

TO THE SECURITIES MARKETS AND EXCHANGE COMMISSION

In accordance with the provisions of Article 227 of Law 6/2023, of March 17, on Securities Markets and Investment Services, Técnicas Reunidas, S.A. (hereinafter, the “**Company**” or “**Técnicas Reunidas**”) hereby communicates the following:

OTHER RELEVANT INFORMATION

Information on the final outcome of the arbitration relating to the MGT-Teesside project and on the interim measures in connection with the Sitra Refinery project for Bapco.

In Madrid, on September 18, 2026.- The arbitration award issued by the London Court of Arbitration on September 7 orders our client MGT Teesside Ltd to pay the consortium formed by Técnicas Reunidas (73%) and Samsung (27%) a net amount of 120 million euros, thereby concluding an arbitration that the consortium initiated in 2021 against its client for the termination of the contract and the enforcement of the performance bonds.

Furthermore, in relation to the Sitra Refinery project for Bapco, the court of first instance of Madrid lifted on September 17 the interim measures that it had granted last May in favor of Técnicas Reunidas, which had suspended the payment of bonds amounting to 133 million euros called by Bapco in its dispute with the contractor consortium of which Técnicas Reunidas is a member. This consortium has commenced arbitration proceedings before the London Court against Bapco to protect its rights and is maintaining discussions with its client aimed at reaching a satisfactory solution for all parties.

The impact of these two events on Técnicas Reunidas’ cash position represents a net outflow of 49 million euros. In the income statement, the impact of the MGT award represents a gain of 37 million euros, of which 30 million are allocated to an extraordinary provision for litigation. The net impact on results amounts to 7 million euros, which does not modify the results guidance for the fiscal year 2026 communicated to the markets.

This information is hereby disclosed for the appropriate purposes in Madrid, on September 18, 2026.
