authorized for issuance by the Issuer pursuant to one or more Issuer Order, except as provided in Sections 2.07 and 2.15.

The Trustee may appoint an authenticating agent reasonably acceptable to the Issuer and at the expense of the Issuer to authenticate the Notes. Unless limited by the terms of such appointment, any such authenticating agent may authenticate Notes whenever the Trustee may do so. Each reference in this Indenture to authentication by the Trustee includes authentication by any such agent. An authenticating agent has the same rights as any Registrar, co-Registrar, Transfer Agent, or Paying Agent to deal with the Issuer or an Affiliate of the Issuer.

The Trustee or an authenticating agent shall have the right to decline to authenticate and deliver any Notes under this Section 2.02 if the Trustee, being advised by counsel, determines that such action may not lawfully be taken or if the Trustee or an authenticating agent in good faith shall determine that such action would expose the Trustee or an authenticating agent to personal liability to existing Holders.

Section 2.03. **Registrar, Transfer Agent and Paying Agent**. The Issuer shall maintain an office or agency for the registration of the Notes and of their transfer or exchange (the "**Registrar**"), an office or agency where Notes may be transferred or exchanged (the "**Transfer Agent**"), an office or agency where the Notes may be presented for payment (the "**Paying Agent**") and an office or agency where notices or demands to or upon the Issuer in respect of the Notes may be served. The Issuer may appoint one or more Transfer Agents, one or more co-Registrars and one or more additional Paying Agents. The Transfer Agent shall be appointed for record keeping purposes for so long as any Notes are represented by Global Notes held by the Common Depositary and all transfers of interests in the Notes, shall be effected through the book-entry systems of Euroclear and Clearstream.

The Issuer shall maintain a Transfer Agent in the United States. The Issuer may appoint one or more Transfer Agents, one or more co-Registrars and one or more additional Paying Agents. The Issuer hereby appoints (i) the office of GLAS Americas LLC, located at the address set forth in Section 14.02, as Registrar and Transfer Agent and (ii) Global Loan Agency Services Limited, located at the address set forth in Section 14.02 as Paying Agent in London, United Kingdom. Global Loan Agency Services Limited hereby accepts such appointment. The Paying Agent, Registrar and Transfer Agent and any authenticating agent are collectively referred to in this Indenture as the "**Agents**". Each such Agent hereby accepts such appointments. The roles, duties and functions of the Agents are of a mechanical nature and each Agent shall only perform those acts and duties as specifically set out in this Indenture and no other acts, covenants, obligations or duties shall be implied or read into this Indenture against any of the Agents. For the avoidance of doubt, a Paying Agent's obligation to disburse any funds shall be subject to prior receipt by it of those funds to be disbursed before the deadlines referred to in this Indenture or otherwise required by the Paying Agent.

Subject to any applicable laws and regulations, the Issuer shall cause the Registrar to keep a register (the "**Security Register**") at its corporate trust office in which, subject to such reasonable regulations it may prescribe, the Issuer shall provide for the registration of ownership, exchange, and transfer of the Notes. Such registration in the Security Register shall be conclusive evidence of the ownership of Notes. Included in the books and records for the Notes shall be notations as to whether such Notes have been paid, exchanged or transferred, canceled, lost, stolen, mutilated or destroyed and whether such Notes have been replaced. In the case of the replacement of any of the Notes, the Registrar shall keep a record of the Note so replaced and the Note issued in

replacement thereof. In the case of the cancellation of any of the Notes, the Registrar shall keep a record of the Note so canceled and the date on which such Note was canceled.

The Issuer shall enter into an appropriate agency agreement with any Paying Agent or co-Registrar not a party to this Indenture, as necessary. The agreement shall implement the provisions of this Indenture that relate to such agent. The Issuer shall notify the Trustee of the name and address of any such agent. If the Issuer fails to maintain a Registrar or Paying Agent, the Trustee may act as such and shall be entitled to appropriate compensation therefor pursuant to Section 7.06.

Section 2.04. **Paying Agent to Hold Money**. Not later than 9:00 am (London time) on the Business Day prior to each due date of the principal, premium, if any, and interest on any Notes, the Issuer shall deposit with the Paying Agent money in immediately available funds in euros, sufficient to pay such principal, premium, if any, and interest so becoming due on the due date for payment under the Notes. The Issuer shall require each Paying Agent other than the Trustee to agree in writing that such Paying Agent shall hold for the benefit of the Holders or the Trustee all money held by the Paying Agent for the payment of principal of, premium, if any, and interest on the Notes (whether such money has been paid to it by the Issuer or any other obligor on the Notes), and such Paying Agent shall promptly notify the Trustee of any default by the Issuer (or any other obligor on the Notes) in making any such payment. The Issuer at any time may require a Paying Agent to pay all money held by it to the Trustee and account for any funds disbursed, and the Trustee may at any time during the continuance of any payment default, upon written request to a Paying Agent, require such Paying Agent to pay all money held by it to the Trustee and to account for any funds disbursed. Upon doing so, the Paying Agent shall have no further liability for the money so paid over to the Trustee. If the Issuer or any Affiliate of the Issuer acts as Paying Agent, it shall, on or before each due date of any principal, premium, if any, or interest on the Notes, segregate and hold in a separate trust fund for the benefit of the Holders a sum of money sufficient to pay such principal, premium, if any, or interest so becoming due until such sum of money shall be paid to such Holders or otherwise disposed of as provided in this Indenture, and shall promptly notify the Trustee of its action or failure to act. At the Issuer's written request, the Paying Agent will complete for an Interest Payment Date the supplementary annex set forth in Exhibit D hereto. The Paying Agent shall have no duty or responsibility to comply with any tax obligations arising out of this Indenture and shall not be liable for any amounts owed to any person, entity or government authority due to its failure to properly complete the supplementary annex referred to in Exhibit D. For the avoidance of doubt, the Paying Agent and the Trustee shall be held harmless and have no liability with respect to payments or disbursements to be made by the Paying Agent and Trustee (i) for which payment instructions are not made or that are not otherwise deposited by the respective times set forth in this Section 2.04, (ii) and until they have confirmed receipt of funds sufficient to make the relevant payment.

Section 2.05. **Holders List**. The Registrar shall preserve in as current a form as is reasonably practicable the most recent list available to it of the names and addresses of Holders. If the Trustee is not the Registrar, the Issuer shall furnish to the Trustee, in writing no later than the Record Date for each Interest Payment Date and at such other times as the Trustee may request in writing, a list in such form and as of such Record Date as the Trustee may reasonably require of the names and addresses of Holders, including the aggregate principal amount of Notes held by

each Holder, which, for the avoidance of doubt, includes custodian holders of record of the Notes, including Euroclear and Clearstream.

Section 2.06. **Transfer and Exchange**. (a) Where Notes are presented to the Registrar or a co-Registrar with a request to register a transfer or to exchange them for an equal principal amount of Notes of other denominations, the Registrar shall register the transfer or make the exchange in accordance with the requirements of this Section 2.06. To permit registrations of transfers and exchanges, the Issuer shall execute and the Trustee (or the authenticating agent) shall, upon receipt of an Issuer's order, authenticate and deliver, in the name of the designated transferee or transferees, one or more new Notes, of any authorized denominations and of a like aggregate principal amount, at the Registrar's request; **provided that** no Note of less than €1 may be transferred or exchanged. No service charge shall be made for any registration of transfer or exchange of Notes (except as otherwise expressly permitted herein), but the Issuer may require payment of a sum sufficient to cover any agency fee or similar charge payable in connection with any such registration of transfer or exchange of Notes (other than any agency fee or similar charge payable upon exchanges pursuant to Sections 2.10, 3.07 or 9.05 or in accordance with an Asset Sale Offer pursuant to Section 4.11 or Change of Control Offer pursuant to Section 4.15, not involving a transfer).

Upon presentation for exchange or transfer of any Note as permitted by the terms of this Indenture and by any legend appearing on such Note, such Note shall be exchanged or transferred upon the Security Register and one or more new Notes shall be authenticated and issued in the name of the Holder (in the case of exchanges only) or the transferee, as the case may be. No exchange or transfer of a Note shall be effective under this Indenture unless and until such Note has been registered in the name of such Person in the Security Register. Furthermore, the exchange or transfer of any Note shall not be effective under this Indenture unless the request for such exchange or transfer is made by the Holder or by a duly authorized attorney-in-fact at the office of the Registrar.

Every Note presented or surrendered for registration of transfer or for exchange shall (if so required by the Issuer or the Registrar) be duly endorsed, or be accompanied by a written instrument or transfer, in form satisfactory to the Issuer and the Registrar, duly executed by the Holder thereof or his attorney duly authorized in writing.

All Notes issued upon any registration of transfer or exchange of Notes shall be the valid obligations of the Issuer evidencing the same indebtedness, and entitled to the same benefits under this Indenture, as the Notes surrendered upon such registration of transfer or exchange.

Neither the Issuer nor the Trustee, Registrar, or any Paying Agent shall be required (i) to issue, register the transfer of, or exchange any Note during a period beginning at the opening of 15 Business Days before the day of the mailing of a notice of redemption of Notes selected for redemption under Section 3.02 and ending at the close of business on the day of such mailing, or (ii) to register the transfer of or exchange any Note so selected for redemption in whole or in part, except the unredeemed portion of any Note being redeemed in part.

(b) Notwithstanding any provision to the contrary herein, so long as a Global Note remains outstanding and is held by or on behalf of the Common Depositary, transfers of a

Global Note, in whole or in part, or of any beneficial interest therein, shall only be made in accordance with Section 2.01(c), Section 2.06(a) and this Section 2.06(b); **provided**, **however**, **that** a beneficial interest in a Global Note may be transferred to Persons who take delivery thereof in the form of a beneficial interest in the same Global Note in accordance with the transfer restrictions set forth below and in the restricted Note legend on the Note, if any.

(i) Except for transfers or exchanges of beneficial interests in a Global Note made in accordance with any of clauses (ii), (iii) or (iv) of this Section 2.06(b), transfers of a Global Note shall be limited to transfers of such Global Note in whole, but not in part, to nominees of the Common Depositary or to a successor of the Common Depositary or such successor's nominee.

(ii) **[Reserved]**

(iii) **[Reserved]**

(iv) **Restricted Global Note to Regulation S Global Note**. If the Holder of a beneficial interest in the Restricted Global Note at any time wishes to exchange its interest in such Restricted Global Note for an interest in the Regulation S Global Note, or to transfer its interest in such Restricted Global Note to a Person who wishes to take delivery thereof in the form of a beneficial interest in the Regulation S Global Note, such transfer or exchange may be effected, only in accordance with this clause (iv) and the Applicable Procedures. Upon receipt by the Registrar from the Transfer Agent of (A) written instructions directing the Registrar to credit or cause to be credited an interest in the Regulation S Global Note in a specified principal amount and to cause to be debited an interest in the Restricted Global Note in such specified principal amount, and (B) a certificate in the form of Exhibit B attached hereto given by the Holder of such beneficial interest stating that the transfer of such interest has been made in compliance with the transfer restrictions applicable to the Global Notes and (x) pursuant to and in accordance with Regulation S or (y) that the interest in the Restricted Global Note being transferred is being transferred in a transaction permitted by Rule 144, then the Registrar shall instruct the Common Depositary to reduce or cause to be reduced the principal amount of the Restricted Global Note and increase or cause to be increased the principal amount of the Regulation S Global Note by the aggregate principal amount of the interest in the Restricted Global Note to be exchanged or transferred.

(v) **Regulation S Global Note to Restricted Global Note**. If the Holder of a beneficial interest in the Regulation S Global Note at any time wishes to transfer such interest to a Person who wishes to take delivery thereof in the form of a beneficial interest in the Restricted Global Note, such transfer may be effected only in accordance with this clause (v) and the Applicable Procedures. Upon receipt by the Registrar from the Transfer Agent of (A) written instructions directing the Registrar to credit or cause to be credited an interest in the Restricted Global Note in a specified principal amount and to cause to be debited an interest in the Regulation S Global Note in such specified principal amount, and (B) a certificate in the form of Exhibit C attached hereto given by the Holder of such beneficial interest stating that the transfer of such interest has been made in compliance with the transfer restrictions applicable to the Global Notes and stating that (x) the Person transferring such interest reasonably believes that the Person acquiring such interest is a QIB and is obtaining such interest in a transaction meeting the

requirements of Rule 144A and any applicable securities laws of any state of the United States or (y) that the Person transferring such interest is relying on an exemption other than Rule 144A from the registration requirements of the Securities Act and, in such circumstances, such opinion of counsel as the Issuer or the Trustee may reasonably request to ensure that the requested transfer or exchange is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act, then the Registrar shall instruct the Common Depositary to reduce or cause to be reduced the principal amount of the Regulation S Global Note and to increase or cause to be increased the principal amount of the Restricted Global Note by the aggregate principal amount of the interest in such Regulation S Global Note to be exchanged or transferred.

(vi) **Global Notes to certificated Notes**. In the event that a Global Note is exchanged for Notes in certificated, registered form pursuant to Section 2.10, such Notes may be exchanged only in accordance with such procedures as are substantially consistent with the provisions of clauses (ii) and (iii) above (including the certification requirements intended to ensure that such transfers comply with Rule 144A or Regulation S under the Securities Act, as the case may be) and such other procedures as may from time to time be adopted by the Issuer and the Trustee.

(c) If Notes are issued upon the transfer, exchange or replacement of Notes bearing the restricted Notes legends set forth in Exhibit A hereto, as applicable, the Notes so issued shall bear the restricted Notes legends, and a request to remove such restricted Notes legends from Notes shall only be honored at the option of the Issuer and if there is delivered to the Issuer such satisfactory evidence, which may include an opinion of counsel licensed to practice law in the State of New York, as may be reasonably required by the Issuer, that neither the legend nor the restrictions on transfer set forth therein are required to ensure that transfers thereof comply with the provisions of Rule 144A and the applicable holding period under Rule 144(d) of the Securities Act. Upon provision of such satisfactory evidence and at the option of the Issuer, the Trustee, at the direction of the Issuer, shall (or shall direct the authenticating agent to) authenticate and deliver Notes that do not bear the legend.

(d) The Trustee shall have no responsibility for any actions taken or not taken by Euroclear or Clearstream, as the case may be.

Section 2.07. **Replacement Notes**. If a mutilated certificated Note is surrendered to the Registrar or if the Holder claims that the Note has been lost, destroyed or wrongfully taken, the Issuer shall issue and the Trustee shall (or shall direct the authenticating agent to), as soon as reasonably practicable following receipt of an Issuer Order, authenticate a replacement Note in such form as the Note mutilated, lost, destroyed or wrongfully taken if the Holder satisfies any other reasonable requirements of the Trustee or the Issuer. If required by the Trustee or the Issuer, such Holder shall furnish an indemnity bond sufficient in the judgment of the Issuer and the Trustee to protect the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Registrar and any co-Registrar and any authenticating agent from any loss that any of them may suffer if a Note is replaced. The Issuer and the Trustee may charge the Holder for their expenses in replacing a Note.

Every replacement Note shall be an additional obligation of the Issuer.

Section 2.08. **Outstanding Notes**. Notes outstanding at any time are all Notes authenticated by the Trustee (or the authenticating agent) except for those cancelled by it, those delivered to it for cancellation and those described in this Section 2.08 as not outstanding. A Note does not cease to be outstanding because the Issuer or an Affiliate of the Issuer holds the Note.

If a Note is replaced pursuant to Section 2.07, it ceases to be outstanding unless the Trustee and the Issuer receive proof satisfactory to them that the Note which has been replaced is held by a *bona fide* purchaser.

If the Paying Agent segregates and holds, in accordance with this Indenture, on a Redemption Date or maturity date money sufficient to pay all principal, premium, if any, interest and Additional Amounts, if any, payable on that date with respect to the Notes (or portions thereof) to be redeemed or maturing, as the case may be, and the Paying Agent is not prohibited from paying such money to the Holders on that date pursuant to the terms of this Indenture or the Intercreditor Agreement, then on and after that date such Notes (or portions thereof) cease to be outstanding and interest on them ceases to accrue.

Section 2.09. **Notes Held by Issuer**. In determining whether the Holders of the required principal amount of Notes have concurred in any direction or consent or any amendment, modification or other change to this Indenture, Notes owned by the Issuer or by an Affiliate of the Issuer shall be disregarded and treated as if they were not outstanding, except that for the purposes of determining whether the Trustee shall be protected in relying on any such direction, waiver or consent or any amendment, modification or other change to this Indenture, only Notes which a Trust Officer of the Trustee actually knows are so owned shall be so disregarded. Notes so owned which have been pledged in good faith shall not be disregarded if the pledgee establishes to the satisfaction of the Trustee the pledgee's right so to act with respect to the Notes and that the pledgee is not the Issuer or an Affiliate of the Issuer.

Section 2.10. **Certificated Notes**. A Global Note deposited with the Common Depositary pursuant to Section 2.01 shall be transferred to the beneficial owners thereof in the form of certificated Notes only if such transfer complies with Section 2.06 and (i) Euroclear or Clearstream, as applicable, (A) notifies the Issuer that it is unwilling or unable to continue to act as depositary for the Global Notes or (B) has ceased to be a clearing agency registered under the Exchange Act and, in either case, a successor depositary is not appointed by the Issuer within 120 days of such notice, or (ii) the Issuer, at its option, executes and delivers to the Trustee a notice that such Global Note be so transferable, registrable and exchangeable, or (iii) an Event of Default, or an event which after notice or lapse of time or both would be an Event of Default, has occurred and is continuing with respect to the Notes or (iv) the issuance of such certificated Notes is necessary in order for a Holder or beneficial owner to present its Note or Notes to a Paying Agent in order to avoid any Tax that is imposed on or with respect to a payment made to such Holder or beneficial owner. Notice of any such transfer shall be given by the Issuer in accordance with the provisions of Section 14.02(a).

(a) Any Global Note that is transferable to the beneficial owners thereof in the form of certificated Notes pursuant to this Section 2.10 shall be surrendered by the Common Depositary to the Transfer Agent, to be so transferred, in whole or from time to time in part, without charge, and the Trustee shall itself or via the authenticating agent authenticate and deliver,

as soon as reasonably practicable following such transfer of each portion of such Global Note, an equal aggregate principal amount at Stated Maturity of Notes of authorized denominations in the form of certificated Notes. Any portion of a Global Note transferred or exchanged pursuant to this Section 2.10 shall be executed, authenticated and delivered only in registered form in minimum denominations of €1,000 and registered in such names as the Common Depositary shall direct. Subject to the foregoing, a Global Note is not exchangeable except for a Global Note of like denomination to be registered in the name of the Common Depositary or its nominee. In the event that a Global Note becomes exchangeable for certificated Notes, payment of principal, premium, if any, and interest on the certificated Notes shall be payable, and the transfer of the certificated Notes shall be registrable, at the office or agency of the Issuer maintained for such purposes in accordance with Section 2.03. Such certificated Notes shall bear the applicable legends set forth in Exhibit A hereto, as applicable.

(b) In the event of the occurrence of any of the events specified in Section 2.10(a), the Issuer shall promptly make available to the Trustee and the authenticating agent a reasonable supply of certificated Notes in definitive, fully registered form without interest coupons.

Section 2.11. **Cancellation**. The Issuer at any time may deliver Notes to the Trustee for cancellation. The Registrar shall forward to the Trustee any Notes surrendered to them for registration of transfer, exchange or payment. The Trustee, in accordance with its customary procedures, and no one else shall cancel (subject to the record retention requirements of the Exchange Act and the Trustee's retention policy) all Notes surrendered for registration of transfer, exchange, payment or cancellation and dispose of such cancelled Notes in its customary manner. Except as otherwise provided in this Indenture the Issuer may not issue new Notes to replace Notes it has redeemed, paid or delivered to the Trustee for cancellation.

Section 2.12. **Defaulted Interest**. Any interest on any Note that is payable, but is not punctually paid or duly provided for, on the dates and in the manner provided in the Notes and this Indenture (all such interest herein called "**Defaulted Interest**") shall forthwith cease to be payable to the Holder on the relevant Record Date by virtue of having been such Holder, and such Defaulted Interest may be paid by the Issuer, at its election in each case, as provided in clause (a) or (b) below:

(a) The Issuer may elect to make payment of any Defaulted Interest to the Persons in whose names the Notes are registered at the close of business on a special record date for the payment of such Defaulted Interest, which shall be fixed in the following manner. The Issuer shall notify the Trustee in writing of the amount of Defaulted Interest proposed to be paid on each Note and the date of the proposed payment, and at the same time the Issuer may deposit with the Trustee an amount of money equal to the aggregate amount proposed to be paid in respect of such Defaulted Interest; or shall make arrangements satisfactory to the Trustee for such deposit prior to the date of the proposed payment, such money when deposited to be held in trust for the benefit of the Persons entitled to such Defaulted Interest as provided in this clause. In addition, the Issuer shall fix a special record date for the payment of such Defaulted Interest, such date to be not more than 15 days and not less than 10 days prior to the proposed payment date and not less than 15 days after the receipt by the Trustee of the notice of the proposed payment date. The Issuer shall promptly but, in any event, not less than 15 days prior to the special record date, notify the

Trustee of such special record date and, in the name and at the expense of the Issuer, the Trustee shall cause notice of the proposed payment date of such Defaulted Interest and the special record date therefor to be mailed first-class, postage prepaid to each Holder as such Holder's address appears in the Security Register, not less than 10 days prior to such special record date. Notice of the proposed payment date of such Defaulted Interest and the special record date therefor having been so mailed, such Defaulted Interest shall be paid to the Persons in whose names the Notes are registered at the close of business on such special record date and shall no longer be payable pursuant to clause (b) below.

(b) The Issuer may make payment of any Defaulted Interest on the Notes in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Notes may be listed, and upon such notice as may be required by such exchange, if, after notice given by the Issuer to the Trustee of the proposed payment date pursuant to this clause, such manner of payment shall be deemed reasonably practicable.

Subject to the foregoing provisions of this Section 2.12, each Note delivered under this Indenture upon registration of transfer of or in exchange for or in lieu of any other Note shall carry the rights to interest accrued and unpaid, and to accrue, which were carried by such other Note.

Section 2.13. **Computation of Interest**. Interest on the Notes shall be computed on the basis of a 360-day year of twelve 30-day months.

The payment of PIK Interest shall be calculated and paid in the manner set forth in the form of Notes attached as Exhibit A hereto. Interest, if payable in the form of PIK Notes, on any definitive Notes will be payable by the Issuer in delivering to the Trustee and the Paying Agent such PIK Notes in the relevant amount as definitive Notes and an order to authenticate such PIK Notes.

Section 2.14. **ISIN and Common Code Numbers**. The Issuer in issuing the Notes may use ISIN and Common Code numbers (if then generally in use), and, if so, the Trustee shall use ISIN and Common Code numbers, as appropriate, in notices of redemption as a convenience to Holders; **provided that** any such notice may state that no representation is made as to the correctness of such numbers or codes either as printed on the Notes or as contained in any notice of a redemption and that reliance may be placed only on the other identification numbers printed on the Notes, and any such redemption shall not be affected by any defect in or omission of such numbers. The Issuer shall promptly notify the Trustee of any change in the ISIN or Common Code numbers.

Section 2.15. **Series of Notes**. (a) The Issuer may, subject to Section 4.06 of this Indenture, issue Additional Notes under this Indenture, from time to time in accordance with the procedures of Section 2.02, which shall have terms as set forth in the resolution of the Board of Directors and Officer's Certificate referenced in clause (c) of this Section 2.15. Additional Notes, including PIK Notes, will be treated, along with any other series of Notes, as a single class for all purposes under this Indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase; **provided**, **however**, **that** any Additional Notes that are not fungible for U.S. federal income tax purposes with the Notes will be issued with a unique ISIN and/or other identifying number. Unless the context otherwise requires, for all purposes of this Indenture and

this Section 2.15 references to "Notes" shall be deemed to include references to the Original Notes as well as any Additional Notes.

(b) Except as provided in clause (c) of this Section 2.15, any Additional Notes issued hereunder shall have identical terms and conditions to the Notes. For the avoidance of doubt, any Additional Notes issued hereunder will be secured by the Collateral pursuant to the Security Documents to the same extent as the Notes.

(c) At or prior to the issuance of any series of Additional Notes, the Issuer shall set forth in a resolution of the Board of Directors and an Officer's Certificate, a copy of each which shall be delivered to the Trustee, the following information:

(i) the title of such Additional Notes;

(ii) the aggregate principal amount of such Additional Notes;

(iii) the date or dates on which such Additional Notes have been issued;

(iv) the rate or rates (which may be fixed or floating) at which such Additional Notes shall bear interest and, if applicable, the interest rate basis, formula or other method of determining such interest rate or rates, the date or dates from which such interest shall accrue, the interest payment dates on which such interest shall be payable or the method by which such dates will be determined, the record dates for the determination of holders thereof to whom such interest is payable and the basis upon which such interest will be calculated;

(v) the currency or currencies in which such Additional Notes shall be denominated and the currency in which cash or government obligations in connection with such series of Additional Notes may be payable;

(vi) the date or dates and price or prices at which, the period or periods within which, and the terms and conditions upon which, such Additional Notes may be redeemed, in whole or in part;

(vii) if other than denominations of €1,000 and in integral multiples of €1 in excess thereof in relation to euro-denominated Additional Notes, the denominations in which such Additional Notes shall be issued and redeemed; and

(viii) the ISIN, Common Code, CUSIP or other securities identification numbers with respect to such Additional Notes.

(d) In authenticating and delivering Additional Notes, the Trustee shall be entitled to receive the Opinions of Counsel and Officer's Certificates, as the case may be, required by Sections 2.02 and 14.04.

Section 2.16. **Deposit of Moneys**. Prior to 9:00 am (London time) on the Business Day prior to each Interest Payment Date and Redemption Date, the Issuer shall have deposited with the Paying Agent in immediately available funds in dollars or euros, as applicable, sufficient to make cash payments, if any, due on such Interest Payment Date or Redemption Date, as the case may

be, in a timely manner which permits the Paying Agent to remit payment to the Holders on such Interest Payment Date or Redemption Date, as the case may be. Subject to actual receipt of such funds as provided by this Section 2.16 by the designated Paying Agent, such Paying Agent shall make payments on the Notes in accordance with the provisions of this Indenture. The principal and interest on Global Notes shall be payable to the Common Depositary or its nominees, as the case may be, as the sole registered owner and the sole Holder of the Global Notes represented thereby. The principal and interest on Notes in certificated form shall be payable at the office of the Paying Agent. The principal Paying Agent shall make the payments no later than 11:00 a.m. (London time) on the relevant payment date.

ARTICLE THREE
REDEMPTION; OFFERS TO PURCHASE

Section 3.01. **Right of Redemption**. The Issuer may redeem all or any portion of the Notes upon the terms and at the Redemption Prices (as defined in the Notes). Any redemption pursuant to this Section 3.01 shall be made pursuant to the provisions of this Article Three.

Section 3.02. **Notices to Trustee**. If the Issuer elects to redeem Notes pursuant to Section 3.01, it shall notify the Trustee in writing of the Redemption Date, the Redemption Price, the principal amount of Notes to be redeemed and the paragraph of the Notes pursuant to which the redemption shall occur.

The Issuer shall give each notice to the Trustee provided for in this Section 3.02 in writing at least 35 days before the date notice is mailed to the Holders pursuant to Section 3.04 unless the Trustee consents to a shorter period. Such notice to the Trustee shall be accompanied by an Officer's Certificate from the Issuer to the effect that such redemption shall comply with the conditions herein. If fewer than all the Notes are to be redeemed, the record date relating to such redemption shall be selected by the Issuer and given to the Trustee, which record date shall be not less than 15 days after the date of notice to the Trustee.

Section 3.03. **Selection of Notes to be Redeemed**. If less than all of the Notes are to be redeemed at any time, the Trustee shall select the Notes to be redeemed as follows:

(a) if the Notes are listed on any securities exchange, in compliance with the requirements of the principal securities exchange on which the Notes are listed; or

(b) if the Notes are not listed on any securities exchange, on a *pro rata* basis, by lot or by such other method in accordance with Euroclear or Clearstream procedures,

provided, **however**, **that** no such partial redemption shall reduce the portion of the principal amount of a Note not redeemed to less than €1.

The Trustee shall make the selection from the Notes outstanding and not previously called for redemption. The Trustee may select for redemption portions equal to €1,000 in principal amount or any integral multiple of €1 in excess thereof. Provisions of this Indenture that apply to Notes called for redemption also apply to portions of Notes called for redemption. The Trustee shall notify the Issuer and the Registrar promptly in writing of the Notes or portions of Notes to

be called for redemption. The Trustee shall not be liable for selections made in accordance with the provisions of this Section 3.03.

Any redemption and notice may, in the Issuer's discretion, be subject to the satisfaction of one or more conditions precedent.

Section 3.04. **Notice of Redemption**. At least 10 days but not more than 60 days before a date for redemption of Notes, the Issuer shall mail a notice of redemption by first-class mail to each Holder to be redeemed, at its registered address, and shall comply with the provisions of Section 14.02 **provided**, **however**, **that** redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the Notes or a satisfaction and discharge of this Indenture. Any redemption and notice may, in the Issuer's discretion, be subject to the satisfaction of one or more conditions precedent.

(a) The notice shall identify the Notes to be redeemed (including ISIN and Common Code or other securities identification numbers, as applicable) and shall state:

(i) the Redemption Date and the Record Date;

(ii) the appropriate calculation of the Redemption Price and the amount of accrued interest, if any, and Additional Amounts, if any, to be paid;

(iii) the name and address of the Paying Agent;

(iv) that Notes called for redemption must be surrendered to the Paying Agent to collect the Redemption Price plus accrued interest, if any, and Additional Amounts, if any;

(v) that, if any Note is being redeemed in part, the portion of the principal amount (equal to €1,000 in principal amount or any integral multiple of €1 in excess thereof) of such Note to be redeemed and that, on and after the Redemption Date, upon surrender of such Note, a new Note or Notes in principal amount at maturity equal to the unredeemed portion thereof shall be reissued;

(vi) that, if any Note contains an ISIN or Common Code number, no representation is being made as to the correctness of such ISIN or Common Code number either as printed on the Notes or as contained in the notice of redemption and that reliance may be placed only on the other identification numbers printed on the Notes;

(vii) that, unless the Issuer and the Guarantors default in making such redemption payment, interest on the Notes (or portion thereof) called for redemption shall cease to accrue on and after the Redemption Date; and

(viii) the paragraph of the Notes pursuant to which the Notes called for redemption are being redeemed.

(b) The Trustee shall not be liable for selections made in accordance with the provisions of this Section 3.04.

At the Issuer's written request, the Trustee shall give a notice of redemption in the Issuer's name and at the Issuer's expense. In such event, the Issuer shall provide the Trustee with the notice, the other information required by this Section 3.04 and such other information which the Trustee may reasonably require.

Section 3.05. **Deposit of Redemption Price**. Prior to 9:00 am (London time) on the Business Day prior to any Redemption Date, the Issuer shall deposit or cause to be deposited with the Paying Agent (or, if the Issuer or a Wholly Owned Restricted Subsidiary is the Paying Agent, shall segregate and hold in trust) a sum in same day funds sufficient to pay the Redemption Price of and accrued interest and Additional Amounts, if any, on all Notes to be redeemed on that date other than Notes or portions of Notes called for redemption that have previously been delivered by the Issuer to the Trustee for cancellation. The Paying Agent shall return to the Issuer any money so deposited that is not required for that purpose.

Section 3.06. **Payment of Notes Called for Redemption**. If notice of redemption has been given in the manner provided below, the Notes or portion of Notes specified in such notice to be redeemed shall become due and payable on the Redemption Date at the Redemption Price stated therein, together with accrued interest to such Redemption Date, and on and after such date (unless the Issuer shall default in the payment of such Notes at the Redemption Price and accrued interest to the Redemption Date, in which case the principal, until paid, shall bear interest from the Redemption Date at the rate prescribed in the Notes), such Notes shall cease to accrue interest. Upon surrender of any Note for redemption in accordance with a notice of redemption, such Note shall be paid and redeemed by the Issuer at the Redemption Price, together with accrued interest, if any, to the Redemption Date; **provided that** installments of interest whose Stated Maturity is on or prior to the Redemption Date shall be payable to the Holders registered as such at the close of business on the relevant Record Date.

Notice of redemption shall be deemed to be given when mailed, whether or not the Holder receives the notice. In any event, failure to give such notice, or any defect therein, shall not affect the validity of the proceedings for the redemption of Notes held by Holders to whom such notice was properly given.

Section 3.07. **Notes Redeemed in Part**. Upon surrender of a Global Note that is redeemed in part, the Paying Agent shall forward such Global Note to the Trustee who shall make a notation on the Security Register to reduce the principal amount of such Global Note to an amount equal to the unredeemed portion of the Global Note surrendered; **provided that** each such Global Note shall be in a principal amount at final Stated Maturity of €1,000 or an integral multiple of €1 in excess thereof.

(a) Upon surrender and cancellation of a certificated Note that is redeemed in part, the Issuer shall execute and the Trustee shall authenticate for the Holder (at the Issuer's expense) a new Note equal in principal amount to the unredeemed portion of the Note surrendered and canceled; **provided**, **however**, **that** each such certificated Note shall be in a principal amount at final Stated Maturity of €1,000 or an integral multiple of €1 in excess thereof.

ARTICLE FOUR
COVENANTS

Section 4.01. **Payment of Notes**. The Issuer and the Guarantors covenant and agree for the benefit of the Holders that they shall duly and punctually pay the principal of, premium, if any, interest and Additional Amounts, if any, on the Notes on the dates and in the manner provided in the Notes and in this Indenture. Principal, premium, if any, interest and Additional Amounts, if any, shall be considered paid on the date due if on such date the Trustee or the Paying Agent (other than the Issuer or any of its Affiliates) has received from the Issuer or any Guarantor, as of 9:00 a.m. London time on the Business Day prior to the due date, in accordance with this Indenture, money sufficient to pay all principal, premium, if any, interest and Additional Amounts, if any then due. If the Issuer or any of its Affiliates acts as Paying Agent, principal, premium, if any, interest and Additional Amounts, if any, shall be considered paid on the due date if the entity acting as Paying Agent complies with Section 2.04.

PIK Interest shall be paid by increasing the principal amount of the outstanding Notes or by issuing Additional Notes in a principal amount equal to such interest, rounded up to the nearest whole euro (or, if necessary, pursuant to the requirements of the Common Depositary or otherwise, by authenticating a new Global Note executed by the Issuer reflecting such increased principal amount).

The Issuer or a Guarantor shall pay interest on overdue principal at the rate specified therefor in the Notes. The Issuer or a Guarantor shall pay interest on overdue installments of interest at the same rate to the extent lawful.

Section 4.02. **Corporate Existence**. Subject to Article Five, the Parent Guarantor, the Issuer and each Restricted Group Member shall do or cause to be done all things necessary to preserve and keep in full force and effect their corporate, partnership, limited liability company or other existence and the rights (charter and statutory), licences and franchises of the Parent Guarantor, the Issuer and each Restricted Group Member; **provided that** the Parent Guarantor, the Issuer and any Restricted Group Member shall not be required to preserve and keep in full force and effect such corporate, partnership, limited liability company or other existence or preserve any such right, licence or franchise if the Board of Directors of the Parent Guarantor shall determine that the preservation thereof is no longer desirable in the conduct of the business of the Parent Guarantor and the Restricted Group Members as a whole and that the loss thereof is not disadvantageous in any material respect to the Holders.

Section 4.03. **[Reserved]**.

Section 4.04. **[Reserved]**.

Section 4.05. **Statement as to Compliance**. The Parent Guarantor shall deliver to the Trustee, within 120 days after the end of each fiscal year, an Officer's Certificate stating that in the course of the performance by the signer of its duties as an officer of the Parent Guarantor he would normally have knowledge of any Default and whether or not the signer knows of any Default that occurred during such period and if any specifying such Default, its status and what action the Issuer is taking or proposed to take with respect thereto. For purposes of this Section 4.05, such

compliance shall be determined without regard to any period of grace or requirement of notice under this Indenture.

(a) When any Default has occurred and is continuing under this Indenture, or if the Trustee of, or the holder of, any other evidence of Debt of the Parent Guarantor or any Restricted Group Member outstanding in a principal amount of €50,000,000 or more gives any notice stating that it is a notice of Default or takes any other action to accelerate such Debt or enforce any Note therefor, the Parent Guarantor shall deliver to the Trustee within 30 days by registered or certified mail or facsimile transmission an Officer's Certificate specifying such event, notice or other action, its status and what action the Parent Guarantor is taking or proposes to take with respect thereto.

Section 4.06. **Limitation on Debt**. (a) The Parent Guarantor shall not, and shall not permit any Restricted Group Member to, directly or indirectly, create, incur, issue, assume, guarantee or otherwise become directly or indirectly liable, contingently or otherwise, with respect to (collectively, "**incur**") any Debt (including Acquired Debt); **provided**, **however**, **that** the Issuer and any Guarantor may incur Debt if at the time of such incurrence, the Fixed Charge Coverage Ratio for the Parent Guarantor's most recently ended four full fiscal quarters for which internal financial statements are available immediately preceding the incurrence of such Debt, taken as one period, would be greater than 2.25 to 1.00, determined on a *pro forma* basis after giving effect to the incurrence of such Debt and the application of the net proceeds therefrom.

(b) The foregoing paragraph shall not, however, prohibit the incurrence of any of the following items of Debt (collectively "**Permitted Debt**"):

(i) the incurrence by the Issuer or any Guarantor under Credit Facilities of:

(b) Within 365 days after the receipt of any Net Proceeds from an Asset Sale, the Parent Guarantor may apply those Net Proceeds at its option:

(i) to permanently repay or prepay any then outstanding (A) Notes pursuant to an offer, on a *pro rata* basis, to all holders of Notes at a purchase price equal to the price specified in the optional redemption provisions of paragraph 6 of the applicable Note or (B) Debt of a Restricted Group Member that is not a Guarantor owing to a Person other than the Parent Guarantor or a Restricted Group Member;

(ii) to acquire other long-term assets, including Capital Stock of a Person engaged in a Permitted Business, that are used or useful in the business of the Parent Guarantor; **provided that** Liens are granted over such assets such that they form part of the Collateral;

(iii) to make a capital expenditure;

(iv) to invest in or commit to invest in Additional Assets (including by means of an investment in Additional Assets by a Restricted Group Member with Net Proceeds received by the Parent Guarantor or another Restricted Group Member);

(v) to reinvest in the Capital Stock of a Permitted Business; provided that Liens are granted over such Capital Stock such that they form part of the Collateral; or

(vi) any combination of the foregoing;

provided that in the case of clauses (ii), (iii), (iv) and (v) above, any such acquisition, expenditure or investment in or commitment to invest in Additional Assets made pursuant to a definitive binding agreement or a commitment approved by the Board of Directors of the Parent Guarantor that is executed or approved within such 365 days will satisfy this requirement, so long as such investment is consummated within 180 days of such 365th day or within 180 days thereafter.

(c) Pending the final application of any Net Proceeds, the Parent Guarantor may temporarily reduce revolving credit borrowings or otherwise invest the Net Proceeds in any manner that is not prohibited by this Indenture. Any Net Proceeds from Asset Sales that are not applied or invested as provided in the preceding paragraph shall constitute "**Excess Proceeds**".

(d) When the aggregate amount of Excess Proceeds exceeds €25.0 million, the Parent Guarantor or the Issuer shall make an offer to purchase (an "**Asset Sale Offer**") from all holders of Notes the maximum principal amount (expressed as an integral multiple of €1) of Notes that may be purchased out of the Excess Proceeds. The offer price in any Asset Sale Offer shall be at a purchase price equal to the price specified in the optional redemption provisions of paragraph 6 of the applicable Note, and shall be payable in cash. If any Excess Proceeds remain after consummation of an Asset Sale Offer, the Parent Guarantor may use those Excess Proceeds for any purpose not otherwise prohibited by this Indenture. If the aggregate principal amount of Notes tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds, the Trustee shall select the Notes to be purchased on a *pro rata* basis. Upon completion of each Asset Sale Offer, the amount of Excess Proceeds shall be reset at zero.

(e) The Issuer and the Parent Guarantor shall comply with the requirements of any securities laws and the regulations thereunder (including Rule 14e-1 under the Exchange Act) to the extent those laws and regulations are applicable in connection with each repurchase of Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the Asset Sale provisions of this Indenture, the Issuer and the Parent Guarantor shall comply with the applicable securities laws and regulations and shall not be deemed to have breached their obligations under the Asset Sale provisions of this Indenture by virtue of such conflict.

Section 4.12. **Requirements Related to Online Transaction**

(a) Any material amendments to or material waiver of the terms of the Business Combination Agreement in respect of the Online Transaction or other material change to the Online Transaction shall require the consent of Holders of a majority in aggregate principal amount of the Notes; it being acknowledged that any reduction in the amount of the Committed Financing in connection with the Online Transaction or any extension by more than ten (10) business days to the original long stop date applicable under any Online Transaction documentation in its form in effect at July 5, 2021 shall be deemed to be material amendment or waivers.

(b) In the event that the Online Transaction is not consummated by the long stop date specified in the Business Combination Agreement or the Business Combination Agreement is terminated or terminates, any designation of a subsidiary as an Unrestricted Subsidiary other than CC JV S.A.P.I. de C.V. and HR Mexico City Project Co. S.A.P.I. de C.V. (for the avoidance of doubt this proviso shall also exclude Hotel ICELA S.A.P.I. de C.V., Calle ICELA S.A.P.I. de C.V., Centro de Convenciones las Américas S.A. de C.V. and Hotel Entretenimiento las Américas S.A. de C.V.) shall after such termination date be subject to all the terms of this Indenture as if it had never been so designated and therefore shall be redesignated as Restricted Group Members.

(c) No Restricted Group Member will sell, assign, convey, transfer, lease or otherwise dispose of any voting power of the Capital Stock and Voting Stock of any Unrestricted Group Member that is part of Codere Online (other than to another Restricted Group Member) or take any other action such that any one or more members of the Restricted Group ceases to control, directly or indirectly, a majority of the voting power in respect of the Voting Stock of Codere Online Luxembourg, S.A. or the ability to appoint, directly or indirectly, a majority of the Board

of Directors of Codere Online Luxembourg, S.A., whether through the ownership of Voting Stock, by contract or otherwise.

(d) The Issuer shall, or shall procure that Codere Newco, S.A.U. shall, use commercially reasonable endeavors to investigate the steps required to enable the shares of Codere Online Luxembourg, S.A. to be listed on a recognized exchange in a European Union member state if the Online Transaction is consummated.

Section 4.13. **Limitation on Dividend and Other Payment Restrictions Affecting Restricted Group Members**. (a) The Parent Guarantor shall not, and shall not permit any Restricted Group Member to, directly or indirectly, create or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Group Member to:

(i) pay dividends, in cash or otherwise, or make any other distributions on its Capital Stock, or with respect to any other interest or participation in, or measured by, its profits, to the Parent Guarantor or any Restricted Group Member, or pay any Debt owed to the Parent Guarantor or any Restricted Group Member;

(ii) make loans or advances to the Parent Guarantor or any Restricted Group Member; or

(iii) transfer any of its properties or assets to the Parent Guarantor or any Restricted Group Member.

(b) The restrictions described above in Section 4.13(a) shall not apply to encumbrances or restrictions existing under or by reason of:

(i) agreements in effect on the date of this Indenture in the form existing on the date of this Indenture and any amendments, modifications, restatements, renewals, increases, supplements, or replacements of those agreements **provided that** the amendments, modifications, restatements, renewals, increases, supplements or replacements are no more restrictive, taken as a whole, with respect to the restrictions set forth in Section 4.13(a) above, than those contained in those agreements on the date of this Indenture;

(ii) applicable law or regulation or by governmental licenses, concessions, franchises or permits;

(iii) the Notes, this Indenture, any Guarantees, the Credit Facilities, the Surety Bonds Facility, the Intercreditor Agreement and the security documents related thereto or by other agreements governing Debt that the Parent Guarantor or any Restricted Group Member incurs, **provided that** the encumbrances or restrictions imposed by such other agreements are not materially more restrictive, taken as a whole, than the restrictions imposed by this Indenture, the Surety Bonds Facility, the Intercreditor Agreement and such security documents as of the date of this Indenture;

(iv) any encumbrances or restrictions created under any agreements with respect to Debt of the Parent Guarantor or any Restricted Group Member permitted to be incurred subsequent to the date of this Indenture pursuant to Section 4.06 of this Indenture, including

encumbrances or restrictions imposed by Debt permitted to be incurred under Credit Facilities or any guarantees thereof in accordance with such covenant; **provided that** such encumbrances or restrictions are not materially more restrictive, taken as a whole, than those imposed by the Surety Bonds Facility as of the date of this Indenture;

(v) any instrument governing Debt or Capital Stock of a Person acquired by the Parent Guarantor or any Restricted Group Member as in effect at the time of such acquisition (except to the extent such Debt or Capital Stock was incurred in connection with or in contemplation of such acquisition), which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired;

(vi) customary non-assignment provisions in leases entered into in the ordinary course of business and consistent with past practice;

(vii) purchase money obligations for property acquired in the ordinary course of business that impose restrictions on that property, **provided that** such encumbrances or restrictions are of the nature described in Section 4.13(a)(iii) above;

(viii) any agreement for the sale or other disposition of a Restricted Group Member that restricts distributions by that Restricted Group Member pending its sale or other disposition;

(ix) Permitted Refinancing Debt, **provided that** the restrictions set forth in Section 4.13(a) above contained in the agreements governing such Permitted Refinancing Debt are not materially more restrictive, taken as a whole, than those contained in the agreements governing the Debt being refinanced;

(x) Liens securing Debt otherwise permitted to be incurred under Section 4.10 of this Indenture that limit the right of the debtor to dispose of the assets subject to such Liens;

(xi) in the case of any Person that is not a wholly owned subsidiary, restrictions and conditions imposed by its organizational documents or any related joint venture or similar agreements; **provided that** such restrictions and conditions apply only to such Person and its subsidiaries and to the Equity Interests of such Person and its subsidiaries; and

(xii) other Debt permitted to be incurred subsequent to the date of this Indenture pursuant to Section 4.06 of this Indenture; **provided that** such encumbrances or restrictions will not materially affect the Issuer's ability to make anticipated principal and interest payments on the Notes (in the good faith judgment of an executive officer of the Parent Guarantor at the time such encumbrances or restrictions are entered into).

Section 4.14. **Permitted Transaction**. Notwithstanding any other provision of this Indenture, (a) this Indenture does not prohibit or restrict any Permitted Transaction (which, for the avoidance of doubt, is hereby expressly permitted under this Indenture); and (b) any Default or Event of Default that may occur after the date of this Indenture as a result of any Permitted

Transaction is hereby waived, other than any other Default or Event of Default which may occur other than as a result of a Permitted Transaction.

Section 4.15. **Change of Control**. If a Change of Control occurs, each holder of Notes shall have the right to require the Issuer (or the Parent Guarantor, if the Parent Guarantor makes the purchase offer referred to below) to repurchase all or any part (equal to €1,000 or any integral multiple of €1 in excess thereof) of that holder's applicable series of Notes pursuant to an offer (a "**Change of Control Offer**") on the terms set forth in this Indenture. In the Change of Control Offer, the Issuer or the Parent Guarantor shall offer a payment in cash equal to 101% of the aggregate principal amount of the applicable series of Notes repurchased plus accrued and unpaid interest and Additional Amounts, if any, on the Notes repurchased, to the date of purchase (a "**Change of Control Payment**").

(a) Within ten days following any Change of Control, the Issuer or the Parent Guarantor shall (i) cause the Change of Control Offer to be published through (A) the newswire service of Bloomberg, or if Bloomberg does not then operate, any similar agency; and (B) if at the time of such notice the Notes are listed on the Irish Stock Exchange and the rules of the Irish Stock Exchange so require, in the Irish Times (or another leading newspaper of general circulation in Ireland); and (ii) mail the Change of Control Offer to each registered holder. The Change of Control Offer shall describe the transaction or transactions that constitute the Change of Control and shall offer to repurchase the applicable series of Notes on the date (the "**Change of Control Payment Date**") specified therein, which date shall be no earlier than 30 days and no later than 60 days from the date such notice is mailed, pursuant to the procedures required by this Indenture and described in such notice. The Issuer and the Parent Guarantor shall comply with the requirements of any securities laws and the regulations thereunder (including Rule 14e-1 under the Exchange Act) to the extent those laws and regulations are applicable in connection with the repurchase of the Notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of this Indenture, the Issuer and the Parent Guarantor shall comply with the applicable securities laws and regulations and shall not be deemed to have breached their obligations under the Change of Control provisions of this Indenture by virtue of such conflict.

(b) On the Change of Control Payment Date, the Issuer or the Parent Guarantor shall, to the extent lawful:

(i) accept for payment all Notes or portions of Notes properly tendered pursuant to the Change of Control Offer;

(ii) deposit with the Paying Agent an amount equal to the Change of Control Payment in respect of all Notes or portions of Notes properly tendered; and

(iii) deliver or cause to be delivered to the registrar the Notes properly accepted together with an Officer's Certificate (on which the Trustee shall rely absolutely) stating the aggregate principal amount of Notes or portions of Notes being purchased by the Issuer.

(c) The Issuer shall promptly mail to each holder of Notes properly tendered the Change of Control Payment for such Notes, and the registrar shall promptly authenticate and

mail (or cause to be transferred by book entry) to each holder a new Note equal in principal amount to any unpurchased portion of the applicable series of Notes surrendered, if any; **provided that** each new Note shall be in a principal amount of €1,000 or any integral multiple of €1 in excess thereof.

(d) The provisions described above that require the Issuer or the Parent Guarantor to make a Change of Control Offer following a Change of Control will be applicable whether or not any other provisions of this Indenture are applicable. Except as described above with respect to a Change of Control, this Indenture does not contain provisions that permit the holders of the Notes to require that the Issuer or the Parent Guarantor repurchase or redeem the Notes in the event of a takeover, recapitalization or similar transaction.

(e) The Issuer and the Parent Guarantor shall not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in this Indenture applicable to a Change of Control Offer made by the Issuer or the Parent Guarantor and purchases all Notes properly tendered and not withdrawn under the Change of Control Offer. The Issuer and the Parent Guarantor also shall not be required to make a Change of Control Offer following a Change of Control if the Issuer has theretofore issued a redemption notice in respect of all of the Notes in the manner and in accordance with the provisions described under Article Three and thereafter redeems all of the Notes pursuant to such notice.

(f) A Change of Control Offer may be made in advance of a Change of Control, conditional upon a Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer. In the event that the Change of Control has not occurred as of the purchase date for the Change of Control Offer specified in the notice therefor (or amendment thereto), the Issuer (or third party offeror) may, in its discretion, rescind such notice or amend it to specify another purchase date.

(g) If holders of not less than 90% in aggregate principal amount of the outstanding Notes validly tender and do not withdraw such Notes in a Change of Control Offer and the Issuer, or any third party making a Change of Control Offer in lieu of the Issuer as described above, purchases all of the Notes validly tendered and not withdrawn by such holders, the Issuer or such third party will have the right, upon not less than 10 nor more than 60 days' prior notice (**provided that** such notice is given not more than 10 days following such purchase pursuant to the Change of Control Offer described above) to redeem all Notes that remain outstanding following such purchase at a price in cash equal to 101% of the principal amount thereof on the redemption date plus accrued and unpaid interest (if any) to but not including the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date).

Section 4.16. **Additional Amounts**. (a) All payments in respect of the Notes made by or on behalf of the Issuer, a Guarantor, or any successor person to the Issuer or any Guarantor (each a "**Successor Person**") (each a "**Payer**"), shall be made free and clear without withholding or deduction for, or on account of, any present or future taxes, duties, levies, imposts, assessments or other governmental charges (including, without limitation, penalties, interest and other similar liabilities related thereto) of whatever nature, (collectively, "**Taxes**") imposed or levied by or on

behalf of any jurisdiction or any political subdivision or governmental authority thereof or therein having the power to tax where such Payer is incorporated, organized or otherwise resident for tax purposes or from or through which the Payer makes a payment on the Notes or its Guarantee or by the Kingdom of Spain (and any subdivision or governmental authority thereof or therein) (each, a "**Relevant Taxing Jurisdiction**"), unless the withholding or deduction of such Taxes is then required by law. If the Payer is required to withhold or deduct any amount for, or on account of, Taxes imposed or levied on behalf of a Relevant Taxing Jurisdiction from any payment made under or with respect to the Notes, the Payer shall pay such additional amounts (in the form of (i) in the case of PIK Interest, additional PIK Interest, and (ii) in other cases, cash) ("**Additional Amounts**") as may be necessary to ensure that the net amount received by each holder of the Notes (including Additional Amounts) after such withholding or deduction has been made shall be not less than the amount the holder would have received if such Taxes had not been required to be withheld or deducted.

(b) The Payer shall not be required to make any payment of Additional Amounts for or on account of:

(i) any Taxes that are imposed or levied by a Relevant Taxing Jurisdiction by reason of (A) the holder's or a beneficial owner's present or former connection with such Relevant Taxing Jurisdiction other than the mere acquisition or holding of Notes or by reason of the receipt of payments in respect thereunder or the exercise or enforcement of any rights under the Notes, this Indenture, or any Guarantee (including a connection between a fiduciary, settlor, beneficiary, member, partner or shareholder of, or possessor of power over, the relevant holder or beneficial owner, if the relevant holder or beneficial owner is an estate, nominee, trust, partnership or corporation, and the Relevant Taxing Jurisdiction), or (B) the presentation of a Note (where presentation is required) for payment on a date more than 30 days after the date on which such payment became due and payable or the date on which payment thereof is duly provided for, whichever occurs later, except to the extent that the beneficial owner or holder thereof would have been entitled to Additional Amounts had the Notes been presented for payment on any day during such 30 day period;

(ii) any estate, inheritance, gift, sales, excise, transfer, personal property or similar Tax;

(iii) any Tax which is payable otherwise than by withholding or deduction from payments made under or with respect to the Notes;

(iv) any Taxes that are imposed or withheld by reason of the failure by the holder or the beneficial owner of the Notes, following the Issuer's written request addressed to the holder or otherwise provided to the holder or beneficial owner (and made at a time that would enable the holder or beneficial owner acting reasonably to comply with that request) to provide certification, information, documents or other evidence concerning the nationality, residence or identity of the holder or such beneficial owner or to make any valid or timely declaration or similar claim or satisfy any other reporting requirements relating to such matters, whether required or imposed by statute, treaty, regulation or administrative practice of the Relevant Taxing Jurisdiction, as a precondition to exemption from, or reduction in the rate of withholding or deduction of, Taxes imposed by the Relevant Taxing Jurisdiction, including, for the avoidance of

doubt, any Taxes that are imposed or withheld under Spanish law by reason of the Payer not receiving (either directly or through its agent) such information from a holder or beneficial owner as may be necessary to allow payments on the Notes to be made free and clear of Spanish withholding tax or deduction on account of Spanish taxes, pursuant to Law 10/2014 of June 26, Royal Decree 1065/2007 of July 27, as amended by Royal Decree 1145/2011 of July 29, and any implementing legislation or regulation;

(v) any Tax that is imposed on or with respect to a Note presented for payment (where presentation is required) on behalf of a holder or beneficial owner who would have been able to avoid such withholding or deduction by presenting the relevant Note to another Paying Agent in a Member State of the European Union;

(vi) any Tax that would not have been imposed but for a failure by the holder or beneficial owner (or any financial institution through which the holder or beneficial owner holds any Note through which payment on the Note is made) to comply with any certification, information, identification, documentation or other reporting requirements (including entering into and complying with an agreement with the U.S. Internal Revenue Service) imposed pursuant to Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended (or any intergovernmental agreement, or legislation enacted pursuant thereto, to implement such provisions) as in effect on the date of issuance of the Notes or any successor or amended version of these provisions, to the extent such successor or amended version is not materially more onerous than these provisions as enacted on such date; or

(vii) any combination of Taxes referred to in clauses (i) to (vi) above.

(c) Additional Amounts shall not be paid with respect to any payment made under or with respect to the Notes or any Guarantee in the case of a holder who is a fiduciary, a partnership or other than the sole beneficial owner of such payment, to the extent that such payment is required by the laws of the Relevant Taxing Jurisdiction to be included in the income, for tax purposes, of a beneficiary or settlor with respect to the fiduciary, a member of that partnership or a beneficial owner and such person would not have been entitled to the Additional Amounts had it been the holder of the Note or Guarantee.

(d) The Payer shall (i) make such withholding or deduction required by applicable law and (ii) remit the full amount withheld or deducted to the relevant taxing authority in accordance with applicable law.

(e) At least 30 calendar days prior to each date on which any payment under or with respect to the Notes is due and payable, if the Payer shall be obligated to pay Additional Amounts with respect to such payment (unless such obligation to pay Additional Amounts arises after the 30th day prior to the date on which payment under or with respect to the Notes is due and payable, in which case it shall be promptly thereafter), the Issuer shall deliver to the Trustee an Officer's Certificate stating that such Additional Amounts shall be payable and the amounts so payable and shall set forth such other information necessary to enable the Paying Agent to pay such Additional Amounts to holders on the relevant payment date. The Trustee shall, without further enquiry, be entitled to rely absolutely on each such Officer's Certificate as conclusive proof that such payments are necessary. The Issuer shall promptly publish a notice in accordance with

Section 14.02 stating that such Additional Amounts shall be payable and describing the obligation to pay such amounts.

(f) Upon request, within a reasonable time the Payer shall provide the Trustee, to provide to the holders, certified copies of tax receipts evidencing the payment by the Payer of any Taxes imposed or levied by a Relevant Taxing Jurisdiction in such form as provided in the normal course by the taxing authority imposing such Taxes and as is reasonably available to the Payer. If, notwithstanding the reasonable efforts of the Payer to obtain such receipts, the same are not obtainable, the Payer shall provide the Trustee with a copy of the return reporting such payment or other evidence reasonably satisfactory to the Trustee of such payments by the Payer.

(g) In addition, the Parent Guarantor undertakes to indemnify, pay and maintain all holders of the Notes or the Guarantees harmless for all Taxes that are imposed under Spanish law on the payments received or income derived from the Notes or the Guarantees that (a) are not compensated by the payment of Additional Amounts under the first paragraph of this "Additional Amounts" section; and that (b) are not excluded under clauses (i) through (ii) and (iv) through (vii) of Section 4.16(b) above, or any combination thereof. Furthermore, the Issuer will pay any present or future stamp, issue, registration, court documentation, excise, or property Taxes, or other similar Taxes imposed by or in any Relevant Taxing Jurisdiction, including any political jurisdiction thereof, in respect of the execution, issue, delivery or registration of the Notes, the Indenture, or the Guarantees, or any other document or instrument referred to thereunder and any such Taxes imposed by any jurisdiction as a result of, or in connection with, the enforcement of the Notes, the Guarantees, or any other such document or instrument following, and relating to, the occurrence of any Event of Default with respect to the Notes or the receipt of any payments with respect thereto (other than with respect to a transfer of the Notes following the initial sale of the Notes by the purchasers and limited, solely in the case of Taxes attributable to the receipt of any payments with respect thereto, to any such Taxes imposed in a Relevant Taxing Jurisdiction that are not excluded under clauses (i) through (ii) and (iv) through (xi) of Section 4.16(b) above, or any combination thereof, and other than (i) any stamp duty, registration or other similar Taxes payable on or by reference to or in consequence of the transfer or assignment of the whole or any part of the rights of a holder of the Notes and (ii) any Luxembourg registration duties (*droits d'enregistrement*) payable due to registration, submission or filing of any finance document when such registration, submission or filing is or was not required to maintain or preserve the rights of any party under that finance document).

(h) If the Issuer pays an amount of interest as PIK Interest and is required to pay Additional Amounts in respect of PIK Interest, such Additional Amounts may, at the sole discretion of the Issuer, be paid as PIK Interest. In other cases, such Additional Amounts shall be paid as cash interest.

(i) Whenever this Indenture refers to, in any context, the payment of principal, premium, if any, interest or any other amount payable under or with respect to any Note (including payments thereof made pursuant to any Guarantee or in connection with a redemption of the Notes), such reference includes the payment of Additional Amounts, if applicable.

(j) The provisions set forth under Section 4.16(a) – (i) above shall survive any termination, defeasance or discharge of this Indenture.

Section 4.17. **Designation of Unrestricted and Restricted Group Members**. The Board of Directors of the Parent Guarantor may designate any Restricted Group Member (other than the Issuer) to be an Unrestricted Group Member (a "**Designation**") if that Designation would not cause a Default. If a Restricted Group Member is designated as an Unrestricted Group Member, the Fair Market Value of the Parent Guarantor's interest in the Subsidiary or Non-Subsidiary Affiliate so designated shall be deemed to be an Investment made as of the time of the Designation and shall reduce without duplication the amounts available for Restricted Payments under Section 4.07(b) and/or the amount available for Permitted Investments, as determined by the Parent Guarantor. That Designation shall only be permitted if the Investment would be permitted at that time and if the Restricted Group Member otherwise meets the definition of an Unrestricted Group Member. The Board of Directors may redesignate any Unrestricted Group Member to be a Restricted Group Member (a "**Redesignation**") if the Redesignation would not cause a Default and if all Liens and Debt of such Unrestricted Group Member outstanding immediately following such Redesignation would, if incurred at that time, have been permitted to be incurred for all purposes of this Indenture**.**

(a) Any Designation shall be evidenced to the Trustee by filing with the Trustee a certified copy of the Board Resolution giving effect to such Designation and an Officer's Certificate (on which the Trustee shall rely absolutely) certifying that such Designation complied with the preceding conditions and was permitted by Section 4.07 of this Indenture. If, at any time, any Unrestricted Group Member would fail to meet the preceding requirements as an Unrestricted Group Member, it shall thereafter cease to be an Unrestricted Group Member for purposes of this Indenture, and any Debt of such Person shall be deemed to be incurred by a Restricted Group Member as of such date and, if such Debt is not permitted to be incurred as of such date under Section 4.06 hereto, the Parent Guarantor shall be in default of such provision.

Section 4.18. **Payment of Taxes and Other Claims**. The Parent Guarantor shall pay or discharge and shall cause each of its Subsidiaries to pay or discharge, or cause to be paid or discharged, before the same shall become delinquent: (a) all material taxes, assessments and governmental charges levied or imposed upon (i) the Parent Guarantor or any such Subsidiary, (ii) the income or profits of any such Subsidiary which is a corporation or (iii) the property of the Parent Guarantor or any such Subsidiary and (b) all material lawful claims for labor, materials and supplies that, if unpaid, might by law become a lien upon the property of the Parent Guarantor or any such Subsidiary; **provided**, **that** the Parent Guarantor shall not be required to pay or discharge, or cause to be paid or discharged, any such tax, assessment, charge or claim the amount, applicability or validity of which is being contested in good faith by appropriate proceedings and for which adequate reserves have been established in accordance with IFRS.

Section 4.19. **Reports to Holders**. The Parent Guarantor shall furnish to the Trustee (who, at the expense of the Parent Guarantor, shall furnish by mail to the holders of the Notes):

(a)

(i) within 120 days following the end of each of the Parent Guarantor's fiscal years, information including "Selected Financial and Other Data", "Management's Discussion and Analysis of Operating Results and Financial Condition" and "Business" sections with scope and content substantially equivalent to the corresponding sections of the Offering

Memorandum (after taking into consideration any changes to the business and operations of the Parent Guarantor after the date of this Indenture), and audited consolidated income statements, balance sheets and cash flow statements and the related notes thereto, and the aggregate amount of the Available Liquidity for the Parent Guarantor for and as of the two most recent fiscal years and, in each case in accordance with IFRS, which need not, however, contain any reconciliation to U.S. GAAP or otherwise comply with Regulation S-X under the Exchange Act ("**Regulation S-X**"), together with an audit report thereon;

(ii) within 60 days following the end of the first three fiscal quarters in each of the Parent Guarantor's fiscal years, quarterly reports containing unaudited balance sheets, statements of income, statements of cash flows, and the aggregate amount of the Available Liquidity for the Parent Guarantor on a consolidated basis, in each case for and as of the quarterly period then ended and the corresponding quarterly period in the preceding fiscal year, in each case prepared in accordance with IFRS, which need not, however, contain any reconciliation to U.S. GAAP or otherwise comply with Regulation S-X, together with a "Management's Discussion and Analysis of Operating Results and Financial Condition" section for such quarterly period and condensed footnote disclosure; and

(iii) promptly from time to time after the occurrence of a material acquisition, disposition or restructuring, or any senior management change at the Parent Guarantor or any change in auditors, a report containing a description of such event and, in the case of a material acquisition or disposition that would constitute a Significant Subsidiary, financial statements of the acquired business and a *pro forma* consolidated balance sheet and statement of operations of the Parent Guarantor giving effect to the acquisition or disposition to the extent practicable utilizing available information (which need not be required to contain any U.S. GAAP information or otherwise comply with Regulation S-X).

