IV. Additional provisions derived from the risk for health status derived from the COVID-19 pandemic

In view of how the Covid-19 health situation is evolving (specially, with the omicron variant) and in order to safeguard public interests, the health and safety of shareholders, employees and other persons who participate in organizing and holding the General Meeting, the Board of Directors recommends that shareholders use the alternative channels and means to physical attendance that the Company has made available to participate in this General Meeting of Shareholders; thus, avoiding, to the extent possible, attending physically to the venue where the meeting will be held. The abovementioned alternative channels and means fully guarantee the shareholders' voting and related rights.

Likewise, it is stated that, for purposes of section 180 of the Companies Act, and section 12.2 of the Regulations for the General Meeting of Shareholders, the members of the Board of Directors will be entitled to attend the General Meeting through audioconference or videoconference devices.

For this reason, it is advisable for shareholders to participate through and sign up for any of the alternative channels available as explained in this announcement.

Shareholders are reminded that the Spanish regulation, the Corporate By-laws and the Regulations for the General Meeting of Shareholders deal with and guarantee the rights to receive information, to remotely attend meetings, to participate and vote at the General Meeting of Shareholders without having to attend in person, using the software application to attend the meeting remotely through data transmission means, which enables real-time connection with the venue where the meeting is to be held.

All information required to be able to attend the meeting in these terms is provided in the previous section III ("Remote attendance to the General Meeting of Shareholders") and in the Supplementary Documents. Finally, please bear in mind that, depending on how the health situation evolves, the relevant authorities may pass new regulations that may restrict the freedom of movement, which would hinder the organization and ordinary course of the General Meeting, or limit how many persons can attend the Meeting physically.

Anticipating the potential imposition of further limitations on holding meetings or even people's mobility, the Bizkaia Aretoa or another venue within the municipality of Bilbao in case the General Meeting could not be held there, has all the technological and operating resources required to ensure that the General Meeting can be held properly and shareholders can exercise their rights with every guarantee and even under the most extreme conditions.

In any case, the Company shall continue to monitor the expansion of the coronavirus and all these facts and shall update the information contained in this announcement if necessary.
