Pursuant to the Sole Transitional Provision of Royal Decree-Law 34/2020, of 17 November, on urgent measures to support business solvency and the energy sector, and on tax matters, and Law 19/2003, of 4 July, on the legal regime governing the movement of capital and economic transactions abroad, the Offeror understands that the direct investment in the Target Company by the Offeror, and indirectly by its shareholders, resulting from the Offer is subject to the prior authorisation of the Council of Ministers of the Spanish Government.

The Offeror will commence the process of applying for authorisation from the competent authorities as soon as possible after publication of this announcement and in cooperation with such authorities.

Pursuant to article 26.2 of Royal Decree 1066/2007, the CNMV shall not authorise the Offer until it has been evidenced to the CNMV that the authorisation has been obtained.

In the event that the authorisation is subject to conditions imposed by the relevant authority (other than those related to Talgo and Patentes Talgo, S.L.U. maintaining their registered office and place of effective management in Spain, preserving the Spanish workforce and industrial capacity and Patentes Talgo, S.L.U. maintaining title to its intellectual property and patents), the authorisation shall only be deemed to have been obtained if the Offeror communicates its decision to accept them, which shall be duly notified to the CNMV and to the market as soon as possible.

10. CONDITIONS FOR THE EFFECTIVENESS OF THE OFFER

According to articles 13 and 26 of Royal Decree 1066/2007, the Offer shall be subject to the satisfaction of the following conditions:

(i) According to article 13.2.b) of Royal Decree 1066/2007, acceptance of the Offer by shares of the Target Company representing at least 50% plus one share of its share capital carrying voting rights, that is, at the date of this announcement, 61,930,108 shares in the Target Company. The fulfilment of this condition will enable the Offeror to apply the exception to the obligation to launch a follow-on mandatory offer pursuant to article 8.f) of Royal Decree 1066/2007.

The Offeror may waive the above condition in the terms and according to the timings detailed in the Offer prospectus.

(ii) According to article 26.1 of Royal Decree 1066/2007, authorisation imposing no conditions (or non-opposition as a result of the expiration of the applicable waiting period) of the Offer by the relevant anti-trust authorities, as described in more detail in section 11.1.

(iii) According to article 13.2.d) of Royal Decree 1066/2007, authorisation, imposing no conditions, of the Offer by other relevant foreign direct investment authorities, if required, as described in more detail in section 11.2.

11. NOTIFICATIONS WITH REGARD TO ANTI-TRUST AND AUTHORISATIONS BY OTHER SUPERVISORY BODIES

11.1 Anti-trust clearances

According to article 26.1 of Royal Decree 1066/2007, the Offer shall be conditional upon the economic concentration resulting therefrom obtaining the necessary antitrust authorisations.

In particular, according to the information available, the Offeror considers that the aforementioned economic concentration requires the authorisation of the European Commission pursuant to the provisions of Council Regulation (EC) No 139/2004 of 20 January 2004 on the control of concentrations between undertakings.

The Offeror will commence the process of applying for the authorisations referred to above as soon as possible after publication of this announcement and in cooperation with such authorities.

In addition, the Offer may require further approvals from competition authorities in other jurisdictions. Once the necessary information about these jurisdictions has been obtained from the Target Company and the relevant analysis has been completed, the Offeror will report on the additional merger control clearances, if any, necessary for the effectiveness of the Offer and will apply for such authorisations as soon as possible and in cooperation with the relevant authorities.

11.2 Foreign direct investment authorisations in other countries

According to the information available, it cannot be excluded that the Offer will require further approvals from foreign direct investment authorities in other jurisdictions different than Spain.

Therefore, according to article 13.2.d) of Royal Decree 1066/2007, the Offer shall be conditional upon obtaining such authorisations from other relevant foreign direct investment authorities.

Once the necessary information in this regard has been obtained from the Target Company and the relevant analysis has been completed, as well as the Offeror has decided to maintain such conditions in view of their materiality for the Talgo group's business and their relevance for the interests of the Offeror and its direct and indirect shareholders, the Offeror will report on the additional foreign direct investment authorisations required and the Offeror will apply for such authorisations as soon as possible and in cooperation with the relevant authorities.

12. AGREEMENTS CONCERNING THE OFFER

Considering that the Offer was initially conceived, analysed and pursued by CATO, on 26 January 2024, the Offeror and CATO entered into a collaboration agreement pursuant to which it is acknowledged and agreed that CATO has collaborated, and will further collaborate to the extent necessary, with the Offeror for the purposes of the launching of the Offer, in particular by sharing with the Offeror any information obtained in the context of the preparation of the Offer.

In this regard, on 16 December 2022, CATO entered into a non-disclosure agreement with Talgo's main shareholder, Pegaso Transportation International, S.C.A. ("**Pegaso**"), an entity managed by Trilantic Capital Management GP Limited ("**Trilantic Capital**"), owning 49,584,959 shares carrying 40.033% of Talgo's voting rights, which has stated to have Talgo's prior authorisation for such purpose. This non-disclosure agreement was entered into to protect any confidential information exchanged by the parties for the purposes of analysing a potential transaction consisting of the offer for 100% of the share capital of the Target Company. In the context of the preparation of the Offer, Pegaso authorized CATO to share confidential information with Magyar Vagon Befektetési Vagyonkezelő Zrt. (as former indirect sole shareholder of the Offeror), the Offeror and the financing parties of the transaction.