(b) If any of the Parent Guarantor's Subsidiaries or Non-Subsidiary Affiliates are Unrestricted Group Members and in the aggregate have total assets or cash flow (using the methodology used for calculating Consolidated Total Assets or Consolidated Cash Flow, as the case may be) constituting, based on the good faith determination of the Parent Guarantor, more than 5.0% of the Parent Guarantor's Consolidated Total Assets or Consolidated Cash Flow for the most recent four quarters preceding any annual or quarterly report, then the annual and quarterly financial information referred to above will include a reasonably detailed presentation, either on its face or in the footnotes thereto, of the financial condition and results of operations of the Parent Guarantor and its Restricted Group Members separate from the financial condition and results of operations of the Parent Guarantor's Unrestricted Group Members.

(c) In addition, the Parent Guarantor shall furnish to the holders and to prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act so long as the Notes are not freely transferable under the Securities Act by Persons who are not "affiliates" under the Securities Act.

(d) The Parent Guarantor shall make available all reports referred to in this section at the offices of the principal Paying Agent, through the newswire service of Bloomberg, or, if Bloomberg does not then operate, any similar agency and on the Group's corporate website at www.grupocodere.com.

(e) The Parent Guarantor shall not be deemed to have failed to comply with any of its obligations hereunder until 60 days after the date any report hereunder is due.

Section 4.20. **Impairment of Security Interest**. (a) The Parent Guarantor shall not, and shall not permit any Restricted Group Member to take, or knowingly or negligently omit to take, any action which action or omission would have the result of materially impairing the security interest with respect to the Collateral for the benefit of the Trustee and the holders of the Notes.

(b) At the direction of the Parent Guarantor and without the consent of the holders of the Notes, the Security Agent may from time to time enter into one or more amendments to or any other agreements in connection with the Security Documents and carry out any other action as may be necessary or adopt any resolutions that may be necessary or convenient to: (i) cure any ambiguity, omission, defect or inconsistency therein, (ii) ratify, confirm the creation of, or cure any defect in the constitution of, such Liens over the Collateral; (iii) provide for Permitted Collateral Liens, (iv) add to the Collateral, (v) confirm and evidence the release, termination, discharge or retaking of any of the Collateral when such release, termination, discharge or retaking is provided for in the Indenture, the Security Documents or the Intercreditor Agreement or (vi) make any other change thereto that does not adversely affect the holders of the Notes in any material respect as determined in good faith by the Board of Directors of the Parent Guarantor.

(c) Except as provided in Sections 4.20(a) or (b) above and pursuant to or in connection with any Permitted Reorganization, no Security Document may be amended, extended, renewed, restated, supplemented or otherwise modified or replaced, unless contemporaneously with such amendment, extension, renewal, restatement, supplement, modification or replacement, the Parent Guarantor delivers to the Security Agent either:

Section 4.21. **Additional Guarantors**. The Parent Guarantor shall not, and shall not permit any Restricted Group Member, directly or indirectly, to guarantee or pledge any assets to secure the payment of any Debt of the Issuer or any Guarantor, other than Debt permitted to be incurred under Section 4.06 with a principal amount less than €50.0 million, in the case of Debt incurred under Section 4.06(b)(iii) and €20.0 million in the case of all other Debt, unless such Restricted Group Member simultaneously executes and delivers a supplemental indenture providing for the Guarantee of the payment of the Notes by such Restricted Group Member, which Guarantee shall be senior to or *pari passu* with such Restricted Group Member's guarantee of or pledge to secure such other Debt.

(a) The Parent Guarantor shall not be obligated to cause such Restricted Group Member to guarantee the Notes pursuant to the first paragraph of this Section 4.21 above to the extent that such Guarantee could reasonably be expected to give rise to or result in any violation of (i) applicable law or regulation that cannot be avoided or otherwise prevented through measures reasonably available to the Parent Guarantor or such Restricted Group Member or (ii) in the case of a Person that becomes a Restricted Group Member after the date of this Indenture, any contract or license to which such Person is a party at the time such Person became a Restricted Group Member, **provided that** such contract or license was not entered into in connection with, or in contemplation of, such Person becoming a Restricted Group Member.

(b) The Parent Guarantor shall not be obligated to cause such Restricted Group Member to guarantee the Notes pursuant to this Section 4.21 to the extent that such Guarantee could reasonably be expected to give rise to or result in a requirement under applicable law, rule or regulation to obtain or prepare financial statements or financial information of such Person to be included in any required filing with a legal or regulatory authority that the Parent Guarantor is not able to obtain or prepare without unreasonable expense.

(f) Notwithstanding that a Mexican Subsidiary or an Uruguayan Subsidiary may, from time to time, satisfy the provisions of the definition of "Material Subsidiary", no Mexican Subsidiary (other than Administradora Mexicana Hipódromo, S.A. de C.V. and ICELA) or Uruguayan Subsidiary shall be deemed to be a Material Subsidiary (other than for Section 6.01, in respect of which each such Mexican Subsidiary or Uruguayan Subsidiary shall be deemed to be a Material Subsidiary to the extent such entity falls within either of subsections (i) and (ii) of the definitions of "Material Subsidiary") and there shall be no obligation on any such Mexican or Uruguayan Subsidiary to accede to this Indenture as a Guarantor pursuant to this Clause 4.21.

Section 4.22. **Further Instruments and Acts**. Upon request of the Trustee (but without imposing any duty or obligation of any kind on the Trustee to make any such request), the Issuer and the Guarantors shall execute and deliver such further instruments and do such further acts as may be reasonably necessary or proper to carry out more effectively the purpose of this Indenture.

(b) At the written direction of the Parent Guarantor or the Issuer and without the consent of the holders of the Notes, the Trustee or the Security Agent shall from time to time enter into one or more amendments to any Intercreditor Agreement to: (i) cure any ambiguity, omission, defect or inconsistency of any such agreement, (ii) increase the amount or types of Debt covered by any such agreement that may be incurred by the Parent Guarantor or any Restricted Group Member that is subject to any such agreement (**provided that** such Debt is incurred in compliance with this Indenture), (iii) add Restricted Group Members to the Intercreditor Agreement, (iv) further secure the Notes (including Additional Notes incurred in compliance with this Indenture), (v) make provision for equal and ratable pledges of the Collateral to secure Additional Notes incurred in compliance with this Indenture or to implement any Permitted Collateral Liens, (vi) enter into an Additional Intercreditor Agreement under circumstances provided for therein or (vii) make any other change to any such agreement that does not adversely affect the holders of the Notes in any material respect. or the Security Agent to enter into any amendment to the extent such amendment does not impose any personal obligations on the Trustee or the Security Agent or, in the opinion of the Trustee or the Security Agent, adversely affect the rights, duties, liabilities or immunities of the Trustee or the Security Agent under the Indenture relating to the Notes or any Intercreditor Agreement. In formulating its opinion on such matters, the Trustee shall be entitled to request and rely absolutely on such evidence as it deems appropriate, including an Officer's Certificate from the Issuer and an opinion of counsel.

(b) If a Default or an Event of Default occurs and is continuing and is known to the Trustee, the Trustee shall mail to each holder of the Notes notice of the Default or Event of Default within 30 Business Days after it occurs and is known to the Trustee. Except in the case of a Default or an Event of Default in payment of principal of, premium, if any, Additional Amounts or interest on any Notes, the Trustee may withhold the notice to the holders of such Notes if the Trustee in good faith determines that withholding the notice is in the interests of the holders of the Notes.

The Trustee shall not be responsible for monitoring any of the covenants or restrictions or obligations contained in the Notes or in this Indenture. The Parent Guarantor and the Issuer are required to deliver to the Trustee annually a statement regarding compliance with this Indenture. Upon becoming aware of any Default or Event of Default, the Parent Guarantor and the Issuer are required to deliver to the Trustee a statement specifying such Default or Event of Default. In all instances under this Indenture, the Trustee shall be entitled to rely on any certificates, statements or opinions delivered pursuant to this Indenture absolutely and shall not be obliged to enquire further as regards the circumstances then existing and shall not be responsible to the holders of the Notes for so relying.

Section 6.02. **Acceleration**. (a) In the case of an Event of Default specified in Sections 6.01(a)(viii) and (ix), above (with respect to the Parent Guarantor or the Issuer (including any co-Issuer), all outstanding Notes shall become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the holders of not less than 25% in principal amount of the then outstanding Notes may, and the Trustee, upon the request of such holders (provided it has been indemnified and/or secured (including by way of pre-funding) to its satisfaction), shall, declare all the Notes to be due and payable immediately.

(b) At any time after a declaration of acceleration under this Indenture, but before a judgment or decree for payment of the money due has been obtained by the Trustee, the holders of a majority in aggregate principal amount of the outstanding Notes, by written notice to the Parent Guarantor and the Trustee, may rescind such declaration and its consequences if:

(A) the Issuer has paid or deposited with the Trustee a sum sufficient to pay all sums paid or advanced by the Trustee under this Indenture and the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel;

(B) the rescission would not conflict with any judgment or decree of a court of competent jurisdiction; and

(C) all Events of Default, except for an Event of Default in the payment of amounts of principal of, premium, if any, and any Additional Amounts and interest on the Notes that have become due solely by such declaration of acceleration, have been cured or waived.

(c) No such rescission shall affect any subsequent default or impair any right consequent thereon.

Section 6.03. **Other Remedies**. If an Event of Default occurs and is continuing, the Trustee may in its discretion proceed to protect and enforce its rights and the rights of the Holders by such appropriate judicial proceedings as the Trustee shall deem most effectual to protect and enforce any such rights, whether for the specific enforcement of any covenant or agreement in this Indenture or in aid of the exercise of any power granted herein, or to enforce any other proper remedy.

All rights of action and claims under this Indenture or the Notes may be prosecuted and enforced by the Trustee without the possession of any of the Notes or the production thereof in any proceeding relating thereto, and any such proceeding instituted by the Trustee shall be brought in its own name and as Trustee of an express trust, and any recovery of judgment shall, after provision for the payment of the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, be for the ratable benefit of the Holders in respect of which such judgment has been recovered.

Section 6.04. **Waiver of Past Defaults**. The holders of a majority in aggregate principal amount of the Notes then outstanding by notice to the Trustee may on behalf of the holders of all of the Notes waive any existing Default or Event of Default and its consequences under this

Indenture except a continuing Default or Event of Default in the payment of interest or Additional Amounts on, or the principal of, the Notes.

Upon any such waiver, such Default shall cease to exist, and any Event of Default arising therefrom shall be deemed to have been cured, for every purpose of this Indenture; but no such waiver shall extend to any subsequent or other Default or Event of Default or impair any right consequent thereon.

Section 6.05. **Control by Majority**. The Holders of not less than a majority in aggregate principal amount of the Notes may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee under this Indenture; **provided**, **that**:

(a) the Trustee may refuse to follow any direction that conflicts with law, this Indenture or that the Trustee determines in good faith may be unduly prejudicial to the rights of holders not joining in the giving of such direction;

(b) the Trustee may refuse to follow any direction that the Trustee determines is unduly prejudicial to the rights of other Holders or would involve the Trustee in personal liability; and

(c) the Trustee may take any other action deemed proper by the Trustee that is not inconsistent with such direction.

Section 6.06. **Limitation on Suits**. No holder of any of the Notes has any right to institute any proceedings with respect to this Indenture or any remedy thereunder, unless (a) the holders of at least 25% in aggregate principal amount of the outstanding Notes have made a written request, and offered indemnity or security including by way of pre-funding satisfactory to the Trustee, to the Trustee to institute such proceeding as Trustee under the Notes and this Indenture, (b) the Trustee has failed to institute such proceeding within 60 Business Days after receipt of such notice and (c) the Trustee within such 60 Business Day period has not received directions inconsistent with such written request by holders of a majority in aggregate principal amount of the outstanding Notes.

Such limitations do not, however, apply to a suit instituted by a holder of a Note for the enforcement of the payment of the principal of, premium, if any, and Additional Amounts or interest on such Note on or after the respective due dates expressed in such Note.

Section 6.07. **Collection Suit by Trustee**. The Issuer covenants that if default is made in the payment of:

(a) any installment of interest on any Note when such interest becomes due and payable and such default continues for a period of 30 days, or

(b) the principal of (or premium, if any, on) any Note at the Stated Maturity thereof,

the Issuer shall, subject to Article Eleven and the provisions of the Intercreditor Agreement, upon demand of the Trustee, pay to the Trustee for the benefit of the Holders of such Notes, the whole amount then due and payable on such Notes for principal (and premium, if any), Additional Amounts, if any and interest, and interest on any overdue principal (and premium, if any) and Additional Amounts, if any and, to the extent that payment of such interest shall be legally enforceable, upon any overdue installment of interest, at the rate borne by the Notes, and, in addition thereto, such further amount as shall be sufficient to cover the amounts provided for in Section 7.06 and such further amount as shall be sufficient to cover the costs and expenses of collection, including the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel.

(c) If the Issuer, subject to Article Eleven and the provisions of the Intercreditor Agreement, fails to pay such amounts forthwith upon such demand, the Trustee, in its own name as Trustee of an express trust, may institute a judicial proceeding for the collection of the sums so due and unpaid, may prosecute such proceeding to judgment or final decree and may enforce the same against the Issuer or any other obligor upon the Notes and collect the moneys adjudged or decreed to be payable in the manner provided by law out of the property of the Issuer or any other obligor upon the Notes, wherever situated.

Section 6.08. **Trustee May File Proofs of Claim**. The Trustee may file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee (including any claim for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, and any other amounts due to the Trustee under Section 7.06) and the Holders allowed in any judicial proceedings relative to the Issuer or any Guarantor, their creditors or their property and, unless prohibited by law or applicable regulations, may vote on behalf of the Holders at their direction in any election of a trustee in bankruptcy or other Person performing similar functions, and any custodian in any such judicial proceeding is hereby authorized by each Holder to make payments to the Trustee and, in the event that the Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee any amount due to it for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and its counsel, and any other amounts due to the Trustee under Section 7.06. To the extent that the payment of any such compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, and any other amounts due to the Trustee under Section 7.06 hereof out of the estate in any such proceeding shall be denied for any reason, payment of the same shall be secured by a Lien on, and shall be paid out of, any and all distributions, dividends, money, securities and other properties that the Holders may be entitled to receive in such proceeding whether in liquidation or under any plan of reorganization or arrangement or otherwise.

Nothing herein contained shall be deemed to empower the Trustee to authorize or consent to, or accept or adopt on behalf of any Holder, any plan of reorganization, arrangement, adjustment or composition affecting the Notes or the rights of any Holder thereof, or to authorize the Trustee to vote in respect of the claim of any Holder in any such proceeding.

Section 6.09. **Application of Money Collected**. If the Trustee collects any money or property pursuant to this Article Six, it shall pay out the money or property in the following order:

FIRST: to the Trustee and to each Agent for amounts due to them under Section 7.06;

SECOND: to Holders for amounts due and unpaid on the Notes for principal of, premium, if any, interest, if any, and Additional Amounts, if any, ratably, without preference or priority of any kind, according to the amounts due and payable on the Notes for principal, premium, if any, interest, if any, and Additional Amounts, if any, respectively; and

THIRD: to the Issuer, any Guarantor or any other obligors of the Notes, as their interests may appear, or as a court of competent jurisdiction may direct.

The Trustee may fix a record date and payment date for any payment to Holders pursuant to this Section 6.09. At least 15 days before such record date, the Issuer shall mail to each Holder and the Trustee a notice that states the record date, the payment date and amount to be paid.

Section 6.10. **Undertaking for Costs**. A court may in its discretion require, in any suit for the enforcement of any right or remedy under this Indenture or in any suit against the Trustee for any action taken or omitted by it as Trustee, the filing by any party litigant in the suit of an undertaking to pay the costs of such suit, and such court may in its discretion assess reasonable costs, including reasonable attorneys' fees, against any party litigant in such suit, having due regard to the merits and good faith of the claims or defenses made by the party litigant. This Section 6.10 does not apply to a suit by the Trustee, a suit by Holders of more than 10% in aggregate principal amount of the outstanding Notes or to any suit by any Holder pursuant to Section 6.06.

Section 6.11. **Restoration of Rights and Remedies**. If the Trustee or any Holder has instituted any proceeding to enforce any right or remedy under this Indenture and such proceeding has been discontinued or abandoned for any reason, or has been determined adversely to the Trustee or to such Holder, then and in every such case, subject to any determination in such proceeding, the Issuer, any Guarantor, the Trustee and the Holders shall be restored severally and respectively to their former positions hereunder and thereafter all rights and remedies of the Trustee and the Holders shall continue as though no such proceeding had been instituted.

Section 6.12. **Rights and Remedies Cumulative**. Except as otherwise provided with respect to the replacement or payment of mutilated, destroyed, lost or stolen Notes in Section 2.07, no right or remedy herein conferred upon or reserved to the Trustee or to the Holders is intended to be exclusive of any other right or remedy, and every right and remedy shall, to the extent permitted by law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

Section 6.13. **Delay or Omission not Waiver**. No delay or omission of the Trustee or of any Holder of any Note to exercise any right or remedy accruing upon any Event of Default shall impair any such right or remedy or constitute a waiver of any such Event of Default or an

acquiescence therein. Every right and remedy given by this Article Six or by law to the Trustee or to the Holders may be exercised from time to time, and as often as may be deemed expedient, by the Trustee or by the Holders, as the case may be.

Section 6.14. **Record Date**. The Issuer may set a record date for purposes of determining the identity of Holders entitled to vote or to consent to any action by vote or consent authorized or permitted by Sections 6.04 and 6.05. Unless this Indenture provides otherwise, such record date shall be the later of 30 days prior to the first solicitation of such consent or the date of the most recent list of Holders furnished to the Trustee pursuant to Section 2.05 prior to such solicitation.

Section 6.15. **Waiver of Stay or Extension Laws**. The Issuer covenants (to the extent that it may lawfully do so) that it shall not at any time insist upon, or plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay or extension law wherever enacted, now or at any time hereafter in force, which may affect the covenants or the performance of this Indenture; and the Issuer (to the extent that it may lawfully do so) hereby expressly waives all benefit or advantage of any such law and covenants that it shall not hinder, delay or impede the execution of any power herein granted to the Trustee, but shall suffer and permit the execution of every such power as though no such law had been enacted.

Section 6.16. **OldCo Guarantors**. This Article Six shall not apply to or affect the OldCo Guarantors or the OldCo Guarantees. For the avoidance of doubt, and without prejudice to any of the provisions of Article Sixteen:

(a) an Event of Default pursuant to Section 6.01 above shall not constitute an OldCo Event of Default (as defined in Section 16.01);

(b) an OldCo Event of Default (as defined in Section 16.01) shall not constitute a Default or an Event of Default; (c)if the Notes are due and payable pursuant to Section 6.02 above, this shall not affect whether any amount is due and payable from the OldCo Guarantors; and

(d) the occurrence of an OldCo Event of Default, the service of an OldCo Trigger Event Notice, or a failure by any Issuer or any OldCo Guarantor to make payment of any amounts accelerated or demanded under any OldCo Demand Notice (each as defined in Section 16.01), shall not result in the Parent Guarantor or any of its Subsidiaries (other than an Issuer) becoming subject to any additional obligation, restriction, or other consequence whatsoever under or in respect of the Notes or this Indenture.

Section 7.01. **Duties**. (a) If an Event of Default has occurred and is continuing of which a Trust Officer of the Trustee has actual knowledge, the Trustee shall exercise such of the rights and powers vested in it under this Indenture subject and use the same degree of care in their exercise that a prudent person would use under the circumstances in conducting its own affairs.

Money held in trust by the Trustee and Paying Agent need not be segregated from other funds except to the extent required by law.

(e) No provision of this Indenture shall require the Trustee or the Paying Agent to expend or risk its own funds or otherwise incur financial liability in the performance of any of their respective duties hereunder or in the exercise of any of their respective rights or powers.

(f) Every provision of this Indenture relating to the conduct or affecting the liability of or affording protection to the Trustee or the Paying Agent (as the case may be) shall be subject to the provisions of this Section 7.01.

(g) The Trustee shall not be deemed to have notice or any knowledge of any matter (including, without limitation, Defaults or Events of Default) unless a Trust Officer assigned to and working in the Trustee's corporate trust and agency department has actual knowledge thereof or unless written notice thereof is received by the Trustee in accordance with the terms of this Indenture and such notice clearly references the Notes, the Issuer or this Indenture.

(vii) the Trustee and the Paying Agent shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, note, other evidence of indebtedness or other paper or document, but the Trustee and the Paying Agent (as applicable), in their discretion, may make such further inquiry or investigation into such facts or matters as it may see fit, and, if the Trustee or the Paying Agent 8as applicable) shall determine to make such further inquiry or investigation, it shall be entitled to examine the books, records and premises of the Issuer personally or by agent or attorney at the sole cost of the Issuer and the Trustee shall incur no liability of any kind by reason of such inquiry or investigation;

(ix) in the event the Trustee or the Paying Agent receives inconsistent or conflicting requests and indemnity from two or more groups of holders, each representing less than a majority in aggregate principal amount of the Notes then outstanding, pursuant to the provisions of this Indenture, the Trustee and the Paying Agent (as applicable), in its sole discretion, may determine what action, if any, shall be taken and shall not incur any liability for their failure to act until such inconsistency or conflict is, in the Trustee's reasonable opinion, resolved;

(xii) whether or not expressly provided in any other provision herein, the rights, privileges, protections, immunities and benefits given to the Trustee, including, without limitation, its rights to be indemnified and all other rights provided in Section 7.07, Section 7.06, Section 7.01(d) and (e) and this Section 7.02, are extended to, and shall be enforceable by, the Trustee in each of its capacities hereunder, and each Agent, custodian and other Person employed to act hereunder;

Such expenses shall include the reasonable compensation and out-of-pocket expenses of the Trustee's and each Agent's agents and counsel.

The Issuer, failing which each of the Guarantors and/or any Additional Guarantor, shall indemnify, jointly and severally, the Trustee, the Agents and their officers, directors, employees and agents and its officers, directors and agents for and hold harmless against any and all loss, liability or expense (including attorneys' fees and expenses) incurred by it without willful misconduct or gross negligence on its part arising out of or in connection with the administration

and the performance of its duties hereunder, (including, without limitation, the costs and expenses of enforcing this Indenture against the Issuer and the Guarantors (including this Section 7.06) and defending itself against any claim (whether asserted by the Issuer, any Guarantor, any Holder or any other Person) or liability in connection with the execution and performance of any of its powers and duties hereunder, as such duties may be modified, qualified or otherwise affected by the Intercreditor Agreement. The Trustee or any Agents, as the case may be, shall notify the Issuer promptly of any claim for which it may seek indemnity. Failure by the Trustee or any Agents, as the case may be, to so notify the Issuer shall not relieve the Issuer or any Guarantor of its obligations hereunder. The Issuer shall, at the Trustee's or any Agent's, as the case may be, sole discretion, defend the claim and the Trustee or any Agents, as the case may be, shall reasonably cooperate and may participate at the Issuer's expense in such defense. Alternatively, the Trustee or any Agents, as the case may be, may have separate counsel of its own choosing and the Issuer shall pay the fees and expenses of such counsel. The Issuer need not pay for any settlement made without its consent, which consent may not be unreasonably withheld. The Issuer shall not reimburse any expense or indemnify against any loss, liability or expense incurred by the Trustee or any Agents, as the case may be, through the Trustee's or any Agent's, as the case may be, own willful misconduct or gross negligence.

The total liability of the Paying Agent, contractual or legal related to the compliance, default or omission by it of its obligations and undertakings under this Indenture, shall not exceed, in aggregate, the total compensation to be paid to the Paying Agent.

To secure the Issuer's and Guarantors' payment obligations in this Section 7.06, the Trustee shall have a Lien prior to the Notes on all money or property held or collected by the Trustee, in its capacity as Trustee, except money or property held in trust to pay principal of, premium, if any, and interest on particular Notes. Such lien shall survive the satisfaction and discharge of this Indenture.

In the event of the occurrence of an Event of Default or the Trustee considering it expedient or necessary or being requested by the Issuer to undertake duties which the Trustee reasonably determines to be of an exceptional nature or otherwise outside the scope of the normal duties of the Trustee, the Issuer shall pay to the Trustee such additional remuneration for such duties as may be agreed.

When the Trustee incurs expenses after the occurrence of a Default specified in Section 6.01(a)(viii) or (ix) with respect to the Issuer any Guarantor, or any Restricted Subsidiary, the expenses are intended to constitute expenses of administration under Bankruptcy Law.

The Issuer's obligations under this Section 7.06 and any claim or lien arising hereunder shall survive the resignation or removal of any Trustee, the satisfaction and discharge of the Issuer's obligations pursuant to Article Eight and any rejection or termination under any Bankruptcy Law, and the termination of this Indenture.

Section 7.07. **Replacement of Trustee**. A resignation or removal of the Trustee and appointment of a successor Trustee shall become effective only upon the successor Trustee's acceptance of appointment as provided in this Section 7.07.

The Trustee may resign, with or without cause, at any time by so notifying the Issuer. The Holders of a majority in outstanding principal amount of the outstanding Notes may remove the Trustee by so notifying the Trustee and the Issuer. The Issuer shall remove the Trustee if:

(a) the Trustee fails to comply with Section 7.09;

(b) the Trustee is adjudged bankrupt or insolvent;

(c) a receiver or other public officer takes charge of the Trustee or its property; or

(d) the Trustee otherwise becomes incapable of acting.

If the Trustee resigns or is removed, or if a vacancy exists in the office of Trustee for any reason, the Issuer shall promptly appoint a successor Trustee. Within one year after the successor Trustee takes office, the Holders of a majority in principal amount of the outstanding Notes may appoint a successor Trustee to replace the successor Trustee appointed by the Issuer. If the successor Trustee does not deliver its written acceptance required by the next succeeding paragraph of this Section 7.07 within 30 days after the retiring Trustee resigns or is removed, the retiring Trustee, the Issuer or the Holders of a majority in principal amount of the outstanding Notes may, at the expense of the Issuer, petition any court of competent jurisdiction for the appointment of a successor Trustee.

A successor Trustee shall deliver a written acceptance of its appointment to the retiring Trustee and to the Issuer. Thereupon the resignation or removal of the retiring Trustee shall become effective, and the successor Trustee shall have all the rights, powers and duties of the Trustee under this Indenture. The successor Trustee shall mail a notice of its succession to Holders. The retiring Trustee shall promptly transfer all property held by it as Trustee to the successor Trustee, **provided that** all sums owing to the Trustee hereunder have been paid and subject to the lien provided for in Section 7.06.

If a successor Trustee does not take office within 60 days after the retiring Trustee resigns or is removed, (i) the retiring Trustee, the Issuer or the Holders of at least 25% in outstanding principal amount of the Notes may petition any court of competent jurisdiction for the appointment of a successor Trustee at the expense of the Issuer or (ii) the retiring Trustee may appoint a successor Trustee at any time prior to the date on which a successor Trustee takes office; **provided that** such appointment shall be reasonably satisfactory to the Issuer.

If the Trustee fails to comply with Section 7.09, any Holder may petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

Notwithstanding the replacement of the Trustee pursuant to this Section 7.07, the Issuer's and the Guarantors' obligations under Section 7.06 shall continue for the benefit of the retiring Trustee.

Notwithstanding the foregoing provisions of this Section 7.07, and notwithstanding the provisions of Section 7.09 hereof, if (a) the holders of at least 25% in aggregate principal amount of the outstanding Notes have made a written request, and offered indemnity or security

satisfactory to the Trustee, to the Trustee to institute proceedings with respect to this Indenture or any remedy thereunder as Trustee under the Notes and this Indenture, (b) the Trustee has failed to institute such proceeding within 30 Business Days after receipt of such notice and (c) the Trustee within such 30-Business Day period has not received directions inconsistent with such written request by holders of a majority in aggregate principal amount of the outstanding Notes, then the holders of at least 25% in aggregate principal amount of the outstanding Notes may remove the Trustee by so notifying the Trustee and the Issuer and appoint any holder of Notes to act as Trustee under this Indenture, and such holder shall not be required to satisfy the requirements set out in Section 7.09 hereof that are otherwise applicable to the Trustee; **provided**, **however**, **that** if such holder does not satisfy such requirements, such holder shall not be entitled to the benefits of the provisions of section 14.1(a) of the Intercreditor Agreement.

Section 7.08. **Successor Trustee by Merger**. Any corporation into which the Trustee may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the Trustee shall be a party, or any corporation succeeding to all or substantially all of the corporate trust business of the Trustee, shall be the successor of the Trustee hereunder, **provided** such corporation shall be otherwise qualified and eligible under this Article Seven, without the execution or filing of any paper or any further act on the part of any of the parties hereto. In case any Notes shall have been authenticated, but not delivered, by the Trustee then in office, any successor by merger, conversion or consolidation to such authenticating Trustee may adopt such authentication and deliver the Notes so authenticated with the same effect as if such successor Trustee had itself authenticated such Notes. In case at that time any of the Notes shall not have been authenticated, any successor Trustee may authenticate such Notes either in the name of any predecessor hereunder or in the name of the successor Trustee. In all such cases such certificates shall have the full force and effect which this Indenture provides for the certificate of authentication of the Trustee shall have; **provided**, **however**, **that** the right to adopt the certificate of authentication of any predecessor Trustee or to authenticate Notes in the name of any predecessor Trustee shall apply only to its successor or successors by merger, conversion or consolidation.

Section 7.09. **Eligibility: Disqualification**. There will at all times be a Trustee hereunder that is a corporation organized and doing business under the laws of England and Wales or within a member state of the European Union that is authorized under such laws to exercise corporate trustee power, that is a corporation which customarily performs such corporate trustee roles.

Section 7.10. **[Reserved]**

Section 7.11. **Appointment of Co-Trustee**. It is the purpose of this Indenture that there shall be no violation of any law of any jurisdiction denying or restricting the right of banking corporations or associations to transact business as trustee in such jurisdiction. It is recognized that in case of litigation under this Indenture or the Intercreditor Agreement, and in particular in case of the enforcement thereof on default, or in the case the Trustee deems that by reason of any present or future law of any jurisdiction it may not exercise any of the powers, rights or remedies herein granted to the Trustee or hold title to the properties, in trust, as herein granted or take any action which may be desirable or necessary in connection therewith, it may be necessary that the Trustee appoint an individual or institution as a separate or co-trustee. The following provisions of this Section 7.11 are adopted to these ends.

(a) In the event that the Trustee appoints an additional individual or institution as a separate or co-trustee, each and every remedy, power, right, claim, demand, cause of action, immunity, estate, title, interest and lien expressed or intended by this Indenture to be exercised by or vested in or conveyed to the Trustee with respect thereto shall be exercisable by and vest in such separate or co-trustee but only to the extent necessary to enable such separate or co-trustee to exercise such powers, rights and remedies, and only to the extent that the Trustee by the laws of any jurisdiction is incapable of exercising such powers, rights and remedies, and every covenant and obligation necessary to the exercise thereof by such separate or co-trustee shall run to and be enforceable by either of them.

(b) Should any instrument in writing from the Issuer be required by the separate or co-trustee so appointed by the Trustee for more fully and certainly vesting in and confirming to him or it such properties, rights, powers, trusts, duties and obligations, any and all such instruments in writing shall, on request, be executed, acknowledged and delivered by the Issuer; **provided**, **however**, **that** if an Event of Default shall have occurred and be continuing, if the Issuer does not execute any such instrument within 15 days after request therefor, the Trustee shall be empowered as an attorney-in-fact for the Issuer to execute any such instrument in the Issuer's name and stead. In case any separate or co-trustee or a successor to either shall die, become incapable or acting, resign or be removed, all the estates, properties, rights, powers, trusts, duties and obligations of such separate or co-trustee, so far as permitted by law, shall vest in and be exercised by the Trustee until the appointment of a new trustee or successor to such separate or co-trustee.

(c) Each separate trustee and co-trustee shall, to the extent permitted by law, be appointed and act subject to the following provisions and conditions:

(i) all rights and powers, conferred or imposed upon the Trustee shall be conferred or imposed upon and may be exercised or performed by such separate trustee or co-trustee; and

(ii) no Trustee hereunder shall be personally liable by reason of any act or omission of any other Trustee hereunder.

(d) Any notice, request or other writing given to the Trustee shall be deemed to have been given to each of the then separate trustees and co-trustees, as effectively as if given to each of them. Every instrument appointing any separate trustee or co-trustee shall refer to this Indenture and the conditions of this Article Seven.

(e) Any separate trustee or co-trustee may at any time appoint the Trustee as its agent or attorney-in-fact with full power and authority, to the extent not prohibited by law, to do any lawful act under or in respect of this Indenture on its behalf and in its name. If any separate trustee or co-trustee shall die, become incapable of acting, resign or be removed, all of its estates, properties, rights, remedies and trusts shall vest in and be exercised by the Trustee, to the extent permitted by law, without the appointment of a new or successor trustee.

Section 7.12. **USA PATRIOT Act Section 326 (Customer Identification Program)**. The parties hereto acknowledge that in order to help the United States government fight the funding of terrorism and money laundering activities, pursuant to federal regulations that became

effective on October 1, 2003, Section 326 of the USA PATRIOT Act requires all financial institutions to obtain, verify, record and update information that identifies each person establishing a relationship or opening an account. The parties to this Indenture agree that they will provide to the Trustee such information as it may request, from time to time, in order for the Trustee to satisfy the requirements of the USA PATRIOT Act, including but not limited to the name, address, tax identification number and other information that will allow the Trustee to identify the individual or entity who is establishing the relationship or opening the account and may also ask for formation documents such as articles of incorporation or other identifying documents to be provided.

Section 7.13. **Force Majeure**. The Trustee and the Paying Agent shall not incur any liability for not performing any act or fulfilling any duty, obligation or responsibility hereunder by reason of any occurrence beyond the control of the Trustee or the Paying Agent (including, but not limited to, any act or provision of any present or future law or regulation or governmental authority, any act of God or war, civil unrest, local or national disturbance or disaster, any act of terrorism, or the unavailability of the Federal Reserve Bank wire or facsimile or other wire or communication facility).

ARTICLE EIGHT
DEFEASANCE; SATISFACTION AND DISCHARGE

Section 8.01. **Issuer's Option to Effect Defeasance or Covenant Defeasance**. The Issuer may, at its option or at the option of the Parent Guarantor, at any time elect to have either Section 8.02 or Section 8.03 be applied to all outstanding Notes upon compliance with the conditions set forth below in this Article Eight.

Section 8.02. **Defeasance and Discharge**. Upon the Issuer's or the Parent Guarantor's exercise under Section 8.01 of the option applicable to this Section 8.02, the Issuer shall be deemed to have been discharged from its obligations with respect to the Notes and the Guarantors shall be deemed to have been discharged from their obligations with respect to the Guarantees on the date the conditions set forth in Section 8.04 are satisfied (hereinafter, "**Legal Defeasance**"). For this purpose, such Legal Defeasance means that the Issuer and the Guarantors shall be deemed to have paid and discharged the entire indebtedness represented by the Notes or the Guarantees (as the case may be) and to have satisfied all their other obligations under the Notes, the Guarantees and this Indenture (and the Trustee, at the expense of the Issuer, shall execute proper instruments acknowledging the same), except for the following which shall survive until otherwise terminated or discharged hereunder: (a) the rights of Holders of Notes to receive, solely from the trust fund described in Section 8.08 and as more fully set forth in such Section, payments in respect of the principal of (and premium, if any, on) and interest on such Notes when such payments are due, (b) the provisions set forth at Section 8.06 below, (c) the rights, powers, trusts, duties and immunities of the Trustee hereunder and the Issuer's and the Guarantors' obligations in connection therewith, and (d) the provisions of Section 8.04. Subject to compliance with this Article Eight, the Issuer or the Parent Guarantor may exercise their respective option under this Section 8.02 notwithstanding the prior exercise of their option under Section 8.03 below with respect to the Notes or the Guarantees (as the case may be). If any of the Issuer or the Parent Guarantor exercises their respective Legal Defeasance option, payment of the Notes may not be accelerated because of an Event of Default.

Section 8.03. **Covenant Defeasance**. Upon the Issuer's or the Parent Guarantor's exercise under Section 8.01 of the option applicable to this Section 8.03, the Issuer and the Guarantors shall be released from its obligations under any covenant contained in Sections 4.03 through and including 4.15, 4.18, 4.20, 4.21, 4.22 and 4.25 with respect to the Notes or the Guarantees (as the case may be) on and after the date the conditions set forth below are satisfied (hereinafter, "**Covenant Defeasance**"). For this purpose, such Covenant Defeasance means that, the Issuer and the Guarantors may omit to comply with and shall have no liability in respect of any term, condition or limitation set forth in any such covenant, whether directly or indirectly, by reason of any reference elsewhere herein to any such covenant or by reason of any reference in any such covenant to any other provision herein or in any other document and such omission to comply shall not constitute a Default or an Event of Default, but, except as specified above, the remainder of this Indenture and such Notes shall be unaffected thereby.

Section 8.04. **Conditions to Defeasance**. In order to exercise either Legal Defeasance or Covenant Defeasance:

(a) the Issuer or the Parent Guarantor must irrevocably deposit with the Trustee (or such entity designated by the Trustee), in trust, for the benefit of the holders of the Notes, cash in euros, non-callable European Government Obligations, or a combination of cash in euros and non-callable European Government Obligations, in each case, in such amounts as shall be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, and interest, premium and Additional Amounts, if any, on the outstanding Notes on the Stated Maturity or on the applicable redemption date, as the case may be, and the Issuer or the Parent Guarantor must specify whether the Notes are being defeased to maturity or to a particular redemption date;

(b) in the case of Legal Defeasance, the Issuer or the Parent Guarantor must have delivered to the Trustee an opinion of counsel of recognized standing with respect to U.S. federal income tax matters (reasonably acceptable to the Trustee) confirming that (i) the Issuer has received from, or there has been published by, the U.S. Internal Revenue Service a ruling or (ii) since the date of this Indenture, there has been a change in the applicable U.S. federal income tax law, in either case to the effect that (and based thereon such opinion shall confirm that) the beneficial owners of the outstanding Notes shall not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Legal Defeasance and shall be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(c) in the case of Covenant Defeasance, the Issuer or the Parent Guarantor must have delivered to the Trustee an opinion of counsel of recognized standing with respect to U.S. federal income tax matters (reasonably acceptable to the Trustee) confirming that the beneficial owners of the outstanding Notes shall not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and shall be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(d) no Default or Event of Default has occurred and is continuing on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit);

(e) such Legal Defeasance or Covenant Defeasance, including the deposit described in clause (a), above, shall not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than this Indenture) to which the Parent Guarantor or any of its Subsidiaries is a party or by which the Parent Guarantor or any of its Subsidiaries is bound;

(f) the Issuer or the Parent Guarantor must deliver to the Trustee an Officer's Certificate stating that the deposit was not made by the Issuer or the Parent Guarantor with the intent of preferring the holders of Notes over the other creditors of the Issuer or the Parent Guarantor with the intent of defeating, hindering, delaying or defrauding creditors of the Issuer or the Parent Guarantor or others; and

(g) the Issuer or the Parent Guarantor must deliver to the Trustee an Officer's Certificate and an opinion of counsel (and the Trustee shall rely on both absolutely), each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

If the funds deposited with the Trustee to effect Covenant Defeasance are insufficient to pay the principal of, premium, if any, and interest on the Notes when due because of any acceleration occurring after an Event of Default, then the Issuer and the Guarantors shall remain liable for such payments.

Section 8.05. **Satisfaction and Discharge of Indenture**. This Indenture shall be discharged and shall cease to be of further effect (except as to surviving rights of registration of transfer or exchange of the Notes as expressly provided for in this Indenture) when:

(a) the Issuer or the Parent Guarantor has irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust, for the benefit of the holders of the Notes, cash in euros, non-callable European Government Obligations, or a combination of cash in euros and non-callable European Government Obligations, in each case, in such amounts as shall be sufficient, without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the Notes that have not, prior to such time, been delivered to the Trustee for cancellation, for principal of, premium, if any, and any Additional Amounts, if any, and accrued and unpaid interest to the date of maturity or redemption, as the case may be, and the Issuer has delivered irrevocable instructions to the Trustee under this Indenture to apply the deposited money toward the payment of Notes at Maturity or on the redemption date, as the case may be; and either:

(i) all Notes that have been authenticated, except lost, stolen or destroyed Notes that have been replaced or paid and Notes for whose payment money has been deposited in trust and thereafter repaid to the Issuer or the Parent Guarantor, have been delivered to the Trustee for cancellation; or

(ii) all Notes that have not been delivered to the Trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or shall become due and payable within one year.

(b) no Default or Event of Default has occurred and is continuing on the date of the deposit or shall occur as a result of the deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit and any similar deposit relating to other Debt and, in each case, the granting of Liens to secure such borrowings) and the deposit shall not result in a breach or violation of, or constitute a default under, any other instrument to which the Issuer or any Guarantor is a party or by which the Issuer or any Guarantor is bound (other than with respect to the borrowing of funds to be applied concurrently to make the deposit required to effect such satisfaction and discharge and any similar concurrent deposit relating to other Debt, and in each case the granting of Liens to secure such borrowings);

(c) the Issuer or the Parent Guarantor has paid or caused to be paid all sums payable by the Issuer under this Indenture; and

(d) the Issuer has delivered irrevocable instructions to the Trustee under this Indenture to apply the deposited money toward the payment of the Notes at maturity or the redemption date, as the case may be.

In addition, the Issuer must deliver an Officer's Certificate and an opinion of counsel to the Trustee (and the Trustee shall rely on both absolutely) stating that all conditions precedent to satisfaction and discharge have been satisfied and that such satisfaction and discharge shall not result in a breach or violation of, or constitute a default under, this Indenture or any other agreement or instrument to which the Parent Guarantor or any Subsidiary is a party or by which the Parent Guarantor or any Subsidiary is bound.

Section 8.06. **Survival of Certain Obligations**. Notwithstanding Sections 8.01 and 8.03, any obligations of the Issuer and any Guarantor in Sections 2.02 through 2.14, 7.06, 7.07 and 8.07 through 8.09 shall survive until the Notes have been paid in full. Thereafter, any obligations of the Issuer and any Guarantor in Sections 7.06, 8.07 and 8.08 shall survive such satisfaction and discharge. Nothing contained in this Article Eight shall abrogate any of the obligations or duties of the Trustee under this Indenture.

Section 8.07. **Acknowledgment of Discharge by Trustee**. Subject to Section 8.09, after the conditions of Section 8.02 or 8.03 have been satisfied, the Trustee upon written request shall acknowledge in writing the discharge of all of the Issuer's obligations under this Indenture except for those surviving obligations specified in this Article Eight.

Section 8.08. **Application of Trust Money**. Subject to Section 8.09, the Trustee shall hold in trust cash in euros or European Government Obligations deposited with it pursuant to this Article Eight. It shall apply the deposited cash or European Government Obligations through the Paying Agent and in accordance with this Indenture to the payment of principal of, premium, if any, interest, and Additional Amounts, if any, on the Notes; but such money need not be segregated from other funds except to the extent required by law.

Section 8.09. **Repayment to Issuer**. Subject to Sections 7.06, and 8.01 through 8.04, the Trustee and the Paying Agent shall promptly pay to the Issuer upon request set forth in an Officer's Certificate any excess money held by them at any time and thereupon shall be relieved from all liability with respect to such money. The Trustee and the Paying Agent shall pay to the Issuer upon request any money held by them for the payment of principal, premium, if any, interest or Additional Amounts, if any, that remains unclaimed for two years; **provided that** the Trustee or Paying Agent before being required to make any payment may cause to be (a) published in the *Financial Times* or another leading newspaper in London, England (b) made available to the newswire service of Bloomberg or, if Bloomberg does not then operate, any similar agency and, (c) if and so long as the Notes are listed on the Irish Stock Exchange and the rules and regulations of such exchange so require, published in the Irish Times or another newspaper having a general circulation in Ireland (or if, in the opinion of the Issuers such publication is not practicable, in an English language newspaper having general circulation in the United States and Europe) or mail to each Holder entitled to such money at such Holder's address (as set forth in the Security Register) notice that such money remains unclaimed and that, after a date specified therein (which shall be at least 30 days from the date of such publication or mailing) any unclaimed balance of such money then remaining shall be repaid to the Issuer. After payment to the Issuer, Holders entitled to such money must look to the Issuer for payment as general creditors unless an applicable law designates another Person, and all liability of the Trustee and such Paying Agent with respect to such money shall cease.

Section 8.11. **[Reserved]**

ARTICLE NINE
AMENDMENTS AND WAIVERS

Section 9.01. **Without Consent of Holders**. The Issuer, the Guarantors, the Trustee and the other parties hereto (other than the Oldco Guarantors) may amend or supplement this Indenture or the Notes:

(a) to cure any ambiguity, defect or inconsistency;

(b) to provide for uncertificated Notes in addition to or in place of certificated Notes;

(c) to provide for the assumption of the Parent Guarantor's or the Issuer's obligations to holders of Notes in the case of a merger, consolidation or sale of all or substantially all of the Parent Guarantor's assets;

(d) to release any Guarantor in accordance with and if permitted by the terms and limitations set forth in this Indenture and to add a Guarantor under this Indenture;

(e) to make such changes as are necessary to provide for the issuance of Additional Notes in accordance with the limitations set forth in this Indenture;

(f) to make any change that would provide any additional rights or benefits to the holders of Notes or additional covenants or other obligations of the Issuer or any Guarantor or that does not adversely affect the legal rights under this Indenture of any such holder in any material respect, including for the avoidance of doubt the addition of any co-issuer or any Guarantor becoming a co-issuer;

(g) [Reserved];

(h) to evidence and provide for the acceptance and appointment under this Indenture of a successor Trustee thereunder pursuant to the requirements thereof; or

(i) to provide for the issuance of Additional Notes in accordance with the terms of this Indenture.

The Subsidiary Guarantors (other than the relevant new Subsidiary Guarantor in the case of clause (d) above) need not be a party to any amendment to this Indenture referred to in this Section 9.01.

For the avoidance of doubt, Articles 470-1 to 470-19 of the Luxembourg amended companies law dated August 10, 1915 do not apply and no noteholders' meetings need to be convened to collect any necessary consent.

Section 9.02. **With Consent of Holders**. (a) Except as provided in Section 9.02(b) below and Section 6.04 and without prejudice to Section 9.01, the Issuer, the Guarantors and the Trustee may:

(i) modify, amend or supplement this Indenture, the Notes or the Guarantees or

(ii) waive any existing Default or compliance with any provision of this Indenture or the Notes, with the written consent of the Holders of not less than a majority in aggregate principal amount of the Notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, the Notes); **provided that** if any amendment, waiver or other modification will only affect one series of the Notes, only the consent of a majority in principal amount of the then outstanding Notes of such series shall be required.

(b) Notwithstanding the foregoing clause (a) of this Section 9.02, no amendment, modification, supplement or waiver, including a waiver pursuant to Section 6.04 and an amendment, modification or supplement pursuant to Section 9.01, may, without the consent of the holders of 90% (or, in the case of clause (ii)(C) below, 60%) of the aggregate principal amount of the Notes then outstanding, or if any amendment, waiver or other modification will only amend, waive or modify one series of the Notes, without the consent of Holders holding not less than 90% (or, in the case of clause (ii)(C) below, 60%) of the then outstanding aggregate principal amount of Notes of such series, thereby:

(i) reduce the principal amount of Notes whose holders must consent to an amendment, supplement or waiver of provisions of this Indenture;

(ii) (A) reduce the principal (or Additional Amounts, if any) of or change the Stated Maturity of the principal of, or any installment of Additional Amounts or premium (other than in the circumstances referred to in (C) below), if any, or interest on, any Note, (B) alter the provisions with respect to the redemption of or premium on the Notes (other than provisions relating to Article Three of this Indenture or in the circumstances referred to in (C) below) or (C) in connection with any transaction involving or which, but for a redemption of the Notes in full, would otherwise result in a Change of Control, waive the requirement to pay, or reduce the amount of, a premium payable on a redemption on any Note;

(iii) reduce the rate of or change the time for payment of interest on any Note;

(iv) waive a Default or Event of Default in the payment of principal of, or interest or premium, or Additional Amounts, if any, on the Notes (except a rescission of acceleration of the Notes by the holders of at least a majority in aggregate principal amount of the Notes and a waiver of the payment default that resulted from such acceleration);

(v) modify the right to institute suit for the enforcement of any payment of any Note in accordance with the provisions of such Note and this Indenture;

(vi) make any Note payable in money other than that stated in the Notes;

(vii) impair the right of any Holder to receive payment of principal of, or interest or premium or Additional Amounts, if any, on such Holder's Notes on or after the due dates therefor or to institute suit for the enforcement of any such payment on or with respect to such Holder's Notes;

(viii) **[Reserved]**;

(ix) release the Issuer or any Guarantor from any of its obligations under the Notes, the Guarantees or this Indenture, except in accordance with the terms of this Indenture;

(x) release any of the Liens on the Collateral granted for the benefit of the Holders, except in accordance with the terms of the relevant Security Documents and this Indenture; or

(xi) make any change in the preceding amendment and waiver provisions.

The consent of the Holders is not necessary to approve the particular form of any proposed amendment, modification, supplement or waiver. It is sufficient if such consent approves the substance of the proposed amendment, modification, supplement or waiver.

For the avoidance of doubt, Articles 470-1 to 470-19 of the Luxembourg amended companies law dated August 10, 1915 do not apply and no noteholders' meetings need to be convened to collect any necessary consent.

Section 9.03. **OldCo Guarantors.** Notwithstanding any other provision of this Indenture, no modification, amendment, or supplement to this Indenture:

(a) that has the effect of changing or which relates to Article Sixteen;

(b) which would impose any new or more onerous obligation or liability upon an OldCo Guarantor; and/or

(c) which would affect the rights or entitlements of an OldCo Guarantor or permit any demand to be made or payment to be sought from an OldCo Guarantor, which would not have been permitted but for such modification, amendment, or supplement,

shall in any case be made without the prior written consent of (i) each OldCo Guarantor (to the extent it remains in existence) affected by such modification, amendment, or supplement (as the case may be); and (ii) the Trustee acting on the instructions of the Holders of not less than a majority in aggregate principal amount of the Notes then outstanding.

Section 9.04. **Effect of Supplemental Indentures**. Upon the execution of any supplemental indenture under this Article Nine, this Indenture shall be modified in accordance therewith, and such supplemental indenture shall form a part of this Indenture for all purposes; and every Holder theretofore or thereafter authenticated and delivered hereunder shall be bound thereby.

Section 9.05. **Notation on or Exchange of Notes**. If an amendment, modification or supplement changes the terms of a Note, the Issuer or Trustee may require the Holder to deliver it to the Trustee. The Trustee may place an appropriate notation on the Note and on any Note subsequently authenticated regarding the changed terms and return it to the Holder. Alternatively, if the Issuer so determines, the Issuer in exchange for the Note shall issue and the Trustee shall authenticate a new Note that reflects the changed terms. Failure to make the appropriate notation or to issue a new Note shall not affect the validity of such amendment, modification or supplement.

Section 9.06. **Payment for Consent**. The Parent Guarantor shall not and shall not permit any Restricted Group Member to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any holder of Notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of this Indenture or the Notes unless such consideration is offered to be paid and is paid to all holders of the Notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

Section 9.07. **Notice of Amendment or Waiver**. Promptly after the execution by the Issuer and the Trustee of any supplemental indenture or waiver pursuant to the provisions of Section 9.02, the Issuer shall give notice thereof to the Holders of each outstanding Note affected, in the manner provided for in Section 14.02(a), setting forth in general terms the substance of such supplemental indenture or waiver.

Section 9.08. **Trustee to Sign Amendments, Etc**. The Trustee may execute any amendment, supplement or waiver authorized pursuant, and adopted in accordance with, this Article Nine; **provided that** the Trustee may, but shall not be obligated to, execute any such

amendment, supplement or waiver which affects the Trustee's own rights, duties or immunities under this Indenture. The Trustee shall be entitled to receive, if requested, an indemnity satisfactory to it and to receive, and shall be fully protected in relying upon, an opinion of counsel reasonably satisfactory to the Trustee and an Officer's Certificate each stating that the execution of any amendment, supplement or waiver authorized pursuant to this Article Nine is authorized or permitted by this Indenture. Such opinion of counsel shall be an expense of the Issuer.

ARTICLE TEN
GUARANTEE

Section 10.01. **Notes Guarantee**. (a) Each Guarantor hereby fully and unconditionally guarantees, on a joint and several basis, to each Holder and to the Trustee and its successors and assigns on behalf of each Holder, the full and punctual payment of principal of, premium, if any, interest, if any, and Additional Amounts, if any on, and all other monetary obligations of the Issuer under this Indenture and the Notes (including obligations to the Trustee and the obligations to pay Additional Amounts, if any) with respect to each Note authenticated and delivered by the Trustee or its agent pursuant to and in accordance with this Indenture, in accordance with the terms of this Indenture (all the foregoing being hereinafter collectively called the "**Guaranteed Obligations**"). The Guaranteed Obligations shall not, however, include any obligation of an Issuer to make payment as a result of an OldCo Demand Notice (as defined in Section 16.01) having been served. Each Guarantor further agrees that the Guaranteed Obligations may be assigned (whether or not by the occurrence of the guarantee), novated, extended or renewed, in whole or in part, without notice or further assent from such Guarantor and that such Guarantor shall remain bound under this Article Ten notwithstanding any assignment (whether or not by the occurrence of the guarantee), novation, extension or renewal of any Guaranteed Obligation, including, without limitation, the occurrence of the guarantee. All payments under such guarantee shall be made in euros.

For the sake of clarity, any Spanish Guarantor acknowledges that the guarantee provided by it under this Section 10.01 must be construed as a first demand guarantee (*garantía a primera demanda*) and not as a guarantee (*fianza*) and, therefore, the benefits of preference (*excusión*), order (*orden*) and division (*división*) shall not be applicable.

Any Colombian Guarantor expressly resigns to any and all benefits of preference (*excusión*) pursuant to article 2384 of Colombian Civil Code.

Codere Latam Colombia, S.A acknowledges, represents and warrants that a portion of the proceeds of the issuance of the Notes may be advanced for its benefit, and that the obligations guaranteed by it hereunder are being incurred for and will inure to its benefit and therefore the Guarantee is being granted for the benefit of Codere Latam Colombia and in connection with its corporate purposes. In addition, Codere Latam Colombia will not execute the Guarantee unless it has been properly authorized by its general shareholders assembly to do so, as required by Colombian conflicts of interest legislation.

(b) Each Guarantor hereby agrees that its obligations hereunder shall be as if it were principal debtor and not merely surety, unaffected by, and irrespective of, any invalidity, irregularity or unenforceability of any Note or this Indenture, any failure to enforce the provisions

of any Note or this Indenture, any waiver, modification or indulgence granted to the Issuer with respect thereto by the Holders or the Trustee, or any other circumstance which may otherwise constitute a legal or equitable discharge of a surety or guarantor (except payment in full); **provided that**, notwithstanding the foregoing, no such waiver, modification, indulgence or circumstance shall without the written consent of such Guarantor increase the principal amount of a Note or the interest rate thereon or change the currency of payment with respect to any Note, or alter the Stated Maturity thereof. Each Guarantor hereby waives diligence, presentment, demand of payment, filing of claims with a court in the event of merger or bankruptcy of the Issuer, any right to require that the Trustee pursue or exhaust its legal or equitable remedies against the Issuer prior to exercising its rights under such Guarantor's Guarantee (including, for the avoidance of doubt, any right which such Guarantor may have to require the seizure and sale of the assets of the Issuer to satisfy the outstanding principal of, interest on or any other amount payable under each Note prior to recourse against such Guarantor or its assets), protest or notice with respect to any Note or the Debt evidenced thereby and all demands whatsoever, and covenants that such Guarantee shall not be discharged with respect to any Note except by payment in full of the principal thereof and interest thereon or as otherwise provided in this Indenture, including Section 10.03. If at any time any payment of principal of, premium, if any, interest, if any, or Additional Amounts, if any, on such Note is rescinded or must be otherwise restored or returned upon the insolvency, *concurso mercantil*, bankruptcy or reorganization of the Issuer, each Guarantor's obligations hereunder with respect to such payment shall be reinstated as of the date of such rescission, restoration or returns as though such payment had become due but had not been made at such times.

(c) Each Guarantor also agrees to pay any and all costs and expenses (including reasonable attorneys' fees) incurred by the Trustee or any Holder in enforcing any rights under this Section 10.01.

(d) Each Mexican Guarantor expressly acknowledges that its guarantee hereunder is governed by New York law and expressly waives any rights and privileges that it might otherwise have under any other laws.

(e) Alta Cordillera, S.A. expressly acknowledges that its Guarantee hereunder is governed by New York law and expressly agrees that any rights and privileges that it might otherwise have under the laws of Panama shall not be applicable to its Guarantee, including, but not limited to, any other under Article 812 of the Code of Commerce of the Republic of Panama, which are hereby expressly and irrevocably waived by Alta Cordillera, S.A.

Section 10.02. **Subrogation**. Each Guarantor shall be subrogated to all rights of the Holders against the Issuer in respect of any amounts paid to such Holders by the Guarantor pursuant to the provisions of its Guarantee.

(a) The Guarantors agree that they shall not be entitled to any right of subrogation in relation to the Holders in respect of any Guaranteed Obligations guaranteed hereby until payment in full of all Guaranteed Obligations. Each guarantor further agrees that, as between it, on the one hand, and the Holders and the Trustee, on the other hand, (x) the maturity of the Guaranteed Obligations guaranteed hereby may be accelerated as provided in Section 6.02 for the purposes of their Guarantees herein, notwithstanding any stay, injunction or other prohibition preventing such acceleration in respect of the Guaranteed Obligations guaranteed hereby, and (y)

in the event of any declaration of acceleration of such obligations as provided in Section 6.02, such Guaranteed Obligations (whether or not due and payable) shall forthwith become due and payable by the Guarantor for the purposes of this Section 10.02 subject to Section 10.01(c) above.

Section 10.03. **Release of Guarantees**. (a) A Guarantee (including any Guarantee provided pursuant to Section 4.21) shall be automatically and unconditionally released, and the Guarantor that granted such Guarantee shall be automatically and unconditionally released from its obligations and liabilities thereunder and hereunder upon Legal Defeasance as provided in Section 8.02 or Covenant Defeasance as provided in Section 8.03 or if all obligations under this Indenture are discharged in accordance with the terms of this Indenture, in each case, in accordance with the terms and conditions in this Indenture, the Intercreditor Agreement and any Additional Intercreditor Agreement.

(b) In addition, the Subsidiary Guarantee of a Subsidiary Guarantor will be released:

(i) in connection with any sale or other disposition of all or substantially all of the assets of that Subsidiary Guarantor to a Person that is not (either before or after giving effect to such transaction) the Parent Guarantor or a Restricted Group Member, if the sale or other disposition (A) does not violate the provisions of the covenant set forth in Section 4.11 to be satisfied at the time of such sale or other disposition and (B) is made in compliance with Section 5.01 hereto;

(ii) in connection with any direct or indirect sale, issuance or other disposition of the Capital Stock of that Subsidiary Guarantor (including by way of merger or consolidation) upon which such Subsidiary Guarantor is no longer a Restricted Group Member, if the sale or other disposition (A) does not violate the covenant set forth in Section 4.11 and (B) is made in compliance with Section 5.01 hereto;

(iii) if the Parent Guarantor designates any Restricted Group Member that is a Subsidiary Guarantor to be an Unrestricted Group Member in accordance with the applicable provisions of this Indenture;

(iv) upon Legal Defeasance or satisfaction and discharge of this Indenture under Article Eight of this Indenture;

(v) as provided in Article Nine of this Indenture;

(vi) in the case of Guarantees granted pursuant to Section 4.21, upon the release and discharge of the guarantee or security that gave rise to the obligation to guarantee the Notes;

(vii) in connection with the solvent liquidation or dissolution of such Subsidiary Guarantor; or

(viii) automatically without any action by the Trustee or the Security Agent, pursuant to or in connection with any Permitted Reorganization.

In all cases the Issuer and such Guarantors that are to be released from their Guarantees shall deliver to the Trustee an Officer's Certificate and an opinion of counsel certifying compliance with this Section 10.03, in each case, evidencing such release. At the request of the Issuer, the Trustee shall as soon as reasonably practicable following receipt of such documentation, execute and deliver an appropriate instrument evidencing such release (in the form provided by the Issuer).

Section 10.04. **Limitation and Effectiveness of Guarantees**. (a) Notwithstanding any other provision of this Indenture, the obligations of each Guarantor under its Guarantee shall be limited under the relevant laws applicable to such Guarantor and the granting of such Guarantees (including laws relating to corporate benefit, capital preservation, financial assistance, bankruptcy, fraudulent conveyances and transfers or transactions under value) to the maximum amount payable such that such Guarantees shall not constitute a fraudulent conveyance, fraudulent transfer, voidable preference, a transaction under value or unlawful financial assistance or otherwise, or under similar laws affecting the rights of auditors generally, cause the Guarantor to be insolvent under relevant law or such Guarantee to be void, unenforceable or ultra vires or cause the directors of such Guarantor to be held in breach of applicable corporate or commercial law providing for such Guarantee.

Each Spanish Guarantor acknowledges, represents and warrants that the obligations guaranteed by it hereunder are being incurred for and will inure to its benefit and therefore that sufficient compensatory benefit (*ventaja compensatoria*) has been obtained for the granting of the relevant Guarantee.

(b) Notwithstanding any other provision of this Indenture and subject always to the provisions of the paragraphs below, the liability of each Italian Guarantor under this Section 10 in respect of the obligations of any obligor which is not a subsidiary (pursuant to article 2359, paragraph 1, numbers 1 and/or 2, of the Italian Civil Code) of such Italian Guarantor shall not exceed at any time an amount equal to the aggregate of:

(i) the aggregate principal amount of the indebtedness of such Italian Guarantor (and/or any of its direct or indirect subsidiaries pursuant to article 2359 paragraph 1, numbers 1 and/or 2 of the Italian Civil Code); and

(ii) the aggregate principal amount of any intercompany loans or other financial support by way of any form (such term, for the avoidance of doubt, not including equity contributions) of cash contribution advanced to such Italian Guarantor (or any of its direct or indirect subsidiaries pursuant to article 2359 paragraph 1, numbers 1 and/or 2 of the Italian Civil Code) by the Issuer and/or any Guarantor after the date of first issuance of the Original Notes, and outstanding at the time of the enforcement of the guarantee.

(c) Any guarantee, indemnity, obligations and liability granted or assumed pursuant to this Section 10 by any Italian Guarantor shall not include and shall not extend, directly or indirectly, to any amount lent to acquire or subscribe, directly or indirectly, shares or quotas in the relevant Italian Guarantor or any direct or indirect controlling entity of such Italian Guarantor (or the refinancing of any indebtedness incurred for that purpose).

(d) Pursuant to article 1938 of the Italian Civil Code, the maximum amount that each Italian Guarantor in aggregate may be required to pay in respect of its obligations as Guarantor under this Section 10 shall not exceed one hundred and twenty per cent (120%) of the Notes.

(e) In the case of each Spanish Guarantor, the Guarantee does not apply to any liability to the extent that it would result in this guarantee constituting unlawful financial assistance within the meaning of articles 143 or 150 of Spanish Companies Act.

