CIE AUTOMOTIVE CONSOLIDATES THE FIRST HALF OF THE YEAR WITH A NET PROFIT OF NEARLY €200 MILLION

Exceeds €400 million in first-half EBITDA for the first time and strengthens its financial position across all levels

Bilbao, 24.07.2026 – CIE Automotive has presented its results for the first half of 2026, confirming the same operational strength shown since the beginning of the year and consolidating a historic period for the Company.

The Company has recorded revenues of €2,103.8 million in what has been the best first half in its history, with an EBITDA – gross operating profit – of €401.1 million, representing a 19.1% margin on sales, an EBIT – net operating profit – of €300.5 million, representing a 14.3% margin on sales, and a record net profit of €191.3 million.

These excellent results are complemented by an operating cash generation of more than €275 million, enabling the Company to finance growth investments and increasing shareholder remuneration, while maintaining a stable and controlled level of indebtedness.

According to Jesús María Herrera, CEO of CIE Automotive, "The first half confirms that, after several years of consistent execution, we have consolidated a solid industrial model capable of generating profitable growth, industry-leading margins and high levels of cash generation."

He continues, "We are confident that we have the capabilities, industrial positioning and team required to move forward firmly with our 2026–2027 strategic roadmap and remain committed to creating sustainable value."