Likewise, on 17 January 2024, CATO entered into a non-disclosure agreement with Talgo, in order to protect any confidential information exchanged by the parties for the purposes of analysing a potential transaction consisting of the acquisition by CATO of the entire or a portion of the share capital of Talgo and, in turn, Talgo further confirmed its consent to the sharing of confidential information with Magyar Vagon Befektetési Vagyonkezelő Zrt. (as former indirect sole shareholder of the Offeror) and the financing parties of the transaction.

CATO is a Hungarian limited liability company, with registered address at 1026 Budapest, Fenyves lejtő 17-19. tetőtér 5., Hungary, VAT number HU27863680 and registered with the Hungary register of commerce and companies under number 01-09-401111, and is wholly-owned by Mr. András Tombor, a Hungarian national. Mr. András Tombor is currently one of the members of the board of directors of the Offeror.

On 6 March 2024, the Offeror sent a letter-agreement addressed to the Board of Directors of Talgo in order to record the terms and conditions under which the Offeror and the Target Company will proceed in relation to the Offer. In particular, by counter-signing the letter-agreement, and delivering a signed copy of the letter to the Company, Talgo has agreed and confirmed as follows:

The Board of Directors of Talgo has unanimously confirmed that the Offer is friendly and that the consideration offered is attractive for Talgo 's shareholders, expressing a preliminary favourable view on such price offered, without prejudice to the report to be issued by the Board in due course pursuant to article 24 of Royal Decree 1066/2007, of 27 July, on takeover bids, expressing its opinion on the Offer following the authorisation of the Offer by the Comisión Nacional del Mercado de Valores and, therefore, after having reviewed the Offer prospectus, the industrial plans proposed by the Offeror and received suitable financial advice. Talgo shall provide to the Offeror any assistance reasonably required by it for the successful completion of the Offer, in particular as regards the preparation and processing of the authorisations and consents necessary for its effectiveness.

Moreover, the proprietary directors representing Pegaso have expressed to the Board of Directors Pegaso's intention to accept the Offer with its entire shareholding in the Target Company.

(ii) Break-up fee

In the event that, after the Offer has been authorised by the CNMV, the Offer is not successful due to the approval of a competing offer pursuant to article 40 *et seq* of Royal Decree 1066/2007 that concludes with a positive result (*resultado positivo*), Talgo undertakes to pay to the Offeror a break-up fee, as compensation for the costs and expenses incurred in the preparation of the Offer, in an amount equal to 0.5% of the maximum total amount of the Offer (i.e., in an amount of EUR 3,096,505.35).

In compliance with article 42.4 of Royal Decree 1066/2007, this break-up fee has been expressly approved by the Board of Directors of Talgo with the favourable report of its financial advisor.

(iii) Collaboration undertaking

Talgo shall collaborate, and cause the companies within its group and their directors to collaborate, with the Offeror in the preparation and providing of documentation and information required by the applicable regulations, the CNMV and the antitrust and other relevant regulatory authorities in a timely manner and any other action that the Offeror may reasonably deem appropriate and require for the processing and authorisation of the Offer or in order to obtain any other relevant authorisation or consent required for the successful completion of the Offer.

Talgo also undertakes to (i) work and collaborate with the Offeror, and cause the companies within its group to work and collaborate with the Offeror, who will in turn provide its full support as reasonably required, with the aim of Talgo and its subsidiaries obtaining the relevant consents to the change of control resulting from the Offer from the financing entities of the relevant financing and bank guarantee facilities (*líneas de avales*) agreements of Talgo's group with a change of control clause, and further, if necessary, (ii) support the Offeror in pursuing a financing package that may replace such financing and the bank guarantee facilities agreements that may be terminated.

Except for the foregoing, there is no agreement of any nature in relation to the Offer or Talgo that has been entered into, on the one part, by the Offeror, any of the entities referred to in section 1 of this announcement or CATO and, on the other part, by Talgo, any of its shareholders or any of the members of the board or the management team of Talgo. No advantage has been reserved to the shareholders of Talgo or any members of the board or the management team of Talgo.

13. STOCK MARKET INITIATIVES

The Offeror intends that the Talgo shares continue to be listed on the Stock Exchanges of Madrid, Barcelona, Bilbao and Valencia.

In this regard, it is hereby stated that the Offer does not have as an objective the delisting of the Talgo shares. Likewise, in the event that the thresholds to exercise the squeeze-out right set forth under article 47 of Royal Decree 1066/2007 are attained, the Offeror does not intend to exercise such right or to pursue the delisting of the Talgo shares.

14. OTHER INFORMATION

In the opinion of the Offeror, at the date of this announcement, there is no additional information which may be considered necessary for an adequate understanding of its contents.

As it will be described in more detail in Chapter IV of the Offer prospectus pursuant to the Annex of Royal Decree 1066/2007, following settlement of the Offer the Offeror will exercise its voting rights in Talgo with the aim to pursue an industrial combination that creates value for Talgo at European level as prime operator, as a result of the increase in its capacities and market reach, and the strengthening of its global manufacturing capacities and foreign market presence. The Offeror plans to maintain Talgo's headquarters and activities in Spain, as well as employment, and its commercial relationship with RENFE as strategic partner. In addition, as mentioned in Section 13 the Offeror's intentions are to maintain Talgo's stock exchange listing and the Offeror intends to maintain a corporate governance structure in the Talgo that follows the recommendations of the CNMV's Good Governance Code of Listed Companies.

Pursuant to the provisions of article 32.1 of Royal Decree 1066/2007, from the date of publication of this announcement and until the date of filing of the Offer prospectus, the Offeror, the members of its management and administrative bodies, its controlling shareholders, its advisors, the people with which it acts in concert and any other parties involved in this Offer will refrain from disseminating or publishing by any means any data or information not included in this announcement.