(f) The guarantee granted by any Subsidiary Guarantor which is incorporated and established in the Grand-Duchy of Luxembourg (a "**Luxembourg Guarantor**") under this Article 10 (*Guarantee*) shall be limited at any time to an aggregate amount not exceeding the higher of:

(i) Ninety-nine percent of such Luxembourg Guarantor's *capitaux propres* (as referred to in article 34 of the Luxembourg law dated December 19, 2002 on the commercial register and annual accounts, as amended (the "**2002 Law**"), and as implemented by the Grand-Ducal regulation dated December 18, 2015 setting out the form and the content of the presentation of the balance sheet and profit and loss account (the "**Regulation**")) determined as at the date on which a demand is made under the guarantee, increased by the amount of any Intra-Group Liabilities, and

(ii) Ninety-nine percent of such Luxembourg Guarantor's *capitaux propres* (as referred to in article 34 of the 2002 Law) determined as at the date of this Indenture or, if later, the date such Luxembourg Guarantor became a Guarantor, increased by the amount of any Intra-Group Liabilities.

The amount of the *capitaux propres* under this Clause shall be determined by the Trustee acting in its sole commercially reasonable discretion and shall be adjusted (by derogation to the rules contained in the 2002 Law and the Regulation) to take into account the fair value rather than book value of the assets of the Luxembourg Guarantor.

For the purpose of this Article 10 (*Guarantee*), "**Intra-Group Liabilities**" shall mean any amounts owed by the Luxembourg Guarantor to any other member of the Group and that have not been financed (directly or indirectly) by a borrowing under the Notes.

The above limitation shall not apply:

(i) in respect of any amounts due under the Notes by a Subsidiary Guarantor which is a direct or indirect subsidiary of that Luxembourg Guarantor;

(ii) in respect of any amounts due under the Notes by a Subsidiary Guarantor which is not a direct or indirect subsidiary of that Luxembourg Guarantor and which have been on-lent to or made available by whatever means, directly or indirectly, to that Luxembourg Guarantor or any of its direct or indirect subsidiaries.

If a demand has been made under a guarantee given a Luxembourg Guarantor under another Debt Document (as defined in the Intercreditor Agreement), (excluding for the avoidance

of doubt any payments made under a Security Document), then the amount determined under (b) above shall be reduced by the amount paid under such other guarantee by such Luxembourg Guarantor (it being understood that the amount determined under (a) above does reflect the demand made under such guarantee) even where such payment is made after the demand under this Guarantee.

(g) The amount of any guarantee, charge, pledge or security granted by any Spanish Guarantor incorporated as a limited liability company (*sociedad de responsabilidad limitada*) will be limited to the sum of:

(i) the lower of (x) if any, the amount effectively received by such Spanish Guarantor from the proceeds of the Notes and (y) the maximum amount of bonds that, in accordance with applicable legislation from time to time, such Spanish Guarantor may directly issue (being, as at the date hereof, two times the amount of such sociedad limitada's "own resources" (*recursos propios*) in accordance with article 401.2 of the Spanish Companies Law); and

(ii) the amount received by the Issuer and each other Guarantor from the proceeds of the Notes.

(h) Pursuant to Panamanian public policy provisions, a guarantee given by a Panamanian Guarantor:

(i) would be unenforceable against the Panamanian Guarantor if the main obligation is unenforceable against the primary obligor (the Borrower or the Issuer) as a guarantee is accessory to the main obligation and cannot exist without a validly existing main obligation;

(ii) may not extend to encompass more than the main obligation in the amount, terms or conditions of said main obligation notwithstanding any agreement to the contrary which may be given by a Panamanian Guarantor; and

(iii) may be reduced to the aggregate amount of the main obligation by a court in such circumstances.

Section 10.05. **Notation Not Required**. Neither the Issuer nor any Guarantor shall be required to make a notation on the Notes to reflect any Guarantee or any release, termination or discharge thereof.

Section 10.06. **Successors and Assigns**. This Article Ten shall be binding upon the Guarantors and each of their successors and assigns and shall inure to the benefit of the successors and assigns of the Trustee and the Holders and, in the event of any transfer or assignment of rights by any Holder or the Trustee, the rights and privileges conferred upon that party in this Indenture and in the Notes shall automatically extend to and be vested in such transferee or assigns, all subject to the terms and conditions of this Indenture.

Section 10.07. **No Waiver**. Neither a failure nor a delay on the part of either the Trustee or the Holders in exercising any right, power or privilege under this Article Ten shall operate as a

waiver thereof, nor shall a single or partial exercise thereof preclude any other or further exercise of any right, power or privilege. The rights, remedies and benefits of the Trustee and the Holders herein expressly specified are cumulative and are not exclusive of any other rights, remedies or benefits which either may have under this Article Ten at law, in equity, by statute or otherwise.

Section 10.08. **Modification**. No modification, amendment or waiver of any provision of this Article Ten, nor the consent to any departure by any Guarantor therefrom, shall in any event be effective unless the same shall be in writing and signed by the Trustee, and then such waiver or consent shall be effective only in the specific instance and for the purpose for which given. No notice to or demand on any Guarantor in any case shall entitle any Guarantor to any other or further notice or demand in the same, similar or other circumstance.

ARTICLE ELEVEN
INTERCREDITOR AGREEMENT

Section 11.01. **Intercreditor Agreement**. The Issuer and the Guarantors agree, and each Holder by accepting a Note agrees, that this Indenture, including the Guarantees, is subject to the limitations on enforcement and other terms of the Intercreditor Agreement.

(a) If so requested by any holder or holders of the Notes, the Trustee shall, in accordance with the Intercreditor Agreement, take any action required under the Intercreditor Agreement to require the transfer to the Trustee (or to a nominee nominated by such holders of the Notes, if such a nominee exists), on behalf of such holders of the Notes, the rights and obligations of the Senior Lenders (as defined in the Intercreditor Agreement) in connection with the Senior Liabilities (as defined in the Intercreditor Agreement).

ARTICLE TWELVE
COLLATERAL SECURITY DOCUMENTS AND THE SECURITY AGENT

Section 12.01. **Collateral and Security Documents**. The full and punctual payment when due and the full and punctual performance of the Obligations of the parties hereto are secured as provided in the Intercreditor Agreement, any Additional Intercreditor Agreement and the Security Documents, in each case, in favor of the Security Agent and/or, to the extent required by applicable law, of the Trustee (including as *mandatario con rappresentanza*), in the name and on behalf of the Holders, as pledgee. Subject to the conditions set forth herein, each pledgor is permitted to pledge the Collateral in connection with future incurrences of Debt of the Parent Guarantor or its Restricted Group Members, including any Additional Notes, permitted under this Indenture.

(a) Each Holder by accepting a Note shall be deemed to appoint, to the extent permitted by applicable law, the Security Agent to act as its trustee, *mandatario con rappresentanza*, *comisionista* and representative in connection with the Collateral and authorizes the Security Agent (acting at the direction of the Trustee) to exercise such rights, powers and discretions as are specifically delegated to the Security Agent by the terms hereof and the Intercreditor Agreement and together with all rights, powers and discretions as are reasonably incidental thereto or necessary to give effect to the trusts hereby created, and each Holder by accepting a Note shall be deemed to irrevocably authorize the Security Agent on its behalf to release any existing security being held in favor of the Holders, to enter into any and each Security

Document and the Intercreditor Agreement and to deal with any formalities in relation to the perfection of any security created by such agreements (including, *inter alia*, entering into such other documents as may be necessary to such perfection).

Each Holder, by accepting a Note, shall be deemed to appoint the Trustee as representative of the Holders (*rappresentante*) pursuant to and for the purposes set forth under Article 2414-bis, paragraph 3 of the Italian Civil Code and the Issuer acknowledges and agrees that the Trustee shall be appointed, as from the date of this Indenture, as representative of the Holders (*rappresentante*) pursuant to and for the purposes set forth under Article 2414-bis, paragraph 3 of the Italian Civil Code in order to create and grant in its favor security interests and guarantees securing and guaranteeing the Notes and the Guarantees and entitle it to exercise in the name and on behalf of the Holders of the Notes all their rights (including any rights before any court and judicial proceedings) relating to such security interests and guarantees.

Each Holder, by accepting a Note (or otherwise acquiring a Note or an interest therein), shall be deemed to appoint the Security Agent (and the Issuer acknowledges and agrees that the Security Agent shall be appointed), as from the date of this Indenture as representative of the Holders with rights, powers and discretions equivalent to those of a *comisario* under Title XI of the Spanish Companies Act for the purposes of accepting, taking and holding Collateral and the Guarantees and entitle it to exercise in the name and on behalf of the Holders of the Notes all their rights (including any rights before any court and judicial proceedings) relating to such security interests and guarantees.

Each Holder, by accepting a Note (or otherwise acquiring a Note or an interest therein), shall be deemed to appoint the Security Agent (and the Issuer acknowledges and agrees that the Security Agent shall be appointed), as from the date of this Indenture as representative of the Holders with rights, powers and discretions equivalent to those of a *comisionista* under the Mexican Commerce Code (*Código de Comercio*) for the purposes of accepting, taking and holding Collateral and the Guarantees and entitle it to exercise in the name and on behalf of the Holders of the Notes all their rights (including any rights before any court and judicial proceedings) relating to such security interests and guarantees.

(b)

(i) The Security Agent declares that it shall hold the Collateral on trust, or as *mandatario con rappresentanza*, for the Trustee and the Holders on the terms contained in this Indenture and the Intercreditor Agreement.

(ii) Each Holder by accepting a Note shall be deemed to agree that the Security Agent shall have only those duties, obligations and responsibilities and such rights and protections as expressly specified in this Indenture, the Intercreditor Agreement or in the Security Documents (and no others shall be implied).

(c) Each of the Holders of the Notes, by accepting a Note (or otherwise acquiring a Note or an interest therein) expressly accepts, by purchasing one or several Notes (or any interests in the Notes) that the Security Agent will be entitled to enter into, accept the constitution of, take, hold and, if necessary, enforce, any Liens (including, without limitation any

pledges, whether possessory or non-possessory) on the Collateral granted in favor of the Holders under the Security Documents, and expressly authorize the Security Agent to be their agent and representative with respect to the Collateral and the Security Documents (including, without limitation, by administering and enforcing remedies with respect to such Collateral and Security Documents). For the avoidance of doubt, the Security Agent is authorized to execute, sign, amend, extend, ratify and raise to the status of public deed any documents (whether public or private) to formalize, perfect or enforce any Lien (including, without limitation any pledges, whether possessory or non-possessory) for the benefit of the Holders of the Notes. Furthermore, the Security Agent is authorized to appear before any administrative authority and sign and file with any authority or register, for the benefit of the Holders of the Notes, the necessary documents for the validity, perfection and/or effectiveness of any security. Each of the Holders undertake to carry out as many actions as may be necessary in order for the Security Agent to be so authorized in any jurisdiction and under any applicable laws or regulations, including, without limitation, the granting, notarization and apostille of the relevant power of attorney in favor of the Security Agent (or the person appointed by it) for the purposes of, *inter alia*, (i) appearing in the relevant agreement to accept the granting of the Lien over the Collateral, and (ii) enforcing the relevant Lien on the Collateral in any proceeding (either judicial, out-of-court or otherwise) or, if the Security Agent was, under the laws of any jurisdiction, unable to represent the Holders of the Notes in accordance with the provisions envisaged herein, the Holders undertake to (i) personally appear in or accede to the relevant agreement in order to expressly accept the granting of the Lien over the Collateral (or any amendment or ratification thereof); and (ii) personally appear in the relevant enforcement proceeding with respect to the relevant Lien. The Security Agent agrees that it shall hold the security interests in the Collateral created under any Security Document to which it is a party as contemplated by this Indenture or the Intercreditor Agreement, and any and all proceeds thereof, for the benefit of, among others, the Trustee and the Holders, without limiting the Security Agent's rights including under Section 12.02, to act in preservation of the security interest in the Collateral. The Security Agent shall take action or refrain from taking action in connection therewith only as directed by the Trustee.

(d) Each Holder, by accepting a Note, shall be deemed to have agreed to all the terms and provisions of the Security Documents and the Intercreditor Agreement and any Additional Intercreditor Agreement entered into in accordance with Section 4.23 (including the appointment of the Security Agent as its representative for the applicable purposes). The claims of Holders shall be subject to the Intercreditor Agreement and any Additional Intercreditor Agreement entered into in accordance with Section 4.23. The Security Agent shall release the security interest with respect to the Notes and this Indenture when required by the Intercreditor Agreement and any Additional Intercreditor Agreement entered into in accordance with Section 4.23.

Section 12.02. **Suits To Protect the Collateral**. Subject to the provisions of the Security Documents and the Intercreditor Agreement, the Security Agent and/or, to the extent required by applicable law, the Trustee, in the name and on behalf of the Holders, shall have power to institute and to maintain such suits and proceedings as it may deem expedient to prevent any impairment of the Collateral by any acts which may be unlawful or in violation of any of the Security Documents or this Indenture, and such suits and proceedings as the Security Agent, in its sole discretion, may deem expedient to preserve or protect the security interests in the Collateral created under the Security Documents (including power to institute and maintain suits or proceedings to

restrain the enforcement of or compliance with any legislative or other governmental enactment, rule or order that may be unconstitutional or otherwise invalid if the enforcement of, or compliance with, such enactment, rule or order would impair the Liens on the Collateral or be prejudicial to the interests of the Holders or the Trustee). Notwithstanding any other provision of this Indenture, neither the Trustee nor the Security Agent has any responsibility for the validity, perfection, priority or enforceability of any Lien, any security interest in the Collateral or other security interest. The Trustee shall have no obligation to take (or direct the Security Agent to take) any action to procure or maintain such validity, perfection, priority or enforceability.

Section 12.03. **Replacement of Security Agent**. (a) The Security Agent may resign at any time by so notifying the Issuer, upon not less than 90 days' prior written notice. The Holders of a majority in principal amount of the Securities may remove the Security Agent by so notifying the Trustee, **provided that** they concurrently appoint a successor Security Agent. The Issuer shall remove the Security Agent if:

(i) the Security Agent is adjudged bankrupt or insolvent;

(ii) a receiver or other public officer takes charge of the Security Agent or its property; or

(iii) the Security Agent otherwise becomes incapable of acting.

(b) If the Security Agent resigns, is removed by the Issuer or by the Holders of a majority in principal amount of the Securities and such Holders have not previously appointed a successor Security Agent, or if a vacancy exists in the office of Security Agent for any reason (the Security Agent in such event being referred to herein as the retiring Security Agent), the Issuer shall appoint a successor Security Agent prior to such resignation taking effect or such removal by the Issuer.

(c) A successor Security Agent shall deliver a written acceptance of its appointment to the retiring Security Agent and to the Issuer. Thereupon, the resignation or removal of the retiring Security Agent shall become effective, and the successor Security Agent shall have all the rights, powers and duties of the Security Agent under this Indenture. The successor Security Agent shall transmit in accordance with Section 14.02 a notice of its succession to Holders. The retiring Security Agent shall promptly transfer all property held by it as Security Agent to the successor Security Agent.

(d) If a successor Security Agent does not take office within 60 days after the retiring Security Agent gives notice of its resignation, the retiring Security Agent or the Holders of at least 10% in principal amount of the Notes may appoint a successor Security Agent.

(e) Notwithstanding the replacement of the Security Agent pursuant to Section 12.03, the indemnity obligations of the Issuer and the Guarantors under the Security Documents shall continue for the benefit of the retiring Security Agent.

Section 12.04. **Amendments**. The Security Agent agrees that it shall enter into an amendment to the Intercreditor Agreement or enter into or amend any other Additional Intercreditor Agreement entered into in accordance with Section 4.23 upon a direction of the Parent

Guarantor given in accordance with section 4.23(c) to do so. The Security Agent shall sign any amendment authorized pursuant to Article Nine if the amendment does not adversely affect the rights, duties, liabilities or immunities of the Security Agent.

Section 12.05. **Release of Security Interests**. To the extent a release is required by a Security Document, at the request of the Parent Guarantor or the Issuer, the Security Agent shall release, and the Trustee (but only if required) shall release and if so requested direct the Security Agent to release (in accordance with the provisions of this Indenture, the Intercreditor Agreement or any Additional Intercreditor Agreement and the relevant Security Document), without the need for consent of the holders of the Notes, Liens on the Collateral securing the Notes:

(a) upon payment in full of principal, interest and all other obligations on the Notes issued under this Indenture or satisfaction and discharge or defeasance hereof;

(b) upon release of a Guarantee, with respect to the Liens securing such Guarantee granted by such Guarantor;

(c) in connection with any disposition of Collateral, directly or indirectly, to (i) any Person other than the Parent Guarantor or any of the Restricted Subsidiaries (but excluding any transaction subject to Article Five) that is not prohibited by this Indenture or (ii) the Parent Guarantor or any Restricted Subsidiary, **provided**, in the case of (ii), the relevant Collateral remains subject to, or otherwise becomes subject to, a Lien in favor of the Notes;

(d) if the Parent Guarantor designates any of its Restricted Subsidiaries to be an Unrestricted Subsidiary in accordance with the applicable provisions of this Indenture, the release of the property, assets and Capital Stock of such Unrestricted Subsidiary;

(e) as otherwise provided in the Intercreditor Agreement or any Additional Intercreditor Agreement;

(f) as may be permitted by the covenant as provided in Section 4.20;

(g) **[Reserved]**;

(h) in order to effectuate a merger, consolidation, conveyance or transfer conducted in compliance with the covenant as provided in Article Five, provided equivalent Liens are provided for the benefit of the Notes by the surviving entity; and

(i) automatically without any action by the Trustee or the Security Agent, pursuant to or in connection with any Permitted Reorganization.

(a) Notices to the Holders regarding the Notes shall be:

(i) validly given if mailed to them at their respective addresses in the register of the holders of such Notes, if any, maintained by the Registrar;

(ii) for so long as any of the Notes are listed on the Irish Stock Exchange and the rules of the Irish Stock Exchange so require, notices with respect to the Notes listed on the

Irish Stock Exchange will be published in a leading newspaper having general circulation in Ireland (which is expected to be the Irish Times) or if, in the opinion of either Issuer such publication is not practicable, in an English language newspaper having general circulation in the United States and Europe;

(iii) for so long as any Notes are represented by Global Notes held on behalf of Euroclear or Clearstream, notices may be given by delivery of the relevant notices to Euroclear or Clearstream for communication to entitled account holders in substitution for the aforesaid mailing.

Each such notice shall be deemed to have been given on the date of such publication or, if published more than once on different dates, on the first date on which publication is made; **provided that**, if such notices are mailed, such notice shall be deemed to have been given on the later of such publication and the seventh day after being so mailed. Any notice or communication mailed to a Holder shall be mailed to such Person by first class mail or other equivalent means and shall be sufficiently given to him if so mailed within the time prescribed. Failure to mail a notice or communication to a Holder or any defect in it shall not affect its sufficiency with respect to other Holders. If a notice or communication is mailed in the manner provided above, it is duly given, whether or not the addressee receives it.

In case by reason of the suspension of regular mail service or by reason of any other cause it shall be impracticable to give such notice by mail, then such notification as shall be made with the approval of the Trustee shall constitute a sufficient notification for every purpose hereunder.

(b) If and so long as the Notes are listed on any securities exchange instead of or in addition to the Irish Stock Exchange, notices shall also be given in accordance with any applicable requirements of such alternative or additional securities exchange.

(c) Where this Indenture provides for notice in any manner, such notice may be waived in writing by the Person entitled to receive such notice, either before or after the event, and such waiver shall be the equivalent of such notice. Waivers of notice by Holders shall be filed with the Trustee, but such filing shall not be a condition precedent to the validity of any action taken in reliance upon such waiver.

Section 16.02. **OldCo Guarantee**.

(a) Subject to the remainder of this Article Sixteen including, without limitation, Section 16.04, each OldCo Guarantor hereby fully and unconditionally guarantees, on a joint and several basis, upon demand made in accordance with Section 16.10 below, to each Holder and to the Trustee and its successors and assigns on behalf of each Holder, the full and punctual payment of principal of, premium, if any, interest, if any, and Additional Amounts, if any, on, and all other monetary obligations of each Issuer under this Indenture and the Notes (including obligations to the Trustee and the obligations to pay Additional Amounts, if any) with respect to each Note authenticated and delivered by the Trustee or its agent pursuant to and in accordance with this Indenture, in accordance with the terms of this Indenture (all the foregoing being hereinafter collectively called the "**OldCo Guaranteed Obligations**"). Each OldCo Guarantor further agrees that the OldCo Guaranteed Obligations may be assigned, novated, extended or renewed, in whole or in part, without notice or further assent from such OldCo Guarantor and that such OldCo Guarantor shall remain bound under this Article Sixteen notwithstanding any assignment, novation, extension or renewal of any OldCo Guaranteed Obligation. All payments under any OldCo Guarantee shall be made in euros.

For the sake of clarity, Codere, S.A. acknowledges that the OldCo Guarantee provided by it under this Section 16.02 must be construed as a first demand guarantee (*garantía a primera demanda*) and not as a guarantee (*fianza*) and, therefore, the benefits of preference (*excusión*), order (*orden*) and division (*división*) shall not be applicable.

For the sake of clarity, each OldCo Guarantor acknowledges that the OldCo Guarantee provided by it under this Section 16.02 is a continuation of the guarantee given by it pursuant to the Base Indenture and the amendment of its guarantee to the terms of this Article Sixteen shall not be deemed or be construed to be the grant of a new guarantee or entry into of a new obligation.

(b) Each OldCo Guarantor hereby agrees that its obligations hereunder shall be as if it were principal debtor and not merely surety, unaffected by, and irrespective of, any invalidity, irregularity or unenforceability of any Note or this Indenture, any failure to enforce the provisions of any Note or this Indenture, any waiver, modification or indulgence granted to any Issuer with respect thereto by the Holders or the Trustee, or any other circumstance which may otherwise constitute a legal or equitable discharge of a surety or guarantor (except payment in full); *provided that*, notwithstanding the foregoing, no such waiver, modification, indulgence or circumstance shall without the written consent of such OldCo Guarantor increase the principal amount of a Note or the interest rate thereon or change the currency of payment with respect to any Note, or alter the Stated Maturity thereof. Each OldCo Guarantor hereby waives diligence, presentment, demand of payment, filing of claims with a court in the event of merger or bankruptcy of an Issuer, any right to require that the Trustee pursue or exhaust its legal or equitable remedies against an Issuer prior to exercising its rights under such OldCo Guarantor's OldCo Guarantee (including, for the avoidance of doubt, any right which such OldCo Guarantor may have to require the seizure and sale of the assets of an Issuer to satisfy the outstanding principal of, interest on or any other amount payable under each Note prior to recourse against such OldCo Guarantor or its assets), protest or notice with respect to any Note or the Debt evidenced thereby and all demands whatsoever, and covenants that such OldCo Guarantee shall not be discharged with respect to any Note except by payment in full of the principal thereof and interest thereon or as otherwise provided in this Indenture, including Section 16.04. If at any time any payment of principal of, premium, if any, interest, if any, or Additional Amounts, if any, on such Note is rescinded or must be otherwise restored or returned upon the insolvency, *concurso mercantil*, bankruptcy or reorganization of an Issuer, each OldCo Guarantor's obligations hereunder with respect to such payment shall be reinstated as of the date of such rescission, restoration or returns as though such payment had become due but had not been made at such times.

(c) The Issuer and the OldCo Guarantors agree to pay any and all costs and expenses (including attorneys' fees) incurred by the Trustee or any Holder in enforcing any rights under this Section 16.02.

Section 16.03. **Subrogation**. Each OldCo Guarantor shall be subrogated to all rights of the Holders against an Issuer in respect of any amounts paid to such Holders by the OldCo Guarantor pursuant to the provisions of its OldCo Guarantee.

The OldCo Guarantors agree that they shall not be entitled to any right of subrogation in relation to the Holders in respect of any OldCo Guaranteed Obligations guaranteed hereby until payment in full of all OldCo Guaranteed Obligations.

Each OldCo Guarantor further agrees that, as between it, on the one hand, and the Holders and the Trustee, on the other hand, (x) the maturity of the OldCo Guaranteed Obligations guaranteed hereby may be accelerated as provided in Section 16.11 for the

purposes of their OldCo Guarantees herein, notwithstanding any stay, injunction or other prohibition preventing the acceleration of the OldCo Guaranteed Obligations or a demand on the OldCo Guarantees, and (y) in the event of any declaration of acceleration in accordance with Section 16.11 or demand being made on any OldCo Guarantee, the OldCo Guaranteed Obligations (whether or not due and payable) shall forthwith become due and payable by the OldCo Guarantor for the purposes of this Article Sixteen.

Section 16.04. **Release of OldCo Guarantees**.

(a) An OldCo Guarantee shall be automatically and unconditionally released, and the OldCo Guarantor that granted such OldCo Guarantee shall be automatically and unconditionally released from its obligations and liabilities thereunder and hereunder:

(i) upon legal defeasance as provided in Section 8.02 or covenant defeasance as provided in Section 8.03 or if all obligations under this Indenture are discharged in accordance with the terms of this Indenture, in each case, in accordance with the terms and conditions in this Indenture, the Intercreditor Agreement and any Additional Intercreditor Agreement; or

(ii) upon a written notice being delivered by New Topco to the Trustee confirming that an OldCo Guarantor should be released from its obligations and liabilities under the OldCo Guarantee granted by it.

In the case of paragraph (i) above, the OldCo Guarantor that is to be released from its OldCo Guarantee shall deliver to the Trustee an Officer's Certificate and an opinion of counsel certifying compliance with Section 16.04(a)(i), evidencing such release. At the request of an OldCo Guarantor, the Trustee shall as soon as reasonably practicable following receipt of such documentation, execute and deliver (at the cost of the OldCo Guarantor that is to be released from its OldCo Guarantee) an appropriate instrument evidencing such release (in a form acceptable to the OldCo Guarantor and the Trustee).

In the case of paragraph (ii) above, the Issuer shall deliver to the Trustee an Officer's Certificate and an opinion of counsel certifying compliance with Section 16.04(a)(ii), evidencing such release. At the request of the Issuer, the Trustee shall as soon as reasonably practicable following receipt of written notice from New Topco, execute and deliver (at the cost of the Issuer) an appropriate instrument evidencing such release (in a form acceptable to the Issuer and the Trustee).

New Topco shall not incur any liability to any person for delivering any notice or other document in connection with this Section 16.04.

(b) In addition, an OldCo Guarantee shall be irrevocably, fully and finally released and discharged, and the OldCo Guarantor that granted such OldCo Guarantee shall be irrevocably, fully and finally released and discharged from its obligations and liabilities thereunder and hereunder:

(i) in the case of Codere, S.A., either:

(2) the Trustee has received an opinion of counsel under Section 16.04(e); and

(3) the Trustee has countersigned the Liquidator's Certificate to acknowledge and confirm the release of the OldCo Guarantee and has delivered such countersignature no earlier than the date of the Closure Meeting; or:

(B) in the case of an insolvent liquidation (*faillite*) of Luxco 1, upon the receiver (*curateur*) having converted all available assets of Luxco 1 into cash and immediately prior to the receiver (*curateur*) distributing the proceeds to the eligible creditors of Luxco 1 in accordance with the assets allocation plan (*projet de répartition des actifs*) as approved by the bankruptcy judge (*juge-commissaire*), provided that no OldCo Trigger Event Notice has been served and has not been rescinded in accordance with Section 16.12(a).

(c) The Trustee shall, and is hereby irrevocably instructed and directed to, upon request from an OldCo Guarantor or its liquidator, administrator, or equivalent officer confirm (provided that is able to do so):

(i) it has not received or served an OldCo Trigger Event Notice unless such OldCo Trigger Event Notice has been rescinded in accordance with Section 16.12(a); and

(ii) it is not aware of an OldCo Event of Default which is continuing.

Section 16.05. **Limitation and Effectiveness of OldCo Guarantees**.

(a) Notwithstanding any other provision of this Indenture, the obligations of each OldCo Guarantor under its OldCo Guarantee shall be limited under the relevant laws applicable to such OldCo Guarantor and the granting of such OldCo Guarantee (including laws relating to corporate benefit, capital preservation, financial assistance, bankruptcy, fraudulent conveyances and transfers or transactions under value) to the maximum amount payable such that such OldCo Guarantee shall not constitute a fraudulent conveyance, fraudulent transfer, voidable preference, a transaction under value or unlawful financial assistance or otherwise, or under similar laws affecting the rights of auditors generally, cause the OldCo Guarantor to be insolvent under relevant law or such OldCo Guarantee to be void, unenforceable or ultra vires or cause the directors

of such OldCo Guarantor to be held in breach of applicable corporate or commercial law providing for such OldCo Guarantee.

Codere, S.A. acknowledges, represents and warrants that the obligations guaranteed by it hereunder are being incurred for and will inure to its benefit and therefore that sufficient compensatory benefit (*ventaja compensatoria*) has been obtained for the granting of its OldCo Guarantee.

(b) In the case of Codere, S.A., the OldCo Guarantee does not apply to any liability to the extent that it would result in its OldCo Guarantee constituting unlawful financial assistance within the meaning of article 150 of Spanish Companies Act.

(c) The OldCo Guarantee granted by Luxco 1 under this Article Sixteen shall be limited at any time to an aggregate amount not exceeding the higher of:

(i) ninety-nine per cent of Luxco 1's *capitaux propres* (as referred to in article 34 of the Luxembourg law dated December 19, 2002 on the commercial register and annual accounts, as amended (the "**2002 Law**"), and as implemented by the Grand-Ducal regulation dated December 18, 2015 setting out the form and the content of the presentation of the balance sheet and profit and loss account (the "**Regulation**")) determined as at the date on which ademand is made under its OldCo Guarantee; and

(ii) ninety-nine per cent of Luxco 1's *capitaux propres* (as referred to in article 34 of the 2002 Law) determined as at the date of this Indenture.

The amount of the *capitaux propres* under this Clause shall be determined by the Trustee acting in its sole commercially reasonable discretion and shall be adjusted (by derogation to the rules contained in the 2002 Law and the Regulation) to take into account the fair value rather than book value of the assets of Luxco 1.

(d) No amount shall be due or payable, or otherwise owing or outstanding, under the OldCo Guarantee of any OldCo Guarantor unless and until an OldCo Demand Notice shall have been served upon such OldCo Guarantor in accordance with Section 16.11.

Section 16.06. **Notation Not Required**. No party shall be required to make a notation on the Notes to reflect any OldCo Guarantee or any release, termination or discharge thereof.

Section 16.07. **Successors and Assigns**. This Article Sixteen shall be binding upon the OldCo Guarantors and each of their successors and assigns and shall inure to the benefit of the successors and assigns of the Trustee and the Holders and, in the event of any transfer or assignment of rights by any Holder or the Trustee, the rights and privileges conferred upon that party in this Indenture and in the Notes shall automatically extend to and be vested in such transferee or assigns, all subject to the terms and conditions of this Indenture.

Section 16.08. **No Waiver**. Neither a failure nor a delay on the part of either the Trustee or the Holders in exercising any right, power or privilege under this Article Sixteen shall operate as a waiver thereof, nor shall a single or partial exercise thereof preclude any other or further exercise of any right, power or privilege. The rights, remedies and benefits of the Trustee and the

Holders herein expressly specified are cumulative and are not exclusive of any other rights, remedies or benefits which either may have under this Article Sixteen at law, in equity, by statute or otherwise.

Section 16.09. **Modification.** No modification, amendment or waiver of any provision of this Article Sixteen, nor the consent to any departure by any OldCo Guarantor therefrom, shall in any event be effective unless the same shall be in writing and signed by the Trustee, and then such waiver or consent shall be effective only in the specific instance and for the purpose for which given. No notice to or demand on any OldCo Guarantor in any case shall entitle any OldCo Guarantor to any other or further notice or demand in the same, similar or other circumstance.

Section 16.10. **OldCo Events of Default**.

(a) Each of the following shall be an "**OldCo Event of Default**" under this Indenture:

(i) any (a) breach of any Release Agreement or (b) any Restricted Action is taken, in each case by

(A) any OldCo Guarantor (including any liquidator, administrator or equivalent officer thereof); and/or

(B) any Supporting Shareholder,

(ii) an OldCo Guarantor (including any liquidator, administrator or equivalent officer thereof) and/or any Supporting Shareholder which is a party to such Release Agreement rescinds, repudiates or invalidates or purports to rescind, repudiate or invalidate a Release Agreement (or part thereof) or evidences an intention to rescind, repudiate or invalidate a Release Agreement (or part thereof); or

(iii) an OldCo Guarantor ceases to have its "centre of main interests" (as that term is used in Article 3(1) of the EU Insolvency Regulation) in any jurisdiction other than its original jurisdiction of incorporation or opens an "establishment" (as that term is used in Article 2(b) of the EU Insolvency Regulation) in any other jurisdiction.

(b) If an OldCo Event of Default occurs and is continuing:

(i) Holders of not less than 10% in aggregate principal amount of the then outstanding Notes may;

(ii) New Topco, the Parent Guarantor or any member of the Restricted Group may; or

(iii) the Trustee may;

the OldCo Guarantors, the Parent Guarantor, and (if the notice is not given by the Trustee), the Trustee (an "**OldCo Event of Default Notice**"). The Trustee shall promptly forward any OldCo Event of Default Notice received by it to the Holders, provided that the Trustee may withhold an OldCo Event of Default Notice from the Holders if a committee of its trust officers in good faith determines that withholding such OldCo Event of Default Notice is in the interests of the Holders of the Notes.

None of the Holders, New Topco, the Parent Guarantor or any member of the Restricted Group shall incur any liability to any person for delivering any OldCo Event of Default Notice in good faith.

The Trustee shall not be responsible for monitoring any of the covenants or restrictions or obligations contained in the Notes or in this Indenture. The OldCo Guarantors are required to deliver to the Trustee annually a statement regarding compliance with this Article Sixteen. Upon becoming aware of any OldCo Event of Default, the OldCo Guarantors are required to deliver to the Trustee a statement specifying such OldCo Event of Default (an "**OldCo Guarantor Notice**").

The Trustee may be made aware of the occurrence of an OldCo Event of Default through delivery of an OldCo Guarantor Notice or through receipt of any other written notice which it reasonably believes to be genuine. In all instances under this Article [Sixteen], the Trustee shall be entitled to rely on any notices or notifications, certificates, statements or opinions delivered pursuant to this Article Sixteen absolutely and shall not be obliged to enquire further as regards the circumstances then existing and shall not be responsible to the holders of the Notes, any OldCo Guarantor (including any liquidator, administrator or equivalent officer thereof) or any other person for so relying.

Section 16.11. **Acceleration and Demand**.

(a) If an OldCo Event of Default occurs and is continuing, the Holders of not less than 25% in principal amount of the then outstanding Notes may, and the Trustee, upon the request of such Holders (provided it has been indemnified and/or secured (including by way of pre-funding) to its satisfaction), shall, by notice in writing (an "**OldCo Demand Notice**") (i) declare the Notes due and payable against any Issuer and/or (ii) require any OldCo Guarantor to repay all or any part of the amounts then outstanding in respect of the Notes.

(b) Neither the service of an OldCo Demand Notice pursuant to this Section 16.10, nor a failure by any Issuer or any OldCo Guarantor to make payment of any amounts accelerated or demanded thereunder, shall result in:

(i) any amounts becoming payable by the Parent Guarantor or any of its Subsidiaries (other than an Issuer) under or in respect of the Notes or this Indenture, whether prior to their scheduled payment date, or otherwise;

(ii) a Default or an Event of Default under Section 6.01 of this Indenture occurring; and/or

Section 16.12. **Rescission of OldCo Trigger Event Notices**.

(a) At any time after service of an OldCo Trigger Event Notice, but (in the case of an OldCo Demand Notice only) before a judgment or decree for payment of the money due has been obtained by the Trustee, the Holders of a majority in aggregate principal amount of the outstanding Notes, by written notice to the OldCo Guarantors and the Trustee, may rescind such OldCo Trigger Event Notice and its consequences.

(b) No such rescission shall affect any subsequent default or impair any right consequent thereon.

Section 16.13. **Other Remedies**. If an OldCo Event of Default occurs and is continuing, the Trustee may in its discretion proceed to protect and enforce its rights and the rights of the Holders by such appropriate judicial proceedings as the Trustee shall deem most effectual to protect and enforce any such rights, whether for the specific enforcement of any covenant or agreement in this Indenture or in aid of the exercise of any power granted herein, or to enforce any other proper remedy.

All rights of action and claims under this Indenture or the Notes in respect of an OldCo Event of Default may be prosecuted and enforced by the Trustee without the possession of any of the Notes or the production thereof in any proceeding relating thereto, and any such proceeding instituted by the Trustee shall be brought in its own name and as Trustee of an express trust, and any recovery of judgment shall, after provision for the payment of the compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, be for the ratable benefit of the Holders in respect of which such judgment has been recovered.

Section 16.14. **Waiver of Past Defaults**. The Holders of a majority in aggregate principal amount of the Notes then outstanding may on behalf of the Holders of all of the Notes by notice to the Trustee waive any existing OldCo Event of Default and its consequences under this Indenture.

Upon any such waiver, any OldCo Event of Default shall be deemed to have been cured for every purpose of this Indenture; but no such waiver shall extend to any subsequent or other OldCo Event of Default or Event of Default or impair any right consequent thereon.

Section 16.15. **Control by the Majority**. The Holders of not less than a majority in aggregate principal amount of the Notes may direct the time, method and place of conductingany proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee under this Article Sixteen in respect of an OldCo Guarantee; provided, that:

(a) the Trustee may refuse to follow any direction that conflicts with law, this Indenture or that the Trustee determines in good faith may be unduly prejudicial to the rights of Holders not joining in the giving of such direction;

(b) the Trustee may refuse to follow any direction that the Trustee determines is unduly prejudicial to the rights of other Holders or would involve the Trustee in personal liability; and

(c) the Trustee may take any other action deemed proper by the Trustee that is notinconsistent with such direction.

Section 16.16. **Limitation on Suits**. No Holder of any of the Notes has any right to institute any proceedings with respect to an OldCo Guarantee or any remedy under this Indenture in respect of an OldCo Guarantee, unless (a) the Holders of at least 25% in aggregate principal amount of the outstanding Notes have made a written request, and offered indemnity or security including by way of pre-funding satisfactory to the Trustee, to the Trustee to institute such proceeding as Trustee under the Notes and this Indenture, (b) the Trustee has failed to institute such proceeding within 60 Business Days after receipt of such notice and (c) the Trustee within such 60 Business Day period has not received directions inconsistent with such written request by Holders of a majority in aggregate principal amount of the outstanding Notes.

Section 16.17. **Trustee May File Proofs of Claim**. The Trustee may file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee (including any claim for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, and any other amounts due to the Trustee under Section 7.06) and the Holders allowed in any judicial proceedings relating to any OldCo Guarantor, their creditors or their property and, unless prohibited by law or applicable regulations, may vote on behalf of the Holders at their direction in any election of a trustee in bankruptcy or other Person performing similar functions, and any custodian in any such judicial proceeding is hereby authorized by each Holder to make payments to the Trustee and, in the event that the Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee any amount due to it for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and its counsel, and any other amounts due to the Trustee under Section 7.06. To the extent that the payment of any such compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, and any other amounts due to the Trustee under Section 7.06 hereof out of the estate in any such proceeding shall be denied for any reason, payment of the same shall be secured by a Lien on, and shall be paid out of, any and all distributions, dividends, money, securities and other properties that the Holders may be entitled to receive in such proceeding whether in liquidation or under any plan of reorganization or arrangement or otherwise.

Nothing herein contained shall be deemed to empower the Trustee to authorize or consent to, or accept or adopt on behalf of any Holder, any plan of reorganization, arrangement, adjustment or composition affecting the Notes or the rights of any Holder thereof, or to authorize the Trustee to vote in respect of the claim of any Holder in any such proceeding.

Section 16.18. **Application of Money Collected**. If the Trustee collects any money or property pursuant to this Article Sixteen, it shall pay out the money or property in the following order:

FIRST: to the Trustee and to each Agent for amounts due to them under Section 7.06;

SECOND: to the Holders in discharge of any amounts outstanding in respect of the Notes for principal of, premium, if any, interest, if any, and Additional Amounts, if any, ratably, without preference or priority of any kind, according to the amounts outstanding in respect of the Notes for principal, premium, if any, interest, if any, and Additional Amounts, if any, respectively; and

Section 16.20. **Restoration of Rights and Remedies**. If the Trustee or any Holder has instituted any proceeding to enforce any right or remedy under this Indenture in respect of an OldCo Guarantee and such proceeding has been discontinued or abandoned for any reason, or has been determined adversely to the Trustee or to such Holder, then and in every such case, subject to any determination in such proceeding, any Issuer, any OldCo Guarantor, the Trustee and the Holders shall be restored severally and respectively to their former positions hereunder and thereafter all rights and remedies of the Trustee and the Holders shall continue as though no such proceeding had been instituted.

The assertion of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

Section 16.22. **Delay or Omission not Waiver**. No delay or omission of the Trustee or of any Holder of any Note to exercise any right or remedy accruing upon any OldCo Event of Default shall impair any such right or remedy or constitute a waiver of any such OldCo Event of

Default or an acquiescence therein. Every right and remedy given by this Article Sixteen or by law to the Trustee or to the Holders may be exercised from time to time, and as often as may be deemed expedient, by the Trustee or by the Holders, as the case may be.

Section 16.24. **Waiver of Stay or Extension Laws**. Each Issuer covenants (to the extent that it may lawfully do so) that it shall not at any time insist upon, or plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay or extension law wherever enacted, now or at any time hereafter in force, which may affect the covenants or the performance of this Indenture; and each Issuer (to the extent that it may lawfully do so) hereby expressly waives all benefit or advantage of any such law and covenants that it shall not hinder, delay or impede the execution of any power herein granted to the Trustee, but shall suffer and permit the execution of every such power as though no such law had been enacted.

Any interest paid on this Note shall be increased to the extent necessary to pay Additional Amounts as set forth in this Note.

2. **Additional Amounts**

(a) All payments in respect of the Notes, made by or on behalf of the Issuer, a Guarantor or any successor person to the Issuer or any Guarantor (each a "**Successor Person**") (each a "**Payer**"), shall be made free and clear without withholding or deduction for, or on account of, any present or future taxes, duties, levies, imposts, assessments or other governmental charges (including, without limitation, penalties, interest and other similar liabilities related thereto) of whatever nature, (collectively, "**Taxes**") imposed or levied by or on behalf of any jurisdiction or any political subdivision or governmental authority thereof or therein having the power to tax where such Payer is incorporated, organized or otherwise resident for tax purposes or from or through which the Payer makes a payment on the Notes or its Guarantee or by the Kingdom of Spain (and any subdivision or governmental authority thereof or therein) (each, a "**Relevant Taxing Jurisdiction**"), unless the withholding or deduction of such Taxes is then required by law. If the Payer is required to withhold or deduct any amount for, or on account of, Taxes imposed or levied on behalf of a Relevant Taxing Jurisdiction from any payment made under or with respect to the Notes, the Payer shall pay such additional amounts (in the form of (i) in the case of PIK Interest, additional PIK Interest, and (ii) in other cases, cash) ("**Additional Amounts**") as may be necessary to ensure that the net amount received by each holder of the Notes (including Additional Amounts) after such withholding or deduction has been made shall be not less than the amount the holder would have received if such Taxes had not been required to be withheld or deducted.

[3] **NTD:** The date that is one and a half years from the Restructuring Effective Date.

[4] **NTD:** The date that is one and a half years from the Restructuring Effective Date.

(b) The Payer shall not be required to make any payment of Additional Amounts for or on account of

(i) any Taxes that are imposed or levied by a Relevant Taxing Jurisdiction by reason of (A) the holder's or a beneficial owner's present or former connection with such Relevant Taxing Jurisdiction (other than the mere acquisition or holding of Notes or by reason of the receipt of payments in respect thereunder or the exercise or enforcement of any rights under the Notes, the Indenture, or any Guarantee (including a connection between a fiduciary, settlor, beneficiary, member, partner or shareholder of, or possessor of power over, the relevant holder or beneficial owner, if the relevant holder or beneficial owner is an estate, nominee, trust, partnership or corporation, and the Relevant Taxing Jurisdiction), or (B) the presentation of a Note (where presentation is required) for payment on a date more than 30 days after the date on which such payment became due and payable or the date on which payment thereof is duly provided for, whichever occurs later, except to the extent that the beneficial owner or holder thereof would have been entitled to Additional Amounts had the Notes been presented for payment on any day during such 30 day period;

(ii) any estate, inheritance, gift, sales, excise, transfer, personal property or similar Tax;

(iii) any Tax which is payable otherwise than by withholding or deduction from payments made under or with respect to the Notes;

(iv) any Taxes that are imposed or withheld by reason of the failure by the holder or the beneficial owner of the Notes, following the Issuer's written request addressed to the holder or otherwise provided to the holder or beneficial owner (and made at a time that would enable the holder or beneficial owner acting reasonably to comply with that request) to provide certification, information, documents or other evidence concerning the nationality, residence or identity of the holder or such beneficial owner or to make any valid or timely declaration or similar claim or satisfy any other reporting requirements relating to such matters, whether required or imposed by statute, treaty, regulation or administrative practice of the Relevant Taxing Jurisdiction, as a precondition to exemption from, or reduction in the rate of withholding or deduction of, Taxes imposed by the Relevant Taxing Jurisdiction, including, for the avoidance of doubt, any Taxes that are imposed or withheld under Spanish law by reason of the Payer not receiving (either directly or through its agent) such information from a holder or beneficial owner as may be necessary to allow payments on the Notes to be made free and clear of Spanish withholding tax or deduction on account of Spanish taxes, pursuant to Law 10/2014 of June 26, Royal Decree 1065/2007 of July 27, as amended by Royal Decree 1145/2011 of July 29, and any implementing legislation or regulation;

(v) any Tax that is imposed on or with respect to a Note presented for payment (where presentation is required) on behalf of a holder or beneficial owner who would have been able to avoid such withholding or deduction by presenting the Note to another Paying Agent in a Member State of the European Union;

(vi) any Tax that would not have been imposed but for a failure by the holder or beneficial owner (or any financial institution through which the holder or beneficial owner holds

any Note through which payment on the Note is made) to comply with any certification, information, identification, documentation or other reporting requirements (including entering into and complying with an agreement with the U.S. Internal Revenue Service) imposed pursuant to Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended (or any intergovernmental agreement, or legislation enacted pursuant thereto, to implement such provisions) as in effect on the date of issuance of the Notes or any successor or amended version of these provisions, to the extent such successor or amended version is not materially more onerous than these provisions as enacted on such date; or

(vii) any combination of Taxes referred to in clauses (i) to (vi) above.

(c) Additional Amounts shall not be paid with respect to any payment made under or with respect to the Notes or any Guarantee in the case of a holder who is a fiduciary, a partnership or other than the sole beneficial owner of such payment, to the extent that such payment is required by the laws of the Relevant Taxing Jurisdiction to be included in the income, for tax purposes, of a beneficiary or settlor with respect to the fiduciary, a member of that partnership or a beneficial owner and such person would not have been entitled to the Additional Amounts had it been the holder of the Note or Guarantee.

(d) The Payer shall (i) make such withholding or deduction required by applicable law and (ii) remit the full amount withheld or deducted to the relevant taxing authority in accordance with applicable law.

(e) At least 30 calendar days prior to each date on which any payment under or with respect to the Notes is due and payable, if the Payer shall be obligated to pay Additional Amounts with respect to such payment (unless such obligation to pay Additional Amounts arises after the 30th day prior to the date on which payment under or with respect to the Notes is due and payable, in which case it shall be promptly thereafter), the Issuer shall deliver to the Trustee an Officer's Certificate stating that such Additional Amounts shall be payable and the amounts so payable and shall set forth such other information necessary to enable the Paying Agent to pay such Additional Amounts to holders on the relevant payment date. The Trustee shall, without further enquiry, be entitled to rely absolutely on each such Officer's Certificate as conclusive proof that such payments are necessary. The Issuer shall promptly publish a notice in accordance with Section 14.02 of the Indenture stating that such Additional Amounts shall be payable and describing the obligation to pay such amounts.

(f) Upon request, within a reasonable time the Payer shall provide the Trustee, to provide to the holders, certified copies of tax receipts evidencing the payment by the Payer of any Taxes imposed or levied by a Relevant Taxing Jurisdiction in such form as provided in the normal course by the taxing authority imposing such Taxes and as is reasonably available to the Payer. If, notwithstanding the reasonable efforts of the Payer to obtain such receipts, the same are not obtainable, the Payer shall provide the Trustee with a copy of the return reporting such payment or other evidence reasonably satisfactory to the Trustee of such payments by the Payer.

(g) In addition, the Parent Guarantor undertakes to indemnify, pay and maintain all holders of the Notes or the Guarantees harmless for all Taxes that are imposed under Spanish law on the payments received or income derived from the Notes or the Guarantees that (i) are not

compensated by the payment of Additional Amounts under the first paragraph of this "Additional Amounts" section; and that (ii) are not excluded under clauses (i) through (ii) and (iv) through (vii) of Section 4.16(b) of the Indenture, or any combination thereof. Furthermore, the Issuer shall pay any present or future stamp, issue, registration, court documentation, excise, or property taxes, or other similar Taxes imposed by or in any Relevant Taxing Jurisdiction, including any political jurisdiction thereof, in respect of the execution, issue, delivery or registration of the Notes, the Indenture, or the Guarantees, or any other document or instrument referred to thereunder and any such Taxes imposed by any jurisdiction as a result of, or in connection with, the enforcement of the Notes, the Guarantees, or any other such document or instrument following, and relating to, the occurrence of any Event of Default with respect to the Notes or the receipt of any payments with respect thereto (other than with respect to a transfer of the Notes following the initial sale of the Notes by the purchasers and limited, solely in the case of Taxes attributable to the receipt of any payments with respect thereto, to any such Taxes imposed in a Relevant Taxing Jurisdiction that are not excluded under clauses (i) through (ii) and (iv) through (vii) of Section 4.16(b) of the Indenture, or any combination thereof, and other than (i) any stamp duty, registration or other similar Taxes payable on or by reference to or in consequence of the transfer or assignment of the whole or any part of the rights of a holder of the Notes and (ii) any Luxembourg registration duties (*droits d'enregistrement*) payable due to registration, submission or filing of any finance document when such registration, submission or filing is or was not required to maintain or preserve the rights of any party under that finance document).

(h) Whenever the Indenture refers to, in any context, the payment of principal, premium, if any, interest or any other amount payable under or with respect to any Note (including payments thereof made pursuant to any Guarantee or in connection with a redemption of the Notes), such reference includes the payment of Additional Amounts, if applicable.

Provisions (a)-(h) above shall survive any termination, defeasance or discharge of the Indenture.

3. **Method of Payment**

The Issuer shall pay interest on this Note (except defaulted interest) to the persons who are registered Holders of this Note at the close of business on the Record Date for the next Interest Payment Date even if this Note is cancelled after the Record Date and on or before the Interest Payment Date. The Issuer shall pay principal and interest in euros in immediately available funds that at the time of payment is legal tender for payment of public and private debts; **provided**, **that** payment of interest may be made at the option of the Issuer by check mailed to the Holder.

The amount of payments in respect of interest on each Interest Payment Date shall correspond to the aggregate principal amount of Notes represented by the Regulation S Global Note and the Restricted Global Note, as established by the Registrar at the close of business on the relevant Record Date. Payments of principal shall be made upon surrender of the Regulation S Global Note and the Restricted Global Note to the Paying Agent.

PIK Interest shall be payable (a) with respect to Notes represented by one or more Global Notes registered in the name of, or held by, the Common Depositary on the relevant Record Date, by increasing the principal amount of the outstanding Global Note by an amount equal to the

amount of the PIK Interest for the applicable interest period (rounded up to the nearest whole U.S. dollar) (it being understood that subsequent interest payments on the Notes shall be calculated on such increased principal amount) and (b) with respect to Notes represented by certificated Notes, by issuing PIK Notes in certificated form to the Holders of the underlying Notes in an aggregate principal amount equal to the amount of interest for the applicable interest period (rounded up to the nearest whole U.S. dollar). The Trustee shall authenticate and deliver such PIK Notes in certificated form for original issuance to the Holders thereof on the relevant Record Date, as shown by the records of the register of such Holders. Following an increase in the principal amount of the outstanding Global Notes as a result of any PIK Interest, the Global Notes shall bear interest on such increased principal amount from and after the interest payment date in respect of which such PIK Interest was made. Any PIK Notes issued in certificated form shall be dated as of the applicable interest payment date, bear interest from and after such date and be issued with the description "PIK" on the face of such PIK Note.

Cash interest and PIK Interest shall be paid to Holders pro rata in accordance with their interests in this Note. Following an increase in the principal amount of this Note as a result of a payment as PIK Interest, this Note will bear interest on such increased principal amount from and after the date of such payment. Any PIK Notes issued in certificated form will be dated as of the applicable interest payment date and will bear interest from and after such date. All PIK Notes will mature on September 30, 2026.

Not less than ten Business Days prior to each interest payment date, the Issuer shall notify the Trustee in writing of the amount of cash interest and PIK Interest, respectively, to be made for such interest payment date, in each case in accordance with the terms of the Indenture. In the event the Issuer fails to timely deliver such notice (or in the case of acceleration or other prepayment of the Notes, if interest is due and owing on a date other than an interest payment date), the Issuer shall be deemed to have elected to pay PIK Interest for such interest payment date.

4. **Paying Agent**

The Issuer will make all payments, including principal of, premium, if any, and interest on the Notes, through an agent that it will maintain for these purposes. Initially that agent will be Global Loan Agency Services Limited.

5. **Indenture**

(c) Notwithstanding the foregoing, no such notice of redemption shall be given (a) earlier than 90 days prior to the earliest date on which the Payer would be obliged to make a payment of Additional Amounts or withholding if a payment in respect of the Notes or Guarantee, as the case may be, were then due and (b) unless at the time such notice is given, the obligation to pay Additional Amounts or withhold remains in effect.

(i) an Officer's Certificate stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing the conditions precedent to the right of the Issuer so to redeem have occurred (including that such obligation to pay such Additional Amounts cannot be avoided by the Payer taking reasonable measures available to it); and

(ii) an opinion of independent tax advisors of recognized standing qualified under the laws of the Relevant Taxing Jurisdiction and reasonably satisfactory to the Trustee to the effect that the Payer is or would be obligated to pay such Additional Amounts as the case may be, as a result of a Change in Tax Law.

The Trustee shall, without further investigation, be entitled to rely on such Officer's Certificate and opinion of tax advisors as conclusive proof that the conditions precedent to the right of the Issuer so to redeem have occurred.

Any redemption and notice may, in the Issuer's discretion, be subject to the satisfaction of one or more conditions precedent.

8. **Notice of Redemption**

The Issuer shall publish a notice of any optional redemption of the Notes described above in accordance with the provisions described under Section 3.04 of the Indenture. If the Notes are listed at such time on the Irish Stock Exchange, the Issuer shall inform the Irish Stock Exchange of the principal amount of the Notes that have not been redeemed in connection with any optional redemption. If less than all of the Notes are to be redeemed at any time, the Trustee shall select the Notes to be redeemed as follows: (i) if the Notes are listed on any securities exchange, in compliance with the requirements of the principal securities exchange on which the Notes are listed or (ii) if the Notes are not listed on any securities exchange, on a *pro rata* basis, by lot or by such method in accordance with Euroclear or Clearstream procedures, **provided**, **however**, **that** no such partial redemption shall reduce the portion of the principal amount of a Note not redeemed to less than €1.

9. **Repurchase at the Option of Holders**

If a Change of Control occurs, each holder of Notes shall have the right to require the Issuer (or the Parent Guarantor, if the Parent Guarantor makes the purchase offer referred to below) to repurchase all or any part (equal to €1,000 or any integral multiple of €1 in excess thereof) of that holder's Notes pursuant to an offer (a "**Change of Control Offer**") on the terms set forth in the Indenture. In the Change of Control Offer, the Issuer or the Parent Guarantor shall offer a payment in cash equal to 101% of the aggregate principal amount of Notes repurchased plus accrued and unpaid interest and Additional Amounts, if any, on the Notes repurchased, to the date of purchase (a "**Change of Control Payment**"). Within ten days following any Change of Control, the Issuer or the Parent Guarantor will (i) cause the Change of Control Offer to be published through (A) the newswire service of Bloomberg, or if Bloomberg does not then operate, any similar agency; and (B) if at the time of such notice the Notes are listed on the Irish Stock Exchange and the rules of the Irish Stock Exchange so require, in the Irish Times (or another leading newspaper of general

circulation in Ireland); and (ii) mail the Change of Control Offer to each registered holder. The Change of Control Offer will describe the transaction or transactions that constitute the Change of Control and will offer to repurchase the applicable series of Notes on the date (the "**Change of Control Payment Date**") specified therein, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed, pursuant to the procedures required by the Indenture and described in such notice. The Issuer or the Parent Guarantor will comply with the requirements of any securities laws and the regulations thereunder (including Rule 14e-1 under the Exchange Act) to the extent those laws and regulations are applicable in connection with the repurchase of the Notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the Indenture, the Issuer and the Parent Guarantor will comply with the applicable securities laws and regulations and will not be deemed to have breached their obligations under the Change of Control provisions of the Indenture by virtue of such conflict.

10. **Denominations**

The Notes are in denominations of €1,000 or any integral multiple of €1 in excess thereof of principal amount at maturity. The transfer of Notes may be registered, and Notes may be exchanged, as provided in the Indenture. The Registrar may require a Holder, among other things, to furnish appropriate endorsements and transfer documents and to pay any taxes and fees required by law or permitted by the Indenture.

11. **Unclaimed Money**

All moneys paid by the Issuer or any Guarantor to the Trustee or a Paying Agent for the payment of the principal of, or premium, if any, or interest on, any Notes that remain unclaimed at the end of two years after such principal, premium or interest has become due and payable may be repaid to the Issuer or any Guarantor, subject to applicable law, and the Holder of such Note thereafter may look only to the Issuer or any Guarantor for payment thereof.

12. **Discharge and Defeasance**

Subject to certain conditions, the Issuer at any time may terminate some or all of its obligations and the obligations of the Guarantors under the Notes, the Guarantees and the Indenture if the Issuer irrevocably deposits with the Trustee in euros or European Government Obligations for the payment of principal and interest on the Notes to redemption or maturity, as the case may be.

13. **Amendment, Supplement and Waiver**

(a) Without the consent of any holder of Notes, the Guarantors, the Issuer, the Trustee and the other parties thereto (if applicable) may amend or supplement the Indenture or the Notes:

(i) to cure any ambiguity, defect or inconsistency;

(ii) to provide for uncertificated Notes in addition to or in place of certificated Notes;

(iii) to provide for the assumption of the Parent Guarantor's or the Issuer's obligations to holders of Notes in the case of a merger, consolidation or sale of all or substantially all of the Parent Guarantor's assets;

(iv) to release any Guarantor in accordance with and if permitted by the terms and limitations set forth in the Indenture and to add a Guarantor under the Indenture;

(v) to make such changes as are necessary to provide for the issuance of Additional Notes in accordance with the limitations set forth in the Indenture;

(vi) to make any change that would provide any additional rights or benefits to the holders of Notes or additional covenants or other obligations of the Issuer or any Guarantor or that does not adversely affect the legal rights under the Indenture of any such holder in any material respect, including for the avoidance of doubt the addition of any co-issuer or any Guarantor becoming a co-issuer;

(vii) **[Reserved]**;

(viii) to evidence and provide for the acceptance and appointment under the Indenture of a successor Trustee thereunder pursuant to the requirements thereof; or

(ix) to provide for the issuance of Additional Notes in accordance with the terms of the Indenture.

The Subsidiary Guarantors (other than the relevant new Subsidiary Guarantor in the case of clause (iv) above) need not be a party to any amendment to the Indenture referred to in this paragraph.

For the avoidance of doubt, Articles 470-1 to 470-19 of the Luxembourg amended companies law dated August 10, 1915 do not apply and no noteholders' meetings need to be convened to collect any necessary consent.

(b) Except as provided in Section 9.02(b) of the Indenture, the Indenture, the Notes or the Guarantees may be modified, amended or supplemented with the consent of the Holders of at least a majority in principal amount of the Notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, the Notes) and any existing Default or compliance with any provision of the Indenture or the Notes may be waived with the consent of the Holders of a majority in principal amount of the then outstanding Notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, the Notes). Without the consent of the Holders of 90% (or, in the case of clause (ii)(C) below, 60%) of each series of then outstanding Notes, an amendment, modification or waiver may not (with respect to any such series of Notes held by a non-consenting holder):

(i) reduce the principal amount of Notes whose holders must consent to an amendment, supplement or waiver of provisions of the Indenture;

(ii) (A) reduce the principal (or Additional Amounts, if any) of or change the Stated Maturity of the principal of, or any installment of Additional Amounts or premium (other than in the circumstances referred to in (C) below), if any, or interest on, any Note, (B) alter the provisions with respect to the redemption of or premium on the Notes (other than provisions relating to Article Three of this Indenture or in the circumstances referred to in (C) below) or (C) in connection with any transaction involving or which, but for a redemption of the Notes in full, would otherwise result in a Change of Control, waive the requirement to pay, or reduce the amount of, a premium payable on a redemption on any Note;

(iii) reduce the rate of or change the time for payment of interest on any Note;

(iv) waive a Default or Event of Default in the payment of principal of, or interest or premium, or Additional Amounts, if any, on the Notes (except a rescission of acceleration of the Notes by the holders of at least a majority in aggregate principal amount of the Notes and a waiver of the payment default that resulted from such acceleration);

(v) modify the right to institute suit for the enforcement of any payment of any Note in accordance with the provisions of such Note and the Indenture;

(vi) make any Note payable in money other than that stated in the Notes;

(vii) impair the right of any Holder to receive payment of principal of, or interest or premium or Additional Amounts, if any, on such Holder's Notes on or after the due dates therefor or to institute suit for the enforcement of any such payment on or with respect to such Holder's Notes;

(viii) **[Reserved]**;

(ix) release the Issuer or any Guarantor from any of its obligations under the Notes, the Guarantees or the Indenture, except in accordance with the terms of the Indenture; or

(xi) make any change in the preceding amendment and waiver provisions.

The consent of the Holders is not necessary to approve the particular form of any proposed amendment, modification, supplement or waiver. It is sufficient if such consent approves the substance of the proposed amendment, modification, supplement or waiver.

For the avoidance of doubt, Articles 470-1 to 470-19 of the Luxembourg amended companies law dated August 10, 1915 do not apply and no noteholders' meetings need to be convened to collect any necessary consent.

14. **Defaults and Remedies**

In the case of an Event of Default under Section 6.01(a)(viii) and (ix) of the Indenture, all outstanding Notes shall become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the holders of at least 25% in principal amount of the then outstanding Notes may, and the Trustee, upon the request of such holders, shall declare all the Notes to be due and payable immediately.

Holders of the Notes may not enforce the Indenture or the Notes except as provided in the Indenture. Subject to certain limitations, holders of a majority in principal amount of the then outstanding Notes may direct the Trustee in its exercise of any trust or power.

15. **Intercreditor Agreement**

Each Holder by accepting this Note agrees that the Indenture, including the Guarantees, is subject to the limitations on enforcement and other terms of the Intercreditor Agreement and that such Holder may not take any enforcement action in respect of the Subsidiary Guarantees other than through the Trustee in accordance with the Indenture.

16. **Trustee Dealings with the Issuer**

Subject to certain limitations, the Trustee under the Indenture, in its individual or any other capacity, may become the owner or pledgee of Notes and may otherwise deal with and collect obligations owed to it by the Issuer, any Guarantor or any of their Affiliates with the same rights it would have if it were not Trustee. Any Paying Agent, Registrar, co-Registrar, or co-Paying Agent may do the same with like rights.

17. **No Recourse Against Others**

No director, officer, employee, incorporator or stockholder of the Issuer or any Guarantor, as such, shall have any personal liability for any obligations of the Issuer or such Guarantor under the Notes, the Indenture, the Intercreditor Agreement, the Guarantees or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder of Notes by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes.

18. **Authentication**

This Note shall not be valid until an authorized officer of the Trustee (or an authenticating agent) manually signs the certificate of authentication on the other side of this Note.

19. **Governing Law**

THIS NOTE SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK WITHOUT REGARD TO THE CONFLICT OF LAW RULES THEREOF. FOR THE AVOIDANCE OF DOUBT, ARTICLES 470-1 TO 470-19 OF THE LUXEMBOURG AMENDED COMPANIES LAW DATED AUGUST 10, 1915 DO NOT APPLY.

The Issuer or any Guarantor shall furnish to any Holder upon written request and without charge to the Holder a copy of the Indenture. Requests may be made to:

SCHEDULE B

AGREED SECURITY PRINCIPLES

1. **Agreed Security Principles**

1.1 The guarantees and security interests to be provided will be given in accordance with the Agreed Security Principles. This Schedule addresses the manner in which the Agreed Security Principles will impact on the guarantees and security interests that are proposed to be taken in relation to this transaction.

1.2 The Agreed Security Principles embody a recognition by all parties that there may be certain legal and practical difficulties in obtaining effective guarantees and security interests from members of the Group in jurisdictions in which it has been agreed that guarantees and security interests will be granted. In particular:

(a) general statutory limitations, financial assistance, corporate benefit, fraudulent preference, "thin capitalization" rules, tax restrictions, retention of title claims and similar principles may limit the ability of a member of the Group to provide a guarantee or security interest or may require that the guarantee or security interest be limited by an amount or otherwise. If any such limit applies, the guarantees and security interests provided will be limited to the maximum amount which the relevant member of the Group may provide having regard to applicable law (including any jurisprudence) and subject to fiduciary duties of management (a security interest will not be required if taking such a security interest would be reasonably likely to expose the directors of the relevant company to a risk of personal liability);

(b) a key factor in determining whether or not a guarantee or security interest shall be granted is the applicable cost (including adverse effects on interest deductibility and stamp duty, notarization and registration fees) which shall not be disproportionate to the benefit to the Secured Parties of obtaining such guarantee or security;

(c) the maximum guaranteed or secured amount may be limited to minimize stamp duty, notarization, registration or other applicable fees, taxes and duties where the benefit of increasing the granted or secured amount is disproportionate to the level of such fee, taxes and duties;

(d) members of the Group will not be required to give guarantees or enter into Security Documents if it is not within the legal capacity of the relevant members of the Group or if the same would conflict with the fiduciary duties of those directors or contravene any legal prohibition (including, without limitation, capital maintenance rules) or would be reasonably likely to result in personal or criminal liability on the part of any officer **provided that** the relevant member of the Group shall use reasonable endeavors to overcome any such obstacle;

(e) any assets subject to third party arrangements which may prevent those assets from being charged will be excluded from any relevant Security Document **provided that** reasonable endeavors to obtain consent to charging any such assets shall be used by the Group if the Security Agent determines the relevant asset to be material;

(f) for the avoidance of doubt, the parties acknowledge that any guarantees or security interests will (if customary in the relevant jurisdiction) be granted as an up-stream, cross-stream guarantee or downstream guarantee and secure all liabilities of the members of the Group under the Indenture and in accordance with the Agreed Security Principles in each relevant jurisdiction;

(g) the giving of a guarantee, the granting of a security interest or the perfection of the security interest granted will not be required if it would have a material adverse effect on the ability of the relevant Guarantor to conduct its operations and business in its ordinary course of trading as otherwise permitted by the Indenture, **provided that** the relevant member of the Group shall use reasonable endeavors to overcome any such obstacle. For the avoidance of doubt, it shall not be deemed that the giving of a guarantee, the granting of a security interest or the perfection of the security interest has a material adverse effect on the ability of the relevant Guarantor to conduct its operations and business if the ability of the relevant Guarantor to conduct its operations and business would or could be affected as a consequence of the enforcement of such guarantee or security interest; and

(h) to the extent possible, all security interests shall be granted in favor of the Security Agent and not the Secured Parties individually; "parallel debt" provisions will be used where necessary and such provisions will be contained in the Intercreditor Agreement and not the individual Security Documents unless required under local laws, it being understood that in no event will "parallel debt" provisions apply to Security Documents governed by Italian or Spanish law or guarantees provided by an Italian Guarantor or a Spanish Guarantor.

2. **Terms of Security Documents**

The following principles will be reflected in the terms of any security interest taken as part of this transaction:

(a) security interests will not be enforceable until an Event of Default has occurred which is continuing and any notice of acceleration or early redemption in connection therewith required to be given in accordance with the terms of the relevant Security Document has been given by the Trustee or Security Agent (as applicable);

(b) except as otherwise agreed between counsel to the Parent Guarantor and counsel to the Holders, the Security Documents should only operate to create security interests rather than to impose new commercial obligations. Accordingly, they should not contain any additional representations or undertakings unless these are covenants required for the creation, perfection, protection or preservation of the security

interest and are no more onerous than any equivalent representation or undertaking in the Indenture;

(c) the Collateral will be first ranking, to the extent possible;

(d) security interests will, where possible and practical, automatically create security over future assets of the same type as those already secured; where local law requires registration, registration of such security in the corporate documents shall be carried out; where local law requires supplemental or amendments to pledges, fiduciary transfers or fiduciary assignments to be delivered in respect of future acquired assets in order for effective security to be created over that class of asset, such supplemental or amendments to pledges fiduciary transfers or fiduciary assignments shall be provided at intervals no more frequent than three months (unless required more frequently under local law, advisable under standard market practice in order to ensure the enforceability or validity of the security interest or unless required otherwise by the relevant agreement in the case of newly issued shares);

(e) the relevant member of the Group shall use reasonable endeavors to assist in demonstrating that adequate corporate benefit (if any) accrues to each relevant member of the Group;

(f) the granting or perfection of security, when required, and other legal formalities will be completed as soon as practicable and, in any event, within the time periods specified in the Indenture, the respective Security Document or (if earlier or to the extent no such time periods are specified in the Indenture) within the time periods specified by applicable law in order to ensure due perfection;

(g) in respect of the share pledges:

(i) where a member of the Group pledges or transfers shares, a participation interest or quotas, the relevant Security Document will be governed by the laws of the company whose shares, participation interest or quotas are being pledged or transferred and not by the law of the country of the pledgor or transferor. Subject to the Agreed Security Principles, the shares, participation interest or quotas in each Guarantor (other than those identified in (i) below) shall be secured. The shares, participation interest or quotas held by a Guarantor in a Subsidiary that is not a Guarantor shall not be required to be the subject of security interests, unless that Subsidiary is a Material Subsidiary (or unless the shares, participation interest or quotas in such Subsidiary can be secured in a global security agreement such as an English law debenture, New York law global security agreement or similar);

(ii) until an Event of Default has occurred which is continuing, and until any notice of acceleration required to be given in accordance with the terms of the relevant Security Document has been given by the Trustee or the Security Agent (as applicable) in accordance with the terms of the relevant

Security Documents, the pledgors shall be permitted to retain and to exercise voting rights attached to any shares pledged by them in a manner which does not adversely affect the validity or enforceability of the security interest or cause an Event of Default to occur and the pledgors should be permitted to pay dividends upstream on pledged shares to the extent permitted under the Indenture. Once an Event of Default has occurred which is continuing, and any prior notice of acceleration required to be given in accordance with the terms of the relevant Security Document has been given by the Trustee or the Security Agent (as applicable), the Holders of the Notes may be entitled to exercise (through the Security Agent) political, legal and economic rights to any shares, interests or quotas pledged. The Issuer and the Guarantors and members of the Group undertake to carry out any amendments in the relevant pledged companies' bylaws if necessary to ensure effectiveness of this provision under the relevant local law and issue any power of attorney where required and in accordance with the relevant local law;

(vii) if any Security Document governed by Brazilian law is executed outside Brazil and in English language, the signatures of the relevant parties will have to be notarized and the document subject to apostille. Then, the relevant Security Document will have to be translated into Portuguese by an official translator (*tradução juramentada*) in Brazil for further registration;

(viii) the pledge over the shares of Codere Uruguay S.A. shall foresee the right to foreclose the pledge either extrajudicially or judicially;

(ix) the pledges over the shares of Codere Colombia S.A. and Codere Latam Colombia S.A. shall foresee the right to foreclose the pledge by direct payment, judicial enforcement or special enforcement. The pledge agreements will not be enforceable before Colombian authorities unless translated into Spanish by an official translator registered before the Ministry of External Relations (*Ministerio de Relaciones Exteriores*); and

(x) if required under local law, security over shares, participation interests or quotas will be registered subject to the Agreed Security Principles. Furthermore, for the fulfilment of the registration of any Security Document under Brazilian law, the translated version of the relevant document must be submitted for the registration.

(h) in respect of the security over intercompany receivables:

(i) if a member of the Group grants such security it shall be free to deal with those intercompany receivables in the course of its business until an Event of Default has occurred which is continuing and any notice of acceleration or early redemption in connection therewith has been given by the Trustee in accordance with the terms of the relevant Security Document;

(ii) if required under local law to perfect the security interests, or pursuant to any intercompany arrangements, notice of the security interests will be served on the relevant debtor within three Business Days of the security interest being granted (following the applicable local law requirements) and the relevant member of the Group shall obtain an acknowledgment of that notice within twenty Business Days of service; and

(iii) if required under local law, security over intercompany receivables will be registered subject to the Agreed Security Principles.

(i) the Secured Parties should only be able to exercise a power of attorney granted to them under a Security Document if an Event of Default has occurred which is continuing and any notice of acceleration or early redemption required to be given in connection therewith in accordance with the terms of the relevant Security Document has been given by the Trustee or after a failure with a further assurance, extension or perfection obligation (and any grace period applicable thereto has expired), but only to the extent necessary to comply with such further assurance, extension or perfection obligation;

(j) no security interest will be created over the shares in Alta Cordillera S.A. or Codematica S.R.L; and

(k) notwithstanding the foregoing in no event will any Restricted Group Members be required to (i) create any security interests over any assets other than shares in Material Subsidiaries (save where guarantees from Restricted Group Members are required in order for the Parent Guarantor to comply with Section 4.21 (*Additional Guarantors*) of the Indenture, in which case security over the shares of the relevant Guarantor(s) shall also be required) or (ii) enter into any control agreements or other control arrangements.

3. **Obligations to be secured**

The aggregate principal amount of the Restricted Dollar Global Note may from time to time be increased or decreased by adjustments made by the Registrar on Schedule A to the Restricted Dollar Global Note and recorded in the Security Register, as hereinafter provided, or, in the case of an increase resulting from the payment of PIK Interest, in accordance with the provisions of Section 2.13 and Exhibit A-1 hereto.

The Dollar Notes offered and sold in reliance on Regulation S shall be issued initially in the form of one or more Global Notes substantially in the form of Exhibit A-1 hereto, with such applicable legends as are provided in Exhibit A-1 hereto, except as otherwise permitted herein (the "**Regulation S Dollar Global Note**"), which shall be deposited on behalf of the purchasers of the Dollar Notes represented thereby with the Common Depositary, and registered in the name of the Common Depositary or its nominee, as the case may be, for the accounts of Euroclear and Clearstream, duly executed by the Issuers and authenticated by the Trustee (or its agent in accordance with Section 2.02) as hereinafter provided. The aggregate principal amount of the Regulation S Dollar Global Note may from time to time be increased or decreased by adjustments made by the Registrar on Schedule A to the Regulation S Dollar Global Note and recorded in the Security Register, as hereinafter provided, or, in the case of an increase resulting from the payment of PIK Interest, in accordance with the provisions of Section 2.13 and Exhibit A-1 hereto.

The Euro Notes offered and sold in reliance on Rule 144A shall be issued initially in the form of one or more Global Notes substantially in the form of Exhibit A-2 hereto, with such applicable legends as are provided in Exhibit A-2 hereto, except as otherwise permitted herein (the "**Restricted Euro Global Note**" and, together with the Restricted Dollar Global Note, the "**Restricted Global Notes**"), which shall be deposited on behalf of the purchasers of the Euro Notes represented thereby with the Common Depositary, and registered in the name of the Common Depositary or its nominee, as the case may be, for the accounts of Euroclear and Clearstream, duly executed by the Issuers and authenticated by the Trustee (or its agent in accordance with Section 2.02) as hereinafter provided. The aggregate principal amount of the Restricted Euro Global Note may from time to time be increased or decreased by adjustments made by the Registrar on Schedule A to the Restricted Euro Global Note and recorded in the Security Register, as hereinafter provided, or, in the case of an increase resulting from the payment of PIK Interest, in accordance with the provisions of Section 2.13 and Exhibit A-2 hereto.

The Euro Notes offered and sold in reliance on Regulation S shall be issued initially in the form of one or more Global Notes substantially in the form of Exhibit A-2 hereto, with such applicable legends as are provided in Exhibit A-2 hereto, except as otherwise permitted herein (the "**Regulation S Euro Global Note**" and, together with the Regulation S Dollar Global Note, the "**Regulation S Global Notes**"), which shall be deposited on behalf of the purchasers of the Regulation S Euro Global Notes represented thereby with the Common Depositary, and registered in the name of the Common Depositary or its nominee, as the case may be, for the accounts of Euroclear and Clearstream, duly executed by the Issuers and authenticated by the Trustee (or its agent in accordance with Section 2.02) as hereinafter provided. The aggregate principal amount

of the Regulation S Euro Global Note may from time to time be increased or decreased by adjustments made by the Registrar on Schedule A to the Regulation S Euro Global Note and recorded in the Security Register, as hereinafter provided, or, in the case of an increase resulting from the payment of PIK Interest, in accordance with the provisions of Section 2.13 and Exhibit A-2 hereto.

(c) **Book-Entry Provisions**. This Section 2.01(c) shall apply to the Regulation S Global Notes and the Restricted Global Notes (collectively, the "**Global Notes**") deposited with or on behalf of the Common Depositary.

Members of, or participants and account holders in, Euroclear and Clearstream ("**Participants**") shall have no rights under this Indenture with respect to any Global Note held on their behalf by the Common Depositary or its nominee or by the Trustee, and the Common Depositary or its nominee may be treated by the Issuers, the Trustee and any agent of the Issuers or the Trustee as the sole owner of such Global Note for all purposes whatsoever. Notwithstanding the foregoing, nothing herein shall prevent the Issuers, the Trustee or any agent of the Issuers or the Trustee from giving effect to any written certification, proxy or other authorization furnished by the Common Depositary or impair, as between the Common Depositary, on the one hand, and the Participants, on the other, the operation of customary practices of such persons governing the exercise of the rights of a Holder of a beneficial interest in any Global Note.

The registered Holder of a Global Note may grant proxies and otherwise authorize any Person, including Participants and Persons that may hold interests through Participants, to take any action that a Holder is entitled to take under this Indenture or the Notes.

Except as provided in Section 2.10, owners of a beneficial interest in Global Notes shall not be entitled to receive physical delivery of certificated Notes.

Section 2.02. **Execution and Authentication**. An Officer of each of the Issuers shall sign the Notes on behalf of the Issuers by manual or facsimile signature.

If an authorized director of either Issuer whose signature is on a Note no longer holds that office at the time the Trustee or the authenticating agent (as the case may be) authenticates the Note, the Note shall be valid nevertheless.

A Note shall not be valid or obligatory for any purpose until an authorized signatory of the Trustee or, as the case may be, an authenticating agent manually signs the certificate of authentication on the Note. The signature shall be conclusive evidence that the Note has been authenticated under this Indenture.

The Trustee or the authenticating agent shall, as soon as reasonably practicable following receipt of a written order signed by at least one Officer and delivered to the Trustee or authenticating agent (an "**Issuer Order**"), authenticate the Notes and any Additional Notes, from time to time, subject to compliance at the time of issuance of such Additional Notes with the provisions of Section 4.06 of this Indenture. No issue of Additional Notes shall utilize the same ISIN or Common Code number as Notes already issued hereunder unless the Additional Notes are fungible with the Notes already issued for U.S. federal income tax purposes. The aggregate

principal amount of Notes outstanding shall not exceed the amount authorized for issuance by the Issuer pursuant to one or more Issuer Orders, except as provided in Sections 2.07 and 2.15.

The Trustee may appoint an authenticating agent reasonably acceptable to the Issuers and at the expense of the Issuers to authenticate the Notes. Unless limited by the terms of such appointment, any such authenticating agent may authenticate Notes whenever the Trustee may do so. Each reference in this Indenture to authentication by the Trustee includes authentication by any such agent. An authenticating agent has the same rights as any Registrar, co-Registrar, Transfer Agent or Paying Agent to deal with the Issuers or an Affiliate of the Issuers.

The Trustee or an authenticating agent shall have the right to decline to authenticate and deliver any Notes under this Section 2.02 if the Trustee, being advised by counsel, determines that such action may not lawfully be taken or if the Trustee or an authenticating agent in good faith shall determine that such action would expose the Trustee or an authenticating agent to personal liability to existing Holders.

Section 2.03. **Registrar, Transfer Agent and Paying Agent**. The Issuers shall maintain an office or agency for the registration of the Notes and of their transfer or exchange (the "**Registrar**"), an office or agency where Notes may be transferred or exchanged (the "**Transfer Agent**"), an office or agency where the Notes may be presented for payment (the "**Paying Agent**") and an office or agency where notices or demands to or upon the Issuers in respect of the Notes may be served. The Issuers may appoint one or more Transfer Agents, one or more co-Registrars and one or more additional Paying Agents. The Transfer Agent shall be appointed for record keeping purposes for so long as any Notes are represented by Global Notes held by the Common Depositary and all transfers of interests in the Notes, shall be effected through the book-entry systems of Euroclear and Clearstream.

The Issuers shall maintain a Transfer Agent in the United States. The Issuers may appoint one or more Transfer Agents, one or more co-Registrars and one or more additional Paying Agents. The Parent Guarantor or any of its Subsidiaries may act as Transfer Agent, Registrar, co-Registrar, Paying Agent and agent for service of notices and demands in connection with the Notes; **provided**, **however**, **that** neither the Parent Guarantor nor any of its Subsidiaries shall act as Paying Agent for the purposes of Article Three, Article Eight and Sections 4.11 and 4.15 of this Indenture.

The Issuers hereby appoint (i) the office of GLAS Americas LLC, located at the address set forth in Section 15.02, as Registrar and Transfer Agent and (ii) Global Loan Agency Services Limited, located at the address set forth in Section 15.02 as Paying Agent in London, United Kingdom. Global Loan Agency Services Limited hereby accepts such appointment. The Paying Agent, Registrar and Transfer Agent and any authenticating agent are collectively referred to in this Indenture as the "**Agents**". Each such Agent hereby accepts such appointments. The roles, duties and functions of the Agents are of a mechanical nature and each Agent shall only perform those acts and duties as specifically set out in this Indenture and no other acts, covenants, obligations or duties shall be implied or read into this Indenture against any of the Agents. For the avoidance of doubt, a Paying Agent's obligation to disburse any funds shall be subject to prior receipt by it of those funds to be disbursed before the deadlines referred to in this Indenture or otherwise required by the Paying Agent.

Subject to any applicable laws and regulations, the Issuers shall cause the Registrar to keep a register (the "**Security Register**") at its corporate trust office in which, subject to such reasonable regulations it may prescribe, the Issuers shall provide for the registration of ownership, exchange, and transfer of the Notes. Such registration in the Security Register shall be conclusive evidence of the ownership of Notes. Included in the books and records for the Notes shall be notations as to whether such Notes have been paid, exchanged or transferred, canceled, lost, stolen, mutilated or destroyed and whether such Notes have been replaced. In the case of the replacement of any of the Notes, the Registrar shall keep a record of the Note so replaced and the Note issued in replacement thereof. In the case of the cancellation of any of the Notes, the Registrar shall keep a record of the Note so canceled and the date on which such Note was canceled.

The Issuers shall enter into an appropriate agency agreement with any Paying Agent or co-Registrar not a party to this Indenture, as necessary. The agreement shall implement the provisions of this Indenture that relate to such agent. The Issuers shall notify the Trustee of the name and address of any such agent. If the Issuers fail to maintain a Registrar or Paying Agent, the Trustee may act as such and shall be entitled to appropriate compensation therefor pursuant to Section 7.06.

Section 2.04. **Paying Agent to Hold Money**. Not later than 9:00 am (London time) on the Business Day prior to each due date of the principal, premium, if any, and interest on any Notes, the Issuers shall deposit with the Paying Agent money in immediately available funds in dollars or euros, as applicable, sufficient to pay such principal, premium, if any, and interest so becoming due on the due date for payment under the Notes. The Issuers shall require each Paying Agent other than the Trustee to agree in writing that such Paying Agent shall hold for the benefit of the Holders or the Trustee all money held by the Paying Agent for the payment of principal of, premium, if any, and interest on the Notes (whether such money has been paid to it by the Issuers or any other obligor on the Notes), and such Paying Agent shall promptly notify the Trustee of any default by the Issuers (or any other obligor on the Notes) in making any such payment. The Issuers at any time may require a Paying Agent to pay all money held by it to the Trustee and account for any funds disbursed, and the Trustee may at any time during the continuance of any payment default, upon written request to a Paying Agent, require such Paying Agent to pay all money held by it to the Trustee and to account for any funds disbursed. Upon doing so, the Paying Agent shall have no further liability for the money so paid over to the Trustee. If the Issuers or any Affiliate of the Issuers acts as Paying Agent, it shall, on or before each due date of any principal, premium, if any, or interest on the Notes, segregate and hold in a separate trust fund for the benefit of the Holders a sum of money sufficient to pay such principal, premium, if any, or interest so becoming due until such sum of money shall be paid to such Holders or otherwise disposed of as provided in this Indenture, and shall promptly notify the Trustee of its action or failure to act. At either Issuer's written request, the Paying Agent will complete for an Interest Payment Date the supplementary annex set forth in Exhibit D hereto. The Paying Agent shall have no duty or responsibility to comply with any tax obligations arising out of this Indenture and shall not be liable for any amounts owed to any person, entity or government authority due to its failure to properly complete the supplementary annex referred to in Exhibit D. For the avoidance of doubt, the Paying Agent and the Trustee shall be held harmless and have no liability with respect to payments or disbursements to be made by the Paying Agent and Trustee (i) for which payment instructions are not made or that are not otherwise deposited by the respective times set forth in this Section 2.04, (ii) and until they have confirmed receipt of funds sufficient to make the relevant payment.

Section 2.05. **Holders List**. The Registrar shall preserve in as current a form as is reasonably practicable the most recent list available to it of the names and addresses of Holders. If the Trustee is not the Registrar, the Issuers shall furnish to the Trustee, in writing no later than the Record Date for each Interest Payment Date and at such other times as the Trustee may request in writing, a list in such form and as of such Record Date as the Trustee may reasonably require of the names and addresses of Holders, including the aggregate principal amount of Notes held by each Holder, which, for the avoidance of doubt, includes custodian holders of record of the Notes, including Euroclear and Clearstream.

Section 2.06. **Transfer and Exchange**. (a) Where Notes are presented to the Registrar or a co-Registrar with a request to register a transfer or to exchange them for an equal principal amount of Notes of other denominations, the Registrar shall register the transfer or make the exchange in accordance with the requirements of this Section 2.06. To permit registrations of transfers and exchanges, the Issuers shall execute and the Trustee (or the authenticating agent) shall, upon receipt of an Issuers' order, authenticate and deliver, in the name of the designated transferee or transferees, one or more new Notes, of any authorized denominations and of a like aggregate principal amount, at the Registrar's request; **provided that** no Note of less than $200,000 (in the case of Dollar Notes) or €100,000 (in the case of Euro Notes) may be transferred or exchanged. No service charge shall be made for any registration of transfer or exchange of Notes (except as otherwise expressly permitted herein), but the Issuers may require payment of a sum sufficient to cover any agency fee or similar charge payable in connection with any such registration of transfer or exchange of Notes (other than any agency fee or similar charge payable upon exchanges pursuant to Sections 2.10, 3.07 or 9.05 or in accordance with an Asset Sale Offer pursuant to Section 4.11 or Change of Control Offer pursuant to Section 4.15, not involving a transfer).

Upon presentation for exchange or transfer of any Note as permitted by the terms of this Indenture and by any legend appearing on such Note, such Note shall be exchanged or transferred upon the Security Register and one or more new Notes shall be authenticated and issued in the name of the Holder (in the case of exchanges only) or the transferee, as the case may be. No exchange or transfer of a Note shall be effective under this Indenture unless and until such Note has been registered in the name of such Person in the Security Register. Furthermore, the exchange or transfer of any Note shall not be effective under this Indenture unless the request for such exchange or transfer is made by the Holder or by a duly authorized attorney-in-fact at the office of the Registrar.

Every Note presented or surrendered for registration of transfer or for exchange shall (if so required by the Issuers or the Registrar) be duly endorsed, or be accompanied by a written instrument or transfer, in form satisfactory to the Issuers and the Registrar, duly executed by the Holder thereof or his attorney duly authorized in writing.

All Notes issued upon any registration of transfer or exchange of Notes shall be the valid obligations of the Issuers evidencing the same indebtedness, and entitled to the same benefits under this Indenture, as the Notes surrendered upon such registration of transfer or exchange.

Neither Issuer nor the Trustee, Registrar or any Paying Agent shall be required (i) to issue, register the transfer of, or exchange any Note during a period beginning at the opening of 15 Business Days before the day of the mailing of a notice of redemption of Notes selected for

redemption under Section 3.02 and ending at the close of business on the day of such mailing, or (ii) to register the transfer of or exchange any Note so selected for redemption in whole or in part, except the unredeemed portion of any Note being redeemed in part.

(a) Notwithstanding any provision to the contrary herein, so long as a Global Note remains outstanding and is held by or on behalf of the Common Depositary, transfers of a Global Note, in whole or in part, or of any beneficial interest therein, shall only be made in accordance with Section 2.01(c), Section 2.06(a) and this Section 2.06(b); **provided**, **however**, **that** a beneficial interest in a Global Note may be transferred to Persons who take delivery thereof in the form of a beneficial interest in the same Global Note in accordance with the transfer restrictions set forth below and in the restricted Note legend on the Note, if any.

(i) Except for transfers or exchanges of beneficial interests in a Global Note made in accordance with any of clauses (ii), (iii) or (iv) of this Section 2.06(b), transfers of a Global Note shall be limited to transfers of such Global Note in whole, but not in part, to nominees of the Common Depositary or to a successor of the Common Depositary or such successor's nominee.

(ii) **Restricted Dollar Global Note to Regulation S Dollar Global Note**. If the Holder of a beneficial interest in the Restricted Dollar Global Note at any time wishes to exchange its interest in such Restricted Dollar Global Note for an interest in the Regulation S Dollar Global Note, or to transfer its interest in such Restricted Dollar Global Note to a Person who wishes to take delivery thereof in the form of a beneficial interest in the Regulation S Dollar Global Note, such transfer or exchange may be effected, only in accordance with this clause (ii) and the rules and procedures of Euroclear and Clearstream, in each case to the extent applicable (the "**Applicable Procedures**"). Upon receipt by the Registrar from the Transfer Agent of (A) written instructions directing the Registrar to credit or cause to be credited an interest in the Regulation S Dollar Global Note in a specified principal amount and to cause to be debited an interest in the Restricted Dollar Global Note in such specified principal amount, and (B) a certificate in the form of Exhibit B attached hereto given by the Holder of such beneficial interest stating that the transfer of such interest has been made in compliance with the transfer restrictions applicable to the Global Notes and (x) pursuant to and in accordance with Regulation S or (y) that the interest in the Restricted Dollar Global Note being transferred is being transferred in a transaction permitted by Rule 144, then the Registrar shall instruct the Common Depositary to reduce or cause to be reduced the principal amount of the Restricted Dollar Global Note and to increase or cause to be increased the principal amount of the Regulation S Dollar Global Note by the aggregate principal amount of the interest in the Restricted Dollar Global Note to be exchanged or transferred.

(iii) **Regulation S Dollar Global Note to Restricted Dollar Global Note**. If the Holder of a beneficial interest in the Regulation S Dollar Global Note at any time wishes to transfer such interest to a Person who wishes to take delivery thereof in the form of a beneficial interest in the Restricted Dollar Global Note, such transfer may be effected only in accordance with this clause (iii) and the Applicable Procedures. Upon receipt by the Registrar from the Transfer Agent of (A) written instructions directing the Registrar to credit or cause to be credited an interest in the Restricted Dollar Global Note in a specified principal amount and to cause to be debited an interest in the Regulation S Dollar Global Note in such specified principal

amount, and (B) a certificate in the form of Exhibit C attached hereto given by the Holder of such beneficial interest stating that the transfer of such interest has been made in compliance with the transfer restrictions applicable to the Global Notes and stating that (x) the Person transferring such interest reasonably believes that the Person acquiring such interest is a QIB and is obtaining such interest in a transaction meeting the requirements of Rule 144A and any applicable securities laws of any state of the United States or (y) that the Person transferring such interest is relying on an exemption other than Rule 144A from the registration requirements of the Securities Act and, in such circumstances, such opinion of counsel as the Issuers or the Trustee may reasonably request to ensure that the requested transfer or exchange is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act, then the Registrar shall instruct the Common Depositary to reduce or cause to be reduced the principal amount of the Regulation S Dollar Global Note and to increase or cause to be increased the principal amount of the Restricted Dollar Global Note by the aggregate principal amount of the interest in such Regulation S Dollar Global Note to be exchanged or transferred.

(iv) **Restricted Euro Global Note to Regulation S Euro Global Note**. If the Holder of a beneficial interest in the Restricted Euro Global Note at any time wishes to exchange its interest in such Restricted Euro Global Note for an interest in the Regulation S Euro Global Note, or to transfer its interest in such Restricted Euro Global Note to a Person who wishes to take delivery thereof in the form of a beneficial interest in the Regulation S Euro Global Note, such transfer or exchange may be effected, only in accordance with this clause (iv) and the Applicable Procedures. Upon receipt by the Registrar from the Transfer Agent of (A) written instructions directing the Registrar to credit or cause to be credited an interest in the Regulation S Euro Global Note in a specified principal amount and to cause to be debited an interest in the Restricted Euro Global Note in such specified principal amount, and (B) a certificate in the form of Exhibit B attached hereto given by the Holder of such beneficial interest stating that the transfer of such interest has been made in compliance with the transfer restrictions applicable to the Global Notes and (x) pursuant to and in accordance with Regulation S or (y) that the interest in the Restricted Euro Global Note being transferred is being transferred in a transaction permitted by Rule 144, then the Registrar shall instruct the Common Depositary to reduce or cause to be reduced the principal amount of the Restricted Euro Global Note and increase or cause to be increased the principal amount of the Regulation S Euro Global Note by the aggregate principal amount of the interest in the Restricted Euro Global Note to be exchanged or transferred.

(v) **Regulation S Euro Global Note to Restricted Euro Global Note**. If the Holder of a beneficial interest in the Regulation S Euro Global Note at any time wishes to transfer such interest to a Person who wishes to take delivery thereof in the form of a beneficial interest in the Restricted Euro Global Note, such transfer may be effected only in accordance with this clause.

(vi) and the Applicable Procedures. Upon receipt by the Registrar from the Transfer Agent of (A) written instructions directing the Registrar to credit or cause to be credited an interest in the Restricted Euro Global Note in a specified principal amount and to cause to be debited an interest in the Regulation S Euro Global Note in such specified principal amount, and (B) a certificate in the form of Exhibit C attached hereto given by the Holder of such beneficial interest stating that the transfer of such interest has been made in compliance with the transfer restrictions applicable to the Global Notes and stating that (x) the Person transferring such interest

reasonably believes that the Person acquiring such interest is a QIB and is obtaining such interest in a transaction meeting the requirements of Rule 144A and any applicable securities laws of any state of the United States or (y) that the Person transferring such interest is relying on an exemption other than Rule 144A from the registration requirements of the Securities Act and, in such circumstances, such opinion of counsel as the Issuers or the Trustee may reasonably request to ensure that the requested transfer or exchange is being made pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act, then the Registrar shall instruct the Common Depositary to reduce or cause to be reduced the principal amount of the Regulation S Euro Global Note and to increase or cause to be increased the principal amount of the Restricted Euro Global Note by the aggregate principal amount of the interest in such Regulation S Euro Global Note to be exchanged or transferred.

(vii) **Global Notes to certificated Notes**. In the event that a Global Note is exchanged for Notes in certificated, registered form pursuant to Section 2.10, such Notes may be exchanged only in accordance with such procedures as are substantially consistent with the provisions of clauses (ii) and (iii) above (including the certification requirements intended to ensure that such transfers comply with Rule 144A or Regulation S under the Securities Act, as the case may be) and such other procedures as may from time to time be adopted by the Issuers and the Trustee.

(b) If Notes are issued upon the transfer, exchange or replacement of Notes bearing the restricted Notes legends set forth in Exhibit A-1 or Exhibit A-2 hereto, as applicable, the Notes so issued shall bear the restricted Notes legends, and a request to remove such restricted Notes legends from Notes shall only be honored at the option of the Issuers and if there is delivered to the Issuers such satisfactory evidence, which may include an opinion of counsel licensed to practice law in the State of New York, as may be reasonably required by the Issuers, that neither the legend nor the restrictions on transfer set forth therein are required to ensure that transfers thereof comply with the provisions of Rule 144A and the applicable holding period under Rule 144(d) of the Securities Act. Upon provision of such satisfactory evidence and at the option of the Issuers, the Trustee, at the direction of the Issuers, shall (or shall direct the authenticating agent to) authenticate and deliver Notes that do not bear the legend.

(c) The Trustee shall have no responsibility for any actions taken or not taken by Euroclear or Clearstream, as the case may be.

Section 2.07. **Replacement Notes**. If a mutilated certificated Note is surrendered to the Registrar or if the Holder claims that the Note has been lost, destroyed or wrongfully taken, the Issuers shall issue and the Trustee shall (or shall direct the authenticating agent to), as soon as reasonably practicable following receipt of an Issuer Order, authenticate a replacement Note in such form as the Note mutilated, lost, destroyed or wrongfully taken if the Holder satisfies any other reasonable requirements of the Trustee or the Issuers. If required by the Trustee or the Issuers, such Holder shall furnish an indemnity bond sufficient in the judgment of the Issuers and the Trustee to protect the Issuers, the Trustee, the Paying Agent, the Transfer Agent, the Registrar and any co-Registrar and any authenticating agent from any loss that any of them may suffer if a Note is replaced. The Issuers and the Trustee may charge the Holder for their expenses in replacing a Note.

Every replacement Note shall be an additional obligation of the Issuers.

Section 2.08. **Outstanding Notes**. Notes outstanding at any time are all Notes authenticated by the Trustee (or the authenticating agent) except for those cancelled by it, those delivered to it for cancellation and those described in this Section 2.08 as not outstanding. A Note does not cease to be outstanding because either Issuer or an Affiliate of either Issuer holds the Note.

If a Note is replaced pursuant to Section 2.07, it ceases to be outstanding unless the Trustee and the Issuers receive proof satisfactory to them that the Note which has been replaced is held by a *bona fide* purchaser.

If the Paying Agent segregates and holds, in accordance with this Indenture, on a Redemption Date or maturity date money sufficient to pay all principal, premium, if any, interest and Additional Amounts, if any, payable on that date with respect to the Notes (or portions thereof) to be redeemed or maturing, as the case may be, and the Paying Agent is not prohibited from paying such money to the Holders on that date pursuant to the terms of this Indenture or the Intercreditor Agreement, then on and after that date such Notes (or portions thereof) cease to be outstanding and interest on them ceases to accrue.

Section 2.09. **Notes Held by Issuers**. In determining whether the Holders of the required principal amount of Notes have concurred in any direction or consent or any amendment, modification or other change to this Indenture, Notes owned by either Issuer or by an Affiliate of either Issuer shall be disregarded and treated as if they were not outstanding, except that for the purposes of determining whether the Trustee shall be protected in relying on any such direction, waiver or consent or any amendment, modification or other change to this Indenture, only Notes which a Trust Officer of the Trustee actually knows are so owned shall be so disregarded. Notes so owned which have been pledged in good faith shall not be disregarded if the pledgee establishes to the satisfaction of the Trustee the pledgee's right so to act with respect to the Notes and that the pledgee is not either Issuer or an Affiliate of either Issuer.

Section 2.10. **Certificated Notes**. A Global Note deposited with the Common Depositary pursuant to Section 2.01 shall be transferred to the beneficial owners thereof in the form of certificated Notes only if such transfer complies with Section 2.06 and (i) Euroclear or Clearstream, as applicable, (A) notifies the Issuers that it is unwilling or unable to continue to act as depositary for the Global Notes or (B) has ceased to be a clearing agency registered under the Exchange Act and, in either case, a successor depositary is not appointed by the Issuers within 120 days of such notice, or (ii) the Issuers, at their option, execute and deliver to the Trustee a notice that such Global Note be so transferable, registrable and exchangeable, or (iii) an Event of Default, or an event which after notice or lapse of time or both would be an Event of Default, has occurred and is continuing with respect to the Notes or (iv) the issuance of such certificated Notes is necessary in order for a Holder or beneficial owner to present its Note or Notes to a Paying Agent in order to avoid any Tax that is imposed on or with respect to a payment made to such Holder or beneficial owner. Notice of any such transfer shall be given by the Issuers in accordance with the provisions of Section 15.02(a).

(a) Any Global Note that is transferable to the beneficial owners thereof in the form of certificated Notes pursuant to this Section 2.10 shall be surrendered by the Common Depositary to the Transfer Agent, to be so transferred, in whole or from time to time in part, without charge, and the Trustee shall itself or via the authenticating agent authenticate and deliver, as soon as reasonably practicable following such transfer of each portion of such Global Note, an

equal aggregate principal amount at Stated Maturity of Notes of authorized denominations in the form of certificated Notes. Any portion of a Global Note transferred or exchanged pursuant to this Section 2.10 shall be executed, authenticated and delivered only in registered form (i) with respect to Dollar Notes, in minimum denominations of $200,000 and any integral multiples of $1 in excess thereof and registered in such names as the Common Depositary shall direct and (ii) with respect to Euro Notes, in minimum denominations of €100,000 and any integral multiples of €1 in excess thereof and registered in such names as the Common Depositary shall direct. Subject to the foregoing, a Global Note is not exchangeable except for a Global Note of like denomination to be registered in the name of the Common Depositary or its nominee. In the event that a Global Note becomes exchangeable for certificated Notes, payment of principal, premium, if any, and interest on the certificated Notes shall be payable, and the transfer of the certificated Notes shall be registrable, at the office or agency of the Issuers maintained for such purposes in accordance with Section 2.03. Such certificated Notes shall bear the applicable legends set forth in Exhibit A-1 or Exhibit A-2 hereto, as applicable.

(b) In the event of the occurrence of any of the events specified in Section 2.10(a), the Issuers shall promptly make available to the Trustee and the authenticating agent a reasonable supply of certificated Notes in definitive, fully registered form without interest coupons.

Section 2.11. **Cancellation**. The Issuers at any time may deliver Notes to the Trustee for cancellation. The Registrar shall forward to the Trustee any Notes surrendered to them for registration of transfer, exchange or payment. The Trustee, in accordance with its customary procedures, and no one else shall cancel (subject to the record retention requirements of the Exchange Act and the Trustee's retention policy) all Notes surrendered for registration of transfer, exchange, payment or cancellation and dispose of such cancelled Notes in its customary manner. Except as otherwise provided in this Indenture the Issuers may not issue new Notes to replace Notes it has redeemed, paid or delivered to the Trustee for cancellation.

Section 2.12. **Defaulted Interest**. Any interest on any Note that is payable, but is not punctually paid or duly provided for, on the dates and in the manner provided in the Notes and this Indenture (all such interest herein called "Defaulted Interest") shall forthwith cease to be payable to the Holder on the relevant Record Date by virtue of having been such Holder, and such Defaulted Interest may be paid by the Issuers, at their election in each case, as provided in clause (a) or (b) below:

(a) The Issuers may elect to make payment of any Defaulted Interest to the Persons in whose names the Notes are registered at the close of business on a special record date for the payment of such Defaulted Interest, which shall be fixed in the following manner. The Issuers shall notify the Trustee in writing of the amount of Defaulted Interest proposed to be paid on each Note and the date of the proposed payment, and at the same time the Issuers may deposit with the Trustee an amount of money equal to the aggregate amount proposed to be paid in respect of such Defaulted Interest; or shall make arrangements satisfactory to the Trustee for such deposit prior to the date of the proposed payment, such money when deposited to be held in trust for the benefit of the Persons entitled to such Defaulted Interest as provided in this clause. In addition, the Issuers shall fix a special record date for the payment of such Defaulted Interest, such date to be not more than 15 days and not less than 10 days prior to the proposed payment date and not less

than 15 days after the receipt by the Trustee of the notice of the proposed payment date. The Issuers shall promptly but, in any event, not less than 15 days prior to the special record date, notify the Trustee of such special record date and, in the name and at the expense of the Issuers, the Trustee shall cause notice of the proposed payment date of such Defaulted Interest and the special record date therefor to be mailed first-class, postage prepaid to each Holder as such Holder's address appears in the Security Register, not less than 10 days prior to such special record date. Notice of the proposed payment date of such Defaulted Interest and the special record date therefor having been so mailed, such Defaulted Interest shall be paid to the Persons in whose names the Notes are registered at the close of business on such special record date and shall no longer be payable pursuant to clause (b) below.

(b) The Issuers may make payment of any Defaulted Interest on the Notes in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Notes may be listed, and upon such notice as may be required by such exchange, if, after notice given by the Issuers to the Trustee of the proposed payment date pursuant to this clause, such manner of payment shall be deemed reasonably practicable.

Subject to the foregoing provisions of this Section 2.12, each Note delivered under this Indenture upon registration of transfer of or in exchange for or in lieu of any other Note shall carry the rights to interest accrued and unpaid, and to accrue, which were carried by such other Note.

Section 2.13. **Computation of Interest**. Interest on the Notes shall be computed on the basis of a 360-day year of twelve 30-day months.

The payment of PIK Interest shall be calculated and paid in the manner set forth in the form of Notes attached as Exhibit A-1 and Exhibit A-2 hereto. Interest, if payable in the form of PIK Notes, on any definitive Notes will be payable by the Issuer in delivering to the Trustee and the Paying Agent such PIK Notes in the relevant amount as definitive Notes and an order to authenticate such PIK Notes.

Section 2.14. **ISIN and Common Code Numbers**. The Issuers in issuing the Notes may use ISIN and Common Code numbers (if then generally in use), and, if so, the Trustee shall use ISIN and Common Code numbers, as appropriate, in notices of redemption as a convenience to Holders; **provided that** any such notice may state that no representation is made as to the correctness of such numbers or codes either as printed on the Notes or as contained in any notice of a redemption and that reliance may be placed only on the other identification numbers printed on the Notes, and any such redemption shall not be affected by any defect in or omission of such numbers. The Issuers shall promptly notify the Trustee of any change in the ISIN or Common Code numbers.

Section 2.15. **Issuance of Additional Notes**. The Issuers may, subject to Section 4.06 of this Indenture, issue Additional Dollar Notes under this Indenture from time to time in accordance with the procedures of Section 2.02. Such Additional Dollar Notes shall rank *pari passu* with the Original Dollar Notes and with the same terms as to status, redemption and otherwise as such Original Dollar Notes (except for the date of issuance). The Original Dollar Notes issued on the date of this Indenture and any Additional Dollar Notes, including PIK Dollar Notes, subsequently issued shall be treated as a single class for all purposes under this Indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase.

The Issuers may, subject to Section 4.06 of this Indenture, issue Additional Euro Notes under this Indenture from time to time in accordance with the procedures of Section 2.02 and this Section 2.15. Such Additional Euro Notes shall rank *pari passu* with the Original Euro Notes and with the same terms as to status, redemption and otherwise as such Original Euro Notes (except for the date of issuance). The Original Euro Notes issued on the date of this Indenture and any Additional Euro Notes, including PIK Euro Notes, subsequently issued shall be treated as a single class for all purposes under this Indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase.

Section 2.16. **Deposit of Moneys**. Prior to 9:00 am (London time) on the Business Day prior to each Interest Payment Date and Redemption Date, the Issuers shall have deposited with the Paying Agent in immediately available funds in dollars or euros, as applicable, sufficient to make cash payments, if any, due on such Interest Payment Date or Redemption Date, as the case may be, in a timely manner which permits the Paying Agent to remit payment to the Holders on such Interest Payment Date or Redemption Date, as the case may be. Subject to actual receipt of such funds as provided by this Section 2.16 by the designated Paying Agent, such Paying Agent shall make payments on the Notes in accordance with the provisions of this Indenture. The principal and interest on Global Notes shall be payable to the Common Depositary or its nominees, as the case may be, as the sole registered owner and the sole Holder of the Global Notes represented thereby. The principal and interest on Notes in certificated form shall be payable at the office of the Paying Agent. The principal Paying Agent shall make the payments no later than 11:00 a.m. (London time) on the relevant payment date.

ARTICLE THREE
REDEMPTION; OFFERS TO PURCHASE

Section 3.01. **Right of Redemption**. The Issuers may redeem all or any portion of the Notes upon the terms and at the Redemption Prices (as defined in the Notes). Any redemption pursuant to this Section 3.01 shall be made pursuant to the provisions of this Article Three.

Section 3.02. **Notices to Trustee**. If the Issuers elect to redeem Notes pursuant to Section 3.01, they shall notify the Trustee in writing of the Redemption Date, the Redemption Price, the principal amount of Notes to be redeemed and the paragraph of the Notes pursuant to which the redemption shall occur.

The Issuers shall give each notice to the Trustee provided for in this Section 3.02 in writing at least 35 days before the date notice is mailed to the Holders pursuant to Section 3.04 unless the Trustee consents to a shorter period. Such notice to the Trustee shall be accompanied by an Officer's Certificate from the Issuers to the effect that such redemption shall comply with the conditions herein. If fewer than all the Notes are to be redeemed, the record date relating to such redemption shall be selected by the Issuers and given to the Trustee, which record date shall be not less than 15 days after the date of notice to the Trustee.

Section 3.03. **Selection of Notes to be Redeemed**. If less than all of the Dollar Notes or Euro Notes are to be redeemed at any time, the Trustee shall select the Dollar Notes or Euro Notes to be redeemed as follows:

(a) if the Notes are listed on any securities exchange, in compliance with the requirements of the principal securities exchange on which the Notes are listed; or

(b) if the Notes are not listed on any securities exchange, on a *pro rata* basis, by lot or by such method in accordance with Euroclear or Clearstream procedures,

provided, **however**, **that** (i) no such partial redemption shall reduce the portion of the principal amount of a Dollar Note not redeemed to less than $200,000 and (ii) no such partial redemption shall reduce the portion of the principal amount of Euro Note not redeemed to less than €100,000.

The Trustee shall make the selection from the Notes outstanding and not previously called for redemption. The Trustee may select for redemption portions equal to (i) with respect to Dollar Notes, $200,000 in principal amount or any integral multiple of $1 in excess thereof and (ii) with respect to Euro Notes, €100,000 in principal amount or any integral multiple of €1 in excess thereof. Provisions of this Indenture that apply to Notes called for redemption also apply to portions of Notes called for redemption. The Trustee shall notify the Issuers and the Registrar promptly in writing of the Notes or portions of Notes to be called for redemption. The Trustee shall not be liable for selections made in accordance with the provisions of this Section 3.03.

Any redemption and notice may, in the Issuers' discretion, be subject to the satisfaction of one or more conditions precedent.

Section 3.04. **Notice of Redemption**. At least 10 days but not more than 60 days before a date for redemption of Notes, the Issuers shall mail a notice of redemption by first-class mail to each Holder to be redeemed, at its registered address, and shall comply with the provisions of Section 15.02 **provided**, **however**, **that** redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the Notes or a satisfaction and discharge of this Indenture. Any redemption and notice may, in the Issuers' discretion, be subject to the satisfaction of one or more conditions precedent.

(a) The notice shall identify the Notes to be redeemed (including ISIN and Common Code or other securities identification numbers, as applicable) and shall state:

(i) the Redemption Date and the Record Date;

(ii) the appropriate calculation of the Redemption Price and the amount of accrued interest, if any, and Additional Amounts, if any, to be paid;

(iii) the name and address of the Paying Agent;

(iv) that Notes called for redemption must be surrendered to the Paying Agent to collect the Redemption Price plus accrued interest, if any, and Additional Amounts, if any;

(v) that, if any Note is being redeemed in part, the portion of the principal amount (equal to (x) $200,000 in principal amount or any integral multiple of $1 in excess thereof with respect to Dollar Notes and (y) €100,000 in principal amount or any integral multiple of €1 in excess thereof with respect to Euro Notes) of such Note to be redeemed and that, on and after the Redemption Date, upon surrender of such Note, a new Note or Notes in principal amount at maturity equal to the unredeemed portion thereof shall be reissued;

(vi) that, if any Note contains an ISIN or Common Code number, no representation is being made as to the correctness of such ISIN or Common Code number either as printed on the Notes or as contained in the notice of redemption and that reliance may be placed only on the other identification numbers printed on the Notes;

(vii) that, unless the Issuers and the Guarantors default in making such redemption payment, interest on the Notes (or portion thereof) called for redemption shall cease to accrue on and after the Redemption Date; and

(viii) the paragraph of the Notes pursuant to which the Notes called for redemption are being redeemed.

(b) The Trustee shall not be liable for selections made in accordance with the provisions of this Section 3.04.

At the Issuers' written request, the Trustee shall give a notice of redemption in the Issuers' name and at the Issuers' expense. In such event, the Issuers shall provide the Trustee with the notice, the other information required by this Section 3.04 and such other information which the Trustee may reasonably require.

Section 3.05. **Deposit of Redemption Price**. Prior to 9:00 am (London time) on the Business Day prior to any Redemption Date, the Issuers shall deposit or cause to be deposited with the Paying Agent (or, if either Issuer or a Wholly Owned Restricted Subsidiary is the Paying Agent, shall segregate and hold in trust) a sum in same day funds sufficient to pay the Redemption Price of and accrued interest and Additional Amounts, if any, on all Notes to be redeemed on that date other than Notes or portions of Notes called for redemption that have previously been delivered by the Issuers to the Trustee for cancellation. The Paying Agent shall return to the Issuers any money so deposited that is not required for that purpose.

Section 3.06. **Payment of Notes Called for Redemption**. If notice of redemption has been given in the manner provided below, the Notes or portion of Notes specified in such notice to be redeemed shall become due and payable on the Redemption Date at the Redemption Price stated therein, together with accrued interest to such Redemption Date, and on and after such date (unless the Issuers shall default in the payment of such Notes at the Redemption Price and accrued interest to the Redemption Date, in which case the principal, until paid, shall bear interest from the Redemption Date at the rate prescribed in the Notes), such Notes shall cease to accrue interest. Upon surrender of any Note for redemption in accordance with a notice of redemption, such Note shall be paid and redeemed by the Issuers at the Redemption Price, together with accrued interest, if any, to the Redemption Date; **provided that** installments of interest whose Stated Maturity is on or prior to

the Redemption Date shall be payable to the Holders registered as such at the close of business on the relevant Record Date.

Notice of redemption shall be deemed to be given when mailed, whether or not the Holder receives the notice. In any event, failure to give such notice, or any defect therein, shall not affect the validity of the proceedings for the redemption of Notes held by Holders to whom such notice was properly given.

Section 3.07. **Notes Redeemed in Part**. Upon surrender of a Global Note that is redeemed in part, the Paying Agent shall forward such Global Note to the Trustee who shall make a notation on the Security Register to reduce the principal amount of such Global Note to an amount equal to the unredeemed portion of the Global Note surrendered; **provided that** each such Global Note shall be in a principal amount at final Stated Maturity of (i) in the case of Dollar Notes, $200,000 or an integral multiple of $1 in excess thereof, and (ii) in the case of Euro Notes, €100,000 or an integral multiple of €1 in excess thereof.

(a) Upon surrender and cancellation of a certificated Note that is redeemed in part, the Issuers shall execute and the Trustee shall authenticate for the Holder (at the Issuers' expense) a new Note equal in principal amount to the unredeemed portion of the Note surrendered and canceled; **provided**, **however**, **that** each such certificated Note shall be in a principal amount at final Stated Maturity of (i) in the case of Dollar Notes, $200,000 or an integral multiple of $1 in excess thereof, and (ii) in the case of Euro Notes, €100,000 or an integral multiple of €1 in excess thereof.

ARTICLE FOUR
COVENANTS

Section 4.01. **Payment of Notes**. The Issuers and the Guarantors covenant and agree for the benefit of the Holders that they shall duly and punctually pay the principal of, premium, if any, interest and Additional Amounts, if any, on the Notes on the dates and in the manner provided in the Notes and in this Indenture. Principal, premium, if any, interest and Additional Amounts, if any, shall be considered paid on the date due if on such date the Trustee or the Paying Agent (other than the Issuers or any of their Affiliates) has received from the Issuers or any Guarantor, as of 9:00 a.m. London time on the Business Day prior to the due date, in accordance with this Indenture, money sufficient to pay all principal, premium, if any, interest and Additional Amounts, if any then due. If the Issuers or any of their Affiliates acts as Paying Agent, principal, premium, if any, interest and Additional Amounts, if any, shall be considered paid on the due date if the entity acting as Paying Agent complies with Section 2.04.

PIK Dollar Interest shall be paid by increasing the principal amount of the outstanding Dollar Notes or by issuing Additional Dollar Notes in a principal amount equal to such interest, rounded up to the nearest whole dollar (or, if necessary, pursuant to the requirements of the Common Depositary or otherwise, by authenticating a new Global Note executed by the Issuers reflecting such increased principal amount).

PIK Euro Interest shall be paid by increasing the principal amount of the outstanding Euro Notes or by issuing Additional Euro Notes in a principal amount equal to such interest, rounded

up to the nearest whole euro (or, if necessary, pursuant to the requirements of the Common Depositary or otherwise, by authenticating a new Global Note executed by the Issuers reflecting such increased principal amount).

The Issuers or a Guarantor shall pay interest on overdue principal at the rate specified therefor in the Notes. The Issuers or a Guarantor shall pay interest on overdue installments of interest at the same rate to the extent lawful.

Section 4.02. **Corporate Existence**. Subject to Article Five, the Parent Guarantor, the Issuer, the Co-Issuer and each Restricted Group Member shall do or cause to be done all things necessary to preserve and keep in full force and effect their corporate, partnership, limited liability company or other existence and the rights (charter and statutory), licenses and franchises of the Parent Guarantor, the Issuers and each Restricted Group Member; **provided that** the Parent Guarantor, the Issuers and any Restricted Group Member shall not be required to preserve and keep in full force and effect such corporate, partnership, limited liability company or other existence or preserve any such right, license or franchise if the Board of Directors of the Parent Guarantor shall determine that the preservation thereof is no longer desirable in the conduct of the business of the Parent Guarantor and the Restricted Group Members as a whole and that the loss thereof is not disadvantageous in any material respect to the Holders.

Section 4.03. **[Reserved]**

Section 4.04. **[Reserved]**

Section 4.05. **Statement as to Compliance**. The Parent Guarantor shall deliver to the Trustee, within 120 days after the end of each fiscal year, an Officer's Certificate stating that in the course of the performance by the signer of its duties as an officer of the Parent Guarantor he would normally have knowledge of any Default and whether or not the signer knows of any Default that occurred during such period and if any specifying such Default, its status and what action the Issuers are taking or proposed to take with respect thereto. For purposes of this Section 4.05, such compliance shall be determined without regard to any period of grace or requirement of notice under this Indenture.

(a) When any Default has occurred and is continuing under this Indenture, or if the Trustee of, or the holder of, any other evidence of Debt of the Parent Guarantor or any Restricted Group Member outstanding in a principal amount of €50,000,000 or more gives any notice stating that it is a notice of Default or takes any other action to accelerate such Debt or enforce any Note therefor, the Parent Guarantor shall deliver to the Trustee within 30 days by registered or certified mail or facsimile transmission an Officer's Certificate specifying such event, notice or other action, its status and what action the Parent Guarantor is taking or proposes to take with respect thereto.

Section 4.06. **Limitation on Debt**. (a) The Parent Guarantor shall not, and shall not permit any Restricted Group Member to, directly or indirectly, create, incur, issue, assume, guarantee or otherwise become directly or indirectly liable, contingently or otherwise, with respect to (collectively, "incur") any Debt (including Acquired Debt); provided, however, that the Issuer and any Guarantor may incur Debt if at the time of such incurrence, the Fixed Charge Coverage

Ratio for the Parent Guarantor's most recently ended four full fiscal quarters for which internal financial statements are available immediately preceding the incurrence of such Debt, taken as one period, would be greater than 2.25 to 1.00, determined on a pro forma basis after giving effect to the incurrence of such Debt and the application of the net proceeds therefrom.

(a) The foregoing paragraph shall not, however, prohibit the incurrence of any of the following items of Debt (collectively "**Permitted Debt**"):

(i) the incurrence by the Issuer or any Guarantor under Credit Facilities of:

(A) Debt represented by the Super Senior Secured Notes that together with any additional notes (but excluding, for the avoidance of doubt, any PIK interest), amount to an aggregate principal amount at any one time outstanding not to exceed €481,959,000; and

(B) Debt under the Surety Bonds Facilities and obligations in respect of letters of credit in an aggregate principal amount at any one time outstanding not to exceed €50.0 million;

(iv) the incurrence by the Parent Guarantor or any Restricted Group Member of Permitted Refinancing Debt in exchange for, or the net proceeds of which are used to refund, refinance or replace Debt (other than intercompany Debt between the Parent Guarantor and any Restricted Group Member or between any Restricted Group Members) that was permitted to be incurred under Section 4.06(a) hereof or clauses (ii), (iv) or (xii) of this Section 4.06(b);

(v) the incurrence by the Parent Guarantor or any Restricted Group Member of intercompany Debt between the Parent Guarantor and any Restricted Group Member or between any Restricted Group Members; **provided**, **however**, **that**:

(A) if a Subsidiary Guarantor is the obligor on such Debt and the creditor is not the Issuer or a Guarantor, such Debt must be unsecured and expressly subordinated to the prior payment in full in cash of all of its Obligations with respect to its Subsidiary Guarantee;

(B) if the Issuer is the obligor on such Debt and the creditor is not a Guarantor, such Debt must be unsecured and expressly subordinated to the prior payment in full in cash of all Obligations with respect to the Notes;

(C) (i) any subsequent issuance or transfer of Equity Interests that results in any such Debt being held by a Person other than the Parent Guarantor or a Restricted Group Member and (ii) any sale or other transfer of any such Debt to a Person that is not either the Parent Guarantor or a Restricted Group Member shall be deemed, in each case, to constitute an incurrence of such Debt by the Parent Guarantor or such Restricted Group Member, as the case may be, that was not permitted by this clause (v); and

(D) The Parent Guarantor may not distribute, lend or otherwise advance, either directly or through an intermediary bank or institution, funds to any Restricted Group Member other than New Luxco;

(vi) the incurrence by the Parent Guarantor or any Restricted Group Member of Hedging Obligations entered into in the ordinary course of business and not for speculative purposes;

(vii) the guarantee by the Issuer or a Guarantor of Debt of a Restricted Group Member or by a Restricted Group Member that is not a Guarantor of Debt of another Restricted Group Member that is not a Guarantor, in each case that was permitted to be incurred by another provision of this Section 4.06;

(viii) the incurrence of Debt by the Parent Guarantor or any Restricted Group Member arising from (i) overdrafts and related liabilities arising from banking, treasury, depositary or cash management services or in connection with any automated clearinghouse transfer of funds, in each case incurred in the ordinary course of business; **provided that** such Debt is extinguished within ten Business Days of incurrence, (ii) performance, surety, judgment, appeal or similar bonds (including under the Surety Bonds Facility), instruments or obligations in the ordinary course of business and, in each case, not in connection with the borrowing of or obtaining of advances of credit, (iii) completion guarantees provided or letters of credit obtained by the Parent Guarantor or any Restricted Group Member in the ordinary course of business, in each case, not in connection with the borrowing of or obtaining of advances of credit

(ix) the incurrence by the Parent Guarantor or any Restricted Group Member (other than the Issuer) of Debt to suppliers, lessors, licensees, government authorities, contractors, franchisees or customers incurred in the ordinary course of business;

(x) the incurrence by the Parent Guarantor or any Restricted Group Member (other than the Issuer) of Debt in respect of workers' compensation and claims arising under similar legislation, or pursuant to self-insurance obligations and not in connection with the borrowing of money or the obtaining of advances or credit;

(xi) the incurrence by the Parent Guarantor or any Restricted Group Member (other than the Issuer) of Debt under Capital Lease Obligations or Purchase Money Obligations, and in each case any Permitted Refinancing Debt of any Restricted Group Member incurred to renew, refund, refinance, replace, defease or discharge any Debt incurred pursuant to

this clause (xi) in an aggregate principal amount at any time outstanding not to exceed the greater of €25.0 million and 2.00% of Consolidated Total Assets;

(xii) Debt of Persons that are acquired by the Issuer or any Guarantor or merged, consolidated, amalgamated, or otherwise combined with (including pursuant to any acquisition of assets and assumption of related liabilities) the Issuer or any Guarantor in accordance with the terms of the Indenture; **provided that** after giving effect to such acquisition, merger, consolidation, amalgamation or other combination, the Parent Guarantor would be permitted to incur at least €1.00 of additional Debt pursuant to the Fixed Charge Coverage Ratio test set forth in the first sentence of this covenant;

(xiii) The incurrence by the Issuer or any Guarantor of Debt in an aggregate principal amount at any time outstanding not to exceed the greater of €75.0 million and 5.75% of Consolidated Total Assets for the purpose of acquiring the minority interest in ICELA;

(xviii) the incurrence by the Parent Guarantor or any Restricted Group Member of Debt in the form of purchase price adjustments, earnouts, indemnification obligations, non-competition agreements or other arrangements representing acquisition consideration or deferred payments of a similar nature incurred in connection with any acquisition or disposition; and

(b) Neither the Parent Guarantor nor any Restricted Group Member shall incur (i) debt or other obligations under any Credit Facility that is secured by Liens on the Collateral or (ii) debt in the form of Additional Notes that are secured by Liens on the Collateral, unless (in the

case of (i), above) the persons from whom such Debt is incurred or their legal representative or (in the case of (ii), above) the Trustee under the indenture for such Additional Notes accedes to, or enters into an agreement on substantially the same terms as, the Intercreditor Agreement with respect to such Credit Facility or Additional Notes.

(c) The accrual of interest, the accretion or amortization of original issue discount, the payment of interest on any Debt in the form of additional Debt with the same terms (including, for the avoidance of doubt, PIK Interest), and the payment of dividends on Disqualified Stock or Preferred Stock in the form of additional shares of the same class of Disqualified Stock or Preferred Stock, as the case may be, will not be deemed to be an incurrence of Debt or an issuance of Disqualified Stock or Preferred Stock, as the case may be, for purposes of this covenant; provided, in each such case, that the amount thereof is included in Fixed Charges of the Parent Guarantor as accrued or paid.

(d) For purposes of determining compliance with this Section 4.06, the outstanding principal amount of any particular Debt, including any obligations arising under any related guarantee, Lien, letter of credit or similar instrument, shall be counted only once, and in the event that an item of proposed Debt meets the criteria of more than one of the categories of Permitted Debt described in clauses (i) through (xix) above, or is entitled to be incurred under Section 4.06(a), the Parent Guarantor shall be permitted to classify such item of Debt on the date of its incurrence, or later reclassify all or a portion of such item of Debt, in any manner that complies with this Section 4.06, and shall only be required to include the amount and type of such Debt in one of such clauses and shall be entitled to divide and classify an item of Debt in more than one of the types of Debt described in this Section 4.06; **provided that** Existing Debt will be deemed incurred pursuant to Section 4.06(b)(iii), Debt under Capital Lease Obligations in existence on the date of this Indenture will be deemed incurred pursuant to Section 4.06(b)(xi), all Debt represented by the Super Senior Secured Notes will be deemed incurred pursuant to Section 4.06(b)(i)(A), all Debt represented by the Surety Bonds Facilities will be deemed incurred pursuant to Section 4.06(b)(i)(B) and all Debt represented by the Notes will be deemed incurred pursuant to Section 4.06(b)(ii); **provided**, **further that** Debt under the Super Senior Secured Notes or otherwise incurred pursuant to clauses (i), (ii) and (iii) of Section 4.06(b) may not be reclassified.

(e) Notwithstanding Section 4.06(a) and Section 4.06(b), neither the Parent Guarantor nor any Restricted Group Member may incur Debt or any other liabilities to any Parent Entity, other than the Parent Guarantor may incur Subordinated Shareholder Funding.

Section 4.07. **Limitation on Restricted Payments**. (a) The Parent Guarantor shall not, and shall not permit any Restricted Group Member to, directly or indirectly (including, for the avoidance of doubt, through an Unrestricted Group Member):

Guarantor or (B) in the case of a Restricted Group Member, to all holders of Equity Interests of such Restricted Group Member on a *pro rata* basis or on a basis that results in the receipt by the Parent Guarantor or a Restricted Group Member of dividends or distributions of greater value than the Parent Guarantor or such Restricted Group Member would receive on a *pro rata* basis);

(ii) repay or distribute any dividend or share premium reserve (subject to same exceptions set forth in clause (i) above);

(iii) purchase, redeem or otherwise acquire or retire for value (including, without limitation, in connection with any merger or consolidation involving the Parent Guarantor) any Equity Interests of the Parent Guarantor;

(v) make any Restricted Investment, (all such payments and other actions set forth in these clauses (i) through (v) above being collectively referred to as "**Restricted Payments**").

(b) Notwithstanding paragraph (a) above, the Parent Guarantor or any Restricted Group Member may make a Restricted Investment, if at the time of and after giving *pro forma* effect to such proposed Restricted Investment:

(i) no Default or Event of Default has occurred and is continuing or would occur as a consequence of such Restricted Investment;

(ii) the Parent Guarantor would have been permitted to incur at least €1.00 of additional Debt pursuant to the Fixed Charge Coverage Ratio test set forth in Section 4.06(a) of this Indenture; and

(iii) such Restricted Investment, together with the aggregate amount of all other Restricted Payments made by the Parent Guarantor and the Restricted Group Members after the Super Senior Secured Notes Issue Date (excluding Restricted Payments permitted by clauses (ii), (iii), (iv), (vi), (vii), (viii), (xiv), (xvii) and (xviii) of the next succeeding paragraph (c)), is less than the sum of:

(a) Within ten days following any Change of Control, the Issuers or the Parent Guarantor shall (i) cause the Change of Control Offer to be published through (A) the newswire service of Bloomberg, or if Bloomberg does not then operate, any similar agency; and (B) if at the time of such notice the Notes are listed on the Irish Stock Exchange and the rules of the Irish Stock Exchange so require, in the Irish Times (or another leading newspaper of general circulation in Ireland); and (ii) mail the Change of Control Offer to each registered holder. The Change of Control Offer shall describe the transaction or transactions that constitute the Change of Control and shall offer to repurchase the applicable series of Notes on the date (the "**Change of Control Payment Date**") specified therein, which date shall be no earlier than 30 days and no later than 60 days from the date such notice is mailed, pursuant to the procedures required by this Indenture and described in such notice. The Issuers and the Parent Guarantor shall comply with the requirements of any securities laws and the regulations thereunder (including Rule 14e-1 under the Exchange Act) to the extent those laws and regulations are applicable in connection with the repurchase of the Notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of this Indenture, the Issuers and the Parent Guarantor shall comply with the applicable securities laws and regulations and shall not be deemed to have breached their obligations under the Change of Control provisions of this Indenture by virtue of such conflict.

(b) On the Change of Control Payment Date, the Issuers or the Parent Guarantor shall, to the extent lawful:

(i) accept for payment all Notes or portions of Notes properly tendered pursuant to the Change of Control Offer;

(ii) deposit with the Paying Agent an amount equal to the Change of Control Payment in respect of all Notes or portions of Notes properly tendered; and

(iii) deliver or cause to be delivered to the registrar the Notes properly accepted together with an Officer's Certificate (on which the Trustee shall rely absolutely) stating the aggregate principal amount of Notes or portions of Notes being purchased by the Issuers.

(c) The Issuers shall promptly mail to each holder of Notes properly tendered the Change of Control Payment for such Notes, and the registrar shall promptly authenticate and mail (or cause to be transferred by book entry) to each holder a new Note equal in principal amount to any unpurchased portion of the applicable series of Notes surrendered, if any; **provided that** each new Note shall be in a principal amount of $200,000 or any integral multiple of $1 in excess thereof, with respect to the Dollar Notes, or equal to €100,000 or any integral multiple of €1 in excess thereof, with respect to the Euro Notes.

(d) The provisions described above that require the Issuers or the Parent Guarantor to make a Change of Control Offer following a Change of Control will be applicable whether or not any other provisions of this Indenture are applicable. Except as described above with respect to a Change of Control, this Indenture does not contain provisions that permit the holders of the Notes to require that the Issuers or the Parent Guarantor repurchase or redeem the Notes in the event of a takeover, recapitalization or similar transaction.

(e) The Issuers and the Parent Guarantor shall not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in this Indenture applicable to a Change of Control Offer made by the Issuers or the Parent Guarantor and purchases all Notes properly tendered and not withdrawn under the Change of Control Offer. The Issuers and the Parent Guarantor also shall not be required to make a Change of Control Offer following a Change of Control if the Issuers has theretofore issued a redemption notice in respect of all of the Notes in the manner and in accordance with the provisions described under Article Three and thereafter redeems all of the Notes pursuant to such notice.

(f) A Change of Control Offer may be made in advance of a Change of Control, conditional upon a Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer. In the event that the Change of Control has not occurred as of the purchase date for the Change of Control Offer specified in the notice therefor (or amendment thereto), the Issuers (or third party offeror) may, in their discretion, rescind such notice or amend it to specify another purchase date.

(g) If holders of not less than 90% in aggregate principal amount of the outstanding Notes validly tender and do not withdraw such Notes in a Change of Control Offer and the Issuers, or any third party making a Change of Control Offer in lieu of the Issuers as described above, purchases all of the Notes validly tendered and not withdrawn by such holders, the Issuers or such third party will have the right, upon not less than 10 nor more than 60 days' prior notice (**provided that** such notice is given not more than 10 days following such purchase pursuant to the Change of Control Offer described above) to redeem all Notes that remain outstanding following such purchase at a price in cash equal to 101% of the principal amount thereof on the redemption date plus accrued and unpaid interest (if any) to but not including the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date).

Section 4.16. **Additional Amounts**. (a) All payments in respect of the Notes made by or on behalf of the Issuers, a Guarantor, or any successor person to the Issuers or any Guarantor (each a "Successor Person") (each a "Payer"), shall be made free and clear without withholding or deduction for, or on account of, any present or future taxes, duties, levies, imposts, assessments or other governmental charges (including, without limitation, penalties, interest and other similar liabilities related thereto) of whatever nature, (collectively, "Taxes") imposed or levied by or on behalf of any jurisdiction or any political subdivision or governmental authority thereof or therein having the power to tax where such Payer is incorporated, organized or otherwise resident for tax purposes or from or through which the Payer makes a payment on the Notes or its Guarantee or by the Kingdom of Spain (and any subdivision or governmental authority thereof or therein) (each, a "Relevant Taxing Jurisdiction"), unless the withholding or deduction of such Taxes is then required by law. If the Payer is required to withhold or deduct any amount for, or on account of, Taxes imposed or levied on behalf of a Relevant Taxing Jurisdiction from any payment made under or with respect to the Notes, the Payer shall pay such additional amounts (in the form of (i) in the case of PIK Interest, additional PIK Interest, and (ii) in other cases, cash) ("**Additional Amounts**") as may be necessary to ensure that the net amount received by each holder of the Notes (including Additional Amounts) after such withholding or deduction has been made shall be not less than the amount the holder would have received if such Taxes had not been required to be withheld or deducted.

(a) The Payer shall not be required to make any payment of Additional Amounts for or on account of:

(i) any Taxes that are imposed or levied by a Relevant Taxing Jurisdiction by reason of (A) the holder's or a beneficial owner's present or former connection with such Relevant Taxing Jurisdiction other than the mere acquisition or holding of Notes or by reason of the receipt of payments in respect thereunder or the exercise or enforcement of any rights under the Notes, this Indenture, or any Guarantee (including a connection between a fiduciary, settlor, beneficiary, member, partner or shareholder of, or possessor of power over, the relevant holder or beneficial owner, if the relevant holder or beneficial owner is an estate, nominee, trust, partnership or corporation, and the Relevant Taxing Jurisdiction), or (B) the presentation of a Note (where presentation is required) for payment on a date more than 30 days after the date on which such payment became due and payable or the date on which payment thereof is duly provided for, whichever occurs later, except to the extent that the beneficial owner or holder thereof would have been entitled to Additional Amounts had the Notes been presented for payment on any day during such 30 day period;

(ii) any estate, inheritance, gift, sales, excise, transfer, personal property or similar Tax;

(iii) any Tax which is payable otherwise than by withholding or deduction from payments made under or with respect to the Notes;

(iv) any Taxes that are imposed or withheld by reason of the failure by the holder or the beneficial owner of the Notes, following the Issuers' written request addressed to the holder or otherwise provided to the holder or beneficial owner (and made at a time that would enable the holder or beneficial owner acting reasonably to comply with that request) to provide

certification, information, documents or other evidence concerning the nationality, residence or identity of the holder or such beneficial owner or to make any valid or timely declaration or similar claim or satisfy any other reporting requirements relating to such matters, whether required or imposed by statute, treaty, regulation or administrative practice of the Relevant Taxing Jurisdiction, as a precondition to exemption from, or reduction in the rate of withholding or deduction of, Taxes imposed by the Relevant Taxing Jurisdiction, including, for the avoidance of doubt, any Taxes that are imposed or withheld under Spanish law by reason of the Payer not receiving (either directly or through its agent) such information from a holder or beneficial owner as may be necessary to allow payments on the Notes to be made free and clear of Spanish withholding tax or deduction on account of Spanish taxes, pursuant to Law 10/2014 of June 26, Royal Decree 1065/2007 of July 27, as amended by Royal Decree 1145/2011 of July 29, and any implementing legislation or regulation;

(v) any Tax that is imposed on or with respect to a Note presented for payment (where presentation is required) on behalf of a holder or beneficial owner who would have been able to avoid such withholding or deduction by presenting the relevant Note to another Paying Agent in a Member State of the European Union;

(vi) any Tax that would not have been imposed but for a failure by the holder or beneficial owner (or any financial institution through which the holder or beneficial owner holds any Note through which payment on the Note is made) to comply with any certification, information, identification, documentation or other reporting requirements (including entering into and complying with an agreement with the U.S. Internal Revenue Service) imposed pursuant to Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended (or any intergovernmental agreement, or legislation enacted pursuant thereto, to implement such provisions) as in effect on the date of issuance of the Notes or any successor or amended version of these provisions, to the extent such successor or amended version is not materially more onerous than these provisions as enacted on such date; or

(vii) any combination of Taxes referred to in clauses (i) to (vi) above.

(b) Additional Amounts shall not be paid with respect to any payment made under or with respect to the Notes or any Guarantee in the case of a holder who is a fiduciary, a partnership or other than the sole beneficial owner of such payment, to the extent that such payment is required by the laws of the Relevant Taxing Jurisdiction to be included in the income, for tax purposes, of a beneficiary or settlor with respect to the fiduciary, a member of that partnership or a beneficial owner and such person would not have been entitled to the Additional Amounts had it been the holder of the Note or Guarantee.

(c) The Payer shall (i) make such withholding or deduction required by applicable law and (ii) remit the full amount withheld or deducted to the relevant taxing authority in accordance with applicable law.

(d) At least 30 calendar days prior to each date on which any payment under or with respect to the Notes is due and payable, if the Payer shall be obligated to pay Additional Amounts with respect to such payment (unless such obligation to pay Additional Amounts arises after the 30th day prior to the date on which payment under or with respect to the Notes is due and

payable, in which case it shall be promptly thereafter), the Issuers shall deliver to the Trustee an Officer's Certificate stating that such Additional Amounts shall be payable and the amounts so payable and shall set forth such other information necessary to enable the Paying Agent to pay such Additional Amounts to holders on the relevant payment date. The Trustee shall, without further enquiry, be entitled to rely absolutely on each such Officer's Certificate as conclusive proof that such payments are necessary. The Issuers shall promptly publish a notice in accordance with Section 15.02 stating that such Additional Amounts shall be payable and describing the obligation to pay such amounts.

(e) Upon request, within a reasonable time the Payer shall provide the Trustee, to provide to the holders, certified copies of tax receipts evidencing the payment by the Payer of any Taxes imposed or levied by a Relevant Taxing Jurisdiction in such form as provided in the normal course by the taxing authority imposing such Taxes and as is reasonably available to the Payer. If, notwithstanding the reasonable efforts of the Payer to obtain such receipts, the same are not obtainable, the Payer shall provide the Trustee with a copy of the return reporting such payment or other evidence reasonably satisfactory to the Trustee of such payments by the Payer.

(f) In addition, the Parent Guarantor undertakes to indemnify, pay and maintain all holders of the Notes or the Guarantees harmless for all Taxes that are imposed under Spanish law on the payments received or income derived from the Notes or the Guarantees that (a) are not compensated by the payment of Additional Amounts under the first paragraph of this "Additional Amounts" section; and that (b) are not excluded under clauses (i) through (ii) and (iv) through (vii) of Section 4.16(b) above, or any combination thereof. Furthermore, the Issuers will pay any present or future stamp, issue, registration, court documentation, excise, or property Taxes, or other similar Taxes imposed by or in any Relevant Taxing Jurisdiction, including any political jurisdiction thereof, in respect of the execution, issue, delivery or registration of the Notes, the Indenture, or the Guarantees, or any other document or instrument referred to thereunder and any such Taxes imposed by any jurisdiction as a result of, or in connection with, the enforcement of the Notes, the Guarantees, or any other such document or instrument following, and relating to, the occurrence of any Event of Default with respect to the Notes or the receipt of any payments with respect thereto (other than with respect to a transfer of the Notes following the initial sale of the Notes by the purchasers and limited, solely in the case of Taxes attributable to the receipt of any payments with respect thereto, to any such Taxes imposed in a Relevant Taxing Jurisdiction that are not excluded under clauses (i) through (ii) and (iv) through (xi) of Section 4.16(b) above, or any combination thereof, and other than (i) any stamp duty, registration or other similar Taxes payable on or by reference to or in consequence of the transfer or assignment of the whole or any part of the rights of a holder of the Notes and (ii) any Luxembourg registration duties (*droits d'enregistrement*) payable due to registration, submission or filing of any finance document when such registration, submission or filing is or was not required to maintain or preserve the rights of any party under that finance document).

(g) If the Issuers pays an amount of interest as PIK Interest and are required to pay Additional Amounts in respect of PIK Interest, such Additional Amounts may, at the sole discretion of the Issuers, be paid as PIK Interest. In other cases, such Additional Amounts shall be paid as cash interest.

(h) Whenever this Indenture refers to, in any context, the payment of principal, premium, if any, interest or any other amount payable under or with respect to any Note (including payments thereof made pursuant to any Guarantee or in connection with a redemption of the Notes), such reference includes the payment of Additional Amounts, if applicable.

(i) The provisions set forth under Section 4.16(a) – (j) above shall survive any termination, defeasance or discharge of this Indenture.

Section 4.17. **Designation of Unrestricted and Restricted Group Members**. The Board of Directors of the Parent Guarantor may designate any Restricted Group Member (other than the Issuers) to be an Unrestricted Group Member (a "**Designation**") if that Designation would not cause a Default. If a Restricted Group Member is designated as an Unrestricted Group Member, the Fair Market Value of the Parent Guarantor's interest in the Subsidiary or Non-Subsidiary Affiliate so designated shall be deemed to be an Investment made as of the time of the Designation and shall reduce without duplication the amounts available for Restricted Payments under Section 4.07(b) and/or the amount available for Permitted Investments, as determined by the Parent Guarantor. That Designation shall only be permitted if the Investment would be permitted at that time and if the Restricted Group Member otherwise meets the definition of an Unrestricted Group Member. The Board of Directors may redesignate any Unrestricted Group Member to be a Restricted Group Member (a "**Redesignation**") if the Redesignation would not cause a Default and if all Liens and Debt of such Unrestricted Group Member outstanding immediately following such Redesignation would, if incurred at that time, have been permitted to be incurred for all purposes of this Indenture.

(a) Any Designation shall be evidenced to the Trustee by filing with the Trustee a certified copy of the Board Resolution giving effect to such Designation and an Officer's Certificate (on which the Trustee shall rely absolutely) certifying that such Designation complied with the preceding conditions and was permitted by Section 4.07 of this Indenture. If, at any time, any Unrestricted Group Member would fail to meet the preceding requirements as an Unrestricted Group Member, it shall thereafter cease to be an Unrestricted Group Member for purposes of this Indenture, and any Debt of such Person shall be deemed to be incurred by a Restricted Group Member as of such date and, if such Debt is not permitted to be incurred as of such date under Section 4.06 hereto, the Parent Guarantor shall be in default of such provision.

Section 4.18. **Payment of Taxes and Other Claims**. The Parent Guarantor shall pay or discharge and shall cause each of its Subsidiaries to pay or discharge, or cause to be paid or discharged, before the same shall become delinquent: (a) all material taxes, assessments and governmental charges levied or imposed upon (i) the Parent Guarantor or any such Subsidiary, (ii) the income or profits of any such Subsidiary which is a corporation or (iii) the property of the Parent Guarantor or any such Subsidiary and (b) all material lawful claims for labor, materials and supplies that, if unpaid, might by law become a lien upon the property of the Parent Guarantor or any such Subsidiary; **provided**, **that** the Parent Guarantor shall not be required to pay or discharge, or cause to be paid or discharged, any such tax, assessment, charge or claim the amount, applicability or validity of which is being contested in good faith by appropriate proceedings and for which adequate reserves have been established in accordance with IFRS.

Section 4.19. **Reports to Holders**. The Parent Guarantor shall furnish to the Trustee (who, at the expense of the Parent Guarantor, shall furnish by mail to the holders of the Notes):

(a)

(i) within 120 days following the end of each of the Parent Guarantor's fiscal years, information including "Selected Financial and Other Data", "Management's Discussion and Analysis of Operating Results and Financial Condition" and "Business" sections with scope and content substantially equivalent to the corresponding sections of the Offering Memorandum (after taking into consideration any changes to the business and operations of the Parent Guarantor after the date of this Indenture), and audited consolidated income statements, balance sheets and cash flow statements and the related notes thereto, for the Parent Guarantor for and as of the two most recent fiscal years and, in each case in accordance with IFRS, which need not, however, contain any reconciliation to U.S. GAAP or otherwise comply with Regulation S-X under the Exchange Act ("**Regulation S-X**"), together with an audit report thereon;

(ii) within 60 days following the end of the first three fiscal quarters in each of the Parent Guarantor's fiscal years, quarterly reports containing unaudited balance sheets, statements of income, statements of cash flows, for the Parent Guarantor on a consolidated basis, in each case for and as of the quarterly period then ended and the corresponding quarterly period in the preceding fiscal year, in each case prepared in accordance with IFRS, which need not, however, contain any reconciliation to U.S. GAAP or otherwise comply with Regulation S-X, together with a "Management's Discussion and Analysis of Operating Results and Financial Condition" section for such quarterly period and condensed footnote disclosure; and

(iii) promptly from time to time after the occurrence of a material acquisition, disposition or restructuring, or any senior management change at the Parent Guarantor or any change in auditors, a report containing a description of such event and, in the case of a material acquisition or disposition that would constitute a Significant Subsidiary, financial statements of the acquired business and a *pro forma* consolidated balance sheet and statement of operations of the Parent Guarantor giving effect to the acquisition or disposition to the extent practicable utilizing available information (which need not be required to contain any U.S. GAAP information or otherwise comply with Regulation S-X).

(b) If any of the Parent Guarantor's Subsidiaries or Non-Subsidiary Affiliates are Unrestricted Group Members and in the aggregate have total assets or cash flow (using the methodology used for calculating Consolidated Total Assets or Consolidated Cash Flow, as the case may be) constituting, based on the good faith determination of the Parent Guarantor, more than 5.0% of the Parent Guarantor's Consolidated Total Assets or Consolidated Cash Flow for the most recent four quarters preceding any annual or quarterly report, then the annual and quarterly financial information referred to above will include a reasonably detailed presentation, either on its face or in the footnotes thereto, of the financial condition and results of operations of the Parent Guarantor and its Restricted Group Members separate from the financial condition and results of operations of the Parent Guarantor's Unrestricted Group Members.

(c) In addition, the Parent Guarantor shall furnish to the holders and to prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act so long as the Notes are not freely transferable under the Securities Act by Persons who are not "affiliates" under the Securities Act.

(d) The Parent Guarantor shall make available all reports referred to in this section at the offices of the principal Paying Agent, through the newswire service of Bloomberg, or, if Bloomberg does not then operate, any similar agency and on the Group's corporate website at www.grupocodere.com.

(e) The Parent Guarantor shall not be deemed to have failed to comply with any of its obligations hereunder until 60 days after the date any report hereunder is due.

Section 4.20. **Impairment of Security Interest**. (a) The Parent Guarantor shall not, and shall not permit any Restricted Group Member to take, or knowingly or negligently omit to take, any action which action or omission would have the result of materially impairing the security interest with respect to the Collateral for the benefit of the Trustee and the holders of the Notes.

(a) At the direction of the Parent Guarantor and without the consent of the holders of the Notes, the Security Agent may from time to time enter into one or more amendments to or any other agreements in connection with the Security Documents and carry out any other action as may be necessary or adopt any resolutions that may be necessary or convenient to: (i) cure any ambiguity, omission, defect or inconsistency therein, (ii) ratify, confirm the creation of, or cure any defect in the constitution of, such Liens over the Collateral; (iii) provide for Permitted Collateral Liens, (iv) add to the Collateral, (v) confirm and evidence the release, termination, discharge or retaking of any of the Collateral when such release, termination, discharge or retaking is provided for in the Indenture, the Security Documents or the Intercreditor Agreement or (vi) make any other change thereto that does not adversely affect the holders of the Notes in any material respect as determined in good faith by the Board of Directors of the Parent Guarantor.

(b) Except as provided in Sections 4.20(a) or (b) above and pursuant to or in connection with any Permitted Reorganization, no Security Document may be amended, extended, renewed, restated, supplemented or otherwise modified or replaced, unless contemporaneously with such amendment, extension, renewal, restatement, supplement, modification or replacement, the Parent Guarantor delivers to the Security Agent either:

(i)

(A) a solvency opinion, in form and substance satisfactory to the Security Agent, from an investment banking firm, appraisal firm or accounting firm of international standing confirming the solvency of the Parent Guarantor and its Subsidiaries, taken as a whole, after giving effect to any transactions related to such amendment, extension, renewal, restatement, supplement, modification or replacement;

(B) an opinion of counsel acceptable to the Security Agent, in form and substance satisfactory to the Security Agent, confirming that, after giving effect to any transactions related to such amendment, extension, renewal, restatement, supplement, modification or replacement, the Lien or Liens securing the Notes created under the Security Documents, as so amended, extended, renewed, restated, supplemented, modified or replaced, are valid and perfected Liens not otherwise subject to any limitation, imperfection or new hardening period, in equity or at law, that such Lien or Liens were not otherwise subject to immediately prior to such amendment, extension, renewal, restatement, supplement, modification or replacement; or

(C) an Officer's Certificate from the Parent Guarantor (acting in good faith), in the form set forth as an exhibit to the Indenture, that confirms the solvency of the Parent Guarantor and its subsidiaries after giving effect to any transaction related to such amendment, extension, renewal, restatement, replacement, supplement, modification or release.

Section 4.21. **Additional Guarantors**. The Parent Guarantor shall not, and shall not permit any Restricted Group Member, directly or indirectly, to guarantee or pledge any assets to secure the payment of any Debt of the Issuer or any Guarantor, other than Debt permitted to be incurred under Section 4.06 with a principal amount less than €50.0 million, in the case of Debt incurred under Section 4.06(b)(iii) and €20.0 million in the case of all other Debt, unless such Restricted Group Member simultaneously executes and delivers a supplemental indenture providing for the Guarantee of the payment of the Notes by such Restricted Group Member, which Guarantee shall be senior to or *pari passu* with such Restricted Group Member's guarantee of or pledge to secure such other Debt.

(a) The Parent Guarantor shall not be obligated to cause such Restricted Group Member to guarantee the Notes pursuant to the first paragraph of this Section 4.21 above to the extent that such Guarantee could reasonably be expected to give rise to or result in any violation of (i) applicable law or regulation that cannot be avoided or otherwise prevented through measures reasonably available to the Parent Guarantor or such Restricted Group Member or (ii) in the case of a Person that becomes a Restricted Group Member after the date of this Indenture, any contract or license to which such Person is a party at the time such Person became a Restricted Group Member, **provided that** such contract or license was not entered into in connection with, or in contemplation of, such Person becoming a Restricted Group Member.

(b) The Parent Guarantor shall not be obligated to cause such Restricted Group Member to guarantee the Notes pursuant to this Section 4.21 to the extent that such Guarantee could reasonably be expected to give rise to or result in a requirement under applicable law, rule or regulation to obtain or prepare financial statements or financial information of such Person to be included in any required filing with a legal or regulatory authority that the Parent Guarantor is not able to obtain or prepare without unreasonable expense.

(c) subject to the Agreed Security Principles, the Parent Guarantor shall ensure at all times from June 30, 2022:

(i) each Material Subsidiary is a Guarantor, subject to paragraph (f) below; and

(ii) the Guarantors shall together account for not less than 65% of Consolidated Cash Flow of the Restricted Group Members (calculated on an unconsolidated basis and excluding the contribution of any Consolidated Cash Flow attributable to any Unrestricted Subsidiary, Mexican Subsidiary, Uruguayan Subsidiary or Excluded Subsidiary and any accounting consolidation adjustments provided for in the relevant financial statements; **provided that** any Guarantor that generates negative cash flow shall be deemed to have a cash flow of zero) (the "**Guarantor Coverage Test**").

(d) Subject to the Agreed Security Principles, in order to ensure on-going compliance with the Guarantor Coverage Test, the Parent Guarantor shall within 45 days of the delivery of a Compliance Certificate referred to in paragraph (e) below, procure that additional members of the Restricted Group accede to this Indenture as Additional Guarantors in accordance with this Section 4.21 as may be required to ensure compliance with paragraph (a) above. Upon the acquisition of a 100% interest in ICELA, ICELA's shares shall be pledged in favor of the Security Agent and ICELA shall accede to this Indenture as a Guarantor. Upon the cessation of all local debt restrictions prohibiting such, Administradora Mexicana Hipódromo, S.A. de C.V. shall accede to this Indenture as a Guarantor.

(e) Compliance with paragraph (c) above shall only be tested on each June 30 and December 31 by reference to the most recent financial statements of the Parent Guarantor which have been delivered in accordance with Section 4.19 of this Indenture and certified in each Compliance Certificate ("**Compliance Certificate**") delivered with such financial statements.

(f) Notwithstanding that a Mexican Subsidiary or an Uruguayan Subsidiary may, from time to time, satisfy the provisions of the definition of "Material Subsidiary", no Mexican Subsidiary (other than Administradora Mexicana Hipódromo, S.A. de C.V. and ICELA) or Uruguayan Subsidiary shall be deemed to be a Material Subsidiary (other than for Section 6.01, in respect of which each such Mexican Subsidiary or Uruguayan Subsidiary shall be deemed to be a Material Subsidiary to the extent such entity falls within either of subsections (i) and (ii) of the definitions of "Material Subsidiary") and there shall be no obligation on any such Mexican or Uruguayan Subsidiary to accede to this Indenture as a Guarantor pursuant to this Section 4.21.

Section 4.22. **Further Instruments and Acts**. Upon request of the Trustee (but without imposing any duty or obligation of any kind on the Trustee to make any such request), the Issuers and the Guarantors shall execute and deliver such further instruments and do such further acts as may be reasonably necessary or proper to carry out more effectively the purpose of this Indenture.

Section 4.23. **Additional Intercreditor Agreements**. (a) The Issuers, each Guarantor, the Trustee and the Security Agent are hereby authorized (without any further consent of the holders of the Notes) to enter into any other intercreditor agreement or deed (including a restatement, replacement, amendment, or other modification of the Intercreditor Agreement) in connection with entry into any future Debt with substantially the same terms as the Intercreditor Agreement (the "**Additional Intercreditor Agreement**").

(a) At the written direction of the Parent Guarantor or the Issuers and without the consent of the holders of the Notes, the Trustee or the Security Agent shall from time to time enter into one or more amendments to any Intercreditor Agreement to: (i) cure any ambiguity, omission, defect or inconsistency of any such agreement, (ii) increase the amount or types of Debt covered by any such agreement that may be incurred by the Parent Guarantor or any Restricted Group Member that is subject to any such agreement (**provided that** such Debt is incurred in compliance with this Indenture), (iii) add Restricted Group Members to the Intercreditor Agreement, (iv) further secure the Notes (including Additional Notes incurred in compliance with this Indenture), (v) make provision for equal and ratable pledges of the Collateral to secure Additional Notes incurred in compliance with this Indenture or to implement any Permitted Collateral Liens, (vi) enter into an Additional Intercreditor Agreement under circumstances

provided for therein or (vii) make any other change to any such agreement that does not adversely affect the holders of the Notes in any material respect. Neither Issuer shall otherwise direct the Trustee or the Security Agent to enter into any amendment to any Intercreditor Agreement without the consent of the holders of the Notes of a majority in aggregate principal amount of the Notes then outstanding, except as otherwise permitted under Article Nine of this Indenture or as permitted by the terms of such Intercreditor Agreement, and the Issuers may only direct the Trustee or the Security Agent to enter into any amendment to the extent such amendment does not impose any personal obligations on the Trustee or the Security Agent or, in the opinion of the Trustee or the Security Agent, adversely affect the rights, duties, liabilities or immunities of the Trustee or the Security Agent under the Indenture relating to the Notes or any Intercreditor Agreement. In formulating its opinion on such matters, the Trustee shall be entitled to request and rely absolutely on such evidence as it deems appropriate, including an Officer's Certificate from the Issuers and an opinion of counsel.

(b) Each holder of a Note, by accepting such Note, shall be deemed to have:

(i) appointed and authorized the Trustee to give effect to such provisions;

(ii) authorized the Trustee to become a party to any future intercreditor arrangements described above;

(iii) agreed to be bound by such provisions and the provisions of any future intercreditor arrangements described above; and

(iv) irrevocably appointed the Trustee to act on its behalf to enter into and comply with such provisions and the provisions of any future intercreditor arrangements described above.

Section 4.24. **Stay, Extension and Usury Laws**. The Parent Guarantor and each of the Subsidiary Guarantors covenants (to the extent that it may lawfully do so) that they shall not at any time insist upon, plead, or in any manner whatsoever, claim or take the benefit of advantage of, any stay, extension or usury law wherever enacted, now or at any time hereafter in force, that may affect the covenants or the performance of this Indenture and the Parent Guarantor and each of the Subsidiary Guarantors (to the extent that it may lawfully do so) hereby expressly waives all benefit or advantage of any such law, and covenants that they shall not, by resort to any such law, hinder, delay or impede the execution of any power herein granted to the Trustee, but shall suffer and permit the execution of every such power as tough so such law has been exacted.

Section 4.25. **Listing**. The Issuers shall use their best efforts to maintain the listing of the Notes on the Irish Stock Exchange for so long as such Notes are outstanding **provided that** if at any time the Issuers determine that they can no longer reasonably comply with the requirements for listing the Notes on the Irish Stock Exchange or if maintenance of such listing becomes unduly onerous, it shall obtain prior to the delisting of the Notes on the Irish Stock Exchange, and thereafter use its reasonable best efforts to maintain, a listing of such Notes on such other recognized stock exchange.

Section 4.26. **Center of Main Interests and Establishments**. (a) each of the Issuer, New Luxco and the Parent Guarantor (and any successor Person) (together, the "**Luxcos**") will, for the purposes of Council Regulation (EU) 2015/848 of May 20, 2015 on insolvency proceedings (recast) (the "EU Insolvency Regulation") or otherwise, ensure that its "centre of main interests" (as that term is used in Article 3(1) of the EU Insolvency Regulation) is situated in its original jurisdiction of incorporation and ensure that it has no "establishment" (as that term is used in Article 2(b) of the EU Insolvency Regulation) in any other jurisdiction. Notwithstanding the foregoing, each of New Luxco and the Parent Guarantor may sell, convey, transfer, lease or dispose of all or substantially all of their respective assets or consolidate with or merge into any person to the extent permitted by Section 4.27(c).

(a) Without prejudice to the generality of the foregoing, each of the Luxcos will:

(b) Notwithstanding Sections 4.27(a) and (b), the Parent Guarantor or New Luxco, as applicable, may sell, convey, transfer, lease or dispose of all or substantially all their respective assets or consolidate with or merge into any Person, so long as:

Section 4.32. **Suspension of Covenants on Achievement of Investment Grade Status**. If on any date following the date of this Indenture, the Notes have achieved Investment Grade Status and no Default or Event of Default has occurred and is continuing (a "**Suspension Event**"), then, from the date that the Parent Guarantor delivers to the Trustee an Officer's Certificate declaring that Investment Grade Status has been achieved and continuing until the Reversion Date, the following covenants of this Indenture shall not apply to the Notes: Section 4.06, Section 4.07, Section 4.09,

For purposes of determining compliance with Section 4.11 of this Indenture, the amount of Net Proceeds from all Asset Sales not applied in accordance with Section 4.11 will be deemed to reset to zero. Such covenants and any related default provisions shall again apply according to their terms from the first day on which a Suspension Event ceases to be in effect. Such covenants shall not, however, be of any effect with regard to actions of the Parent Guarantor and the Restricted Group Members properly taken during the continuance of the Suspension Event, and Section shall be interpreted as if it has been in effect since the date of this Indenture except that no default shall be deemed to have occurred solely by reason of a Restricted Payment made while that covenant was suspended. On the Reversion Date, all Debt incurred during the continuance of the Suspension Event will be classified, at the Parent Guarantor's option, as having been incurred pursuant to Section 4.06(a) or Section 4.06(b) (to the extent such Debt would be permitted to be incurred thereunder as of the Reversion Date and after giving effect to Debt incurred prior to the Suspension Event and outstanding on the Reversion Date). To the extent such Debt would not be so permitted to be incurred under Section 4.06(a) or Section 4.06(b), such Debt will be deemed to have been outstanding on the date of this Indenture, so that it is classified as permitted.

On and after each Reversion Date, the Parent Guarantor and its Subsidiaries will be permitted to consummate the transactions contemplated by any agreement or commitment entered into during the relevant period of suspension, so long as such agreement or commitment and such consummation would have been permitted during such period of suspension.

(B) if the surviving Person is not the Parent Guarantor, have delivered to the Trustee, in form and substance satisfactory to the Trustee, an Officer's Certificate and an opinion of independent counsel (on each of which the Trustee shall rely absolutely), each stating that such consolidation, merger, sale, assignment, conveyance, transfer, lease or other disposition, and if a supplemental indenture is required in connection with such transaction, such supplemental indenture, complies with the requirements of this Indenture and that all conditions precedent in this Indenture relating to such transaction have been satisfied and that this Indenture and the Parent Guarantee constitutes legal, valid and binding obligations of the continuing person,

enforceable in accordance with their terms, subject to customary qualifications as determined by the Board of Directors of the Parent Guarantor acting in good faith.

Notwithstanding the foregoing clause (iii), any Restricted Group Member may consolidate with, merge with or into or transfer all or part of its properties and assets to the Parent Guarantor so long as no Equity Interests of such Restricted Group Member are distributed to any Person other than the Parent Guarantor; and the Parent Guarantor may consolidate or merge with or into an Affiliate of the Parent Guarantor solely for the purpose of reincorporating the Parent Guarantor in Spain, any other member of the European Union that has adopted the euro as its national currency, the United Kingdom or the United States, any state of the United States or the District of Columbia.

(b) In addition, the Parent Guarantor may not, directly or indirectly, lease all or substantially all of its properties or assets, in one or more related transactions, to any other Person.

(c) The Issuer may not merge, consolidate or amalgamate with or into any other Person or sell, transfer, assign, lease, convey or otherwise dispose of all or substantially all of its property in any one transaction or series of related transactions; **provided**, **however**, **that** the Issuer may consolidate or merge with or into another Person if:

(i) the Person formed by or surviving any such consolidation or merger:

(A) is a corporation organized or existing under the laws of (i) Spain, (ii) any other member of the European Union that has adopted the euro as its national currency, (iii) the United Kingdom or (iv) the United States, any state of the United States or the District of Columbia; and

(B) if the surviving Person is not the Issuer, have delivered to the Trustee, in form and substance satisfactory to the Trustee, an Officer's Certificate (attaching the computations to demonstrate compliance with clause (A) above) and an opinion of independent counsel (on each of which the Trustee shall rely absolutely), each stating that such consolidation or merger, and if a supplemental indenture is required in connection with such transaction, such

supplemental indenture, complies with the requirements of this Indenture and that all conditions precedent in this Indenture relating to such transaction have been satisfied and that this Indenture and the Notes constitute legal, valid and binding obligations of the continuing person, enforceable in accordance with their terms, subject to customary qualifications as determined by the Board of Directors of the Parent Guarantor acting in good faith; and

(iv) the Issuer indemnifies each holder and beneficial owner on an after-tax basis for the full amount of any and all Taxes imposed on such a holder or beneficial owner of any Notes resulting from such consolidation or merger.

Notwithstanding the foregoing clause (iii), any Restricted Group Member may consolidate with, merge with or into or transfer all or part of its properties and assets to the Issuer so long as no Equity Interests of the Restricted Group Member are distributed to any Person other than the Issuer; and the Issuer may consolidate or merge with or into an Affiliate of the Issuer solely for the purpose of reincorporating the Issuer in Spain, any other member of the European Union that has adopted the euro as its national currency, the United Kingdom or the United States, any state of the United States or the District of Columbia.

(ix) other than (x) the entering into and formalization of the Refinancing Agreement (as defined in the Offering and Consent Solicitation Memorandum) and the filing of the request for, and/or granting by a court, of the homologation of the Refinancing Agreement and the Restructuring, in both cases as contemplated in the Offering and Consent Solicitation Memorandum or (y) in connection with the Parent Guarantor, the Issuer (including any co-Issuer) or any Subsidiary Guarantor proposing a compromise or arrangement under the Companies Act 2006, (A) the Parent Guarantor, the Issuer (including any co-Issuer) or any Subsidiary Guarantor that is a Significant Subsidiary (other than Carrasco Nobile S.A. and its successors and assigns) (x) commences a voluntary case or proceeding under any applicable Bankruptcy Law or any other case or proceeding to be adjudicated bankrupt or insolvent or (y) consents to the filing of a petition, application, answer or consent seeking reorganization or relief under any applicable Bankruptcy Law, (B) the Issuer (including any co-Issuer) or the Parent Guarantor or any Subsidiary Guarantor that is a Significant Subsidiary (other than Carrasco Nobile S.A. and its successors and assigns) consents to the entry of a decree or order for relief in respect of the Parent Guarantor, the Issuer (including any co-issuer) or any Subsidiary Guarantor that is a Significant Subsidiary in an involuntary case or proceeding under any applicable Bankruptcy Law or to the commencement of any bankruptcy, *concurso mercantil* or insolvency case or proceeding against it or, (C) the Issuer (including any co-Issuer) or the Parent Guarantor or any Subsidiary Guarantor that is a Significant Subsidiary (other than Carrasco Nobile S.A. and its successors and assigns) (x) consents to the appointment of, or taking possession by, a custodian, receiver, liquidator, administrator, supervisor, assignee, trustee, sequestrator or similar official of the Parent Guarantor, the Issuer (including any co-Issuer) or any Subsidiary Guarantor that is a Significant Subsidiary (other than Carrasco Nobile S.A. and its successors and assigns) or of any substantial part of their respective properties, (y) makes an assignment for the benefit of creditors or (z) admits in writing its inability to pay its debts generally as they become due;

(b) If a Default or an Event of Default occurs and is continuing and is known to the Trustee, the Trustee shall mail to each holder of the Notes notice of the Default or Event of Default within 30 Business Days after it occurs and is known to the Trustee. Except in the case of a Default or an Event of Default in payment of principal of, premium, if any, Additional Amounts or interest on any Notes, the Trustee may withhold the notice to the holders of such Notes if the Trustee in good faith determines that withholding the notice is in the interests of the holders of the Notes.

The Trustee shall not be responsible for monitoring any of the covenants or restrictions or obligations contained in the Notes or in this Indenture. The Parent Guarantor and the Issuer are required to deliver to the Trustee annually a statement regarding compliance with this Indenture. Upon becoming aware of any Default or Event of Default, the Parent Guarantor and the Issuer are required to deliver to the Trustee a statement specifying such Default or Event of Default. In all instances under this Indenture, the Trustee shall be entitled to rely on any certificates, statements or opinions delivered pursuant to this Indenture absolutely and shall not be obliged to enquire further as regards the circumstances then existing and shall not be responsible to the holders of the Notes for so relying.

Section 6.02. **Acceleration**. (a) In the case of an Event of Default specified in Sections 6.01(a)(viii) and (ix), above with respect to the Parent Guarantor or the Issuer (including any co-Issuer), all outstanding Notes shall become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the holders of not less than 25% in principal amount of the then outstanding Notes may, and the Trustee, upon the request of such holders (provided it has been indemnified and/or secured (including by way of pre-funding) to its satisfaction), shall, declare all the Notes to be due and payable immediately.

(b) At any time after a declaration of acceleration under this Indenture, but before a judgment or decree for payment of the money due has been obtained by the Trustee, the holders of a majority in aggregate principal amount of the outstanding Notes, by written notice to the Parent Guarantor and the Trustee, may rescind such declaration and its consequences if:

(B) the rescission would not conflict with any judgment or decree of a court of competent jurisdiction; and

(C) all Events of Default, except for an Event of Default in the payment of amounts of principal of, premium, if any, and any Additional Amounts and interest on the Notes that have become due solely by such declaration of acceleration, have been cured or waived.

Section 6.03. **Other Remedies**. If an Event of Default occurs and is continuing, the Trustee may in its discretion proceed to protect and enforce its rights and the rights of the Holders

by such appropriate judicial proceedings as the Trustee shall deem most effectual to protect and enforce any such rights, whether for the specific enforcement of any covenant or agreement in this Indenture or in aid of the exercise of any power granted herein, or to enforce any other proper remedy.

Upon any such waiver, such Default shall cease to exist, and any Event of Default arising therefrom shall be deemed to have been cured, for every purpose of this Indenture; but no such waiver shall extend to any subsequent or other Default or Event of Default or impair any right consequent thereon.

Section 6.05. **Control by Majority**. The Holders of not less than a majority in aggregate principal amount of the Notes may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee under this Indenture; **provided**, **that**:

(a) the Trustee may refuse to follow any direction that conflicts with law, this Indenture or that the Trustee determines in good faith may be unduly prejudicial to the rights of holders not joining in the giving of such direction;

(b) the Trustee may refuse to follow any direction that the Trustee determines is unduly prejudicial to the rights of other Holders or would involve the Trustee in personal liability; and

(c) the Trustee may take any other action deemed proper by the Trustee that is not inconsistent with such direction.

Section 6.06. **Limitation on Suits**. No holder of any of the Notes has any right to institute any proceedings with respect to this Indenture or any remedy thereunder, unless (a) the holders of at least 25% in aggregate principal amount of the outstanding Notes have made a written request, and offered indemnity or security including by way of pre-funding satisfactory to the Trustee, to the Trustee to institute such proceeding as Trustee under the Notes and this Indenture, (b) the Trustee has failed to institute such proceeding within 60 Business Days after receipt of such notice and (c) the Trustee within such 60 Business Day period has not received directions inconsistent with such written request by holders of a majority in aggregate principal amount of the outstanding Notes.

Such limitations do not, however, apply to a suit instituted by a holder of a Note for the enforcement of the payment of the principal of, premium, if any, and Additional Amounts or interest on such Note on or after the respective due dates expressed in such Note.

Section 6.07. **Collection Suit by Trustee**. The Issuers covenant that if default is made in the payment of:

(a) any installment of interest on any Note when such interest becomes due and payable and such default continues for a period of 30 days, or

(b) the principal of (or premium, if any, on) any Note at the Stated Maturity thereof,

the Issuers shall, subject to Article Eleven and the provisions of the Intercreditor Agreement, upon demand of the Trustee, pay to the Trustee for the benefit of the Holders of such Notes, the whole amount then due and payable on such Notes for principal (and premium, if any), Additional Amounts, if any and interest, and interest on any overdue principal (and premium, if any) and Additional Amounts, if any and, to the extent that payment of such interest shall be legally enforceable, upon any overdue installment of interest, at the rate borne by the Notes, and, in addition thereto, such further amount as shall be sufficient to cover the amounts provided for in Section 7.06 and such further amount as shall be sufficient to cover the costs and expenses of collection, including the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel.

(c) If the Issuers, subject to Article Eleven and the provisions of the Intercreditor Agreement, fails to pay such amounts forthwith upon such demand, the Trustee, in its own name as Trustee of an express trust, may institute a judicial proceeding for the collection of the sums so due and unpaid, may prosecute such proceeding to judgment or final decree and may enforce the same against the Issuers or any other obligor upon the Notes and collect the moneys adjudged or decreed to be payable in the manner provided by law out of the property of the Issuers or any other obligor upon the Notes, wherever situated.

Section 6.08. **Trustee May File Proofs of Claim**. The Trustee may file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee (including any claim for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, and any other amounts due to the Trustee under Section 7.06) and the Holders allowed in any judicial proceedings relative to the Issuers or any Guarantor, their creditors or their property and, unless prohibited by law or applicable regulations, may vote on behalf of the Holders at their direction in any election of a trustee in bankruptcy or other Person performing similar functions, and any custodian in any such judicial proceeding is hereby authorized by each Holder to make payments to the Trustee and, in the event that the Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee any amount due to it for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and its counsel, and any other amounts due to the Trustee under Section 7.06. To the extent that the payment of any such compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, and any other amounts due to the Trustee under Section 7.06 hereof out of the estate in any such proceeding shall be denied for any reason, payment of the same shall

be secured by a Lien on, and shall be paid out of, any and all distributions, dividends, money, securities and other properties that the Holders may be entitled to receive in such proceeding whether in liquidation or under any plan of reorganization or arrangement or otherwise.

Nothing herein contained shall be deemed to empower the Trustee to authorize or consent to, or accept or adopt on behalf of any Holder, any plan of reorganization, arrangement, adjustment or composition affecting the Notes or the rights of any Holder thereof, or to authorize the Trustee to vote in respect of the claim of any Holder in any such proceeding.

Section 6.09. **Application of Money Collected**. If the Trustee collects any money or property pursuant to this Article Six, it shall pay out the money or property in the following order:

FIRST: to the Trustee and to each Agent for amounts due to them under Section 7.06;

SECOND: to Holders for amounts due and unpaid on the Notes for principal of, premium, if any, interest, if any, and Additional Amounts, if any, ratably, without preference or priority of any kind, according to the amounts due and payable on the Notes for principal, premium, if any, interest, if any, and Additional Amounts, if any, respectively; and

THIRD: to the Issuers, any Guarantor or any other obligors of the Notes, as their interests may appear, or as a court of competent jurisdiction may direct.

The Trustee may fix a record date and payment date for any payment to Holders pursuant to this Section 6.09. At least 15 days before such record date, the Issuers shall mail to each Holder and the Trustee a notice that states the record date, the payment date and amount to be paid.

Section 6.10. **Undertaking for Costs**. A court may in its discretion require, in any suit for the enforcement of any right or remedy under this Indenture or in any suit against the Trustee for any action taken or omitted by it as Trustee, the filing by any party litigant in the suit of an undertaking to pay the costs of such suit, and such court may in its discretion assess reasonable costs, including reasonable attorneys' fees, against any party litigant in such suit, having due regard to the merits and good faith of the claims or defenses made by the party litigant. This Section 6.10 does not apply to a suit by the Trustee, a suit by Holders of more than 10% in aggregate principal amount of the outstanding Notes or to any suit by any Holder pursuant to Section 6.06.

Section 6.11. **Restoration of Rights and Remedies**. If the Trustee or any Holder has instituted any proceeding to enforce any right or remedy under this Indenture and such proceeding has been discontinued or abandoned for any reason, or has been determined adversely to the Trustee or to such Holder, then and in every such case, subject to any determination in such proceeding, the Issuers, any Guarantor, the Trustee and the Holders shall be restored severally and respectively to their former positions hereunder and thereafter all rights and remedies of the Trustee and the Holders shall continue as though no such proceeding had been instituted.

Section 6.12. **Rights and Remedies Cumulative**. Except as otherwise provided with respect to the replacement or payment of mutilated, destroyed, lost or stolen Notes in Section 2.07, no right or remedy herein conferred upon or reserved to the Trustee or to the Holders is intended to

be exclusive of any other right or remedy, and every right and remedy shall, to the extent permitted by law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

Section 6.13. **Delay or Omission not Waiver**. No delay or omission of the Trustee or of any Holder of any Note to exercise any right or remedy accruing upon any Event of Default shall impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein. Every right and remedy given by this Article Six or by law to the Trustee or to the Holders may be exercised from time to time, and as often as may be deemed expedient, by the Trustee or by the Holders, as the case may be.

Section 6.14. **Record Date**. The Issuers may set a record date for purposes of determining the identity of Holders entitled to vote or to consent to any action by vote or consent authorized or permitted by Sections 6.04 and 6.05. Unless this Indenture provides otherwise, such record date shall be the later of 30 days prior to the first solicitation of such consent or the date of the most recent list of Holders furnished to the Trustee pursuant to Section 2.05 prior to such solicitation.

Section 6.15. **Waiver of Stay or Extension Laws**. The Issuers covenant (to the extent that they may lawfully do so) that they shall not at any time insist upon, or plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay or extension law wherever enacted, now or at any time hereafter in force, which may affect the covenants or the performance of this Indenture; and the Issuers (to the extent that they may lawfully do so) hereby expressly waive all benefit or advantage of any such law and covenants that they shall not hinder, delay or impede the execution of any power herein granted to the Trustee, but shall suffer and permit the execution of every such power as though no such law had been enacted.

Section 6.16. **OldCo Guarantors.** This Article Six shall not apply to or affect the OldCo Guarantors or the OldCo Guarantees. For the avoidance of doubt, and without prejudice to any of the provisions of Article Seventeen:

(a) an Event of Default pursuant to Section 6.01 above shall not constitute an OldCo Event of Default (as defined in Section 17.01);

(b) an OldCo Event of Default (as defined in Section 17.01) shall not constitute a Default or an Event of Default;

(c) if the Notes are due and payable pursuant to Section 6.02 above, this shall not affect whether any amount is due and payable from the OldCo Guarantors; and

(d) the occurrence of an OldCo Event of Default, the service of an OldCo Trigger Event Notice, or a failure by any Issuer or any OldCo Guarantor to make payment of any amounts accelerated or demanded under any OldCo Demand Notice (each as defined in Section 17.01), shall not result in the Parent Guarantor or any of its Subsidiaries (other than an Issuer) becoming subject to any additional obligation, restriction, or other consequence whatsoever under or in respect of the Notes or this Indenture.

ARTICLE SEVEN
TRUSTEE AND PAYING AGENT

Section 7.01. **Duties**. (a) If an Event of Default has occurred and is continuing of which a Trust Officer of the Trustee has actual knowledge, the Trustee shall exercise such of the rights and powers vested in it under this Indenture subject and use the same degree of care in their exercise that a prudent person would use under the circumstances in conducting its own affairs.

(b) Except during the continuance of an Event of Default of which a Trust Officer of the Trustee has actual knowledge: (i) the Trustee and the Paying Agent undertake to perform such duties and only such duties as are specifically set forth in this Indenture and no others and no implied covenants or obligations shall be read into this Indenture against the Trustee; **provided that** to the extent the duties of the Trustee and the Paying Agent under this Indenture and the Notes may be qualified, limited or otherwise affected by the provisions of the Intercreditor Agreement, the Trustee and the Paying Agent shall be required to perform those duties only as so qualified, limited or affected, and shall be held harmless and shall not incur any liability for so acting; and (ii) the Trustee and the Paying Agent may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and the Paying Agent and conforming to the requirements of this Indenture. In the case of any such certificates or opinions which by any provisions hereof are specifically required to be furnished to the Trustee and the Paying Agent, the Trustee and the Paying Agent shall examine same to determine whether they conform to the requirements of this Indenture (but need not confirm or investigate the accuracy of mathematical calculations or other facts stated therein).

(c) The Trustee and the Paying Agent shall not be relieved from liability for its own grossly negligent action, its own grossly negligent failure to act or its own willful misconduct, except that:

(i) this paragraph does not limit the effect of paragraph (b) of this Section 7.01;

(ii) the Trustee and the Paying Agent shall not be liable for any error of judgment made in good faith by a Trust Officer unless it is proved that the Trustee and the Paying Agent were grossly negligent in ascertaining the pertinent facts; and

(iii) the Trustee and the Paying Agent shall not be liable with respect to any action it takes or omits to take in good faith in accordance with a direction received by it pursuant to Section 6.02 or 6.05.

(d) The Trustee and the Paying Agent shall not be liable for interest on any money received by it except as the Trustee and the Paying Agent (as applicable) may agree in writing with the Issuers or any Guarantor. Money held in trust by the Trustee and Paying Agent need not be segregated from other funds except to the extent required by law.

(e) No provision of this Indenture shall require the Trustee or the Paying Agent to expend or risk its own funds or otherwise incur financial liability in the performance of any of their respective duties hereunder or in the exercise of any of their respective rights or powers.

(f) Every provision of this Indenture relating to the conduct or affecting the liability of or affording protection to the Trustee or the Paying Agent (as the case may be) shall be subject to the provisions of this Section 7.01.

(g) The Trustee shall not be deemed to have notice or any knowledge of any matter (including, without limitation, Defaults or Events of Default) unless a Trust Officer assigned to and working in the Trustee's corporate trust and agency department has actual knowledge thereof or unless written notice thereof is received by the Trustee in accordance with the terms of this Indenture and such notice clearly references the Notes, the Issuers or this Indenture.

Section 7.02. **Certain Rights of Trustee and the Paying Agent**. (a) Subject to Section 7.01:

(i) the Trustee and the Paying Agent may rely, and shall be protected in acting or refraining from acting, upon any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, note, other evidence of indebtedness or other paper or document believed by them to be genuine and to have been signed or presented by the proper person, whether or not the proper person limits their liability under such document by a monetary cap or otherwise;

(ii) before the Trustee or the Paying Agent, as applicable, acts or refrains from acting, it may require an Officer's Certificate or an opinion of counsel, which shall conform to Section 15.05. The Trustee and the Paying Agent shall not be liable for any action they take or omit to take in good faith in reliance on such certificate or opinion. The Trustee and the Paying Agent may consult with counsel and any opinion of counsel shall be full and complete authorization and protection from liability in respect of any action taken, suffered or omitted by them hereunder in good faith and in reliance thereon;

(iii) each of the Trustee and the Paying Agent may act through its attorneys and agents and shall not be responsible for the misconduct or negligence of any attorney or agent appointed with due care by it;

(iv) neither the Trustee nor the Paying Agent shall be under obligation to exercise any of the rights or powers under this Indenture at the request of any of the Holders, unless such Holders shall have offered to the Trustee and the Paying Agent (as applicable) security (including by way of pre-funding) and indemnity satisfactory to them against loss, liability or expense;

(v) the Trustee shall not be liable for any action it takes or omits to take in good faith that it believes to be authorized or within its rights or powers, **provided that** the Trustee's conduct does not constitute gross negligence;

(vi) whenever in the administration of this Indenture the Trustee or the Paying Agent shall deem it desirable that a matter be proved or established prior to taking, suffering or omitting any action hereunder, the Trustee and the Paying Agent (unless other evidence be herein specifically prescribed) may, rely upon an Officer's Certificate;

(vii) the Trustee and the Paying Agent shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, note, other evidence of indebtedness or other paper or document, but the Trustee and the Paying Agent (as applicable), in their discretion, may make such further inquiry or investigation into such facts or matters as it may see fit, and, if the Trustee or the Paying Agent 8 as applicable shall determine to make such further inquiry or investigation, it shall be entitled to examine the books, records and premises of the Issuers personally or by agent or attorney at the sole cost of the Issuer and the Trustee shall incur no liability of any kind by reason of such inquiry or investigation;

(viii) neither the Trustee nor the Paying Agent shall be required to give any bond or surety with respect to the performance of its duties or the exercise of its powers under this Indenture;

(ix) in the event the Trustee or the Paying Agent receives inconsistent or conflicting requests and indemnity from two or more groups of holders, each representing less than a majority in aggregate principal amount of the Notes then outstanding, pursuant to the provisions of this Indenture, the Trustee and the Paying Agent (as applicable), in its sole discretion, may determine what action, if any, shall be taken and shall not incur any liability for their failure to act until such inconsistency or conflict is, in the Trustee's reasonable opinion, resolved;

(x) the permissive right of the Trustee and the Paying Agent to take the actions permitted by this Indenture as may be qualified, limited or otherwise affected by the provisions of the Intercreditor Agreement shall not be construed as an obligation or duty to do so;

(xi) delivery of reports, information and documents to the Trustee under Section 4.19 is for informational purposes only and the Trustee's receipt of the foregoing shall not constitute actual or constructive notice of any information contained therein or determinable from information contained therein, including the Issuers' compliance with any of their covenants hereunder (as to which the Trustee is entitled to rely exclusively on Officer's Certificates);

(xii) whether or not expressly provided in any other provision herein, the rights, privileges, protections, immunities and benefits given to the Trustee, including, without limitation, its rights to be indemnified and all other rights provided in Section 7.07, Section 7.06, Section 7.01(d) and (e) and this Section 7.02, are extended to, and shall be enforceable by, the Trustee in each of its capacities hereunder, and each Agent, custodian and other Person employed to act hereunder;

(xiii) the Trustee may consult with counsel and the advice of such counsel or any opinion of counsel shall, subject to Section 7.01(c), be full and complete authorization and protection from liability in respect of any action taken, suffered or omitted by it hereunder in good faith and in reliance thereon;

(xiv) except with respect to Section 4.01, the Trustee shall have no duty to inquire as to the performance of the Parent Guarantor or any Restricted Group Member with respect to the covenants contained in Article Four;

(xv) except as otherwise required by this Indenture or the terms of the Notes, the Trustee and the Paying Agent shall not have any obligation or duty to monitor, determine or inquire as to compliance, and shall not be responsible or liable for compliance, with restrictions on transfer, exchange, redemption, purchase or repurchase, as applicable, of minimum denominations imposed under this Indenture or under applicable law or regulation with respect of any transfer, exchange, redemption, purchase or repurchase, as applicable, of any interest in any Note;

(xvi) if any Guarantor is substituted to make payments on behalf of the Issuers pursuant to Article Ten, the Issuers and the relevant Guarantor shall promptly notify the Trustee and the Paying Agent and any clearing house through which the Notes are traded of such substitution;

(xvii) under no circumstances shall the Trustee and the Paying Agent be liable for any consequential loss or damage to the Issuers or any Guarantor (including loss of business, goodwill, opportunity or profit), even if advised of the possibility of such loss or damage; and

(xviii) no provision of this Indenture shall require the Trustee and the Paying Agent to do anything which, in their reasonable opinion, may be illegal or contrary to applicable law or regulation.

(b) The Trustee and the Paying Agent may request that the Issuers deliver an Officer's Certificate setting forth the names of the individuals and/or titles of officers authorized at such time to take specified actions pursuant to this Indenture, which Officer's Certificate may be signed by any person authorized to sign an Officer's Certificate, including any person specified as so authorized in any such certificate previously delivered and not superseded.

Section 7.03. **Individual Rights of Trustee**. The Trustee, any Paying Agent, any Registrar or any other agent of the Issuers or of the Trustee, in its individual or any other capacity, may become the owner or pledgee of Notes and may otherwise deal with the Issuers with the same rights it would have if it were not Trustee, Paying Agent, Registrar or such other agent.

Section 7.04. **Trustee's Disclaimer**. The recitals contained herein and in the Notes, except for the Trustee's certificates of authentication, shall be taken as the statements of the Issuers, and the Trustee assumes no responsibility for their correctness. The Trustee makes no representations as to the validity or sufficiency of this Indenture or of the Notes, except that the Trustee represents that it is duly authorized to execute and deliver this Indenture, authenticate the Notes and perform its obligations hereunder. The Trustee shall not be accountable for the use or application by the Issuers of Notes or the proceeds thereof or the use or application of any money received by any Paying Agent other than the Trustee.

Section 7.05. **[Reserved]**

Section 7.06. **Compensation and Indemnity**. The Issuers, failing which the Guarantors, shall pay to the Trustee and each Agent such compensation as shall be agreed in writing for its services hereunder. The compensation of the Trustee and each Agent shall not be limited by any law on compensation of a trustee of an express trust. The Issuers, failing which the Guarantors,

shall reimburse the Trustee and each Agent promptly upon request for all reasonable out-of-pocket expenses incurred or made by it, including costs of collection, in addition to the compensation for its services. Such expenses shall include the reasonable compensation and out-of-pocket expenses of the Trustee's and each Agent's agents and counsel.

The Issuers, failing which each of the Guarantors and/or any Additional Guarantor, shall indemnify, jointly and severally, the Trustee, the Agents and their officers, directors, employees and agents and its officers, directors and agents for and hold harmless against any and all loss, liability or expense (including attorneys' fees and expenses) incurred by it without willful misconduct or gross negligence on its part arising out of or in connection with the administration and the performance of its duties hereunder, including, without limitation, the costs and expenses of enforcing this Indenture against the Issuers and the Guarantors (including this Section 7.06) and defending itself against any claim (whether asserted by the Issuers, any Guarantor, any Holder or any other Person) or liability in connection with the execution and performance of any of its powers and duties hereunder, as such duties may be modified, qualified or otherwise affected by the Intercreditor Agreement. The Trustee or any Agents, as the case may be, shall notify the Issuers promptly of any claim for which it may seek indemnity. Failure by the Trustee or any Agents, as the case may be, to so notify the Issuers shall not relieve the Issuers or any Guarantor of its obligations hereunder. The Issuers shall, at the Trustee's or any Agent's, as the case may be, sole discretion, defend the claim and the Trustee or any Agents, as the case may be, shall reasonably cooperate and may participate at the Issuers' expense in such defense. Alternatively, the Trustee or any Agents, as the case may be, may have separate counsel of its own choosing and the Issuers shall pay the fees and expenses of such counsel. The Issuers need not pay for any settlement made without its consent, which consent may not be unreasonably withheld. The Issuers shall not reimburse any expense or indemnify against any loss, liability or expense incurred by the Trustee or any Agents, as the case may be, through the Trustee's or any Agent's, as the case may be, own willful misconduct or gross negligence.

The total liability of the Paying Agent, contractual or legal related to the compliance, default or omission by it of its obligations and undertakings under this Indenture, shall not exceed, in aggregate, the total compensation to be paid to the Paying Agent.

To secure the Issuers' and Guarantors' payment obligations in this Section 7.06, the Trustee shall have a Lien prior to the Notes on all money or property held or collected by the Trustee, in its capacity as Trustee, except money or property held in trust to pay principal of, premium, if any, and interest on particular Notes. Such lien shall survive the satisfaction and discharge of this Indenture.

In the event of the occurrence of an Event of Default or the Trustee considering it expedient or necessary or being requested by the Issuer to undertake duties which the Trustee reasonably determines to be of an exceptional nature or otherwise outside the scope of the normal duties of the Trustee, the Issuer shall pay to the Trustee such additional remuneration for such duties as may be agreed.

When the Trustee incurs expenses after the occurrence of a Default specified in Section 6.01(a)(viii) or (ix) with respect to the Issuers any Guarantor, or any Restricted Subsidiary, the expenses are intended to constitute expenses of administration under Bankruptcy Law.

The Issuers' obligations under this Section 7.06 and any claim or lien arising hereunder shall survive the resignation or removal of any Trustee, the satisfaction and discharge of the Issuers' obligations pursuant to Article Eight and any rejection or termination under any Bankruptcy Law, and the termination of this Indenture.

Section 7.07. **Replacement of Trustee**. A resignation or removal of the Trustee and appointment of a successor Trustee shall become effective only upon the successor Trustee's acceptance of appointment as provided in this Section 7.07.

The Trustee may resign, with or without cause, at any time by so notifying the Issuers. The Holders of a majority in outstanding principal amount of the outstanding Notes may remove the Trustee by so notifying the Trustee and the Issuers. The Issuers shall remove the Trustee if:

(a) the Trustee fails to comply with Section 7.09;

(b) the Trustee is adjudged bankrupt or insolvent;

(c) a receiver or other public officer takes charge of the Trustee or its property; or

(d) the Trustee otherwise becomes incapable of acting.

If the Trustee resigns or is removed, or if a vacancy exists in the office of Trustee for any reason, the Issuers shall promptly appoint a successor Trustee. Within one year after the successor Trustee takes office, the Holders of a majority in principal amount of the outstanding Notes may appoint a successor Trustee to replace the successor Trustee appointed by the Issuers. If the successor Trustee does not deliver its written acceptance required by the next succeeding paragraph of this Section 7.07 within 30 days after the retiring Trustee resigns or is removed, the retiring Trustee, the Issuers or the Holders of a majority in principal amount of the outstanding Notes may, at the expense of the Issuers, petition any court of competent jurisdiction for the appointment of a successor Trustee.

A successor Trustee shall deliver a written acceptance of its appointment to the retiring Trustee and to the Issuers. Thereupon the resignation or removal of the retiring Trustee shall become effective, and the successor Trustee shall have all the rights, powers and duties of the Trustee under this Indenture. The successor Trustee shall mail a notice of its succession to Holders. The retiring Trustee shall promptly transfer all property held by it as Trustee to the successor Trustee, **provided that** all sums owing to the Trustee hereunder have been paid and subject to the lien provided for in Section 7.06.

If a successor Trustee does not take office within 60 days after the retiring Trustee resigns or is removed, (i) the retiring Trustee, the Issuers or the Holders of at least 25% in outstanding principal amount of the Notes may petition any court of competent jurisdiction for the appointment of a successor Trustee at the expense of the Issuers or (ii) the retiring Trustee may appoint a successor Trustee at any time prior to the date on which a successor Trustee takes office; **provided that** such appointment shall be reasonably satisfactory to the Issuers.

If the Trustee fails to comply with Section 7.09, any Holder may petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

Notwithstanding the replacement of the Trustee pursuant to this Section 7.07, the Issuers' and the Guarantors' obligations under Section 7.06 shall continue for the benefit of the retiring Trustee.

Notwithstanding the foregoing provisions of this Section 7.07, and notwithstanding the provisions of Section 7.09 hereof, if (a) the holders of at least 25% in aggregate principal amount of the outstanding Notes have made a written request, and offered indemnity or security satisfactory to the Trustee, to the Trustee to institute proceedings with respect to this Indenture or any remedy thereunder as Trustee under the Notes and this Indenture, (b) the Trustee has failed to institute such proceeding within 30 Business Days after receipt of such notice and (c) the Trustee within such 30-Business Day period has not received directions inconsistent with such written request by holders of a majority in aggregate principal amount of the outstanding Notes, then the holders of at least 25% in aggregate principal amount of the outstanding Notes may remove the Trustee by so notifying the Trustee and the Issuers and appoint any holder of Notes to act as Trustee under this Indenture, and such holder shall not be required to satisfy the requirements set out in Section 7.09 hereof that are otherwise applicable to the Trustee; **provided**, **however**, **that** if such holder does not satisfy such requirements, such holder shall not be entitled to the benefits of the provisions of section 14.1(a) of the Intercreditor Agreement.

Section 7.08. **Successor Trustee by Merger**. Any corporation into which the Trustee may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the Trustee shall be a party, or any corporation succeeding to all or substantially all of the corporate trust business of the Trustee, shall be the successor of the Trustee hereunder, provided such corporation shall be otherwise qualified and eligible under this Article Seven, without the execution or filing of any paper or any further act on the part of any of the parties hereto. In case any Notes shall have been authenticated, but not delivered, by the Trustee then in office, any successor by merger, conversion or consolidation to such authenticating Trustee may adopt such authentication and deliver the Notes so authenticated with the same effect as if such successor Trustee had itself authenticated such Notes. In case at that time any of the Notes shall not have been authenticated, any successor Trustee may authenticate such Notes either in the name of any predecessor hereunder or in the name of the successor Trustee. In all such cases such certificates shall have the full force and effect which this Indenture provides for the certificate of authentication of the Trustee shall have; **provided**, **however**, **that** the right to adopt the certificate of authentication of any predecessor Trustee or to authenticate Notes in the name of any predecessor Trustee shall apply only to its successor or successors by merger, conversion or consolidation.

Section 7.09. **Eligibility: Disqualification**. There will at all times be a Trustee hereunder that is a corporation organized and doing business under the laws of England and Wales or within a member state of the European Union that is authorized under such laws to exercise corporate trustee power, that is a corporation which customarily performs such corporate trustee roles.

Section 7.10. **[Reserved]**

Section 7.11. **Appointment of Co-Trustee**. It is the purpose of this Indenture that there shall be no violation of any law of any jurisdiction denying or restricting the right of banking corporations or associations to transact business as trustee in such jurisdiction. It is recognized that in case of litigation under this Indenture or the Intercreditor Agreement, and in particular in case of the enforcement thereof on default, or in the case the Trustee deems that by reason of any present or future law of any jurisdiction it may not exercise any of the powers, rights or remedies herein granted to the Trustee or hold title to the properties, in trust, as herein granted or take any action which may be desirable or necessary in connection therewith, it may be necessary that the Trustee appoint an individual or institution as a separate or co-trustee. The following provisions of this Section 7.11 are adopted to these ends.

(a) In the event that the Trustee appoints an additional individual or institution as a separate or co-trustee, each and every remedy, power, right, claim, demand, cause of action, immunity, estate, title, interest and lien expressed or intended by this Indenture to be exercised by or vested in or conveyed to the Trustee with respect thereto shall be exercisable by and vest in such separate or co-trustee but only to the extent necessary to enable such separate or co-trustee to exercise such powers, rights and remedies, and only to the extent that the Trustee by the laws of any jurisdiction is incapable of exercising such powers, rights and remedies, and every covenant and obligation necessary to the exercise thereof by such separate or co-trustee shall run to and be enforceable by either of them.

(b) Should any instrument in writing from the Issuers be required by the separate or co-trustee so appointed by the Trustee for more fully and certainly vesting in and confirming to him or it such properties, rights, powers, trusts, duties and obligations, any and all such instruments in writing shall, on request, be executed, acknowledged and delivered by the Issuers; **provided**, **however**, **that** if an Event of Default shall have occurred and be continuing, if the Issuers does not execute any such instrument within 15 days after request therefor, the Trustee shall be empowered as an attorney-in-fact for the Issuers to execute any such instrument in the Issuers' name and stead. In case any separate or co-trustee or a successor to either shall die, become incapable or acting, resign or be removed, all the estates, properties, rights, powers, trusts, duties and obligations of such separate or co-trustee, so far as permitted by law, shall vest in and be exercised by the Trustee until the appointment of a new trustee or successor to such separate or co-trustee.

(c) Each separate trustee and co-trustee shall, to the extent permitted by law, be appointed and act subject to the following provisions and conditions:

(i) all rights and powers, conferred or imposed upon the Trustee shall be conferred or imposed upon and may be exercised or performed by such separate trustee or co-trustee; and

(ii) no Trustee hereunder shall be personally liable by reason of any act or omission of any other Trustee hereunder.

(d) Any notice, request or other writing given to the Trustee shall be deemed to have been given to each of the then separate trustees and co-trustees, as effectively as if given to

each of them. Every instrument appointing any separate trustee or co-trustee shall refer to this Indenture and the conditions of this Article Seven.

(e) Any separate trustee or co-trustee may at any time appoint the Trustee as its agent or attorney-in-fact with full power and authority, to the extent not prohibited by law, to do any lawful act under or in respect of this Indenture on its behalf and in its name. If any separate trustee or co-trustee shall die, become incapable of acting, resign or be removed, all of its estates, properties, rights, remedies and trusts shall vest in and be exercised by the Trustee, to the extent permitted by law, without the appointment of a new or successor trustee.

Section 7.12. **USA PATRIOT Act Section 326 (Customer Identification Program)**. The parties hereto acknowledge that in order to help the United States government fight the funding of terrorism and money laundering activities, pursuant to federal regulations that became effective on October 1, 2003, Section 326 of the USA PATRIOT Act requires all financial institutions to obtain, verify, record and update information that identifies each person establishing a relationship or opening an account. The parties to this Indenture agree that they will provide to the Trustee such information as it may request, from time to time, in order for the Trustee to satisfy the requirements of the USA PATRIOT Act, including but not limited to the name, address, tax identification number and other information that will allow the Trustee to identify the individual or entity who is establishing the relationship or opening the account and may also ask for formation documents such as articles of incorporation or other identifying documents to be provided.

Section 7.13. **Force Majeure**. The Trustee and the Paying Agent shall not incur any liability for not performing any act or fulfilling any duty, obligation or responsibility hereunder by reason of any occurrence beyond the control of the Trustee or the Paying Agent (including, but not limited to, any act or provision of any present or future law or regulation or governmental authority, any act of God or war, civil unrest, local or national disturbance or disaster, any act of terrorism, or the unavailability of the Federal Reserve Bank wire or facsimile or other wire or communication facility).

ARTICLE EIGHT
DEFEASANCE; SATISFACTION AND DISCHARGE

Section 8.01. **Issuers' Option to Effect Defeasance or Covenant Defeasance**. The Issuers may, at its option or at the option of the Parent Guarantor, at any time elect to have either Section 8.02 or Section 8.03 be applied to all outstanding Notes upon compliance with the conditions set forth below in this Article Eight.

Section 8.02. **Defeasance and Discharge**. Upon the Issuer's or the Parent Guarantor's exercise under Section 8.01 of the option applicable to this Section 8.02, the Issuer and the Co-Issuer shall be deemed to have been discharged from its obligations with respect to the Notes and the Guarantors shall be deemed to have been discharged from their obligations with respect to the Guarantees on the date the conditions set forth in Section 8.04 are satisfied (hereinafter, "**Legal Defeasance**"). For this purpose, such Legal Defeasance means that the Issuers and the Guarantors shall be deemed to have paid and discharged the entire indebtedness represented by the Notes or the Guarantees (as the case may be) and to have satisfied all their other obligations under the Notes, the Guarantees and this Indenture (and the Trustee, at the expense of the Issuers, shall execute proper

instruments acknowledging the same), except for the following which shall survive until otherwise terminated or discharged hereunder: (a) the rights of Holders of Notes to receive, solely from the trust fund described in Section 8.08 and as more fully set forth in such Section, payments in respect of the principal of (and premium, if any, on) and interest on such Notes when such payments are due, (b) the provisions set forth at Section 8.06 below, (c) the rights, powers, trusts, duties and immunities of the Trustee hereunder and the Issuers' and the Guarantors' obligations in connection therewith, and (d) the provisions of Section 8.04. Subject to compliance with this Article Eight, the Issuers or the Parent Guarantor may exercise their respective option under this Section 8.02 notwithstanding the prior exercise of their option under Section 8.03 below with respect to the Notes or the Guarantees (as the case may be). If any of the Issuers or the Parent Guarantor exercises their respective Legal Defeasance option, payment of the Notes may not be accelerated because of an Event of Default.

Section 8.03. **Covenant Defeasance**. Upon the Issuers' or the Parent Guarantor's exercise under Section 8.01 of the option applicable to this Section 8.03, the Issuer, the Co-Issuer and the Guarantors shall be released from their obligations under any covenant contained in Sections 4.03 through and including 4.15, 4.18, 4.20, 4.21, 4.22 and 4.25 with respect to the Notes or the Guarantees (as the case may be) on and after the date the conditions set forth below are satisfied (hereinafter, "**Covenant Defeasance**"). For this purpose, such Covenant Defeasance means that, the Issuers and the Guarantors may omit to comply with and shall have no liability in respect of any term, condition or limitation set forth in any such covenant, whether directly or indirectly, by reason of any reference elsewhere herein to any such covenant or by reason of any reference in any such covenant to any other provision herein or in any other document and such omission to comply shall not constitute a Default or an Event of Default, but, except as specified above, the remainder of this Indenture and such Notes shall be unaffected thereby.

Section 8.04. **Conditions to Defeasance**. In order to exercise either Legal Defeasance or Covenant Defeasance:

(a) the Issuers or the Parent Guarantor must irrevocably deposit with the Trustee (or such entity designated by the Trustee), in trust, (i) with respect to the Dollar Notes, for the benefit of the holders of the Dollar Notes, cash in U.S. Dollars, non-callable U.S. Government Obligations, or a combination of cash in U.S. Dollars and non-callable U.S. Government Obligations, and (ii) with respect to the Euro Notes, for the benefit of the holders of the Euro Notes, cash in Euros, non-callable European Government Obligations, or a combination of cash in Euros and non-callable European Government Obligations, in each case, in such amounts as shall be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, and interest, premium and Additional Amounts, if any, on the outstanding Notes on the Stated Maturity or on the applicable redemption date, as the case may be, and the Issuers or the Parent Guarantor must specify whether the Notes are being defeased to maturity or to a particular redemption date;

(b) in the case of Legal Defeasance, the Issuers or the Parent Guarantor must have delivered to the Trustee an opinion of counsel of recognized standing with respect to U.S. federal income tax matters (reasonably acceptable to the Trustee) confirming that (i) the Issuers has received from, or there has been published by, the U.S. Internal Revenue Service a ruling or (ii) since the date of this Indenture, there has been a change in the applicable U.S. federal income

tax law, in either case to the effect that (and based thereon such opinion shall confirm that) the beneficial owners of the outstanding Notes shall not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Legal Defeasance and shall be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(c) in the case of Covenant Defeasance, the Issuers or the Parent Guarantor must have delivered to the Trustee an opinion of counsel of recognized standing with respect to U.S. federal income tax matters (reasonably acceptable to the Trustee) confirming that the beneficial owners of the outstanding Notes shall not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and shall be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(d) no Default or Event of Default has occurred and is continuing on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit);

(e) such Legal Defeasance or Covenant Defeasance, including the deposit described in clause (a), above, shall not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than this Indenture) to which the Parent Guarantor or any of its Subsidiaries is a party or by which the Parent Guarantor or any of its Subsidiaries is bound;

(f) the Issuers or the Parent Guarantor must deliver to the Trustee an Officer's Certificate stating that the deposit was not made by the Issuers or the Parent Guarantor with the intent of preferring the holders of Notes over the other creditors of the Issuers or the Parent Guarantor with the intent of defeating, hindering, delaying or defrauding creditors of the Issuers or the Parent Guarantor or others; and

(g) the Issuers or the Parent Guarantor must deliver to the Trustee an Officer's Certificate and an opinion of counsel (and the Trustee shall rely on both absolutely), each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

If the funds deposited with the Trustee to effect Covenant Defeasance are insufficient to pay the principal of, premium, if any, and interest on the Notes when due because of any acceleration occurring after an Event of Default, then the Issuers and the Guarantors shall remain liable for such payments.

Section 8.05. **Satisfaction and Discharge of Indenture**. This Indenture shall be discharged and shall cease to be of further effect (except as to surviving rights of registration of transfer or exchange of the Notes as expressly provided for in this Indenture) when:

(a) the Issuer, the Co-Issuer or the Parent Guarantor has irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust (i) with respect to the Dollar Notes, solely for the benefit of the holders of the Dollar Notes, cash in U.S. Dollars, non-callable U.S. Government Obligations, or a combination of cash in U.S. Dollars and non-callable U.S.

Government Obligations, and (ii) with respect to the Euro Notes, for the benefit of the holders of the Euro Notes, cash in Euros, non-callable European Government Obligations, or a combination of cash in Euros and non-callable European Government Obligations, in each case, in such amounts as shall be sufficient, without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the Notes that have not, prior to such time, been delivered to the Trustee for cancellation, for principal of, premium, if any, and any Additional Amounts, if any, and accrued and unpaid interest to the date of maturity or redemption, as the case may be, and the Issuers have delivered irrevocable instructions to the Trustee under this Indenture to apply the deposited money toward the payment of Notes at Maturity or on the redemption date, as the case may be; and either:

(i) all Notes that have been authenticated, except lost, stolen or destroyed Notes that have been replaced or paid and Notes for whose payment money has been deposited in trust and thereafter repaid to the Issuers or the Parent Guarantor, have been delivered to the Trustee for cancellation; or

(ii) all Notes that have not been delivered to the Trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or shall become due and payable within one year.

(b) no Default or Event of Default has occurred and is continuing on the date of the deposit or shall occur as a result of the deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit and any similar deposit relating to other Debt and, in each case, the granting of Liens to secure such borrowings) and the deposit shall not result in a breach or violation of, or constitute a default under, any other instrument to which the Issuers or any Guarantor is a party or by which the Issuers or any Guarantor is bound (other than with respect to the borrowing of funds to be applied concurrently to make the deposit required to effect such satisfaction and discharge and any similar concurrent deposit relating to other Debt, and in each case the granting of Liens to secure such borrowings);

(c) the Issuers or the Parent Guarantor has paid or caused to be paid all sums payable by the Issuers under this Indenture; and

(d) the Issuers has delivered irrevocable instructions to the Trustee under this Indenture to apply the deposited money toward the payment of the Notes at maturity or the redemption date, as the case may be.

In addition, the Issuers must deliver an Officer's Certificate and an opinion of counsel to the Trustee (and the Trustee shall rely on both absolutely) stating that all conditions precedent to satisfaction and discharge have been satisfied and that such satisfaction and discharge shall not result in a breach or violation of, or constitute a default under, this Indenture or any other agreement or instrument to which the Parent Guarantor or any Subsidiary is a party or by which the Parent Guarantor or any Subsidiary is bound.

Section 8.06. **Survival of Certain Obligations**. Notwithstanding Sections 8.01 and 8.03, any obligations of the Issuer and any Guarantor in Sections 2.02 through 2.14, 7.06, 7.07 and 8.07 through 8.09 shall survive until the Notes have been paid in full. Thereafter, any obligations of the

Issuer and any Guarantor in Sections 7.06, 8.07 and 8.08 shall survive such satisfaction and discharge. Nothing contained in this Article Eight shall abrogate any of the obligations or duties of the Trustee under this Indenture.

Section 8.07. **Acknowledgment of Discharge by Trustee**. Subject to Section 8.09, after the conditions of Section 8.02, Section 8.03, or Section 8.12 have been satisfied, the Trustee upon written request shall acknowledge in writing the discharge of all of the Issuers' or Co-Issuer's, as applicable, obligations under this Indenture except for those surviving obligations specified in this Article Eight.

Section 8.08. **Application of Trust Money**. Subject to Section 8.09, the Trustee shall hold in trust cash in U.S. Dollars or U.S. Government Obligations deposited with it pursuant to this Article Eight. It shall apply the deposited cash or U.S. Government Obligations through the Paying Agent and in accordance with this Indenture to the payment of principal of, premium, if any, interest, and Additional Amounts, if any, on the Notes; but such money need not be segregated from other funds except to the extent required by law.

Section 8.09. **Repayment to Issuers**. Subject to Sections 7.06, and 8.01 through 8.04, the Trustee and the Paying Agent shall promptly pay to the Issuers upon request set forth in an Officer's Certificate any excess money held by them at any time and thereupon shall be relieved from all liability with respect to such money. The Trustee and the Paying Agent shall pay to the Issuers upon request any money held by them for the payment of principal, premium, if any, interest or Additional Amounts, if any, that remains unclaimed for two years; **provided that** the Trustee or Paying Agent before being required to make any payment may cause to be (a) published in the Financial Times or another leading newspaper in London, England (b) made available to the newswire service of Bloomberg or, if Bloomberg does not then operate, any similar agency and, (c) if and so long as the Notes are listed on the Irish Stock Exchange and the rules and regulations of such exchange so require, published in the Irish Times or another newspaper having a general circulation in Ireland (or if, in the opinion of the Issuers such publication is not practicable, in an English language newspaper having general circulation in the United States and Europe) or mail to each Holder entitled to such money at such Holder's address (as set forth in the Security Register) notice that such money remains unclaimed and that, after a date specified therein (which shall be at least 30 days from the date of such publication or mailing) any unclaimed balance of such money then remaining shall be repaid to the Issuers. After payment to the Issuers, Holders entitled to such money must look to the Issuers for payment as general creditors unless an applicable law designates another Person, and all liability of the Trustee and such Paying Agent with respect to such money shall cease.

Section 8.10. **Indemnity for U.S. Government Obligations**. The Issuers shall pay and shall indemnify the Trustee against any tax, fee or other charge imposed on or assessed against deposited U.S. Government Obligations or the principal, premium, if any, interest, if any, and Additional Amounts, if any, received on such U.S. Government Obligations.

Section 8.11. **Reinstatement**. If the Trustee or Paying Agent is unable to apply cash in U.S. Dollars or U.S. Government Obligations in accordance with this Article Eight by reason of any legal proceeding or by reason of any order or judgment of any court or governmental authority enjoining, restraining or otherwise prohibiting such application, the Issuers' and each Guarantor's

obligations under this Indenture and the Notes shall be revived and reinstated as though no deposit had occurred pursuant to this Article Eight until such time as the Trustee or any such Paying Agent is permitted to apply all such cash or U.S. Government Obligations in accordance with this Article Eight; **provided**, **however**, **that**, if the Issuers has made any payment of principal of, premium, if any, interest, if any, and Additional Amounts, if any, on any Notes because of the reinstatement of its obligations, the Issuers shall be subrogated to the rights of the Holders of such Notes to receive such payment from the cash in U.S. Dollars or U.S. Government Obligations held by the Trustee or Paying Agent.

Section 8.12. **Release and Discharge of Co-Issuer Upon Conversion of Notes**. Upon the completion of the conversion of the Convertible Notes pursuant to Article 14, and upon the delivery of the conversion and markdown notices in accordance with Section 14.02(c), the Co-Issuer shall be fully and unconditionally released and all of its obligations under this Indenture shall be discharged in full and shall cease to be of further effect.

ARTICLE NINE
AMENDMENTS AND WAIVERS

Section 9.01. **Without Consent of Holders**. The Issuer, the Co-Issuer, the Guarantors, the Trustee and the other parties hereto (other than the Oldco Guarantors) may amend or supplement this Indenture or the Notes:

(a) to cure any ambiguity, defect or inconsistency;

(b) to provide for uncertificated Notes in addition to or in place of certificated Notes;

(c) to provide for the assumption of the Parent Guarantor's or the Issuer's or the Co- Issuer's obligations to holders of Notes in the case of a merger, consolidation or sale of all or substantially all of the Parent Guarantor's assets;

(d) to release any Guarantor in accordance with and if permitted by the terms and limitations set forth in this Indenture and to add a Guarantor under this Indenture;

(e) to make such changes as are necessary to provide for the issuance of Additional Notes in accordance with the limitations set forth in this Indenture;

(f) to make any change that would provide any additional rights or benefits to the holders of Notes or additional covenants or other obligations of the Issuers or any Guarantor or that does not adversely affect the legal rights under this Indenture of any such holder in any material respect, including for the avoidance of doubt the addition of any co-issuer or any Guarantor becoming a co-issuer;

(g) [Reserved];

(h) to evidence and provide for the acceptance and appointment under this Indenture of a successor Trustee thereunder pursuant to the requirements thereof; or

(i) to provide for the issuance of Additional Notes in accordance with the terms of this Indenture.

The Subsidiary Guarantors (other than the relevant new Subsidiary Guarantor in the case of clause (d) above) need not be a party to any amendment to this Indenture referred to in this Section 9.01.

For the avoidance of doubt, Articles 470-1 to 470-19 of the Luxembourg amended companies law dated August 10, 1915 do not apply and no noteholders' meetings need to be convened to collect any necessary consent.

Section 9.02. **With Consent of Holders**. (a) Except as provided in Section 9.02(b) below and Section 6.04 and without prejudice to Section 9.01, the Issuer, the Guarantors and the Trustee may:

(i) modify, amend or supplement this Indenture, the Notes or the Guarantees or

(ii) waive any existing Default or compliance with any provision of this Indenture or the Notes, with the written consent of the Holders of not less than a majority in aggregate principal amount of the Notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, the Notes); **provided that** if any amendment, waiver or other modification will only affect one series of the Notes, only the consent of a majority in principal amount of the then outstanding Notes of such series shall be required.

(b) Notwithstanding the foregoing clause (a) of this Section 9.02, no amendment, modification, supplement or waiver, including a waiver pursuant to Section 6.04 and an amendment, modification or supplement pursuant to Section 9.01, may, without the consent of the holders of 90% (or, in the case of clause (ii)(C) below, 60%) of the aggregate principal amount of the Notes then outstanding, or if any amendment, waiver or other modification will only amend, waive or modify one series of the Notes, without the consent of Holders holding not less than 90% (or, in the case of clause (ii)(C) below 60%) of the then outstanding aggregate principal amount of Notes of such series, thereby:

(i) reduce the principal amount of Notes whose holders must consent to an amendment, supplement or waiver of provisions of this Indenture;

(ii) (A) reduce the principal (or Additional Amounts, if any) of or change the Stated Maturity of the principal of, or any installment of Additional Amounts or premium (other than in the circumstances referred to in (C) below), if any, or interest on, any Note, (B) alter the provisions with respect to the redemption of or premium on the Notes (other than provisions relating to Article Three of this Indenture or in the circumstances referred to in (C) below) or (C) in connection with any transaction involving or which, but for a redemption of the Notes in full, would otherwise result in a Change of Control, waive the requirement to pay, or reduce the amount of, a premium payable on a redemption on any Note;

(iii) reduce the rate of or change the time for payment of interest on any Note;

(iv) waive a Default or Event of Default in the payment of principal of, or interest or premium, or Additional Amounts, if any, on the Notes (except a rescission of acceleration of the Notes by the holders of at least a majority in aggregate principal amount of the Notes and a waiver of the payment default that resulted from such acceleration);

(v) modify the right to institute suit for the enforcement of any payment of any Note in accordance with the provisions of such Note and this Indenture;

(vi) make any Note payable in money other than that stated in the Notes;

(vii) impair the right of any Holder to receive payment of principal of, or interest or premium or Additional Amounts, if any, on such Holder's Notes on or after the due dates therefor or to institute suit for the enforcement of any such payment on or with respect to such Holder's Notes;

(viii) amend or waive any provision of Article Fourteen of this Indenture (*Mandatory Conversion*);

(ix) release the Issuer or any Guarantor from any of its obligations under the Notes, the Guarantees or this Indenture, except in accordance with the terms of this Indenture;

(x) release any of the Liens on the Collateral granted for the benefit of the Holders, except in accordance with the terms of the relevant Security Documents and this Indenture; or

(xi) make any change in the preceding amendment and waiver provisions.

The consent of the Holders is not necessary to approve the particular form of any proposed amendment, modification, supplement or waiver. It is sufficient if such consent approves the substance of the proposed amendment, modification, supplement or waiver.

For the avoidance of doubt, Articles 470-1 to 470-19 of the Luxembourg amended companies law dated August 10, 1915 do not apply and no noteholders' meetings need to be convened to collect any necessary consent.

Section 9.03. **OldCo Guarantors.** Notwithstanding any other provision of this Indenture, no modification, amendment, or supplement to this Indenture:

(a) that has the effect of changing or which relates to Article Sixteen;

(b) which would impose any new or more onerous obligation or liability upon an OldCo Guarantor; and/or

(c) which would affect the rights or entitlements of an OldCo Guarantor or permit any demand to be made or payment to be sought from an OldCo Guarantor, which would not have been permitted but for such modification, amendment, or supplement,

shall in any case be made without the prior written consent of (i) each OldCo Guarantor (to the extent it remains in existence) affected by such modification, amendment, or supplement (as the case may be); and (ii) the Trustee acting on the instructions of the Holders of not less than a majority in aggregate principal amount of the Notes then outstanding.

Section 9.04. **Effect of Supplemental Indentures**. Upon the execution of any supplemental indenture under this Article Nine, this Indenture shall be modified in accordance therewith, and such supplemental indenture shall form a part of this Indenture for all purposes; and every Holder theretofore or thereafter authenticated and delivered hereunder shall be bound thereby.

Section 9.05. **Notation on or Exchange of Notes**. If an amendment, modification or supplement changes the terms of a Note, the Issuers or Trustee may require the Holder to deliver it to the Trustee. The Trustee may place an appropriate notation on the Note and on any Note subsequently authenticated regarding the changed terms and return it to the Holder. Alternatively, if the Issuers so determines, the Issuers in exchange for the Note shall issue and the Trustee shall authenticate a new Note that reflects the changed terms. Failure to make the appropriate notation or to issue a new Note shall not affect the validity of such amendment, modification or supplement.

Section 9.06. **Payment for Consent**. The Parent Guarantor shall not and shall not permit any Restricted Group Member to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any holder of Notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of this Indenture or the Notes unless such consideration is offered to be paid and is paid to all holders of the Notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

Section 9.07. **Notice of Amendment or Waiver**. Promptly after the execution by the Issuers and the Trustee of any supplemental indenture or waiver pursuant to the provisions of Section 9.02, the Issuers shall give notice thereof to the Holders of each outstanding Note affected, in the manner provided for in Section 15.02(a), setting forth in general terms the substance of such supplemental indenture or waiver.

Section 9.08. **Trustee to Sign Amendments, Etc**. The Trustee may execute any amendment, supplement or waiver authorized pursuant, and adopted in accordance with, this Article Nine; **provided that** the Trustee may, but shall not be obligated to, execute any such amendment, supplement or waiver which affects the Trustee's own rights, duties or immunities under this Indenture. The Trustee shall be entitled to receive, if requested, an indemnity satisfactory to it and to receive, and shall be fully protected in relying upon, an opinion of counsel reasonably satisfactory to the Trustee and an Officer's Certificate each stating that the execution of any amendment, supplement or waiver authorized pursuant to this Article Nine is authorized or permitted by this Indenture. Such opinion of counsel shall be an expense of the Issuers.

ARTICLE TEN
GUARANTEE

Section 10.01. **Notes Guarantee**. (a) Each Guarantor hereby fully and unconditionally guarantees, on a joint and several basis, to each Holder and to the Trustee and its successors and assigns on behalf of each Holder, the full and punctual payment of principal of, premium, if any, interest, if any, and Additional Amounts, if any on, and all other monetary obligations of the Issuers under this Indenture and the Notes (including obligations to the Trustee and the obligations to pay Additional Amounts, if any) with respect to each Note authenticated and delivered by the Trustee or its agent pursuant to and in accordance with this Indenture, in accordance with the terms of this Indenture (all the foregoing being hereinafter collectively called the "**Guaranteed Obligations**"). The Guaranteed Obligations shall not, however, include any obligation of an Issuer to make payment as a result of an OldCo Demand Notice (as defined in Section 17.01) having been served. Each Guarantor further agrees that the Guaranteed Obligations may be assigned (whether or not by the occurrence of the guarantee), novated, extended or renewed, in whole or in part, without notice or further assent from such Guarantor and that such Guarantor shall remain bound under this Article Ten notwithstanding any assignment (whether or not by the occurrence of the guarantee), novation, extension or renewal of any Guaranteed Obligation, including, without limitation, the occurrence of the guarantee. All payments under such guarantee shall be made in U.S. Dollars.

For the sake of clarity, any Spanish Guarantor acknowledges that the guarantee provided by it under this Section 10.01 must be construed as a first demand guarantee (*garantía a primera demanda*) and not as a guarantee (*fianza*) and, therefore, the benefits of preference (*excusión*), order (*orden*) and division (*división*) shall not be applicable.

Any Colombian Guarantor expressly resigns to any and all benefits of preference (*excusión*) pursuant to article 2384 of Colombian Civil Code.

Codere Latam Colombia, S.A acknowledges, represents and warrants that a portion of the proceeds of the issuance of the Notes may be advanced for its benefit, and that the obligations guaranteed by it hereunder are being incurred for and will inure to its benefit and therefore the Guarantee is being granted for the benefit of Codere Latam Colombia and in connection with its corporate purposes. In addition, Codere Latam Colombia will not execute the Guarantee unless it has been properly authorized by its general shareholders assembly to do so, as required by Colombian conflicts of interest legislation.

(b) Each Guarantor hereby agrees that its obligations hereunder shall be as if it were principal debtor and not merely surety, unaffected by, and irrespective of, any invalidity, irregularity or unenforceability of any Note or this Indenture, any failure to enforce the provisions of any Note or this Indenture, any waiver, modification or indulgence granted to the Issuers with respect thereto by the Holders or the Trustee, or any other circumstance which may otherwise constitute a legal or equitable discharge of a surety or guarantor (except payment in full); **provided that**, notwithstanding the foregoing, no such waiver, modification, indulgence or circumstance shall without the written consent of such Guarantor increase the principal amount of a Note or the interest rate thereon or change the currency of payment with respect to any Note, or alter the Stated Maturity thereof. Each Guarantor hereby waives diligence, presentment, demand of payment, filing of claims with a court in the event of merger or bankruptcy of the Issuer, any right to require

that the Trustee pursue or exhaust its legal or equitable remedies against the Issuer prior to exercising its rights under such Guarantor's Guarantee (including, for the avoidance of doubt, any right which such Guarantor may have to require the seizure and sale of the assets of the Issuer to satisfy the outstanding principal of, interest on or any other amount payable under each Note prior to recourse against such Guarantor or its assets), protest or notice with respect to any Note or the Debt evidenced thereby and all demands whatsoever, and covenants that such Guarantee shall not be discharged with respect to any Note except by payment in full of the principal thereof and interest thereon or as otherwise provided in this Indenture, including Section 10.03. If at any time any payment of principal of, premium, if any, interest, if any, or Additional Amounts, if any, on such Note is rescinded or must be otherwise restored or returned upon the insolvency, *concurso mercantil*, bankruptcy or reorganization of the Issuer, each Guarantor's obligations hereunder with respect to such payment shall be reinstated as of the date of such rescission, restoration or returns as though such payment had become due but had not been made at such times.

(c) Each Guarantor also agrees to pay any and all costs and expenses (including reasonable attorneys' fees) incurred by the Trustee or any Holder in enforcing any rights under this Section 10.01.

(d) Each Mexican Guarantor expressly acknowledges that its guarantee hereunder is governed by New York law and expressly waives any rights and privileges that it might otherwise have under any other laws.

(e) Alta Cordillera, S.A. expressly acknowledges that its Guarantee hereunder is governed by New York law and expressly agrees that any rights and privileges that it might otherwise have under the laws of Panama shall not be applicable to its Guarantee, including, but not limited to, any other under Article 812 of the Code of Commerce of the Republic of Panama, which are hereby expressly and irrevocably waived by Alta Cordillera, S.A.

Section 10.02. **Subrogation**. Each Guarantor shall be subrogated to all rights of the Holders against the Issuers in respect of any amounts paid to such Holders by the Guarantor pursuant to the provisions of its Guarantee.

(a) The Guarantors agree that they shall not be entitled to any right of subrogation in relation to the Holders in respect of any Guaranteed Obligations guaranteed hereby until payment in full of all Guaranteed Obligations. Each guarantor further agrees that, as between it, on the one hand, and the Holders and the Trustee, on the other hand, (x) the maturity of the Guaranteed Obligations guaranteed hereby may be accelerated as provided in Section 6.02 for the purposes of their Guarantees herein, notwithstanding any stay, injunction or other prohibition preventing such acceleration in respect of the Guaranteed Obligations guaranteed hereby, and (y) in the event of any declaration of acceleration of such obligations as provided in Section 6.02, such Guaranteed Obligations (whether or not due and payable) shall forthwith become due and payable by the Guarantor for the purposes of this Section 10.02 subject to Section 10.01(c) above.

Section 10.03. **Release of Guarantees**. (a) A Guarantee (including any Guarantee provided pursuant to Section 4.21) shall be automatically and unconditionally released, and the Guarantor that granted such Guarantee shall be automatically and unconditionally released from its obligations and liabilities thereunder and hereunder upon Legal Defeasance as provided in Section

8.02 or Covenant Defeasance as provided in Section 8.03 or if all obligations under this Indenture are discharged in accordance with the terms of this Indenture, in each case, in accordance with the terms and conditions in this Indenture, the Intercreditor Agreement and any Additional Intercreditor Agreement.

(b) In addition, the Subsidiary Guarantee of a Subsidiary Guarantor will be released:

(i) in connection with any sale or other disposition of all or substantially all of the assets of that Subsidiary Guarantor to a Person that is not (either before or after giving effect to such transaction) the Parent Guarantor or a Restricted Group Member, if the sale or other disposition (A) does not violate the provisions of the covenant set forth in Section 4.11 to be satisfied at the time of such sale or other disposition and (B) is made in compliance with Section 5.01 hereto;

(ii) in connection with any direct or indirect sale, issuance or other disposition of the Capital Stock of that Subsidiary Guarantor (including by way of merger or consolidation) upon which such Subsidiary Guarantor is no longer a Restricted Group Member, if the sale or other disposition (A) does not violate the covenant set forth in Section 4.11 and (B) is made in compliance with Section 5.01 hereto;

(iii) if the Parent Guarantor designates any Restricted Group Member that is a Subsidiary Guarantor to be an Unrestricted Group Member in accordance with the applicable provisions of this Indenture;

(iv) upon Legal Defeasance or satisfaction and discharge of this Indenture under Article Eight of this Indenture;

(v) as provided in Article Nine of this Indenture;

(vi) in the case of Guarantees granted pursuant to Section 4.21, upon the release and discharge of the guarantee or security that gave rise to the obligation to guarantee the Notes;

(vii) in connection with the solvent liquidation or dissolution of such Subsidiary Guarantor; or

(viii) automatically without any action by the Trustee or the Security Agent, pursuant to or in connection with any Permitted Reorganization.

In all cases the Issuers and such Guarantors that are to be released from their Guarantees shall deliver to the Trustee an Officer's Certificate and an opinion of counsel certifying compliance with this Section 10.03, in each case, evidencing such release. At the request of the Issuers, the Trustee shall as soon as reasonably practicable following receipt of such documentation, execute and deliver an appropriate instrument evidencing such release (in the form provided by the Issuers).

Section 10.04. **Limitation and Effectiveness of Guarantees**. (a) Notwithstanding any other provision of this Indenture, the obligations of each Guarantor under its Guarantee shall be limited under the relevant laws applicable to such Guarantor and the granting of such Guarantees (including laws relating to corporate benefit, capital preservation, financial assistance, bankruptcy, fraudulent conveyances and transfers or transactions under value) to the maximum amount payable such that such Guarantees shall not constitute a fraudulent conveyance, fraudulent transfer, voidable preference, a transaction under value or unlawful financial assistance or otherwise, or under similar laws affecting the rights of auditors generally, cause the Guarantor to be insolvent under relevant law or such Guarantee to be void, unenforceable or ultra vires or cause the directors of such Guarantor to be held in breach of applicable corporate or commercial law providing for such Guarantee.

Each Spanish Guarantor acknowledges, represents and warrants that the obligations guaranteed by it hereunder are being incurred for and will inure to its benefit and therefore that sufficient compensatory benefit (*ventaja compensatoria*) has been obtained for the granting of the relevant Guarantee.

(b) Notwithstanding any other provision of this Indenture and subject always to the provisions of the paragraphs below, the liability of each Italian Guarantor under this Section 10 in respect of the obligations of any obligor which is not a subsidiary (pursuant to article 2359, paragraph 1, numbers 1 and/or 2, of the Italian Civil Code) of such Italian Guarantor shall not exceed at any time an amount equal to the aggregate of:

(i) the aggregate principal amount of the indebtedness of such Italian Guarantor (and/or any of its direct or indirect subsidiaries pursuant to article 2359 paragraph 1, numbers 1 and/or 2 of the Italian Civil Code); and

(ii) the aggregate principal amount of any intercompany loans or other financial support by way of any form (such term, for the avoidance of doubt, not including equity contributions) of cash contribution advanced to such Italian Guarantor (or any of its direct or indirect subsidiaries pursuant to article 2359 paragraph 1, numbers 1 and/or 2 of the Italian Civil Code) by the Issuers and/or any Guarantor after the date of first issuance of the Original Notes, and outstanding at the time of the enforcement of the guarantee.

(c) Any guarantee, indemnity, obligations and liability granted or assumed pursuant to this Section 10 by any Italian Guarantor shall not include and shall not extend, directly or indirectly, to any amount lent to acquire or subscribe, directly or indirectly, shares or quotas in the relevant Italian Guarantor or any direct or indirect controlling entity of such Italian Guarantor (or the refinancing of any indebtedness incurred for that purpose).

(d) Pursuant to article 1938 of the Italian Civil Code, the maximum amount that each Italian Guarantor in aggregate may be required to pay in respect of its obligations as Guarantor under this Section 10 shall not exceed one hundred and twenty per cent (120%) of the Notes.

(e) In the case of each Spanish Guarantor, the Guarantee does not apply to any liability to the extent that it would result in this guarantee constituting unlawful financial assistance within the meaning of articles 143 or 150 of Spanish Companies Act.

(f) The guarantee granted by any Subsidiary Guarantor which is incorporated and established in the Grand-Duchy of Luxembourg (a "**Luxembourg Guarantor**") under this Article 10 (Guarantee) shall be limited at any time to an aggregate amount not exceeding the higher of:

(i) Ninety-nine percent of such Luxembourg Guarantor's *capitaux propres* (as referred to in article 34 of the Luxembourg law dated December 19, 2002 on the commercial register and annual accounts, as amended (the "**2002 Law**"), and as implemented by the Grand-Ducal regulation dated December 18, 2015 setting out the form and the content of the presentation of the balance sheet and profit and loss account (the "**Regulation**")) determined as at the date on which a demand is made under the guarantee, increased by the amount of any Intra-Group Liabilities, and

(ii) Ninety-nine percent of such Luxembourg Guarantor's *capitaux propres* (as referred to in article 34 of the 2002 Law) determined as at the date of this Indenture or, if later, the date such Luxembourg Guarantor became a Guarantor, increased by the amount of any Intra-Group Liabilities.

The amount of the *capitaux propres* under this Clause shall be determined by the Trustee acting in its sole commercially reasonable discretion and shall be adjusted (by derogation to the rules contained in the 2002 Law and the Regulation) to take into account the fair value rather than book value of the assets of the Luxembourg Guarantor.

For the purpose of this Article 10 (*Guarantee*), "**Intra-Group Liabilities**" shall mean any amounts owed by the Luxembourg Guarantor to any other member of the Group and that have not been financed (directly or indirectly) by a borrowing under the Notes.

The above limitation shall not apply:

(i) in respect of any amounts due under the Notes by a Subsidiary Guarantor which is a direct or indirect subsidiary of that Luxembourg Guarantor;

(ii) in respect of any amounts due under the Notes by a Subsidiary Guarantor which is not a direct or indirect subsidiary of that Luxembourg Guarantor and which have been on-lent to or made available by whatever means, directly or indirectly, to that Luxembourg Guarantor or any of its direct or indirect subsidiaries.

If a demand has been made under a guarantee given a Luxembourg Guarantor under another Debt Document (as defined in the Intercreditor Agreement), (excluding for the avoidance of doubt any payments made under a Security Document), then the amount determined under (b) above shall be reduced by the amount paid under such other guarantee by such Luxembourg Guarantor (it being understood that the amount determined under (a) above does reflect the demand made under such guarantee) even where such payment is made after the demand under this Guarantee.

(g) The amount of any guarantee, charge, pledge or security granted by any Spanish Guarantor incorporated as a limited liability company (*sociedad de responsabilidad limitada*) will be limited to the sum of:

(i) the lower of (x) if any, the amount effectively received by such Spanish Guarantor from the proceeds of the Notes and (y) the maximum amount of bonds that, in accordance with applicable legislation from time to time, such Spanish Guarantor may directly issue (being, as at the date hereof, two times the amount of such sociedad limitada's "own resources" (*recursos propios*) in accordance with article 401.2 of the Spanish Companies Law); and

(ii) the amount received by the Issuers and each other Guarantor from the proceeds of the Notes.

(h) Pursuant to Panamanian public policy provisions, a guarantee given by a Panamanian Guarantor:

(i) would be unenforceable against the Panamanian Guarantor if the main obligation is unenforceable against the primary obligor (the Borrower or the Issuers) as a guarantee is accessory to the main obligation and cannot exist without a validly existing main obligation;

(ii) may not extend to encompass more than the main obligation in the amount, terms or conditions of said main obligation notwithstanding any agreement to the contrary which may be given by a Panamanian Guarantor; and

(iii) may be reduced to the aggregate amount of the main obligation by a court in such circumstances.

Section 10.05. **Notation Not Required**. Neither Issuer nor any Guarantor shall be required to make a notation on the Notes to reflect any Guarantee or any release, termination or discharge thereof.

Section 10.06. **Successors and Assigns**. This Article Ten shall be binding upon the Guarantors and each of their successors and assigns and shall inure to the benefit of the successors and assigns of the Trustee and the Holders and, in the event of any transfer or assignment of rights by any Holder or the Trustee, the rights and privileges conferred upon that party in this Indenture and in the Notes shall automatically extend to and be vested in such transferee or assigns, all subject to the terms and conditions of this Indenture.

Section 10.07. **No Waiver**. Neither a failure nor a delay on the part of either the Trustee or the Holders in exercising any right, power or privilege under this Article Ten shall operate as a waiver thereof, nor shall a single or partial exercise thereof preclude any other or further exercise of any right, power or privilege. The rights, remedies and benefits of the Trustee and the Holders herein expressly specified are cumulative and are not exclusive of any other rights, remedies or benefits which either may have under this Article Ten at law, in equity, by statute or otherwise.

Section 10.08. **Modification**. No modification, amendment or waiver of any provision of this Article Ten, nor the consent to any departure by any Guarantor therefrom, shall in any event be effective unless the same shall be in writing and signed by the Trustee, and then such waiver or consent shall be effective only in the specific instance and for the purpose for which given. No notice to or demand on any Guarantor in any case shall entitle any Guarantor to any other or further notice or demand in the same, similar or other circumstance.

ARTICLE ELEVEN
INTERCREDITOR AGREEMENT

Section 11.01. **Intercreditor Agreement**. The Issuers and the Guarantors agree, and each Holder by accepting a Note agrees, that this Indenture, including the Guarantees, is subject to the limitations on enforcement and other terms of the Intercreditor Agreement.

(a) If so requested by any holder or holders of the Notes, the Trustee shall, in accordance with the Intercreditor Agreement, take any action required under the Intercreditor Agreement to require the transfer to the Trustee (or to a nominee nominated by such holders of the Notes, if such a nominee exists), on behalf of such holders of the Notes, the rights and obligations of the Senior Lenders (as defined in the Intercreditor Agreement) in connection with the Senior Liabilities (as defined in the Intercreditor Agreement).

ARTICLE TWELVE
COLLATERAL SECURITY DOCUMENTS AND THE SECURITY AGENT

Section 12.01. **Collateral and Security Documents**. The full and punctual payment when due and the full and punctual performance of the Obligations of the parties hereto are secured as provided in the Intercreditor Agreement, any Additional Intercreditor Agreement and the Security Documents, in each case, in favor of the Security Agent and/or, to the extent required by applicable law, of the Trustee (including as *mandatario con rappresentanza*), in the name and on behalf of the Holders, as pledgee. Subject to the conditions set forth herein, each pledgor is permitted to pledge the Collateral in connection with future incurrences of Debt of the Parent Guarantor or its Restricted Group Members, including any Additional Notes, permitted under this Indenture.

(a) Each Holder by accepting a Note shall be deemed to appoint, to the extent permitted by applicable law, the Security Agent to act as its trustee, *mandatario con rappresentanza*, *comisionista* and representative in connection with the Collateral and authorizes the Security Agent (acting at the direction of the Trustee) to exercise such rights, powers and discretions as are specifically delegated to the Security Agent by the terms hereof and the Intercreditor Agreement and together with all rights, powers and discretions as are reasonably incidental thereto or necessary to give effect to the trusts hereby created, and each Holder by accepting a Note shall be deemed to irrevocably authorize the Security Agent on its behalf to release any existing security being held in favor of the Holders, to enter into any and each Security Document and the Intercreditor Agreement and to deal with any formalities in relation to the perfection of any security created by such agreements (including, *inter alia*, entering into such other documents as may be necessary to such perfection).

Each Holder, by accepting a Note, shall be deemed to appoint the Trustee as representative of the Holders (*rappresentante*) pursuant to and for the purposes set forth under Article 2414-bis, paragraph 3 of the Italian Civil Code and the Issuers acknowledge and agree that the Trustee shall be appointed, as from the date of this Indenture, as representative of the Holders (*rappresentante*) pursuant to and for the purposes set forth under Article 2414-bis, paragraph 3 of the Italian Civil Code in order to create and grant in its favor security interests and guarantees securing and guaranteeing the Notes and the Guarantees and entitle it to exercise in the name and on behalf of the Holders of the Notes all their rights (including any rights before any court and judicial proceedings) relating to such security interests and guarantees.

Each Holder, by accepting a Note (or otherwise acquiring a Note or an interest therein), shall be deemed to appoint the Security Agent (and the Issuers acknowledge and agree that the Security Agent shall be appointed), as from the date of this Indenture as representative of the Holders with rights, powers and discretions equivalent to those of a *comisario* under Title XI of the Spanish Companies Act for the purposes of accepting, taking and holding Collateral and the Guarantees and entitle it to exercise in the name and on behalf of the Holders of the Notes all their rights (including any rights before any court and judicial proceedings) relating to such security interests and guarantees.

Each Holder, by accepting a Note (or otherwise acquiring a Note or an interest therein), shall be deemed to appoint the Security Agent (and the Issuers acknowledge and agree that the Security Agent shall be appointed), as from the date of this Indenture as representative of the Holders with rights, powers and discretions equivalent to those of a *comisionista* under the Mexican Commerce Code (*Código de Comercio*) for the purposes of accepting, taking and holding Collateral and the Guarantees and entitle it to exercise in the name and on behalf of the Holders of the Notes all their rights (including any rights before any court and judicial proceedings) relating to such security interests and guarantees.

(b)

(i) The Security Agent declares that it shall hold the Collateral on trust, or as *mandatario con rappresentanza*, for the Trustee and the Holders on the terms contained in this Indenture and the Intercreditor Agreement.

(ii) Each Holder by accepting a Note shall be deemed to agree that the Security Agent shall have only those duties, obligations and responsibilities and such rights and protections as expressly specified in this Indenture, the Intercreditor Agreement or in the Security Documents (and no others shall be implied).

(c) Each of the Holders of the Notes, by accepting a Note (or otherwise acquiring a Note or an interest therein) expressly accepts, by purchasing one or several Notes (or any interests in the Notes) that the Security Agent will be entitled to enter into, accept the constitution of, take, hold and, if necessary, enforce, any Liens (including, without limitation any pledges, whether possessory or non-possessory) on the Collateral granted in favor of the Holders under the Security Documents, and expressly authorize the Security Agent to be their agent and representative with respect to the Collateral and the Security Documents (including, without limitation, by administering and enforcing remedies with respect to such Collateral and Security

Documents). For the avoidance of doubt, the Security Agent is authorized to execute, sign, amend, extend, ratify and raise to the status of public deed any documents (whether public or private) to formalize, perfect or enforce any Lien (including, without limitation any pledges, whether possessory or non-possessory) for the benefit of the Holders of the Notes. Furthermore, the Security Agent is authorized to appear before any administrative authority and sign and file with any authority or register, for the benefit of the Holders of the Notes, the necessary documents for the validity, perfection and/or effectiveness of any security. Each of the Holders undertake to carry out as many actions as may be necessary in order for the Security Agent to be so authorized in any jurisdiction and under any applicable laws or regulations, including, without limitation, the granting, notarization and apostille of the relevant power of attorney in favor of the Security Agent (or the person appointed by it) for the purposes of, *inter alia*, (i) appearing in the relevant agreement to accept the granting of the Lien over the Collateral, and (ii) enforcing the relevant Lien on the Collateral in any proceeding (either judicial, out-of-court or otherwise) or, if the Security Agent was, under the laws of any jurisdiction, unable to represent the Holders of the Notes in accordance with the provisions envisaged herein, the Holders undertake to (i) personally appear in or accede to the relevant agreement in order to expressly accept the granting of the Lien over the Collateral (or any amendment or ratification thereof); and (ii) personally appear in the relevant enforcement proceeding with respect to the relevant Lien. The Security Agent agrees that it shall hold the security interests in the Collateral created under any Security Document to which it is a party as contemplated by this Indenture or the Intercreditor Agreement, and any and all proceeds thereof, for the benefit of, among others, the Trustee and the Holders, without limiting the Security Agent's rights including under Section 12.02, to act in preservation of the security interest in the Collateral. The Security Agent shall take action or refrain from taking action in connection therewith only as directed by the Trustee.

(d) Each Holder, by accepting a Note, shall be deemed to have agreed to all the terms and provisions of the Security Documents and the Intercreditor Agreement and any Additional Intercreditor Agreement entered into in accordance with Section 4.23 (including the appointment of the Security Agent as its representative for the applicable purposes). The claims of Holders shall be subject to the Intercreditor Agreement and any Additional Intercreditor Agreement entered into in accordance with Section 4.23. The Security Agent shall release the security interest with respect to the Notes and this Indenture when required by the Intercreditor Agreement and any Additional Intercreditor Agreement entered into in accordance with Section 4.23.

Section 12.02. **Suits To Protect the Collateral**. Subject to the provisions of the Security Documents and the Intercreditor Agreement, the Security Agent and/or, to the extent required by applicable law, the Trustee, in the name and on behalf of the Holders, shall have power to institute and to maintain such suits and proceedings as it may deem expedient to prevent any impairment of the Collateral by any acts which may be unlawful or in violation of any of the Security Documents or this Indenture, and such suits and proceedings as the Security Agent, in its sole discretion, may deem expedient to preserve or protect the security interests in the Collateral created under the Security Documents (including power to institute and maintain suits or proceedings to restrain the enforcement of or compliance with any legislative or other governmental enactment, rule or order that may be unconstitutional or otherwise invalid if the enforcement of, or compliance with, such enactment, rule or order would impair the Liens on the Collateral or be prejudicial to the interests of the Holders or the Trustee). Notwithstanding any other provision of this Indenture, neither the

Trustee nor the Security Agent has any responsibility for the validity, perfection, priority or enforceability of any Lien, any security interest in the Collateral or other security interest. The Trustee shall have no obligation to take (or direct the Security Agent to take) any action to procure or maintain such validity, perfection, priority or enforceability.

Section 12.03. **Replacement of Security Agent**. (a) The Security Agent may resign at any time by so notifying the Issuers, upon not less than 90 days' prior written notice. The Holders of a majority in principal amount of the Securities may remove the Security Agent by so notifying the Trustee, **provided that** they concurrently appoint a successor Security Agent. The Issuers shall remove the Security Agent if:

(i) the Security Agent is adjudged bankrupt or insolvent;

(ii) a receiver or other public officer takes charge of the Security Agent or its property; or

(iii) the Security Agent otherwise becomes incapable of acting.

(b) If the Security Agent resigns, is removed by the Issuers or by the Holders of a majority in principal amount of the Securities and such Holders have not previously appointed a successor Security Agent, or if a vacancy exists in the office of Security Agent for any reason (the Security Agent in such event being referred to herein as the retiring Security Agent), the Issuers shall appoint a successor Security Agent prior to such resignation taking effect or such removal by the Issuers.

(c) A successor Security Agent shall deliver a written acceptance of its appointment to the retiring Security Agent and to the Issuers. Thereupon, the resignation or removal of the retiring Security Agent shall become effective, and the successor Security Agent shall have all the rights, powers and duties of the Security Agent under this Indenture. The successor Security Agent shall transmit in accordance with Section 15.02 a notice of its succession to Holders. The retiring Security Agent shall promptly transfer all property held by it as Security Agent to the successor Security Agent.

(d) If a successor Security Agent does not take office within 60 days after the retiring Security Agent gives notice of its resignation, the retiring Security Agent or the Holders of at least 10% in principal amount of the Notes may appoint a successor Security Agent.

(e) Notwithstanding the replacement of the Security Agent pursuant to Section 12.03, the indemnity obligations of the Issuers and the Guarantors under the Security Documents shall continue for the benefit of the retiring Security Agent.

Section 12.04. **Amendments**. The Security Agent agrees that it shall enter into an amendment to the Intercreditor Agreement or enter into or amend any other Additional Intercreditor Agreement entered into in accordance with Section 4.23 upon a direction of the Parent Guarantor given in accordance with section 4.23(c) to do so. The Security Agent shall sign any amendment authorized pursuant to Article Nine if the amendment does not adversely affect the rights, duties, liabilities or immunities of the Security Agent.

Section 12.05. **Release of Security Interests**. To the extent a release is required by a Security Document, at the request of the Parent Guarantor or the Issuer or the Co- Issuer, the Security Agent shall release, and the Trustee (but only if required) shall release and if so requested direct the Security Agent to release (in accordance with the provisions of this Indenture, the Intercreditor Agreement or any Additional Intercreditor Agreement and the relevant Security Document), without the need for consent of the holders of the Notes, Liens on the Collateral securing the Notes:

(a) upon payment in full of principal, interest and all other obligations on the Notes issued under this Indenture or satisfaction and discharge or defeasance hereof;

(b) upon release of a Guarantee, with respect to the Liens securing such Guarantee granted by such Guarantor;

(c) in connection with any disposition of Collateral, directly or indirectly, to (i) any Person other than the Parent Guarantor or any of the Restricted Subsidiaries (but excluding any transaction subject to Article Five) that is not prohibited by this Indenture or (ii) the Parent Guarantor or any Restricted Subsidiary, provided, in the case of (ii), the relevant Collateral remains subject to, or otherwise becomes subject to, a Lien in favor of the Notes;

(d) if the Parent Guarantor designates any of its Restricted Subsidiaries to be an Unrestricted Subsidiary in accordance with the applicable provisions of this Indenture, the release of the property, assets and Capital Stock of such Unrestricted Subsidiary;

(e) as otherwise provided in the Intercreditor Agreement or any Additional Intercreditor Agreement;

(f) as may be permitted by the covenant as provided in Section 4.20;

(g) [Reserved];

(h) in order to effectuate a merger, consolidation, conveyance or transfer conducted in compliance with the covenant as provided in Article Five, provided equivalent Liens are provided for the benefit of the Notes by the surviving entity; and

(i) automatically without any action by the Trustee or the Security Agent, pursuant to or in connection with any Permitted Reorganization.

Each of these releases shall be effected by the Security Agent without the consent of the Holders or any action on the part of the Trustee unless action is required by it to effect such release. Neither the Trustee nor the Security Agent shall be liable for any loss to any person resulting from any release of liens effected in accordance with the Notes.

Section 12.06. **Indemnification of the Security Agent**. The Issuers and the Guarantors jointly and severally shall promptly indemnify the Security Agent and every receiver and delegate against any cost, loss or liability (together with any applicable VAT), properly incurred by any of them as a result of:

(a)

(i) any failure by any agent of them to comply with obligations to pay fees and expenses of the Security Agent under the Intercreditor Agreement;

(ii) the taking, holding, protection or enforcement of the Collateral;

(iii) the proper exercise of any of the rights, powers, and discretions vested in any of them by this Indenture or the Intercreditor Agreement or by law; or

(iv) any default by any obligor under the Intercreditor Agreement in the performance of any of the obligations expressed to be assumed by it in this Indenture or the Intercreditor Agreement

(b) The Security Agent may, in priority to any payment to the Holders, indemnify itself out of the Collateral in respect of, and pay and retain, all sums necessary to give effect to the indemnity in Section 12.06(a) from the Issuers and the Guarantors and shall have a lien on the Collateral and the proceeds of the enforcement of the Collateral for all moneys payable to it under this Section 12.06(b).

ARTICLE THIRTEEN
HOLDERS' MEETINGS

Section 13.01. **Purposes of Meetings**. A meeting of the Holders may be called at any time and in any manner (including by electronic means or any other method) pursuant to this Article Thirteen for any of the following purposes:

(a) to give any notice to the Issuers or any Guarantor or to the Trustee, or to give any directions to the Trustee, or to consent to the waiving of any Default hereunder and its consequences, or to take any other action authorized to be taken by Holders pursuant to Article Nine;

(b) to remove the Trustee and appoint a successor trustee pursuant to Article Seven; or

(c) to consent to the execution of an indenture supplement pursuant to Section 9.02.

Section 13.02. **Place of Meetings**. Meetings of Holders may be held at such place or places as the Trustee or, in case of its failure to act, the Issuer, any Guarantor or the Holders calling the meeting, shall from time to time determine.

Section 13.03. **Call and Notice of Meetings**. The Trustee may at any time (upon not less than 21 days' notice) call a meeting of Holders to be held at such time and at such place in New York City or in such other city as determined by the Trustee pursuant to Section 13.02. Notice of every meeting of Holders, setting forth the time and the place of such meeting and in general terms the action proposed to be taken at such meeting, shall be mailed, at the Issuer's expense, to each Holder and published in the manner contemplated by Section 15.02(a).

(a) In case at any time the Issuer, pursuant to a resolution of its management board, or the Holders of at least 10% in aggregate principal amount at maturity of the Notes then outstanding, shall have requested the Trustee to call a meeting of the Holders, by written request setting forth in reasonable detail the action proposed to be taken at the meeting, and the Trustee shall not have made the first giving of the notice of such meeting within 20 days after receipt of such request, then the Issuer or the Holders of Notes in the amount above specified may determine the time (not less than 21 days after notice is given) and the place in New York City or in such other city as determined by the Issuer or the Holders pursuant to Section 13.02 for such meeting and may call such meeting to take any action authorized in Section 13.01 by giving notice thereof as provided in Section 15.02(a).

Section 13.04. **Voting at Meetings**. To be entitled to vote at any meeting of Holders, a Person shall be (i) a Holder at the relevant record date set in accordance with Section 6.14 or (ii) a Person appointed by an instrument in writing as proxy for a Holder or Holders by such Holder or Holders. The only Persons who shall be entitled to be present or to speak at any meeting of Holders shall be the Person so entitled to vote at such meeting and their counsel and any representatives of the Trustee and its counsel and any representatives of the Issuers and any Guarantor and their counsel.

Section 13.05. **Voting Rights, Conduct and Adjournment**. Notwithstanding any other provisions of this Indenture, the Trustee may make such reasonable regulations as it may deem advisable for any meeting of Holders in regard to proof of the holding of Notes and of the appointment of proxies and in regard to the appointment and duties of inspectors of votes, the submission and examination of proxies, certificates and other evidence of the right to vote, and such other matters concerning the conduct of the meeting as it shall deem appropriate. Except as otherwise permitted or required by any such regulations, the holding of Notes shall be proved in the manner specified in Section 2.03 and the appointment of any proxy shall be proved in such manner as is deemed appropriate by the Trustee or by having the signature of the Person executing the proxy witnessed or guaranteed by any bank, banker or trust company customarily authorized to certify to the holding of a Note such as a Global Note.

(a) At any meeting of Holders, the presence of Persons holding or representing Notes in an aggregate principal amount at Stated Maturity sufficient under the appropriate provision of this Indenture to take action upon the business for the transaction of which such meeting was called shall constitute a quorum. Subject to any required aggregate principal amount at Stated Maturity of Notes required for the taking of any action pursuant to Article Nine, in no event shall less than a majority of the votes given by Persons holding or representing Notes at any meeting of Holders be sufficient to approve an action. Any meeting of Holders duly called pursuant to Section 13.03 may be adjourned from time to time by vote of the Holders (or proxies for the Holders) of a majority of the Notes represented at the meeting and entitled to vote, whether or not a quorum shall be present; and the meeting may be held as so adjourned without further notice. No action at a meeting of Holders shall be effective unless approved by Persons holding or representing Notes in the aggregate principal amount at Stated Maturity required by the provision of this Indenture pursuant to which such action is being taken.

(b) At any meeting of Holders, each Holder or proxy shall be entitled to one vote for each $1,000 aggregate principal amount at Stated Maturity of outstanding Dollar Notes

held or represented or €1,000 aggregate principal amount at Stated Maturity of outstanding Euro Notes held or represented, as applicable.

Section 13.06. **Revocation of Consent by Holders at Meetings**. At any time prior to (but not after) the evidencing to the Trustee of the taking of any action at a meeting of Holders by the Holders of the percentage in aggregate principal amount at maturity of the Notes specified in this Indenture in connection with such action, any Holder of a Note the serial number of which is included in the Notes the Holders of which have consented to such action may, by filing written notice with the Trustee at its principal corporate trust office and upon proof of holding as provided herein, revoke such consent so far as concerns such Note. Except as aforesaid, any such consent given by the Holder of any Note shall be conclusive and binding upon such Holder and upon all future Holders and owners of such Note and of any Note issued in exchange therefor, in lieu thereof or upon transfer thereof, irrespective of whether or not any notation in regard thereto is made upon such Note. Any action taken by the Holders of the percentage in aggregate principal amount at maturity of the Notes specified in this Indenture in connection with such action shall be conclusively binding upon the Issuer, the Co-Issuer, the Guarantors, the Trustee and the Holders. This Section 13.06 shall not apply to revocations of consents to amendments, supplements or waivers, which shall be governed by the provisions of Article Nine.

ARTICLE FOURTEEN

(f) New Holdco shall only issue PIK notes in a minimum amount of €1,000 and increments of €1.00 thereafter and the Co-Issuer shall not issue any fractional share of A Ordinary Shares upon conversion of the Convertible Notes and each shall instead round such amounts up or down to the nearest €1.00.

(a) Notices to the Holders regarding the Notes shall be:

(i) validly given if mailed to them at their respective addresses in the register of the holders of such Notes, if any, maintained by the Registrar;

(ii) for so long as any of the Notes are listed on the Irish Stock Exchange and the rules of the Irish Stock Exchange so require, notices with respect to the Notes listed on the Irish Stock Exchange will be published in a leading newspaper having general circulation in Ireland (which is expected to be the Irish Times) or if, in the opinion of either Issuer such publication is not practicable, in an English language newspaper having general circulation in the United States and Europe;

(iii) for so long as any Notes are represented by Global Notes held on behalf of Euroclear or Clearstream, notices may be given by delivery of the relevant notices to Euroclear or Clearstream for communication to entitled account holders in substitution for the aforesaid mailing.

Each such notice shall be deemed to have been given on the date of such publication or, if published more than once on different dates, on the first date on which publication is made; **provided that**, if such notices are mailed, such notice shall be deemed to have been given on the later of such publication and the seventh day after being so mailed. Any notice or communication mailed to a Holder shall be mailed to such Person by first class mail or other equivalent means and shall be sufficiently given to him if so mailed within the time prescribed. Failure to mail a notice or communication to a Holder or any defect in it shall not affect its sufficiency with respect to other Holders. If a notice or communication is mailed in the manner provided above, it is duly given, whether or not the addressee receives it.

In case by reason of the suspension of regular mail service or by reason of any other cause it shall be impracticable to give such notice by mail, then such notification as shall be made with the approval of the Trustee shall constitute a sufficient notification for every purpose hereunder.

(b) If and so long as the Notes are listed on any securities exchange instead of or in addition to the Irish Stock Exchange, notices shall also be given in accordance with any applicable requirements of such alternative or additional securities exchange.

(c) Where this Indenture provides for notice in any manner, such notice may be waived in writing by the Person entitled to receive such notice, either before or after the event, and such waiver shall be the equivalent of such notice. Section 17.20. **Restoration of Rights and Remedies**. If the Trustee or any Holder has instituted any proceeding to enforce any right or remedy under this Indenture in respect of an OldCo Guarantee and such proceeding has been discontinued or abandoned for any reason, or has been determined adversely to the Trustee or to such Holder, then and in every such case, subject to any determination in such proceeding, any Issuer, any OldCo Guarantor, the Trustee and the Holders shall be restored severally and respectively to their former positions hereunder and thereafter all rights and remedies of the Trustee and the Holders shall continue as though no such proceeding had been instituted.

Section 17.21. **Rights and Remedies Cumulative.** Except as otherwise provided with respect to the replacement or payment of mutilated, destroyed, lost or stolen Notes in Section 2.07, no right or remedy herein conferred upon or reserved to the Trustee or to the Holders in respect of an OldCo Guarantee is intended to be exclusive of any other right or remedy, and every right and remedy shall, to the extent permitted by law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

Section 17.22. **Delay or Omission not Waiver**. No delay or omission of the Trustee or of any Holder of any Note to exercise any right or remedy accruing upon any OldCo Event of Default shall impair any such right or remedy or constitute a waiver of any such OldCo Event of Default or an acquiescence therein. Every right and remedy given by this Article Seventeen or by law to the Trustee or to the Holders may be exercised from time to time, and as often as may be deemed expedient, by the Trustee or by the Holders, as the case may be.

Section 17.23. **Record Date**. Any Issuer may set a record date for purposes of determining the identity of Holders entitled to vote or to consent to any action by vote or consent authorized or permitted by Sections 17.14 and 17.15. Unless this Indenture provides otherwise, such record date shall be the later of 30 days prior to the first solicitation of such consent or the date of the most recent list of Holders furnished to the Trustee pursuant to Section 2.05 prior to such solicitation.

Section 17.24. **Waiver of Stay or Extension Laws**. Each Issuer covenants (to the extent that it may lawfully do so) that it shall not at any time insist upon, or plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay or extension law wherever enacted, now or at any time hereafter in force, which may affect the covenants or the performance of this Indenture; and each Issuer (to the extent that it may lawfully do so) hereby expressly waives all benefit or advantage of any such law and covenants that it shall not hinder, delay or impede the execution of any power herein granted to the Trustee, but shall suffer and permit the execution of every such power as though no such law had been enacted.

Section 17.25. **Notification Obligations**.

(a) Each OldCo Guarantor shall, promptly on request by the Trustee, any other OldCo Guarantor or the Parent Guarantor, provide written confirmation that it is not aware of any OldCo Event of Default which is continuing.

(b) Each OldCo Guarantor shall provide written notice to the Trustee and the Parent Guarantor as soon as reasonably practicable upon becoming aware of:

(i) the date on which the final general shareholders' meeting of Codere, S.A. in respect of its liquidation is scheduled to be held;

(ii) the outcome of the general shareholders' meeting of Codere S.A. in respect of its liquidation;

(iii) any court filing regarding any pre-insolvency or insolvency of Codere S.A;

(iv) the date of any court hearing regarding any pre-insolvency or insolvency of Codere, S.A;

(v) the date on which the general meeting of Luxco 1 on the closure of the liquidation is scheduled to be held;

(vi) the date of any court hearing to approve the assets allocation plan (*projet de répartition des actifs)* by the bankruptcy judge (*juge-commissaire*);

(vii) the date on which any liquidator (*curateur*) of Luxco 1 intends to make a distribution, and

(viii) any other material information regarding the liquidation, pre-insolvency or insolvency of Codere S.A or Luxco 1; and

the Trustee shall promptly forward any such notice received by it to the Holders.

Section 17.26. **Third-Party Beneficiary**. Following the Co-Issuer's release under Section 8.12, the Issuer and the Guarantors hereby designate New Topco as third party beneficiary of this Article Seventeen.

[FORM OF REVERSE SIDE OF DOLLAR NOTE]

2.000% Cash / 11.625% PIK Senior Secured Note Due 2027

1. **Interest**

Codere Finance 2 (Luxembourg) S.A., a Luxembourg société anonyme (such corporation, and its successors and assigns under the Indenture hereinafter referred to, being herein called the "**Issuer**") and [New Topco] (such corporation, and its successors and assigns under the Indenture hereinafter referred to, being herein called the "**Co-Issuer**" and, together with the Issuer, the "**Issuers**"), for value received promises to pay interest on the principal amount of this Note.

On each Interest Payment Date, interest on the principal amount of this Note shall be paid at a rate equal to 2.000% per annum in cash interest *plus* 11.625% in kind interest (any such portion, "**PIK Dollar Interest**") by increasing the outstanding principal amount of such Note or, with respect to Notes represented by certificated notes, issuing additional Notes under the Indenture on the same terms and conditions as the Notes offered hereby in a principal amount equal to such interest (the "**PIK Dollar Notes**"). Interest shall be computed on the basis of a 360-day year of twelve 30-day months. The Issuers shall pay interest on overdue principal at the interest rate borne by the Notes compounded semi-annually, and it shall pay interest on overdue installments of interest at the same rate compounded semi-annually to the extent lawful. Any interest paid on this Note shall be increased to the extent necessary to pay Additional Amounts as set forth in this Note.

2. **Additional Amounts**

(a) All payments in respect of the Notes, made by or on behalf of the Issuer, the Co-Issuer, a Guarantor or any successor person to the Issuer, the Co-Issuer or any Guarantor (each a "**Successor Person**") (each a "**Payer**"), shall be made free and clear without withholding or deduction for, or on account of, any present or future taxes, duties, levies, imposts, assessments or other governmental charges (including, without limitation, penalties, interest and other similar liabilities related thereto) of whatever nature, (collectively, "**Taxes**") imposed or levied by or on behalf of any jurisdiction or any political subdivision or governmental authority thereof or therein having the power to tax where such Payer is incorporated, organized or otherwise resident for tax purposes or from or through which the Payer makes a payment on the Notes or its Guarantee or by the Kingdom of Spain (and any subdivision or governmental authority thereof or therein) (each, a "**Relevant Taxing Jurisdiction**"), unless the withholding or deduction of such Taxes is then required by law. If the Payer is required to withhold or deduct any amount for, or on account of, Taxes imposed or levied on behalf of a Relevant Taxing Jurisdiction from any payment made under or with respect to the Notes, the Payer shall pay such additional amounts (in the form of (i) in the case of PIK Interest, additional PIK Interest, and (ii) in other cases, cash) ("**Additional Amounts**") as may be necessary to ensure that the net amount received by each holder of the Notes (including Additional Amounts) after such withholding or deduction has been made shall be not less than the amount the holder would have received if such Taxes had not been required to be withheld or deducted.

(b) The Payer shall not be required to make any payment of Additional Amounts for or on account of

(i) any Taxes that are imposed or levied by a Relevant Taxing Jurisdiction by reason of (A) the holder's or a beneficial owner's present or former connection with such Relevant Taxing Jurisdiction other than the mere acquisition or holding of Notes or by reason of the receipt of payments in respect thereunder or the exercise or enforcement of any rights under the Notes, the Indenture, or any Guarantee (including a connection between a fiduciary, settlor, beneficiary, member, partner or shareholder of, or possessor of power over, the relevant holder or beneficial owner, if the relevant holder or beneficial owner is an estate, nominee, trust, partnership or corporation, and the Relevant Taxing Jurisdiction), or (B) the presentation of a Note (where presentation is required) for payment on a date more than 30 days after the date on which such payment became due and payable or the date on which payment thereof is duly provided for, whichever occurs later, except to the extent that the beneficial owner or holder thereof would have been entitled to Additional Amounts had the Notes been presented for payment on any day during such 30 day period;

(ii) any estate, inheritance, gift, sales, excise, transfer, personal property or similar Tax;

(iii) any Tax which is payable otherwise than by withholding or deduction from payments made under or with respect to the Notes;

(iv) any Taxes that are imposed or withheld by reason of the failure by the holder or the beneficial owner of the Notes, following the Issuers' written request addressed to the holder or otherwise provided to the holder or beneficial owner (and made at a time that would enable the holder or beneficial owner acting reasonably to comply with that request) to provide certification, information, documents or other evidence concerning the nationality, residence or identity of the holder or such beneficial owner or to make any valid or timely declaration or similar claim or satisfy any other reporting requirements relating to such matters, whether required or imposed by statute, treaty, regulation or administrative practice of the Relevant Taxing Jurisdiction, as a precondition to exemption from, or reduction in the rate of withholding or deduction of, Taxes imposed by the Relevant Taxing Jurisdiction, including, for the avoidance of doubt, any Taxes that are imposed or withheld under Spanish law by reason of the Payer not receiving (either directly or through its agent) such information from a holder or beneficial owner as may be necessary to allow payments on the Notes to be made free and clear of Spanish withholding tax or deduction on account of Spanish taxes, pursuant to Law 10/2014 of June 26, Royal Decree 1065/2007 of July 27, as amended by Royal Decree 1145/2011 of July 29, and any implementing legislation or regulation;

(v) any Tax that is imposed on or with respect to a Note presented for payment (where presentation is required) on behalf of a holder or beneficial owner who would have been able to avoid such withholding or deduction by presenting the Note to another Paying Agent in a Member State of the European Union;

(vi) any Tax that would not have been imposed but for a failure by the holder or beneficial owner (or any financial institution through which the holder or beneficial owner holds

any Note through which payment on the Note is made) to comply with any certification, information, identification, documentation or other reporting requirements (including entering into and complying with an agreement with the U.S. Internal Revenue Service) imposed pursuant to Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended (or any intergovernmental agreement, or legislation enacted pursuant thereto, to implement such provisions) as in effect on the date of issuance of the Notes or any successor or amended version of these provisions, to the extent such successor or amended version is not materially more onerous than these provisions as enacted on such date; or

(vii) any combination of Taxes referred to in clauses (i) to (vi) above.

(c) Additional Amounts shall not be paid with respect to any payment made under or with respect to the Notes or any Guarantee in the case of a holder who is a fiduciary, a partnership or other than the sole beneficial owner of such payment, to the extent that such payment is required by the laws of the Relevant Taxing Jurisdiction to be included in the income, for tax purposes, of a beneficiary or settlor with respect to the fiduciary, a member of that partnership or a beneficial owner and such person would not have been entitled to the Additional Amounts had it been the holder of the Note or Guarantee.

(d) The Payer shall (i) make such withholding or deduction required by applicable law and (ii) remit the full amount withheld or deducted to the relevant taxing authority in accordance with applicable law.

(e) At least 30 calendar days prior to each date on which any payment under or with respect to the Notes is due and payable, if the Payer shall be obligated to pay Additional Amounts with respect to such payment (unless such obligation to pay Additional Amounts arises after the 30th day prior to the date on which payment under or with respect to the Notes is due and payable, in which case it shall be promptly thereafter), the Issuers shall deliver to the Trustee an Officer's Certificate stating that such Additional Amounts shall be payable and the amounts so payable and shall set forth such other information necessary to enable the Paying Agent to pay such Additional Amounts to holders on the relevant payment date. The Trustee shall, without further enquiry, be entitled to rely absolutely on each such Officer's Certificate as conclusive proof that such payments are necessary. The Issuers shall promptly publish a notice in accordance with Section 15.02 of the Indenture stating that such Additional Amounts shall be payable and describing the obligation to pay such amounts.

(f) Upon request, within a reasonable time the Payer shall provide the Trustee, to provide to the holders, certified copies of tax receipts evidencing the payment by the Payer of any Taxes imposed or levied by a Relevant Taxing Jurisdiction in such form as provided in the normal course by the taxing authority imposing such Taxes and as is reasonably available to the Payer. If, notwithstanding the reasonable efforts of the Payer to obtain such receipts, the same are not obtainable, the Payer shall provide the Trustee a copy of the return reporting such payment or with other evidence reasonably satisfactory to the Trustee of such payments by the Payer.

(g) In addition, Parent Guarantor undertakes to indemnify, pay and maintain all holders of the Notes or the Guarantees harmless for all Taxes that are imposed under Spanish law on the payments received or income derived from the Notes or the Guarantees that (i) are not

compensated by the payment of Additional Amounts under the first paragraph of this "**Additional Amounts**" section; and that (ii) are not excluded under clauses (i) through (ii) and (iv) through (vii) of Section 4.16(b) of the Indenture, or any combination thereof. Furthermore, the Issuers shall pay any present or future stamp, issue, registration, court documentation, excise, or property taxes, or other similar Taxes imposed by or in any Relevant Taxing Jurisdiction, including any political jurisdiction thereof, in respect of the execution, issue, delivery or registration of the Notes, the Indenture, or the Guarantees, or any other document or instrument referred to thereunder and any such Taxes imposed by any jurisdiction as a result of, or in connection with, the enforcement of the Notes, the Guarantees, or any other such document or instrument following, and relating to, the occurrence of any Event of Default with respect to the Notes or the receipt of any payments with respect thereto (other than with respect to a transfer of the Notes following the initial sale of the Notes by the purchasers and limited, solely in the case of Taxes attributable to the receipt of any payments with respect thereto, to any such Taxes imposed in a Relevant Taxing Jurisdiction that are not excluded under clauses (i) through (ii) and (iv) through (vii) of Section 4.16(b) of the Indenture, or any combination thereof).

(h) Whenever the Indenture refers to, in any context, the payment of principal, premium, if any, interest or any other amount payable under or with respect to any Note (including payments thereof made pursuant to any Guarantee or in connection with a redemption of the Notes), such reference includes the payment of Additional Amounts, if applicable.

Provisions (a)-(h) above shall survive any termination, defeasance or discharge of the Indenture.

3. **Method of Payment**

The Issuers shall pay interest on this Note (except defaulted interest) to the persons who are registered Holders of this Note at the close of business on the Record Date for the next Interest Payment Date even if this Note is cancelled after the Record Date and on or before the Interest Payment Date. The Issuers shall pay principal and interest in U.S. Dollars in immediately available funds that at the time of payment is legal tender for payment of public and private debts; **provided, that** payment of interest may be made at the option of the Issuers by check mailed to the Holder.

The amount of payments in respect of interest on each Interest Payment Date shall correspond to the aggregate principal amount of Notes represented by the Regulation S Global Note and the Restricted Global Note, as established by the Registrar at the close of business on the relevant Record Date. Payments of principal shall be made upon surrender of the Regulation S Global Note and the Restricted Global Note to the Paying Agent.

PIK Dollar Interest shall be payable (a) with respect to Notes represented by one or more Global Notes registered in the name of, or held by, the Common Depositary on the relevant Record Date, by increasing the principal amount of the outstanding Global Note by an amount equal to the amount of the PIK Dollar Interest for the applicable interest period (rounded up to the nearest whole U.S. dollar) (it being understood that subsequent interest payments on the Notes shall be calculated on such increased principal amount) and (b) with respect to Notes represented by certificated Notes, by issuing PIK Dollar Notes in certificated form to the Holders of the underlying Notes in an aggregate principal amount equal to the amount of interest for the applicable interest

period (rounded up to the nearest whole U.S. dollar). The Trustee shall authenticate and deliver such PIK Dollar Notes in certificated form for original issuance to the Holders thereof on the relevant Record Date, as shown by the records of the register of such Holders. Following an increase in the principal amount of the outstanding Global Notes as a result of any PIK Dollar Interest, the Global Notes shall bear interest on such increased principal amount from and after the interest payment date in respect of which such PIK Dollar Interest was made. Any PIK Dollar Notes issued in certificated form shall be dated as of the applicable interest payment date, bear interest from and after such date and be issued with the description "**PIK**" on the face of such PIK Note.

Cash interest and PIK Dollar Interest shall be paid to Holders *pro rata* in accordance with their interests in this Note. Following an increase in the principal amount of this Note as a result of a payment as PIK Dollar Interest, this Note will bear interest on such increased principal amount from and after the date of such payment. Any PIK Dollar Notes issued in certificated form will be dated as of the applicable interest payment date and will bear interest from and after such date. All PIK Dollar Notes will mature on November 30, 2027.

Not less than ten Business Days prior to each interest payment date, the Issuers shall notify the Trustee in writing of the amount of cash interest and PIK Dollar Interest, respectively, to be made for such interest payment date, in each case in accordance with the terms of the Indenture. In the event the Issuers fail to timely deliver such notice (or in the case of acceleration or other prepayment of the Notes, if interest is due and owing on a date other than an interest payment date), the Issuers shall be deemed to have elected to pay PIK Dollar Interest for such interest payment date.

4. **Paying Agent**

The Issuers will make all payments, including principal of, premium, if any, and interest on the Notes, through an agent that it will maintain for these purposes. Initially that agent will be Global Loan Agency Services Limited.

5. **Indenture**

The Issuers issued the Notes under an indenture dated as of November 8, 2016, as supplemented or amended from time to time (the "**Indenture**") among the Issuer, Codere Finance 2 (UK) Limited, Codere S.A., the Subsidiary Guarantors (as defined therein), GLAS Trust Corporation Limited, as trustee and security agent (the "**Trustee**"), the Paying Agent and the other parties thereto. The Notes are general obligations of the Issuers and are issued under the Indenture in an initial aggregate principal amount at maturity of $300,000,000. The Indenture imposes certain limitations on the Issuers, the Parent Guarantor and the Subsidiary Guarantors and affiliates, including, without limitation, limitations on the incurrence of indebtedness and issuance of stock, the payment of dividends and other payment restrictions affecting the Parent Guarantor and the

Any redemption and notice may, in the Issuers' discretion, be subject to the satisfaction of one or more conditions precedent.

7. **Redemption Upon Changes in Withholding Tax**

(d) The Issuers may, at their option, redeem the Dollar Notes, in whole, but not in part, at any time upon giving not less than 10 nor more than 60 days' prior notice (except as otherwise provided under Section 3.03 of the Indenture) to the holders at a redemption price equal to 100% of the principal amount thereof, together with accrued and unpaid interest thereon, if any, to the redemption date, premium, if any, and Additional Amounts, if any, then due and which will become due on the date of redemption as a result of the redemption or otherwise, if the Issuers determine in good faith that the Payer is, or on the next date on which any amount would be payable in respect of the Notes, would be, obligated to pay Additional Amounts (as defined above) in respect of the Notes or a Guarantee pursuant to the terms and conditions thereof (but in the case of a Payer that is a Guarantor, only if the payment giving rise to such requirement cannot be made by the Issuer, the Co-Issuer or another Guarantor without the obligation to pay Additional Amounts), which the Payer cannot avoid by the use of reasonable measures available to it (including making payment through a paying agent located in another jurisdiction) as a result of:

(A) any change in, or amendment to, the laws or any regulations or rulings promulgated thereunder of any Relevant Taxing Jurisdiction (as defined above) affecting taxation which becomes effective and is first publicly announced on or after the date of the Indenture or, if a Relevant Taxing Jurisdiction was not a Relevant Taxing Jurisdiction on the date of the Indenture, the date on which the then current Relevant Taxing Jurisdiction became a

[11] **NTD**: Insert date that is one and a half years from the effective date of the SSN amendments

Relevant Taxing Jurisdiction under the Indenture (or, in the case of a Successor Person, after the date the Successor Person becomes a Successor Person under the Indenture); or

(B) any change in the official application, administration, or interpretation of the laws, regulations or rulings of any Relevant Taxing Jurisdiction, (including a holding, judgment, or order by a court of competent jurisdiction), on or after the date of the Indenture or, if a Relevant Taxing Jurisdiction was not a Relevant Taxing Jurisdiction on the date of the Indenture, the date on which the Relevant Taxing Jurisdiction became a Relevant Taxing Jurisdiction under the Indenture (each of the foregoing clauses (A) and (B), a "**Change in Tax Law**").

(e) Notwithstanding the foregoing, the Issuers may not redeem the Notes under this provision if (i) a Relevant Taxing Jurisdiction was not a Relevant Taxing Jurisdiction on the date of the Indenture, and (ii) the Payer is obligated to pay Additional Amounts as a result of a Change in Tax Law of such new Relevant Taxing Jurisdiction which change, at the time the latter became a Relevant Taxing Jurisdiction under the Indenture, was officially announced.

(f) Notwithstanding the foregoing, no such notice of redemption shall be given (a) earlier than 90 days prior to the earliest date on which the Payer would be obliged to make a payment of Additional Amounts or withholding if a payment in respect of the Notes or Guarantee, as the case may be, were then due and (b) unless at the time such notice is given, the obligation to pay Additional Amounts or withhold remains in effect.

(g) Prior to the publication or where relevant, mailing of any notice of redemption pursuant to the foregoing, the Issuers shall deliver to the Trustee:

(i) an Officer's Certificate stating that the Issuers are entitled to effect such redemption and setting forth a statement of facts showing the conditions precedent to the right of the Issuers so to redeem have occurred (including that such obligation to pay such Additional Amounts cannot be avoided by the Payer taking reasonable measures available to it); and

(ii) an opinion of independent tax advisors of recognized standing qualified under the laws of the Relevant Taxing Jurisdiction and reasonably satisfactory to the Trustee to the effect that the Payer is or would be obligated to pay such Additional Amounts as the case may be, as a result of a Change in Tax Law.

The Trustee shall, without further investigation, be entitled to rely on such Officer's Certificate and opinion of tax advisors as conclusive proof that the conditions precedent to the right of the Issuers so to redeem have occurred.

Any redemption and notice may, in the Issuers' discretion, be subject to the satisfaction of one or more conditions precedent.

8. **Notice of Redemption**

The Issuers shall publish a notice of any optional redemption of the Notes described above in accordance with the provisions described under Section 3.04 of the Indenture. If the Notes are listed at such time on the Irish Stock Exchange, the Issuers shall inform the Irish Stock Exchange

of the principal amount of the Notes that have not been redeemed in connection with any optional redemption. If less than all of the Notes are to be redeemed at any time, the Trustee shall select the Notes to be redeemed as follows: (i) if the Notes are listed on any securities exchange, in compliance with the requirements of the principal securities exchange on which the Notes are listed or (ii) if the Notes are not listed on any securities exchange, on a *pro rata* basis, by lot or by such method in accordance with Euroclear or Clearstream procedures, **provided, however**, that no such partial redemption shall reduce the portion of the principal amount of a Note not redeemed to less than $2,000.

9. **Repurchase at the Option of Holders**

If a Change of Control occurs, each holder of Notes shall have the right to require the Issuers (or the Parent Guarantor, if the Parent Guarantor makes the purchase offer referred to below) to repurchase all or any part (equal to $200,000 or any integral multiple of $1 in excess thereof) of that holder's Notes pursuant to an offer (a "**Change of Control Offer**") on the terms set forth in the Indenture. In the Change of Control Offer, the Issuers or the Parent Guarantor shall offer a payment in cash equal to 101% of the aggregate principal amount of Notes repurchased *plus* accrued and unpaid interest and Additional Amounts, if any, on the Notes repurchased, to the date of purchase (a "**Change of Control Payment**"). Within ten days following any Change of Control, the Issuers or the Parent Guarantor will (i) cause the Change of Control Offer to be published through (A) the newswire service of Bloomberg, or if Bloomberg does not then operate, any similar agency; and (B) if at the time of such notice the Notes are listed on the Irish Stock Exchange and the rules of the Irish Stock Exchange so require, in the Irish Times (or another leading newspaper of general circulation in Ireland); and (ii) mail the Change of Control Offer to each registered holder. The Change of Control Offer will describe the transaction or transactions that constitute the Change of Control and will offer to repurchase the applicable series of Notes on the date (the "**Change of Control Payment Date**") specified therein, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed, pursuant to the procedures required by the Indenture and described in such notice. The Issuers or the Parent Guarantor will comply with the requirements of any securities laws and the regulations thereunder (including Rule 14e-1 under the Exchange Act) to the extent those laws and regulations are applicable in connection with the repurchase of the Notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the Indenture, the Issuers and the Parent Guarantor will comply with the applicable securities laws and regulations and will not be deemed to have breached their obligations under the Change of Control provisions of the Indenture by virtue of such conflict.

10. **Denominations**

The Dollar Notes are in denominations of $200,000 or any integral multiple of $1 in excess thereof of principal amount at maturity. The transfer of Notes may be registered, and Notes may be exchanged, as provided in the Indenture. The Registrar may require a Holder, among other things, to furnish appropriate endorsements and transfer documents and to pay any taxes and fees required by law or permitted by the Indenture.

11. **Unclaimed Money**

All moneys paid by the Issuer, the Co-Issuer or any Guarantor to the Trustee or a Paying Agent for the payment of the principal of, or premium, if any, or interest on, any Notes that remain unclaimed at the end of two years after such principal, premium or interest has become due and payable may be repaid to the Issuer, the Co-Issuer or any Guarantor, subject to applicable law, and the Holder of such Note thereafter may look only to the Issuer, the Co-Issuer or any Guarantor for payment thereof.

12. **Discharge and Defeasance**

Subject to certain conditions, the Issuers at any time may terminate some or all of its obligations and the obligations of the Guarantors under the Notes, the Guarantees and the Indenture if the Issuers irrevocably deposits with the Trustee U.S. Dollars or U.S. Government Obligations for the payment of principal and interest on the Notes to redemption or maturity, as the case may be.

13. **Amendment, Supplement and Waiver**

(a) Without the consent of any holder of Notes, the Guarantors, the Issuer, the Co- Issuer, the Trustee and the other parties thereto (if applicable) may amend or supplement the Indenture or the Notes:

(i) to cure any ambiguity, defect or inconsistency;

(ii) to provide for uncertificated Notes in addition to or in place of certificated Notes;

(iii) to provide for the assumption of the Parent Guarantor's or the Issuer's or the Co-Issuer's obligations to holders of Notes in the case of a merger, consolidation or sale of all or substantially all of the Parent Guarantor's assets;

(iv) to release any Guarantor in accordance with and if permitted by the terms and limitations set forth in the Indenture and to add a Guarantor under the Indenture;

(v) to make such changes as are necessary to provide for the issuance of Additional Notes in accordance with the limitations set forth in the Indenture;

(vi) to make any change that would provide any additional rights or benefits to the holders of Notes or additional covenants or other obligations of the Issuer, the Co-Issuer or any Guarantor or that does not adversely affect the legal rights under the Indenture of any such holder in any material respect, including for the avoidance of doubt the addition of any co-issuer or any Guarantor becoming a co-issuer;

(vii) [Reserved];

(viii) to evidence and provide for the acceptance and appointment under the Indenture of a successor Trustee thereunder pursuant to the requirements thereof; or

(ix) to provide for the issuance of Additional Notes in accordance with the terms of the Indenture;

(x) [Reserved].

The Subsidiary Guarantors (other than the relevant new Subsidiary Guarantor in the case of clause (iv) above) need not be a party to any amendment to the Indenture referred to in this paragraph.

For the avoidance of doubt, Articles 470-1 to 470-19 of the Luxembourg amended companies law dated August 10, 1915 do not apply and no noteholders' meetings need to be convened to collect any necessary consent.

(b) Except as provided in Section 9.02(b) of the Indenture, the Indenture, the Notes or the Guarantees may be modified, amended or supplemented with the consent of the Holders of at least a majority in principal amount of the Notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, the Notes) and any existing Default or compliance with any provision of the Indenture or the Notes may be waived with the consent of the Holders of a majority in principal amount of the then outstanding Notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, the Notes). Without the consent of the Holders of 90% (or, in the case of clause (ii)(C) below, 60%) of each series of then outstanding Notes, an amendment, modification or waiver may not (with respect to any such series of Notes held by a non-consenting holder):

(i) reduce the principal amount of Notes whose holders must consent to an amendment, supplement or waiver of provisions of the Indenture;

(ii) (A) reduce the principal (or Additional Amounts, if any) of or change the Stated Maturity of the principal of, or any installment of Additional Amounts or premium (other than in the circumstances referred to in (C) below), if any, or interest on, any Note, (B) alter the provisions with respect to the redemption of or premium on the Notes (other than provisions relating to Article Three of this Indenture or in the circumstances referred to in (C) below) or (C) in connection with any transaction involving or which, but for a redemption of the Notes in full, would otherwise result in a Change of Control, waive the requirement to pay, or reduce the amount of, a premium payable on a redemption on any Note;

(iii) reduce the rate of or change the time for payment of interest on any Note;

(iv) waive a Default or Event of Default in the payment of principal of, or interest or premium, or Additional Amounts, if any, on the Notes (except a rescission of acceleration of the Notes by the holders of at least a majority in aggregate principal amount of the Notes and a waiver of the payment default that resulted from such acceleration);

(v) modify the right to institute suit for the enforcement of any payment of any Note in accordance with the provisions of such Note and the Indenture;

(vi) make any Note payable in money other than that stated in the Notes;

(vii) impair the right of any Holder to receive payment of principal of, or interest or premium or Additional Amounts, if any, on such Holder's Notes on or after the due dates therefor or to institute suit for the enforcement of any such payment on or with respect to such Holder's Notes;

(viii) amend or waive any provision of Article Fourteen of this Indenture (*Mandatory Conversion*);

(ix) release the Issuer, the Co-Issuer or any Guarantor from any of its obligations under the Notes, the Guarantees or the Indenture, except in accordance with the terms of the Indenture; or

(x) make any change in the preceding amendment and waiver provisions.

The consent of the Holders is not necessary to approve the particular form of any proposed amendment, modification, supplement or waiver. It is sufficient if such consent approves the substance of the proposed amendment, modification, supplement or waiver.

For the avoidance of doubt, Articles 470-1 to 470-19 of the Luxembourg amended companies law dated August 10, 1915 do not apply and no noteholders' meetings need to be convened to collect any necessary consent.

14. **Defaults and Remedies**

In the case of an Event of Default under Section 6.01(a)(viii) and (ix) of the Indenture, all outstanding Notes shall become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the holders of at least 25% in principal amount of the then outstanding Notes may, and the Trustee, upon the request of such holders, shall declare all the Notes to be due and payable immediately.

Holders of the Notes may not enforce the Indenture or the Notes except as provided in the Indenture. Subject to certain limitations, holders of a majority in principal amount of the then outstanding Notes may direct the Trustee in its exercise of any trust or power.

15. **Intercreditor Agreement**

Each Holder by accepting this Note agrees that the Indenture, including the Guarantees, is subject to the limitations on enforcement and other terms of the Intercreditor Agreement and that such Holder may not take any Enforcement Action in respect of the Subsidiary Guarantees other than through the Trustee in accordance with the Indenture.

16. **Trustee Dealings with the Issuers**

Subject to certain limitations, the Trustee under the Indenture, in its individual or any other capacity, may become the owner or pledgee of Notes and may otherwise deal with and collect

obligations owed to it by the Issuers, any Guarantor or any of their Affiliates with the same rights it would have if it were not Trustee. Any Paying Agent, Registrar, co-Registrar or co-Paying Agent may do the same with like rights.

17. **No Recourse Against Others**

No director, officer, employee, incorporator or stockholder of the Issuers or any Guarantor, as such, shall have any personal liability for any obligations of the Issuers or such Guarantor under the Notes, the Indenture, the Intercreditor Agreement, the Guarantees or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder of Notes by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes.

18. **Authentication**

This Note shall not be valid until an authorized officer of the Trustee (or an authenticating agent) manually signs the certificate of authentication on the other side of this Note.

19. **Governing Law**

THIS NOTE SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK WITHOUT REGARD TO THE CONFLICT OF LAW RULES THEREOF. FOR THE AVOIDANCE OF DOUBT, ARTICLES 470-1 TO 470-19 OF THE LUXEMBOURG AMENDED COMPANIES LAW DATED AUGUST 10, 1915 DO NOT APPLY.

The Issuers or any Guarantor shall furnish to any Holder upon written request and without charge to the Holder a copy of the Indenture. Requests may be made to:

2.000% Cash / 10.750% PIK Senior Secured Note Due 2027

1. **Interest**

Codere Finance 2 (Luxembourg) S.A., a Luxembourg société anonyme (such corporation, and its successors and assigns under the Indenture hereinafter referred to, being herein called the "**Issuer**") and [New Topco] (such corporation, and its successors and assigns under the Indenture hereinafter referred to, being herein called the "**Co-Issuer**" and, together with the Issuer, the "**Issuers**"), for value received promises to pay interest on the principal amount of this Note.

On each Interest Payment Date, interest on the principal amount of this Note shall be paid at a rate equal to 2.000% per annum in cash interest *plus* 10.750% in kind interest (any such portion, "**PIK Euro Interest**") by increasing the outstanding principal amount of such Note or, with respect to Notes represented by certificated notes, issuing additional Notes under the Indenture on the same terms and conditions as the Notes offered hereby in a principal amount equal to such interest (the "**PIK Euro Notes**"). Interest shall be computed on the basis of a 360-day year of twelve 30-day months. The Issuers shall pay interest on overdue principal at the interest rate borne by the Notes compounded semi-annually, and it shall pay interest on overdue installments of interest at the same rate compounded semi-annually to the extent lawful. Any interest paid on this Note shall be increased to the extent necessary to pay Additional Amounts as set forth in this Note.

2. **Additional Amounts**

(a) All payments in respect of the Notes, made by or on behalf of the Issuer, the Co-Issuer, a Guarantor or any successor person to the Issuer, the Co-Issuer or any Guarantor (each a "**Successor Person**") (each a "**Payer**"), shall be made free and clear without withholding or deduction for, or on account of, any present or future taxes, duties, levies, imposts, assessments or other governmental charges (including, without limitation, penalties, interest and other similar liabilities related thereto) of whatever nature, (collectively, "**Taxes**") imposed or levied by or on behalf of any jurisdiction or any political subdivision or governmental authority thereof or therein having the power to tax where such Payer is incorporated, organized or otherwise resident for tax purposes or from or through which the Payer makes a payment on the Notes or its Guarantee or by the Kingdom of Spain (and any subdivision or governmental authority thereof or therein) (each, a "**Relevant Taxing Jurisdiction**"), unless the withholding or deduction of such Taxes is then required by law. If the Payer is required to withhold or deduct any amount for, or on account of, Taxes imposed or levied on behalf of a Relevant Taxing Jurisdiction from any payment made under or with respect to the Notes, the Payer shall pay such additional amounts (in the form of (i) in the case of PIK Interest, additional PIK Interest, and (ii) in other cases, cash) ("**Additional Amounts**") as may be necessary to ensure that the net amount received by each holder of the Notes (including Additional Amounts) after such withholding or deduction has been made shall be not less than the amount the holder would have received if such Taxes had not been required to be withheld or deducted.

(b) The Payer shall not be required to make any payment of Additional Amounts for or on account of

(i) any Taxes that are imposed or levied by a Relevant Taxing Jurisdiction by reason of (A) the holder's or a beneficial owner's present or former connection with such Relevant Taxing Jurisdiction other than the mere acquisition or holding of Notes or by reason of the receipt of payments in respect thereunder or the exercise or enforcement of any rights under the Notes, the Indenture, or any Guarantee (including a connection between a fiduciary, settlor, beneficiary, member, partner or shareholder of, or possessor of power over, the relevant holder or beneficial owner, if the relevant holder or beneficial owner is an estate, nominee, trust, partnership or corporation, and the Relevant Taxing Jurisdiction), or (B) the presentation of a Note (where presentation is required) for payment on a date more than 30 days after the date on which such payment became due and payable or the date on which payment thereof is duly provided for, whichever occurs later, except to the extent that the beneficial owner or holder thereof would have been entitled to Additional Amounts had the Notes been presented for payment on any day during such 30 day period;

(ii) any estate, inheritance, gift, sales, excise, transfer, personal property or similar Tax;

(iii) any Tax which is payable otherwise than by withholding or deduction from payments made under or with respect to the Notes;

(iv) any Taxes that are imposed or withheld by reason of the failure by the holder or the beneficial owner of the Notes, following the Issuers' written request addressed to the holder or otherwise provided to the holder or beneficial owner (and made at a time that would enable the holder or beneficial owner acting reasonably to comply with that request) to provide certification, information, documents or other evidence concerning the nationality, residence or identity of the holder or such beneficial owner or to make any valid or timely declaration or similar claim or satisfy any other reporting requirements relating to such matters, whether required or imposed by statute, treaty, regulation or administrative practice of the Relevant Taxing Jurisdiction, as a precondition to exemption from, or reduction in the rate of withholding or deduction of, Taxes imposed by the Relevant Taxing Jurisdiction, including, for the avoidance of doubt, any Taxes that are imposed or withheld under Spanish law by reason of the Payer not receiving (either directly or through its agent) such information from a holder or beneficial owner as may be necessary to allow payments on the Notes to be made free and clear of Spanish withholding tax or deduction on account of Spanish taxes, pursuant to Law 10/2014 of June 26, Royal Decree 1065/2007 of July 27, as amended by Royal Decree 1145/2011 of July 29, and any implementing legislation or regulation;

(v) any Tax that is imposed on or with respect to a Note presented for payment (where presentation is required) on behalf of a holder or beneficial owner who would have been able to avoid such withholding or deduction by presenting the Note to another Paying Agent in a Member State of the European Union;

(vi) any Tax that would not have been imposed but for a failure by the holder or beneficial owner (or any financial institution through which the holder or beneficial owner holds

any Note through which payment on the Note is made) to comply with any certification, information, identification, documentation or other reporting requirements (including entering into and complying with an agreement with the U.S. Internal Revenue Service) imposed pursuant to Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended (or any intergovernmental agreement, or legislation enacted pursuant thereto, to implement such provisions) as in effect on the date of issuance of the Notes or any successor or amended version of these provisions, to the extent such successor or amended version is not materially more onerous than these provisions as enacted on such date; or

(vii) any combination of Taxes referred to in clauses (i) to (vi) above.

(c) Additional Amounts shall not be paid with respect to any payment made under or with respect to the Notes or any Guarantee in the case of a holder who is a fiduciary, a partnership or other than the sole beneficial owner of such payment, to the extent that such payment is required by the laws of the Relevant Taxing Jurisdiction to be included in the income, for tax purposes, of a beneficiary or settlor with respect to the fiduciary, a member of that partnership or a beneficial owner and such person would not have been entitled to the Additional Amounts had it been the holder of the Note or Guarantee.

(d) The Payer shall (i) make such withholding or deduction required by applicable law and (ii) remit the full amount withheld or deducted to the relevant taxing authority in accordance with applicable law.

(e) At least 30 calendar days prior to each date on which any payment under or with respect to the Notes is due and payable, if the Payer shall be obligated to pay Additional Amounts with respect to such payment (unless such obligation to pay Additional Amounts arises after the 30th day prior to the date on which payment under or with respect to the Notes is due and payable, in which case it shall be promptly thereafter), the Issuers shall deliver to the Trustee an Officer's Certificate stating that such Additional Amounts shall be payable and the amounts so payable and shall set forth such other information necessary to enable the Paying Agent to pay such Additional Amounts to holders on the relevant payment date. The Trustee shall, without further enquiry, be entitled to rely absolutely on each such Officer's Certificate as conclusive proof that such payments are necessary. The Issuers shall promptly publish a notice in accordance with Section 15.02 of the Indenture stating that such Additional Amounts shall be payable and describing the obligation to pay such amounts.

(f) Upon request, within a reasonable time the Payer shall provide the Trustee, to provide to the holders, certified copies of tax receipts evidencing the payment by the Payer of any Taxes imposed or levied by a Relevant Taxing Jurisdiction in such form as provided in the normal course by the taxing authority imposing such Taxes and as is reasonably available to the Payer. If, notwithstanding the reasonable efforts of the Payer to obtain such receipts, the same are not obtainable, the Payer shall provide the Trustee with a copy of the return reporting such payment or with other evidence reasonably satisfactory to the Trustee of such payments by the Payer.

(g) In addition, the Parent Guarantor undertakes to indemnify, pay and maintain all holders of the Notes or the Guarantees harmless for all Taxes that are imposed under Spanish law on the payments received or income derived from the Notes or the Guarantees that (i) are not

compensated by the payment of Additional Amounts under the first paragraph of this "**Additional Amounts**" section; and that (ii) are not excluded under clauses (i) through (ii) and (iv) through (vii) of Section 4.16(b) of the Indenture, or any combination thereof. Furthermore, the Issuers shall pay any present or future stamp, issue, registration, court documentation, excise, or property taxes, or other similar Taxes imposed by or in any Relevant Taxing Jurisdiction, including any political jurisdiction thereof, in respect of the execution, issue, delivery or registration of the Notes, the Indenture, or the Guarantees, or any other document or instrument referred to thereunder and any such Taxes imposed by any jurisdiction as a result of, or in connection with, the enforcement of the Notes, the Guarantees, or any other such document or instrument following, and relating to, the occurrence of any Event of Default with respect to the Notes or the receipt of any payments with respect thereto (other than with respect to a transfer of the Notes following the initial sale of the Notes by the purchasers and limited, solely in the case of Taxes attributable to the receipt of any payments with respect thereto, to any such Taxes imposed in a Relevant Taxing Jurisdiction that are not excluded under clauses (i) through (ii) and (iv) through (vii) of Section 4.16(b) of the Indenture, or any combination thereof), and other than (i) any stamp duty, registration or other similar Taxes payable on or by reference to or in consequence of the transfer or assignment of the whole or any part of the rights of a holder of the Notes and (ii) any Luxembourg registration duties (droits d'enregistrement) payable due to registration, submission or filing of any finance document when such registration, submission or filing is or was not required to maintain or preserve the rights of any party under that finance document.

(h) Whenever the Indenture refers to, in any context, the payment of principal, premium, if any, interest or any other amount payable under or with respect to any Note (including payments thereof made pursuant to any Guarantee or in connection with a redemption of the Notes), such reference includes the payment of Additional Amounts, if applicable.

Provisions (a)-(h) above shall survive any termination, defeasance or discharge of the Indenture.

3. **Method of Payment**

The Issuers shall pay interest on this Note (except defaulted interest) to the persons who are registered Holders of this Note at the close of business on the Record Date for the next Interest Payment Date even if this Note is cancelled after the Record Date and on or before the Interest Payment Date. The Issuers shall pay principal and interest in Euros in immediately available funds that at the time of payment is legal tender for payment of public and private debts; **provided, that** payment of interest may be made at the option of the Issuers by check mailed to the Holder.

The amount of payments in respect of interest on each Interest Payment Date shall correspond to the aggregate principal amount of Notes represented by the Regulation S Global Note and the Restricted Global Note, as established by the Registrar at the close of business on the relevant Record Date. Payments of principal shall be made upon surrender of the Regulation S Global Note and the Restricted Global Note to the Paying Agent.

PIK Euro Interest shall be payable (a) with respect to Notes represented by one or more Global Notes registered in the name of, or held by, the Common Depositary on the relevant Record Date, by increasing the principal amount of the outstanding Global Note by an amount equal to

the amount of the PIK Euro Interest for the applicable interest period (rounded up to the nearest whole euro) (it being understood that subsequent interest payments on the Notes shall be calculated on such increased principal amount) and (b) with respect to Notes represented by certificated Notes, by issuing PIK Euro Notes in certificated form to the Holders of the underlying Notes in an aggregate principal amount equal to the amount of interest for the applicable interest period (rounded up to the nearest whole euro). The Trustee shall authenticate and deliver such PIK Euro Notes in certificated form for original issuance to the Holders thereof on the relevant Record Date, as shown by the records of the register of such Holders. Following an increase in the principal amount of the outstanding Global Notes as a result of any PIK Euro Interest, the Global Notes shall bear interest on such increased principal amount from and after the interest payment date in respect of which such PIK Euro Interest was made. Any PIK Euro Notes issued in certificated form shall be dated as of the applicable interest payment date, bear interest from and after such date and be issued with the description "**PIK**" on the face of such PIK Euro Note.

Cash interest and PIK Euro Interest shall be paid to Holders *pro rata* in accordance with their interests in this Note. Following an increase in the principal amount of this Note as a result of a payment as PIK Euro Interest, this Note will bear interest on such increased principal amount from and after the date of such payment. Any PIK Euro Notes issued in certificated form will be dated as of the applicable interest payment date and will bear interest from and after such date. All PIK Euro Notes will mature on November 30, 2027.

Not less than ten Business Days prior to each interest payment date, the Issuers shall notify the Trustee in writing of the amount of cash interest and PIK Euro Interest, respectively, to be made for such interest payment date, in each case in accordance with the terms of the Indenture. In the event the Issuers fail to timely deliver such notice (or in the case of acceleration or other prepayment of the Notes, if interest is due and owing on a date other than an interest payment date), the Issuers shall be deemed to have elected to pay PIK Euro Interest for such interest payment date.

4. **Paying Agent**

The Issuers will make all payments, including principal of, premium, if any, and interest on the Notes, through an agent that it will maintain for these purposes. Initially that agent will be Global Loan Agency Services Limited.

5. **Indenture**

The Issuers issued the Notes under an indenture dated as of November 8, 2016, as supplemented or amended from time to time (the "**Indenture**") among the Issuer, Codere Finance 2 (UK) Limited, Codere S.A., the Subsidiary Guarantors (as defined therein), GLAS Trust Corporation Limited, as trustee and security agent (the "**Trustee**"), the Paying Agent and the other parties thereto. Terms defined in the Indenture and not defined herein have the meanings ascribed thereto in the Indenture. The Notes are subject to such terms of, and Holders are referred to, the Indenture for a statement of those terms.

The Notes are general obligations of the Issuers and are issued under the Indenture in an initial aggregate principal amount at maturity of €500,000,000. The Indenture imposes certain

limitations on the Issuer, the Co-Issuer, the Parent Guarantor and the Subsidiary Guarantors and affiliates, including, without limitation, limitations on the incurrence of indebtedness and issuance of stock, the payment of dividends and other payment restrictions affecting the Parent Guarantor and the Restricted Group Members, the sale of assets, transactions with and among affiliates of the Parent Guarantor and the Restricted Group Members, change of control and Liens.

Any redemption and notice may, in the Issuers' discretion, be subject to the satisfaction of one or more conditions precedent.

"**Bund Rate**" means, with respect to any redemption date, the rate per annum equal to the equivalent yield to maturity as of such redemption date of the Comparable German Bund Issue, assuming a price for the Comparable German Bund Issue (expressed as a percentage of its principal amount) equal to the Comparable German Bund Price for such redemption date, where:

7. **Redemption Upon Changes in Withholding Tax**

(a) The Issuers may, at its option, redeem the Euro Notes, in whole, but not in part, at any time upon giving not less than 10 nor more than 60 days' prior notice (except as otherwise provided under Section 3.03 of the Indenture) to the holders at a redemption price equal to 100% of the principal amount thereof, together with accrued and unpaid interest thereon, if any, to the redemption date, premium, if any, and Additional Amounts, if any, then due and which will become due on the date of redemption as a result of the redemption or otherwise, if the Issuers determines in good faith that the Payer is, or on the next date on which any amount would be payable in respect of the Notes, would be, obligated to pay Additional Amounts (as defined above) in respect of the Notes or a Guarantee pursuant to the terms and conditions thereof (but in the case of a Payer that is a Guarantor, only if the payment giving rise to such requirement cannot be made by the Issuers or another Guarantor without the obligation to pay Additional Amounts), which the Payer cannot avoid by the use of reasonable measures available to it (including making payment through a paying agent located in another jurisdiction) as a result of:

(A) any change in, or amendment to, the laws or any regulations or rulings promulgated thereunder of any Relevant Taxing Jurisdiction (as defined above) affecting taxation which becomes effective and is first publicly announced on or after the date of the Indenture or, if a Relevant Taxing Jurisdiction was not a Relevant Taxing Jurisdiction on the date of the Indenture, the date on which the then current Relevant Taxing Jurisdiction became a Relevant Taxing Jurisdiction under the Indenture (or, in the case of a Successor Person, after the date the Successor Person becomes a Successor Person under the Indenture); or

(B) any change in the official application, administration, or interpretation of the laws, regulations or rulings of any Relevant Taxing Jurisdiction, (including a holding, judgment, or order by a court of competent jurisdiction), on or after the date of the Indenture or, if a Relevant Taxing Jurisdiction was not a Relevant Taxing Jurisdiction on the date of the Indenture, the date on which the Relevant Taxing Jurisdiction became a Relevant Taxing Jurisdiction under the Indenture (each of the foregoing clauses (A) and (B), a "**Change in Tax Law**").

(b) Notwithstanding the foregoing, the Issuers may not redeem the Notes under this provision if (i) a Relevant Taxing Jurisdiction was not a Relevant Taxing Jurisdiction on the date of the Indenture, and (ii) the Payer is obligated to pay Additional Amounts as a result of a Change in Tax Law of such new Relevant Taxing Jurisdiction which change, at the time the latter became a Relevant Taxing Jurisdiction under the Indenture, was officially announced.

(c) Notwithstanding the foregoing, no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Payer would be obliged to make a payment of Additional Amounts or withholding if a payment in respect of the Notes or Guarantee, as the case may be, were then due and (b) unless at the time such notice is given, the obligation to pay Additional Amounts or withhold remains in effect.

(d) Prior to the publication or where relevant, mailing of any notice of redemption pursuant to the foregoing, the Issuers shall deliver to the Trustee:

(i) an Officer's Certificate stating that the Issuers are entitled to effect such redemption and setting forth a statement of facts showing the conditions precedent to the right of the Issuers so to redeem have occurred (including that such obligation to pay such Additional Amounts cannot be avoided by the Payer taking reasonable measures available to it); and

(ii) an opinion of independent tax advisors of recognized standing qualified under the laws of the Relevant Taxing Jurisdiction and reasonably satisfactory to the Trustee to the effect that the Payer is or would be obligated to pay such Additional Amounts as the case may be, as a result of a Change in Tax Law.

The Trustee shall, without further investigation, be entitled to rely on such Officer's Certificate and opinion of tax advisors as conclusive proof that the conditions precedent to the right of the Issuers so to redeem have occurred.

Any redemption and notice may, in the Issuers' discretion, be subject to the satisfaction of one or more conditions precedent.

8. **Notice of Redemption**

The Issuers shall publish a notice of any optional redemption of the Notes described above in accordance with the provisions described under Section 3.04 of the Indenture. If the Notes are listed at such time on the Irish Stock Exchange, the Issuers shall inform the Irish Stock Exchange of the principal amount of the Notes that have not been redeemed in connection with any optional redemption. If less than all of the Notes are to be redeemed at any time, the Trustee shall select the Notes to be redeemed as follows: (i) if the Notes are listed on any securities exchange, in compliance with the requirements of the principal securities exchange on which the Notes are listed or (ii) if the Notes are not listed on any securities exchange, on a *pro rata* basis, by lot or by such method in accordance with Euroclear or Clearstream procedures, **provided, however, that** no such partial redemption shall reduce the portion of the principal amount of a Note not redeemed to less than €2,000.

9. **Repurchase at the Option of Holders**

If a Change of Control occurs, each holder of Notes shall have the right to require the Issuers (or the Parent Guarantor, if the Parent Guarantor makes the purchase offer referred to below) to repurchase all or any part (equal to €100,000 or any integral multiple of €1 in excess thereof) of that holder's Notes pursuant to an offer (a "**Change of Control Offer**") on the terms set forth in the Indenture. In the Change of Control Offer, the Issuer or the Parent Guarantor shall offer a payment in cash equal to 101% of the aggregate principal amount of Notes repurchased *plus* accrued and unpaid interest and Additional Amounts, if any, on the Notes repurchased, to the date of purchase (a "**Change of Control Payment**"). Within ten days following any Change of Control, the Issuers or the Parent Guarantor will (i) cause the Change of Control Offer to be published through (A) the newswire service of Bloomberg, or if Bloomberg does not then operate, any similar agency; and (B) if at the time of such notice the Notes are listed on the Irish Stock Exchange and the rules of the Irish Stock Exchange so require, in the Irish Times (or another

leading newspaper of general circulation in Ireland); and (ii) mail the Change of Control Offer to each registered holder. The Change of Control Offer will describe the transaction or transactions that constitute the Change of Control and will offer to repurchase the applicable series of Notes on the date (the "**Change of Control Payment Date**") specified therein, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed, pursuant to the procedures required by the Indenture and described in such notice. The Issuers or the Parent Guarantor will comply with the requirements of any securities laws and the regulations thereunder (including Rule 14e-1 under the Exchange Act) to the extent those laws and regulations are applicable in connection with the repurchase of the Notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the Indenture, the Issuers and the Parent Guarantor will comply with the applicable securities laws and regulations and will not be deemed to have breached their obligations under the Change of Control provisions of the Indenture by virtue of such conflict.

10. **Denominations**

The Euro Notes are in denominations of €100,000 or any integral multiple of €1 in excess thereof of principal amount at maturity. The transfer of Notes may be registered, and Notes may be exchanged, as provided in the Indenture. The Registrar may require a Holder, among other things, to furnish appropriate endorsements and transfer documents and to pay any taxes and fees required by law or permitted by the Indenture.

11. **Unclaimed Money**

All moneys paid by the Issuers or any Guarantor to the Trustee or a Paying Agent for the payment of the principal of, or premium, if any, or interest on, any Notes that remain unclaimed at the end of two years after such principal, premium or interest has become due and payable may be repaid to the Issuers or any Guarantor, subject to applicable law, and the Holder of such Note thereafter may look only to the Issuers or any Guarantor for payment thereof.

12. **Discharge and Defeasance**

Subject to certain conditions, the Issuers at any time may terminate some or all of its obligations and the obligations of the Guarantors under the Notes, the Guarantees and the Indenture if the Issuers irrevocably deposits with the Trustee in euros or European Government Obligations for the payment of principal and interest on the Notes to redemption or maturity, as the case may be.

13. **Amendment, Supplement and Waiver**

(a) Without the consent of any holder of Notes, the Guarantors, the Issuer, the Co-Issuer, the Trustee and the other parties thereto (if applicable) may amend or supplement the Indenture or the Notes:

(i) to cure any ambiguity, defect or inconsistency;

(ii) to provide for uncertificated Notes in addition to or in place of certificated Notes;

(iii) to provide for the assumption of the Parent Guarantor's or the Issuers' obligations to holders of Notes in the case of a merger, consolidation or sale of all or substantially all of the Parent Guarantor's assets;

(iv) to release any Guarantor in accordance with and if permitted by the terms and limitations set forth in the Indenture and to add a Guarantor under the Indenture;

(v) to make such changes as are necessary to provide for the issuance of Additional Notes in accordance with the limitations set forth in the Indenture;

(vi) to make any change that would provide any additional rights or benefits to the holders of Notes or additional covenants or other obligations of the Issuer, the Co-Issuer or any Guarantor or that does not adversely affect the legal rights under the Indenture of any such holder in any material respect;

(vii) [Reserved];

(viii) to evidence and provide for the acceptance and appointment under the Indenture of a successor Trustee thereunder pursuant to the requirements thereof;

(ix) to provide for the issuance of Additional Notes in accordance with the terms of the Indenture; or

(x) [Reserved].

The Subsidiary Guarantors (other than the relevant new Subsidiary Guarantor in the case of clause (iv) above) need not be a party to any amendment to the Indenture referred to in this paragraph.

For the avoidance of doubt, Articles 470-1 to 470-19 of the Luxembourg amended companies law dated August 10, 1915 do not apply and no noteholders' meetings need to be convened to collect any necessary consent.

(b) Except as provided in Section 9.02(b) of the Indenture, the Indenture, the Notes or the Guarantees may be modified, amended or supplemented with the consent of the Holders of at least a majority in principal amount of the Notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, the Notes) and any existing Default or compliance with any provision of the Indenture or the Notes may be waived with the consent of the Holders of a majority in principal amount of the then outstanding Notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, the Notes). Without the consent of the Holders of 90% (or, in the case of clause (ii)(C) below, 60%) of each series of then outstanding Notes, an amendment, modification or waiver may not (with respect to any such series of Notes held by a non-consenting holder):

(i) reduce the principal amount of Notes whose holders must consent to an amendment, supplement or waiver of provisions of the Indenture;

(ii) (A) reduce the principal (or Additional Amounts, if any) of or change the Stated Maturity of the principal of, or any installment of Additional Amounts or premium (other than in the circumstances referred to in (C) below, if any, or interest on, any Note, (B) alter the provisions with respect to the redemption of or premium on the Notes (other than provisions relating to Article Three of this Indenture or in the circumstances referred to in (C) below or (C) in connection with any transaction involving or which, but for a redemption of the Notes in full, would otherwise result in a Change of Control, waive the requirement to pay, or reduce the amount of, a premium payable on a redemption on any Note;

(iii) reduce the rate of or change the time for payment of interest on any Note;

(iv) waive a Default or Event of Default in the payment of principal of, or interest or premium, or Additional Amounts, if any, on the Notes (except a rescission of acceleration of the Notes by the holders of at least a majority in aggregate principal amount of the Notes and a waiver of the payment default that resulted from such acceleration);

(v) modify the right to institute suit for the enforcement of any payment of any Note in accordance with the provisions of such Note and the Indenture;

(vi) make any Note payable in money other than that stated in the Notes;

(vii) impair the right of any Holder to receive payment of principal of, or interest or premium or Additional Amounts, if any, on such Holder's Notes on or after the due dates therefor or to institute suit for the enforcement of any such payment on or with respect to such Holder's Notes;

(viii) make any change in the provisions of the Indenture relating to waivers of past Defaults or the rights of holders of Notes to receive payments of principal of, or interest or premium or Additional Amounts, if any, on the Notes;

(ix) amend or waive any provision of Article Fourteen of this Indenture (*Mandatory Converson*);

(x) release the Issuer, the Co-Issuer or any Guarantor from any of its obligations under the Notes, the Guarantees or the Indenture, except in accordance with the terms of the Indenture; or

(xi) make any change in the preceding amendment and waiver provisions.

The consent of the Holders is not necessary to approve the particular form of any proposed amendment, modification, supplement or waiver. It is sufficient if such consent approves the substance of the proposed amendment, modification, supplement or waiver.

For the avoidance of doubt, Articles 470-1 to 470-19 of the Luxembourg amended companies law dated August 10, 1915 do not apply and no noteholders' meetings need to be convened to collect any necessary consent.

14. **Defaults and Remedies**

In the case of an Event of Default under Section 6.01(a)(viii) and (ix) of the Indenture, all outstanding Notes shall become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the holders of at least 25% in principal amount of the then outstanding Notes may, and the Trustee, upon the request of such holders, shall declare all the Notes to be due and payable immediately.

Holders of the Notes may not enforce the Indenture or the Notes except as provided in the Indenture. Subject to certain limitations, holders of a majority in principal amount of the then outstanding Notes may direct the Trustee in its exercise of any trust or power.

15. **Intercreditor Agreement**

Each Holder by accepting this Note agrees that the Indenture, including the Guarantees, is subject to the limitations on enforcement and other terms of the Intercreditor Agreement and that such Holder may not take any enforcement action in respect of the Subsidiary Guarantees other than through the Trustee in accordance with the Indenture.

16. **Trustee Dealings with the Issuers**

Subject to certain limitations, the Trustee under the Indenture, in its individual or any other capacity, may become the owner or pledgee of Notes and may otherwise deal with and collect obligations owed to it by the Issuers, any Guarantor or any of their Affiliates with the same rights it would have if it were not Trustee. Any Paying Agent, Registrar, co-Registrar or co-Paying Agent may do the same with like rights.

17. **No Recourse Against Others**

No director, officer, employee, incorporator or stockholder of the Issuers or any Guarantor, as such, shall have any personal liability for any obligations of the Issuers or such Guarantor under the Notes, the Indenture, the Intercreditor Agreement, the Guarantees or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder of Notes by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes.

18. **Authentication**

This Note shall not be valid until an authorized officer of the Trustee (or an authenticating agent) manually signs the certificate of authentication on the other side of this Note.

19. **Governing Law**

THIS NOTE SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK WITHOUT REGARD TO THE CONFLICT OF LAW RULES THEREOF. FOR THE AVOIDANCE OF DOUBT, ARTICLES 470-1 TO 470-19 OF THE LUXEMBOURG AMENDED COMPANIES LAW DATED AUGUST 10, 1915 DO NOT APPLY.

The Issuers or any Guarantor shall furnish to any Holder upon written request and without charge to the Holder a copy of the Indenture. Requests may be made to:

SCHEDULE A

AGREED SECURITY PRINCIPLES

1. **Agreed Security Principles**

1.1 The guarantees and security interests to be provided will be given in accordance with the Agreed Security Principles. This Schedule addresses the manner in which the Agreed Security Principles will impact on the guarantees and security interests that are proposed to be taken in relation to this transaction.

1.2 The Agreed Security Principles embody a recognition by all parties that there may be certain legal and practical difficulties in obtaining effective guarantees and security interests from members of the Group in jurisdictions in which it has been agreed that guarantees and security interests will be granted. In particular:

(a) general statutory limitations, financial assistance, corporate benefit, fraudulent preference, "thin capitalization" rules, tax restrictions, retention of title claims and similar principles may limit the ability of a member of the Group to provide a guarantee or security interest or may require that the guarantee or security interest be limited by an amount or otherwise. If any such limit applies, the guarantees and security interests provided will be limited to the maximum amount which the relevant member of the Group may provide having regard to applicable law (including any jurisprudence) and subject to fiduciary duties of management (a security interest will not be required if taking such a security interest would be reasonably likely to expose the directors of the relevant company to a risk of personal liability);

(b) a key factor in determining whether or not a guarantee or security interest shall be granted is the applicable cost (including adverse effects on interest deductibility and stamp duty, notarization and registration fees) which shall not be disproportionate to the benefit to the Secured Parties of obtaining such guarantee or security;

(c) the maximum guaranteed or secured amount may be limited to minimize stamp duty, notarization, registration or other applicable fees, taxes and duties where the benefit of increasing the granted or secured amount is disproportionate to the level of such fee, taxes and duties;

(d) members of the Group will not be required to give guarantees or enter into Security Documents if it is not within the legal capacity of the relevant members of the Group or if the same would conflict with the fiduciary duties of those directors or contravene any legal prohibition (including, without limitation, capital maintenance rules) or would be reasonably likely to result in personal or criminal liability on the part of any officer **provided that** the relevant member of the Group shall use reasonable endeavors to overcome any such obstacle;

(e) any assets subject to third party arrangements which may prevent those assets from being charged will be excluded from any relevant Security Document **provided that** reasonable endeavors to obtain consent to charging any such assets shall be used by the Group if the Security Agent determines the relevant asset to be material;

(f) for the avoidance of doubt, the parties acknowledge that any guarantees or security interests will (if customary in the relevant jurisdiction) be granted as an up-stream, cross-stream guarantee or downstream guarantee and secure all liabilities of the members of the Group under the Indenture and in accordance with the Agreed Security Principles in each relevant jurisdiction;

(g) the giving of a guarantee, the granting of a security interest or the perfection of the security interest granted will not be required if it would have a material adverse effect on the ability of the relevant Guarantor to conduct its operations and business in its ordinary course of trading as otherwise permitted by the Indenture, **provided that** the relevant member of the Group shall use reasonable endeavors to overcome any such obstacle. For the avoidance of doubt, it shall not be deemed that the giving of a guarantee, the granting of a security interest or the perfection of the security interest has a material adverse effect on the ability of the relevant Guarantor to conduct its operations and business if the ability of the relevant Guarantor to conduct its operations and business would or could be affected as a consequence of the enforcement of such guarantee or security interest; and

(h) to the extent possible, all security interests shall be granted in favor of the Security Agent and not the Secured Parties individually; "parallel debt" provisions will be used where necessary and such provisions will be contained in the Intercreditor Agreement and not the individual Security Documents unless required under local laws, it being understood that in no event will "parallel debt" provisions apply to Security Documents governed by Italian or Spanish law or guarantees provided by an Italian Guarantor or a Spanish Guarantor.

2. **Terms of Security Documents**

The following principles will be reflected in the terms of any security interest taken as part of this transaction:

(a) security interests will not be enforceable until an Event of Default has occurred which is continuing and any notice of acceleration or early redemption in connection therewith required to be given in accordance with the terms of the relevant Security Document has been given by the Trustee or Security Agent (as applicable);

(b) except as otherwise agreed between counsel to the Parent Guarantor and counsel to the Holders, the Security Documents should only operate to create security interests rather than to impose new commercial obligations. Accordingly, they should not contain any additional representations or undertakings unless these are covenants required for the creation, perfection, protection or preservation of the security

interest and are no more onerous than any equivalent representation or undertaking in the Indenture;

(c) the Collateral will be first ranking, to the extent possible;

(d) security interests will, where possible and practical, automatically create security over future assets of the same type as those already secured; where local law requires registration, registration of such security in the corporate documents shall be carried out; where local law requires supplemental or amendments to pledges, fiduciary transfers or fiduciary assignments to be delivered in respect of future acquired assets in order for effective security to be created over that class of asset, such supplemental or amendments to pledges fiduciary transfers or fiduciary assignments shall be provided at intervals no more frequent than three months (unless required more frequently under local law, advisable under standard market practice in order to ensure the enforceability or validity of the security interest or unless required otherwise by the relevant agreement in the case of newly issued shares);

(e) the relevant member of the Group shall use reasonable endeavors to assist in demonstrating that adequate corporate benefit (if any) accrues to each relevant member of the Group;

(f) the granting or perfection of security, when required, and other legal formalities will be completed as soon as practicable and, in any event, within the time periods specified in the Indenture, the respective Security Document or (if earlier or to the extent no such time periods are specified in the Indenture) within the time periods specified by applicable law in order to ensure due perfection;

(g) in respect of the share pledges:

(i) where a member of the Group pledges or transfers shares, a participation interest or quotas, the relevant Security Document will be governed by the laws of the company whose shares, participation interest or quotas are being pledged or transferred and not by the law of the country of the pledgor or transferor. Subject to the Agreed Security Principles, the shares, participation interest or quotas in each Guarantor (other than those identified in (i) below) shall be secured. The shares, participation interest or quotas held by a Guarantor in a Subsidiary that is not a Guarantor shall not be required to be the subject of security interests, unless that Subsidiary is a Material Subsidiary (or unless the shares, participation interest or quotas in such Subsidiary can be secured in a global security agreement such as an English law debenture, New York law global security agreement or similar);

(ii) until an Event of Default has occurred which is continuing, and until any notice of acceleration required to be given in accordance with the terms of the relevant Security Document has been given by the Trustee or the

Security Agent (as applicable) in accordance with the terms of the relevant Security Documents, the pledgors shall be permitted to retain and to exercise voting rights attached to any shares pledged by them in a manner which does not adversely affect the validity or enforceability of the security interest or cause an Event of Default to occur and the pledgors should be permitted to pay dividends upstream on pledged shares to the extent permitted under the Indenture. Once an Event of Default has occurred which is continuing, and any prior notice of acceleration required to be given in accordance with the terms of the relevant Security Document has been given by the Trustee or the Security Agent (as applicable), the Holders of the Notes may be entitled to exercise (through the Security Agent) political, legal and economic rights to any shares, interests or quotas pledged. The Issuer and the Guarantors and members of the Group undertake to carry out any amendments in the relevant pledged companies' bylaws if necessary to ensure effectiveness of this provision under the relevant local law and issue any power of attorney where required and in accordance with the relevant local law;

(iii) where customary and/or applicable as a matter of law, on, or promptly following execution of the share, participation interest or quota charge (and, in any event, within five Business Days thereof), the original share certificate and stock transfer form executed in blank (or other document evidencing title) or a copy of the shareholder register certified by an appropriate manager, director, officer or secretary of the board will be delivered to the Security Agent (at such locations as it shall elect) and where customary and/or required by law the share certificate or shareholders' register (or other local law equivalent) will be endorsed or written up and the endorsed share certificate or a copy of the written up register provided to the Security Agent (within one Business Day for any company incorporated in Luxembourg, within five Business Days for any company incorporated in Italy and simultaneously with the execution of the pledge agreement for any company incorporated in Uruguay);

(iv) unless the restriction is required by law or regulation, (i) the constitutional documents of the member of the Group whose shares have been pledged will be amended to remove any restriction on the transfer or the registration of the transfer of the shares on the taking or enforcement of the security granted over them and/or, if applicable, (ii) all of the shareholders/participants of the company whose shares, participation interests or quotas have been charged, shall waive any preference or transfer right that they may have over the shares on the taking or enforcement of the security granted over them, and/or (iii) the constitutional documents of any member of the Group who granted any type of guaranty in favor of third parties should be amended as necessary and registered with the relevant authority to have a financial purpose and/or to include in their corporate purpose the issuance of guaranties in favor of third parties;

(v) where applicable under the relevant local law, a duly executed certificate or share register of an authorized manager, director, officer or secretary of the management body of the relevant pledged company showing the ownership of the relevant shares, participation interest or quotas and acknowledging or accepting the terms and creation of pledges over such shares, participation interests or quotas will be provided. Likewise, where applicable under the relevant local law, the granting of the relevant pledge will be recorded on the relevant ownership title (título de propiedad), including, without limitation, the relevant incorporation deed, corporate books, share purchase agreement, share capital increase deed and, in the case of any Security Document governed by Brazilian law, reflected in the constitutional documents of the member of the Group whose quotas have been pledged, etc.; and in the case of any Security Document governed by Colombian and Mexican law, registered in the company's stock ledger;

(vi) the pledge over the shares in Codere Luxembourg 1 S.à r.l. and New Luxco should include (i) enhanced obligations to maintain the COMI and hold the meetings of the shareholders and board of directors of such companies in Luxembourg, (including provision of all convening notices and agendas of the shareholders' meetings and board meetings, copies of all board minutes and shareholder's resolutions if requested and in certain circumstances); and (ii) specific representations and undertakings for this kind of security;

(vii) if any Security Document governed by Brazilian law is executed outside Brazil and in English language, the signatures of the relevant parties will have to be notarized and the document subject to apostille. Then, the relevant Security Document will have to be translated into Portuguese by an official translator (tradução juramentada) in Brazil for further registration;

(viii) the pledge over the shares of Codere Uruguay S.A. shall foresee the right to foreclose the pledge either extrajudicially or judicially;

(ix) the pledges over the shares of Codere Colombia S.A. and Codere Latam Colombia S.A. shall foresee the right to foreclose the pledge by direct payment, judicial enforcement or special enforcement. The pledge agreements will not be enforceable before Colombian authorities unless translated into Spanish by an official translator registered before the Ministry of External Relations (Ministerio de Relaciones Exteriores); and

(x) if required under local law, security over shares, participation interests or quotas will be registered subject to the Agreed Security Principles. Furthermore, for the fulfilment of the registration of any Security Document under Brazilian law, the translated version of the relevant document must be submitted for the registration.

(h) in respect of the security over intercompany receivables:

(i) if a member of the Group grants such security it shall be free to deal with those intercompany receivables in the course of its business until an Event of Default has occurred which is continuing and any notice of acceleration or early redemption in connection therewith has been given by the Trustee in accordance with the terms of the relevant Security Document;

(ii) if required under local law to perfect the security interests, or pursuant to any intercompany arrangements, notice of the security interests will be served on the relevant debtor within three Business Days of the security interest being granted (following the applicable local law requirements) and the relevant member of the Group shall obtain an acknowledgment of that notice within twenty Business Days of service; and

(iii) if required under local law, security over intercompany receivables will be registered subject to the Agreed Security Principles.

(i) the Secured Parties should only be able to exercise a power of attorney granted to them under a Security Document if an Event of Default has occurred which is continuing and any notice of acceleration or early redemption required to be given in connection therewith in accordance with the terms of the relevant Security Document has been given by the Trustee or after a failure with a further assurance, extension or perfection obligation (and any grace period applicable thereto has expired), but only to the extent necessary to comply with such further assurance, extension or perfection obligation;

(j) no security interest will be created over the shares in Alta Cordillera S.A. or Codematica S.R.L; and

(k) notwithstanding the foregoing in no event will any Restricted Group Members be required to (i) create any security interests over any assets other than shares in Material Subsidiaries (save where guarantees from Restricted Group Members are required in order for the Parent Guarantor to comply with Section 4.21 (Additional Guarantors) of the Indenture, in which case security over the shares of the relevant Guarantor(s) shall also be required) or (ii) enter into any control agreements or other control arrangements.

3. **Obligations to be secured**

Subject to the Agreed Security Principles, the obligations to be secured are the Secured Obligations (as defined in the relevant Security Document). The security interests are to be granted in favor of the Security Agent on behalf of the Secured Parties.

4. **Intercreditor Agreement**

Each Security Document shall state that in the event of a conflict between the terms of that Security Document and the Intercreditor Agreement, the terms of the Intercreditor

Agreement shall prevail. Where appropriate, defined terms in the Security Documents should mirror those in the Intercreditor Agreement.

5. **Definitions and interpretation**

In this Schedule, unless otherwise defined, capitalized terms shall have the meanings set forth in the Indenture, and:

"**COMI**" means, in the case of any entity incorporated in a member state of the European Union, its centre of main interest (as that term is used in Article 3(1) of the Regulation (EU) 2015/848 of the European Parliament and of the Council of May 20, 2015 on Insolvency Proceedings (recast)).

ARTICLE TWO
THE NOTES

Section 2.01. **The Notes**. (a) **Form and Dating**. The Notes and the Trustee's (or the authenticating agent's) certificate of authentication shall be substantially in the form of Exhibit A hereto with such appropriate insertions, omissions, substitutions and other variations as are required or permitted by this Indenture.

The Notes may have notations, legends or endorsements required by law, the rules of any securities exchange agreements to which the Issuer is subject, if any, or usage; **provided that** any such notation, legend or endorsement is in form reasonably acceptable to the Issuer. The Issuer shall approve the form of the Notes. Each Note shall be dated the date of its authentication. The terms and provisions contained in the form of the Notes shall constitute and are hereby expressly made a part of this Indenture. The Notes shall be issued in fully registered form in minimum denominations of €1.

(b) **Registered Notes**. The Notes offered and sold in reliance on Section 4(a)(2) shall be issued initially in the form of one or more Registered Notes substantially in the form of Exhibit A hereto, with such applicable legends as are provided in Exhibit A hereto, except as otherwise permitted herein (each a "**Restricted Registered Note**"), which shall be deposited on behalf of the Holders of the Notes represented thereby with the Trustee, and registered in the names of the Holders as they appear on the Registrar's Security Register from time to time, duly executed by the Issuer and authenticated by the Trustee (or its agent in accordance with Section 2.02) as hereinafter provided. The aggregate principal amount of a Restricted Registered Note may from time to time be increased or decreased by adjustments made by the Registrar on Schedule A to each Restricted Registered Note and recorded in the Security Register, as hereinafter provided.

The Notes offered and sold in reliance on Regulation S shall be issued initially in the form of one or more Registered Notes substantially in the form of Exhibit A hereto, with such applicable legends as are provided in Exhibit A hereto, except as otherwise permitted herein (each a "**Regulation S Registered Note**"), which shall be deposited on behalf of the Holders of the Regulation S Registered Notes represented thereby with the Trustee, and registered in the name of the Holders as they appear on the Registrar's Security Register from time to time, duly executed by the Issuer and authenticated by the Trustee (or its agent in accordance with Section 2.02) as

hereinafter provided. The aggregate principal amount of a Regulation S Registered Note may from time to time be increased or decreased by adjustments made by the Registrar on Schedule A to each Regulation S Registered Note and recorded in the Security Register, as hereinafter provided.

(c) **Registered Holders**. This Section 2.01(c) shall apply to the Regulation S Registered Notes and the Restricted Registered Notes (collectively, the "**Registered Notes**") deposited with the Trustee.

The registered Holders of a Registered Note may grant proxies and otherwise authorize any Person to take any action that a Holder is entitled to take under this Indenture or the Notes.

Except as provided in Section 2.10, Holders of the Registered Notes shall not be entitled to receive physical delivery of any certificated Notes (including the Registered Notes).

(d) **Proof of Ownership**. Notwithstanding the foregoing provisions with respect to the Registered Notes, the conclusive proof of any Holder's ownership of the Notes is the Security Register kept and maintained by the Registrar, as described in Section 2.03.

Section 2.02. **Execution and Authentication**. An Officer of the Issuer shall sign the Notes on behalf of the Issuer by manual or facsimile signature.

If an authorized director of the Issuer whose signature is on a Note no longer holds that office at the time the Trustee or the authenticating agent (as the case may be) authenticates the Note, the Note shall be valid nevertheless.

A Note shall not be valid or obligatory for any purpose until an authorized signatory of the Trustee or, as the case may be, an authenticating agent manually signs the certificate of authentication on the Note. The signature shall be conclusive evidence that the Note has been authenticated under this Indenture.

The Issuer shall execute and the Trustee shall, as soon as reasonably practicable following receipt of a written order signed by at least one Officer and delivered to the Trustee (an "**Issuer Order**") authenticate the Notes for initial issue on the Issue Date of up to an aggregate principal amount of €[●] and any Additional Notes, from time to time, subject to compliance at the time of issuance of such Additional Notes with the provisions of Section 4.06 of this Indenture.

The Trustee may appoint an authenticating agent reasonably acceptable to the Issuer and at the expense of the Issuer to authenticate the Notes. Unless limited by the terms of such appointment, any such authenticating agent may authenticate Notes whenever the Trustee may do so. Each reference in this Indenture to authentication by the Trustee includes authentication by any such agent. An authenticating agent has the same rights as any Registrar, co-Registrar, Transfer Agent, or Paying Agent to deal with the Issuer or an Affiliate of the Issuer.

The Trustee or an authenticating agent shall have the right to decline to authenticate and deliver any Notes under this Section 2.02 if the Trustee, being advised by counsel, determines that such action may not lawfully be taken or if the Trustee or an authenticating agent in good faith shall determine that such action would expose the Trustee or an authenticating agent to personal liability to existing Holders.

Section 2.03. **Registrar, Transfer Agent and Paying Agent**. The Issuer shall maintain an office or agency for the registration of the Notes and of their transfer or exchange (the "**Registrar**"), an office or agency where Notes may be transferred or exchanged (the "**Transfer Agent**"), an office or agency where the Notes may be presented for payment (the "**Paying Agent**") and an office or agency where notices or demands to or upon the Issuer in respect of the Notes may be served. The Issuer may appoint one or more Transfer Agents, one or more co-Registrars and one or more additional Paying Agents. The Transfer Agent shall be appointed for record keeping purposes for so long as any Notes are represented by Registered Notes held by the Trustee and all transfers of interests in the Notes, shall be effected through the Registrar.

The Issuer shall maintain a Transfer Agent in the United States. The Issuer may appoint one or more Transfer Agents, one or more co-Registrars and one or more additional Paying Agents. The Guarantor or any of its Subsidiaries may act as Transfer Agent, Registrar, co-Registrar, Paying Agent and agent for service of notices and demands in connection with the Notes; **provided**, **however**, **that** neither the Guarantor nor any of its Subsidiaries shall act as Paying Agent for the purposes of Article Three, Article Eight and Sections 4.11 and 4.15 of this Indenture.

The Issuer hereby appoints (i) the office of GLAS Americas LLC, located at the address set forth in Section 14.02, as Registrar and Transfer Agent and (ii) Global Loan Agency Services Limited, located at the address set forth in Section 14.02 as Paying Agent in London, United Kingdom. Global Loan Agency Services Limited hereby accepts such appointment. The Paying Agent, Registrar and Transfer Agent and any authenticating agent are collectively referred to in this Indenture as the "**Agents**". Each such Agent hereby accepts such appointments. The roles, duties and functions of the Agents are of a mechanical nature and each Agent shall only perform those acts and duties as specifically set out in this Indenture and no other acts, covenants, obligations or duties shall be implied or read into this Indenture against any of the Agents. For the avoidance of doubt, a Paying Agent's obligation to disburse any funds shall be subject to prior receipt by it of those funds to be disbursed before the deadlines referred to in this Indenture or otherwise required by the Paying Agent.

Subject to any applicable laws and regulations, the Issuer shall cause the Registrar to keep and maintain a register (the "**Security Register**") at its corporate trust office, subject to such reasonable regulations it may prescribe, reflecting the names and addresses of the Holders and their ownership amounts of the Notes outstanding from time to time and of their transfer and exchange. Without prejudice to the generality of the foregoing, the Registrar shall enter in the Security Register: (a) the name and address of each Holder, (b) the date of registration of each Holder in the Security Register, (c) the principal amount of each Note held by a Holder, (d) the date on which a person ceased to be a Holder, and (e) the type of a Note held by a Holder. Such registration in the Security Register shall be conclusive evidence of the ownership of the Notes, and no notations shall be made on any certificated Note reflecting any increases or decreases therein.

Included in the books and records for the Notes shall be notations as to whether any Registered Notes have been paid, exchanged or transferred, marked down, cancelled, lost, stolen, mutilated or destroyed and whether any Registered Notes have been replaced. In the case of the replacement of any of the Registered Notes, the Registrar shall keep a record of the Registered Note so replaced and the Registered Note issued in replacement thereof. In the case of the

cancellation of any of the Registered Notes, the Registrar shall keep a record of the Registered Note so cancelled and the date on which such Registered Note was cancelled.

The Issuer shall enter into an appropriate agency agreement with any Paying Agent or co-Registrar not a party to this Indenture, as necessary. The agreement shall implement the provisions of this Indenture that relate to such agent. The Issuer shall notify the Trustee of the name and address of any such agent. If the Issuer fails to maintain a Registrar or Paying Agent, the Trustee may act as such and shall be entitled to appropriate compensation therefor pursuant to Section 7.06.

Section 2.04. **Paying Agent to Hold Money**. Not later than 9:00 am (London time) on the Business Day prior to each due date of the principal (including the PIK Interest) and premium, if any, on any Notes, the Issuer shall deposit with the Paying Agent money in immediately available funds in euros, sufficient to pay such principal, premium, if any, and PIK Interest so becoming due on the due date for payment under the Notes. The Issuer shall require each Paying Agent other than the Trustee to agree in writing that such Paying Agent shall hold for the benefit of the Holders or the Trustee all money held by the Paying Agent for the payment of principal of, premium, if any, and PIK Interest on the Notes (whether such money has been paid to it by the Issuer or any other obligor on the Notes), and such Paying Agent shall promptly notify the Trustee of any default by the Issuer (or any other obligor on the Notes) in making any such payment. The Issuer at any time may require a Paying Agent to pay all money held by it to the Trustee and account for any funds disbursed, and the Trustee may at any time during the continuance of any payment default, upon written request to a Paying Agent, require such Paying Agent to pay all money held by it to the Trustee and to account for any funds disbursed. Upon doing so, the Paying Agent shall have no further liability for the money so paid over to the Trustee. If the Issuer or any Affiliate of the Issuer acts as Paying Agent, it shall, on or before each due date of any principal, premium, if any, or interest on the Notes, segregate and hold in a separate trust fund for the benefit of the Holders a sum of money sufficient to pay such principal, premium, if any, or interest so becoming due until such sum of money shall be paid to such Holders or otherwise disposed of as provided in this Indenture, and shall promptly notify the Trustee of its action or failure to act. For the avoidance of doubt, the Paying Agent and the Trustee shall be held harmless and have no liability with respect to payments or disbursements to be made by the Paying Agent and Trustee (i) for which payment instructions are not made or that are not otherwise deposited by the respective times set forth in this Section 2.04, (ii) and until they have confirmed receipt of funds sufficient to make the relevant payment.

Section 2.05. **Holders List**. The Registrar shall preserve in as current a form as is reasonably practicable the most recent list available to it of the names and addresses of Holders. If the Trustee is not the Registrar, the Issuer shall furnish to the Trustee, in writing no later than the Record Date for each Interest Payment Date and at such other times as the Trustee may request in writing, a list in such form and as of such Record Date as the Trustee may reasonably require of the names and addresses of Holders, including the aggregate principal amount of Notes held by each Holder.

Section 2.06. **Transfer and Exchange**. (a) The Notes shall be issued in registered form and deposited with the Trustee and interests therein shall be transferable only (i) in compliance with Exhibit A, and (ii) in compliance with the staple rules governing the sale and transfer of New

Topco's A ordinary shares under the Shareholders Agreement. When a request to register a transfer of an interest of the Notes is presented to the Registrar or Transfer Agent, as the case may be, the Registrar or the Transfer Agent, as the case may be, shall register the transfer as requested if its requirements therefor are met. The Issuer may require payment of a sum sufficient to pay all taxes, assessments or other governmental charges payable in connection with any transfer pursuant to this Section 2.06. The Registrar and Transfer Agent are not required to register the transfer of any Notes (i) for a period of 15 Business Days prior to the day of the mailing of a notice of redemption of the Notes, or (ii) which the Holder has tendered (and not withdrawn) for repurchase in connection with a Change of Control Offer or an Asset Sale Offer.

Upon a request for exchange or transfer of any interest in any Note as permitted by the terms of this Indenture and the Shareholders Agreement and by any legend appearing on such Note, such interest in the Note shall be exchanged or transferred upon the Security Register in the name of the Holder (in the case of exchanges only) or the transferee, as the case may be. No exchange or transfer of an interest in a Note shall be effective under this Indenture unless and until such interest has been registered in the name of such Person in the Security Register. Furthermore, the exchange or transfer of any Note or interest therein shall not be effective under this Indenture unless the request for such exchange or transfer is made by the Holder.

(b) **Certificated Notes**. In the event that a Registered Note is exchanged for Notes in certificated, registered form pursuant to Section 2.10, such Notes may be exchanged only in accordance with such procedures as are substantially consistent with the provisions of Section 2.06(a) above (including the certification requirements intended to ensure that such transfers comply with Rule 144A or Regulation S under the Securities Act, as the case may be) and such other procedures as may from time to time be adopted by the Issuer and the Trustee; **provided however,** that the Registrar shall only register such transfer upon the surrender of the certificated Note by the Holder for destruction, upon destruction of such certificated Note the Registrar or the Trustee, as the case may be, shall mark up the relevant Registered Note in an equal amount. Registration of the transferee in the Security Register shall be conclusive proof of the transferee's ownership of the Notes.

(iii) [Reserved]

(iv) [Reserved]

(v) [Reserved]

(vi) [Reserved]

(c) If Notes are issued upon the transfer, exchange or replacement of Notes bearing the restricted Notes legends set forth in Exhibit A hereto, as applicable, the Notes so issued shall bear the restricted Notes legends, and a request to remove such restricted Notes legends from Notes shall only be honored at the option of the Issuer and if there is delivered to the Issuer such satisfactory evidence, which may include an Opinion of Counsel licensed to practice law in the

State of New York, as may be reasonably required by the Issuer, that neither the legend nor the restrictions on transfer set forth therein are required to ensure that transfers thereof comply with the provisions of Rule 144A and the applicable holding period under Rule 144(d) of the Securities Act. Upon provision of such satisfactory evidence and at the option of the Issuer, the Trustee, at the direction of the Issuer, shall (or shall direct the authenticating agent to) authenticate and deliver Notes that do not bear the legend.

(d) [Reserved]

Section 2.07. **Replacement Notes**. If a mutilated certificated Note is surrendered to the Registrar or if the Holder claims that the Note has been lost, destroyed or wrongfully taken, the Issuer shall issue and the Trustee shall (or shall direct the authenticating agent to), as soon as reasonably practicable following receipt of an Issuer Order, authenticate a replacement Note in such form as the Note mutilated, lost, destroyed or wrongfully taken if the Holder satisfies any other reasonable requirements of the Trustee or the Issuer. If required by the Trustee or the Issuer, such Holder shall furnish an indemnity bond sufficient in the judgment of the Issuer and the Trustee to protect the Issuer, the Trustee, the Paying Agent, the Transfer Agent, the Registrar and any co-Registrar and any authenticating agent from any loss that any of them may suffer if a Note is replaced. The Issuer and the Trustee may charge the Holder for their expenses in replacing a Note.

Every replacement Note shall be an additional obligation of the Issuer.

Section 2.08. **Outstanding Notes**. Notes outstanding at any time are all Notes authenticated by the Trustee (or the authenticating agent) except for those cancelled by it, those delivered to it for cancellation and those described in this Section 2.08 as not outstanding. A Note does not cease to be outstanding because the Issuer or an Affiliate of the Issuer holds that Note.

If a Note is replaced pursuant to Section 2.07, it ceases to be outstanding unless the Trustee and the Issuer receive proof satisfactory to them that the Note which has been replaced is held by a *bona fide* purchaser.

If the Paying Agent segregates and holds, in accordance with this Indenture, on a Redemption Date or maturity date money sufficient to pay all principal, premium, if any, interest and Additional Amounts, if any, payable on that date with respect to the Notes (or portions thereof) to be redeemed or maturing, as the case may be, and the Paying Agent is not prohibited from paying such money to the Holders on that date pursuant to the terms of this Indenture or the Subordination Agreement, then on and after that date such Notes (or portions thereof) cease to be outstanding and interest on them ceases to accrue.

Section 2.09. **Notes Held by Issuer**. In determining whether the Holders of the required principal amount of Notes have concurred in any direction or consent or any amendment, modification or other change to this Indenture, Notes owned by the Issuer or by an Affiliate of the Issuer shall be disregarded and treated as if they were not outstanding, except that for the purposes of determining whether the Trustee shall be protected in relying on any such direction, waiver or consent or any amendment, modification or other change to this Indenture, only Notes which a Trust Officer of the Trustee actually knows are so owned shall be so disregarded. Notes so owned which have been pledged in good faith shall not be disregarded if the pledgee establishes to the

satisfaction of the Trustee the pledgee's right so to act with respect to the Notes and that the pledgee is not the Issuer or an Affiliate of the Issuer.

Section 2.10. **Certificated Notes**. A Registered Note deposited with the Trustee pursuant to Section 2.01 shall be transferred to any Holder thereof in the form of certificated Notes only if such transfer complies with Section 2.06 and (i) the Trustee, or any replacement trustee, as applicable, (A) notifies the Issuer that it is unwilling or unable to continue to act as depository for the Registered Notes or (B) has ceased to be a trust agency registered under the applicable laws and, in either case, a successor depository is not appointed by the Issuer within 120 days of such notice, or (ii) the Issuer, at its option, executes and delivers to the Trustee a notice that such Registered Note be so transferable, registrable and exchangeable, or (iii) upon the written request of a Holder if an Event of Default, or an event which after notice or lapse of time or both would be an Event of Default, has occurred and is continuing with respect to the Notes or (iv) the issuance of such certificated Notes is necessary in order for a Holder to present its Note or Notes to a Paying Agent in order to avoid any Tax that is imposed on or with respect to a payment made to such Holder, or (v) the issuance of such certificated Notes is necessary in order for a Holder to present its Notes to a court or other judicial or administrative body during the course of an enforcement or other suits instituted by such Holder. Notice of any such transfer shall be given by the Issuer in accordance with the provisions of Section 14.02(a).

(a) Any Registered Note that is transferable to the Holders thereof in the form of certificated Notes pursuant to this Section 2.10 shall be marked down by the Trustee in the transferred amount, without charge, and the Trustee shall itself or via the authenticating agent authenticate and deliver, as soon as reasonably practicable following such transfer of each portion of such Registered Note, an equal aggregate principal amount at maturity of Notes of authorized denominations in the form of certificated Notes. Any portion of a Registered Note transferred or exchanged pursuant to this Section 2.10 shall be executed, authenticated and delivered only in registered form in minimum denominations of €1,000 and registered in such names as the Registrar shall direct. Subject to the foregoing, a Registered Note is not exchangeable except for a Registered Note of like denomination to be registered in the name of the Holders as they appear on the Registrar's register from time to time. In the event that a Registered Note becomes exchangeable for certificated Notes, payment of principal, premium, if any, and interest on the certificated Notes shall be payable, and the transfer of the certificated Notes shall be registrable, at the office or agency of the Issuer maintained for such purposes in accordance with Section 2.03. Such certificated Notes shall bear the applicable legends set forth in Exhibit A hereto, as applicable.

(b) In the event of the occurrence of any of the events specified in Section 2.10(a), the Issuer shall promptly make available to the Trustee and the authenticating agent a reasonable supply of certificated Notes in definitive, fully registered form without interest coupons.

Section 2.11. **Cancellation**. The Issuer at any time may deliver Notes to the Trustee for cancellation. The Registrar shall forward to the Trustee any Notes surrendered to them for registration of transfer, exchange or payment. The Trustee, in accordance with its customary procedures, and no one else shall cancel (subject to the record retention requirements of the Exchange Act and the Trustee's retention policy) all Notes surrendered for registration of transfer,

exchange, payment or cancellation and dispose of such cancelled Notes in its customary manner. Except as otherwise provided in this Indenture the Issuer may not issue new Notes to replace Notes it has redeemed, paid or delivered to the Trustee for cancellation.

Section 2.12. **Defaulted Interest**. Any interest on any Note that is payable, but is not punctually paid or duly provided for, on the dates and in the manner provided in the Notes and this Indenture (all such interest herein called "**Defaulted Interest**") shall forthwith cease to be payable to the Holder on the relevant Record Date by virtue of having been such Holder, and such Defaulted Interest may be paid by the Issuer, at its election in each case, as provided in clause (a) or (b) below:

(a) The Issuer may elect to make payment of any Defaulted Interest to the Persons in whose names the Notes are registered at the close of business on a special record date for the payment of such Defaulted Interest, which shall be fixed in the following manner. The Issuer shall notify the Trustee in writing of the amount of Defaulted Interest proposed to be paid on each Note and the date of the proposed payment, and at the same time the Issuer may deposit with the Trustee an amount of money equal to the aggregate amount proposed to be paid in respect of such Defaulted Interest; or shall make arrangements satisfactory to the Trustee for such deposit prior to the date of the proposed payment, such money when deposited to be held in trust for the benefit of the Persons entitled to such Defaulted Interest as provided in this clause. In addition, the Issuer shall fix a special record date for the payment of such Defaulted Interest, such date to be not more than 15 days and not less than 10 days prior to the proposed payment date and not less than 15 days after the receipt by the Trustee of the notice of the proposed payment date. The Issuer shall promptly but, in any event, not less than 15 days prior to the special record date, notify the Trustee of such special record date and, in the name and at the expense of the Issuer, the Trustee shall cause notice of the proposed payment date of such Defaulted Interest and the special record date therefor to be mailed first-class, postage prepaid to each Holder as such Holder's address appears in the Security Register, not less than 10 days prior to such special record date. Notice of the proposed payment date of such Defaulted Interest and the special record date therefor having been so mailed, such Defaulted Interest shall be paid to the Persons in whose names the Notes are registered at the close of business on such special record date and shall no longer be payable pursuant to clause (b) below.

(b) The Issuer may make payment of any Defaulted Interest on the Notes in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Notes may be listed, and upon such notice as may be required by such exchange, if, after notice given by the Issuer to the Trustee of the proposed payment date pursuant to this clause, such manner of payment shall be deemed reasonably practicable.

Subject to the foregoing provisions of this Section 2.12, each Note delivered under this Indenture upon registration of transfer of or in exchange for or in lieu of any other Note shall carry the rights to interest accrued and unpaid, and to accrue, which were carried by such other Note.

Section 2.13. **Computation of Interest**. Interest on the Notes will accrue at the rate of 7.50% per annum and will be payable by increasing the principal amount of the outstanding Notes in a principal amount equal to such interest ("**PIK Interest**"), to holders of record on the Business

Day immediately preceding the relevant interest payment date. Interest on the Notes shall be computed on the basis of a 360-day year of twelve 30-day months.

Section 2.14. **Payment of PIK Interest.** (a) When paying PIK Interest as set forth in the Notes, the Issuer shall (without the consent of the Holders) increase the aggregate principal amount of the outstanding Notes by an amount equal to the amount of interest then due and owing as PIK Interest (rounded up to the nearest €1). On each interest payment date, the Registrar shall notify each Holder of such increased principal amount representing PIK Interest on or prior to each interest payment date. Upon request from a Holder, the Registrar shall provide such Holder with the total principal amount of PIK Notes held by such Holder as reflected in the Security Register.

With respect to the final interest period ending at the Stated Maturity of the Notes, upon any redemption of the Notes or in connection with an Asset Sale Offer or a Change of Control Offer, accrued and unpaid interest shall be payable in cash.

(b) Following an increase in the principal amount of the outstanding Notes as a result of a payment of PIK Interest, the Notes will bear interest on such increased principal amount from and after the applicable interest payment date and will otherwise have identical terms to the initial Notes.

(c) Any increase in the principal amount of the outstanding Notes as a result of a payment of PIK Interest shall be permitted under this Indenture and the Notes.

Section 2.15. **Series of Notes**. The Issuer may, subject to Section 4.06 of this Indenture, issue Additional Notes under this Indenture from timeto time in accordance with the procedures of Section 2.02. Such Additional Notes shall rank *pari passu* with the Notes and with the same terms as to status, redemption and otherwise as such Notes (except for the date of issuance).The Notes issued on the date of this Indenture and any Additional Notes subsequently issued shall be treated as a single class for all purposes under this Indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase.

Section 2.16. **Deposit of Moneys**. Prior to 9:00 am (London time) on the Business Day prior to each Redemption Date, the Issuer shall have deposited with the Paying Agent in immediately available funds in euros sufficient to make cash payments, if any, due on such Redemption Date, as the case may be, in a timely manner which permits the Paying Agent to remit payment to the Holders on such Redemption Date, as the case may be. Subject to actual receipt of such funds as provided by this Section 2.16 by the designated Paying Agent, such Paying Agent shall make payments on the Notes in accordance with the provisions of this Indenture. The principal and interest on the Notes shall be payable to the Holders of the Notes as they appear on the Security Register.

ARTICLE THREE

Section 3.01. **Right of Redemption**. The Issuer may redeem all or any portion of the Notes upon the terms and at the redemption prices set forth in paragraph 6 of the Notes as applicable (the "Redemption Price"). Any redemption pursuant to this Section 3.01 shall be made pursuant to the provisions of this Article Three.

Section 3.02. **Notices to Trustee**. If the Issuer elects to redeem Notes pursuant to Section 3.01, it shall notify the Trustee in writing of the Redemption Date, the Redemption Price, the principal amount of Notes to be redeemed and the paragraph of the Notes pursuant to which the redemption shall occur.

The Issuer shall give each notice to the Trustee provided for in this Section 3.02 in writing at least 5 days before the date notice is mailed to the Holders pursuant to Section 3.04 unless the Trustee consents to a shorter period. Such notice to the Trustee shall be accompanied by an Officer's Certificate from the Issuer to the effect that such redemption shall comply with the conditions herein. If fewer than all the Notes are to be redeemed, the record date relating to such redemption shall be selected by the Issuer and given to the Trustee, which record date shall be not less than 15 days after the date of notice to the Trustee.

Section 3.03. **Selection of Notes to be Redeemed**. If less than all of the Notes are to be redeemed at any time, the Trustee shall select the Notes to be redeemed as follows:

(a) if the Notes are listed on any securities exchange, in compliance with the requirements of the principal securities exchange on which the Notes are listed; or

(b) if the Notes are not listed on any securities exchange, on a *pro rata* basis,

provided, **however**, **that** no such partial redemption shall reduce the portion of the principal amount of a Note not redeemed to less than €1,000.

The Trustee shall make the selection from the Notes outstanding and not previously called for redemption. The Trustee may select for redemption portions equal to €1,000 in principal amount or any integral multiple of €1 in excess thereof. Provisions of this Indenture that apply to Notes called for redemption also apply to portions of Notes called for redemption. The Trustee shall notify the Issuer and the Registrar promptly in writing of the Notes or portions of Notes to be called for redemption. The Trustee shall not be liable for selections made in accordance with the provisions of this Section 3.03.

Any redemption and notice may, in the Issuer's discretion, be subject to the satisfaction of one or more conditions precedent.

Section 3.04. **Notice of Redemption**. At least 10 days but not more than 60 days before a date for redemption of Notes, the Issuer shall mail a notice of redemption by electronic mail to each Holder to be redeemed, at its registered address, and shall comply with the provisions of Section 14.02 **provided**, **however**, **that** redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the Notes or a satisfaction and discharge of this Indenture. (iv) that Notes called for redemption must be surrendered to the Paying Agent to collect the Redemption Price plus accrued interest, if any, and Additional Amounts, if any;

(v) that, if any Note is being redeemed in part, the portion of the principal amount (equal to €1,000 in principal amount or any integral multiple of €1 in excess thereof) of such Note to be redeemed and that, on and after the Redemption Date, upon surrender of such Note, a new Note or Notes in principal amount at maturity equal to the unredeemed portion thereof shall be reissued;

Section 3.05. **Deposit of Redemption Price**. Prior to 9:00 am (London time) on the Business Day prior to any Redemption Date, the Issuer shall deposit or cause to be deposited with the Paying Agent (or, if the Issuer or a Wholly Owned Restricted Subsidiary is the Paying Agent, shall segregate and hold in trust) a sum in same day funds sufficient to pay the Redemption Price of and accrued interest and Additional Amounts, if any, on all Notes to be redeemed on that date other than Notes or portions of Notes called for redemption that have previously been delivered by the Issuer to the Trustee for cancellation. Section 4.09. **Limitation on Transactions with Affiliates**. (a) The Guarantor shall not, and shall not permit the Issuer or any Restricted Group Member to, directly or indirectly, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or guarantee with any Affiliate of the Guarantor, the Issuer or such Restricted Group Member (each, an "**Affiliate Transaction**"), involving aggregate payments in excess of €5.0 million unless:

(i) the Affiliate Transaction is on terms that are no less favorable to the Guarantor, the Issuer or the relevant Restricted Group Member, as the case may be, than those that would have been obtained in a comparable arm's length transaction by the Guarantor, the Issuer or such Restricted Group Member, as the case may be, with an unrelated Person; and

(ii) the Guarantor delivers to the Trustee with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of €25.0 million, a resolution of the Board of Directors of the Guarantor set forth in an Officers' Certificate (on which the Trustee shall rely absolutely) certifying that such Affiliate Transaction complies with this Section 4.09 and that such Affiliate Transaction has been approved by a majority of the members of the Board of Directors of the Guarantor disinterested in such Affiliate Transaction.

(b) Notwithstanding Section 4.09(a) above, the following items (including the performance of obligations related thereto) shall not be deemed to be Affiliate Transactions and, therefore, will not be subject to the provisions of Section 4.09(a):

(vi) transactions with customers, clients, suppliers, joint venture partners, consultants or purchasers or sellers of goods or services or any management services or support agreements, in each case in the ordinary course of the business of the Guarantor, the Issuer and the Restricted Group Members and otherwise in compliance with the terms of the Indenture; **provided that** in the reasonable determination of the Board of Directors or an executive officer of the Guarantor, the Issuer or the relevant Restricted Group Member, such transactions or agreements are on terms that are not materially less favorable, when taken as a whole, to the Guarantor, the Issuer or the relevant Restricted Group Member than those that could have been obtained at the time of such transactions or agreements in a comparable transaction or agreement by the Guarantor, the Issuer or such Restricted Group Member with an unrelated Person;

(vii) any issuance or sale of Equity Interests (other than Disqualified Stock) of the Guarantor to Affiliates of the Guarantor and any agreement that grants registration and other customary rights in connection therewith or otherwise to the direct or indirect securityholders of the Guarantor (and the performance of such agreements);

(ix) any merger, amalgamation, arrangement, consolidation or other reorganization of the Guarantor with an Affiliate solely for the purpose and with the sole effect of forming a holding company or reincorporating the Guarantor in a new jurisdiction;

(x) the entering into of a tax sharing agreement, or payments pursuant thereto, between the Guarantor and one or more subsidiaries, on the one hand, and any other Person

with which the Guarantor and such subsidiaries are required or permitted to file a consolidated tax return or with which the Guarantor and such subsidiaries are part of a consolidated group for tax purposes, on the other hand; and

(xi) pledges of Equity Interests or Debt of Unrestricted Group Members.

Section 4.10. **Limitation on Liens**. (a) The Guarantor and the Issuer shall not, and shall not permit any Restricted Group Member to, directly or indirectly, create, incur or assume any Lien of any kind securing Debt upon any of its property or assets, now owned or hereafter acquired, or any income, profits or proceeds therefrom, except:

(i) in the case of any property that, at the time of determination, does not already constitute Collateral, Permitted Liens, or Liens securing Debt that is not Subordinated Debt, *provided* that the Issuer's obligations in respect of the Notes, the obligations of the Guarantor under the Guarantees and all other amounts due under this Indenture are equally and ratably secured with the obligation or liability secured by such Lien until such time as such obligations are no longer secured by a Lien; and

(ii) in the case of any property that, at the time of determination, constitutes Collateral, Permitted Collateral Liens.

(b) Any such Lien created in favor of the Notes pursuant to Section 4.10(a)(i)(B) will be automatically and unconditionally released and discharged (i) upon the release and discharge of the Lien to which it relates and (ii) otherwise as set forth under the Security Documents.

Section 4.11. **Limitation on Sale of Certain Assets**. (a) The Guarantor and the Issuer shall not, and shall not permit any Restricted Group Member to, consummate an Asset Sale unless:

(i) the Guarantor (or the Issuer or a Restricted Group Member, as the case may be) receives consideration at least equal to the Fair Market Value (such Fair Market Value to be determined on the date of contractually agreeing to such Asset Sale) of the assets or Equity Interests issued or sold or otherwise disposed of; and

(ii) at least 75% of the consideration received in the Asset Sale by the Guarantor, the Issuer or such Restricted Group Member is in the form of (A) cash, (B) Cash Equivalents, (C) any Designated Non-cash Consideration received by the Guarantor, the Issuer or any Restricted Group Member having an aggregate Fair Market Value, taken together with all other Designated Non-cash Consideration received from any Asset Sale that is at any one time outstanding, not to exceed the greater of €37.5 million and 2.5% of Consolidated Total Assets (with the Fair Market Value of each item of Designated Non-cash Consideration being measured at the time received and without giving effect to subsequent changes in value) or (D) any combination thereof. For purposes of this provision, each of the following shall be deemed to be cash:

(A) any liabilities, as shown on the Guarantor's most recent consolidated balance sheet, of the Guarantor, the Issuer or any Restricted Group Member (other than contingent liabilities, liabilities that are by their terms subordinated to the Notes or to any

Guarantee of the Notes and liabilities secured with a Lien that is junior to the Liens on the Collateral securing the Notes or the Guarantees) that are assumed by the transferee of any such assets pursuant to a customary novation or similar agreement that releases the Guarantor, the Issuer or such Restricted Group Member from further liability;

(B) any securities, notes or other obligations received by the Guarantor, the Issuer or any such Restricted Group Member from such transferee that are contemporaneously, subject to ordinary settlement periods, converted by the Guarantor, the Issuer or such Restricted Group Member into cash, to the extent of the cash received in that conversion; and

(C) the principal amount of any Debt of any Restricted Group Member, that ceases to be a Restricted Group Member as a result of such Asset Sale (other than intercompany debt owed to the Guarantor, the Issuer or any such Restricted Group Member), to the extent that the Guarantor, the Issuer and each other Restricted Group Member are released from any guarantee of payment of the principal amount of such Debt or any primary obligation thereunder in connection with such Asset Sale.

(b) Within 395 days after the receipt of any Net Proceeds from an Asset Sale, the Guarantor may apply those Net Proceeds at its option:

(i) to permanently repay or prepay any then outstanding (A) revolving or term Debt of the Issuer or the Guarantor which ranks pari passu with or senior to the Notes or is a secured by a lien ranking pari passu with or senior to the Notes (and to effect a corresponding commitment reduction thereunder) at a purchase price equal to 100% of the principal outstanding amount of such Debt plus accrued and unpaid interest, provided that the Issuer shall make an offer to purchase from all holders of Notes on a pro rata basis the Notes at an offer price equal to 100% of the principal amount of the Notes to be purchased plus accrued and unpaid interest and Additional Amounts, if any, to the date of purchase, in each case, payable in cash) (B) the Notes pursuant to an offer, on a pro rata basis, to all holders of Notes at a purchase price equal to the price specified in the optional redemption provisions of paragraph 6 of the applicable Note or (C) Debt of a Restricted Group Member;

(ii) to acquire other long-term assets, including Capital Stock of a Person engaged in a Permitted Business, that are used or useful in the business of the Restricted Group Members;

(iii) to make a capital expenditure;

(iv) invest in or commit to invest in Additional Assets (including by means of an investment in Additional Assets by a Restricted Group Member with Net Proceeds received by another Restricted Group Member);

(v) reinvest in the Capital Stock of a Permitted Business; or

(vi) any combination of the foregoing;

provided that in the case of clauses (ii), (iii), (iv) and (v) above, any such acquisition, expenditure or investment in or commitment to invest in Additional Assets made pursuant to a definitive binding agreement or a commitment approved by the Board of Directors of the Issuer that is executed or approved within such 395 days will satisfy this requirement, so long as such investment is consummated within 180 days of such 395th day or within 180 days thereafter.

(c) Pending the final application of any Net Proceeds, the Guarantor may temporarily reduce revolving credit borrowings or otherwise invest the Net Proceeds in any manner that is not prohibited by this Indenture. Any Net Proceeds from Asset Sales that are not applied or invested as provided in the preceding paragraph shall constitute "**Excess Proceeds**".

(d) When the aggregate amount of Excess Proceeds exceeds €25.0 million, the Guarantor or the Issuer shall make an offer to purchase (an "**Asset Sale Offer**") from all holders of Notes, to the extent required by the terms thereof, at the maximum principal amount of Notes and such other Pari Passu Debt, respectively, that may be purchased out of the Excess Proceeds. The offer price in any Asset Sale Offer shall be with respect to offers to purchase the Notes or other Pari Passu Debt, equal to 100% of the principal amount of the Notes to be purchased plus accrued and unpaid interest and Additional Amounts, if any, to the date of purchase, in each case, payable in cash. If any Excess Proceeds remain after consummation of an Asset Sale Offer, the Guarantor may use those Excess Proceeds for any purpose not otherwise prohibited by this Indenture. If the aggregate principal amount of Notes and other Pari Passu Debt tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds, the Trustee shall select the Notes and other Pari Passu Debt to be purchased on a *pro rata* basis. Upon completion of each Asset Sale Offer, the amount of Excess Proceeds shall be reset at zero.

(e) The Issuer and the Guarantor shall comply with the requirements of any securities laws and the regulations thereunder (including Rule 14e-1 under the Exchange Act) to the extent those laws and regulations are applicable in connection with each repurchase of Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the Asset Sale provisions of this Indenture, the Issuer and the Guarantor shall comply with the applicable securities laws and regulations and shall not be deemed to have breached their obligations under the Asset Sale provisions of this Indenture by virtue of such conflict.

Section 4.15. **Change of Control**. If a Change of Control occurs, each holder of Notes shall have the right to require the Issuer to repurchase all (equal to €1,000 or any integral multiple of €1 in excess thereof) of that holder's applicable series of Notes pursuant to an offer (a "**Change of Control Offer**") on the terms set forth in this Indenture. In the Change of Control Offer, the

Issuer shall offer a payment in cash equal to 101% of the aggregate principal amount of the applicable series of Notes repurchased plus accrued and unpaid interest and Additional Amounts, if any, on the Notes repurchased, to the date of purchase (a "**Change of Control Payment**").

(a) Within ten days following any Change of Control, the Issuer shall (i) cause the Change of Control Offer to be published through (A) the newswire service of Bloomberg, or if Bloomberg does not then operate, any similar agency; and (B) if and for so long as the Notes are listed on the Exchange and if and to the extent that the rules of the Authority so require, the Issuer shall notify the Authority of any Change of Control Offer; and (ii) e-mail the Change of Control Offer to each registered holder. The Change of Control Offer shall describe the transaction or transactions that constitute the Change of Control and shall offer to repurchase the applicable series of Notes on the date (the "**Change of Control Payment Date**") specified therein, which date shall be no earlier than 30 days and no later than 60 days from the date such notice is e-mailed, pursuant to the procedures required by this Indenture and described in such notice. The Issuer shall comply with the requirements of any securities laws and the regulations thereunder (including Rule 14e-1 under the Exchange Act) to the extent those laws and regulations are applicable in connection with the repurchase of the Notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of this Indenture, the Issuer shall comply with the applicable securities laws and regulations and shall not be deemed to have breached their obligations under the Change of Control provisions of this Indenture by virtue of such conflict.

(b) On the Change of Control Payment Date, the Issuer shall, to the extent lawful:

(i) accept for payment all Notes properly tendered pursuant to the Change of Control Offer;

(ii) deposit with the Paying Agent an amount equal to the Change of Control Payment in respect of all Notes properly tendered; and

(iii) deliver or cause to be delivered to the registrar the Notes properly accepted together with an Officers' Certificate (on which the Trustee shall rely absolutely) stating the aggregate principal amount of Notes being purchased by the Issuer.

(c) The Issuer shall promptly mail to each holder of Notes properly tendered the Change of Control Payment for such Notes.

(d) The provisions described above that require the Issuer to make a Change of Control Offer following a Change of Control will be applicable whether or not any other provisions of this Indenture are applicable. Except as described above with respect to a Change of Control, this Indenture does not contain provisions that permit the holders of the Notes to require that the Issuer repurchase or redeem the Notes in the event of a takeover, recapitalization or similar transaction.

(e) The Issuer shall not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in this Indenture applicable to a

Change of Control Offer made by the Issuer and purchases all Notes properly tendered and not withdrawn under the Change of Control Offer. The Issuer also shall not be required to make a Change of Control Offer following a Change of Control if the Issuer has theretofore issued a redemption notice in respect of all of the Notes in the manner and in accordance with the provisions described under Article Three and thereafter redeems all of the Notes pursuant to such notice.

(f) A Change of Control Offer may be made in advance of a Change of Control, conditional upon a Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer. In the event that the Change of Control has not occurred as of the purchase date for the Change of Control Offer specified in the notice therefor (or amendment thereto), the Issuer (or third party offeror) may, in its discretion, rescind such notice or amend it to specify another purchase date.

(g) If holders of not less than 90% in aggregate principal amount of the outstanding Notes validly tender and do not withdraw such Notes in a Change of Control Offer and the Issuer, or any third party making a Change of Control Offer in lieu of the Issuer as described above, purchases all of the Notes validly tendered and not withdrawn by such holders, the Issuer or such third party will have the right, upon not less than 10 nor more than 60 days' prior notice (**provided that** such notice is given not more than 10 days following such purchase pursuant to the Change of Control Offer described above) to redeem all Notes that remain outstanding following such purchase at a price in cash equal to 101% of the principal amount thereof on the redemption date plus accrued and unpaid interest (if any) to but not including the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date).

Section 4.16. **Additional Amounts**. (a) All payments in respect of the Notes made by or on behalf of the Issuer, the Guarantor, or any successor person to the Issuer or the Guarantor (each a "**Successor Person**") (each a "**Payer**"), shall be made free and clear without withholding or deduction for, or on account of, any present or future taxes, duties, levies, imposts, assessments or other governmental charges (including, without limitation, penalties, interest and other similar liabilities related thereto) of whatever nature, (collectively, "**Taxes**") imposed or levied by or on behalf of any jurisdiction or any political subdivision or governmental authority thereof or therein having the power to tax where such Payer is incorporated, organized or otherwise resident for tax purposes or from or through which the Payer makes a payment on the Notes or its Guarantee or by the Kingdom of Spain (and any subdivision or governmental authority thereof or therein) (each, a "**Relevant Taxing Jurisdiction**"), unless the withholding or deduction of such Taxes is then required by law. If the Payer is required to withhold or deduct any amount for, or on account of, Taxes imposed or levied on behalf of a Relevant Taxing Jurisdiction from any payment made under or with respect to the Notes, the Payer shall pay such additional amounts ("**Additional Amounts**") as may be necessary to ensure that the net amount received by each holder of the Notes (including Additional Amounts) after such withholding or deduction has been made shall be not less than the amount the holder would have received if such Taxes had not been required to be withheld or deducted.

(b) The Payer shall not be required to make any payment of Additional Amounts for or on account of:

(i) any Taxes that are imposed or levied by a Relevant Taxing Jurisdiction by reason of (A) the holder's or a beneficial owner's present or former connection with such Relevant Taxing Jurisdiction other than the mere acquisition or holding of Notes or by reason of the receipt of payments in respect thereunder or the exercise or enforcement of any rights under the Notes, this Indenture, or any Guarantee (including a connection between a fiduciary, settlor, beneficiary, member, partner or shareholder of, or possessor of power over, the relevant holder or beneficial owner, if the relevant holder or beneficial owner is an estate, nominee, trust, partnership or corporation, and the Relevant Taxing Jurisdiction), or (B) the presentation of a Note (where presentation is required) for payment on a date more than 30 days after the date on which such payment became due and payable or the date on which payment thereof is duly provided for, whichever occurs later, except to the extent that the beneficial owner or holder thereof would have been entitled to Additional Amounts had the Notes been presented for payment on any day during such 30 day period;

(ii) any estate, inheritance, gift, sales, excise, transfer, personal property or similar Tax;

(iii) any Tax which is payable otherwise than by withholding or deduction from payments made under or with respect to the Notes;

(iv) any Taxes that are imposed or withheld by reason of the failure by the holder or the beneficial owner of the Notes, following the Issuer's written request addressed to the holder or otherwise provided to the holder or beneficial owner (and made at a time that would enable the holder or beneficial owner acting reasonably to comply with that request) to provide certification, information, documents or other evidence concerning the nationality, residence or identity of the holder or such beneficial owner or to make any valid or timely declaration or similar claim or satisfy any other reporting requirements relating to such matters, whether required or imposed by statute, treaty, regulation or administrative practice of the Relevant Taxing Jurisdiction, as a precondition to exemption from, or reduction in the rate of withholding or deduction of, Taxes imposed by the Relevant Taxing Jurisdiction, including, for the avoidance of doubt, any Taxes that are imposed or withheld under Luxembourg law by reason of the Payer not receiving (either directly or through its agent) such information from a holder or beneficial owner as may be necessary to allow payments on the Notes to be made free and clear of Luxembourg withholding tax or deduction on account of Luxembourg taxes, pursuant to any legislation or regulation;

(v) any Tax that is imposed on or with respect to a Note presented for payment (where presentation is required) on behalf of a holder or beneficial owner who would have been able to avoid such withholding or deduction by presenting the relevant Note to another Paying Agent in a Member State of the European Union;

(vi) any Tax that would not have been imposed but for a failure by the holder or beneficial owner (or any financial institution through which the holder or beneficial owner holds any Note through which payment on the Note is made) to comply with any

certification, information, identification, documentation or other reporting requirements (including entering into and complying with an agreement with the U.S. Internal Revenue Service) imposed pursuant to Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended (or any intergovernmental agreement, or legislation enacted pursuant thereto, to implement such provisions) as in effect on the date of issuance of the Notes or any successor or amended version of these provisions, to the extent such successor or amended version is not materially more onerous than these provisions as enacted on such date;

(vii) any Tax that is imposed by virtue of the so-called Luxembourg Relibi law dated 23 December 2005, as amended; or

(viii) any combination of Taxes referred to in clauses (i) to (vii) above.

(c) Additional Amounts shall not be paid with respect to any payment made under or with respect to the Notes or any Guarantee in the case of a holder who is a fiduciary, a partnership or other than the sole beneficial owner of such payment, to the extent that such payment is required by the laws of the Relevant Taxing Jurisdiction to be included in the income, for tax purposes, of a beneficiary or settlor with respect to the fiduciary, a member of that partnership or a beneficial owner and such person would not have been entitled to the Additional Amounts had it been the holder of the Note or Guarantee.

(d) The Payer shall (i) make such withholding or deduction required by applicable law and (ii) remit the full amount withheld or deducted to the relevant taxing authority in accordance with applicable law.

(e) At least 30 calendar days prior to each date on which any payment under or with respect to the Notes is due and payable, if the Payer shall be obligated to pay Additional Amounts with respect to such payment (unless such obligation to pay Additional Amounts arises after the 30th day prior to the date on which payment under or with respect to the Notes is due and payable, in which case it shall be promptly thereafter), the Issuer shall deliver to the Trustee an Officer's Certificate stating that such Additional Amounts shall be payable and the amounts so payable and shall set forth such other information necessary to enable the Paying Agent to pay such Additional Amounts to holders on the relevant payment date. The Trustee shall, without further enquiry, be entitled to rely absolutely on each such Officer's Certificate as conclusive proof that such payments are necessary. The Issuer shall promptly publish a notice in accordance with Section 14.02 stating that such Additional Amounts shall be payable and describing the obligation to pay such amounts.

(f) Upon request, within a reasonable time the Payer shall provide the Trustee, to provide to the holders, certified copies of tax receipts evidencing the payment by the Payer of any Taxes imposed or levied by a Relevant Taxing Jurisdiction in such form as provided in the normal course by the taxing authority imposing such Taxes and as is reasonably available to the Payer. If, notwithstanding the reasonable efforts of the Payer to obtain such receipts, the same are not obtainable, the Payer shall provide the Trustee with a copy of the return reporting such payment or other evidence reasonably satisfactory to the Trustee of such payments by the Payer.

(g) In addition, the Guarantor undertakes to indemnify, pay and maintain all holders of the Notes or the Guarantees harmless for all Taxes that are imposed under Luxembourg law on the payments received or income derived from the Notes or the Guarantees that (a) are not compensated by the payment of Additional Amounts under the first paragraph of this "Additional Amounts" section; and that (b) are not excluded under clauses (i) through (ii) and (iv) through (vii) of Section 4.16(b) above, or any combination thereof. Furthermore, the Issuer will pay any present or future stamp, issue, registration, court documentation, excise, or property Taxes, or other similar Taxes imposed by or in any Relevant Taxing Jurisdiction, including any political jurisdiction thereof, in respect of the execution, issue, delivery or registration of the Notes, the Indenture, or the Guarantees, or any other document or instrument referred to thereunder and any such Taxes imposed by any jurisdiction as a result of, or in connection with, the enforcement of the Notes, the Guarantees, or any other such document or instrument following, and relating to, the occurrence of any Event of Default with respect to the Notes or the receipt of any payments with respect thereto (other than with respect to a transfer of the Notes following the initial sale of the Notes by the Initial Purchasers and limited, solely in the case of Taxes attributable to the receipt of any payments with respect thereto, to any such Taxes imposed in a Relevant Tax Jurisdiction that are not excluded under clauses (i) through (ii) and (iv) through (xi) of Section 4.16(b) above, or any combination thereof, and other than (i) any stamp duty, registration or other similar Taxes payable on or by reference to or in consequence of the transfer or assignment of the whole or any part of the rights of a holder of the Notes and (ii) any Luxembourg registration duties (*droits d'enregistrement*) payable due to registration, submission or filing of any finance document when such registration, submission or filing is or was not required to maintain or preserve the rights of any party under that finance document).

(h) Whenever this Indenture refers to, in any context, the payment of principal, premium, if any, interest or any other amount payable under or with respect to any Note (including payments thereof made pursuant to any Guarantee or in connection with a redemption of the Notes), such reference includes the payment of Additional Amounts, if applicable.

(i) The provisions set forth under Section 4.16(a) – (i) above shall survive any termination, defeasance or discharge of this Indenture.

Section 4.17. **Designation of Unrestricted and Restricted Group Members**. The Board of Directors of the Guarantor may designate any Restricted Group Member (but for the avoidance of doubt, not the Issuer) to be an Unrestricted Group Member (a "**Designation**") if that Designation would not cause a Default. If a Restricted Group Member is designated as an Unrestricted Group Member, the Fair Market Value of the Guarantor's interest in the Subsidiary or Non-Subsidiary Affiliate so designated shall be deemed to be an Investment made as of the time of the Designation and shall reduce without duplication the amounts available for Restricted Payments under Section 4.07(b) and/or the amount available for Permitted Investments, as determined by the Guarantor. That Designation shall only be permitted if the Investment would be permitted at that time and if the Restricted Group Member otherwise meets the definition of an Unrestricted Group Member. The Board of Directors may redesignate any Unrestricted Group Member to be a Restricted Group Member (a "**Redesignation**") if the Redesignation would not cause a Default and if all Liens and Debt of such Unrestricted Group Member outstanding immediately following such Redesignation would, if incurred at that time, have been permitted to be incurred for all purposes of this Indenture**.**

(a) Any Designation shall be evidenced to the Trustee by filing with the Trustee a certified copy of the Board Resolution giving effect to such Designation and an Officer's Certificate (on which the Trustee shall rely absolutely) certifying that such Designation complied with the preceding conditions and was permitted by Section 4.07 of this Indenture. If, at any time, any Unrestricted Group Member would fail to meet the preceding requirements as an Unrestricted Group Member, it shall thereafter cease to be an Unrestricted Group Member for purposes of this Indenture, and any Debt of such Person shall be deemed to be incurred by a Restricted Group Member as of such date and, if such Debt is not permitted to be incurred as of such date under Section 4.06 hereto, the Guarantor shall be in default of such provision.

Section 4.18. **Payment of Taxes and Other Claims**. The Guarantor shall pay or discharge and shall cause each of its Subsidiaries to pay or discharge, or cause to be paid or discharged, before the same shall become delinquent: (a) all material taxes, assessments and governmental charges levied or imposed upon (i) the Guarantor or any such Subsidiary, (ii) the income or profits of any such Subsidiary which is a corporation or (iii) the property of the Guarantor or any such Subsidiary and (b) all material lawful claims for labor, materials and supplies that, if unpaid, might by law become a lien upon the property of the Guarantor or any such Subsidiary; **provided**, **that** the Guarantor shall not be required to pay or discharge, or cause to be paid or discharged, any such tax, assessment, charge or claim the amount, applicability or validity of which is being contested in good faith by appropriate proceedings and for which adequate reserves have been established in accordance with IFRS.

Section 4.19. **Reports to Holders**. The Guarantor shall furnish to the Trustee:
